Teachers, administrators, supervisors of child welfare and attendance, certificated student personnel employees, employees of care institutions, Headstart teachers, school psychologists, licensed nurses, counselors, presenters of child abuse prevention programs and those instructional aides or other classified employees trained in child abuse reporting.

Child Protective Agencies are those law enforcement and child protective services responsible for investigating child abuse reports, including the local police or sheriff department, county welfare or juvenile probation department and child protective services.

Reasonable Suspicion means that it is objectively reasonable for a person to entertain such a suspicion, based upon facts that could cause a reasonable person in a like position, drawing when appropriate on his/her training and experience, to suspect child abuse. (Penal Code 11166)

Reporting Procedures

To report known or suspects child abuse, any employee (as defined above) shall report by telephone to the local child protective agency immediately. (Child Protective Services 921 County Center, 3 Court, Modesto, CA phone # 525- 6641)

The following information shall be given:

1. The name of the person making the report
2. The name of the child
3. The present location of the child
4. The nature and extent of any injury

Any other information requested by the child protective agency, including the information that led the mandated reporter to suspect child abuse.

When the verbal report is made, the mandated reporter shall note the name of the official contacted, the date and time contacted, and any instructions or advice received.

Within 36 hours of making the telephone report, the mandated reporter shall complete and mail to the local child protective agency a written report which includes a completed Department of Justice form (DOJ SS 8572).

Mandated reports may obtain copies of the above form either from the district or local child protective agency.

Instructions are included on the form, and reporters may ask the site administrator for help in completing and mailing it; however, the mandated reporter is personally responsible for ensuring that the written report is correctly filed.

Employees reporting child abuse to a child protective agency are encouraged, but not required, to notify the site administrator or designee as soon as possible after the initial verbal report by telephone. When so notified, the site administrator shall inform the Superintendent or designee.

Administrators so notified shall provide the mandated reporter any assistance necessary to ensure that reporting procedures are carried out in accordance with law and district regulations. At the mandated reporter's request, the principal may assist in completing and filing the form.

If the mandated reporter does not disclose his/her identity to a district administrator, he/she shall at least provide or mail a copy of the written report to the site administrator and the district without his/her signature or name.

Legal Responsibility and Liability

Mandated reporters have absolute immunity. School employees required to report are not civilly or criminally liable for filing a required or authorized report of known or suspected child abuse.

A mandated reporter who fails to report an instance of child abuse, which he/she knows to exist or reasonably should know to exist, is guilty of a misdemeanor and is punishable by confinement in jail for a term not to exceed six months or by a fine of not more than \$1,000 or both. The mandated reporter may also be held civilly liable for damages for any injury to the child after a failure to report

When two or more persons who are required to report have joint knowledge of suspected instance of child abuse, and when they so agree, the telephone report may be made by either of them and a single report made and signed by that person.

However, if any person who knows or should know that the person designated failed to make the report, that person then has a duty to make the report.

The duty to report child abuse is an individual duty and no supervisor or administrator may impede or inhibit such reporting duties. Furthermore, no person making such a report shall be subject to any sanction.

Victim Interview

Upon request, a child protective agency representative may upon request interview a suspected victim of child abuse during school hours, on school premises, concerning a report of suspected child abuse that occurred within the child's home. The child shall be given the choice of being interviewed in private or in the presence of any adult school employee or volunteer aide selected by the child. (Penal Code 11174.3)

A staff member or volunteer aide selected by a child may decline to be present at the interview. If the selected person accepts, the principal or designee shall inform him/her, before the interview takes place, of the following legal requirements:

1. The purpose of the selected person's presence at the interview is to lend support to the child and enable him/her to be as comfortable as possible.
2. The selected person shall not participate in the interview.
3. The selected person shall not discuss the facts or circumstances of the case with the child.
4. The selected person is subject to the confidentiality requirements of the Child Abuse and Reporting Act, a violation of which is punishable as specified by Penal Code 11167.5.
5. If a staff member agrees to be present, the interview shall be held at a time during school hours when it does not involve an expense to the school. (Penal Code 11174.3)

Release of Child to Peace Officer or Child Protective Services Agent

When a child is released to a peace officer or child protective agency and taken into custody as a victim of suspected child abuse, the Superintendent and/or principal shall not notify the parent/guardian as required in other instances of removal of a child from school, but rather shall provide the protective agency with the address and telephone number of the child's parent/guardian. It is the responsibility of the peace officer or agent to notify the parent/guardian of the situation. (Education Code 48906)

Peace officer and child protective services agents will be asked to sign an appropriate release or acceptance of responsibility form.

(cf. 5145.11 - Questioning and Apprehension)

When School Employees are Accused of Child Abuse

Regardless of who child abusers may be, the major responsibilities of mandated reports are to 1) identify incidents of suspected child abuse, and 2) comply with laws requiring the reporting of suspected abuse to proper authorities. Determining whether or not the suspected abuse actually occurred is not the responsibility of the school employee. Such determination and follow-up investigation will be made by a child protective agency.

Pending outcome of an investigation by a child protective agency and before formal charges are filed, the employee may be subject to reassignment or a paid leave of absence.

Upon filing formal charges or upon conviction, the district may take disciplinary action in accordance with law, district policies, regulations and/or collective bargaining agreements. The Superintendent or designee shall seek legal counsel in connection with either the suspension or dismissal of the employee.

Earthquake drills are practiced four times a year and Lock Down drills are practiced yearly.

Public Agency Use of School Buildings for Emergency Shelters

(C) School Suspension, Expulsion and Mandatory Expulsion Guidelines

Policy 5144.1: Suspension And Expulsion/Due Process

Suspension and Expulsion

The Governing Board recognizes that maintaining an environment which promotes learning and protects the health, safety, and welfare of all students may require the suspension or expulsion of a student from regular classroom instruction. District policies and school site rules shall clearly identify district behavior standards

(cf. 5144 - Discipline)

Except in cases where suspension for a first time offense is warranted in accordance with law, suspension shall be imposed only when other means of correction fail to bring about proper conduct. (Education Code 48900.5)

Expulsion is an action taken by the Board for severe or prolonged breaches of discipline by a student. Except for single acts of a grave nature, expulsion is usually used only when there is a history of misconduct, when other forms of discipline, including suspension, have failed to bring about proper conduct, or when the student's presence causes a continuing danger to other students. (Education Code 48915)

The grounds for suspension and expulsion and the procedures for considering, recommending and/or implementing suspension and expulsion shall be specified in Administrative Regulation.

Each principal shall annually inform all students and parents/guardians of the school's discipline rules and procedures and of the availability of all district policies and regulations dealing with student discipline, suspension and expulsion. (Education Code 35291, 35291.5)

(cf. 5145.6 - Parental Notifications)

Suspended or expelled students shall be excluded from all school-related extracurricular activities during the suspension or expulsion.

cf. 6145 - Extracurricular and Cocurricular Activities)

Zero Tolerance

The Board supports a zero tolerance approach to serious offenses in accordance with state and federal law. This approach makes the removal of potentially dangerous students from the classroom a top priority and ensures the standardized treatment of all students. Staff shall immediately report to the Superintendent/ designee any incidence of offenses specified in law, Board policy, and administrative regulation as cause for suspension or expulsion.

Student Due Process

The Board shall provide for the fair treatment of students facing suspension and expulsion by affording them their due process rights under the law. The administration and staff shall comply with procedures for notices and appeals as specified in regulation. Procedures governing student due process shall conform in all aspects to provisions in law. (Education Codes 48911, 48915 and 48915.5)

Whenever a student is suspended, school officials may (but are not required to) meet with the parent/guardian to discuss the causes and duration of the suspension, the school policy involved, and any other pertinent matters. (Education Code 48914)

cf. 5119 - Students Expelled from Other Districts

(cf. 5144.2 - Suspension and Expulsion/Due Process - Individuals with Exceptional Needs)

Rights of Complaining Witness

An expulsion hearing involving allegations of sexual assault or sexual battery may be postponed for one school day in order to accommodate the special physical, mental or emotional needs of a student who is the complaining witness. (Education Code 48918.5)

Whenever the Superintendent or designee recommends an expulsion hearing that addresses allegations of sexual assault or sexual battery, he/she shall give the complaining witness a copy of the district's suspension and expulsion policy and regulation and shall advise the witness of his/her right to: (Educational Code 48918.5)

1. Receive five days' notice of his/her scheduled testimony at the hearing
2. Have up to two adult support persons of his/her choosing present in the hearing at the time he/she testifies
3. Have a closed hearing during the time he/she testifies

Whenever any allegation of sexual assault or sexual battery is made, the Superintendent or designee shall immediately advise complaining witnesses and accused students to refrain from personal or telephone contact with each other during the time when an expulsion process is pending. (Education Code 48918.5)

On-Campus Suspension Program

The Board recognizes that students who are suspended from school frequently have no supervision or guidance during the school hours when they are off campus. The Board believes that in many cases, instead of sending the student off campus, it would be better to address the student's misconduct by keeping the student at school and providing him/her with supervision that is separated from the regular classroom.

The Superintendent or designee shall examine alternatives to off-campus suspension and may establish a suspension program which involves progressive discipline during the school day on campus; using conferences between staff, parents/guardians and students; detention; student study teams or other assessment-related teams; and/or referral to school support services staff.

Required Parental Attendance

The Board believes that parental involvement plays an important role in the resolution of classroom behavior problems. The Board expects that teachers will communicate with parents/guardians when behavior problems arise

Whenever a student is suspended from a class because he/she committed an obscene act, engaged in habitual profanity or vulgarity, disrupted school activities or otherwise willfully defied valid staff authority, the teacher of the class from which the student was suspended may require the student's parent/guardian to attend a portion of a school day in that class. After completing the classroom visit and before leaving school premises, the parent/guardian also shall meet with the principal or designee. (Education Code 48900.1)

The Board encourages teachers, before requiring parental attendance, to make reasonable efforts to have the parent/guardian visit the class voluntarily. The teacher also may consider informing the parent/guardian about available resources which may provide help in the development of parenting skills. Teachers should reserve the option of required parental attendance for cases in which they have determined that it is the best strategy to promote positive interaction between the student and the parent/guardian and to improve classroom behavior.

Parental attendance may be required on the day the student returns to class or within one week thereafter. The principal or designee shall contact any parents/guardians who do not respond to the request to attend school. The Board recognizes that parental compliance with this policy may be delayed, modified or prevented by serious illness/injury/disability, absence from town, or inability to get certain release time from work.

The teacher shall apply this policy uniformly to all students within the classroom. This policy shall apply only to a parent/guardian who actually lives with the student. (Education Code 48900.1)

District regulations and school-site rules for student discipline shall include procedures for implementing parental attendance requirements.

Parents/guardians shall be notified of this policy before it is implemented and at the beginning of each subsequent school year. (Education Code 48900.1, 35291, 48980)

Decision Not to Enforce Expulsion Order

In cases where expulsion is mandatory pursuant to Education Code 48915(c), the enforcement of an expulsion order shall not be suspended by the Board. In all other cases of expulsion, the order for expulsion may be suspended by the Board, on a case-by-case basis, pursuant to the requirements of law.

Suspension from Class by a Teacher/Parental Attendance

A teacher may suspend any student from the teacher's class for any of the acts listed under "Grounds for Suspension and Expulsion" above for the day of the suspension and the day following. (Education Code 48910)

Suspension from class means the removal of a student from class by a teacher for the day of the suspension and the next day. A teacher may suspend a student from class and may also refer a student for consideration of suspension from school for any act listed in "Grounds for Suspension and Expulsion" above. (Education Code 48910)

When suspending a student from his/her class, the teacher shall immediately report this action to the principal and send the student to the principal for appropriate action. The student shall be appropriately supervised during the class periods from which he/she has been suspended.

As soon as possible, the teacher shall ask the student's parent/guardian to attend a parent-teacher conference regarding the suspension. A counselor or psychologist should attend the conference if it is practicable, and a school administrator may attend if either the parent/guardian or teacher so request.

A suspended student shall not be returned to class during the period of suspension without the approval of the teacher of the class and the principal. (Education Code 48910)

A student suspended from class shall not be placed in another regular class during the period of suspension. However, if a student is assigned to more than one class per day, he/she may be placed in any other regular classes except those held at the same time as the class from which the student was suspended. (Education Code 48910)

The teacher of any class from which a student is suspended may require the suspended student to complete any assignments and tests missed during the suspension. (Education Code 48913)

When a teacher requires a parent/guardian to attend school in accordance with Board Policy, the principal shall send the parent/guardian a written notice that the parent/guardian's attendance is required pursuant to law. (Education Code 48900.1)

1. This notice shall also tell the parent/guardian when his/her presence is expected and by what means he/she may arrange any necessary change.
2. The notice shall describe the protections afforded to the parent/guardian as an employee by Labor Code 230.7.
3. The notice shall state that if the parent/guardian does not have a means of transportation to school, he/she may ride the school bus with the student.

The teacher shall remind the parent/guardian to meet with the principal or designee after completing the classroom visit and before leaving school premises.

Suspension By Superintendent, Principal Or Principal's Designee

A Superintendent, principal, or principal's designee may suspend a student from a school for any of the acts listed under "Grounds for Suspension and Expulsion" above for not more than five consecutive school days unless the suspension is extended pending expulsion. (Education Code 48911)

The Superintendent or designee shall immediately suspend any student found at school or at a school activity to be: (Education Code 48915)

1. Possessing, as verified by a district employee, or selling or otherwise furnishing a firearm, unless the student had obtained prior written permission to possess the item from a certificated school employee, with the principal or designee's concurrence.
2. Brandishing a knife, as defined in Education Code 48915(g), at another person.

3. Unlawfully selling a controlled substance listed in Health and Safety Code 11053-11058.

4. Committing or attempting to commit a sexual assault or committing a sexual battery as defined in item 414 under "Grounds for Suspension and Expulsion" above.

5. Possession of an explosive as defined in 18 USC 921.

Suspension may be imposed upon a first offense if the Superintendent, principal or designee determines the student violated items (i) - (v) listed in "Grounds For Suspension and Expulsion" above or if the student's presence causes a danger to persons or property or threatens to disrupt the instructional process. (Education Code 48900.5)

A student may be suspended from school for not more than 20 school days in any school year, unless for purposes of adjustment a student enrolls in or is transferred to another regular school, an opportunity school, or continuation school or class, in which case suspension shall not exceed 30 days in any school year. However, this restriction on the number of days of suspension does not apply when the suspension is extended pending an expulsion. (Education Code 48903 and 48912)

Suspension Procedures

1. Informal Conference: Suspension shall be preceded by an informal conference conducted by the principal or designee or the Superintendent or designee between the student, and whenever practicable, the teacher, supervisor or school employee who referred the student to the principal. At the conference, the student shall be informed of the reason for the disciplinary action and the evidence against him/her and shall be given the opportunity to present his/her version and evidence in support of his/her defense. (Education Code 48911(b))

This conference may be omitted if the principal, designee or the Superintendent or designee determines that an emergency situation exists. An "emergency situation" involves a clear and present danger to the lives, safety or health of students or school personnel. If the pre-suspension conference is not held, both the parent/guardian and student shall be notified of the student's right to return to school for the purpose of a conference. The conference shall be held within two school days, unless the student waives his/her right to it or is physically unable to attend for any reason. In such case, the conference will be held as soon as the student is physically able to return to school. (Education Code 48911(c))

2. Administrative Actions: All requests for student suspension are to be processed by the principal or designee of the school in which the student is enrolled at the time of the misbehavior

A school employee shall report the suspension, including the name of the student and the cause for the suspension, to the Superintendent or designee, who in turn will inform the Board.

3. Notice to Parents/Guardians: At the time of the suspension, a school employee shall make a reasonable effort to contact the parent/guardian by telephone or in person. Whenever a student is suspended, the parent/guardian shall be notified in writing of the suspension. (Education Code 48911)

This notice shall state the specific offense committed by the student. (Education Code 48900.8)

In addition, the notice may also state the date and time when the student may return to school.

Should school officials wish to ask the parent/guardian to confer regarding matters pertinent to the suspension, the notice may also add that state law requires the parent/guardian to respond to such request without delay.

4. Parent/Guardian Conference: Whenever a student is suspended, school officials may meet with the parent/guardian to discuss the causes and duration of the suspension, the school policy involved, and any other pertinent matters. (Education Code 48914)

While the parent/guardian is required to respond without delay to a request for a conference about a student's behavior, no penalties may be imposed on the student for the failure of the parent/guardian to attend such conference. The student may not be denied readmission solely because the parent/guardian failed to attend. (Education Code 48911)

5. Extension of Suspension: If the expulsion of a suspended student is being considered by the Board, the Superintendent or designee may, in writing, extend the suspension until such time as the Board has made a decision. (Education Code 48911(g))

Any extension of the original period of suspension shall be preceded by notice of such extension with an offer to hold a conference concerning the extension, giving the student an opportunity to be heard. This conference may be held in conjunction with a meeting requested by the student or parent/guardian to challenge the original suspension. Extension of the suspension may be made only if the Superintendent or designee determines, following a meeting in which the student and the student's parent/guardian were invited to participate, that the student's presence at the school or at an alternative school would endanger persons or property or threaten to disrupt the instructional process. (Education Code 48911(g))

Suspension by the Board

The Board may suspend a student for any of the acts listed in "Grounds for Suspension and Expulsion" above and within the limits specified in "Suspension by Superintendent, Principal or Principal's Designee" above. (Education Code 48912)

The Board may suspend a student enrolled in a continuation school or class for a period not longer than the remainder of the semester if any of the acts listed in "Grounds for Suspension and Expulsion" occurred. The suspension shall meet the requirements of Education Code 48915. (Education Code 48912.5)

When the Board is considering a suspension, disciplinary action, or any other action (except expulsion) against any student, it may hold closed sessions if a public hearing would lead to disclosure of information which would violate a student's right to privacy under Education Code 49073-49079.

(cf. 9321 -Closed Session Purposes and Agendas)

The Board shall provide the student with written notice of the closed session by registered or certified mail. Upon receiving this notice the student may request a public meeting, and this request shall be granted if made in writing (within 48 hours after receipt of the Board's notice). However, any discussion that conflicts with any other student's right to privacy shall be in closed session. (Education Codes 48912)

Upon finding that the student committed any of the above acts, the Board shall expel the student. (Education Code 48915)

Student's Right to Expulsion Hearing

The student is entitled to a hearing to determine whether the student should be expelled. The hearing shall be held within 30 school days after the principal or Superintendent or designee determines that one of the acts listed under "Grounds for Suspension and Expulsion" has occurred. (Education Code 48918(a))

The student is entitled to one postponement of an expulsion hearing for a period of not more than 30 calendar days. The request for postponement shall be in writing. Any subsequent postponement may be granted at the district's discretion. (Education Code 48918(a))

If such request is made, the meeting shall be public

Whether the expulsion hearing is held in closed or public session, the Board may meet in closed session to deliberate and determine if the student should be expelled. (Education Code 48918(c))

2. Record of Hearing: A record of the hearing shall be made and may be maintained by any means, including electronic recording, so long as a reasonably accurate written and complete transcription of the proceedings can be made. (Education Code 48918(g))

3. Presentation of Evidence: While technical rules of evidence do not apply to such hearings, evidence may be admitted and used as proof only if it is the kind of evidence on which reasonable persons can rely in the conduct of serious affairs. The decision of the Board to expel must be supported by substantial evidence that the student committed any of the above acts listed under "Grounds for Suspension and Expulsion" above. Findings of fact shall be based solely on the evidence at the hearing.

While no evidence shall be based solely on hearsay, sworn declarations may be admitted as testimony from witnesses whose disclosure of their identity or testimony at the hearing may subject them to an unreasonable risk of physical or psychological harm. (Education Code 48918 (f) and

In cases where a search of a student's person or property has occurred, evidence describing the reasonableness of the search shall be included in the hearing record.

4. Testimony by Complaining Witness: The following procedures shall be observed when hearings involve allegations of sexual assault or sexual battery by a student: (Education Code 48918)

In the hearing on the admissibility of this evidence, the complaining witness shall be entitled to be represented by a parent/guardian, legal counsel or other support person. Reputation or opinion evidence regarding the sexual behavior of a complaining witness shall not be admissible for any purpose.

(Education Code 48918(a))

Alternative Hearing: Hearing Officer or Administrative Panel

Instead of conducting an expulsion hearing itself, the Board may contract with the county hearing officer or with the Office of Administrative Hearings of the State of California for a hearing officer. Alternatively, the Board may appoint an impartial administrative panel composed of three or more certificated personnel, none of whom shall be members of the Board or on the staff of the school in which the student is enrolled. (Education Code 48918(d))

A hearing conducted by the hearing officer or administrative panel shall conform to the same procedures as apply to a hearing conducted by the Board as specified in "Conduct of Expulsion Hearing" above.

The hearing officer or administrative panel shall, within three school days after the hearing, determine whether to recommend expulsion of the student to the Board. If expulsion is not recommended, the student shall be immediately reinstated. (See "Reinstatement" below.) The Superintendent or designee shall place the student in a classroom instructional program, any other instructional program, a rehabilitation program, or any combination of these programs after consulting with district staff, including the student's teachers and with the student's parent/guardian. (Education Code 48918(e))

If expulsion is recommended, findings of fact in support of the recommendation shall be prepared and submitted to the Board. All findings of fact and recommendations shall be based solely on the evidence presented at the hearing. The Board may accept the recommendation based either upon a review of the findings of fact and recommendations submitted or upon the results of any supplementary hearing the Board may order. (Education Code 48918(f))

The hearing officer or administrative panel may recommend that the Board suspend the expulsion for a period of one year. (See "Suspension of Expulsion" below.)

The Board shall make its decision about the student's expulsion within 40 school days after the date of the student's removal from school unless the student requests in writing that the decision be postponed. (Education Code 48918(a))

Stipulated Expulsions

It is the policy of the Redlands Unified School District that, where approved by the Superintendent or designee, parents/guardians may agree to the expulsion of their pupil by stipulation without necessity of a hearing. This process will expedite the pupil's school placement and may expedite the rehabilitation process.

A stipulated expulsion must be purely voluntary. No district administrator or staff member may coerce a pupil, parent or guardian into entering into such a stipulation. Parents/guardians will be given three calendar days to decide on a stipulated expulsion agreement.

If the parent/guardian requests a stipulated expulsion, the Superintendent or designee will promulgate the stipulated agreement. If at any time the parent/guardian decides not to pursue a stipulated agreement, the expulsion proceedings and timelines, extended by the length of the period for consideration of the stipulation, will be reinstated. The stipulated agreement will be presented to the Board for final consideration.

The stipulated agreement will include the terms and conditions of the expulsion order, including alternative placement and a rehabilitation plan to be completed before the student can be re-admitted to the district.

Final Action by the Board

Whether the expulsion hearing is conducted in closed or public session by the Board, a hearing officer, or an administrative panel, the final action to expel must be taken by the Board at a public meeting. (Education Code 48918(f)) The Board shall maintain a record of each expulsion, including its cause. Expulsion records shall be non-privileged, disclosable public records.

(cf. 9321.1 - Closed Session Actions and Reports)

If the Board conducts the hearing and reaches a decision not to expel, this decision shall be final and the student shall be reinstated immediately.

Upon ordering the expulsion, the Board shall set a date when the student shall be reviewed for readmission to a school within the district. For a student expelled for an act listed under "Mandatory Recommendation and Mandatory Expulsion" above, this date shall be one year from the date the expulsion occurred, except that the Board may set an earlier date on a case-by-case basis. For a student expelled for other acts, this date shall be no later than the last day of the semester following the semester in which the expulsion occurred. (Education Code 48916)

At the time of the expulsion order, the Board shall recommend a plan for the student's rehabilitation, which may include: (Education Code 48916)

1. Periodic review as well as assessment of the student at the time of review for readmission.
2. Recommendations for improved academic performance, tutoring, special education assessments, job training, counseling, employment, community service and other rehabilitative programs.
3. Such other recommendations as the Board approves.

With parental consent, students who have been expelled for reasons relating to controlled substances or alcohol may be required to enroll in a county-sponsored drug rehabilitation program before returning to school. (Education Code 48916.5)

Upon expulsion, a copy of readmission procedures will be made available to the student and his/her parent/guardian.

Written Notice to Expel

The Superintendent or designee shall send written notice of the decision to expel to the student or parent/guardian. The notice shall include the following:

1. The specific offense committed by the student for any of the causes for suspension or expulsion listed in Education Code 48900(a)-(o), Education Code 48900.2-48900.4 and Education Code 48915(c). (Education Code 48900.8)
2. The fact that a description of readmission procedures will be made available to the student and his/her parent/guardian. (Education Code 48916)
3. Notice of the right to appeal such expulsion to the County Board of Education. (Education Code 48918)
4. Notice of the alternative educational placement to be provided to the student during the time of expulsion. (Education Code 48918)
5. The notice also shall inform the student or parent/guardian of his/her obligation to inform any new district in which the student seeks to enroll of the student's status with the expelling district, pursuant to Education Code 48915.1. (Education Code 48918)

Suspension of Expulsion

The Board, upon voting to expel a student, may suspend the enforcement of the expulsion order for not more than one calendar year. When deciding whether to suspend an expulsion, the Board shall take into account the following criteria:

1. The student's previous behavior.
2. The seriousness of the misconduct.
3. The student's attitude toward the misconduct and his/her willingness to follow a rehabilitation program.

The suspension of the enforcement of an expulsion shall be governed by the following: (Education Code 48917)

1. The Board may, as a condition of the suspension of enforcement, assign the student to a school, class or program appropriate for the student's rehabilitation. This rehabilitation program may provide for the involvement of the student's parent/guardian in the student's education. However, a parent/guardian's refusal to participate in the rehabilitation program shall not be considered in the Board's determination as to whether the student has satisfactorily completed the rehabilitation program.
2. During the period when enforcement of the expulsion order is suspended, the student shall be on probationary status.
3. The suspension of expulsion order may be revoked by the Board if the student commits any of the acts listed under "Grounds for Suspension and Expulsion" above or violates any of the district's rules and regulations governing student conduct.
4. When suspension of expulsion order is revoked, a student may be expelled under the terms of the original expulsion order
5. Upon satisfactory completion of the rehabilitation assignment, the Board shall reinstate the student in a district school. Upon reinstatement, the Board may order the expungement of any or all records of the expulsion proceedings.
6. Suspension of an expulsion order shall not affect the time period and requirements for the filing of an appeal of the expulsion order with the County Board of Education.
7. The Superintendent or designee shall send written notice of any decision to suspend the enforcement of an expulsion order during a period of probation to the student or parent/guardian. The notice shall also inform the parent/guardian of the right to appeal the expulsion to the County Board of Education. (Education Code 48918(i))

Right to Appeal

The student or parent/guardian is entitled to file an appeal of the Board's decision to the County Board of Education.

The appeal must be filed within 30 days of the Board's decision to expel, even if the expulsion action is suspended and the student is placed on probation. (Education Code 48919)

Post-Expulsion Placements

The Board shall refer expelled students to a program of study that is: (Education Code 48915, 48915.01)

1. Appropriately prepared to accommodate students who exhibit discipline problems.
2. Not provided at a comprehensive middle, junior or senior high school or at any elementary school, unless the program is offered at a community day school established at such a site.
3. Not housed at the school site attended by the student at the time of suspension.

(cf. 6185 - Community Day School)

When the placement described above is not available, and when the County Superintendent of Schools so certifies, students expelled for acts described in items #6 through # 13 and # 17 through # 19 under "Grounds for Suspension and Expulsion" above may be instead referred to a program of study that is provided at another comprehensive middle, junior, or senior high school, or at an elementary school.

The program for a student expelled from any of grades K-6 shall not be combined or merged with programs offered to students in any of grades 7-12. (Education Code 48916.1)

Reinstatement

When the Board accepts a recommendation against expulsion or makes its own decision after the hearing not to expel, the decision is final and the student shall be reinstated immediately. The Superintendent or designee shall place the student in any classroom program, other instructional program, rehabilitation program, or any combination of such programs following consultation with district personnel, including the teacher involved, and with the student's parent/guardian. (Education Code 48918(e))

Readmission

An expulsion order shall remain in effect until the Board may order the readmission of the student.

Readmission procedures shall be as follows:

1. A written request for review of expulsion action and request for readmission shall be submitted by the parent/guardian to the Superintendent or designee.
2. The Superintendent or designee will hold a conference with the parent/guardian and the student.
3. At the conference the conditions for readmission will be reviewed. The Superintendent or designee shall verify that the rehabilitation plan has been met.
4. School regulations will be reviewed and the student and parent/guardian will be asked to indicate in writing their willingness to comply with these regulations.
5. The Superintendent or designee will transmit the request for readmission to the Board, along with his/her recommendation. The Board shall consider the request in closed session if the information would be disclosed in violation of Education Code 49073-49079. If a written request for open session is received from the parent/guardian or adult student, it will be honored.
6. The Superintendent or designee will notify the student or parent/guardian, by registered mail, of the district's decision regarding readmission.
7. The Board may deny readmission only if it finds that the student has not satisfied the conditions of the rehabilitation plan or that the student continues to pose a danger to campus safety or to other district students or employees. (Education Code 48916)
8. If the Board denies the readmission of a student, the Board shall determine either to continue the student's placement in the alternative educational program initially selected or to place the student in another program that serves expelled students, including placement in a county community school. (Education Code 48916)
9. The Board shall provide written notice to the expelled student and parent/guardian describing the reasons for denying readmittance into the regular program. This notice shall indicate the Board's determination of the educational program which the Board has chosen. The student shall enroll in that program unless the parent/guardian chooses to enroll the student in another school district. (Education Code 48916)

Maintenance of Records

The Board will maintain a record of each expulsion, including the specific cause of the expulsion. The expulsion record shall be maintained in the student's mandatory interim record and sent to any school in which the student subsequently enrolls, within five days of a written request by the admitting school. (Education Code 48900.8, 48918(k))

The Superintendent or designee shall, within five working days, honor any other district's request for information about an expulsion from this district. (Education Code 48915.1)

cf. 5119 - Students Expelled from Other Districts)

(cf. 5125 - Student Records)

(cf. 5145.7 - Sexual Harassment)

18. Caused, attempted to cause, threatened to cause, or participated in an act of hate violence as defined in Education Code 233. (Education Code 48900.3)

(cf. 5145.9 - Hate-Motivated Behavior)

Education Code 233 defines "hate violence" as any act punishable under Penal Code 422.6, 442.7 or 422.75. Such acts include injuring or intimidating another person, interfering with the exercise of a person's civil rights, or damaging a person's property because of the person's race, color, religion, ancestry, national origin, disability, gender or sexual orientation.

19. Intentionally harassed, threatened or intimidated a student or group of students to the extent of having the actual and reasonably expected effect of materially disrupting class work, creating substantial disorder, and invading student rights by creating an intimidating or hostile educational environment. (Education Code 48900.4)

(cf. 5145.3 - Nondiscrimination/Harassment)

A student may be suspended or expelled for any of the acts listed above if the act is related to school activity or school attendance occurring at any district school under the jurisdiction of the Superintendent or principal or within any other school district, including but not limited to the following circumstances: (Education Code 48900)

1. While on school grounds.
2. While going to or coming from school.
3. During the lunch period, whether on or off the school campus.
4. During, going to, or coming from a school-sponsored activity.

The Superintendent or principal may use his/her discretion to provide alternative to suspension or expulsion for a student subject to discipline under this administrative regulation, including, but not limited to, counseling and an anger management program. (Education Code 48900(r))

Alternatives to suspension or expulsion will be used with students who are truant, tardy, or otherwise absent from assigned school activities.

(cf. 5113 - Absences and Excuses)

(cf. 5113.1 - Truancy)

Removal from Class by a Teacher/Parental Attendance

A teacher may suspend any student from his/her class for the remainder of the day and the following day for any act listed in "Grounds for Suspension and Expulsion" above. (Education Code 48910)

A teacher also may refer a student to the principal or designee for consideration of suspension from school. (Education Code 48910)

When removing a student from his/her class, the teacher shall immediately report this action to the principal and send the student to the principal for appropriate action. The student shall be appropriately supervised during the class periods from which he/she has been removed.

As soon as possible, the teacher shall ask the student's parent/guardian to attend a parent-teacher conference regarding the removal. A counselor or psychologist should attend the conference if it is practicable, and a school administrator may attend if either the parent/guardian or teacher so requests.

A student removed from class shall not be returned to class during the period of removal without the approval of the teacher of the class and the principal. (Education Code 48910)

A student removed from class shall not be placed in another regular class during the period of removal. However, if a student is assigned to more than one class per day, he/she may be placed in any other regular classes except those held at the same time as the class from which the student was removed. (Education Code 48910)

The teacher of any class from which a student is removed may require the student to complete any assignments and tests missed during the removal. (Education Code 48913)

Pursuant to Board policy, a teacher may provide that the parent/guardian of a student whom the teacher has removed attend a portion of a school day in his/her child's classroom. When a teacher makes this request, the principal shall send the parent/guardian a written notice that the parent/guardian's attendance is requested pursuant to law. (Education Code 48900.1)

This notice shall also:

1. Inform the parent/guardian when his/her presence is expected and by what means he/she may arrange an alternate date.
2. Describe the legal protections afforded to the parent/guardian as an employee under Labor Code 230.7.
3. State that if the parent/guardian does not have a means of transportation to school, he/she may ride the school bus with the student.
4. Ask the parent/guardian to meet with the principal after the visit and before leaving school, as required by Education Code 48900.1.

Suspension by Superintendent, Principal or Principal's Designee

The Superintendent, principal or principal's designee may suspend a student from a school for not more than five consecutive school days unless the suspension is extended pending expulsion. (Education Code 48911)

The Superintendent or designee shall immediately suspend any student found at school or at a school activity to be: (Education Code 48915)

1. Possessing, as verified by a district employee, or selling or otherwise furnishing a firearm, unless the student had obtained prior written permission to possess the item from a certificated school employee, with the principal or designee's concurrence.
2. Brandishing a knife, as defined in Education Code 48915(g), at another person.
3. Unlawfully selling a controlled substance listed in Health and Safety Code 11053-11058.
4. Committing or attempting to commit a sexual assault or committing a sexual battery as defined in item #14 under "Grounds for Suspension and Expulsion".
5. Possession of an explosive as defined in 18 USC 921.

Suspension also may be imposed upon a first offense if the Superintendent, principal or designee determines the student violated items #1-5 listed in "Grounds for Suspension and Expulsion" above or if the student's presence causes a danger to persons or property or threatens to disrupt the instructional process. (Education Code 48900.5)

A student may be suspended from school for not more than 20 school days in any school year, unless for purposes of adjustment a student enrolls in or is transferred to another regular school, an opportunity school, or continuation school or class, in which case suspension shall not exceed 30 days in any school year. However, this restriction on the number of days of suspension does not apply when the suspension is extended pending an expulsion. (Education Code 48903, 48912)

The Superintendent or designee may count suspensions that occur while a student is enrolled in another school district toward the maximum number of days for which a student may be suspended in any school year. (Education Code 48903)

Suspensions shall be initiated according to the following procedures:

1. Informal Conference: Suspension shall be preceded by an informal conference conducted by the principal, designee or the Superintendent with the student and whenever practicable, the teacher, supervisor or school employee who referred the student to the principal. At the conference, the student shall be informed of the reason for the disciplinary action and the evidence against him/her; the student shall be given the opportunity to present his/her version and evidence in support of his/her defense. (Education Code 48911(b))

This conference may be omitted if the principal, designee or the Superintendent determines that an emergency situation exists. An "emergency situation" involves a clear and present danger to the lives, safety or health of students or school personnel. If a student is suspended without this conference, both the parent/guardian and student shall be notified of the student's right to return to school for the purpose of a conference. The conference shall be held within two school days, unless the student waives his/her right to it or is physically unable to attend for any reason. In such case, the conference will be held as soon as the student is physically able to return to school. (Education Code 48911(c))

2. Administrative Actions: All requests for student suspension are to be processed by the principal or designee of the school in which the student is enrolled at the time of the misbehavior. A school employee shall report the suspension, including the name of the student and the cause for the suspension, to the Superintendent or designee.

3. Notice to Parents/Guardians: At the time of the suspension, a school employee shall make a reasonable effort to contact the parent/guardian by telephone or in person. Whenever a student is suspended, the parent/guardian shall be notified in writing of the suspension. (Education Code 48911)

This notice shall state the specific offense committed by the student. (Education Code 48900.8).

In addition, the notice may also state the date and time when the student may return to school. If school officials wish to ask the parent/guardian to confer regarding matters pertinent to the suspension, the notice may add that state law requires the parent/guardian to respond to such requests without delay.

4. Parent/Guardian Conference: Whenever a student is suspended, school officials may meet with the parent/guardian to discuss the causes and duration of the suspension, the school policy involved, and any other pertinent matters. (Education Code 48914)

While the parent/guardian is required to respond without delay to a request for a conference about a student's behavior, no penalties may be imposed on the student for the failure of the parent/guardian to attend such conference. The student may not be denied readmission solely because the parent/guardian failed to attend. (Education Code 48911)

5. Extension of Suspension: If the Board is considering the expulsion of a suspended student from any school or the suspension of a student for the balance of the semester from continuation school, the Superintendent or designee may, in writing, extend the suspension until such time as the Board has made a decision. (Education Code 48911(g))

Any extension of the original period of suspension shall be preceded by notice of such extension with an offer to hold a conference concerning the extension, giving the student an opportunity to be heard. This conference may be held in conjunction with a meeting requested by the student or parent/guardian to challenge the original suspension. Extension of the suspension may be made only if the Superintendent or designee determines, following a meeting in which the student and the student's parent/guardian were invited to participate, that the student's presence at the school or at an alternative school would endanger persons or property or threaten to disrupt the instructional process. (Education Code 48911)

Suspension by the Board

The Board may suspend a student for any of the acts listed in "Grounds for Suspension and Expulsion" above and within the limits specified in "Suspension by Superintendent, Principal or Principal's Designee" above. (Education Code 48912)

The Board may suspend a student enrolled in a continuation school or class for a period not longer than the remainder of the semester if any of the acts listed in “Grounds for Suspension and Expulsion” occurred. The suspension shall meet the requirements of Education Code 48915. (Education Code 48912.5)

When the Board is considering a suspension, disciplinary action, or any other action (except expulsion) against any student, it shall hold closed sessions if a public hearing would lead to disclosure of information violating a student’s right privacy under Education Code 49073-49079.

(cf. 9321 - Closed Session Purposes and Agendas)

The Board shall provide the student and his/her parent/guardian with written notice of the closed session by or certified mail. Upon receiving this notice, the student or parent/guardian may request a public meeting, and this request shall be granted if made in writing within 48 hours after receipt of the Board's notice. However, any discussion that conflicts with any other student's right to privacy still shall be held in closed session. (Education Codes 35146, 48912)

On-Campus Suspension Program

Students for whom an expulsion action has not been initiated and who pose no imminent danger or threat to the school may be assigned to a separate, supervised suspension classroom for the entire period of suspension. The following conditions shall apply: (Education Code 48911.1)

1. The supervised suspension classroom shall be staffed in accordance with law.
2. The student shall have access to appropriate counseling services.
3. The supervised suspension classroom shall promote completion of schoolwork and tests missed by the student during the suspension.
4. Each student shall be responsible for contacting his/her teacher(s) to receive assignments to be completed in the supervised suspension classroom. The teacher shall provide all assignments and tests that the student will miss while suspended. If no such work is assigned, the person supervising the suspension classroom shall assign schoolwork.

At the time a student is assigned to a supervised suspension classroom, the principal or designee shall notify the student’s parent/guardian in person or by telephone. When the assignment is for longer than one class period, this notification shall be made in writing. (Education Code 48911.1)

Authority to Expel

A student may be expelled only by the Board. The Board shall expel, as required by law, any student found to have committed certain offenses listed below under “Mandatory Recommendation and Mandatory Expulsion.”

The Board also may order a student expelled for any of the acts listed under “Grounds for Suspension and Expulsion” upon recommendation by the principal, Superintendent, hearing officer or administrative panel, based on finding either or both of the following: (Education Code 48915 (b) and (e))

1. That other means of correction are not feasible or have repeatedly failed to bring about proper conduct.
2. That due to the nature of the violation, the presence of the student causes a continuing danger to the physical safety of the student or others.

Mandatory Recommendation for Expulsion

Unless the principal, Superintendent or designee finds that expulsion is inappropriate due to particular circumstances, the principal, Superintendent or designee shall recommend a student’s expulsion for any of the following acts: (Education Code 48915 (a))

1. Causing serious physical injury to another person, except in self-defense.
2. Possession of any knife as defined in Education Code 48915(g), explosive or other dangerous object of no reasonable use to the student.
3. Unlawful possession of any controlled substance, as listed in the Health and Safety Code 11053-11058, except for the first offense for the possession of not more than one ounce of marijuana, other than concentrated cannabis.
4. Robbery or extortion.
5. Assault or battery, as defined in Penal Code 240 and 242, upon any school employee.

Mandatory Recommendation and Mandatory Expulsion

Note: The Attorney General has determined, in 80 Ops.Cal. Atty. Gen. 347 (1997), that a district may not adopt a zero tolerance policy mandating expulsion of a student for a first offense of possession of a controlled substance or alcohol.

The principal, Superintendent or designee shall recommend that the Board expel any student found at school or at a school activity to be: (Education Code 48915(c))

1. Possessing, as verified by a district employee, or selling or otherwise furnishing a firearm, unless the student had obtained prior written permission to possess the item from a certificated school employee, with the principal or designee's concurrence.
2. Brandishing a knife as defined in Education Code 48915(g) at another person.
3. Unlawfully selling a controlled substance listed in Health and Safety Code 11053-11058
4. Committing or attempting to commit a sexual assault or committing a sexual battery as defined in item #14 under "Grounds for Suspension and Expulsion" above.
5. Possessing an explosive as defined in 18 USC 921.

Upon finding that the student committed any of the above acts, the Board shall expel the student. (Education Code 48915)

The initial recommendation for consideration of expulsion is that of the school principal or the Superintendent. Designees may not make this type of recommendation.

The recommendation for consideration of expulsion shall be submitted to the Director, Office of Student Services, who will review the material and recommend:

1. Reassignment to appropriate regular education program.
2. Refer student to Alternative Program; i.e., Community School, Independent Study, Continuation or Opportunity School, or other district programs.
3. Refer the matter to the Discipline Review Panel for further consideration.

When a case is referred to the discipline Review Panel, the panel shall question school personnel who have information on the incident and the behavior record of the student charged and weighs the evidence presented.

The panel shall, in the case of an expulsion consideration, weigh information presented to determine:

- a. Is the evidence sufficient to support consideration by the expulsion panel?
- b. Has the district, through the schools involved, considered or utilized alternatives to expulsion when possible?
- c. Have due process procedures been adhered to?

The recommendation shall be either to proceed with the expulsion or to utilize an existing practical alternative in lieu of expulsion.

If the district (school) has not adhered to due process requirements, the student shall be returned to school immediately.

If the Discipline Review Panel meets to consider a matter other than an expulsion, it shall provide its best judgment as to an effective alternative program or plan to action.

The recommendation of the Discipline Review Panel shall be forwarded to the Director, Office of Student Services, who shall then review the facts, concur, veto or modify the recommendation.

4. That an expulsion panel be convened.

At the time a recommendation for expulsion is submitted, a hearing shall be scheduled by the Superintendent or designee to determine whether the suspension shall be extended. If the decision is to extend the suspension, the period of time shall be until the Board has rendered a decision or until the expulsion process is otherwise terminated.

The extension of suspension shall be based upon determination by the Superintendent or designee that the presence of the student at the school or in an alternative school placement would cause a danger to persons or property or a threat of disrupting the instructional process. This extension shall be imposed only after the student and the parent/guardian have been given the opportunity to be present at a hearing conducted by the Superintendent or designee. At this time, the student and parent/guardian shall be given the opportunity to be heard and present any information that might bear upon the decision.

Materials which support the decision of the person recommending the expulsion shall be prepared and submitted to the Office of Student Services. The departments of Attendance, Guidance, Special Education and/or Health may be requested to assist in the preparation of this material.

Student's Right to Expulsion Hearing

The student is entitled to a hearing to determine whether the student should be expelled. The hearing shall be held within 30 school days after the principal or Superintendent or designee determines that one of the acts listed under "Grounds for Suspension and Expulsion" has occurred. (Education Code 48918 (a))

The student is entitled to one postponement of an expulsion hearing for a period of not more than 30 calendar days. The request for postponement shall be in writing. Any subsequent postponement may be granted at the Board's discretion. (Education Code 48918(a))

If the Board finds it impractical during the school year to comply with these time requirements for conducting an expulsion hearing, the Superintendent or designee may, for good cause, extend the time period by an additional five school days. Reasons for the extension shall be included as a part of the record when the expulsion hearing is held. (Education Code 48918(a))

If the Board finds it impractical to comply with the time requirements of the expulsion hearing due to summer recess of Board meetings of more than two weeks, the days during the recess shall not be counted as school days. The days not counted during the recess may not exceed 20 school days as defined in Education Code 48925. Unless the student requests in writing that the expulsion hearing be postponed, the hearing shall be held no later than 20 calendar days prior to the first day of the next school year. (Education Code 48918(a))

Once the hearing starts, all matters shall be pursued with reasonable diligence and concluded without unnecessary delay. (Education Code 48918(a))

Waiver of Hearing (Default Proceedings)

If the parent/guardian agrees that their son/daughter behaved essentially in the manner stated in the principals letter recommending expulsion and that such behavior constitutes a violation of the California Education Code, Section 48900, 48900.2, 48900.3, 48900.4, 48900.7 and/or 48915 a suspendable/expellable offense, the parent/guardian may request to waive the Administrative Hearing Panel.

When the parent/guardian agrees to waive the Administrative Hearing Panel, they also waive all notification and timelines related to the expulsion hearing process, along with their rights to appeal the determination of the Board.

The signed affidavit and findings of fact will be submitted to the Board for their approval. The Board has the discretionary power to accept, reject, or modify all recommendations.

Rights of Complaining Witness

An expulsion hearing involving allegations of sexual assault or sexual battery may be postponed for one school day in order to accommodate the special physical, mental or emotional needs of a student who is the complaining witness. (Education Code 48918.5)

Whenever the Superintendent or designee recommends an expulsion hearing that addresses allegations of sexual assault or sexual battery, he/she shall give the complaining witness a copy of the district's suspension and expulsion policy and regulation and shall advise the witness of his/her right to all the following: (Education Code 48918.5)

1. Receive five days' notice of his/her scheduled testimony at the hearing.
2. Have up to two adult support persons of his/her choosing present in the hearing at the time he/she testifies.
3. Have a closed hearing during the time he/she testifies.

Whenever any allegation of sexual assault or sexual battery is made, the Superintendent or designee shall immediately advise complaining witnesses and accused students to refrain from personal or telephone contact with each other during the time when an expulsion process is pending. (Education Code 48918.5)

Written Notice of the Expulsion Hearing (Education Code 48918(b))

Written notice of the hearing shall be forwarded to the student and the student's parent/guardian at least 10 calendar days before the date of the hearing. The notice shall include: (Education Code 48900.8, 48918 (b))

1. The date and place of the hearing.
2. A statement of the specific facts, charges and offense upon which the proposed expulsion is based.
3. A copy of district disciplinary rules which relate to the alleged violation.
4. Notification of the student's or parent/guardian's obligation, pursuant to Education Code 48915.1, to provide information about the student's status in the district to any other district in which the student seeks enrollment. This obligation applies when a student is expelled for acts other than those described in Education Code 48915 (a) or (c).
(cf. 5119 - Students Expelled from other Districts)

5. The opportunity for the student or the student's parent/guardian to appear in person and/or be represented by legal counsel or by a non-attorney advisor.

Legal counsel means an attorney or lawyer who is admitted to the practice of law in California and is an active member of the State Bar of California.

Non-attorney advisor means an individual who is not an attorney or lawyer, but who is familiar with the facts of the case, and has been selected by the student or student's parent/guardian to provide assistance at the hearing.

6. The right to inspect and obtain copies of all documents to be used at the hearing.
7. The opportunity to confront and question all witnesses who testify at the hearing.
8. The opportunity to question all evidence presented and to present oral and documentary evidence on the student's behalf, including witnesses.

Conduct of Expulsion Hearing

1. Closed Session: Notwithstanding the provisions of Government Code 54953 and Education Code 35145, the Board shall conduct a hearing to consider the expulsion of the student in a session closed to the public unless the student requests in writing at least five days prior to the hearing that the hearing be a public meeting. If such request is made, the meeting shall be public, unless another student's privacy rights would be violated.

Whether the expulsion hearing is held in closed or public session, the Board may meet in closed session to determine if the student should be expelled. If the Board admits any other person to the closed session, the parent/guardian, the student, and the counsel of the student, shall also be allowed to attend the closed session. (Education Code 48918(c))

If a hearing that involves a charge of sexual assault or sexual battery is to be conducted in public, a complaining witness shall have the right to have his/her testimony heard in closed session when testifying in public would threaten serious psychological harm to the witness and when there are no alternative procedures to avoid the threatened harm, including but not limited to videotaped deposition or contemporaneous examination in another place communicated to the hearing room by closed-circuit television. (Education Code 48918(c))

2. Record of Hearing: A record of the hearing shall be made and may be maintained by any means, including electronic recording, as long as a reasonably accurate written and complete transcription of the proceedings can be made. (Education Code 48918(g))

3. Subpoenas: Before commencing a student expulsion hearing, the Board may issue subpoenas, at the request of either the student or the Superintendent or designee, for the personal appearance at the hearing of any person who actually witnessed the action that gave rise to the recommendation for expulsion. After the hearing has commenced, the Board or the hearing officer or administrative panel may issue such subpoenas at the request of the student or the County Superintendent of Schools or designee. All subpoenas shall be issued in accordance with the Code of Civil Procedure 1985-1985.2 and enforced in accordance with Government Code 11455.20, formerly 11525. (Education Code 48918(i))

Any objection raised by the student or the Superintendent or designee to the issuance of subpoenas may be considered by the Board in closed session, or in open session if so requested by the student, before the meeting. The Board's decision in response to such an objection shall be final and binding. (Education Code 48918(i))

If the Board determines, or if the hearing officer or administrative panel finds and submits to the Board, that a witness would be subject to unreasonable risk of harm by testifying at the hearing, a subpoena shall not be issued to compel the personal attendance of that witness at the hearing. However, that witness may be compelled to testify by means of a sworn declaration as described in item #4 below. (Education Code 48918(i))

4. Presentation of Evidence: While technical rules of evidence do not apply to expulsion hearings, evidence may be admitted and used as proof only if it is the kind of evidence on which reasonable persons can rely in the conduct of serious affairs. The decision of the Board to expel must be supported by substantial evidence that the student committed any of the acts listed in "Grounds for Suspension and Expulsion" above.

Findings of fact shall be based solely on the evidence at the hearing. While no evidence shall be based solely on hearsay, sworn declarations may be admitted as testimony from witnesses whose disclosure of their identity or testimony at the hearing may subject them to an unreasonable risk of physical or psychological harm. (Education Code 48918 (f) and (h))

In cases where a search of a student's person or property has occurred, evidence describing the reasonableness of the search shall be included in the hearing record.

5. Testimony by Complaining Witnesses: The following procedures shall be observed when hearings involve allegations of sexual assault or sexual battery by a student: (Education Code 48918)

- a. Any complaining witness shall be given five days' notice before being called to testify.
- b. Any complaining witness shall be entitled to have up to two adult support persons, including but not limited to a parent/guardian or legal counsel, present during his/her testimony.
- c. Before a complaining witness testifies, support persons shall be admonished that the hearing is confidential.
- d. The person presiding over the hearing may remove a support person whom he/she finds is disrupting the hearing.
- e. If one or both support persons are also witnesses, the hearing shall be conducted according to Penal Code 868.5.
- f. Evidence of specific instances of prior sexual conduct of a complaining witness shall be presumed inadmissible and shall not be heard unless the person conducting the hearing determines that extraordinary circumstances require the evidence to be heard. Before such a determination is made, the complaining witness shall be given notice and an opportunity to oppose the introduction of this evidence. In the hearing on the admissibility of this evidence, the complaining witness shall be entitled to be represented by a parent/guardian, legal counsel or other support person. Reputation or opinion evidence regarding the sexual behavior of a complaining witness shall not be admissible for any purpose.
- g. In order to facilitate a free and accurate statement of the experiences of the complaining witness and to prevent discouragement of complaints, the district shall provide a nonthreatening environment.
 - (1) The district shall provide a room separate from the hearing room for the use of the complaining witness before and during breaks in testimony.
 - (2) At the discretion of the person conducting the hearing, the complaining witness shall be allowed reasonable periods of relief from examination and cross-examination during which he/she may leave the hearing room.
 - (3) The person conducting the hearing may:
 - (a) Arrange the seating within the hearing room so as to facilitate a less intimidating environment for the complaining witness.
 - (b) Limit the time for taking the testimony of a complaining witness to the hours he/she is normally in school, if there is no good cause to take the testimony during other hours.
 - (c) Permit one of the support persons to accompany the complaining witness to the witness stand.

6. Decision Within 10 Days: The Board's decision on whether to expel a student shall be made within 10 school days after the conclusion of the hearing, unless the student requests in writing that the decision be postponed. (Education Code 48918(a))

7. Decision Within 40 Days: If the Board does not meet on a weekly basis, its decision on whether to expel a student shall be made within 40 school days after the student is removed from his/her school of attendance, unless the student requests in writing that the decision be postponed. (Education Code 48918(a))

Alternative Expulsion Hearing: Hearing Officer or Administrative Panel

Instead of conducting an expulsion hearing itself, the Board may contract with the county hearing officer or with the Office of Administrative Hearings of the State of California for a hearing officer. Alternatively, the Board may appoint an impartial administrative panel composed of three or more certificated personnel, none of whom shall be members of the Board or on the staff of the school in which the student is enrolled. (Education Code 48918(d))

A hearing conducted by the hearing officer or administrative panel shall conform to the same procedures as apply to a hearing conducted by the Board as specified in "Conduct of Expulsion Hearing."

The hearing officer or administrative panel shall, within three school days after the hearing, determine whether to recommend expulsion of the student to the Board. If expulsion is not recommended, the student shall be immediately reinstated. (See "Reinstatement.") The Superintendent or designee shall place the student in a classroom instructional program, any other instructional program, a rehabilitation program, or any combination of these programs after consulting with district staff, including the student's teachers, and with the student's parent/guardian. (Education Code 48918(e))

If expulsion is recommended, findings of fact in support of the recommendation shall be prepared and submitted to the Board. All findings of fact and recommendations shall be based solely on the evidence presented at the hearing. The Board may accept the recommendation based either upon a review of the findings of fact and recommendations submitted or upon the results of any supplementary hearing the Board may order. (Education Code 48918(f))

In accordance with Board policy, the hearing officer or administrative panel may recommend that the Board suspend the enforcement of the expulsion for a period of one year. (See "Decision Not to Enforce Expulsion Order" below.)

The Board shall make its decision about the student's expulsion within 40 school days after the date of the student's removal from school unless the student requests in writing that the decision be postponed. (Education Code 48918(a))

The Discipline Review Panel

The Discipline Review Panel will consist of elementary educators when a review is being made of an elementary student and of secondary educators when a review is being made of secondary student.

1. The Discipline Review Panel shall hear the following types of disciplinary cases:
 - a. Requests for expulsion from site principals or the Superintendent.
 - b. School site administrative requests for assistance (non-expulsion situations).
2. Each discipline review panel shall consist of three certificated persons plus a chairperson and shall consist of elementary educators when a review is being made of an elementary student and of secondary educators when a review is being made of a secondary student. A panelist may not serve on any panel involving a student who is currently attending the school in which he/she is assigned. A representative from Student Services shall be a nonvoting member of each panel.

A chairperson and assistant chairperson, to serve when the chairperson is unable to serve, shall be appointed by the Superintendent or designee and shall serve at his/her pleasure. Neither shall be a member of the Student Services staff.

A pool of panelists shall be established which shall be composed of personnel who have served or are currently serving as members of administrative expulsion panels. The committee chairman shall select members to serve on individual panels.

The meetings of the discipline review panel are open to school district personnel only.

The duties of the Discipline Review Panel are as follows:

1. The chairperson shall call a meeting of the panel as soon as possible, but no later than 10 school days after the receipt of notice of a pending case.
2. A recommendation must be forwarded to the Director, Office of Student Services, within three days of the review hearing.
3. In the event a member of the committee cannot be present at a meeting, the Director, Office of Student Services, will appoint an alternate from the pool to attend.

Final Action by the Board

Whether the expulsion hearing is conducted in closed or public session by the Board, a hearing officer, or an administrative panel, the final action to expel shall be taken by the Board at a public meeting. (Education Code 48918(j))

(cf. 9321.1 - Closed Session Actions and Reports)

If the Board conducts the hearing and reaches a decision not to expel, this decision shall be final and the student shall be reinstated immediately.

Upon ordering an expulsion, the Board shall set a date when the student shall be reviewed for readmission to a school within the district. For a student expelled for an act listed under “Mandatory Recommendation and Mandatory Expulsion” above, this date shall be one year from the date the expulsion occurred, except that the Board may set an earlier date on a case-by-case basis. For a student expelled for other acts, this date shall be no later than the last day of the semester following the semester in which the expulsion occurred. (Education Code 48916)

At the time of the expulsion order, the Board shall recommend a plan for the student’s rehabilitation, which may include: (Education Code 48916)

1. Periodic review as well as assessment of the student at the time of review for readmission.
2. Recommendations for improved academic performance, tutoring, special education assessments, job training, counseling, employment, community service and other rehabilitative programs.

With parental consent, students who have been expelled for reasons relating to controlled substances or alcohol may be required to enroll in a county-sponsored drug rehabilitation program before returning to school. (Education Code 48916.5)

Written Notice to Expel

The Superintendent or designee shall send written notice of the decision to expel the student or parent/guardian. This notice shall include the following:

1. The specific offense committed by the student for any of the causes for suspension or expulsion listed in Education Code 48900 (a)-(o), Education Code 48900.2-48900.4, Education Code 48915 (c) and (Education Code 48900.8).
2. The fact that a description of readmission procedures will be made available to the student and his/her parent/guardian. (Education Code 48916)
3. Notice of the right to appeal the expulsion to the County Governing Board. (Education Code 48918)
4. Notice of the alternative educational placements to be provided to the student during the time of expulsion. (Education Code 48918)
5. Notice of the student’s or parent/guardian’s obligation to inform any new district in which the student seeks to enroll of the student’s status with the expelling district, pursuant to Education Code 48915.1 (Education Code 48918).

Decision Not to Enforce Expulsion Order

In accordance with Board policy, when deciding whether to suspend the enforcement of an expulsion, the Board shall take into account the following criteria:

1. The student’s pattern of behavior.
2. The seriousness of the misconduct.
3. The student’s attitude toward the misconduct and his/her willingness to follow a rehabilitation program.

The suspension of the enforcement of an expulsion shall be governed by the following: (Education Code 48917)

1. The Board may, as a condition of the suspension of enforcement, assign the student to a school, class or program appropriate for the student’s rehabilitation. This rehabilitation program may provide for the involvement of the student’s parent/guardian in the student’s education. However, a parent/guardian’s refusal to participate in the rehabilitation program shall not be considered in the Board’s determination as to whether the student has satisfactorily completed the rehabilitation program.
2. During the period when enforcement of the expulsion order is suspended, the student shall be on probationary status.
3. The suspension of the enforcement of an expulsion order may be revoked by the Board if the student commits any of the acts listed under “Grounds for Suspension and Expulsion” above or violates any of the district’s rules and regulations governing student conduct.
4. When the suspension of the enforcement of an expulsion order is revoked, a student may be expelled under the terms of the original expulsion order.
5. Upon satisfactory completion of the rehabilitation assignment, the Board shall reinstate the student in a district school. Upon reinstatement, the Board may order the expunging of any or all records of the expulsion proceedings.
6. Suspension of the enforcement of an expulsion order shall not affect the time period and requirements for the filing of an appeal of the expulsion order with County Board of Education.

7. The Superintendent or designee shall send written notice of any decision to suspend the enforcement of an expulsion order during a period of probation to the student or parent/guardian. The notice shall also inform the parent/guardian of the right to appeal the expulsion to the County Board of Education. (Education Code 48918 (j))

Right to Appeal

The student or parent/guardian is entitled to file an appeal of the Board's decision to the County Board of Education. The appeal must be filed within 30 days of the Board's decision to expel, even if the expulsion action is suspended and the student is placed on probation. (Education Code 48919)

Post-Expulsion Placements

The Board shall refer expelled students to a program of study that is: (Education Code 48915, 48915.01)

1. Appropriately prepared to accommodate students who exhibit discipline problems.
2. Not provided at a comprehensive middle, junior or senior high school or at any elementary school, unless the program is offered at a community day school established at such a site.
3. Not housed at the school site attended by the student at the time of suspension.

(cf. 6185 - Community Day School)

When the placement described above is not available, and when the County Superintendent of Schools so certifies, students expelled for acts described in items #6 through #13 and #17 through #19 under "Grounds for Suspension and Expulsion" may be instead referred to a program of study that is provided at another comprehensive middle, junior, or senior high school, or at an elementary school. (Education Code 48915)

The program for a student expelled from any of grades K-6 shall not be combined or merged with programs offered to students in any of grades 7-12. (Education Code 48916.1)

Readmission After Expulsion

Readmission procedures shall be as follows:

1. On the date set by the Board when it ordered the expulsion, the district shall consider readmission of the student. (Education Code 48916)
2. The Superintendent or designee shall hold a conference with the parent/guardian and the student. At the conference the student's rehabilitation plan shall be reviewed and the Superintendent or designee shall verify that the provisions of this plan have been met. School regulations shall be reviewed and the student and parent/guardian shall be asked to indicate in writing their willingness to comply with these regulations.
3. The Superintendent or designee shall transmit to the Board his/her recommendation regarding readmission. The Board shall consider this recommendation in closed session if information would be disclosed in violation of Education Code 49073-49079. If a written request for open session is received from the parent/guardian or adult student, it shall be honored.
4. If the readmission is granted, the Superintendent or designee shall notify the student and parent/guardian, by registered mail, of the Board's decision regarding readmission.
5. The Board may deny readmission only if it finds that the student has not satisfied the conditions of the rehabilitation plan or that the student continues to pose a danger to campus safety or to other district students or employees. (Education Code 48916)
6. If the Board denies the readmission of a student, the Board shall determine either to continue the student's placement in the alternative educational program initially selected or to place the student in another program that serves expelled students, including placement in a county community school. (Education Code 48916)
7. The Board shall provide written notice to the expelled student and parent/guardian describing the reasons for denying readmittance into the regular program. This notice shall indicate the Board's determination of the educational program which the Board has chosen. The student shall enroll in that program unless the parent/guardian chooses to enroll the student in another school district. (Education Code 48916)

Maintenance of Records

The Board shall maintain a record of each expulsion, including the specific cause of the expulsion. The expulsion record shall be maintained in the student's mandatory interim record and sent to any school in which the student subsequently enrolls, within five days of a written request by the admitting school. (Education Code 48900.8, 48918(k))

The Superintendent or designee shall, within five working days, honor any other district's request for information about an expulsion from this district. (Education Code 48915.1)

(cf. 5119 - Students Expelled from Other Districts)

(cf. 5125 - Student Records)

Notifications to Law Enforcement Authorities

Prior to the suspension or expulsion of any student, the principal or designee shall notify appropriate city or county law enforcement authorities of any student acts of assault which may have violated Penal Code 245. (Education Code 48902)

The principal or designee also shall notify appropriate city or county law enforcement authorities of any student acts which may involve the possession or sale of narcotics or of a controlled substance or possession of weapons or firearms in violation of Penal Code 626.9 and 626.10. (Education Code 48902)

Within one school day after a student's suspension or expulsion, the principal or designee shall notify appropriate city or county law enforcement authorities, by telephone or other appropriate means, of any student acts which may violate Education Code 48900(c) or (d), relating to the possession, use, offering or sale of controlled substances, alcohol, or intoxicants of any kind. (Education Code 48902)

Ouome Data

The Superintendent or designee shall maintain the following data and report such data annually to the California Department of Education, using forms supplied by the California Department of Education: (Education Code 48900.8, 48916.1)

1. The number of students recommended for expulsion.
2. The grounds for each recommended expulsion.
3. Whether the student was subsequently expelled.
4. Whether the expulsion order was suspended.
5. The type of referral made after the expulsion.
6. The disposition of the student after the end of the expulsion period.

Regulation: REDLANDS UNIFIED SCHOOL DISTRICT

Approved: June 27, 1995, Redlands, California

(D) Procedures to Notify Teachers of Dangerous Pupils (EC 49079)

Pursuant to legislative Bill AB 29 and California Education Code Section 49079, a notice is sent to inform teachers that they have a legal right to review the cumulative file of each pupil who has engaged in, or is reasonably suspected to have engaged in, any of the acts described in any of the subdivisions, except subdivision (h), of Section 48900.

(E) Sexual Harassment Policies (EC 212.6 [b])

Policy 4119.11: Sex Discrimination and Sex-Based Harassment

The Governing Board is committed to providing a safe work environment that is free of harassment and intimidation. The Board prohibits sexual harassment against district employees by anyone, in any manner, and prohibits retaliatory action or behavior against any persons who complains, testifies, or otherwise participates in the complaint process established pursuant to this policy and accompanying administrative regulation. This policy shall apply to all district employees, interns, volunteers, contractors, job applicants, and other persons with an employment relationship with the district.

(cf. 0410 - Nondiscrimination in District Programs and Activities) (cf. 4030 - Nondiscrimination in Employment)

Sexual harassment includes, but is not limited to, harassment that is based on the sex, gender, gender identity, gender expression, or sexual orientation of the victim and harassment based on pregnancy, childbirth, or related medical conditions.

The Superintendent or designee shall take all actions necessary to ensure the prevention, investigation, and correction of sexual harassment, including but not limited to:

1. Providing training to all staff in accordance with law and administrative regulation.
2. Publicizing and disseminating the district's sexual harassment policy to staff.
3. Ensuring prompt, thorough, equitable, and fair investigation of complaints
4. Taking timely and appropriate corrective/remedial actions which may require interim separation of the complainant and the alleged harasser and subsequent monitoring of developments.

The Superintendent or designee shall periodically evaluate the effectiveness of the district's strategies to prevent and address harassment. Such evaluation may involve conducting regular anonymous employee surveys to assess whether harassment is occurring or is perceived to be tolerated, partnering with researchers or other agencies with the needed expertise to evaluate the district's prevention strategies, and using any other effective tool for receiving feedback on systems and/or processes. As necessary, changes shall be made to the harassment policy, complaint procedures, or training.

Sexual Harassment Reports and Complaints

Any district employee who feels that he/she has been sexually harassed in the performance of their district responsibilities or who has knowledge of any incident of sexual harassment by or against another employee shall immediately report the incident to his/her supervisor, the principal, other district administrator, or the district's Title IX Coordinator. However, an employee may bypass his/her supervisor in filing a complaint if the supervisor is the subject of the complaint. A supervisor, principal, or district administrator who receives a harassment complaint shall promptly notify the Title IX Coordinator.

Once notified, the Title IX Coordinator shall ensure the complaint or allegation is addressed through AR 4119.12/4219.12/4319.12 – Title IX Sexual Harassment Complaint Procedures or AR 4030- Nondiscrimination in Employment, as applicable. Because a complaint or allegation that is dismissed or denied under the Title IX complaint procedure may still be subject to consideration under state law, the Title IX Coordinator shall ensure that any implementation of AR 4119.12/4219.12/4319.12 concurrently meets the requirements of AR 4030.

Notwithstanding the above, BP/AR 4119.12/4219.12/4319.12 and 4030 shall under no circumstances be used to resolve complaints brought by, on behalf of, or against students. All complaints brought by, on behalf of, or against students that allege "sexual harassment" as that term is defined in the federal regulations implementing Title IX of the Education Amendments of 1972 (see 34 C.F.R. § 106, et seq.) shall be investigated and resolved under BP/AR 5145.71. All complaints brought by, on behalf of, or against students that do not meet the definition of "sexual harassment" as set forth in the Title IX implementing regulations shall be investigated and resolved under BP/AR 1312.3.

(cf. 4119.12/4219.12/4319.12 - Title IX Sexual Harassment Complaints)

The Title IX Coordinator shall offer supportive measures to the complainant and respondent, as deemed appropriate under the circumstances.

Upon investigation of a sexual harassment complaint, any district employee who engages, or participates in sexual harassment, or who aids, abets, incites, compels, or coerces another to commit sexual harassment in violation of this policy is subject to disciplinary action, up to and including dismissal, in accordance with law and the applicable collective bargaining agreement.

(cf. 4117.7/4317.7 - Employment Status Reports) (cf. 4118 - Dismissal/Suspension/Disciplinary Action) (cf. 4218 -

Dismissal/Suspension/Disciplinary Action)

Regulation 4119.12: Title IX Sex Discrimination and Sex-Based Harassment Complaint Procedures

The complaint procedures described in this administrative regulation shall be used to address any complaint governed by Title IX of the Education Amendments of 1972 alleging that a district employee, while in an education program or activity in which a district school exercises substantial control over the context and respondent, was subjected to one or more of the following forms of sexual harassment: (34 CFR 106.30, 106.44)

1. A district employee conditioning the provision of a district aid, benefit, or service on a person's participation in unwelcome sexual conduct
2. Unwelcome conduct determined by a reasonable person to be so severe, pervasive, and objectively offensive that it effectively denies a person equal access to the district's education program or activity
3. Sexual assault, dating violence, domestic violence, or stalking as defined in 20 USC 1092 or 34 USC 12291 (cf. 4119.11/4219.11/4319.11 - Sexual Harassment)

All other sexual harassment complaints or allegations shall be investigated and resolved in accordance with AR 4030

- Nondiscrimination in Employment. The determination of whether the allegations meet the definition of sexual harassment under Title IX shall be made by the district's Title IX Coordinator.

(cf. 4030 - Nondiscrimination in Employment)

Because the complainant has a right to pursue a complaint under AR 4030 for any allegation that is dismissed or denied under the Title IX complaint procedure, the Title IX Coordinator shall ensure that all requirements and timelines for AR 4030 are concurrently met while implementing the Title IX procedure.

Reporting Allegations/Filing a Formal Complaint

An employee who is the alleged victim of sexual harassment may submit a report of sexual harassment to the district's Title IX Coordinator using the contact information listed in AR 4119.11/4219.11/4319.11 - Sexual Harassment or to the employee's direct supervisor or other district administrator, who shall forward the report to the Title IX Coordinator within one day of receiving the report. Upon receiving such a report, the Title IX Coordinator shall inform the complainant of the right to file a formal complaint and the process for filing a formal complaint.

A formal complaint, with the complainant's physical or digital signature, may be filed with the Title IX Coordinator in person, by mail, by email, or by any other method authorized by the district. (34 CFR 106.30)

Even if the alleged victim chooses not to file a formal complaint, the Title IX Coordinator shall file a formal complaint in situations when a safety threat exists. In addition, the Title IX Coordinator may file a formal complaint in other situations as permitted under the Title IX regulations, including as part of the district's obligation to not be deliberately indifferent to known allegations of sexual harassment. In such cases, the Title IX Coordinator shall provide the alleged victim notices as required by the Title IX regulations at specific points in the complaint process.

The Title IX Coordinator, investigator, decision-maker, or a facilitator of an informal resolution process shall not have a conflict of interest or bias for or against complainants or respondents generally or an individual complainant or respondent. Such persons shall receive training in accordance with 34 CFR 106.45. (34 CFR 106.45)

Supportive Measures

Upon receipt of a report of Title IX sexual harassment, the Title IX Coordinator shall promptly contact the complainant to discuss the availability of supportive measures and shall consider the complainant's wishes with respect to the supportive measures implemented. Supportive measures shall be offered as appropriate, as reasonably available, and without charge to the complainant or the respondent before or after the filing of a formal complaint or where no formal complaint has been filed. Such measures shall be nondisciplinary, nonpunitive, and not unreasonably burden the other party, including measures designed to protect the safety of all parties or the district's educational environment or to deter sexual harassment. Supportive measures may include, but are not limited to, counseling, extensions of deadlines, modifications of work schedules, mutual restrictions on contact, changes in work locations, leaves of absence, increased security, and monitoring of certain areas of the campus. (34 CFR 106.30, 106.44)

The district shall maintain as confidential any supportive measures provided to the complainant or respondent, to the extent that maintaining such confidentiality would not impair the district's ability to provide the supportive measures. (34 CFR 106.30)

Emergency Removal

If a district employee is the respondent, the employee may be placed on administrative leave during the pendency of the formal complaint process. (34 CFR 106.44)

If the respondent is a student, the district may, on an emergency basis, remove the student from the district's education program or activity, provided that the district conducts an individualized safety and risk analysis, determines that removal is justified due to an immediate threat to the physical health or safety of any student or other individual arising from the allegations, and provides the student with notice and an opportunity to challenge the decision immediately following the removal. This authority to remove a student does not modify a student's rights under the Individuals with Disabilities Education Act or Section 504 of the Rehabilitation Act of 1973. (34 CFR 106.44)

Dismissal of Complaint

The Title IX Coordinator shall dismiss a formal complaint if the alleged conduct would not constitute sexual harassment as defined in

34 CFR 106.30 even if proved. The Title IX Coordinator shall also dismiss any complaint in which the alleged conduct did not occur in the district's education program or activity or did not occur against a person in the United States, and may dismiss a formal complaint if the complainant notifies the district in writing that the complainant would like to withdraw the complaint or any allegations in the complaint, the respondent is no longer employed by the district, or sufficient circumstances prevent the district from gathering evidence sufficient to reach a determination with regard to the complaint. (34 CFR 106.45)

Upon dismissal, the Title IX Coordinator shall promptly send written notice of the dismissal and the reasons for the dismissal simultaneously to the parties and shall inform them of their right to appeal the dismissal of a formal complaint or any allegation in the complaint in accordance with the appeal procedures described in the section "Appeals" below. (34 CFR 106.45)

If a complaint is dismissed, the conduct may still be addressed pursuant to AR 4030 - Nondiscrimination in Employment as applicable.

Informal Resolution Process

When a formal complaint of sexual harassment is filed, the district may offer an informal resolution process, such as mediation, at any time prior to reaching a determination regarding responsibility. The district shall not require a party to participate in the informal resolution process or to waive the right to an investigation and adjudication of a formal complaint. (34 CFR 106.45)

The district may facilitate an informal resolution process provided that the district: (34 CFR 106.45)

1. Provides the parties with written notice disclosing the allegations, the requirements of the informal resolution process, the right to withdraw from the informal process and resume the formal complaint process, and any consequences resulting from participating in the informal resolution process, including that records will be maintained or could be shared.
2. Obtains the parties' voluntary, written consent to the informal resolution process

Written Notice

If a formal complaint is filed, the Title IX Coordinator shall provide the known parties with written notice of the following: (34 CFR 106.45)

1. The district's complaint process, including any informal resolution process
2. The allegations potentially constituting sexual harassment with sufficient details known at the time, including the identity of parties involved in the incident if known, the conduct allegedly constituting sexual harassment, and the date and location of the alleged incident if known. Such notice shall be provided with sufficient time for the parties to prepare a response before any initial interview. If, during the course of the investigation, new Title IX allegations arise about the complainant or respondent that are not included in the initial notice, the Title IX Coordinator shall provide notice of the additional allegations to the parties.
3. A statement that the respondent is presumed not responsible for the alleged conduct and that a determination regarding responsibility is made at the conclusion of the complaint process
4. The opportunity for the parties to have an advisor of their choice who may be, but is not required to be, an attorney, and the ability to inspect and review evidence
5. The prohibition against knowingly making false statements or knowingly submitting false information during the complaint process

The above notice shall also include the name of the investigator, facilitator of an informal process, and decision-maker and shall inform the parties that, if at any time a party has concerns regarding conflict of interest or bias regarding any of these persons, the party should immediately notify the Title IX Coordinator.

Investigation Procedures

During the investigation process, the district's designated investigator shall: (34 CFR 106.45)

1. Provide an equal opportunity for the parties to present witnesses, including fact and expert witnesses, and other inculpatory and

exculpatory evidence

2. Not restrict the ability of either party to discuss the allegations under investigation or to gather and present relevant evidence
3. Provide the parties with the same opportunities to have others present during any grievance proceeding, including the opportunity to be accompanied to any related meeting or proceeding by the advisor of their choice, who may be, but is not required to be, an attorney
4. Not limit the choice or presence of an advisor for either the complainant or respondent in any meeting or grievance proceeding, although the district may establish restrictions regarding the extent to which the advisor may participate in the proceedings as long as the restrictions apply equally to both parties
5. Provide, to a party whose participation is invited or expected, written notice of the date, time, location, participants, and purpose of all investigative interviews or other meetings, with sufficient time for the party to prepare to participate
6. Send in an electronic format or hard copy to both parties and their advisors, if any, the evidence obtained as part of the investigation that is directly related to the allegations raised in the complaint, and provide the parties at least 10 days to submit a written response for the investigator to consider prior to the completion of the investigative report
7. Objectively evaluate all relevant evidence, including both inculpatory and exculpatory evidence, and determine credibility in a manner that is not based on a person's status as a complainant, respondent, or witness
8. Create an investigative report that fairly summarizes relevant evidence and, at least 10 days prior to the determination of responsibility, send to the parties and their advisors, if any, the investigative report in an electronic format or a hard copy, for their review and written response

Questions and evidence about the complainant's sexual predisposition or prior sexual behavior are not relevant, unless such questions and evidence are offered to prove that someone other than the respondent committed the conduct alleged by the complainant or if the questions and evidence concern specific incidents of the complainant's prior sexual behavior with respect to the respondent and are offered to prove consent. (34 CFR 106.45)

Privacy rights of all parties to the complaint shall be maintained in accordance with applicable state and federal laws.

If the complaint is against an employee, rights conferred under an applicable collective bargaining agreement shall be applied to the extent they do not conflict with the Title IX requirements.

Written Decision

The Superintendent shall designate an employee as the decision-maker to determine responsibility for the alleged conduct, who shall not be the Title IX Coordinator or a person involved in the investigation of the matter. (34 CFR 106.45)

After the investigative report has been sent to the parties but before reaching a determination regarding responsibility, the decision-maker shall afford each party the opportunity to submit written, relevant questions that the party wants asked of any party or witness, provide each party with the answers, and allow for additional, limited follow-up questions from each party.

The decision-maker shall issue, and simultaneously provide to both parties, a written decision as to whether the respondent is responsible for the alleged conduct. (34 CFR 106.45)

The written decision shall be issued within 60 calendar days of the receipt of the complaint.

The timeline may be temporarily extended for good cause with written notice to the complainant and respondent of the extension and the reasons for the action. (34 CFR 106.45)

In making this determination, the decision-maker shall use the "preponderance of the evidence" standard for all formal complaints of sexual harassment. (34 CFR 106.45)

The written decision shall include the following: (34 CFR 106.45)

1. Identification of the allegations potentially constituting sexual harassment as defined in 34 CFR 106.30

2. A description of the procedural steps taken from receipt of the formal complaint through the written decision, including any notifications to the parties, interviews with parties and witnesses, site visits, methods used to gather other evidence, and hearings held if the district includes hearings as part of the grievance process
3. Findings of fact supporting the determination
4. Conclusions regarding the application of the district's code of conduct or policies to the facts
5. A statement of, and rationale for, the result as to each allegation, including a decision regarding responsibility, any disciplinary sanctions the district imposes on the respondent, and whether remedies designed to restore or preserve equal access to the district's educational program or activity will be provided by the district to the complainant
6. The district's procedures and permissible bases for the complainant and respondent to appeal

Appeals

Either party may appeal the district's decision or dismissal of a formal complaint or any allegation in the complaint, if the party believes that a procedural irregularity affected the outcome, new evidence is available that could affect the outcome, or a conflict of interest or bias by the Title IX Coordinator, investigator(s), or decision-maker(s) affected the outcome. If an appeal is filed, the district shall: (34 CFR 106.45)

1. Notify the other party in writing when an appeal is filed and implement appeal procedures equally for both parties
2. Ensure that the decision-maker(s) for the appeal is trained in accordance with 34 CFR 106.45 and is not the same decision-maker(s) who reached the determination regarding responsibility or dismissal, the investigator(s), or the Title IX Coordinator
3. Give both parties a reasonable, equal opportunity to submit a written statement in support of, or challenging, the outcome
4. Issue a written decision describing the result of the appeal and the rationale for the result
5. Provide the written decision simultaneously to both parties

An appeal must be filed in writing within 10 calendar days of receiving the notice of the decision or dismissal, stating the grounds for the appeal and including any relevant documentation in support of the appeal. Appeals submitted after this deadline are not timely and shall not be considered.

A written decision shall be provided to the parties within 20 calendar days from the receipt of the appeal.

Either party has the right to file a complaint with the U.S. Department of Education's Office for Civil Rights within 180 days of the date of the most recently alleged misconduct.

The complainant shall be advised of any civil law remedies, including, but not limited to, injunctions, restraining orders, or other remedies or orders that may be available under state or federal antidiscrimination laws, if applicable.

Remedies

When a determination of responsibility for sexual harassment has been made against the respondent, the district shall provide remedies to the complainant. Such remedies may include the same individualized services described above in the section "Supportive Measures," but need not be nondisciplinary or nonpunitive and need not avoid burdening the respondent. (34 CFR 106.45)

Disciplinary Actions

The district shall not impose any disciplinary sanctions or other actions against a respondent, other than supportive measures as described above in the section "Supportive Measures," until the complaint procedure has been completed and a determination of responsibility has been made. (34 CFR 106.44)

When an employee is found to have committed sexual harassment or retaliation, the district shall take appropriate disciplinary action, up to and including dismissal, in accordance with applicable law and collective bargaining agreement.

(cf. 4117.7/4317.7 - Employment Status Report)

(cf. 4118 - Dismissal/Suspension/Disciplinary Action) (cf. 4119.11/4219.11/4319.11 - Sexual Harassment) (cf. 4218 - Dismissal/Suspension/Disciplinary Action)

Record-Keeping

The Superintendent or designee shall maintain, for a period of seven years: (34 CFR 106.45)

1. A record of all reported cases and Title IX investigations of sexual harassment, any determinations of responsibility, any audio or audiovisual recording and transcript if applicable, any disciplinary sanctions imposed, any remedies provided to the complainant, and any appeal or informal resolution and the results therefrom.
2. A record of any actions, including supportive measures, taken in response to a report or formal complaint of sexual harassment, including the district's basis for its conclusion that its response was not deliberately indifferent, the measures taken that were designed to restore or preserve equal access to the education program or activity, and, if no supportive measures were provided to the complainant, the reasons that such a response was not unreasonable in light of the known circumstances.
3. All materials used to train the Title IX Coordinator, investigator(s), decision-maker(s), and any person who facilitates an informal resolution process. The district shall make such training materials publicly available on its web site, or if the district does not maintain a web site, available upon request by members of the public.

(F) School-wide Dress Code Relating to Gang-Related Apparel (EC 35183)

Policy 5132.16: Student Dress Guidelines

The Governing Board believes that appropriate dress and grooming contribute to a productive learning environment. The Board expects students to give proper attention to personal cleanliness and to wear clothes that are suitable for the school activities in which they participate. Students' clothing must not present a health or safety hazard or a distraction which would interfere with the educational process.

Students and parents/guardians shall be informed about dress and grooming standards at the beginning of the school year and whenever these standards are revised. A student who violates these standards shall be subject to appropriate disciplinary action.

Gang-Related Apparel

The principal, staff and parents/guardians at a school may establish a reasonable dress code that prohibits students from wearing gang-related apparel when there is evidence of a gang presence that disrupts or threatens to disrupt the school's activities. Such a dress code may be included as part of the school safety plan and must be presented to the Board for approval. The Board shall approve the plan upon determining that it is necessary to protect the health and safety of the school's students.

Uniforms

The Board recognizes that, in order to promote student safety and discourage peer rivalry and/or gang activity, the principal, staff and parent/guardian at a school site may wish to establish a reasonable dress code, which may include voluntary school uniforms.

Dress codes, which include voluntary school uniforms, may be included as part of the school safety plan submitted as required.

The Superintendent or designee shall establish procedures that schools, parents and guardians will follow if they decide to participate with the voluntary school uniform policy. Students shall not be penalized academically, otherwise discriminated against or denied attendance to school if their parents/guardian decide not to participate.

The Governing Board feels that there is nothing inherently wrong with dress or color of dress, but when student's dress serves to intimidate or impede the rights of other students it will be determined that dress is in violation of this policy. A student may not remain at school dressed in a manner which (1) creates a safety hazard for said student or for other students at school, and/or (2) when the dress constitutes a serious and unnecessary distraction to the learning process or tends to disrupt campus order

When the site administrator/designee determines that a student's attire is in violation of this policy, the student will be required to modify his/her clothing and/or apparel in such a manner that it no longer violates this policy. If necessary, the student may be taken or sent home with parental permission to modify unacceptable dress and return to school. Refusal to take steps as described in this policy shall be cause for disciplinary action against the student. Any such disciplinary action shall be handled pursuant to existing student disciplinary policy

Parents/guardians have primary responsibility to see that students are properly attired for school. School district personnel have the responsibility for maintaining proper and appropriate conditions conducive to learning. Hence, the following guidelines will be implemented in all district schools.

1. Shoes will be worn at all times. A substantial sole is required and enclosed toe and heel footwear are highly encouraged.
2. Extremely brief garments that are distracting to the educational environment are not appropriate. Clothing shall be sufficient to conceal undergarments at all times.
3. Clothing or accessories shall be free of writing, pictures or any other insignia which are crude, violent, obscene or sexually suggestive or which advocate racial, ethnic or religious prejudice or the use of tobacco, drugs or alcohol.
4. Earrings, jewelry, or accessories which present a safety hazard to the wearer or others are not suitable for school wear.
5. Only prescription sunglasses may be worn in class. Other types of sunglasses may be worn on campus outside of class.
6. Identified gang attire such as bandannas, haircuts or hair rollers, or any gang paraphernalia are prohibited.

Students are allowed to wear sun protective clothing, including hats, while outdoors during the school day. Each school site will develop a policy indicating the type of sun protective hats that are permitted.

No grade of a student participating in a physical education class shall be adversely affected if the student does not wear standardized physical education apparel because of circumstances beyond the student's control. (Education Code 49066) All clothing worn during physical education shall meet reasonable safety standards.

The purpose of adopting these Student Dress Guidelines is not to infringe on any individual student's rights to freedom of expression, but rather to encourage students to dress appropriately and come to school properly prepared for participating in the educational process.

Gang-Related Apparel

Because gang-related symbols are constantly changing, definitions of gang-related apparel shall be reviewed as needed and updated as necessary.

Uniforms

In schools where a majority of parents respond and indicate on a survey that they desire to establish a voluntary school-wide uniform dress code, the principal, staff and the parents/guardians of the individual school site shall:

1. Jointly select the specific uniform to be worn. (Education Code 35183)
2. Describe the uniform parts and identify local vendors who sell those pieces of clothing. A description of the implementation of the voluntary uniform dress code will be submitted to the superintendent's designee including:
 - a. The process for parent notification
 - b. Positive procedures that will be used to encourage students to participate with the voluntary uniform dress code
3. A description of the uniform and a list of costs for each competitively priced item of clothing as provided by a variety of vendors will be sent to parents.
4. Parents will be notified that this is a voluntary uniform dress code and that students not participating shall not be penalized academically, otherwise discriminated against or denied attendance to school if their parents/guardians so decide.

Parent Notification

The principal shall give parents/guardian at least six months notice before a school site implements a voluntary school uniform dress code. (Education Code 35183)

Physical Environment

The Schools' Location and Physical Environment

Cope Middle School is located in the Redlands area of San Bernardino County that has an average crime rate and average poverty level. The immediate area around the school includes Residential neighborhoods, a local grocery store, other schools, and churches.

Present safety hazards include overhead electrical lines, busy traffic, some uneven walkways due to age of campus..

Description of School Grounds

The school site encompasses 15 acres. The grounds are grass, concrete and asphalt and includes basketball and volleyball courts, baseball diamonds and a lined track. There are several wings and/or clusters of classrooms including 49 classrooms, 27 relocatable classrooms. Other ancillary structures include PE fields and courts, gardens, multi-purpose room, 2 locker rooms, counseling office, library, kitchen, and student store.

During the school day, staff members and administrators shall provide campus supervision. Identified problem areas receive increased supervision to reduce discipline, crime, or other school safety concerns.

It shall be the practice of Cope Middle School to remove all graffiti from school property before pupils arrive to begin their school day. Other acts of vandalism are promptly addressed.

Maintenance of School Buildings/Classrooms

The school's physical facility is well maintained and generally looks neat and clean. The school was most recently painted 2019 renovated during the 2008 year. In 2020 major upgrades and repairs were made to landscaping and areas around classrooms.

District personnel periodically examine the school's physical facility and help eliminate obstacles to school safety. Additionally, health and fire department inspectors contribute to school safety.

As issues arise, school work orders are submitted so that improvements can be made in a timely fashion.

Internal Security Procedures

Cope Middle School has established procedures in the following areas: California Safe School Assessment (CSSA) reporting procedures, suspension and expulsion procedures, inventory system, and visitor check-in system through Raptor, behavior intervention programs, student contracts, mandated reporting, Eagle Academy (Alternative to Suspension Program), campus safety walks, Progress Advisor app,etc..

Cope Middle School crime statistics reflect a total of 0 crimes reported during the 2021/22 school year.

Keeping reportable crimes at a minimum requires constant vigilance. The following strategies will be utilized in achieving this goal: Supervision provided by school staff; utilization of a team of campus monitors; weekly meetings with admin, counselors, and safety officers; a "firm, fair, and consistent" approach to violations of school rules; progressive discipline model, Alternative to Suspension program (Eagle Academy); daily campus facility walks, etc.

Cope Middle School maintains a copy of the district's sexual harassment policy in the main office/principal's office and the policy is available on request. The District's Sexual Harassment Policy contains dissemination plans, applicable definitions, reporting requirements, investigation procedures, enforcement regulations, and information related to suspension and/or expulsion for sexual harassment of or by pupils. Additionally, a notice summarizing this sexual harassment policy appears in the Parent & Student Handbook. The parent student handbook is distributed at the beginning of each school year to all parents and pupils.

To ensure the safety of pupils and staff, all visitors to the campus, except pupils of the school and staff members, shall register immediately upon entering any school building or grounds when school is in session. District employees, not assigned to Cope Middle School shall wear appropriate identification badges while on campus conducting business.

Discipline procedures shall focus on finding the cause of problems and working with all concerned to reach the proper, lawful solutions. The school's discipline plan begins at the classroom level. Teachers shall use a visible classroom management plan to communicate classroom rules, promote positive pupil conduct, and reduce unacceptable conduct. Appropriate consequences are administered based on the seriousness of the pupil's misbehavior.

Pupil conduct standards and consequences for Cope Middle School are specifically described in this Comprehensive Schools Safety Plan including: (a) the adopted school discipline rules and procedures, (b) District Disciplinary Guidelines, and (c) the adopted school-wide dress code.

Pupils may be suspended, transferred to another school, or recommended for expulsion or for certain acts. For specific student violations, a mandatory expulsion recommendation shall be submitted by the administration of Cope Middle School.

Site administrators contribute to a positive school climate, promote positive pupil behavior, and help reduce inappropriate conduct.

The principal/designee uses available district and other appropriate records to inform teachers of each pupil identified under E.C. 49079.

Law enforcement is contacted and consulted to help maintain and to promote a safe and orderly school environment. Cope Middle School employees comply with all legal mandates, regulations, and reporting requirements for all instances of suspected child abuse.

If appropriate, additional internal security procedures affecting the integrity of the school facility include: Reviewing and practicing drills for lockdowns, high-alert lockdowns, fires, and earthquakes, daily safety walks, etc.

Community involvement is encouraged to help increase school safety.

All visitors must check in the front office and have their ID checked with the Raptor system.

Inventory System - Engraved ID, Security Storage

Most school-site equipment has a metal ID tag or a barcode sticker adhered to its surface. These items are inventoried annually and there is an established accountability system. Office and classroom supplies are secured.

A contingency plan for emergencies is contained in a handbook available to each staff member. The District's Emergency Response Plan - (ERP Plan) is listed at the last section of this plan. The plan is reviewed at the beginning of each school year. This plan also contains available district and outside agency resources, emergency disaster procedures and information on Standardized Emergency Management System (SEMS).

(I) School Discipline Rules and Consequences (EC 35291 and EC 35291.5)

Cope Middle School Student Conduct Code

Procedures to Ensure a Safe and Orderly Environment

Rules and Procedures on School Discipline

Philosophy of Discipline

- Behavior expectations and the consequences for not meeting expectations must be clearly communicated to all students and their parents (in writing as well as verbally).
- The severity of consequences for violating behavior expectations increases with each incident of inappropriate behavior.
- The consequences for violating behavior expectations should be severe enough to discourage students from making poor behavior decisions.
- Expectations and consequences should permit students an opportunity to eliminate inappropriate behavior.

Additionally, the school staff recognizes that the middle school years are a transition time from adolescence to young adulthood. As a part of this transition, the student is given greater opportunities to be responsible and demonstrate independence and good judgment. The structure of our behavior expectations (in the classroom as well as school wide) is meant to encourage students to be responsible. The first step in many instances of inappropriate behavior (those considered to be "minor") is a simple warning ("Your behavior is unacceptable. Please stop such behavior"). It is only when a student ignores such warnings and continues to choose to act irresponsibly (like a child rather than an emerging adult) that we involve parents and implement consequences.

Elements of a Good Discipline Program

1. The program is focused upon making the entire campus, especially the classroom, a safe, supportive and orderly environment for learning for students and staff.
2. Classroom authority is retained by the classroom teacher. (Administration's role is to support, not to replace.)
3. Rules and procedures are clearly understood by staff and students.
4. All staff members will acknowledge and take appropriate action on any minor or major infraction of the school rules.
5. Rules and procedures comply with State Law and District policies.
6. The program recognizes the responsibilities and the rights of students and staff.
7. Program is structured to keep students in class and engaged in the educational process.
8. Rules are enforced:
 - A. by all staff members at all times.
 - B. strictly, but not rigidly (beware of "automatics").
 - C. in substantial part by adult modeling.
 - D. using techniques that promote the growth of positive self-esteem.
 - E. as close to the source as is possible.
 - F. by keeping parents informed.
9. The discipline program is understood, endorsed, and supported by staff, parents, and students.

PRINCIPAL'S STATEMENT TO EDMS STAFF

Expectations in Developing & Maintaining Discipline

As Principal of Cope Middle School, I will expect:

Each teacher to have a defined system of classroom management.

You can expect each administrator to assist and support you in every reasonable way in developing, implementing, and refining that system as needed.

I will expect:

That when you refer a student for discipline:

1. The student has been made fully aware of classroom and school rules and knows what rules he/she has violated.
2. That information will be provided on the referral regarding previous actions you have taken regarding this specific issue.
3. You have exhausted the interventions at your disposal (i.e., you have done everything you can do) and you have followed the guidelines established by the administration and staff on what constitutes an appropriate behavior referral.
4. The behavior was so serious or so blatant as to make immediate removal from the classroom necessary.
5. The written referral will be explicit in stating the offense(s).
6. You will send the student out of class with a referral only if his/her continued presence in the class would disrupt or prevent teaching and/or learning.
7. If necessary, the referral will be delivered to the office at a time convenient to the staff member so that the issue may be handled most efficiently, causing a minimum of lost class time
8. That each teacher will make parent notification regarding the discipline infraction.

You can expect

1. Each administrator to support your position in every reasonable way.
2. A response time on your referral of one, or at most, two days.

3. The availability of an administrator to discuss unresolved referrals after school on any given day.
4. That the administrator will exercise independent judgment regarding disposition of referrals.

I will expect

1. That each teacher will go to the doorway of his/her classroom after each class period as often as possible to greet their students.
2. That each staff member will hold students accountable for their behavior on the school grounds at all times.

You can expect

1. Administrator support, investigation, and follow-through as indicated.
2. A response to referrals from incidents outside the classroom to be the same as to those within.

Kate Van Luven
Principal

The school discipline policy is summarized in the student/parent handbook which every parent has to acknowledge reading when they do their student's data confirmation in Aeries at the beginning of each school year. Parents and students acknowledge that they have read and discussed the handbook. Responsibility and school procedures are covered as part of the Week of Wow during the first two school days of the school year.

WHAT TO DO WHEN PROBLEMS APPEAR

Both behavioral and academic problems are present in some of our students. Teachers often ask for guidelines for dealing with these problems. Here they are:

1. Talk to the administrator assigned to your grade level.
2. Call parents at first sign of concern. Inform the parents of your observations, ask for their ideas, assistance, and support in serving the student. Keep a log of your calls.
3. If possible, talk privately to the student about your concerns.
4. Behavior concerns—look through students' CUM file. Any official suspensions will be in file, also look for teacher comments on report cards. Look for patterns of behavior. We use In-House Suspension whenever possible, as it is preferable to having students at home unattended—and it saves the district money. Serious infractions (fighting, threats, etc.) do result in official suspension. Unresponsive students can be moved to other schools or expelled.
5. Referrals—please remember if you write a student referral, you are required to call the parents. You are writing the referral and can answer the parents' questions firsthand. Administrators will also call parents, but we can only give secondhand information on the incident.
6. Academic Concerns—again, look through student CUM. This will contain test scores, report cards, and a student history. You may want to ask the grade level administrator to schedule a Student Study Team (SST). This will involve a meeting with the student, parents, administrators, students' teachers, and perhaps the psychologist

Conduct Code Procedures

(K) Hate Crime Reporting Procedures and Policies

Redlands Unified School District maintains an anonymous tip line where students are encouraged to report vandalism, graffiti, or other crimes. The phone number is: 1-800-78- CRIME or www.wetip.org Families may also use the Sprigeo app to report safety-related concerns to themselves, other students, or the campus.

BULLYING/ HATE CRIME / HARASSMENT / INTIMIDATION / RELATIONAL AGGRESSION can all be reported by using the 1-800-78-CRIME or the SPRIGEIO app. If a student believes they or another student is being bullied or harassed, they should report it to a counselor, administrator, or safety officer. Students will be encouraged to fill out the Redlands Unified School District Bullying/Harassment form for ongoing issues. Each report will be investigated, and students will be referred to their counselor for support/resolution.

The Redlands Unified School District Board of Education has established the following: “No student or group of students shall, through physical, written, verbal, or other means, harass, sexually harass, threaten, intimidate, cyberbully, cause bodily injury to, or commit hate violence against any other student or school personnel.” Those who choose to bully will be disciplined according to district policy and the California Education Code. (J) Procedures to Prepare for Active Shooters

RUSD LOCK DOWN

CLASSROOM PROCEDURE CHECK-LIST

LOCK DOWN INFORMATION AND LEVELS

Safe & Secure Mode is a security procedure used to reduce student and staff movement outside school buildings. This may be due to a medical emergency, area disturbance, etc. It is designed to allow for school to carry forward but have the ability to move to Lockdown quickly if needed. During the Safe & Secure mode, there is heightened vigilance on campus by all school staff. All recesses and outdoor activities have ended. Parents/ guardians can have access to their student(s) and may check them out of school if they see fit to do so.

Teachers should continue teaching as normal.

Allow students restroom use with clear administrator/ teacher direction.

Increased available staff presence during passing periods and student dismissal.

Lunch/ activities in a more secure area, unless site admin decides otherwise.

Standard inclement weather schedule remains in place, unless site administrator/ designee decides otherwise.

Perimeter gates, where applicable, will remain locked and monitored by available staff, allowing for central access points.

PE classes will be moved off all fields into more secure locations. (e.g., gym, class, & MPR)

Lock Down is called when a law enforcement event is happening in the vicinity of a school.. The law enforcement agency generally, but not always, contacts the school/district to encourage the school site to Lock Down as a precautionary measure. All

Administrators are expected to place their school in Lock Down in this scenario.

Take a look outside your classroom and gather up any stray students in the hallways.

Ensure that your door is locked.

If windows are open, close them.

Close all drapes and cover door windows.

Project a calm demeanor to help students remain calm.

Reassure students that they are safe.

Do not allow anyone to leave the classroom.

Frequently check your emails for possible updates from your site administrators.

If students are out on the playground or athletic fields, quickly move them to a secure classroom, locker room, or multi-purpose room.

The release and all clear for any lock down is as follows: A security officer or administrator will physically unlock your door and give you a verbal all clear. All students will continue to remain in class until ALL classes are given the all clear by a security officer or administrator. An all call will then follow to release students to their next period as necessary after ALL classes have been physically cleared.

Critical Alert is called when a significant, threatening event is happening on campus or adjacent to campus that creates a potential danger to students and staff. While this may be communicated to the school by law enforcement, it may also be determined by school officials on the scene. Critical Alert assumes that everyone is prepared for a potential significant threat/event on campus. Implement all items from the Lock Down list above.

Turn off all lighting, so it will appear that the room is vacant.

Keep all students sitting on the floor, away from the door or windows.

Do not look out the windows.

Cover window on the door (if one exists).

Advise the students that there is a serious situation, but you don't know what it is.

Project a calm demeanor to help students remain calm. Reassure students that they are safe.

Ensure that everyone in the room turns the ringer off on their cell phones.

Do not allow students to talk on their cell phones (keep the room as quiet as possible).

Do not call the office. They are in the midst of a problem and will not be able to answer

all the calls which may tie up the phone system.

Quietly take roll and make a list of missing students and any extra students that are in your room. IF POSSIBLE email this list to your administrators and school site secretaries.

Do not evacuate students until you are told to, even if the fire bells go off. If, in fact, there is a need for a fire evacuation, you will be notified via the PA system, email, or phone call.

Do not open the door, even if someone knocks and claims to be a staff member.

(Administrator/security/custodian will have a master key).

If students are out on the PE field, do not return them to the locker room. Move them to a safe place (the farthest part of the campus).

Students who are unable to safely enter a structure should run away from the danger and make their way to Smiley Elementary School, .4 miles west of campus. District personnel will work to identify and reunify those students.

The release and all clear for any lock down is as follows: A security officer or administrator will physically unlock your door and give you a verbal all clear. All students will continue to remain in class until ALL classes are given the all clear by a security officer or administrator. An all call will then follow to release students to their next period as necessary after ALL classes have been physically cleared.

Procedures for Preventing Acts of Bullying and Cyber-bullying

BULLYING / HARASSMENT / INTIMIDATION / RELATIONAL AGGRESSION

Bullying can be defined as the use of intimidation, aggression, and/or cruelty with the result of hurting another person. Bullying carries the ramification of causing pain and stress to the victim. Bullying is never justified and is not excusable as “kids being kids,” “just teasing” or any other rationalization.

Specific types of bullying may include, but is not limited to: physical, verbal, mental/emotional, racist/intolerant, and sexual. It may also include the use of social networks and cell phones. If a student believes they or another student is being bullied or harassed, they should report it to a counselor, administrator, or safety officer. Students will be encouraged to fill out the Redlands Unified School District Bullying/Harassment form for ongoing issues. Each report will be investigated, and students will be referred to their counselor for support/resolution.

The Redlands Unified School District Board of Education has established the following: “No student or group of students shall, through physical, written, verbal, or other means, harass, sexually harass, threaten, intimidate, cyberbully, cause bodily injury to, or commit hate violence against any other student or school personnel.” Those who choose to bully will be disciplined according to district policy and the California Education Code. Step One: Identify the Type of Emergency

Step Two: Identify the Level of Emergency

Step Three: Determine the Immediate Response Action

Step Four: Communicate the Appropriate Response Action

Types of Emergencies & Specific Procedures

Earthquake

EARTHQUAKE or EARTHQUAKE DRILL

(Earthquake and/or announced via PA system)

Procedure:

Cease all classwork and duck and cover. Exit when safe, or during a drill, wait one full minute after the bell stops ringing or an announcement is made.

Take class lists, emergency backpack, emergency toilet and supplies.

Clear building calmly but rapidly. Evacuate according to evacuation route (see evacuation map in appendix). Use caution, as buildings may be unstable. Upon entering an area, check for the smell of gas or downed power lines and adjust the evacuation route if necessary. If evacuation is deemed unnecessary, an announcement will be made.

Leave the door unlocked. Place a GREEN "OK" or RED "HELP" sign in the window on the south side of the classroom as you leave. Portable classrooms should place the sign in the window nearest the door.

Send Emergency Status Forms with a trusted student runner to the Command Post member standing at the south end of the lower court (in front of Lecture Hall). Maintain supervision of students until you receive further directions. Paraprofessionals should wait with the teacher and class, and if missing should be reported missing on the Emergency Status Form. Wait for an announcement from administration using megaphone, or a long "All Clear" bell to ring to signal return to class.

Additional Information:

Report to Command Post if on planning period. Team leaders report to the Command Post when directed to do so. After taking attendance and sending Emergency Status form in, all Search and Rescue Team Members should inform nearby teacher to watch his/her class and report to the Command Post.

If an earthquake or earthquake drill takes place when students are not in classrooms (before school, passing period, tutorial, lunch) students will evacuate according to the evacuation route. When they reach the lower field, they will line up with their 1st period teacher.

If an earthquake or earthquake drill takes place after school, students will evacuate according to the evacuation route and line up with their 1st period teacher.

Fire in Surrounding Area

FIRE or FIRE DRILL

(Fire alarms set off and/or announced via PA system)

Procedure:

Cease all classwork.

Take class lists, emergency backpack, emergency toilet and supplies.

Clear building calmly but rapidly. Evacuate according to the evacuation route (see Evacuation map). Use caution, as buildings may be unstable. Upon entering an area, check for the smell of gas or downed power lines and adjust the evacuation route if necessary. If evacuation is deemed unnecessary, an announcement will be made.

The teacher must be the last person out to close the door. Do not lock the door. Place a GREEN "OK" or RED "HELP" sign in the window on the south side, if applicable, side of the classroom as you leave.

If a drill takes place while students are not in class, grab the emergency backpack and class lists and go to the field area. Your FIRST period students will report to you on the field.

Send Emergency Status Forms with a trusted student runner to the Command Post member standing at the south end of the lower court (in front of the Lecture Hall). Maintain supervision of students until you receive further directions. Paraprofessionals should wait with the teacher and class, if missing should be reported missing on Emergency Status Form. Wait for an announcement from administration using a megaphone, or a long "All Clear" bell to ring signaling everybody to return to class.

Additional Information:

Report to Command Post if on planning period. Team leaders report to the Command Post when directed to do so. After taking attendance and sending Emergency Status form in, all Search and Rescue Team Members should inform a nearby teacher to watch his/her class and report to Command Post.

If a fire or fire drill takes place when students are not in classrooms (before school, passing period, tutorial, lunch) students will evacuate according to the evacuation route. When they reach the lower field, they will line up with their 1st period teacher.

If a fire or fire drill takes place after school when students are still present, evacuate according to the evacuation route and students will line up with their 1st period teacher.

Fire on School Grounds

FIRE or FIRE DRILL

(Fire alarms set off and/or announced via PA system)

Procedure:

Cease all classwork.

Take class lists, emergency backpack, emergency toilet and supplies.

Clear building calmly but rapidly. Evacuate according to the evacuation route (see Evacuation map). Use caution, as buildings may be unstable. Upon entering an area, check for the smell of gas or downed power lines and adjust the evacuation route if necessary. If evacuation is deemed unnecessary, an announcement will be made.

The teacher must be the last person out to close the door. Do not lock the door. Place a GREEN "OK" or RED "HELP" sign in the window on the south side, if applicable, side of the classroom as you leave.

If a drill takes place while students are not in class, grab the emergency backpack and class lists and go to the field area. Your FIRST period students will report to you on the field.

Send Emergency Status Forms with a trusted student runner to the Command Post member standing at the south end of the lower court (in front of the Lecture Hall). Maintain supervision of students until you receive further directions. Paraprofessionals should wait with the teacher and class, if missing should be reported missing on Emergency Status Form. Wait for an announcement from administration using a megaphone, or a long "All Clear" bell to ring signaling everybody to return to class.

Additional Information:

Report to Command Post if on planning period. Team leaders report to the Command Post when directed to do so. After taking attendance and sending Emergency Status form in, all Search and Rescue Team Members should inform a nearby teacher to watch his/her class and report to Command Post.

If a fire or fire drill takes place when students are not in classrooms (before school, passing period, tutorial, lunch) students will evacuate according to the evacuation route. When they reach the lower field, they will line up with their 1st period teacher.

If a fire or fire drill takes place after school when students are still present, evacuate according to the evacuation route and students will line up with their 1st period teacher.

Blood Borne Pathogen Incident Reporting Form and Exposure Control Plan

Policy 5141.22: Infectious Diseases

The Governing Board desires to protect students from risks posed by exposure to infectious diseases while providing an appropriate education for all students.

The Superintendent or designee shall determine whether to admit a student with an infectious disease, and shall exclude students only in accordance with law. In making this determination, he/she shall consult the student's parents/guardians, the student's physician and/or the county health department, in accordance with law and consistent with confidentiality provisions. Because bloodborne pathogens such as hepatitis B virus, hepatitis C virus and human immunodeficiency virus (HIV) are not casually transmitted, the sole presence of bloodborne pathogens is not sufficient reason to exclude students from attending school.

(cf. 5141.26 - Tuberculosis Testing)
(cf. 5141.3 - Health Examinations)
(cf. 6158 - Independent Study)
(cf. 6159 -Individualized Education Program)
(cf. 6183 - Home/Hospital Instruction)

Parents/guardians are encouraged to inform the Superintendent or designee if their child has an infectious disease so that school staff may work cooperatively with the student's parents/guardians to minimize the child's exposure to other diseases in the school setting. The Superintendent or designee shall ensure that student confidentiality rights are strictly observed in accordance with law. No district employee shall release medical information, including knowledge of a bloodborne pathogen infection, without written consent from the parent/guardian or adult student. Such information shall be shared only with those persons specifically named in the written permission.

(cf. 5125 - Student Records)
(cf. 5022 -Student and Family Privacy Rights)

The Board requires students and staff to routinely observe universal precautions to prevent exposure to bloodborne pathogens and to prevent the spread of all infectious disease.

- d. Areas for potential for exposure
- e. How exposure may happen
- f. Who needs to know?
- g. What will happen if there is a risk of exposure?

2.3. The team will consider the risk to others in the workplace, whether or not the individual is healthy enough to continue to attend school, and what precautions should be taken to ensure the safety and health of others.

a. The identity of infected students will remain confidential and restricted to those who need to know or are required to be informed.

2.4. Decisions on attendance at school are dependent on the circumstances of each individual case. Regular evaluation of the appropriateness of attendance will be conducted.

5. Universal Precautions

5.1. Universal Precautions to prevent transmission of blood-borne disease will be followed. Universal Precautions is the term for infection control measures endorsed by the Canadian Centre for Occupational Health and Safety for workers who might come into contact with blood and other body fluids. In summary they include:

- a. Wash hands for 30 seconds after contact with blood and other body fluids contaminated with blood.

(Note: The custodial department will provide each school with the product for dissolving in water to provide the bleach solution.)

6. Identification of Risks of Occupational Exposure

6.1. In accordance with the Occupational Health and Safety Regulations (section 6.35), the district's Health & Safety Coordinator will develop and maintain a list of positions and/or tasks and procedures where there is a potential for occupational exposure to a blood borne pathogen.

6.2. Employees who have, or may have, occupational exposure to the hepatitis B virus, will upon request, receive a hepatitis B vaccination (section 6.39, OH&S Regs).

6.3. Employees who may have been exposed to a blood borne pathogen in an exposure incident will be advised to immediately seek medical attention

Blood Borne Pathogen Incident Reporting Form and Exposure Control Plan69

Blood Borne Pathogens - Safety Practices70

Comprehensive School Safety Plan Purpose

Effective January 1, 2019, Assembly Bill 1747 (Rodriguez), School Safety Plans, became law. This bill requires that during the writing and development of the comprehensive school safety plan (CSSP), the school site council or safety committee consult with a fire department and other first responder entities in addition to currently required entities. It requires the CSSP and any updates made to the plan to be shared with the law enforcement agency, the fire department, and the other first responder entities.

The California Education Code (sections 32280-32288) outlines the requirements of all schools operating any kindergarten and any grades 1 to 12, inclusive, to write and develop a school safety plan relevant to the needs and resources of that particular school.

In 2004, the Legislature and Governor recast and renumbered the Comprehensive School Safety Plan provisions in SB 719 and AB 115. It is the intent of the Legislature in enacting the provisions to support California public schools as they develop their mandated comprehensive safety plans that are the result of a systematic planning process, that include strategies aimed at the prevention of, and education about, potential incidents involving crime and violence on school campuses.

The historical requirement of the Comprehensive School Safety Plan was presented in Senate Bill 187, which was approved by the Governor and chaptered in 1997. This legislation contained a sunset clause that stated that this legislation would remain in effect only until January 1, 2000. Senate Bill 334 was approved and chaptered in 1999 and perpetuated this legislation under the requirement of the initial legislation.

Comprehensive School Safety Plans are required under SB 719 & AB 115 and contains the following elements:

Assessment of school crime committed on school campuses and at school-related functions

- Child abuse reporting procedures
- Disaster procedures
- Suspension and expulsion policies
- Procedures to notify teachers of dangerous pupils
- Discrimination and harassment policies
- School wide dress code policies
- Procedures for safe ingress and egress
- Policies enacted to maintain a safe and orderly environment
- Rules and procedures on school discipline
- Hate crime reporting procedures

The Comprehensive School Safety Plan will be reviewed and updated by March 1st every year. In July of every year, the school will report on the status of its school safety plan including a description of its key elements in the annual school accountability report card.

A copy of the Comprehensive School Safety Plan is available for review at Moore Middle School.

Safety Plan Vision

Moore Middle School will provide a safe, orderly, and secure environment conducive to learning. Moore Middle School will create a school in which pupils will attend regularly and be safe from both physical and social-psychological harm. Moore Middle School will work collaboratively with the district office and school board to identify, establish and use strategies and programs to comply with school safety laws. Moore Middle School will develop a plan to work cooperatively and collaboratively with parents, pupils, teachers, administrators, counselors and community agencies, including law enforcement, to provide a safe and orderly school and neighborhood. Moore Middle School will develop an academic program that will focus on high expectations of pupil performance and behavior in all aspects of the school experience. Moore Middle School will work collaboratively with other elementary, middle schools and high schools to assist in a smooth transition from one school level to another. Moore Middle School will solicit the participation, views, and advice of teachers, parents, school administrators, and community members and use this information to promote the safety of our pupils, staff and community.

Moore Middle School Safety Committee

Assessment of School Safety

During the 2023-2024 school year, Moore Middle School 209 suspensions. This number was among the highest in the district amongst the eight secondary schools. Moore Middle School had an average attendance rate for the 2023-2024 school year of 92.95%. This will continue to an area that we strive to improve. For the 2024-2025 school year, Moore will work hard to lower our suspension rate and increase our attendance rate, all while maintaining a safe and secure campus that reflects the three pillars of our school culture. Respect, Kindness, and Effort.

A mandated reporter who fails to report an instance of child abuse, which he/she knows to exist or reasonably should know to exist, is guilty of a misdemeanor and is punishable by confinement in jail for a term not to exceed six months or by a fine of not more than \$1,000 or both. The mandated reporter may also be held civilly liable for damages for any injury to the child after a failure to report

When two or more persons who are required to report have joint knowledge of suspected instance of child abuse, and when they so agree, the telephone report may be made by either of them and a single report made and signed by that person.

However, if any person who knows or should know that the person designated failed to make the report, that person then has a duty to make the report.

The duty to report child abuse is an individual duty and no supervisor or administrator may impede or inhibit such reporting duties. Furthermore, no person making such a report shall be subject to any sanction.

Victim Interview

Upon request, a child protective agency representative may upon request interview a suspected victim of child abuse during school hours, on school premises, concerning a report of suspected child abuse that occurred within the child's home. The child shall be given the choice of being interviewed in private or in the presence of any adult school employee or volunteer aide selected by the child. (Penal Code 11174.3)

A staff member or volunteer aide selected by a child may decline to be present at the interview. If the selected person accepts, the principal or designee shall inform him/her, before the interview takes place, of the following legal requirements:

1. The purpose of the selected person's presence at the interview is to lend support to the child and enable him/her to be as comfortable as possible.
2. The selected person shall not participate in the interview.
3. The selected person shall not discuss the facts or circumstances of the case with the child.
4. The selected person is subject to the confidentiality requirements of the Child Abuse and Reporting Act, a violation of which is punishable as specified by Penal Code 11167.5.
5. If a staff member agrees to be present, the interview shall be held at a time during school hours when it does not involve an expense to the school. (Penal Code 11174.3)

Release of Child to Peace Officer or Child Protective Services Agent

When a child is released to a peace officer or child protective agency and taken into custody as a victim of suspected child abuse, the Superintendent and/or principal shall not notify the parent/guardian as required in other instances of removal of a child from school, but rather shall provide the protective agency with the address and telephone number of the child's parent/guardian. It is the responsibility of the peace officer or agent to notify the parent/guardian of the situation. (Education Code 48906)

Peace officer and child protective services agents will be asked to sign an appropriate release or acceptance of responsibility form.

(cf. 5145.11 - Questioning and Apprehension)

When School Employees are Accused of Child Abuse

Regardless of who child abusers may be, the major responsibilities of mandated reports are to 1) identify incidents of suspected child abuse, and 2) comply with laws requiring the reporting of suspected abuse to proper authorities. Determining whether or not the suspected abuse actually occurred is not the responsibility of the school employee. Such determination and follow-up investigation will be made by a child protective agency.

Pending outcome of an investigation by a child protective agency and before formal charges are filed, the employee may be subject to reassignment or a paid leave of absence.

Upon filing formal charges or upon conviction, the district may take disciplinary action in accordance with law, district policies, regulations and/or collective bargaining agreements. The Superintendent or designee shall seek legal counsel in connection with either the suspension or dismissal of the employee.

(C) School Suspension, Expulsion and Mandatory Expulsion Guidelines

Policy 5144.1: Suspension And Expulsion/Due Process

Suspension and Expulsion

The Governing Board recognizes that maintaining an environment which promotes learning and protects the health, safety, and welfare of all students may require the suspension or expulsion of a student from regular classroom instruction. District policies and school site rules shall clearly identify district behavior standards

(cf. 5144 - Discipline)

Except in cases where suspension for a first time offense is warranted in accordance with law, suspension shall be imposed only when other means of correction fail to bring about proper conduct. (Education Code 48900.5)

Expulsion is an action taken by the Board for severe or prolonged breaches of discipline by a student. Except for single acts of a grave nature, expulsion is usually used only when there is a history of misconduct, when other forms of discipline, including suspension, have failed to bring about proper conduct, or when the student's presence causes a continuing danger to other students. (Education Code 48915)

The grounds for suspension and expulsion and the procedures for considering, recommending and/or implementing suspension and expulsion shall be specified in Administrative Regulation.

Each principal shall annually inform all students and parents/guardians of the school's discipline rules and procedures and of the availability of all district policies and regulations dealing with student discipline, suspension and expulsion. (Education Code 35291, 35291.5)

(cf. 5145.6 - Parental Notifications)

Suspended or expelled students shall be excluded from all school-related extracurricular activities during the suspension or expulsion.

cf. 6145 - Extracurricular and Cocurricular Activities)

Zero Tolerance

The Board supports a zero tolerance approach to serious offenses in accordance with state and federal law. This approach makes the removal of potentially dangerous students from the classroom a top priority and ensures the standardized treatment of all students. Staff shall immediately report to the Superintendent/ designee any incidence of offenses specified in law, Board policy, and administrative regulation as cause for suspension or expulsion.

Student Due Process

The Board shall provide for the fair treatment of students facing suspension and expulsion by affording them their due process rights under the law. The administration and staff shall comply with procedures for notices and appeals as specified in regulation. Procedures governing student due process shall conform in all aspects to provisions in law. (Education Codes 48911, 48915 and 48915.5)

Whenever a student is suspended, school officials may (but are not required to) meet with the parent/guardian to discuss the causes and duration of the suspension, the school policy involved, and any other pertinent matters. (Education Code 48914)

cf. 5119 - Students Expelled from Other Districts

(cf. 5144.2 - Suspension and Expulsion/Due Process - Individuals with Exceptional Needs)

Rights of Complaining Witness

An expulsion hearing involving allegations of sexual assault or sexual battery may be postponed for one school day in order to accommodate the special physical, mental or emotional needs of a student who is the complaining witness. (Education Code 48918.5)

Whenever the Superintendent or designee recommends an expulsion hearing that addresses allegations of sexual assault or sexual battery, he/she shall give the complaining witness a copy of the district's suspension and expulsion policy and regulation and shall advise the witness of his/her right to: (Educational Code 48918.5)

1. Receive five days' notice of his/her scheduled testimony at the hearing
2. Have up to two adult support persons of his/her choosing present in the hearing at the time he/she testifies
3. Have a closed hearing during the time he/she testifies

Whenever any allegation of sexual assault or sexual battery is made, the Superintendent or designee shall immediately advise complaining witnesses and accused students to refrain from personal or telephone contact with each other during the time when an expulsion process is pending. (Education Code 48918.5)

On-Campus Suspension Program

The Board recognizes that students who are suspended from school frequently have no supervision or guidance during the school hours when they are off campus. The Board believes that in many cases, instead of sending the student off campus, it would be better to address the student's misconduct by keeping the student at school and providing him/her with supervision that is separated from the regular classroom.

The Superintendent or designee shall examine alternatives to off-campus suspension and may establish a suspension program which involves progressive discipline during the school day on campus; using conferences between staff, parents/guardians and students; detention; student study teams or other assessment-related teams; and/or referral to school support services staff.

Required Parental Attendance

The Board believes that parental involvement plays an important role in the resolution of classroom behavior problems. The Board expects that teachers will communicate with parents/guardians when behavior problems arise

Whenever a student is suspended from a class because he/she committed an obscene act, engaged in habitual profanity or vulgarity, disrupted school activities or otherwise willfully defied valid staff authority, the teacher of the class from which the student was suspended may require the student's parent/guardian to attend a portion of a school day in that class. After completing the classroom visit and before leaving school premises, the parent/guardian also shall meet with the principal or designee. (Education Code 48900.1)

The Board encourages teachers, before requiring parental attendance, to make reasonable efforts to have the parent/guardian visit the class voluntarily. The teacher also may consider informing the parent/guardian about available resources which may provide help in the development of parenting skills. Teachers should reserve the option of required parental attendance for cases in which they have determined that it is the best strategy to promote positive interaction between the student and the parent/guardian and to improve classroom behavior.

Parental attendance may be required on the day the student returns to class or within one week thereafter. The principal or designee shall contact any parents/guardians who do not respond to the request to attend school. The Board recognizes that parental compliance with this policy may be delayed, modified or prevented by serious illness/injury/disability, absence from town, or inability to get certain release time from work.

The teacher shall apply this policy uniformly to all students within the classroom. This policy shall apply only to a parent/guardian who actually lives with the student. (Education Code 48900.1)

District regulations and school-site rules for student discipline shall include procedures for implementing parental attendance requirements.

Parents/guardians shall be notified of this policy before it is implemented and at the beginning of each subsequent school year. (Education Code 48900.1, 35291, 48980)

Decision Not to Enforce Expulsion Order

In cases where expulsion is mandatory pursuant to Education Code 48915(c), the enforcement of an expulsion order shall not be suspended by the Board. In all other cases of expulsion, the order for expulsion may be suspended by the Board, on a case-by-case basis, pursuant to the requirements of law.

Suspension from Class by a Teacher/Parental Attendance

A teacher may suspend any student from the teacher's class for any of the acts listed under "Grounds for Suspension and Expulsion" above for the day of the suspension and the day following. (Education Code 48910)

Suspension from class means the removal of a student from class by a teacher for the day of the suspension and the next day. A teacher may suspend a student from class and may also refer a student for consideration of suspension from school for any act listed in "Grounds for Suspension and Expulsion" above. (Education Code 48910)

When suspending a student from his/her class, the teacher shall immediately report this action to the principal and send the student to the principal for appropriate action. The student shall be appropriately supervised during the class periods from which he/she has been suspended.

As soon as possible, the teacher shall ask the student's parent/guardian to attend a parent-teacher conference regarding the suspension. A counselor or psychologist should attend the conference if it is practicable, and a school administrator may attend if either the parent/guardian or teacher so request.

A suspended student shall not be returned to class during the period of suspension without the approval of the teacher of the class and the principal. (Education Code 48910)

A student suspended from class shall not be placed in another regular class during the period of suspension. However, if a student is assigned to more than one class per day, he/she may be placed in any other regular classes except those held at the same time as the class from which the student was suspended. (Education Code 48910)

The teacher of any class from which a student is suspended may require the suspended student to complete any assignments and tests missed during the suspension. (Education Code 48913)

When a teacher requires a parent/guardian to attend school in accordance with Board Policy, the principal shall send the parent/guardian a written notice that the parent/guardian's attendance is required pursuant to law. (Education Code 48900.1)

1. This notice shall also tell the parent/guardian when his/her presence is expected and by what means he/she may arrange any necessary change.
2. The notice shall describe the protections afforded to the parent/guardian as an employee by Labor Code 230.7.
3. The notice shall state that if the parent/guardian does not have a means of transportation to school, he/she may ride the school bus with the student.

The teacher shall remind the parent/guardian to meet with the principal or designee after completing the classroom visit and before leaving school premises.

Suspension By Superintendent, Principal Or Principal's Designee

A Superintendent, principal, or principal's designee may suspend a student from a school for any of the acts listed under "Grounds for Suspension and Expulsion" above for not more than five consecutive school days unless the suspension is extended pending expulsion. (Education Code 48911)

The Superintendent or designee shall immediately suspend any student found at school or at a school activity to be: (Education Code 48915)

1. Possessing, as verified by a district employee, or selling or otherwise furnishing a firearm, unless the student had obtained prior written permission to possess the item from a certificated school employee, with the principal or designee's concurrence.
2. Brandishing a knife, as defined in Education Code 48915(g), at another person.

3. Unlawfully selling a controlled substance listed in Health and Safety Code 11053-11058.

4. Committing or attempting to commit a sexual assault or committing a sexual battery as defined in item 414 under "Grounds for Suspension and Expulsion" above.

5. Possession of an explosive as defined in 18 USC 921.

Suspension may be imposed upon a first offense if the Superintendent, principal or designee determines the student violated items (i) - (v) listed in "Grounds For Suspension and Expulsion" above or if the student's presence causes a danger to persons or property or threatens to disrupt the instructional process. (Education Code 48900.5)

A student may be suspended from school for not more than 20 school days in any school year, unless for purposes of adjustment a student enrolls in or is transferred to another regular school, an opportunity school, or continuation school or class, in which case suspension shall not exceed 30 days in any school year. However, this restriction on the number of days of suspension does not apply when the suspension is extended pending an expulsion. (Education Code 48903 and 48912)

Suspension Procedures

1. Informal Conference: Suspension shall be preceded by an informal conference conducted by the principal or designee or the Superintendent or designee between the student, and whenever practicable, the teacher, supervisor or school employee who referred the student to the principal. At the conference, the student shall be informed of the reason for the disciplinary action and the evidence against him/her and shall be given the opportunity to present his/her version and evidence in support of his/her defense. (Education Code 48911(b))

This conference may be omitted if the principal, designee or the Superintendent or designee determines that an emergency situation exists. An "emergency situation" involves a clear and present danger to the lives, safety or health of students or school personnel. If the pre-suspension conference is not held, both the parent/guardian and student shall be notified of the student's right to return to school for the purpose of a conference. The conference shall be held within two school days, unless the student waives his/her right to it or is physically unable to attend for any reason. In such case, the conference will be held as soon as the student is physically able to return to school. (Education Code 48911(c))

2. Administrative Actions: All requests for student suspension are to be processed by the principal or designee of the school in which the student is enrolled at the time of the misbehavior

A school employee shall report the suspension, including the name of the student and the cause for the suspension, to the Superintendent or designee, who in turn will inform the Board.

3. Notice to Parents/Guardians: At the time of the suspension, a school employee shall make a reasonable effort to contact the parent/guardian by telephone or in person. Whenever a student is suspended, the parent/guardian shall be notified in writing of the suspension. (Education Code 48911)

This notice shall state the specific offense committed by the student. (Education Code 48900.8)

In addition, the notice may also state the date and time when the student may return to school.

Should school officials wish to ask the parent/guardian to confer regarding matters pertinent to the suspension, the notice may also add that state law requires the parent/guardian to respond to such request without delay.

4. Parent/Guardian Conference: Whenever a student is suspended, school officials may meet with the parent/guardian to discuss the causes and duration of the suspension, the school policy involved, and any other pertinent matters. (Education Code 48914)

While the parent/guardian is required to respond without delay to a request for a conference about a student's behavior, no penalties may be imposed on the student for the failure of the parent/guardian to attend such conference. The student may not be denied readmission solely because the parent/guardian failed to attend. (Education Code 48911)

5. Extension of Suspension: If the expulsion of a suspended student is being considered by the Board, the Superintendent or designee may, in writing, extend the suspension until such time as the Board has made a decision. (Education Code 48911(g))

Any extension of the original period of suspension shall be preceded by notice of such extension with an offer to hold a conference concerning the extension, giving the student an opportunity to be heard. This conference may be held in conjunction with a meeting requested by the student or parent/guardian to challenge the original suspension. Extension of the suspension may be made only if the Superintendent or designee determines, following a meeting in which the student and the student's parent/guardian were invited to participate, that the student's presence at the school or at an alternative school would endanger persons or property or threaten to disrupt the instructional process. (Education Code 48911(g))

Suspension by the Board

The Board may suspend a student for any of the acts listed in "Grounds for Suspension and Expulsion" above and within the limits specified in "Suspension by Superintendent, Principal or Principal's Designee" above. (Education Code 48912)

The Board may suspend a student enrolled in a continuation school or class for a period not longer than the remainder of the semester if any of the acts listed in "Grounds for Suspension and Expulsion" occurred. The suspension shall meet the requirements of Education Code 48915. (Education Code 48912.5)

When the Board is considering a suspension, disciplinary action, or any other action (except expulsion) against any student, it may hold closed sessions if a public hearing would lead to disclosure of information which would violate a student's right to privacy under Education Code 49073-49079.

(cf. 9321 -Closed Session Purposes and Agendas)

The Board shall provide the student with written notice of the closed session by registered or certified mail. Upon receiving this notice the student may request a public meeting, and this request shall be granted if made in writing (within 48 hours after receipt of the Board's notice). However, any discussion that conflicts with any other student's right to privacy shall be in closed session. (Education Codes 48912)

Authority to Expel

A student may be expelled only by the Board. The Board shall expel, as required by law, any student found to have committed certain offenses listed below under "Mandatory Recommendation and Mandatory Expulsion."

The Board may also order a student expelled for any of the acts listed above under "Grounds for Suspension and Expulsion" upon recommendation by the principal, Superintendent, hearing officer or administrative panel, based on finding either or both of the following: (Education Code 48915(b) and (e))

1. That other means of correction are not feasible
2. That due to the nature of the violation, the presence of the student causes a continuing danger to the physical safety of the student or others

Mandatory Recommendation For Expulsion

The principal, Superintendent or designee shall recommend a student's expulsion for any of the following acts, unless the principal or Superintendent or designee finds, and reports in writing to the Board, that expulsion is inappropriate due to particular circumstances which shall be set out in the report of the incident:

1. Causing serious physical injury to another person, except in self-defense.
2. Possession of any knife as defined in Education Code 48915(g), explosive or other dangerous object of no reasonable use to the student.

3. Unlawful possession of any controlled substance, as listed in Health and Safety Code 11053-11058, except for the first offense for the possession of not more than one ounce of marijuana, other than concentrated cannabis.
4. Robbery or extortion.
5. Assault or battery, as defined in Penal Code 240 and 242, upon any school employee.

Mandatory Recommendation And Mandatory Expulsion

The principal, Superintendent or designee shall recommend that the Board expel any student found at school or at a school activity off school grounds to be: (Education Code 48915(c))

1. Possessing, as verified by a district employee, or selling or otherwise furnishing a firearm, unless the student had obtained prior written permission to possess the item from a certificated school employee, with the principal or designee's concurrence. (Education Code 48915(c).1)
2. Brandishing a knife as defined in Education Code 48915(g) at another person. (Education Code 48915(c).2)

(Education Code 48918(c))

2. Record of Hearing: A record of the hearing shall be made and may be maintained by any means, including electronic recording, so long as a reasonably accurate written and complete transcription of the proceedings can be made. (Education Code 48918(g))

The decision of the Board to expel must be supported by substantial evidence that the student committed any of the above acts listed under "Grounds for Suspension and Expulsion" above. Findings of fact shall be based solely on the evidence at the hearing.

In the hearing on the admissibility of this evidence, the complaining witness shall be entitled to be represented by a parent/guardian, legal counsel or other support person. (Education Code 48918(a))

Alternative Hearing: Hearing Officer or Administrative Panel

Instead of conducting an expulsion hearing itself, the Board may contract with the county hearing officer or with the Office of Administrative Hearings of the State of California for a hearing officer. Alternatively, the Board may appoint an impartial administrative panel composed of three or more certificated personnel, none of whom shall be members of the Board or on the staff of the school in which the student is enrolled. (Education Code 48918(d))

A hearing conducted by the hearing officer or administrative panel shall conform to the same procedures as apply to a hearing conducted by the Board as specified in "Conduct of Expulsion Hearing" above.

The hearing officer or administrative panel shall, within three school days after the hearing, determine whether to recommend expulsion of the student to the Board. If expulsion is not recommended, the student shall be immediately reinstated. (See "Reinstatement" below.) The Superintendent or designee shall place the student in a classroom instructional program, any other instructional program, a rehabilitation program, or any combination of these programs after consulting with district staff, including the student's teachers and with the student's parent/guardian. (Education Code 48918(e))

If expulsion is recommended, findings of fact in support of the recommendation shall be prepared and submitted to the Board. All findings of fact and recommendations shall be based solely on the evidence presented at the hearing. The Board may accept the recommendation based either upon a review of the findings of fact and recommendations submitted or upon the results of any supplementary hearing the Board may order. (Education Code 48918(f))

The hearing officer or administrative panel may recommend that the Board suspend the expulsion for a period of one year. (See "Suspension of Expulsion" below.)

The Board shall make its decision about the student's expulsion within 40 school days after the date of the student's removal from school unless the student requests in writing that the decision be postponed. (Education Code 48918(a))

Stipulated Expulsions

It is the policy of the Redlands Unified School District that, where approved by the Superintendent or designee, parents/guardians may agree to the expulsion of their pupil by stipulation without necessity of a hearing. This process will expedite the pupil's school placement and may expedite the rehabilitation process.

A stipulated expulsion must be purely voluntary. No district administrator or staff member may coerce a pupil, parent or guardian into entering into such a stipulation. Parents/guardians will be given three calendar days to decide on a stipulated expulsion agreement.

If the parent/guardian requests a stipulated expulsion, the Superintendent or designee will promulgate the stipulated agreement. If at any time the parent/guardian decides not to pursue a stipulated agreement, the expulsion proceedings and timelines, extended by the length of the period for consideration of the stipulation, will be reinstated. The stipulated agreement will be presented to the Board for final consideration.

The stipulated agreement will include the terms and conditions of the expulsion order, including alternative placement and a rehabilitation plan to be completed before the student can be re-admitted to the district.

Final Action by the Board

Whether the expulsion hearing is conducted in closed or public session by the Board, a hearing officer, or an administrative panel, the final action to expel must be taken by the Board at a public meeting. (Education Code 48918(f)) The Board shall maintain a record of each expulsion, including its cause. Expulsion records shall be non-privileged, disclosable public records.

(cf. 9321.1 - Closed Session Actions and Reports)

If the Board conducts the hearing and reaches a decision not to expel, this decision shall be final and the student shall be reinstated immediately.

Upon ordering the expulsion, the Board shall set a date when the student shall be reviewed for readmission to a school within the district. For a student expelled for an act listed under "Mandatory Recommendation and Mandatory Expulsion" above, this date shall be one year from the date the expulsion occurred, except that the Board may set an earlier date on a case-by-case basis. For a student expelled for other acts, this date shall be no later than the last day of the semester following the semester in which the expulsion occurred. (Education Code 48916)

At the time of the expulsion order, the Board shall recommend a plan for the student's rehabilitation, which may include: (Education Code 48916)

1. Periodic review as well as assessment of the student at the time of review for readmission.
2. Recommendations for improved academic performance, tutoring, special education assessments, job training, counseling, employment, community service and other rehabilitative programs.
3. Such other recommendations as the Board approves.

With parental consent, students who have been expelled for reasons relating to controlled substances or alcohol may be required to enroll in a county-sponsored drug rehabilitation program before returning to school. (Education Code 48916.5)

Upon expulsion, a copy of readmission procedures will be made available to the student and his/her parent/guardian.

Written Notice to Expel

The Superintendent or designee shall send written notice of the decision to expel to the student or parent/guardian. The notice shall include the following:

1. The specific offense committed by the student for any of the causes for suspension or expulsion listed in Education Code 48900(a)-(o), Education Code 48900.2-48900.4 and Education Code 48915(c). (Education Code 48900.8)
2. The fact that a description of readmission procedures will be made available to the student and his/her parent/guardian. (Education Code 48916)
3. Notice of the right to appeal such expulsion to the County Board of Education. (Education Code 48918)
4. Notice of the alternative educational placement to be provided to the student during the time of expulsion. (Education Code 48918)
5. The notice also shall inform the student or parent/guardian of his/her obligation to inform any new district in which the student seeks to enroll of the student's status with the expelling district, pursuant to Education Code 48915.1. (Education Code 48918)

Suspension of Expulsion

The Board, upon voting to expel a student, may suspend the enforcement of the expulsion order for not more than one calendar year. When deciding whether to suspend an expulsion, the Board shall take into account the following criteria:

1. The student's previous behavior.
2. The seriousness of the misconduct.
3. The student's attitude toward the misconduct and his/her willingness to follow a rehabilitation program.

The suspension of the enforcement of an expulsion shall be governed by the following: (Education Code 48917)

1. The Board may, as a condition of the suspension of enforcement, assign the student to a school, class or program appropriate for the student's rehabilitation. This rehabilitation program may provide for the involvement of the student's parent/guardian in the student's education. However, a parent/guardian's refusal to participate in the rehabilitation program shall not be considered in the Board's determination as to whether the student has satisfactorily completed the rehabilitation program.
2. During the period when enforcement of the expulsion order is suspended, the student shall be on probationary status.
3. The suspension of expulsion order may be revoked by the Board if the student commits any of the acts listed under "Grounds for Suspension and Expulsion" above or violates any of the district's rules and regulations governing student conduct.
4. When suspension of expulsion order is revoked, a student may be expelled under the terms of the original expulsion order
5. Upon satisfactory completion of the rehabilitation assignment, the Board shall reinstate the student in a district school. Upon reinstatement, the Board may order the expungement of any or all records of the expulsion proceedings.
6. Suspension of an expulsion order shall not affect the time period and requirements for the filing of an appeal of the expulsion order with the County Board of Education.
7. The Superintendent or designee shall send written notice of any decision to suspend the enforcement of an expulsion order during a period of probation to the student or parent/guardian. The notice shall also inform the parent/guardian of the right to appeal the expulsion to the County Board of Education. (Education Code 48918(i))

Right to Appeal

The student or parent/guardian is entitled to file an appeal of the Board's decision to the County Board of Education.

The appeal must be filed within 30 days of the Board's decision to expel, even if the expulsion action is suspended and the student is placed on probation. (Education Code 48919)

Post-Expulsion Placements

The Board shall refer expelled students to a program of study that is: (Education Code 48915, 48915.01)

1. Appropriately prepared to accommodate students who exhibit discipline problems.
2. Not provided at a comprehensive middle, junior or senior high school or at any elementary school, unless the program is offered at a community day school established at such a site.
3. Not housed at the school site attended by the student at the time of suspension.

(cf. 6185 - Community Day School)

When the placement described above is not available, and when the County Superintendent of Schools so certifies, students expelled for acts described in items #6 through # 13 and # 17 through # 19 under "Grounds for Suspension and Expulsion" above may be instead referred to a program of study that is provided at another comprehensive middle, junior, or senior high school, or at an elementary school.

The program for a student expelled from any of grades K-6 shall not be combined or merged with programs offered to students in any of grades 7-12. (Education Code 48916.1)

Reinstatement

When the Board accepts a recommendation against expulsion or makes its own decision after the hearing not to expel, the decision is final and the student shall be reinstated immediately. The Superintendent or designee shall place the student in any classroom program, other instructional program, rehabilitation program, or any combination of such programs following consultation with district personnel, including the teacher involved, and with the student's parent/guardian. (Education Code 48918(e))

Readmission

An expulsion order shall remain in effect until the Board may order the readmission of the student.

Readmission procedures shall be as follows:

1. A written request for review of expulsion action and request for readmission shall be submitted by the parent/guardian to the Superintendent or designee.
2. The Superintendent or designee will hold a conference with the parent/guardian and the student.
3. At the conference the conditions for readmission will be reviewed. The Superintendent or designee shall verify that the rehabilitation plan has been met.
4. School regulations will be reviewed and the student and parent/guardian will be asked to indicate in writing their willingness to comply with these regulations.
5. The Superintendent or designee will transmit the request for readmission to the Board, along with his/her recommendation. The Board shall consider the request in closed session if the information would be disclosed in violation of Education Code 49073-49079. If a written request for open session is received from the parent/guardian or adult student, it will be honored.
6. The Superintendent or designee will notify the student or parent/guardian, by registered mail, of the district's decision regarding readmission.
7. The Board may deny readmission only if it finds that the student has not satisfied the conditions of the rehabilitation plan or that the student continues to pose a danger to campus safety or to other district students or employees. (Education Code 48916)
8. If the Board denies the readmission of a student, the Board shall determine either to continue the student's placement in the alternative educational program initially selected or to place the student in another program that serves expelled students, including placement in a county community school. (Education Code 48916)
9. The Board shall provide written notice to the expelled student and parent/guardian describing the reasons for denying readmittance into the regular program. This notice shall indicate the Board's determination of the educational program which the Board has chosen. The student shall enroll in that program unless the parent/guardian chooses to enroll the student in another school district. (Education Code 48916)

Maintenance of Records

The Board will maintain a record of each expulsion, including the specific cause of the expulsion. The expulsion record shall be maintained in the student's mandatory interim record and sent to any school in which the student subsequently enrolls, within five days of a written request by the admitting school. (Education Code 48900.8, 48918(k))

The Superintendent or designee shall, within five working days, honor any other district's request for information about an expulsion from this district. (Education Code 48915.1)

cf. 5119 - Students Expelled from Other Districts)

(cf. 5125 - Student Records)

When removing a student from his/her class, the teacher shall immediately report this action to the principal and send the student to the principal for appropriate action. The student shall be appropriately supervised during the class periods from which he/she has been removed.

As soon as possible, the teacher shall ask the student's parent/guardian to attend a parent-teacher conference regarding the removal. A counselor or psychologist should attend the conference if it is practicable, and a school administrator may attend if either the parent/guardian or teacher so requests.

A student removed from class shall not be returned to class during the period of removal without the approval of the teacher of the class and the principal. (Education Code 48910)

A student removed from class shall not be placed in another regular class during the period of removal. However, if a student is assigned to more than one class per day, he/she may be placed in any other regular classes except those held at the same time as the class from which the student was removed. (Education Code 48910)

The teacher of any class from which a student is removed may require the student to complete any assignments and tests missed during the removal. (Education Code 48913)

Pursuant to Board policy, a teacher may provide that the parent/guardian of a student whom the teacher has removed attend a portion of a school day in his/her child's classroom. When a teacher makes this request, the principal shall send the parent/guardian a written notice that the parent/guardian's attendance is requested pursuant to law. (Education Code 48900.1)

This notice shall also:

1. Inform the parent/guardian when his/her presence is expected and by what means he/she may arrange an alternate date.
2. Describe the legal protections afforded to the parent/guardian as an employee under Labor Code 230.7.
3. State that if the parent/guardian does not have a means of transportation to school, he/she may ride the school bus with the student.
4. Ask the parent/guardian to meet with the principal after the visit and before leaving school, as required by Education Code 48900.1.

Suspension by Superintendent, Principal or Principal's Designee

The Superintendent, principal or principal's designee may suspend a student from a school for not more than five consecutive school days unless the suspension is extended pending expulsion. (Education Code 48911)

The Superintendent or designee shall immediately suspend any student found at school or at a school activity to be: (Education Code 48915)

1. Possessing, as verified by a district employee, or selling or otherwise furnishing a firearm, unless the student had obtained prior written permission to possess the item from a certificated school employee, with the principal or designee's concurrence.
2. Brandishing a knife, as defined in Education Code 48915(g), at another person.
3. Unlawfully selling a controlled substance listed in Health and Safety Code 11053-11058.
4. Committing or attempting to commit a sexual assault or committing a sexual battery as defined in item #14 under "Grounds for Suspension and Expulsion".
5. Possession of an explosive as defined in 18 USC 921.

Suspension also may be imposed upon a first offense if the Superintendent, principal or designee determines the student violated items #1-5 listed in "Grounds for Suspension and Expulsion" above or if the student's presence causes a danger to persons or property or threatens to disrupt the instructional process. (Education Code 48900.5)

A student may be suspended from school for not more than 20 school days in any school year, unless for purposes of adjustment a student enrolls in or is transferred to another regular school, an opportunity school, or continuation school or class, in which case suspension shall not exceed 30 days in any school year. However, this restriction on the number of days of suspension does not apply when the suspension is extended pending an expulsion. (Education Code 48903, 48912)

The Superintendent or designee may count suspensions that occur while a student is enrolled in another school district toward the maximum number of days for which a student may be suspended in any school year. (Education Code 48903)

Suspensions shall be initiated according to the following procedures:

1. Informal Conference: Suspension shall be preceded by an informal conference conducted by the principal, designee or the Superintendent with the student and whenever practicable, the teacher, supervisor or school employee who referred the student to the principal. At the conference, the student shall be informed of the reason for the disciplinary action and the evidence against him/her; the student shall be given the opportunity to present his/her version and evidence in support of his/her defense. (Education Code 48911(b))

This conference may be omitted if the principal, designee or the Superintendent determines that an emergency situation exists. An "emergency situation" involves a clear and present danger to the lives, safety or health of students or school personnel. If a student is suspended without this conference, both the parent/guardian and student shall be notified of the student's right to return to school for the purpose of a conference. The conference shall be held within two school days, unless the student waives his/her right to it or is physically unable to attend for any reason. In such case, the conference will be held as soon as the student is physically able to return to school. (Education Code 48911(c))

2. Administrative Actions: All requests for student suspension are to be processed by the principal or designee of the school in which the student is enrolled at the time of the misbehavior. A school employee shall report the suspension, including the name of the student and the cause for the suspension, to the Superintendent or designee.

3. Notice to Parents/Guardians: At the time of the suspension, a school employee shall make a reasonable effort to contact the parent/guardian by telephone or in person. Whenever a student is suspended, the parent/guardian shall be notified in writing of the suspension. (Education Code 48911)

This notice shall state the specific offense committed by the student. (Education Code 48900.8).

In addition, the notice may also state the date and time when the student may return to school. If school officials wish to ask the parent/guardian to confer regarding matters pertinent to the suspension, the notice may add that state law requires the parent/guardian to respond to such requests without delay.

4. Parent/Guardian Conference: Whenever a student is suspended, school officials may meet with the parent/guardian to discuss the causes and duration of the suspension, the school policy involved, and any other pertinent matters. (Education Code 48914)

While the parent/guardian is required to respond without delay to a request for a conference about a student's behavior, no penalties may be imposed on the student for the failure of the parent/guardian to attend such conference. The student may not be denied readmission solely because the parent/guardian failed to attend. (Education Code 48911)

5. Extension of Suspension: If the Board is considering the expulsion of a suspended student from any school or the suspension of a student for the balance of the semester from continuation school, the Superintendent or designee may, in writing, extend the suspension until such time as the Board has made a decision. (Education Code 48911(g))

Any extension of the original period of suspension shall be preceded by notice of such extension with an offer to hold a conference concerning the extension, giving the student an opportunity to be heard. This conference may be held in conjunction with a meeting requested by the student or parent/guardian to challenge the original suspension. Extension of the suspension may be made only if the Superintendent or designee determines, following a meeting in which the student and the student's parent/guardian were invited to participate, that the student's presence at the school or at an alternative school would endanger persons or property or threaten to disrupt the instructional process. (Education Code 48911)

Suspension by the Board

The Board may suspend a student for any of the acts listed in "Grounds for Suspension and Expulsion" above and within the limits specified in "Suspension by Superintendent, Principal or Principal's Designee" above. (Education Code 48912)

The Board may suspend a student enrolled in a continuation school or class for a period not longer than the remainder of the semester if any of the acts listed in “Grounds for Suspension and Expulsion” occurred. The suspension shall meet the requirements of Education Code 48915. (Education Code 48912.5)

When the Board is considering a suspension, disciplinary action, or any other action (except expulsion) against any student, it shall hold closed sessions if a public hearing would lead to disclosure of information violating a student’s right privacy under Education Code 49073-49079.

(cf. 9321 - Closed Session Purposes and Agendas)

The Board shall provide the student and his/her parent/guardian with written notice of the closed session by or certified mail. Upon receiving this notice, the student or parent/guardian may request a public meeting, and this request shall be granted if made in writing within 48 hours after receipt of the Board's notice. However, any discussion that conflicts with any other student's right to privacy still shall be held in closed session. (Education Codes 35146, 48912)

On-Campus Suspension Program

Students for whom an expulsion action has not been initiated and who pose no imminent danger or threat to the school may be assigned to a separate, supervised suspension classroom for the entire period of suspension. The following conditions shall apply: (Education Code 48911.1)

1. The supervised suspension classroom shall be staffed in accordance with law.
2. The student shall have access to appropriate counseling services.
3. The supervised suspension classroom shall promote completion of schoolwork and tests missed by the student during the suspension.
4. Each student shall be responsible for contacting his/her teacher(s) to receive assignments to be completed in the supervised suspension classroom. The teacher shall provide all assignments and tests that the student will miss while suspended. If no such work is assigned, the person supervising the suspension classroom shall assign schoolwork.

At the time a student is assigned to a supervised suspension classroom, the principal or designee shall notify the student’s parent/guardian in person or by telephone. When the assignment is for longer than one class period, this notification shall be made in writing. (Education Code 48911.1)

Authority to Expel

A student may be expelled only by the Board. The Board shall expel, as required by law, any student found to have committed certain offenses listed below under “Mandatory Recommendation and Mandatory Expulsion.”

The Board also may order a student expelled for any of the acts listed under “Grounds for Suspension and Expulsion” upon recommendation by the principal, Superintendent, hearing officer or administrative panel, based on finding either or both of the following: (Education Code 48915 (b) and (e))

1. That other means of correction are not feasible or have repeatedly failed to bring about proper conduct.
2. That due to the nature of the violation, the presence of the student causes a continuing danger to the physical safety of the student or others.

Mandatory Recommendation for Expulsion

Unless the principal, Superintendent or designee finds that expulsion is inappropriate due to particular circumstances, the principal, Superintendent or designee shall recommend a student’s expulsion for any of the following acts: (Education Code 48915 (a))

1. Causing serious physical injury to another person, except in self-defense.
2. Possession of any knife as defined in Education Code 48915(g), explosive or other dangerous object of no reasonable use to the student.
3. Unlawful possession of any controlled substance, as listed in the Health and Safety Code 11053-11058, except for the first offense for the possession of not more than one ounce of marijuana, other than concentrated cannabis.
4. Robbery or extortion.
5. Assault or battery, as defined in Penal Code 240 and 242, upon any school employee.

Mandatory Recommendation and Mandatory Expulsion

Note: The Attorney General has determined, in 80 Ops.Cal. Atty. Gen. 347 (1997), that a district may not adopt a zero tolerance policy mandating expulsion of a student for a first offense of possession of a controlled substance or alcohol.

The principal, Superintendent or designee shall recommend that the Board expel any student found at school or at a school activity to be: (Education Code 48915(c))

1. Possessing, as verified by a district employee, or selling or otherwise furnishing a firearm, unless the student had obtained prior written permission to possess the item from a certificated school employee, with the principal or designee's concurrence.
2. Brandishing a knife as defined in Education Code 48915(g) at another person.
3. Unlawfully selling a controlled substance listed in Health and Safety Code 11053-11058
4. Committing or attempting to commit a sexual assault or committing a sexual battery as defined in item #14 under "Grounds for Suspension and Expulsion" above.
5. Possessing an explosive as defined in 18 USC 921.

Upon finding that the student committed any of the above acts, the Board shall expel the student. (Education Code 48915)

The initial recommendation for consideration of expulsion is that of the school principal or the Superintendent. Designees may not make this type of recommendation.

The recommendation for consideration of expulsion shall be submitted to the Director, Office of Student Services, who will review the material and recommend:

1. Reassignment to appropriate regular education program.
2. Refer student to Alternative Program; i.e., Community School, Independent Study, Continuation or Opportunity School, or other district programs.
3. Refer the matter to the Discipline Review Panel for further consideration.

When a case is referred to the discipline Review Panel, the panel shall question school personnel who have information on the incident and the behavior record of the student charged and weighs the evidence presented.

The panel shall, in the case of an expulsion consideration, weigh information presented to determine:

- a. Is the evidence sufficient to support consideration by the expulsion panel?
- b. Has the district, through the schools involved, considered or utilized alternatives to expulsion when possible?
- c. Have due process procedures been adhered to?

The recommendation shall be either to proceed with the expulsion or to utilize an existing practical alternative in lieu of expulsion.

If the district (school) has not adhered to due process requirements, the student shall be returned to school immediately.

If the Discipline Review Panel meets to consider a matter other than an expulsion, it shall provide its best judgment as to an effective alternative program or plan to action.

The recommendation of the Discipline Review Panel shall be forwarded to the Director, Office of Student Services, who shall then review the facts, concur, veto or modify the recommendation.

4. That an expulsion panel be convened.

At the time a recommendation for expulsion is submitted, a hearing shall be scheduled by the Superintendent or designee to determine whether the suspension shall be extended. If the decision is to extend the suspension, the period of time shall be until the Board has rendered a decision or until the expulsion process is otherwise terminated.

The extension of suspension shall be based upon determination by the Superintendent or designee that the presence of the student at the school or in an alternative school placement would cause a danger to persons or property or a threat of disrupting the instructional process. This extension shall be imposed only after the student and the parent/guardian have been given the opportunity to be present at a hearing conducted by the Superintendent or designee. At this time, the student and parent/guardian shall be given the opportunity to be heard and present any information that might bear upon the decision.

Materials which support the decision of the person recommending the expulsion shall be prepared and submitted to the Office of Student Services. The departments of Attendance, Guidance, Special Education and/or Health may be requested to assist in the preparation of this material.

Student's Right to Expulsion Hearing

The student is entitled to a hearing to determine whether the student should be expelled. The hearing shall be held within 30 school days after the principal or Superintendent or designee determines that one of the acts listed under "Grounds for Suspension and Expulsion" has occurred. (Education Code 48918 (a))

The student is entitled to one postponement of an expulsion hearing for a period of not more than 30 calendar days. The request for postponement shall be in writing. Any subsequent postponement may be granted at the Board's discretion. (Education Code 48918(a))

If the Board finds it impractical during the school year to comply with these time requirements for conducting an expulsion hearing, the Superintendent or designee may, for good cause, extend the time period by an additional five school days. Reasons for the extension shall be included as a part of the record when the expulsion hearing is held. (Education Code 48918(a))

If the Board finds it impractical to comply with the time requirements of the expulsion hearing due to summer recess of Board meetings of more than two weeks, the days during the recess shall not be counted as school days. The days not counted during the recess may not exceed 20 school days as defined in Education Code 48925. Unless the student requests in writing that the expulsion hearing be postponed, the hearing shall be held no later than 20 calendar days prior to the first day of the next school year. (Education Code 48918(a))

Once the hearing starts, all matters shall be pursued with reasonable diligence and concluded without unnecessary delay. (Education Code 48918(a))

Waiver of Hearing (Default Proceedings)

If the parent/guardian agrees that their son/daughter behaved essentially in the manner stated in the principals letter recommending expulsion and that such behavior constitutes a violation of the California Education Code, Section 48900, 48900.2, 48900.3, 48900.4, 48900.7 and/or 48915 a suspendable/expellable offense, the parent/guardian may request to waive the Administrative Hearing Panel.

When the parent/guardian agrees to waive the Administrative Hearing Panel, they also waive all notification and timelines related to the expulsion hearing process, along with their rights to appeal the determination of the Board.

The signed affidavit and findings of fact will be submitted to the Board for their approval. The Board has the discretionary power to accept, reject, or modify all recommendations.

Rights of Complaining Witness

An expulsion hearing involving allegations of sexual assault or sexual battery may be postponed for one school day in order to accommodate the special physical, mental or emotional needs of a student who is the complaining witness. (Education Code 48918.5)

Whenever the Superintendent or designee recommends an expulsion hearing that addresses allegations of sexual assault or sexual battery, he/she shall give the complaining witness a copy of the district's suspension and expulsion policy and regulation and shall advise the witness of his/her right to all the following: (Education Code 48918.5)

1. Receive five days' notice of his/her scheduled testimony at the hearing.
2. Have up to two adult support persons of his/her choosing present in the hearing at the time he/she testifies.
3. Have a closed hearing during the time he/she testifies.

Whenever any allegation of sexual assault or sexual battery is made, the Superintendent or designee shall immediately advise complaining witnesses and accused students to refrain from personal or telephone contact with each other during the time when an expulsion process is pending. (Education Code 48918.5)

Written Notice of the Expulsion Hearing (Education Code 48918(b))

Written notice of the hearing shall be forwarded to the student and the student's parent/guardian at least 10 calendar days before the date of the hearing. The notice shall include: (Education Code 48900.8, 48918 (b))

1. The date and place of the hearing.
2. A statement of the specific facts, charges and offense upon which the proposed expulsion is based.
3. A copy of district disciplinary rules which relate to the alleged violation.
4. Notification of the student's or parent/guardian's obligation, pursuant to Education Code 48915.1, to provide information about the student's status in the district to any other district in which the student seeks enrollment. This obligation applies when a student is expelled for acts other than those described in Education Code 48915 (a) or (c).
(cf. 5119 - Students Expelled from other Districts)

5. The opportunity for the student or the student's parent/guardian to appear in person and/or be represented by legal counsel or by a non-attorney advisor.

Legal counsel means an attorney or lawyer who is admitted to the practice of law in California and is an active member of the State Bar of California.

Non-attorney advisor means an individual who is not an attorney or lawyer, but who is familiar with the facts of the case, and has been selected by the student or student's parent/guardian to provide assistance at the hearing.

6. The right to inspect and obtain copies of all documents to be used at the hearing.
7. The opportunity to confront and question all witnesses who testify at the hearing.
8. The opportunity to question all evidence presented and to present oral and documentary evidence on the student's behalf, including witnesses.

Conduct of Expulsion Hearing

1. Closed Session: Notwithstanding the provisions of Government Code 54953 and Education Code 35145, the Board shall conduct a hearing to consider the expulsion of the student in a session closed to the public unless the student requests in writing at least five days prior to the hearing that the hearing be a public meeting. If such request is made, the meeting shall be public, unless another student's privacy rights would be violated.

Whether the expulsion hearing is held in closed or public session, the Board may meet in closed session to determine if the student should be expelled. If the Board admits any other person to the closed session, the parent/guardian, the student, and the counsel of the student, shall also be allowed to attend the closed session. (Education Code 48918(c))

If a hearing that involves a charge of sexual assault or sexual battery is to be conducted in public, a complaining witness shall have the right to have his/her testimony heard in closed session when testifying in public would threaten serious psychological harm to the witness and when there are no alternative procedures to avoid the threatened harm, including but not limited to videotaped deposition or contemporaneous examination in another place communicated to the hearing room by closed-circuit television. (Education Code 48918(c))

2. Record of Hearing: A record of the hearing shall be made and may be maintained by any means, including electronic recording, as long as a reasonably accurate written and complete transcription of the proceedings can be made. (Education Code 48918(g))

3. Subpoenas: Before commencing a student expulsion hearing, the Board may issue subpoenas, at the request of either the student or the Superintendent or designee, for the personal appearance at the hearing of any person who actually witnessed the action that gave rise to the recommendation for expulsion. After the hearing has commenced, the Board or the hearing officer or administrative panel may issue such subpoenas at the request of the student or the County Superintendent of Schools or designee. All subpoenas shall be issued in accordance with the Code of Civil Procedure 1985-1985.2 and enforced in accordance with Government Code 11455.20, formerly 11525. (Education Code 48918(i))

Any objection raised by the student or the Superintendent or designee to the issuance of subpoenas may be considered by the Board in closed session, or in open session if so requested by the student, before the meeting. The Board's decision in response to such an objection shall be final and binding. (Education Code 48918(i))

If the Board determines, or if the hearing officer or administrative panel finds and submits to the Board, that a witness would be subject to unreasonable risk of harm by testifying at the hearing, a subpoena shall not be issued to compel the personal attendance of that witness at the hearing. However, that witness may be compelled to testify by means of a sworn declaration as described in item #4 below. (Education Code 48918(i))

4. Presentation of Evidence: While technical rules of evidence do not apply to expulsion hearings, evidence may be admitted and used as proof only if it is the kind of evidence on which reasonable persons can rely in the conduct of serious affairs. The decision of the Board to expel must be supported by substantial evidence that the student committed any of the acts listed in "Grounds for Suspension and Expulsion" above.

Findings of fact shall be based solely on the evidence at the hearing. While no evidence shall be based solely on hearsay, sworn declarations may be admitted as testimony from witnesses whose disclosure of their identity or testimony at the hearing may subject them to an unreasonable risk of physical or psychological harm. (Education Code 48918 (f) and (h))

In cases where a search of a student's person or property has occurred, evidence describing the reasonableness of the search shall be included in the hearing record.

5. Testimony by Complaining Witnesses: The following procedures shall be observed when hearings involve allegations of sexual assault or sexual battery by a student: (Education Code 48918)

- a. Any complaining witness shall be given five days' notice before being called to testify.
- b. Any complaining witness shall be entitled to have up to two adult support persons, including but not limited to a parent/guardian or legal counsel, present during his/her testimony.
- c. Before a complaining witness testifies, support persons shall be admonished that the hearing is confidential.
- d. The person presiding over the hearing may remove a support person whom he/she finds is disrupting the hearing.
- e. If one or both support persons are also witnesses, the hearing shall be conducted according to Penal Code 868.5.
- f. Evidence of specific instances of prior sexual conduct of a complaining witness shall be presumed inadmissible and shall not be heard unless the person conducting the hearing determines that extraordinary circumstances require the evidence to be heard. Before such a determination is made, the complaining witness shall be given notice and an opportunity to oppose the introduction of this evidence. In the hearing on the admissibility of this evidence, the complaining witness shall be entitled to be represented by a parent/guardian, legal counsel or other support person. Reputation or opinion evidence regarding the sexual behavior of a complaining witness shall not be admissible for any purpose.
- g. In order to facilitate a free and accurate statement of the experiences of the complaining witness and to prevent discouragement of complaints, the district shall provide a nonthreatening environment.
 - (1) The district shall provide a room separate from the hearing room for the use of the complaining witness before and during breaks in testimony.
 - (2) At the discretion of the person conducting the hearing, the complaining witness shall be allowed reasonable periods of relief from examination and cross-examination during which he/she may leave the hearing room.
 - (3) The person conducting the hearing may:
 - (a) Arrange the seating within the hearing room so as to facilitate a less intimidating environment for the complaining witness.
 - (b) Limit the time for taking the testimony of a complaining witness to the hours he/she is normally in school, if there is no good cause to take the testimony during other hours.
 - (c) Permit one of the support persons to accompany the complaining witness to the witness stand.

6. Decision Within 10 Days: The Board's decision on whether to expel a student shall be made within 10 school days after the conclusion of the hearing, unless the student requests in writing that the decision be postponed. (Education Code 48918(a))

7. Decision Within 40 Days: If the Board does not meet on a weekly basis, its decision on whether to expel a student shall be made within 40 school days after the student is removed from his/her school of attendance, unless the student requests in writing that the decision be postponed. (Education Code 48918(a))

Alternative Expulsion Hearing: Hearing Officer or Administrative Panel

Instead of conducting an expulsion hearing itself, the Board may contract with the county hearing officer or with the Office of Administrative Hearings of the State of California for a hearing officer. Alternatively, the Board may appoint an impartial administrative panel composed of three or more certificated personnel, none of whom shall be members of the Board or on the staff of the school in which the student is enrolled. (Education Code 48918(d))

A hearing conducted by the hearing officer or administrative panel shall conform to the same procedures as apply to a hearing conducted by the Board as specified in "Conduct of Expulsion Hearing."

The hearing officer or administrative panel shall, within three school days after the hearing, determine whether to recommend expulsion of the student to the Board. If expulsion is not recommended, the student shall be immediately reinstated. (See "Reinstatement.") The Superintendent or designee shall place the student in a classroom instructional program, any other instructional program, a rehabilitation program, or any combination of these programs after consulting with district staff, including the student's teachers, and with the student's parent/guardian. (Education Code 48918(e))

If expulsion is recommended, findings of fact in support of the recommendation shall be prepared and submitted to the Board. All findings of fact and recommendations shall be based solely on the evidence presented at the hearing. The Board may accept the recommendation based either upon a review of the findings of fact and recommendations submitted or upon the results of any supplementary hearing the Board may order. (Education Code 48918(f))

In accordance with Board policy, the hearing officer or administrative panel may recommend that the Board suspend the enforcement of the expulsion for a period of one year. (See "Decision Not to Enforce Expulsion Order" below.)

The Board shall make its decision about the student's expulsion within 40 school days after the date of the student's removal from school unless the student requests in writing that the decision be postponed. (Education Code 48918(a))

The Discipline Review Panel

The Discipline Review Panel will consist of elementary educators when a review is being made of an elementary student and of secondary educators when a review is being made of secondary student.

1. The Discipline Review Panel shall hear the following types of disciplinary cases:
 - a. Requests for expulsion from site principals or the Superintendent.
 - b. School site administrative requests for assistance (non-expulsion situations).
2. Each discipline review panel shall consist of three certificated persons plus a chairperson and shall consist of elementary educators when a review is being made of an elementary student and of secondary educators when a review is being made of a secondary student. A panelist may not serve on any panel involving a student who is currently attending the school in which he/she is assigned. A representative from Student Services shall be a nonvoting member of each panel.

A chairperson and assistant chairperson, to serve when the chairperson is unable to serve, shall be appointed by the Superintendent or designee and shall serve at his/her pleasure. Neither shall be a member of the Student Services staff.

A pool of panelists shall be established which shall be composed of personnel who have served or are currently serving as members of administrative expulsion panels. The committee chairman shall select members to serve on individual panels.

The meetings of the discipline review panel are open to school district personnel only.

The duties of the Discipline Review Panel are as follows:

1. The chairperson shall call a meeting of the panel as soon as possible, but no later than 10 school days after the receipt of notice of a pending case.
2. A recommendation must be forwarded to the Director, Office of Student Services, within three days of the review hearing.
3. In the event a member of the committee cannot be present at a meeting, the Director, Office of Student Services, will appoint an alternate from the pool to attend.

Final Action by the Board

Whether the expulsion hearing is conducted in closed or public session by the Board, a hearing officer, or an administrative panel, the final action to expel shall be taken by the Board at a public meeting. (Education Code 48918(j))

(cf. 9321.1 - Closed Session Actions and Reports)

If the Board conducts the hearing and reaches a decision not to expel, this decision shall be final and the student shall be reinstated immediately.

Upon ordering an expulsion, the Board shall set a date when the student shall be reviewed for readmission to a school within the district. For a student expelled for an act listed under “Mandatory Recommendation and Mandatory Expulsion” above, this date shall be one year from the date the expulsion occurred, except that the Board may set an earlier date on a case-by-case basis. For a student expelled for other acts, this date shall be no later than the last day of the semester following the semester in which the expulsion occurred. (Education Code 48916)

At the time of the expulsion order, the Board shall recommend a plan for the student’s rehabilitation, which may include: (Education Code 48916)

1. Periodic review as well as assessment of the student at the time of review for readmission.
2. Recommendations for improved academic performance, tutoring, special education assessments, job training, counseling, employment, community service and other rehabilitative programs.

With parental consent, students who have been expelled for reasons relating to controlled substances or alcohol may be required to enroll in a county-sponsored drug rehabilitation program before returning to school. (Education Code 48916.5)

Written Notice to Expel

The Superintendent or designee shall send written notice of the decision to expel the student or parent/guardian. This notice shall include the following:

1. The specific offense committed by the student for any of the causes for suspension or expulsion listed in Education Code 48900 (a)-(o), Education Code 48900.2-48900.4, Education Code 48915 (c) and (Education Code 48900.8).
2. The fact that a description of readmission procedures will be made available to the student and his/her parent/guardian. (Education Code 48916)
3. Notice of the right to appeal the expulsion to the County Governing Board. (Education Code 48918)
4. Notice of the alternative educational placements to be provided to the student during the time of expulsion. (Education Code 48918)
5. Notice of the student’s or parent/guardian’s obligation to inform any new district in which the student seeks to enroll of the student’s status with the expelling district, pursuant to Education Code 48915.1 (Education Code 48918).

Decision Not to Enforce Expulsion Order

In accordance with Board policy, when deciding whether to suspend the enforcement of an expulsion, the Board shall take into account the following criteria:

1. The student’s pattern of behavior.
2. The seriousness of the misconduct.
3. The student’s attitude toward the misconduct and his/her willingness to follow a rehabilitation program.

The suspension of the enforcement of an expulsion shall be governed by the following: (Education Code 48917)

1. The Board may, as a condition of the suspension of enforcement, assign the student to a school, class or program appropriate for the student’s rehabilitation. This rehabilitation program may provide for the involvement of the student’s parent/guardian in the student’s education. However, a parent/guardian’s refusal to participate in the rehabilitation program shall not be considered in the Board’s determination as to whether the student has satisfactorily completed the rehabilitation program.
2. During the period when enforcement of the expulsion order is suspended, the student shall be on probationary status.
3. The suspension of the enforcement of an expulsion order may be revoked by the Board if the student commits any of the acts listed under “Grounds for Suspension and Expulsion” above or violates any of the district’s rules and regulations governing student conduct.
4. When the suspension of the enforcement of an expulsion order is revoked, a student may be expelled under the terms of the original expulsion order.
5. Upon satisfactory completion of the rehabilitation assignment, the Board shall reinstate the student in a district school. Upon reinstatement, the Board may order the expunging of any or all records of the expulsion proceedings.
6. Suspension of the enforcement of an expulsion order shall not affect the time period and requirements for the filing of an appeal of the expulsion order with County Board of Education.

7. The Superintendent or designee shall send written notice of any decision to suspend the enforcement of an expulsion order during a period of probation to the student or parent/guardian. The notice shall also inform the parent/guardian of the right to appeal the expulsion to the County Board of Education. (Education Code 48918 (j))

Right to Appeal

The student or parent/guardian is entitled to file an appeal of the Board's decision to the County Board of Education. The appeal must be filed within 30 days of the Board's decision to expel, even if the expulsion action is suspended and the student is placed on probation. (Education Code 48919)

Post-Expulsion Placements

The Board shall refer expelled students to a program of study that is: (Education Code 48915, 48915.01)

1. Appropriately prepared to accommodate students who exhibit discipline problems.
2. Not provided at a comprehensive middle, junior or senior high school or at any elementary school, unless the program is offered at a community day school established at such a site.
3. Not housed at the school site attended by the student at the time of suspension.

(cf. 6185 - Community Day School)

When the placement described above is not available, and when the County Superintendent of Schools so certifies, students expelled for acts described in items #6 through #13 and #17 through #19 under "Grounds for Suspension and Expulsion" may be instead referred to a program of study that is provided at another comprehensive middle, junior, or senior high school, or at an elementary school. (Education Code 48915)

The program for a student expelled from any of grades K-6 shall not be combined or merged with programs offered to students in any of grades 7-12. (Education Code 48916.1)

Readmission After Expulsion

Readmission procedures shall be as follows:

1. On the date set by the Board when it ordered the expulsion, the district shall consider readmission of the student. (Education Code 48916)
2. The Superintendent or designee shall hold a conference with the parent/guardian and the student. At the conference the student's rehabilitation plan shall be reviewed and the Superintendent or designee shall verify that the provisions of this plan have been met. School regulations shall be reviewed and the student and parent/guardian shall be asked to indicate in writing their willingness to comply with these regulations.
3. The Superintendent or designee shall transmit to the Board his/her recommendation regarding readmission. The Board shall consider this recommendation in closed session if information would be disclosed in violation of Education Code 49073-49079. If a written request for open session is received from the parent/guardian or adult student, it shall be honored.
4. If the readmission is granted, the Superintendent or designee shall notify the student and parent/guardian, by registered mail, of the Board's decision regarding readmission.
5. The Board may deny readmission only if it finds that the student has not satisfied the conditions of the rehabilitation plan or that the student continues to pose a danger to campus safety or to other district students or employees. (Education Code 48916)
6. If the Board denies the readmission of a student, the Board shall determine either to continue the student's placement in the alternative educational program initially selected or to place the student in another program that serves expelled students, including placement in a county community school. (Education Code 48916)
7. The Board shall provide written notice to the expelled student and parent/guardian describing the reasons for denying readmittance into the regular program. This notice shall indicate the Board's determination of the educational program which the Board has chosen. The student shall enroll in that program unless the parent/guardian chooses to enroll the student in another school district. (Education Code 48916)

Maintenance of Records

The Board shall maintain a record of each expulsion, including the specific cause of the expulsion. The expulsion record shall be maintained in the student's mandatory interim record and sent to any school in which the student subsequently enrolls, within five days of a written request by the admitting school. (Education Code 48900.8, 48918(k))

The Superintendent or designee shall, within five working days, honor any other district's request for information about an expulsion from this district. (Education Code 48915.1)

(cf. 5119 - Students Expelled from Other Districts)

(cf. 5125 - Student Records)

Notifications to Law Enforcement Authorities

Prior to the suspension or expulsion of any student, the principal or designee shall notify appropriate city or county law enforcement authorities of any student acts of assault which may have violated Penal Code 245. (Education Code 48902)

The principal or designee also shall notify appropriate city or county law enforcement authorities of any student acts which may involve the possession or sale of narcotics or of a controlled substance or possession of weapons or firearms in violation of Penal Code 626.9 and 626.10. (Education Code 48902)

Within one school day after a student's suspension or expulsion, the principal or designee shall notify appropriate city or county law enforcement authorities, by telephone or other appropriate means, of any student acts which may violate Education Code 48900(c) or (d), relating to the possession, use, offering or sale of controlled substances, alcohol, or intoxicants of any kind. (Education Code 48902)

Ouome Data

The Superintendent or designee shall maintain the following data and report such data annually to the California Department of Education, using forms supplied by the California Department of Education: (Education Code 48900.8, 48916.1)

1. The number of students recommended for expulsion.
2. The grounds for each recommended expulsion.
3. Whether the student was subsequently expelled.
4. Whether the expulsion order was suspended.
5. The type of referral made after the expulsion.
6. The disposition of the student after the end of the expulsion period.

Regulation: REDLANDS UNIFIED SCHOOL DISTRICT

Approved: June 27, 1995, Redlands, California

(D) Procedures to Notify Teachers of Dangerous Pupils (EC 49079)

1. List is comprised by Student Services and shared with Administration
2. Administration contacts teachers with a copy of suspension/expulsion notifications, which include student's name.
3. Teachers can either want to review student's record with administration, or they can refusing the need to review the record.

(E) Sexual Harassment Policies (EC 212.6 [b])

Policy 4119.11: Sex Discrimination and Sex-Based Harassment

The Governing Board is committed to providing a safe work environment that is free of harassment and intimidation. The Board prohibits sexual harassment against district employees by anyone, in any manner, and prohibits retaliatory action or behavior against any persons who complains, testifies, or otherwise participates in the complaint process established pursuant to this policy and accompanying administrative regulation. This policy shall apply to all district employees, interns, volunteers, contractors, job applicants, and other persons with an employment relationship with the district.

(cf. 0410 - Nondiscrimination in District Programs and Activities) (cf. 4030 - Nondiscrimination in Employment)

Sexual harassment includes, but is not limited to, harassment that is based on the sex, gender, gender identity, gender expression, or sexual orientation of the victim and harassment based on pregnancy, childbirth, or related medical conditions.

The Superintendent or designee shall take all actions necessary to ensure the prevention, investigation, and correction of sexual harassment, including but not limited to:

1. Providing training to all staff in accordance with law and administrative regulation.
2. Publicizing and disseminating the district's sexual harassment policy to staff.
3. Ensuring prompt, thorough, equitable, and fair investigation of complaints
4. Taking timely and appropriate corrective/remedial actions which may require interim separation of the complainant and the alleged harasser and subsequent monitoring of developments.

The Superintendent or designee shall periodically evaluate the effectiveness of the district's strategies to prevent and address harassment. Such evaluation may involve conducting regular anonymous employee surveys to assess whether harassment is occurring or is perceived to be tolerated, partnering with researchers or other agencies with the needed expertise to evaluate the district's prevention strategies, and using any other effective tool for receiving feedback on systems and/or processes. As necessary, changes shall be made to the harassment policy, complaint procedures, or training.

Sexual Harassment Reports and Complaints

Any district employee who feels that he/she has been sexually harassed in the performance of their district responsibilities or who has knowledge of any incident of sexual harassment by or against another employee shall immediately report the incident to his/her supervisor, the principal, other district administrator, or the district's Title IX Coordinator. However, an employee may bypass his/her supervisor in filing a complaint if the supervisor is the subject of the complaint. A supervisor, principal, or district administrator who receives a harassment complaint shall promptly notify the Title IX Coordinator.

Once notified, the Title IX Coordinator shall ensure the complaint or allegation is addressed through AR 4119.12/4219.12/4319.12 – Title IX Sexual Harassment Complaint Procedures or AR 4030- Nondiscrimination in Employment, as applicable. Because a complaint or allegation that is dismissed or denied under the Title IX complaint procedure may still be subject to consideration under state law, the Title IX Coordinator shall ensure that any implementation of AR 4119.12/4219.12/4319.12 concurrently meets the requirements of AR 4030.

Notwithstanding the above, BP/AR 4119.12/4219.12/4319.12 and 4030 shall under no circumstances be used to resolve complaints brought by, on behalf of, or against students. All complaints brought by, on behalf of, or against students that allege "sexual harassment" as that term is defined in the federal regulations implementing Title IX of the Education Amendments of 1972 (see 34 C.F.R. § 106, et seq.) shall be investigated and resolved under BP/AR 5145.71. All complaints brought by, on behalf of, or against students that do not meet the definition of "sexual harassment" as set forth in the Title IX implementing regulations shall be investigated and resolved under BP/AR 1312.3.

(cf. 4119.12/4219.12/4319.12 - Title IX Sexual Harassment Complaints)

The Title IX Coordinator shall offer supportive measures to the complainant and respondent, as deemed appropriate under the circumstances.

Upon investigation of a sexual harassment complaint, any district employee who engages, or participates in sexual harassment, or who aids, abets, incites, compels, or coerces another to commit sexual harassment in violation of this policy is subject to disciplinary action, up to and including dismissal, in accordance with law and the applicable collective bargaining agreement.

(cf. 4117.7/4317.7 - Employment Status Reports) (cf. 4118 - Dismissal/Suspension/Disciplinary Action) (cf. 4218 -

Dismissal/Suspension/Disciplinary Action)

Regulation 4119.12: Title IX Sex Discrimination and Sex-Based Harassment Complaint Procedures

The complaint procedures described in this administrative regulation shall be used to address any complaint governed by Title IX of the Education Amendments of 1972 alleging that a district employee, while in an education program or activity in which a district school exercises substantial control over the context and respondent, was subjected to one or more of the following forms of sexual harassment: (34 CFR 106.30, 106.44)

1. A district employee conditioning the provision of a district aid, benefit, or service on a person's participation in unwelcome sexual conduct
2. Unwelcome conduct determined by a reasonable person to be so severe, pervasive, and objectively offensive that it effectively denies a person equal access to the district's education program or activity
3. Sexual assault, dating violence, domestic violence, or stalking as defined in 20 USC 1092 or 34 USC 12291 (cf. 4119.11/4219.11/4319.11 - Sexual Harassment)

All other sexual harassment complaints or allegations shall be investigated and resolved in accordance with AR 4030

- Nondiscrimination in Employment. The determination of whether the allegations meet the definition of sexual harassment under Title IX shall be made by the district's Title IX Coordinator.

(cf. 4030 - Nondiscrimination in Employment)

Because the complainant has a right to pursue a complaint under AR 4030 for any allegation that is dismissed or denied under the Title IX complaint procedure, the Title IX Coordinator shall ensure that all requirements and timelines for AR 4030 are concurrently met while implementing the Title IX procedure.

Reporting Allegations/Filing a Formal Complaint

An employee who is the alleged victim of sexual harassment may submit a report of sexual harassment to the district's Title IX Coordinator using the contact information listed in AR 4119.11/4219.11/4319.11 - Sexual Harassment or to the employee's direct supervisor or other district administrator, who shall forward the report to the Title IX Coordinator within one day of receiving the report. Upon receiving such a report, the Title IX Coordinator shall inform the complainant of the right to file a formal complaint and the process for filing a formal complaint.

A formal complaint, with the complainant's physical or digital signature, may be filed with the Title IX Coordinator in person, by mail, by email, or by any other method authorized by the district. (34 CFR 106.30)

Even if the alleged victim chooses not to file a formal complaint, the Title IX Coordinator shall file a formal complaint in situations when a safety threat exists. In addition, the Title IX Coordinator may file a formal complaint in other situations as permitted under the Title IX regulations, including as part of the district's obligation to not be deliberately indifferent to known allegations of sexual harassment. In such cases, the Title IX Coordinator shall provide the alleged victim notices as required by the Title IX regulations at specific points in the complaint process.

The Title IX Coordinator, investigator, decision-maker, or a facilitator of an informal resolution process shall not have a conflict of interest or bias for or against complainants or respondents generally or an individual complainant or respondent. Such persons shall receive training in accordance with 34 CFR 106.45. (34 CFR 106.45)

Supportive Measures

Upon receipt of a report of Title IX sexual harassment, the Title IX Coordinator shall promptly contact the complainant to discuss the availability of supportive measures and shall consider the complainant's wishes with respect to the supportive measures implemented. Supportive measures shall be offered as appropriate, as reasonably available, and without charge to the complainant or the respondent before or after the filing of a formal complaint or where no formal complaint has been filed. Such measures shall be nondisciplinary, nonpunitive, and not unreasonably burden the other party, including measures designed to protect the safety of all parties or the district's educational environment or to deter sexual harassment. Supportive measures may include, but are not limited to, counseling, extensions of deadlines, modifications of work schedules, mutual restrictions on contact, changes in work locations, leaves of absence, increased security, and monitoring of certain areas of the campus. (34 CFR 106.30, 106.44)

The district shall maintain as confidential any supportive measures provided to the complainant or respondent, to the extent that maintaining such confidentiality would not impair the district's ability to provide the supportive measures. (34 CFR 106.30)

Emergency Removal

If a district employee is the respondent, the employee may be placed on administrative leave during the pendency of the formal complaint process. (34 CFR 106.44)

If the respondent is a student, the district may, on an emergency basis, remove the student from the district's education program or activity, provided that the district conducts an individualized safety and risk analysis, determines that removal is justified due to an immediate threat to the physical health or safety of any student or other individual arising from the allegations, and provides the student with notice and an opportunity to challenge the decision immediately following the removal. This authority to remove a student does not modify a student's rights under the Individuals with Disabilities Education Act or Section 504 of the Rehabilitation Act of 1973. (34 CFR 106.44)

Dismissal of Complaint

The Title IX Coordinator shall dismiss a formal complaint if the alleged conduct would not constitute sexual harassment as defined in

34 CFR 106.30 even if proved. The Title IX Coordinator shall also dismiss any complaint in which the alleged conduct did not occur in the district's education program or activity or did not occur against a person in the United States, and may dismiss a formal complaint if the complainant notifies the district in writing that the complainant would like to withdraw the complaint or any allegations in the complaint, the respondent is no longer employed by the district, or sufficient circumstances prevent the district from gathering evidence sufficient to reach a determination with regard to the complaint. (34 CFR 106.45)

Upon dismissal, the Title IX Coordinator shall promptly send written notice of the dismissal and the reasons for the dismissal simultaneously to the parties and shall inform them of their right to appeal the dismissal of a formal complaint or any allegation in the complaint in accordance with the appeal procedures described in the section "Appeals" below. (34 CFR 106.45)

If a complaint is dismissed, the conduct may still be addressed pursuant to AR 4030 - Nondiscrimination in Employment as applicable.

Informal Resolution Process

When a formal complaint of sexual harassment is filed, the district may offer an informal resolution process, such as mediation, at any time prior to reaching a determination regarding responsibility. The district shall not require a party to participate in the informal resolution process or to waive the right to an investigation and adjudication of a formal complaint. (34 CFR 106.45)

The district may facilitate an informal resolution process provided that the district: (34 CFR 106.45)

1. Provides the parties with written notice disclosing the allegations, the requirements of the informal resolution process, the right to withdraw from the informal process and resume the formal complaint process, and any consequences resulting from participating in the informal resolution process, including that records will be maintained or could be shared.
2. Obtains the parties' voluntary, written consent to the informal resolution process

Written Notice

If a formal complaint is filed, the Title IX Coordinator shall provide the known parties with written notice of the following: (34 CFR 106.45)

1. The district's complaint process, including any informal resolution process
2. The allegations potentially constituting sexual harassment with sufficient details known at the time, including the identity of parties involved in the incident if known, the conduct allegedly constituting sexual harassment, and the date and location of the alleged incident if known. Such notice shall be provided with sufficient time for the parties to prepare a response before any initial interview. If, during the course of the investigation, new Title IX allegations arise about the complainant or respondent that are not included in the initial notice, the Title IX Coordinator shall provide notice of the additional allegations to the parties.
3. A statement that the respondent is presumed not responsible for the alleged conduct and that a determination regarding responsibility is made at the conclusion of the complaint process
4. The opportunity for the parties to have an advisor of their choice who may be, but is not required to be, an attorney, and the ability to inspect and review evidence
5. The prohibition against knowingly making false statements or knowingly submitting false information during the complaint process

The above notice shall also include the name of the investigator, facilitator of an informal process, and decision-maker and shall inform the parties that, if at any time a party has concerns regarding conflict of interest or bias regarding any of these persons, the party should immediately notify the Title IX Coordinator.

Investigation Procedures

During the investigation process, the district's designated investigator shall: (34 CFR 106.45)

1. Provide an equal opportunity for the parties to present witnesses, including fact and expert witnesses, and other inculpatory and

exculpatory evidence

2. Not restrict the ability of either party to discuss the allegations under investigation or to gather and present relevant evidence
3. Provide the parties with the same opportunities to have others present during any grievance proceeding, including the opportunity to be accompanied to any related meeting or proceeding by the advisor of their choice, who may be, but is not required to be, an attorney
4. Not limit the choice or presence of an advisor for either the complainant or respondent in any meeting or grievance proceeding, although the district may establish restrictions regarding the extent to which the advisor may participate in the proceedings as long as the restrictions apply equally to both parties
5. Provide, to a party whose participation is invited or expected, written notice of the date, time, location, participants, and purpose of all investigative interviews or other meetings, with sufficient time for the party to prepare to participate
6. Send in an electronic format or hard copy to both parties and their advisors, if any, the evidence obtained as part of the investigation that is directly related to the allegations raised in the complaint, and provide the parties at least 10 days to submit a written response for the investigator to consider prior to the completion of the investigative report
7. Objectively evaluate all relevant evidence, including both inculpatory and exculpatory evidence, and determine credibility in a manner that is not based on a person's status as a complainant, respondent, or witness
8. Create an investigative report that fairly summarizes relevant evidence and, at least 10 days prior to the determination of responsibility, send to the parties and their advisors, if any, the investigative report in an electronic format or a hard copy, for their review and written response

Questions and evidence about the complainant's sexual predisposition or prior sexual behavior are not relevant, unless such questions and evidence are offered to prove that someone other than the respondent committed the conduct alleged by the complainant or if the questions and evidence concern specific incidents of the complainant's prior sexual behavior with respect to the respondent and are offered to prove consent. (34 CFR 106.45)

Privacy rights of all parties to the complaint shall be maintained in accordance with applicable state and federal laws.

If the complaint is against an employee, rights conferred under an applicable collective bargaining agreement shall be applied to the extent they do not conflict with the Title IX requirements.

Written Decision

The Superintendent shall designate an employee as the decision-maker to determine responsibility for the alleged conduct, who shall not be the Title IX Coordinator or a person involved in the investigation of the matter. (34 CFR 106.45)

After the investigative report has been sent to the parties but before reaching a determination regarding responsibility, the decision-maker shall afford each party the opportunity to submit written, relevant questions that the party wants asked of any party or witness, provide each party with the answers, and allow for additional, limited follow-up questions from each party.

The decision-maker shall issue, and simultaneously provide to both parties, a written decision as to whether the respondent is responsible for the alleged conduct. (34 CFR 106.45)

The written decision shall be issued within 60 calendar days of the receipt of the complaint.

The timeline may be temporarily extended for good cause with written notice to the complainant and respondent of the extension and the reasons for the action. (34 CFR 106.45)

In making this determination, the decision-maker shall use the "preponderance of the evidence" standard for all formal complaints of sexual harassment. (34 CFR 106.45)

The written decision shall include the following: (34 CFR 106.45)

1. Identification of the allegations potentially constituting sexual harassment as defined in 34 CFR 106.30

2. A description of the procedural steps taken from receipt of the formal complaint through the written decision, including any notifications to the parties, interviews with parties and witnesses, site visits, methods used to gather other evidence, and hearings held if the district includes hearings as part of the grievance process
3. Findings of fact supporting the determination
4. Conclusions regarding the application of the district's code of conduct or policies to the facts
5. A statement of, and rationale for, the result as to each allegation, including a decision regarding responsibility, any disciplinary sanctions the district imposes on the respondent, and whether remedies designed to restore or preserve equal access to the district's educational program or activity will be provided by the district to the complainant
6. The district's procedures and permissible bases for the complainant and respondent to appeal

Appeals

Either party may appeal the district's decision or dismissal of a formal complaint or any allegation in the complaint, if the party believes that a procedural irregularity affected the outcome, new evidence is available that could affect the outcome, or a conflict of interest or bias by the Title IX Coordinator, investigator(s), or decision-maker(s) affected the outcome. If an appeal is filed, the district shall: (34 CFR 106.45)

1. Notify the other party in writing when an appeal is filed and implement appeal procedures equally for both parties
2. Ensure that the decision-maker(s) for the appeal is trained in accordance with 34 CFR 106.45 and is not the same decision-maker(s) who reached the determination regarding responsibility or dismissal, the investigator(s), or the Title IX Coordinator
3. Give both parties a reasonable, equal opportunity to submit a written statement in support of, or challenging, the outcome
4. Issue a written decision describing the result of the appeal and the rationale for the result
5. Provide the written decision simultaneously to both parties

An appeal must be filed in writing within 10 calendar days of receiving the notice of the decision or dismissal, stating the grounds for the appeal and including any relevant documentation in support of the appeal. Appeals submitted after this deadline are not timely and shall not be considered.

A written decision shall be provided to the parties within 20 calendar days from the receipt of the appeal.

Either party has the right to file a complaint with the U.S. Department of Education's Office for Civil Rights within 180 days of the date of the most recently alleged misconduct.

The complainant shall be advised of any civil law remedies, including, but not limited to, injunctions, restraining orders, or other remedies or orders that may be available under state or federal antidiscrimination laws, if applicable.

Remedies

When a determination of responsibility for sexual harassment has been made against the respondent, the district shall provide remedies to the complainant. Such remedies may include the same individualized services described above in the section "Supportive Measures," but need not be nondisciplinary or nonpunitive and need not avoid burdening the respondent. (34 CFR 106.45)

Disciplinary Actions

The district shall not impose any disciplinary sanctions or other actions against a respondent, other than supportive measures as described above in the section "Supportive Measures," until the complaint procedure has been completed and a determination of responsibility has been made. (34 CFR 106.44)

When an employee is found to have committed sexual harassment or retaliation, the district shall take appropriate disciplinary action, up to and including dismissal, in accordance with applicable law and collective bargaining agreement.

(cf. 4117.7/4317.7 - Employment Status Report)

(cf. 4118 - Dismissal/Suspension/Disciplinary Action) (cf. 4119.11/4219.11/4319.11 - Sexual Harassment) (cf. 4218 - Dismissal/Suspension/Disciplinary Action)

Record-Keeping

The Superintendent or designee shall maintain, for a period of seven years: (34 CFR 106.45)

1. A record of all reported cases and Title IX investigations of sexual harassment, any determinations of responsibility, any audio or audiovisual recording and transcript if applicable, any disciplinary sanctions imposed, any remedies provided to the complainant, and any appeal or informal resolution and the results therefrom.
2. A record of any actions, including supportive measures, taken in response to a report or formal complaint of sexual harassment, including the district's basis for its conclusion that its response was not deliberately indifferent, the measures taken that were designed to restore or preserve equal access to the education program or activity, and, if no supportive measures were provided to the complainant, the reasons that such a response was not unreasonable in light of the known circumstances.
3. All materials used to train the Title IX Coordinator, investigator(s), decision-maker(s), and any person who facilitates an informal resolution process. The district shall make such training materials publicly available on its web site, or if the district does not maintain a web site, available upon request by members of the public.

(F) School-wide Dress Code Relating to Gang-Related Apparel (EC 35183)

Policy 5132.16: Student Dress Guidelines

The Governing Board believes that appropriate dress and grooming contribute to a productive learning environment. The Board expects students to give proper attention to personal cleanliness and to wear clothes that are suitable for the school activities in which they participate. Students' clothing must not present a health or safety hazard or a distraction which would interfere with the educational process.

Students and parents/guardians shall be informed about dress and grooming standards at the beginning of the school year and whenever these standards are revised. A student who violates these standards shall be subject to appropriate disciplinary action.

Gang-Related Apparel

The principal, staff and parents/guardians at a school may establish a reasonable dress code that prohibits students from wearing gang-related apparel when there is evidence of a gang presence that disrupts or threatens to disrupt the school's activities. Such a dress code may be included as part of the school safety plan and must be presented to the Board for approval. The Board shall approve the plan upon determining that it is necessary to protect the health and safety of the school's students.

Uniforms

The Board recognizes that, in order to promote student safety and discourage peer rivalry and/or gang activity, the principal, staff and parent/guardian at a school site may wish to establish a reasonable dress code, which may include voluntary school uniforms.

Dress codes, which include voluntary school uniforms, may be included as part of the school safety plan submitted as required.

The Superintendent or designee shall establish procedures that schools, parents and guardians will follow if they decide to participate with the voluntary school uniform policy. Students shall not be penalized academically, otherwise discriminated against or denied attendance to school if their parents/guardian decide not to participate.

The Governing Board feels that there is nothing inherently wrong with dress or color of dress, but when student's dress serves to intimidate or impede the rights of other students it will be determined that dress is in violation of this policy. A student may not remain at school dressed in a manner which (1) creates a safety hazard for said student or for other students at school, and/or (2) when the dress constitutes a serious and unnecessary distraction to the learning process or tends to disrupt campus order

When the site administrator/designee determines that a student's attire is in violation of this policy, the student will be required to modify his/her clothing and/or apparel in such a manner that it no longer violates this policy. If necessary, the student may be taken or sent home with parental permission to modify unacceptable dress and return to school. Refusal to take steps as described in this policy shall be cause for disciplinary action against the student. Any such disciplinary action shall be handled pursuant to existing student disciplinary policy

Parents/guardians have primary responsibility to see that students are properly attired for school. School district personnel have the responsibility for maintaining proper and appropriate conditions conducive to learning. Hence, the following guidelines will be implemented in all district schools.

1. Shoes will be worn at all times. A substantial sole is required and enclosed toe and heel footwear are highly encouraged.
2. Extremely brief garments that are distracting to the educational environment are not appropriate. Clothing shall be sufficient to conceal undergarments at all times.
3. Clothing or accessories shall be free of writing, pictures or any other insignia which are crude, violent, obscene or sexually suggestive or which advocate racial, ethnic or religious prejudice or the use of tobacco, drugs or alcohol.
4. Earrings, jewelry, or accessories which present a safety hazard to the wearer or others are not suitable for school wear.
5. Only prescription sunglasses may be worn in class. Other types of sunglasses may be worn on campus outside of class.
6. Identified gang attire such as bandannas, haircuts or hair rollers, or any gang paraphernalia are prohibited.

Students are allowed to wear sun protective clothing, including hats, while outdoors during the school day. Each school site will develop a policy indicating the type of sun protective hats that are permitted.

No grade of a student participating in a physical education class shall be adversely affected if the student does not wear standardized physical education apparel because of circumstances beyond the student's control. (Education Code 49066) All clothing worn during physical education shall meet reasonable safety standards.

The purpose of adopting these Student Dress Guidelines is not to infringe on any individual student's rights to freedom of expression, but rather to encourage students to dress appropriately and come to school properly prepared for participating in the educational process.

Gang-Related Apparel

Because gang-related symbols are constantly changing, definitions of gang-related apparel shall be reviewed as needed and updated as necessary.

Uniforms

In schools where a majority of parents respond and indicate on a survey that they desire to establish a voluntary school-wide uniform dress code, the principal, staff and the parents/guardians of the individual school site shall:

1. Jointly select the specific uniform to be worn. (Education Code 35183)
2. Describe the uniform parts and identify local vendors who sell those pieces of clothing. A description of the implementation of the voluntary uniform dress code will be submitted to the superintendent's designee including:

 - b. Positive procedures that will be used to encourage students to participate with the voluntary uniform dress code
3. A description of the uniform and a list of costs for each competitively priced item of clothing as provided by a variety of vendors will be sent to parents.
4. Parents will be notified that this is a voluntary uniform dress code and that students not participating shall not be penalized academically, otherwise discriminated against or denied attendance to school if their parents/guardians so decide.

Parent Notification

The principal shall give parents/guardian at least six months notice before a school site implements a voluntary school uniform dress code. (Education Code 35183)

The school's physical facility is well maintained and generally looks neat and clean. The school was most recently painted with the install of murals and two classrooms were painted in 2022 renovated during the 2022 school year with two classrooms receiving new carpet, this year. District personnel periodically examine the school's physical facility and help eliminate obstacles to school safety. Additionally, health and fire department inspectors contribute to school safety.

Internal Security Procedures

Moore Middle School has established procedures in the following areas: California Safe School Assessment (CSSA) reporting procedures, suspension and expulsion procedures, inventory system, and single point of entry with Raptor sign in.

Moore Middle School crime statistics reflect a total of 1 crimes reported during the 2021-2022 school year.

Keeping reportable crimes at a minimum requires constant vigilance. The following strategies will be utilized in achieving this goal: Campus Safety Officers and Campus Monitors with assigned areas, single point of entry, Raptor system for all visitors, and Sprigeo. Whenever crimes or misconduct by students are suspected, we encourage victims and witnesses to notify school officials and other proper authorities by either speaking with a teacher, counselor, administrator, or other school employee or making an anonymous report via Sprigeo. Signage is posted throughout campus following the RUSD See Something, Hear Something, Sense Something, Say Something campaign and a formal presentation has been conducted with all students to ensure their understanding of the options they have for reporting their concerns. Additionally, if the crime or misconduct is a violation of the law, witnesses, victims, and their parents/guardians are encouraged to notify Redlands Police Department or the San Bernardino County Sheriff's Department.

Moore Middle School maintains a copy of the district's sexual harassment policy in the main office/principal's office and the policy is available on request. The District's Sexual Harassment Policy contains dissemination plans, applicable definitions, reporting requirements, investigation procedures, enforcement regulations, and information related to suspension and/or expulsion for sexual harassment of or by pupils. Additionally, a notice summarizing this sexual harassment policy appears in the Parent & Student Handbook. The parent student handbook is distributed at the beginning of each school year to all parents and pupils.

District employees, not assigned to Moore Middle School shall wear appropriate identification badges while on campus conducting business.

Discipline procedures shall focus on finding the cause of problems and working with all concerned to reach the proper, lawful solutions. The school's discipline plan begins at the classroom level. Teachers shall use a visible classroom management plan to communicate classroom rules, promote positive pupil conduct, and reduce unacceptable conduct. Appropriate consequences are administered based on the seriousness of the pupil's misbehavior.

Pupil conduct standards and consequences for Moore Middle School are specifically described in this Comprehensive Schools Safety Plan including: (a) the adopted school discipline rules and procedures, (b) District Disciplinary Guidelines, and (c) the adopted school-wide dress code.

Pupils may be suspended, transferred to another school, or recommended for expulsion or for certain acts. For specific student violations, a mandatory expulsion recommendation shall be submitted by the administration of Moore Middle School.

Site administrators contribute to a positive school climate, promote positive pupil behavior, and help reduce inappropriate conduct. The principal/designee uses available district and other appropriate records to inform teachers of each pupil identified under E.C. 49079.

Law enforcement is contacted and consulted to help maintain and to promote a safe and orderly school environment. Moore Middle School employees comply with all legal mandates, regulations, and reporting requirements for all instances of suspected child abuse.

If appropriate, additional internal security procedures affecting the integrity of the school facility include: All visitors must use single point of entry and sign-in via RAPTOR system to gain access to the campus. We are conducting empty room checks and conducting daily safety checks of all classrooms throughout various times of the day. We have installed a switch to toggle all doors equipped with toggle (Admin, MPR, locker rooms, and library) to lock upon activating.

Community involvement is encouraged to help increase school safety.

Moore Middle School encourages community involvement through monthly Safety Committee Team meetings in which parents, community members, school staff and students work together to discuss and address concerns.

(I) School Discipline Rules and Consequences (EC 35291 and EC 35291.5)

Moore Middle School Student Conduct Code

Procedures to Ensure a Safe and Orderly Environment

Rules and Procedures on School Discipline

Philosophy of Discipline

- Behavior expectations and the consequences for not meeting expectations must be clearly communicated to all students and their parents (in writing as well as verbally).
- The severity of consequences for violating behavior expectations increases with each incident of inappropriate behavior.
- The consequences for violating behavior expectations should be severe enough to discourage students from making poor behavior decisions.
- Expectations and consequences should permit students an opportunity to eliminate inappropriate behavior.

Additionally, the school staff recognizes that the middle school years are a transition time from adolescence to young adulthood. As a part of this transition, the student is given greater opportunities to be responsible and demonstrate independence and good judgment. The structure of our behavior expectations (in the classroom as well as school wide) is meant to encourage students to be responsible. The first step in many instances of inappropriate behavior (those considered to be "minor") is a simple warning ("Your behavior is unacceptable. Please stop such behavior"). It is only when a student ignores such warnings and continues to choose to act irresponsibly (like a child rather than an emerging adult) that we involve parents and implement consequences.

Elements of a Good Discipline Program

1. The program is focused upon making the entire campus, especially the classroom, a safe, supportive and orderly environment for learning for students and staff.
2. Classroom authority is retained by the classroom teacher. (Administration's role is to support, not to replace.)
3. Rules and procedures are clearly understood by staff and students.
4. All staff members will acknowledge and take appropriate action on any minor or major infraction of the school rules.
5. Rules and procedures comply with State Law and District policies.
6. The program recognizes the responsibilities and the rights of students and staff.
7. Program is structured to keep students in class and engaged in the educational process.
8. Rules are enforced:
 - A. by all staff members at all times.
 - B. strictly, but not rigidly (beware of "automatics").
 - C. in substantial part by adult modeling.
 - D. using techniques that promote the growth of positive self-esteem.
 - E. as close to the source as is possible.
 - F. by keeping parents informed.
9. The discipline program is understood, endorsed, and supported by staff, parents, and students.

PRINCIPAL'S STATEMENT TO EDMS STAFF

Expectations in Developing & Maintaining Discipline

As Principal of our school, I will expect;

Each teacher to have a defined system of classroom management. A written description of this system, including representative examples of the progressive interventions you intend to employ, will be approved and filed by me. Whenever possible and appropriate, teachers are encouraged to use standards and systems that are consistent with other village/department members.

You can expect

Each administrator to assist and support you in every reasonable way in developing, implementing, and refining that system as needed.

I will expect

That when you refer a student for discipline:

1. The student has been made fully aware of classroom and school rules and knows what rules he/she has violated.
2. Teachers within a village will discuss any continuing behavior problems and schedule a team conference with the student and parents when appropriate.
3. That information will be provided on the referral regarding previous actions you have taken regarding this specific issue.
4. You have exhausted the interventions at your disposal (i.e., you have done everything you can do) and you have followed the guidelines established by the administration and staff on what constitutes an appropriate behavior referral.
5. The behavior was so serious or so blatant as to make immediate removal from the classroom necessary.
6. The written referral will be explicit in stating the offense(s).
7. You will send the student out of class with a referral only if his/her continued presence in the class would disrupt or prevent teaching and/or learning.
8. If necessary, the referral will be delivered to the office at a time convenient to the staff member so that the issue may be handled most efficiently, causing a minimum of lost class time.

You can expect

1. Each administrator to support your position in every reasonable way.
2. A response time on your referral of one, or at most, two days.

3. The availability of an administrator to discuss unresolved referrals after school on any given day.
4. That the administrator will exercise independent judgment regarding disposition of referrals.

I will expect

1. That each teacher will go to the doorway of his/her classroom after each class period as often as possible and assume control of student behavior in the corridor.
2. That each staff member will hold students accountable for their behavior on the school grounds at all times.

You can expect

1. Administrator support, investigation, and follow-through as indicated.
2. A response to referrals from incidents outside the classroom to be the same as to those within.

Jennie Dyerly
Principal

WHAT TO DO WHEN PROBLEMS APPEAR

Both behavioral and academic problems are present in some of our students. Teachers often ask for guidelines for dealing with these problems. Here they are:

1. Talk to the administrator assigned to your grade level.
2. Call parents at first sign of concern. Inform the parents of your observations, ask for their ideas, assistance, and support in serving the student. Keep a log of your calls.
3. If possible, talk privately to the student about your concerns.
4. Behavior concerns—look through students' CUM file. Any official suspensions will be in file, also look for teacher comments on report cards. Look for patterns of behavior. We use In-House Suspension whenever possible, as it is preferable to having students at home unattended—and it saves the district money. Serious infractions (fighting, threats, etc.) do result in official suspension. Unresponsive students can be moved to other schools or expelled.
5. Referrals—please remember if you write a student referral, you are required to call the parents. You are writing the referral and can answer the parents' questions firsthand. Administrators will also call parents, but we can only give secondhand information on the incident.
6. Academic Concerns—again, look through student CUM. This will contain test scores, report cards, and a student history. You may want to ask the grade level administrator to schedule a Student Study Team (SST). This will involve a meeting with the student, parents, administrators, students' teachers, and perhaps the psychologist

(J) Procedures to Prepare for Active Shooters

Moore Middle School utilizes a Safe & Secure Mode is a security procedure used to reduce student and staff movement outside school buildings. This may be due to a medical emergency, area disturbance, active shooter etc. It is designed to allow for school to carry forward but have the ability to move to Lockdown quickly if needed. During the Safe & Secure mode, there is heightened vigilance on campus by all school staff. Generally, recesses and outdoor activities are reduced. Parents/guardians can have access to their student(s) and may check them out of school if they see fit to do so.

- o Teachers should continue teaching as normal
- o Allow students restroom use with clear administrator/ teacher direction
- o Increased available staff presence during passing periods and student dismissal
- o Lunch/activities in more secure area, unless site admin decides otherwise
- o Standard inclement weather schedule/routine in place, unless site administrator/designee decides otherwise
- o Perimeter gates, where applicable, will be locked and monitored by available staff, allowing for central access points
- o PE classes will be moved off all fields into more secure locations (e.g., gym, class, & MPR)

Lock Down is called when a law enforcement event is happening in the vicinity of a school. The law enforcement agency generally, but not always, contacts the school/district to encourage the school site to Lock Down as a precautionary measure. All Administrators are expected to place their school in Lock Down in this scenario.

- o Take a look outside your classroom and gather up any stray students in the hallways
- o Ensure that your door is locked
- o If windows are open, close them
- o Project a calm demeanor to help students remain calm. Reassure students that they are safe
- o Do not allow anyone to leave the classroom
- o Frequently check your emails for possible updates from your site administrators
- o If students are out on the playground or athletic fields, quickly move them to a secure classroom, locker room, or multi-purpose room

Critical Alert is called when a significant, threatening event is happening on campus or adjacent to campus that creates a potential danger to students and staff. While this may be communicated to the school by law enforcement, it may also be determined by school officials on the scene. Critical Alert assumes that everyone is prepared for a potential significant threat/event on campus.

- o Implement all items from Lock Down list above
- o Turn off or reduce lighting, so it will appear that the room is vacant
- o Keep all students sitting on the floor, away from the door or windows
- o Do not look out the windows
- o Cover window on the door (if one exists)
- o Advise the students that there is a serious situation, but you don't know what it is. Project a calm demeanor to help students remain calm. Reassure students that they are safe
- o Ensure that everyone in the room turns the ringer off on their cell phones
- o Do not allow students to talk on their cell phones (keep room as quiet as possible)
- o Do not call the office. They are in the midst of a problem and will not be able to answer all the calls which may tie up the phone system
- o Quietly take roll and make a list of missing students and any extra students that are in your room. Email this list to your administrators and school site secretaries
- o Do not evacuate students until you are told to, even if the fire bells go off. If, in fact, there is a need for a fire evacuation, you will be notified via the PA system, email, or phone call
- o Do not open the door, even if someone knocks and claims to be a staff member (Administrator/custodian will have a master key)
- o If students are out on the PE field, do not return them to the locker room. Move them to a safe place (the farthest part of the campus)

Procedures for Preventing Acts of Bullying and Cyber-bullying

Policy 5131.2: Bullying

No individual or group shall, through physical, written, verbal, or other means, harass, sexually harass, threaten, intimidate, cyberbully, cause bodily injury to, or commit hate violence against any other student or school personnel, or retaliate against them for filing a complaint or participating in the complaint resolution process.

The Superintendent or designee shall develop strategies for addressing bullying in district schools with the involvement of students, parents/guardians, and staff. As appropriate, the Superintendent or designee may also collaborate with social services, mental health services, law enforcement, courts, and other agencies and community organizations in the development and implementation of effective strategies to promote safety in schools and the community.

Such strategies shall be incorporated into the comprehensive safety plan and, to the extent possible, into the local control and accountability plan and other applicable district and school plans.

Any complaint of bullying shall be investigated and, if determined to be discriminating, resolved in accordance with law and the district's uniform complaint procedures specified in AR 1312.3 - Uniform Complaint Procedures. If, during the investigation, it is determined that a complaint is about nondiscriminatory bullying, the principal or designee shall inform the complainant and shall take all necessary actions to resolve the complaint.

Any employee who permits or engages in bullying or retaliation related to bullying shall be subject to disciplinary action, up to and including dismissal.

At Moore Middle School, the Redlands Unified School District Bullying/Harassment Reporting Form (linked on school and district website and available in the Moore Middle School Administration Office) is utilized to report a possible incident of bullying/harassment as defined in the Redlands Unified School District's Policy Prohibiting Bullying /Harassment. Any student/adult can report bullying/harassment by talking to an administrator and/or completing the form and returning it to a principal, assistant principal, campus safety officer, counselor or other adult staff member on campus. Any allegation of any type of bullying is immediately investigated with a notification made to the reporting party within ten school days of making the report.

Determining the type of emergency will assist the commander/administrator in making the appropriate decision to keep the campus safe. The response to a fire is drastically different than responding to an active shooter. The type of emergency may lead to evacuation, shelter in place, or lockdown as well as which agency to contact.

Step Two: Identify the Level of Emergency

Determine the size and immediacy of the emergency will determine the level. The site leader will determine if it is a classroom only, a building only, an area only (ie. playground), the whole school, etc.

Step Three: Determine the Immediate Response Action

With safety of staff and students in mind, site administration will determine immediate response based on protocol for the specific emergencies.

Step Four: Communicate the Appropriate Response Action

Administrators/Commanders will communicate to the necessary emergency responders via phone. Administrators/Commanders will utilize a variety of communication tools to notify staff and emergency participants such as: the bell system, intercom system, emails, the Raptor app. Site administrators will communicate with the district office staff via the emergency radio. Communication with families will be done via social media, the site website, Aeries communication, Parent Square.

Types of Emergencies & Specific Procedures

Earthquake

Earthquake Emergency

Staff should follow the evacuation routes as described on the Moore Evacuation maps provided in each classroom and office. In the event of an earthquake, the school will need to declare a Stage 2 Emergency and implement the following procedures:

What to Do:

- 1) Drop, Cover, and Hold - Teachers should discuss this with their students before drills in anticipation of a major earthquake. Flyers are provided to demonstrate appropriate technique.
- 2) Line Up - When the tremors subside and the staff member believes it is safe to begin the evacuation process, they should direct their students to walk to the door to form an orderly line for evacuation purposes.
- 3) Evacuate - Do not wait for an all-call system, as the school will likely have lost power. Staff should use their own judgment or listen for directions. Students should move to the designated Earthquake Emergency Evacuation Area in a silent, straight line.

When leaving their classroom, staff should follow these steps:

Bring their attendance roster, emergency backpack, and/or bucket.

Leave your classroom door OPEN.

Take attendance using the Emergency Status Report form and/or Raptor once they are safely away from the building.

Hold their Emergency Status Report form until it is picked-up by a student runner.

- 4) All Clear - The "All Clear" notification will be given by an Moore Middle School administrator via bullhorn/portable speaker or student runners, and will include instructions on how/where teachers and their students should proceed next.

Fire in Surrounding Area

Fire In Surrounding Area (Stage 1 Emergency):

In the event of an actual fire near a classroom, the following should be accomplished:

Evacuate the classroom (concurrently with reporting if possible)

Pull the fire alarm in your building and institute a stage one evacuation.

Small fires can be put out with the fire extinguisher. Use the PASS method.

P ull the pin to activate the extinguisher.
A im at the base of the fire.
S queeze the trigger to discharge.
S weep the extinguisher from side to side.

If the fire continues to grow despite your efforts, GET OUT or exit campus!
Call 911 and report the emergency.
Listen for further instruction by bullhorn, intercom, Raptor Alert, messenger.
If you are in class and hear the fire alarm, follow the Stage 1 Protocols & Procedures.

Fire on School Grounds

Fire In the Classroom (Stage 1 Emergency):

In the event of an actual fire in a classroom, the following should be accomplished:

Evacuate the classroom (concurrently with reporting if possible)

Small fires can be put out with the fire extinguisher. Use the PASS method.

P ull the pin to activate the extinguisher.
A im at the base of the fire.
S queeze the trigger to discharge.
S weep the extinguisher from side to side.

If the fire continues to grow despite your efforts, GET OUT!
Pull the fire alarm in your building and institute a stage one evacuation.
Call 911 and report the emergency.
Then call 43911 and report the emergency to Moore administration and security.
Listen for further instruction by bullhorn, intercom, Raptor Alert, or messenger.
If you are in class and hear the fire alarm, follow the Stage 1 Protocols & Procedures

Pandemic

Blood Borne Pathogen Incident Reporting Form and Exposure Control Plan

Policy 5141.22: Infectious Diseases

The Governing Board desires to protect students from risks posed by exposure to infectious diseases while providing an appropriate education for all students.

The Superintendent or designee shall determine whether to admit a student with an infectious disease, and shall exclude students only in accordance with law. In making this determination, he/she shall consult the student's parents/guardians, the student's physician and/or the county health department, in accordance with law and consistent with confidentiality provisions. Because bloodborne pathogens such as hepatitis B virus, hepatitis C virus and human immunodeficiency virus (HIV) are not casually transmitted, the sole presence of bloodborne pathogens is not sufficient reason to exclude students from attending school.

cf. 5112.2 - Exclusions from Attendance)
(cf. 5141.26 - Tuberculosis Testing)
(cf. 5141.3 - Health Examinations)
(cf. 6158 - Independent Study)
(cf. 6159 -Individualized Education Program)
(cf. 6183 - Home/Hospital Instruction)

Parents/guardians are encouraged to inform the Superintendent or designee if their child has an infectious disease so that school staff may work cooperatively with the student's parents/guardians to minimize the child's exposure to other diseases in the school setting. The Superintendent or designee shall ensure that student confidentiality rights are strictly observed in accordance with law. No district employee shall release medical information, including knowledge of a bloodborne pathogen infection, without written consent from the parent/guardian or adult student. Such information shall be shared only with those persons specifically named in the written permission.

(cf. 5125 - Student Records)

(cf. 5022 -Student and Family Privacy Rights)

The Board requires students and staff to routinely observe universal precautions to prevent exposure to bloodborne pathogens and to prevent the spread of all infectious disease.

(cf. 4119.43/4219.43/4319.43 - Universal Precautions)

(cf. 5141.23 - Infectious Disease Prevention)

The Superintendent or designee shall ensure that the district's health education program provides information about the nature of bloodborne pathogens and their transmission.

Blood Borne Pathogens - Safety Practices

Procedures and Regulations

1. General

1.1 While recognizing that both students and employees diagnosed with an infectious blood borne disease are entitled to a confidential relationship between themselves, the medical community and/or other agencies, the Board of School Trustees encourages these individuals to meet with the School Principal and/or Superintendent of Schools to discuss their disease and immediate and future needs.

1.2 Assessment

2. Students:

2.1. The Superintendent (or designate) will be informed, by the school principal as soon as is known, of any student infected with an infectious blood borne disease.

2.2. A Risk Assessment will be conducted using a team approach including the personal physician, public health personnel, the parent or guardian, and school district personnel as appropriate and will make recommendations about the type of educational and care setting based on the following:

- a. Behavior, neurological development and physical condition of the child;
- b. Type of interaction expected with others.
- c. What the potential is for exposure
- d. Areas for potential for exposure
- e. How exposure may happen
- f. Who needs to know?
- g. What will happen if there is a risk of exposure?

2.3. The team will consider the risk to others in the workplace, whether or not the individual is healthy enough to continue to attend school, and what precautions should be taken to ensure the safety and health of others.

a. The identity of infected students will remain confidential and restricted to those who need to know or are required to be informed.

2.4. Decisions on attendance at school are dependent on the circumstances of each individual case. Regular evaluation of the appropriateness of attendance will be conducted.

2.5. The Board will be notified immediately when the team considers the health condition of a student to be a danger to the immediate health and welfare of a school, its students or employees of the Board.

a. Upon being notified of the team's concern, the Board will refer the matter to the Medical Health Officer in accordance with the procedures outlined in the School Act.

3. Employees

3.1. The Superintendent will be informed, by district staff as soon as is known, of any employee infected with an infectious blood borne disease.

3.2. Employees with an infectious blood borne disease, who are able to carry out the essential duties of their jobs in a satisfactory manner without posing a health or safety risk to themselves or others, will be entitled to continue their work.

3.3. Decisions regarding potential health or safety hazards will be made on a case-by-case basis in consultation with the employee, the personal physician and district personnel as appropriate.

3.4. The identity of infected employees will remain confidential and restricted to those who need to know or are required to be informed.

3.5. The Board will be notified immediately if the Superintendent considers the health condition of an employee to be a danger to the immediate health and welfare of a school, its students or other employees of the Board.

a. Upon being notified of the Superintendent's concern, the Board will refer the matter to the Medical Health Officer in accordance with the procedures outlined in the School Act.

4. Hygienic Safety Practices

4.1. All employees will follow "Universal Infection Control Precautions" by assuming that blood and other body fluids from all individuals are potentially infectious. These precautions include:

- a. Routinely using gloves when anticipating contact with blood
- b. Immediately washing hands and other skin surfaces after removal of gloves and/or contact with blood

4.2. Schools will be provided with appropriate protective equipment including disposable waterproof gloves (natural rubber latex, neoprene, nitrile, or vinyl), tongs or pliers and proper sharps containers.

4.3. Schools' medical room mattresses will be either vinyl-coated beds or cloth mattress with a protective vinyl (plastic) covering so that they can be cleaned as needed with a bleach solution.

4.4. Blankets can be cleaned as needed by forwarding them, in a clearly labeled plastic bag, to the Assistant Supervisor Operations at the Facilities Office.

5. Universal Precautions

5.1. Universal Precautions to prevent transmission of blood-borne disease will be followed. Universal Precautions is the term for infection control measures endorsed by the Canadian Centre for Occupational Health and Safety for workers who might come into contact with blood and other body fluids. In summary they include:

- a. Wash hands for 30 seconds after contact with blood and other body fluids contaminated with blood.

- b. Wear disposable latex gloves when you encounter blood, body fluids, or when cleaning cuts, scrapes or wounds. Wash your hands as soon as you remove your gloves. Dispose gloves in a plastic bag.
- c. Use disposable absorbent material like paper towels to stop bleeding.
- d. Discard bloodstained material in a sealed plastic bag and deposit in the garbage. Label as containing blood-tainted material.
- e. Cover cuts or scrapes with a bandage until healed.
- f. Immediately protect staff and students from coming in contact with blood-soiled surfaces. The area must be disinfected with a fresh solution of one part bleach and nine-parts water (10% bleach solution).

Mops or brushes used for cleaning should be soaked in a bleach solution for 20 minutes.

(Note: The custodial department will provide each school with the product for dissolving in water to provide the bleach solution.)

6. Identification of Risks of Occupational Exposure

6.1. In accordance with the Occupational Health and Safety Regulations (section 6.35), the district's Health & Safety Coordinator will develop and maintain a list of positions and/or tasks and procedures where there is a potential for occupational exposure to a blood borne pathogen.

6.2. Employees who have, or may have, occupational exposure to the hepatitis B virus, will upon request, receive a hepatitis B vaccination (section 6.39, OH&S Regs).

6.3. Employees who may have been exposed to a blood borne pathogen in an exposure incident will be advised to immediately seek medical attention

3 LEVELS OF STUDENT SAFETY IN A CRISIS

Safe and Secure Mode

(Limit Outside Movement)

YELLOW

Safe and Secure Mode is a security procedure used to reduce student and staff movement outside school buildings. This may be due to a medical emergency, area disturbance, etc. It is designed to allow for school to carry forward but have the ability to move to Lockdown quickly if needed. During the Safe & Secure mode, there is heightened vigilance on campus by all school staff.

Generally, recesses and outdoor activities are reduced. Parents/guardians can have access to their student(s) and may check them out of school if they see fit to do so.

- Teachers should continue teaching as normal
- Allow students restroom use with clear administrator/ teacher direction
- Increased available staff presence during passing periods and student dismissal
- Lunch/activities in more secure area, unless site admin decides otherwise
- Standard inclement weather schedule/routine in place, unless site administrator/designee decides otherwise
- Perimeter gates, where applicable, will be locked and monitored by available staff, allowing for central access points
- PE classes will be moved off all fields into more secure locations (e.g., gym, class, & MPR)

Lock Down

(Prevent All Outside Movement)

ORANGE

Lock Down is called when a law enforcement event is happening in the vicinity of a school. The law enforcement agency generally, but not always, contacts the school/district to encourage the school site to Lock Down as a precautionary measure. All Administrators are expected to place their school in Lock Down in this scenario.

- Take a look outside your classroom and gather up any stray students in the hallways
- Ensure that your door is locked
- If windows are open, close them
- Project a calm demeanor to help students remain calm. Reassure students that they are safe
- Do not allow anyone to leave the classroom
- Frequently check your emails for possible updates from your site administrators
- If students are out on the playground or athletic fields, quickly move them to a secure classroom, locker room, or multi-purpose room

Critical Alert

(Locks, Lights, Out of Sight)

RED

Critical Alert is called when a significant, threatening event is happening on campus or adjacent to campus that creates a potential danger to students and staff. While this may be communicated to the school by law enforcement, it may also be determined by school officials on the scene. Critical Alert assumes that everyone is prepared for a potential significant threat/event on campus.

- Implement all items from Lock Down list above
- Turn off or reduce lighting, so it will appear that the room is vacant
- Keep all students sitting on the floor, away from the door or windows
- Do not look out the windows
- Cover window on the door (if one exists)
- Advise the students that there is a serious situation, but you don't know what it is. Project a calm demeanor to help students remain calm. Reassure students that they are safe
- Ensure that everyone in the room turns the ringer off on their cell phones
- Do not allow students to talk on their cell phones (keep room as quiet as possible)
- Do not call the office. They are in the midst of a problem and will not be able to answer all the calls which may tie up the phone system
- Quietly take roll and make a list of missing students and any extra students that are in your room. Email this list to your administrators and school site secretaries
- Do not evacuate students until you are told to, even if the fire bells go off. If, in fact, there is a need for a fire evacuation, you will be notified via the PA system, email, or phone call
- Do not open the door, even if someone knocks and claims to be a staff member (Administrator/custodian will have a master key)
- If students are out on the PE field, do not return them to the locker room. Move them to a safe place (the farthest part of the campus)

Air Quality Guide for Ozone

Ground-level ozone is one of our nation's most common air pollutants. Use the chart below to help reduce your exposure and protect your health. For your local air quality, visit www.airnow.gov

Air Quality Index	Who Needs to be Concerned?	What Should I Do?
Good (0-50)		It's a great day to be active outside.
Moderate (51-100)	Some people who may be unusually sensitive to ozone.	Unusually sensitive people: Consider reducing prolonged or heavy outdoor exertion. Watch for symptoms such as coughing or shortness of breath. These are signs to take it easier. Everyone else: It's a good day to be active outside.
Unhealthy for Sensitive Groups (101-150)	Sensitive groups include people with lung disease such as asthma, older adults, children and teenagers, and people who are active outdoors.	Sensitive groups: Reduce prolonged or heavy outdoor exertion. Take more breaks, do less intense activities. Watch for symptoms such as coughing or shortness of breath. Schedule outdoor activities in the morning when ozone is lower. People with asthma should follow their asthma action plans and keep quick-relief medicine handy.
Unhealthy (151-200)	Everyone	Sensitive groups: Avoid prolonged or heavy outdoor exertion. Schedule outdoor activities in the morning when ozone is lower. Consider moving activities indoors. People with asthma , keep quick-relief medicine handy. Everyone else: Reduce prolonged or heavy outdoor exertion. Take more breaks, do less intense activities. Schedule outdoor activities in the morning when ozone is lower.
Very Unhealthy (201-300)	Everyone	Sensitive groups: Avoid all physical activity outdoors. Move activities indoors or reschedule to a time when air quality is better. People with asthma , keep quick-relief medicine handy. Everyone else: Avoid prolonged or heavy outdoor exertion. Schedule outdoor activities in the morning when ozone is lower. Consider moving activities indoors.
Hazardous (301-500)	Everyone	Everyone: Avoid all physical activity outdoors.

Note: If you don't have an air conditioner, staying inside with the windows closed may be dangerous in extremely hot weather. In these cases, seek alternative shelter.

Key Facts to Know About Ozone:

- Ozone in the air we breathe can cause serious health problems, including breathing difficulty, asthma attacks, lung damage, and early death.
- Ozone forms in the sun, usually on hot summer days. Ozone is worse in the afternoon and early evening, so plan outdoor activities for the morning.
- You can reduce your exposure to ozone and still get exercise! Use the Air Quality Index (AQI) at www.airnow.gov to plan your activity.

What is ozone?

Ozone is a colorless gas that can be good or bad, depending on where it is. Ozone in the stratosphere is good because it shields the earth from the sun's ultraviolet rays. Ozone at ground level, where we breathe, is bad because it can harm human health.

Ozone forms when two types of pollutants (VOCs and NOx) react in sunlight. These pollutants come from sources such as vehicles, industries, power plants, and products such as solvents and paints.

Why is ozone a problem?

Ozone can cause a number of health problems, including coughing, breathing difficulty, and lung damage. Exposure to ozone can make the lungs more susceptible to infection, aggravate lung diseases, increase the frequency of asthma attacks, and increase the risk of early death from heart or lung disease.

Do I need to be concerned?

Even healthy adults can experience ozone's harmful effects, but **some people may be at greater risk**. They include:

- People with lung disease such as asthma
- Children, including teenagers, because their lungs are still developing and they breathe more air per pound of body weight than adults
- Older adults
- People who are active outdoors, including outdoor workers

How can I protect myself?

Use the Air Quality Index (AQI) to plan outdoor activities. To keep the AQI handy, sign up for EnviroFlash emails, get the free AirNow app, or install the free widget on your website. Find all of these tools at www.airnow.gov.

Stay healthy: exercise, eat a balanced diet, and keep asthma under control with your asthma action plan.

When you see that the AQI is unhealthy, take simple steps to reduce your exposure:

- Choose a less-strenuous activity
- Take more breaks during outdoor activity
- Reschedule activities to the morning or to another day
- Move your activity inside where ozone levels are usually lower

Can I help reduce ozone?

Yes! Here are a few tips.

- Turn off lights you are not using
- Drive less: carpool, use public transportation, bike or walk
- Keep your engine tuned, and don't let your engine idle
- When refueling: stop when the pump shuts off, avoid spilling fuel, and tighten your gas cap
- Inflate tires to the recommended pressure
- Use low-VOC paint and cleaning products, and seal and store them so they can't evaporate
- Watch for Air Quality Action Days in your area

Air Quality and Outdoor Activity Guidance for Schools

Regular physical activity — at least 60 minutes each day — promotes health and fitness. The table below shows when and how to modify outdoor physical activity based on the Air Quality Index. This guidance can help protect the health of all children, including teenagers, who are more sensitive than adults to air pollution. Check the air quality daily at www.airnow.gov.

Air Quality Index	Outdoor Activity Guidance
 green GOOD	Great day to be active outside!
 yellow MODERATE	Good day to be active outside! Students who are unusually sensitive to air pollution could have symptoms.*
 orange UNHEALTHY FOR SENSITIVE GROUPS	It's OK to be active outside, especially for short activities such as recess and physical education (PE). For longer activities such as athletic practice, take more breaks and do less intense activities. Watch for symptoms and take action as needed.* Students with asthma should follow their asthma action plans and keep their quick-relief medicine handy.
 red UNHEALTHY	For all outdoor activities , take more breaks and do less intense activities. Consider moving longer or more intense activities indoors or rescheduling them to another day or time. Watch for symptoms and take action as needed.* Students with asthma should follow their asthma action plans and keep their quick-relief medicine handy.
 purple VERY UNHEALTHY	Move all activities indoors or reschedule them to another day.

* Watch for Symptoms

Air pollution can make asthma symptoms worse and trigger attacks. Symptoms of asthma include coughing, wheezing, difficulty breathing, and chest tightness. Even students who do not have asthma could experience these symptoms.

If symptoms occur:

The student might need to take a break, do a less intense activity, stop all activity, go indoors, or use quick-relief medicine as prescribed. If symptoms don't improve, get medical help.

Go for 60!

CDC recommends that children get 60 or more minutes of physical activity each day. www.cdc.gov/healthyyouth/physicalactivity/guidelines.htm

Plan Ahead for Ozone

There is less ozone in the morning. On days when ozone is expected to be at unhealthy levels, plan outdoor activities in the morning.

Questions and Answers

How long can students stay outside when the air quality is unhealthy?

There is no exact amount of time. The worse the air quality, the more important it is to take breaks, do less intense activities, and watch for symptoms. Remember that students with asthma will be more sensitive to unhealthy air.

Why should students take breaks and do less intense activities when air quality is unhealthy?

Students breathe harder when they are active for a longer period of time or when they do more intense activities. More pollution enters the lungs when a person is breathing harder. It helps to:

- ✓ reduce the amount of time students are breathing hard (e.g., take breaks; rotate players frequently)
- ✓ reduce the intensity of activities so students are not breathing so hard (e.g., walk instead of run)

Are there times when air pollution is expected to be worse?

Ozone pollution is often worse on hot sunny days, especially during the afternoon and early evening. Plan outdoor activities in the morning, when air quality is better and it is not as hot.

Particle pollution can be high any time of day. Since vehicle exhaust contains particle pollution, limit activity near idling cars and buses and near busy roads, especially during rush hours. Also, limit outdoor activity when there is smoke in the air.

How can I find out the daily air quality?

Go to www.airnow.gov. Many cities have an Air Quality Index (AQI) *forecast* that tells you what the local air quality will be later today or tomorrow, and a *current* AQI that tells you what the local air quality is now. The AirNow website also tells you whether the pollutant of concern is ozone or particle pollution. Sign up for emails, download the free AirNow app, or install the free AirNow widget on your website. You can also find out how to participate (and register your school) in the School Flag Program (www.airnow.gov/schoolflag).

If students stay inside because of unhealthy outdoor air quality, can they still be active?

It depends on which pollutant is causing the problem:

Ozone pollution: If windows are closed, the amount of ozone should be much lower indoors, so it is OK to keep students moving.

Particle pollution: If the building has a forced air heating or cooling system that filters out particles then the amount of particle pollution should be lower indoors, and it is OK to keep students moving. It is important that the particle filtration system is installed properly and well maintained.

What physical activities can students do inside?

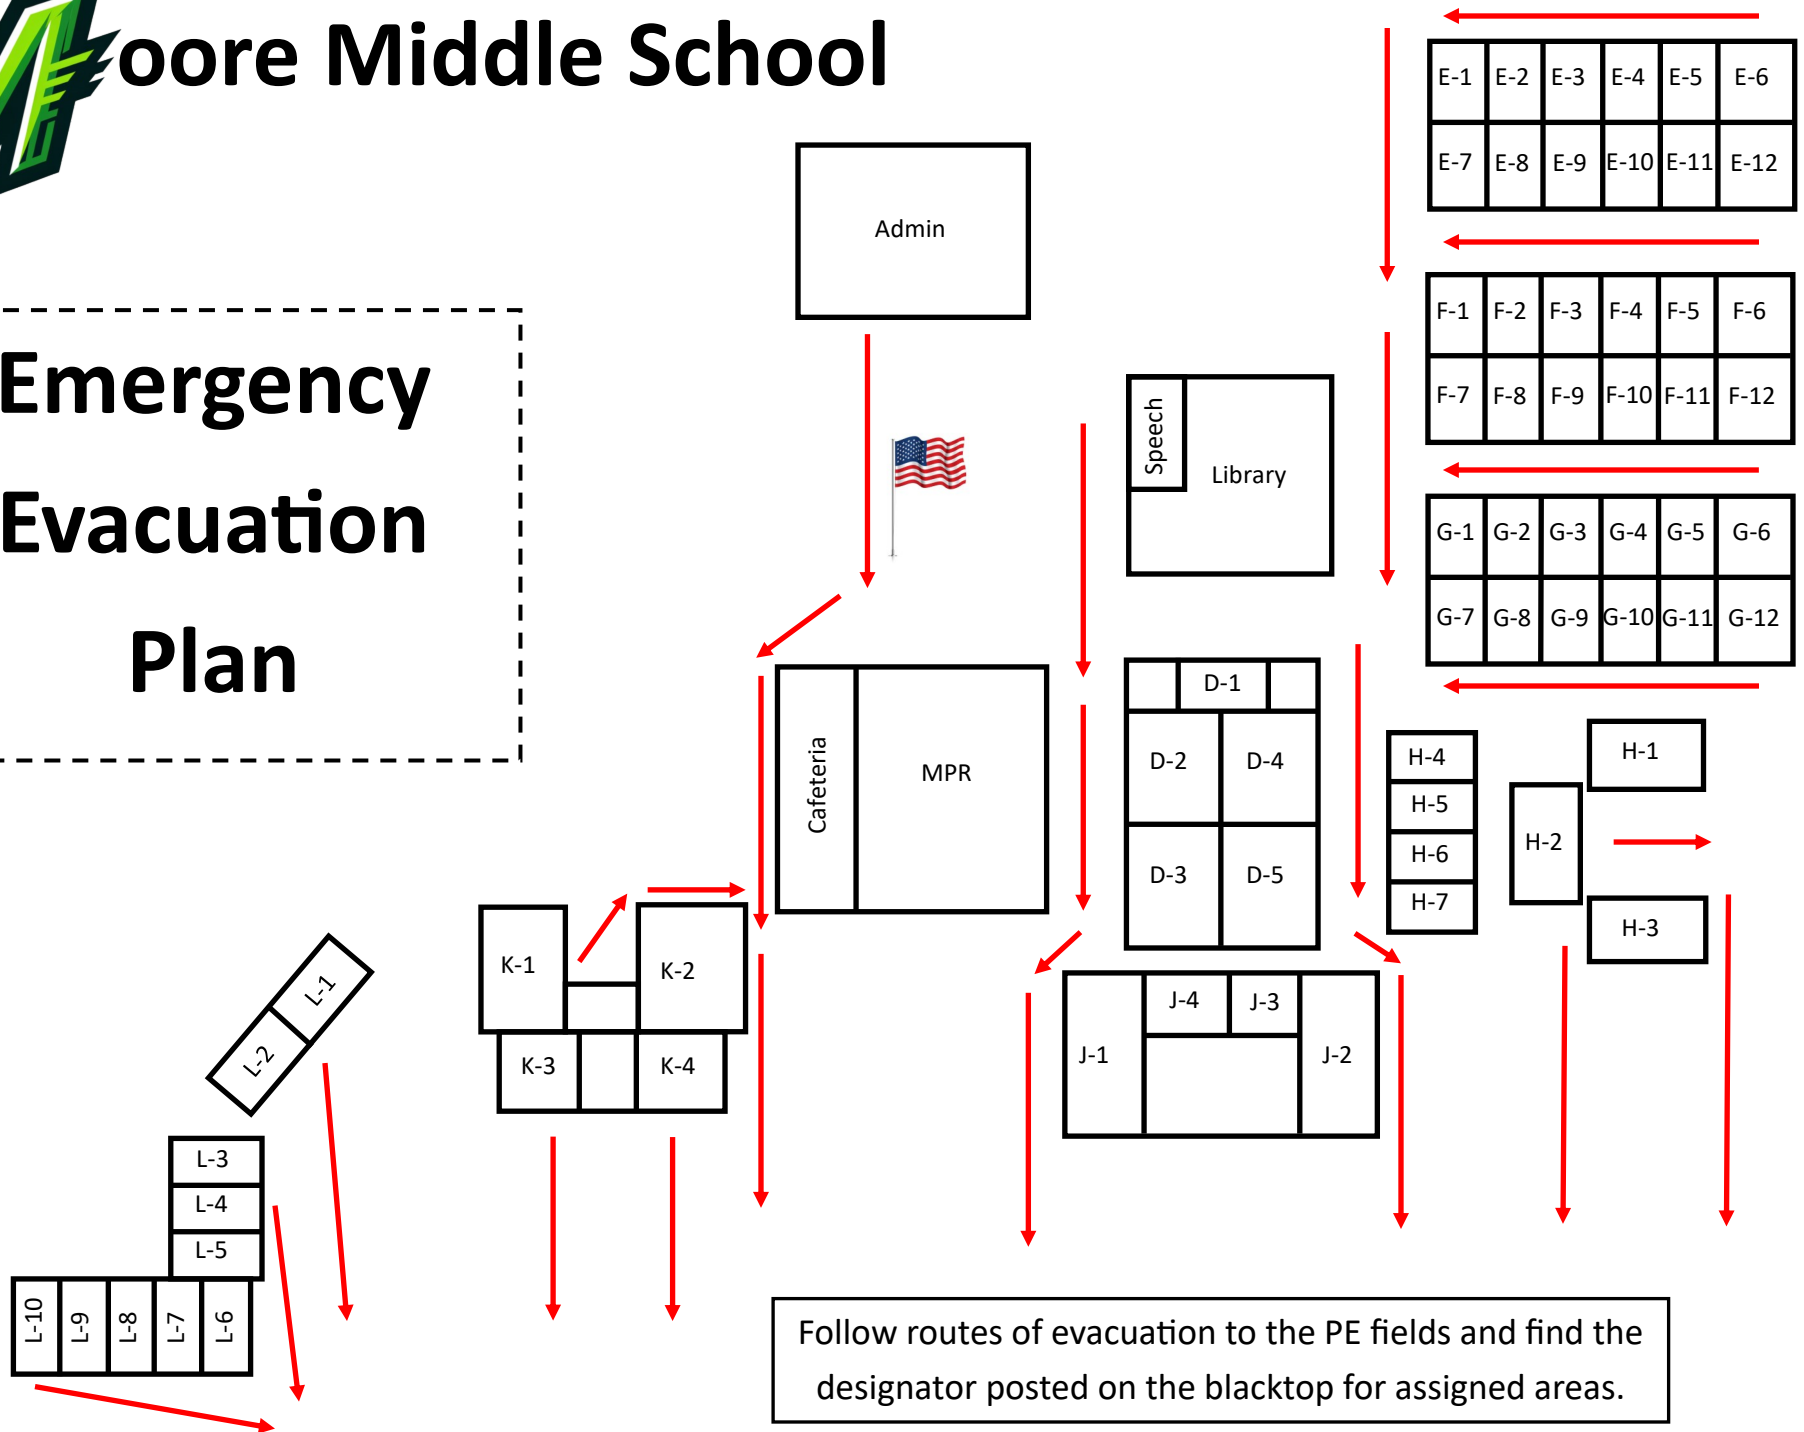

Encourage indoor activities that keep all students moving. Plan activities that include aerobic exercise as well as muscle and bone strengthening components (e.g., jumping, skipping, sit-ups, pushups). If a gymnasium or open space is accessible, promote activities that use equipment, such as cones, hula hoops, and sports balls. If restricted to the classroom, encourage students to come up with fun ways to get everyone moving (e.g., act out action words from a story). Teachers and recess supervisors can work with PE teachers to identify additional indoor activities.

What is an asthma action plan?

An asthma action plan is a written plan developed with a student's doctor for daily management of asthma. It includes medication plans, control of triggers, and how to recognize and manage worsening asthma symptoms. See www.cdc.gov/asthma/actionplan.html for a link to sample asthma action plans. When asthma is well managed and well controlled, students should be able to participate fully in all activities. For a booklet on "Asthma and Physical Activity in the School," see <http://www.nhlbi.nih.gov/health/resources/lung/asthma-physical-activity.htm>.

Moore Middle School

Emergency Evacuation Plan

The following **guidelines** for responding to high heat conditions or unhealthy air alerts have been developed. These guidelines are just that, guidelines. **Reason and good judgment** must be used at each site to protect students.

High Heat Conditions — Each site should have a thermometer in place and a person designated to read the outside temperature periodically on days of anticipated high heat. Or, go to www.weather.com to find out current conditions and anticipated weather conditions for our area. The web site will list the temperature and use the humidity factor to show what the weather “feels like.”

When temperatures are between 85° and 95° the principal or designated person shall evaluate conditions related to temperature such as shade structures, breeze factors, humidity, and pollutants. With direct sun, certain areas of the school site (i.e. blacktop or concrete areas) may increase heat exposure. The principal or his/her designee shall make a decision regarding a reduction in physical activities for the students.

When temperatures are **95° or above** the principal or his/her designee shall notify teachers and institute a reduction in exposure to the sun and outdoor physical activities. Outdoor physical activities should be limited to non-strenuous activities. Lunch should be provided under shade structures or in an air-conditioned building, with limited time given for free outdoor play. Teachers should encourage students to wear light clothing, remain in designated areas, reduce running/exertion activities, participate in “quiet” play, and drink large amounts of liquids.

Staff members should observe all students for symptoms of overheating. Students with special health issues affected by heat (i.e. asthma, cancer, heart or lung disease, high blood pressure) shall be identified at the site and given special consideration by school personnel. Signs or symptoms of heat exhaustion include body cold, skin clammy; ashen colored skin; physical exhaustion; dilated pupils; normal or subnormal temperature. If a student becomes overheated, he/she should be placed in a cool room, provided a cool cloth to the head, and offered cool liquids (preferable sports-type drink or juice, both of which contain some salt).

Call 911 for any student with the following signs or symptoms of **heat stroke**; body hot, skin hot, red and dry; irritability; pupils constricted; temperature elevated; pulse rapid and strong.

Unhealthy Air (Smog) Alerts — Unhealthy air (smog) episodes are defined as those identified and called by the South Coast Air Quality Management District (SCAQMD) when the ozone level ranges on an hourly average between 138 and 500 on the Pollutant Standards Index (PSI). Each site should have a designated person periodically evaluate the conditions related to unhealthy air on days when an Unhealthy Air Alert is anticipated. The ozone level ranges for our region can be obtained by visiting the following site: <http://www.aqmd.gov/home/tools/air-quality> (**we are areas 34 and 35**).

The following chart developed by the SCAQMD shows the various levels of smog episodes that are reported for the pollutant ozone. The protective actions listed will help reduce exposure to unhealthful levels of ozone. **Generally, in the event of an unhealthy air alert, outdoor activities should be scheduled for hours outside the peak period of ozone pollution.**

Health Categories	Ozone	Very Small Particles (PM2.5)	Small Particles (PM10)	Carbon Monoxide (CO)

Any student with heart or lung problems should be excused from participation in strenuous PE activities and provided with a modified (non-strenuous) program whenever PSI ratings are above 138. Some students may also need a modified program when ratings are 100, which exceeds the federal clean air standard.

## **STUDENT REUNIFICATION PLAN**

Reunification: *“The process used to assure the return of the students in your care to an authorized adult in any circumstance other than your expected ‘End-of-Day’ procedure while providing positive documentation of that action.”* - The Idaho School Safety and Security Program.

The purpose of reunification is to provide a standard process for the orderly, coordinated, and documented return of students to authorized people in unusual circumstances. A wide variety of situations or events could require a school to institute reunification operations: including utility outage, flood, seismic activity, severe weather, acts of violence, terrorist activity or civil disobedience. Any abnormal or unexpected release of students will require some elements of reunification.

### **Two-Station Process:**

Moore Middle School will use a two-station system. The operational concept is: one intake location for requesting a student, the “Request Station”. A second at the exit, “the Release Station,” for the return of the student. Students are held in a third location, the “Secure Student Holding” area, physically separate but adjacent to the request and return stations. The three separate locations in the two-station process provide flexibility and allow for enhanced security, improved crowd control, positive student accountability, and effective record keeping.

Please note that Reunification implementation will differ with every situation and all MMS staff will need to be familiar with the plan below, but will also need to be ready to adjust and adapt as dictated by the situation.

### **Request Team Operations:**

#### **1. Greeters:**

- a. Greet and calm parents/guardians.

- b. Communicate with all parents/guardians to ensure that they understand the steps needed to reunify with their student(s) and have the proper ID needed to complete their request.

**2. Request Station:**

# WILDFIRE SMOKE FACTSHEET

## Protecting Children from Wildfire Smoke and Ash

### Background

- Children are especially at risk for health effects from exposure to wildfire smoke and ash, mostly because their lungs are still growing.
- Wildfire concerns include the fire itself, the smoke and ash, and the chemicals from materials that have burned, such as furniture.
- Smoke can travel hundreds of miles from the source of a fire. Pay attention to local air quality reports during fire season, even if no fire is nearby.

### Health Effects from Wildfire Smoke and Ash

- Children who breathe in wildfire smoke and ash can have chest pain and tightness; trouble breathing; wheezing; coughing; nose, throat, and eye burning; dizziness; or other symptoms.
- Children with asthma, allergies, or chronic health issues may have more trouble breathing when smoke or ash is present.

### Preparing for Wildfires

- Pay attention to local air quality reports. Stay alert to smoke-related news coverage and public health advisories.
- Look up your local [Air Quality Index \(AQI\)](#) on the [AirNow](#) ([www.airnow.gov](http://www.airnow.gov)) web site.
- If [Enviroflash](#) is available for your area, sign up for air quality alerts.  
(<http://www.enviroflash.info/>).

- Create a "clean room" in your home. Choose a room with few windows and doors. Buy a portable air cleaner you can use in this room. Never use an ozone-generating air cleaner.
- Stock up on food, medicine and child care supplies before the threat of a wildfire.
- Remember that you may need to leave your home. Plan for it and prepare your children.

### During Wildfires

- Continue to listen to local reports and public health warnings.
- Keep children indoors with the doors and windows closed. Use your "clean room". If you have an air conditioner, run it with the fresh-air intake closed to keep outdoor smoke from getting indoors. Use your portable air cleaner as well. Reduce health risks by avoiding strenuous activities.
- Keep the indoor air as clean as possible. Do not smoke. Do not use gas, propane, or wood-burning stoves, fireplaces, or candles. Never use ozone-generating air cleaners. Never use natural gas or gasoline-powered generators indoors. Do not use spray cans. Do not fry or broil meat. Do not vacuum. All of these can lead to poor air quality.
- A good time to open windows to air out the house and clean away dust indoors is once air quality improves (check AirNow for updates).
- Use common sense to guide your child's activity. If it looks or smells smoky outside, if local air quality is reported as poor, or if local officials are giving health warnings, wait until air quality improves before your family is active outdoors.

## Special considerations:

- If your child has any problem breathing, is very sleepy, refuses food and water, or other health concerns, reduce his/her exposure to smoke and seek medical help right away.
- If your child has asthma, allergies, or a chronic health condition, he/she is at high risk from health effects related to wildfire smoke and ash. Seek medical advice as needed. For children with asthma, follow the asthma action plan.
- Do not rely on masks for protection from smoke. Paint, dust and surgical masks, even N95 masks, are not made to fit children and will not protect children from breathing wildfire smoke. Humidifiers or breathing through a wet washcloth do not prevent breathing in smoke.

## Evacuation

- Seek shelter in another place (e.g., public air shelter) if your family does not have an air conditioner OR air cleaner OR if it is too warm

in your home to stay inside with the windows closed. Plan to take the quickest route to the shelter to limit exposure to smoke.

- Bring all medication (taken by each family member) with you.
- Reduce smoke in your vehicle by closing the windows and vents and operating the air conditioning with the fresh intake closed to keep outdoor smoke from getting into car. Never leave children in a car or truck alone.

## After a Wildfire

- Make sure ash and debris have been removed before bringing your child back to home or school.
- Children should not be doing any cleanup work. Fires may deposit large amounts of ash and dust with harmful chemicals.

Avoid bringing polluted ash and dust back to areas used by children (such as a home or car). Remove shoes at the doorway, wash clothing separately, and change out of clothing before you have contact with your children.

Blood Borne Pathogen Incident Reporting Form and Exposure Control Plan .....67

Blood Borne Pathogens - Safety Practices .....68

## Comprehensive School Safety Plan Purpose

Effective January 1, 2019, Assembly Bill 1747 (Rodriguez), School Safety Plans, became law. This bill requires that during the writing and development of the comprehensive school safety plan (CSSP), the school site council or safety committee consult with a fire department and other first responder entities in addition to currently required entities. It requires the CSSP and any updates made to the plan to be shared with the law enforcement agency, the fire department, and the other first responder entities.

The California Education Code (sections 32280-32288) outlines the requirements of all schools operating any kindergarten and any grades 1 to 12, inclusive, to write and develop a school safety plan relevant to the needs and resources of that particular school.

In 2004, the Legislature and Governor recast and renumbered the Comprehensive School Safety Plan provisions in SB 719 and AB 115. It is the intent of the Legislature in enacting the provisions to support California public schools as they develop their mandated comprehensive safety plans that are the result of a systematic planning process, that include strategies aimed at the prevention of, and education about, potential incidents involving crime and violence on school campuses.

The historical requirement of the Comprehensive School Safety Plan was presented in Senate Bill 187, which was approved by the Governor and chaptered in 1997. This legislation contained a sunset clause that stated that this legislation would remain in effect only until January 1, 2000. Senate Bill 334 was approved and chaptered in 1999 and perpetuated this legislation under the requirement of the initial legislation.

Comprehensive School Safety Plans are required under SB 719 & AB 115 and contains the following elements:

Assessment of school crime committed on school campuses and at school-related functions

- Child abuse reporting procedures
- Disaster procedures
- Suspension and expulsion policies
- Procedures to notify teachers of dangerous pupils
- Discrimination and harassment policies
- School wide dress code policies
- Procedures for safe ingress and egress
- Policies enacted to maintain a safe and orderly environment
- Rules and procedures on school discipline
- Hate crime reporting procedures

The Comprehensive School Safety Plan will be reviewed and updated by March 1st every year. In July of every year, the school will report on the status of its school safety plan including a description of its key elements in the annual school accountability report card.

A copy of the Comprehensive School Safety Plan is available for review at Citrus Valley High School Principal's Office.

## Safety Plan Vision

Citrus Valley High School will:

- provide a safe, orderly, and secure environment conducive to learning.

**(A) Child Abuse Reporting Procedures (EC 35294.2 [a] [2]; PC 11166)**

#### Policy 5141.4: Child Abuse Prevention and Reporting

The Governing Board recognizes that the district has a responsibility to facilitate the prompt reporting of incidents of child abuse and neglect. The Superintendent or designee shall ensure that parents/guardians have access to procedures whereby they can report suspected child abuse at a school site to appropriate child protective agencies

The Superintendent or designee shall develop and implement regulations for use by employees in identifying and reporting child abuse

District employees shall report known or suspected incidents of child abuse in accordance with district regulations and state law. Employees shall cooperate with the child protective agencies responsible for reporting, investigating and prosecuting cases of child abuse.

(cf. 4112.9 - Signed Statements/Child Abuse Reporting Statements)

The Superintendent or designee shall provide training in child abuse identification and reporting for all certificated and classified personnel. (Penal Code 11165.7)

All employees trained in child abuse identification and reporting shall be given, as a part of that training, written notice of the child abuse reporting requirements and the employees' confidentiality rights. (Penal Code 11165.7)

In order to reduce or eliminate unfounded child abuse accusations directed at school employees, child abuse in service training shall include guidance in disciplining students and maintaining ethical relationships with them.

(cf. 3514 - Safety)

(cf. 5142 - Safety)

#### Duty to Report

Certificated employees and classified employees trained in child abuse identification and reporting shall report known or suspected child abuse to a child protective agency by telephone immediately or as soon as practically possible and in writing within 36 hours. The reporting duties are individual and cannot be delegated to another individual except under circumstances set forth in Penal Code 11166.

#### Definitions

Child Abuse includes the following:

1. A physical injury inflicted by other than accidental means on a child by another person.
2. Willful cruelty or unjustifiable punishment of a child, or willfully inflicting unjustifiable physical pain or mental suffering, or failure to safeguard a child from these injuries when the child is under a person's care or custody
3. Sexual abuse of a child
4. Neglect of a child or abuse in out-of-home care
5. Unlawful corporal punishment or injury resulting in a traumatic condition

Mandated Reporters are those people defined by law as child care custodians, health practitioners, child visitation monitors and employees of a child protective agency. Mandated reporters include virtually all school employees. The following school personnel are required to report:

Teachers, administrators, supervisors of child welfare and attendance, certificated student personnel employees, employees of care institutions, Headstart teachers, school psychologists, licensed nurses, counselors, presenters of child abuse prevention programs and those instructional aides or other classified employees trained in child abuse reporting.

Child Protective Agencies are those law enforcement and child protective services responsible for investigating child abuse reports, including the local police or sheriff department, county welfare or juvenile probation department and child protective services.

Reasonable Suspicion means that it is objectively reasonable for a person to entertain such a suspicion, based upon facts that could cause a reasonable person in a like position, drawing when appropriate on his/her training and experience, to suspect child abuse. (Penal Code 11166)

#### Reporting Procedures

To report known or suspects child abuse, any employee (as defined above) shall report by telephone to the local child protective agency immediately. (Child Protective Services 921 County Center, 3 Court, Modesto, CA phone # 525- 6641)

The following information shall be given:

1. The name of the person making the report
2. The name of the child
3. The present location of the child
4. The nature and extent of any injury

Any other information requested by the child protective agency, including the information that led the mandated reporter to suspect child abuse.

When the verbal report is made, the mandated reporter shall note the name of the official contacted, the date and time contacted, and any instructions or advice received.

Within 36 hours of making the telephone report, the mandated reporter shall complete and mail to the local child protective agency a written report which includes a completed Department of Justice form (DOJ SS 8572).

Mandated reports may obtain copies of the above form either from the district or local child protective agency.

Instructions are included on the form, and reporters may ask the site administrator for help in completing and mailing it; however, the mandated reporter is personally responsible for ensuring that the written report is correctly filed.

Employees reporting child abuse to a child protective agency are encouraged, but not required, to notify the site administrator or designee as soon as possible after the initial verbal report by telephone. When so notified, the site administrator shall inform the Superintendent or designee.

Administrators so notified shall provide the mandated reporter any assistance necessary to ensure that reporting procedures are carried out in accordance with law and district regulations. At the mandated reporter's request, the principal may assist in completing and filing the form.

If the mandated reporter does not disclose his/her identity to a district administrator, he/she shall at least provide or mail a copy of the written report to the site administrator and the district without his/her signature or name.

#### Legal Responsibility and Liability

Mandated reporters have absolute immunity. School employees required to report are not civilly or criminally liable for filing a required or authorized report of known or suspected child abuse.

A mandated reporter who fails to report an instance of child abuse, which he/she knows to exist or reasonably should know to exist, is guilty of a misdemeanor and is punishable by confinement in jail for a term not to exceed six months or by a fine of not more than \$1,000 or both. The mandated reporter may also be held civilly liable for damages for any injury to the child after a failure to report

When two or more persons who are required to report have joint knowledge of suspected instance of child abuse, and when they so agree, the telephone report may be made by either of them and a single report made and signed by that person.

However, if any person who knows or should know that the person designated failed to make the report, that person then has a duty to make the report.

The duty to report child abuse is an individual duty and no supervisor or administrator may impede or inhibit such reporting duties. Furthermore, no person making such a report shall be subject to any sanction.

#### Victim Interview

Upon request, a child protective agency representative may upon request interview a suspected victim of child abuse during school hours, on school premises, concerning a report of suspected child abuse that occurred within the child's home. The child shall be given the choice of being interviewed in private or in the presence of any adult school employee or volunteer aide selected by the child. (Penal Code 11174.3)

A staff member or volunteer aide selected by a child may decline to be present at the interview. If the selected person accepts, the principal or designee shall inform him/her, before the interview takes place, of the following legal requirements:

1. The purpose of the selected person's presence at the interview is to lend support to the child and enable him/her to be as comfortable as possible.
2. The selected person shall not participate in the interview.
3. The selected person shall not discuss the facts or circumstances of the case with the child.
4. The selected person is subject to the confidentiality requirements of the Child Abuse and Reporting Act, a violation of which is punishable as specified by Penal Code 11167.5.
5. If a staff member agrees to be present, the interview shall be held at a time during school hours when it does not involve an expense to the school. (Penal Code 11174.3)

#### Release of Child to Peace Officer or Child Protective Services Agent

When a child is released to a peace officer or child protective agency and taken into custody as a victim of suspected child abuse, the Superintendent and/or principal shall not notify the parent/guardian as required in other instances of removal of a child from school, but rather shall provide the protective agency with the address and telephone number of the child's parent/guardian. It is the responsibility of the peace officer or agent to notify the parent/guardian of the situation. (Education Code 48906)

Peace officer and child protective services agents will be asked to sign an appropriate release or acceptance of responsibility form.

(cf. 5145.11 - Questioning and Apprehension)

#### When School Employees are Accused of Child Abuse

Regardless of who child abusers may be, the major responsibilities of mandated reports are to 1) identify incidents of suspected child abuse, and 2) comply with laws requiring the reporting of suspected abuse to proper authorities. Determining whether or not the suspected abuse actually occurred is not the responsibility of the school employee. Such determination and follow-up investigation will be made by a child protective agency.

Pending outcome of an investigation by a child protective agency and before formal charges are filed, the employee may be subject to reassignment or a paid leave of absence.

Upon filing formal charges or upon conviction, the district may take disciplinary action in accordance with law, district policies, regulations and/or collective bargaining agreements. The Superintendent or designee shall seek legal counsel in connection with either the suspension or dismissal of the employee.

(cf. 4117.4 - Dismissal)

## **(C) School Suspension, Expulsion and Mandatory Expulsion Guidelines**

Policy 5144.1: Suspension And Expulsion/Due Process

### **Suspension and Expulsion**

The Governing Board recognizes that maintaining an environment which promotes learning and protects the health, safety, and welfare of all students may require the suspension or expulsion of a student from regular classroom instruction. District policies and school site rules shall clearly identify district behavior standards

(cf. 5144 - Discipline)

Except in cases where suspension for a first time offense is warranted in accordance with law, suspension shall be imposed only when other means of correction fail to bring about proper conduct. (Education Code 48900.5)

Expulsion is an action taken by the Board for severe or prolonged breaches of discipline by a student. Except for single acts of a grave nature, expulsion is usually used only when there is a history of misconduct, when other forms of discipline, including suspension, have failed to bring about proper conduct, or when the student's presence causes a continuing danger to other students. (Education Code 48915)

The grounds for suspension and expulsion and the procedures for considering, recommending and/or implementing suspension and expulsion shall be specified in Administrative Regulation.

Each principal shall annually inform all students and parents/guardians of the school's discipline rules and procedures and of the availability of all district policies and regulations dealing with student discipline, suspension and expulsion. (Education Code 35291, 35291.5)

(cf. 5145.6 - Parental Notifications)

Suspended or expelled students shall be excluded from all school-related extracurricular activities during the suspension or expulsion.

cf. 6145 - Extracurricular and Cocurricular Activities)

### **Zero Tolerance**

The Board supports a zero tolerance approach to serious offenses in accordance with state and federal law. This approach makes the removal of potentially dangerous students from the classroom a top priority and ensures the standardized treatment of all students. Staff shall immediately report to the Superintendent/ designee any incidence of offenses specified in law, Board policy, and administrative regulation as cause for suspension or expulsion.

### **Student Due Process**

The Board shall provide for the fair treatment of students facing suspension and expulsion by affording them their due process rights under the law. The administration and staff shall comply with procedures for notices and appeals as specified in regulation. Procedures governing student due process shall conform in all aspects to provisions in law. (Education Codes 48911, 48915 and 48915.5)

Whenever a student is suspended, school officials may (but are not required to) meet with the parent/guardian to discuss the causes and duration of the suspension, the school policy involved, and any other pertinent matters. (Education Code 48914)

cf. 5119 - Students Expelled from Other Districts

(cf. 5144.2 - Suspension and Expulsion/Due Process - Individuals with Exceptional Needs)

#### Rights of Complaining Witness

An expulsion hearing involving allegations of sexual assault or sexual battery may be postponed for one school day in order to accommodate the special physical, mental or emotional needs of a student who is the complaining witness. (Education Code 48918.5)

Whenever the Superintendent or designee recommends an expulsion hearing that addresses allegations of sexual assault or sexual battery, he/she shall give the complaining witness a copy of the district's suspension and expulsion policy and regulation and shall advise the witness of his/her right to: (Educational Code 48918.5)

1. Receive five days' notice of his/her scheduled testimony at the hearing
2. Have up to two adult support persons of his/her choosing present in the hearing at the time he/she testifies
3. Have a closed hearing during the time he/she testifies

Whenever any allegation of sexual assault or sexual battery is made, the Superintendent or designee shall immediately advise complaining witnesses and accused students to refrain from personal or telephone contact with each other during the time when an expulsion process is pending. (Education Code 48918.5)

#### On-Campus Suspension Program

The Board recognizes that students who are suspended from school frequently have no supervision or guidance during the school hours when they are off campus. The Board believes that in many cases, instead of sending the student off campus, it would be better to address the student's misconduct by keeping the student at school and providing him/her with supervision that is separated from the regular classroom.

The Superintendent or designee shall examine alternatives to off-campus suspension and may establish a suspension program which involves progressive discipline during the school day on campus; using conferences between staff, parents/guardians and students; detention; student study teams or other assessment-related teams; and/or referral to school support services staff.

#### Required Parental Attendance

The Board believes that parental involvement plays an important role in the resolution of classroom behavior problems. The Board expects that teachers will communicate with parents/guardians when behavior problems arise

Whenever a student is suspended from a class because he/she committed an obscene act, engaged in habitual profanity or vulgarity, disrupted school activities or otherwise willfully defied valid staff authority, the teacher of the class from which the student was suspended may require the student's parent/guardian to attend a portion of a school day in that class. After completing the classroom visit and before leaving school premises, the parent/guardian also shall meet with the principal or designee. (Education Code 48900.1)

The Board encourages teachers, before requiring parental attendance, to make reasonable efforts to have the parent/guardian visit the class voluntarily. The teacher also may consider informing the parent/guardian about available resources which may provide help in the development of parenting skills. Teachers should reserve the option of required parental attendance for cases in which they have determined that it is the best strategy to promote positive interaction between the student and the parent/guardian and to improve classroom behavior.

Parental attendance may be required on the day the student returns to class or within one week thereafter. The principal or designee shall contact any parents/guardians who do not respond to the request to attend school. The Board recognizes that parental compliance with this policy may be delayed, modified or prevented by serious illness/injury/disability, absence from town, or inability to get certain release time from work.

The teacher shall apply this policy uniformly to all students within the classroom. This policy shall apply only to a parent/guardian who actually lives with the student. (Education Code 48900.1)

District regulations and school-site rules for student discipline shall include procedures for implementing parental attendance requirements.

Parents/guardians shall be notified of this policy before it is implemented and at the beginning of each subsequent school year. (Education Code 48900.1, 35291, 48980)

#### Decision Not to Enforce Expulsion Order

In cases where expulsion is mandatory pursuant to Education Code 48915(c), the enforcement of an expulsion order shall not be suspended by the Board. In all other cases of expulsion, the order for expulsion may be suspended by the Board, on a case-by-case basis, pursuant to the requirements of law.

#### Definitions

However, if a student is assigned to more than one class per day, he/she may be placed in any other regular classes except those held at the same time as the class from which the student was suspended. (Education Code 48910)

The teacher of any class from which a student is suspended may require the suspended student to complete any assignments and tests missed during the suspension. (Education Code 48913)

When a teacher requires a parent/guardian to attend school in accordance with Board Policy, the principal shall send the parent/guardian a written notice that the parent/guardian's attendance is required pursuant to law. (Education Code 48900.1)

1. This notice shall also tell the parent/guardian when his/her presence is expected and by what means he/she may arrange any necessary change.
2. The notice shall describe the protections afforded to the parent/guardian as an employee by Labor Code 230.7.
3. The notice shall state that if the parent/guardian does not have a means of transportation to school, he/she may ride the school bus with the student.

The teacher shall remind the parent/guardian to meet with the principal or designee after completing the classroom visit and before leaving school premises.

#### Suspension By Superintendent, Principal Or Principal's Designee

A Superintendent, principal, or principal's designee may suspend a student from a school for any of the acts listed under "Grounds for Suspension and Expulsion" above for not more than five consecutive school days unless the suspension is extended pending expulsion. (Education Code 48911)

The Superintendent or designee shall immediately suspend any student found at school or at a school activity to be: (Education Code 48915)

1. Possessing, as verified by a district employee, or selling or otherwise furnishing a firearm, unless the student had obtained prior written permission to possess the item from a certificated school employee, with the principal or designee's concurrence.
2. Brandishing a knife, as defined in Education Code 48915(g), at another person.

3. Unlawfully selling a controlled substance listed in Health and Safety Code 11053-11058.

4. Committing or attempting to commit a sexual assault or committing a sexual battery as defined in item 414 under "Grounds for Suspension and Expulsion" above.

5. Possession of an explosive as defined in 18 USC 921.

Suspension may be imposed upon a first offense if the Superintendent, principal or designee determines the student violated items (i) - (v) listed in "Grounds For Suspension and Expulsion" above or if the student's presence causes a danger to persons or property or threatens to disrupt the instructional process. (Education Code 48900.5)

A student may be suspended from school for not more than 20 school days in any school year, unless for purposes of adjustment a student enrolls in or is transferred to another regular school, an opportunity school, or continuation school or class, in which case suspension shall not exceed 30 days in any school year. However, this restriction on the number of days of suspension does not apply when the suspension is extended pending an expulsion. (Education Code 48903 and 48912)

#### Suspension Procedures

1. Informal Conference: Suspension shall be preceded by an informal conference conducted by the principal or designee or the Superintendent or designee between the student, and whenever practicable, the teacher, supervisor or school employee who referred the student to the principal. At the conference, the student shall be informed of the reason for the disciplinary action and the evidence against him/her and shall be given the opportunity to present his/her version and evidence in support of his/her defense. (Education Code 48911(b))

This conference may be omitted if the principal, designee or the Superintendent or designee determines that an emergency situation exists. An "emergency situation" involves a clear and present danger to the lives, safety or health of students or school personnel. If the pre-suspension conference is not held, both the parent/guardian and student shall be notified of the student's right to return to school for the purpose of a conference. The conference shall be held within two school days, unless the student waives his/her right to it or is physically unable to attend for any reason. In such case, the conference will be held as soon as the student is physically able to return to school. (Education Code 48911(c))

2. Administrative Actions: All requests for student suspension are to be processed by the principal or designee of the school in which the student is enrolled at the time of the misbehavior

A school employee shall report the suspension, including the name of the student and the cause for the suspension, to the Superintendent or designee, who in turn will inform the Board.

3. Notice to Parents/Guardians: At the time of the suspension, a school employee shall make a reasonable effort to contact the parent/guardian by telephone or in person. Whenever a student is suspended, the parent/guardian shall be notified in writing of the suspension. (Education Code 48911)

This notice shall state the specific offense committed by the student. (Education Code 48900.8)

In addition, the notice may also state the date and time when the student may return to school.

Should school officials wish to ask the parent/guardian to confer regarding matters pertinent to the suspension, the notice may also add that state law requires the parent/guardian to respond to such request without delay.

4. Parent/Guardian Conference: Whenever a student is suspended, school officials may meet with the parent/guardian to discuss the causes and duration of the suspension, the school policy involved, and any other pertinent matters. (Education Code 48914)

While the parent/guardian is required to respond without delay to a request for a conference about a student's behavior, no penalties may be imposed on the student for the failure of the parent/guardian to attend such conference. The student may not be denied readmission solely because the parent/guardian failed to attend. (Education Code 48911)

5. Extension of Suspension: If the expulsion of a suspended student is being considered by the Board, the Superintendent or designee may, in writing, extend the suspension until such time as the Board has made a decision. (Education Code 48911(g))

Any extension of the original period of suspension shall be preceded by notice of such extension with an offer to hold a conference concerning the extension, giving the student an opportunity to be heard. This conference may be held in conjunction with a meeting requested by the student or parent/guardian to challenge the original suspension. Extension of the suspension may be made only if the Superintendent or designee determines, following a meeting in which the student and the student's parent/guardian were invited to participate, that the student's presence at the school or at an alternative school would endanger persons or property or threaten to disrupt the instructional process. (Education Code 48911(g))

#### Suspension by the Board

The Board may suspend a student for any of the acts listed in "Grounds for Suspension and Expulsion" above and within the limits specified in "Suspension by Superintendent, Principal or Principal's Designee" above. (Education Code 48912)

The Board may suspend a student enrolled in a continuation school or class for a period not longer than the remainder of the semester if any of the acts listed in "Grounds for Suspension and Expulsion" occurred. The suspension shall meet the requirements of Education Code 48915. (Education Code 48912.5)

When the Board is considering a suspension, disciplinary action, or any other action (except expulsion) against any student, it may hold closed sessions if a public hearing would lead to disclosure of information which would violate a student's right to privacy under Education Code 49073-49079.

(cf. 9321 -Closed Session Purposes and Agendas)

The Board shall provide the student with written notice of the closed session by registered or certified mail. Upon receiving this notice the student may request a public meeting, and this request shall be granted if made in writing (within 48 hours after receipt of the Board's notice). However, any discussion that conflicts with any other student's right to privacy shall be in closed session. (Education Codes 48912)

#### Authority to Expel

A student may be expelled only by the Board. The Board shall expel, as required by law, any student found to have committed certain offenses listed below under "Mandatory Recommendation and Mandatory Expulsion."

The Board may also order a student expelled for any of the acts listed above under "Grounds for Suspension and Expulsion" upon recommendation by the principal, Superintendent, hearing officer or administrative panel, based on finding either or both of the following: (Education Code 48915(b) and (e))

1. That other means of correction are not feasible
2. That due to the nature of the violation, the presence of the student causes a continuing danger to the physical safety of the student or others

#### Mandatory Recommendation For Expulsion

The principal, Superintendent or designee shall recommend a student's expulsion for any of the following acts, unless the principal or Superintendent or designee finds, and reports in writing to the Board, that expulsion is inappropriate due to particular circumstances which shall be set out in the report of the incident:

1. Causing serious physical injury to another person, except in self-defense.
2. Possession of any knife as defined in Education Code 48915(g), explosive or other dangerous object of no reasonable use to the student.

3. Unlawful possession of any controlled substance, as listed in Health and Safety Code 11053-11058, except for the first offense for the possession of not more than one ounce of marijuana, other than concentrated cannabis.
4. Robbery or extortion.
5. Assault or battery, as defined in Penal Code 240 and 242, upon any school employee.

#### Mandatory Recommendation And Mandatory Expulsion

The principal, Superintendent or designee shall recommend that the Board expel any student found at school or at a school activity off school grounds to be: (Education Code 48915(c))

1. Possessing, as verified by a district employee, or selling or otherwise furnishing a firearm, unless the student had obtained prior written permission to possess the item from a certificated school employee, with the principal or designee's concurrence. (Education Code 48915(c).1)
2. Brandishing a knife as defined in Education Code 48915(g) at another person. (Education Code 48915(c).2)
3. Unlawfully selling a controlled substance listed in Health and Safety Code 11053-11058. (Education Code 48915(c).3)
4. Committing or attempting to commit a sexual assault or committing a sexual battery as defined in item #14 under "Grounds for Suspension and Expulsion" above. (Education Code 48915(c).4)
5. Possessing an explosive as defined in 18 USC 921.

Upon finding that the student committed any of the above acts, the Board shall expel the student. (Education Code 48915)

#### Student's Right to Expulsion Hearing

The student is entitled to a hearing to determine whether the student should be expelled. The hearing shall be held within 30 school days after the principal or Superintendent or designee determines that one of the acts listed under "Grounds for Suspension and Expulsion" has occurred. (Education Code 48918(a))

The student is entitled to one postponement of an expulsion hearing for a period of not more than 30 calendar days. The request for postponement shall be in writing. Any subsequent postponement may be granted at the district's discretion. (Education Code 48918(a))

If the district finds it impracticable to comply with these time requirements for conducting an expulsion hearing, the Superintendent or designee may, for good cause, extend the time period by an additional five school days. Reasons for the extension shall be included as a part of the record when the expulsion hearing is held. (Education Code 48918(a))

Once the hearing starts, all matters shall be pursued with reasonable diligence and concluded without unnecessary delay. (Education Code 48918(a))

#### Rights of Complaining Witness

An expulsion hearing involving allegations of sexual assault or sexual battery may be postponed for one school day in order to accommodate the special physical, mental or emotional needs of a student who is the complaining witness. (Education Code 48915.5)

Whenever the Superintendent or designee recommends an expulsion hearing that addresses allegations of sexual assault or sexual battery, he/she shall give the complaining witness a copy of the district's suspension and expulsion policy and regulation and shall advise the witness of his/her right to: (Education Code 48915.5)

1. Receive five days' notice of his/her scheduled testimony at the hearing.

2. Have up to two adult support persons of his/her choosing present in the hearing at the time he/she testifies.
3. Have a closed hearing during the time he/she testifies

Whenever any allegation of sexual assault or sexual battery is made, the Superintendent or designee shall immediately advise complaining witnesses and accused students to refrain from personal or telephone contact with each other during the time when an expulsion process is pending. (Education Code 48915.5)

#### Written Notice of the Expulsion Hearing

Written notice of the hearing shall be forwarded to the student and the student's parent/guardian at least ten calendar days before the date of the hearing. The notice shall include: (Education Code 48900.8, 48918(b))

1. The date and place of the hearing.
2. A statement of the specific facts, charges and offense upon which the proposed expulsion is based.
3. A copy of district disciplinary rules which relate to the alleged violation. 4. A parent/guardian of a student expelled for acts described in paragraphs through 4 of Education Code 48915(a), seeks enrollment in another district they must inform the new district of the students status with the expelling district, pursuant to Education Code 48915.1.

(cf. 5119 -Students Expelled from Other Districts)

5. The opportunity for the student or the student's parent/guardian to appear in person or to employ and be represented by counsel.
6. The right to inspect and obtain copies of all documents to be used at the hearing.
7. The opportunity to confront and question all witnesses who testify at the hearing.
8. The opportunity to question all evidence presented and to present oral and documentary evidence on the student's behalf, including witnesses.

#### Conduct of Expulsion Hearing

1. Closed Session: Notwithstanding the provisions of Government Code 54953 and Education Code 35145, the Board shall conduct the hearing or arrange for an alternative hearing to consider the expulsion of the student in a session closed to the public unless the student requests in writing at least five days prior to the hearing that the hearing be a public meeting. If such request is made, the meeting shall be public

Whether the expulsion hearing is held in closed or public session, the Board may meet in closed session to deliberate and determine if the student should be expelled. If the Board admits any other person to the closed session, the parent/guardian, the student, counsel of the student and counsel of the parent/guardian shall also be allowed to attend the closed session. (Education Code 48918(c))

If a hearing that involves a charge of sexual assault or sexual battery is to be conducted in public, a complaining witness shall have the right to have his/her testimony heard in closed session when testifying in public would threaten serious psychological harm to the witness and when there are no alternative procedures to avoid the threatened harm, including but not limited to videotaped deposition or contemporaneous examination in another place communicated to the hearing room by closed-circuit television. (Education Code 48918(c))

2. Record of Hearing: A record of the hearing shall be made and may be maintained by any means, including electronic recording, so long as a reasonably accurate written and complete transcription of the proceedings can be made. (Education Code 48918(g))

3. Presentation of Evidence: While technical rules of evidence do not apply to such hearings, evidence may be admitted and used as proof only if it is the kind of evidence on which reasonable persons can rely in the conduct of serious affairs. The decision of the Board to expel must be supported by substantial evidence that the student committed any of the above acts listed under "Grounds for Suspension and Expulsion" above. Findings of fact shall be based solely on the evidence at the hearing.

While no evidence shall be based solely on hearsay, sworn declarations may be admitted as testimony from witnesses whose disclosure of their identity or testimony at the hearing may subject them to an unreasonable risk of physical or psychological harm. (Education Code 48918 (f) and

In cases where a search of a student's person or property has occurred, evidence describing the reasonableness of the search shall be included in the hearing record.

4. Testimony by Complaining Witness: The following procedures shall be observed when hearings involve allegations of sexual assault or sexual battery by a student: (Education Code 48918)

- a. Any complaining witness shall be given five days' notice before being called to testify.
- b. Any complaining witness shall be entitled to have up to two adult support persons, including but not limited to a parent/guardian or legal counsel, present during his/her testimony.
- c. Before a complaining witness testifies, support persons shall be admonished that the hearing is confidential.
- d. The person presiding over the hearing may remove a support person whom he/she finds is disrupting the hearing.
- e. If one or both support persons are also witnesses, the hearing shall be conducted according to Penal Code 868.5.
- f. Evidence of specific instances of prior sexual conduct of a complaining witness shall be presumed inadmissible and shall not be heard unless the person conducting the hearing determines that extraordinary circumstances require the evidence to be heard.

Before such a determination is made, the complaining witness shall be given notice and an opportunity to oppose the introduction of this evidence. In the hearing on the admissibility of this evidence, the complaining witness shall be entitled to be represented by a parent/guardian, legal counsel or other support person. Reputation or opinion evidence regarding the sexual behavior of a complaining witness shall not be admissible for any purpose.

g. In order to facilitate a free and accurate statement of the experiences of the complaining witness and to prevent discouragement of complaints, the district shall provide a nonthreatening environment.

(1) The district shall provide a room separate from the hearing room for the use of the complaining witness before and during breaks in testimony.

(2) At the discretion of the person conducting the hearing, the complaining witness shall be allowed reasonable periods of relief from examination and cross-examination during which he/she may leave the hearing room.

(3) The person conducting the hearing may:

- (a) Arrange the seating within the hearing room so as to facilitate a less intimidating environment for the complaining witness.
- (b) Limit the time for taking the testimony of a complaining witness to the hours he/she is normally in school, if there is no good cause to take the testimony during other hours.
- (c) Permit one of the support persons to accompany the complaining witness to the witness stand.

6. Decision Within Ten Days: The Board's decision on whether to expel a student shall be made within ten school days after the conclusion of the hearing, unless the student requests in writing that the decision be postponed. (Education Code 48918(a))

7. Decision Within 40 Days: If the Board does not meet on a weekly basis, its decision on whether to expel a student shall be made within 40 school days after the student is removed from his/her school of attendance, unless the student requests in writing that the decision be postponed. (Education Code 48918(a))

#### Alternative Hearing: Hearing Officer or Administrative Panel

Instead of conducting an expulsion hearing itself, the Board may contract with the county hearing officer or with the Office of Administrative Hearings of the State of California for a hearing officer. Alternatively, the Board may appoint an impartial administrative panel composed of three or more certificated personnel, none of whom shall be members of the Board or on the staff of the school in which the student is enrolled. (Education Code 48918(d))

A hearing conducted by the hearing officer or administrative panel shall conform to the same procedures as apply to a hearing conducted by the Board as specified in "Conduct of Expulsion Hearing" above.

The hearing officer or administrative panel shall, within three school days after the hearing, determine whether to recommend expulsion of the student to the Board. If expulsion is not recommended, the student shall be immediately reinstated. (See "Reinstatement" below.) The Superintendent or designee shall place the student in a classroom instructional program, any other instructional program, a rehabilitation program, or any combination of these programs after consulting with district staff, including the student's teachers and with the student's parent/guardian. (Education Code 48918(e))

If expulsion is recommended, findings of fact in support of the recommendation shall be prepared and submitted to the Board. All findings of fact and recommendations shall be based solely on the evidence presented at the hearing. The Board may accept the recommendation based either upon a review of the findings of fact and recommendations submitted or upon the results of any supplementary hearing the Board may order. (Education Code 48918(f))

The hearing officer or administrative panel may recommend that the Board suspend the expulsion for a period of one year. (See "Suspension of Expulsion" below.)

The Board shall make its decision about the student's expulsion within 40 school days after the date of the student's removal from school unless the student requests in writing that the decision be postponed. (Education Code 48918(a))

#### Stipulated Expulsions

It is the policy of the Redlands Unified School District that, where approved by the Superintendent or designee, parents/guardians may agree to the expulsion of their pupil by stipulation without necessity of a hearing. This process will expedite the pupil's school placement and may expedite the rehabilitation process.

A stipulated expulsion must be purely voluntary. No district administrator or staff member may coerce a pupil, parent or guardian into entering into such a stipulation. Parents/guardians will be given three calendar days to decide on a stipulated expulsion agreement.

If the parent/guardian requests a stipulated expulsion, the Superintendent or designee will promulgate the stipulated agreement. If at any time the parent/guardian decides not to pursue a stipulated agreement, the expulsion proceedings and timelines, extended by the length of the period for consideration of the stipulation, will be reinstated. The stipulated agreement will be presented to the Board for final consideration.

The stipulated agreement will include the terms and conditions of the expulsion order, including alternative placement and a rehabilitation plan to be completed before the student can be re-admitted to the district.

#### Final Action by the Board

Whether the expulsion hearing is conducted in closed or public session by the Board, a hearing officer, or an administrative panel, the final action to expel must be taken by the Board at a public meeting. (Education Code 48918(f)) The Board shall maintain a record of each expulsion, including its cause. Expulsion records shall be non-privileged, disclosable public records.

(cf. 9321.1 - Closed Session Actions and Reports)

If the Board conducts the hearing and reaches a decision not to expel, this decision shall be final and the student shall be reinstated immediately.

Upon ordering the expulsion, the Board shall set a date when the student shall be reviewed for readmission to a school within the district. For a student expelled for an act listed under "Mandatory Recommendation and Mandatory Expulsion" above, this date shall be one year from the date the expulsion occurred, except that the Board may set an earlier date on a case-by-case basis. For a student expelled for other acts, this date shall be no later than the last day of the semester following the semester in which the expulsion occurred. (Education Code 48916)

At the time of the expulsion order, the Board shall recommend a plan for the student's rehabilitation, which may include: (Education Code 48916)

1. Periodic review as well as assessment of the student at the time of review for readmission.
2. Recommendations for improved academic performance, tutoring, special education assessments, job training, counseling, employment, community service and other rehabilitative programs.
3. Such other recommendations as the Board approves.

With parental consent, students who have been expelled for reasons relating to controlled substances or alcohol may be required to enroll in a county-sponsored drug rehabilitation program before returning to school. (Education Code 48916.5)

Upon expulsion, a copy of readmission procedures will be made available to the student and his/her parent/guardian.

#### Written Notice to Expel

The Superintendent or designee shall send written notice of the decision to expel to the student or parent/guardian. The notice shall include the following:

1. The specific offense committed by the student for any of the causes for suspension or expulsion listed in Education Code 48900(a)-(o), Education Code 48900.2-48900.4 and Education Code 48915(c). (Education Code 48900.8)
2. The fact that a description of readmission procedures will be made available to the student and his/her parent/guardian. (Education Code 48916)
3. Notice of the right to appeal such expulsion to the County Board of Education. (Education Code 48918)
4. Notice of the alternative educational placement to be provided to the student during the time of expulsion. (Education Code 48918)
5. The notice also shall inform the student or parent/guardian of his/her obligation to inform any new district in which the student seeks to enroll of the student's status with the expelling district, pursuant to Education Code 48915.1. (Education Code 48918)

#### Suspension of Expulsion

The Board, upon voting to expel a student, may suspend the enforcement of the expulsion order for not more than one calendar year. When deciding whether to suspend an expulsion, the Board shall take into account the following criteria:

1. The student's previous behavior.
2. The seriousness of the misconduct.
3. The student's attitude toward the misconduct and his/her willingness to follow a rehabilitation program.

The suspension of the enforcement of an expulsion shall be governed by the following: (Education Code 48917)

1. The Board may, as a condition of the suspension of enforcement, assign the student to a school, class or program appropriate for the student's rehabilitation. This rehabilitation program may provide for the involvement of the student's parent/guardian in the student's education. However, a parent/guardian's refusal to participate in the rehabilitation program shall not be considered in the Board's determination as to whether the student has satisfactorily completed the rehabilitation program.
2. During the period when enforcement of the expulsion order is suspended, the student shall be on probationary status.
3. The suspension of expulsion order may be revoked by the Board if the student commits any of the acts listed under "Grounds for Suspension and Expulsion" above or violates any of the district's rules and regulations governing student conduct.
4. When suspension of expulsion order is revoked, a student may be expelled under the terms of the original expulsion order
5. Upon satisfactory completion of the rehabilitation assignment, the Board shall reinstate the student in a district school. Upon reinstatement, the Board may order the expungement of any or all records of the expulsion proceedings.
6. Suspension of an expulsion order shall not affect the time period and requirements for the filing of an appeal of the expulsion order with the County Board of Education.
7. The Superintendent or designee shall send written notice of any decision to suspend the enforcement of an expulsion order during a period of probation to the student or parent/guardian. The notice shall also inform the parent/guardian of the right to appeal the expulsion to the County Board of Education. (Education Code 48918(i))

#### Right to Appeal

The student or parent/guardian is entitled to file an appeal of the Board's decision to the County Board of Education.

The appeal must be filed within 30 days of the Board's decision to expel, even if the expulsion action is suspended and the student is placed on probation. (Education Code 48919)

#### Post-Expulsion Placements

The Board shall refer expelled students to a program of study that is: (Education Code 48915, 48915.01)

1. Appropriately prepared to accommodate students who exhibit discipline problems.
2. Not provided at a comprehensive middle, junior or senior high school or at any elementary school, unless the program is offered at a community day school established at such a site.
3. Not housed at the school site attended by the student at the time of suspension.

(cf. 6185 - Community Day School)

When the placement described above is not available, and when the County Superintendent of Schools so certifies, students expelled for acts described in items #6 through # 13 and # 17 through # 19 under "Grounds for Suspension and Expulsion" above may be instead referred to a program of study that is provided at another comprehensive middle, junior, or senior high school, or at an elementary school.

The program for a student expelled from any of grades K-6 shall not be combined or merged with programs offered to students in any of grades 7-12. (Education Code 48916.1)

#### Reinstatement

When the Board accepts a recommendation against expulsion or makes its own decision after the hearing not to expel, the decision is final and the student shall be reinstated immediately. The Superintendent or designee shall place the student in any classroom program, other instructional program, rehabilitation program, or any combination of such programs following consultation with district personnel, including the teacher involved, and with the student's parent/guardian. (Education Code 48918(e))

## Readmission

An expulsion order shall remain in effect until the Board may order the readmission of the student.

Readmission procedures shall be as follows:

1. A written request for review of expulsion action and request for readmission shall be submitted by the parent/guardian to the Superintendent or designee.
2. The Superintendent or designee will hold a conference with the parent/guardian and the student.
3. At the conference the conditions for readmission will be reviewed. The Superintendent or designee shall verify that the rehabilitation plan has been met.
4. School regulations will be reviewed and the student and parent/guardian will be asked to indicate in writing their willingness to comply with these regulations.
5. The Superintendent or designee will transmit the request for readmission to the Board, along with his/her recommendation. The Board shall consider the request in closed session if the information would be disclosed in violation of Education Code 49073-49079. If a written request for open session is received from the parent/guardian or adult student, it will be honored.
6. The Superintendent or designee will notify the student or parent/guardian, by registered mail, of the district's decision regarding readmission.
7. The Board may deny readmission only if it finds that the student has not satisfied the conditions of the rehabilitation plan or that the student continues to pose a danger to campus safety or to other district students or employees. (Education Code 48916)
8. If the Board denies the readmission of a student, the Board shall determine either to continue the student's placement in the alternative educational program initially selected or to place the student in another program that serves expelled students, including placement in a county community school. (Education Code 48916)
9. The Board shall provide written notice to the expelled student and parent/guardian describing the reasons for denying readmittance into the regular program. This notice shall indicate the Board's determination of the educational program which the Board has chosen. The student shall enroll in that program unless the parent/guardian chooses to enroll the student in another school district. (Education Code 48916)

## Maintenance of Records

The Board will maintain a record of each expulsion, including the specific cause of the expulsion. The expulsion record shall be maintained in the student's mandatory interim record and sent to any school in which the student subsequently enrolls, within five days of a written request by the admitting school. (Education Code 48900.8, 48918(k))

The Superintendent or designee shall, within five working days, honor any other district's request for information about an expulsion from this district. (Education Code 48915.1)

cf. 5119 - Students Expelled from Other Districts)

(cf. 5125 - Student Records)

## Notifications and Reports

Within one school day after a student's suspension or expulsion, the principal or designee shall notify appropriate city or county law enforcement authorities, by telephone or other appropriate means, of any student acts which may violate Education Code 48900(c) or (d), relating to the possession, use, offering or sale of controlled substances, alcohol, or intoxicants of any kind.

Prior to the suspension or expulsion of any student, the principal or designee shall notify appropriate city or county law enforcement authorities of any student acts of assault which may have violated Penal Code 245. (Education Code 48902)

The principal or designee also shall notify appropriate city or county law enforcement authorities of any student acts which may involve the possession or sale of narcotics or of a controlled substance or possession of weapons or firearms in violation of Penal Code 626.9 and 626.10. (Education Code 48902)

#### Outcome Data

The Superintendent or designee shall maintain the following data and report such data annually to the California Department of Education, using forms supplied by the California Department of Education: (Education Code 48900.8, 48916.1)

1. The number of students recommended for expulsion.
2. The specific grounds for each recommended expulsion.
3. Whether the student was subsequently expelled.
4. Whether the expulsion order was suspended.
5. The type of referral made after the expulsion.
6. The disposition of the student after the end of the expulsion period.

#### Suspension and Expulsion/Due Process

Redlands Unified  
Administrative Regulation  
AR 51441  
Adopted June 27, 1995  
Students

#### Definitions

Suspension from school means removal of a student from ongoing instruction for adjustment purposes. However, suspension does not mean any of the following: (Education Code 48925)

1. Reassignment to another education program or class at the same school where the student will receive continuing instruction for the length of day prescribed by the Governing Board for students of the same grade level.
2. Referral to a certificated employee designated by the principal to advise students.
3. Principal's designee means one or more administrators or, if there is not a second administrator at one school site, a certificated person specifically designated by the principal, in writing, to assist with disciplinary procedures. Only one such person may be designated at any time as the principal's primary designee and only one such person may be designated as secondary designee for the school year. The names of such persons shall be on file in the principal's office. (Education Code 48911)

#### Notice of Regulations

At the beginning of each school year, the principal of each school shall ensure that all students and parents/guardians are notified in writing of all school rules related to discipline, suspension and expulsion. Transfer students and their parents/guardians shall be notified at the time of enrollment. (Education Code 35291.5, 48900.1, 48980)  
(cf. 5144 - Discipline)

1. Caused, attempted to cause, or threatened to cause physical injury to another person or willfully used force or violence upon the person of another, except in self-defense. (Education Code 48900(a))

A student who aids or abets the infliction or attempted infliction of physical injury on another person, as defined in Penal Code 31, may be suspended, but not expelled. However a student may be suspended or expelled pursuant to Education Code 48900(a) once he/she has been adjudged by a juvenile court to have committed, as an aide or abettor, a crime of physical violence in which the victim suffered great or serious bodily injury. (Education Code 48900(s))

2. Possessed, sold, or otherwise furnished any firearm. Knife, explosive, or other dangerous object unless, in the case of possession of any object of this type, the student had obtained written permission to possess the item from a certificated school employee, with the principal or designee's concurrence. (Education Code 48900(b))  
(cf. 5131 - Conduct)  
(cf. 5131.7 - Weapons and Dangerous Instruments)

A student in grades 4 through 12 is also subject to suspension or recommendation for expulsion when it is determined that he/she:

17. Committed sexual harassment as defined in Education Code 212.5. (Education Code 48900.2)

Pursuant to Education Code 48900.2 the conduct constitutes harassment when considered from the perspective of a reasonable person of the same gender as the victim to be sufficiently severe or pervasive as to have a negative impact upon the victim's academic performance or to create an intimidating, hostile or offensive educational environment.

19. Intentionally harassed, threatened or intimidated a student or group of students to the extent of having the actual and reasonably expected effect of materially disrupting class work, creating substantial disorder, and invading student rights by creating an intimidating or hostile educational environment. (Education Code 48900.4)

(cf. 5145.3 - Nondiscrimination/Harassment)

A student may be suspended or expelled for any of the acts listed above if the act is related to school activity or school attendance occurring at any district school under the jurisdiction of the Superintendent or principal or within any other school district, including but not limited to the following circumstances: (Education Code 48900)

1. While on school grounds.
2. While going to or coming from school.

Alternatives to suspension or expulsion will be used with students who are truant, tardy, or otherwise absent from assigned school activities.

(cf. 5113 - Absences and Excuses)

(cf. 5113.1 - Truancy)

#### Removal from Class by a Teacher/Parental Attendance

A teacher may suspend any student from his/her class for the remainder of the day and the following day for any act listed in "Grounds for Suspension and Expulsion" above. (Education Code 48910)

A teacher also may refer a student to the principal or designee for consideration of suspension from school. (Education Code 48910)

When removing a student from his/her class, the teacher shall immediately report this action to the principal and send the student to the principal for appropriate action. The student shall be appropriately supervised during the class periods from which he/she has been removed.

As soon as possible, the teacher shall ask the student's parent/guardian to attend a parent-teacher conference regarding the removal. A counselor or psychologist should attend the conference if it is practicable, and a school administrator may attend if either the parent/guardian or teacher so requests.

A student removed from class shall not be returned to class during the period of removal without the approval of the teacher of the class and the principal. (Education Code 48910)

A student removed from class shall not be placed in another regular class during the period of removal. However, if a student is assigned to more than one class per day, he/she may be placed in any other regular classes except those held at the same time as the class from which the student was removed. (Education Code 48910)

The teacher of any class from which a student is removed may require the student to complete any assignments and tests missed during the removal. (Education Code 48913)

Pursuant to Board policy, a teacher may provide that the parent/guardian of a student whom the teacher has removed attend a portion of a school day in his/her child's classroom. When a teacher makes this request, the principal shall send the parent/guardian a written notice that the parent/guardian's attendance is requested pursuant to law. (Education Code 48900.1)

This notice shall also:

1. Inform the parent/guardian when his/her presence is expected and by what means he/she may arrange an alternate date.
2. Describe the legal protections afforded to the parent/guardian as an employee under Labor Code 230.7.
3. State that if the parent/guardian does not have a means of transportation to school, he/she may ride the school bus with the student.
4. Ask the parent/guardian to meet with the principal after the visit and before leaving school, as required by Education Code 48900.1.

Suspension by Superintendent, Principal or Principal's Designee

The Superintendent, principal or principal's designee may suspend a student from a school for not more than five consecutive school days unless the suspension is extended pending expulsion. (Education Code 48911)

The Superintendent or designee shall immediately suspend any student found at school or at a school activity to be: (Education Code 48915)

1. Possessing, as verified by a district employee, or selling or otherwise furnishing a firearm, unless the student had obtained prior written permission to possess the item from a certificated school employee, with the principal or designee's concurrence.
2. Brandishing a knife, as defined in Education Code 48915(g), at another person.
3. Unlawfully selling a controlled substance listed in Health and Safety Code 11053-11058.
4. Committing or attempting to commit a sexual assault or committing a sexual battery as defined in item #14 under "Grounds for Suspension and Expulsion".
5. Possession of an explosive as defined in 18 USC 921.

Suspension also may be imposed upon a first offense if the Superintendent, principal or designee determines the student violated items #1-5 listed in "Grounds for Suspension and Expulsion" above or if the student's presence causes a danger to persons or property or threatens to disrupt the instructional process. (Education Code 48900.5)

A student may be suspended from school for not more than 20 school days in any school year, unless for purposes of adjustment a student enrolls in or is transferred to another regular school, an opportunity school, or continuation school or class, in which case suspension shall not exceed 30 days in any school year. However, this restriction on the number of days of suspension does not apply when the suspension is extended pending an expulsion. (Education Code 48903, 48912)

The Superintendent or designee may count suspensions that occur while a student is enrolled in another school district toward the maximum number of days for which a student may be suspended in any school year. (Education Code 48903)

Suspensions shall be initiated according to the following procedures:

1. Informal Conference: Suspension shall be preceded by an informal conference conducted by the principal, designee or the Superintendent with the student and whenever practicable, the teacher, supervisor or school employee who referred the student to the principal. At the conference, the student shall be informed of the reason for the disciplinary action and the evidence against him/her; the student shall be given the opportunity to present his/her version and evidence in support of his/her defense. (Education Code 48911(b))

This conference may be omitted if the principal, designee or the Superintendent determines that an emergency situation exists. An "emergency situation" involves a clear and present danger to the lives, safety or health of students or school personnel. If a student is suspended without this conference, both the parent/guardian and student shall be notified of the student's right to return to school for the purpose of a conference. The conference shall be held within two school days, unless the student waives his/her right to it or is physically unable to attend for any reason. In such case, the conference will be held as soon as the student is physically able to return to school. (Education Code 48911(c))

2. Administrative Actions: All requests for student suspension are to be processed by the principal or designee of the school in which the student is enrolled at the time of the misbehavior. A school employee shall report the suspension, including the name of the student and the cause for the suspension, to the Superintendent or designee.

3. Notice to Parents/Guardians: At the time of the suspension, a school employee shall make a reasonable effort to contact the parent/guardian by telephone or in person. Whenever a student is suspended, the parent/guardian shall be notified in writing of the suspension. (Education Code 48911)

This notice shall state the specific offense committed by the student. (Education Code 48900.8).

In addition, the notice may also state the date and time when the student may return to school. If school officials wish to ask the parent/guardian to confer regarding matters pertinent to the suspension, the notice may add that state law requires the parent/guardian to respond to such requests without delay.

4. Parent/Guardian Conference: Whenever a student is suspended, school officials may meet with the parent/guardian to discuss the causes and duration of the suspension, the school policy involved, and any other pertinent matters. (Education Code 48914)

While the parent/guardian is required to respond without delay to a request for a conference about a student's behavior, no penalties may be imposed on the student for the failure of the parent/guardian to attend such conference. The student may not be denied readmission solely because the parent/guardian failed to attend. (Education Code 48911)

5. Extension of Suspension: If the Board is considering the expulsion of a suspended student from any school or the suspension of a student for the balance of the semester from continuation school, the Superintendent or designee may, in writing, extend the suspension until such time as the Board has made a decision. (Education Code 48911(g))

Any extension of the original period of suspension shall be preceded by notice of such extension with an offer to hold a conference concerning the extension, giving the student an opportunity to be heard. This conference may be held in conjunction with a meeting requested by the student or parent/guardian to challenge the original suspension. Extension of the suspension may be made only if the Superintendent or designee determines, following a meeting in which the student and the student's parent/guardian were invited to participate, that the student's presence at the school or at an alternative school would endanger persons or property or threaten to disrupt the instructional process. (Education Code 48911)

#### Suspension by the Board

The Board may suspend a student for any of the acts listed in "Grounds for Suspension and Expulsion" above and within the limits specified in "Suspension by Superintendent, Principal or Principal's Designee" above. (Education Code 48912)

The Board may suspend a student enrolled in a continuation school or class for a period not longer than the remainder of the semester if any of the acts listed in “Grounds for Suspension and Expulsion” occurred. The suspension shall meet the requirements of Education Code 48915. (Education Code 48912.5)

When the Board is considering a suspension, disciplinary action, or any other action (except expulsion) against any student, it shall hold closed sessions if a public hearing would lead to disclosure of information violating a student’s right privacy under Education Code 49073-49079.

(cf. 9321 - Closed Session Purposes and Agendas)

The Board shall provide the student and his/her parent/guardian with written notice of the closed session by or certified mail. Upon receiving this notice, the student or parent/guardian may request a public meeting, and this request shall be granted if made in writing within 48 hours after receipt of the Board's notice. However, any discussion that conflicts with any other student's right to privacy still shall be held in closed session. (Education Codes 35146, 48912)

#### On-Campus Suspension Program

Students for whom an expulsion action has not been initiated and who pose no imminent danger or threat to the school may be assigned to a separate, supervised suspension classroom for the entire period of suspension. The following conditions shall apply: (Education Code 48911.1)

1. The supervised suspension classroom shall be staffed in accordance with law.
2. The student shall have access to appropriate counseling services.
3. The supervised suspension classroom shall promote completion of schoolwork and tests missed by the student during the suspension.
4. Each student shall be responsible for contacting his/her teacher(s) to receive assignments to be completed in the supervised suspension classroom. The teacher shall provide all assignments and tests that the student will miss while suspended. If no such work is assigned, the person supervising the suspension classroom shall assign schoolwork.

At the time a student is assigned to a supervised suspension classroom, the principal or designee shall notify the student’s parent/guardian in person or by telephone. When the assignment is for longer than one class period, this notification shall be made in writing. (Education Code 48911.1)

#### Authority to Expel

A student may be expelled only by the Board. The Board shall expel, as required by law, any student found to have committed certain offenses listed below under “Mandatory Recommendation and Mandatory Expulsion.”

The Board also may order a student expelled for any of the acts listed under “Grounds for Suspension and Expulsion” upon recommendation by the principal, Superintendent, hearing officer or administrative panel, based on finding either or both of the following: (Education Code 48915 (b) and (e))

1. That other means of correction are not feasible or have repeatedly failed to bring about proper conduct.
2. That due to the nature of the violation, the presence of the student causes a continuing danger to the physical safety of the student or others.

#### Mandatory Recommendation for Expulsion

Unless the principal, Superintendent or designee finds that expulsion is inappropriate due to particular circumstances, the principal, Superintendent or designee shall recommend a student’s expulsion for any of the following acts: (Education Code 48915 (a))

1. Causing serious physical injury to another person, except in self-defense.
2. Possession of any knife as defined in Education Code 48915(g), explosive or other dangerous object of no reasonable use to the student.
3. Unlawful possession of any controlled substance, as listed in the Health and Safety Code 11053-11058, except for the first offense for the possession of not more than one ounce of marijuana, other than concentrated cannabis.
4. Robbery or extortion.
5. Assault or battery, as defined in Penal Code 240 and 242, upon any school employee.

#### Mandatory Recommendation and Mandatory Expulsion

Note: The Attorney General has determined, in 80 Ops.Cal. Atty. Gen. 347 (1997), that a district may not adopt a zero tolerance policy mandating expulsion of a student for a first offense of possession of a controlled substance or alcohol.

The principal, Superintendent or designee shall recommend that the Board expel any student found at school or at a school activity to be: (Education Code 48915(c))

1. Possessing, as verified by a district employee, or selling or otherwise furnishing a firearm, unless the student had obtained prior written permission to possess the item from a certificated school employee, with the principal or designee's concurrence.
2. Brandishing a knife as defined in Education Code 48915(g) at another person.
3. Unlawfully selling a controlled substance listed in Health and Safety Code 11053-11058
4. Committing or attempting to commit a sexual assault or committing a sexual battery as defined in item #14 under "Grounds for Suspension and Expulsion" above.
5. Possessing an explosive as defined in 18 USC 921.

Upon finding that the student committed any of the above acts, the Board shall expel the student. (Education Code 48915)

The initial recommendation for consideration of expulsion is that of the school principal or the Superintendent. Designees may not make this type of recommendation.

The recommendation for consideration of expulsion shall be submitted to the Director, Office of Student Services, who will review the material and recommend:

1. Reassignment to appropriate regular education program.
2. Refer student to Alternative Program; i.e., Community School, Independent Study, Continuation or Opportunity School, or other district programs.
3. Refer the matter to the Discipline Review Panel for further consideration.

When a case is referred to the discipline Review Panel, the panel shall question school personnel who have information on the incident and the behavior record of the student charged and weighs the evidence presented.

The panel shall, in the case of an expulsion consideration, weigh information presented to determine:

- a. Is the evidence sufficient to support consideration by the expulsion panel?
- b. Has the district, through the schools involved, considered or utilized alternatives to expulsion when possible?
- c. Have due process procedures been adhered to?

The recommendation shall be either to proceed with the expulsion or to utilize an existing practical alternative in lieu of expulsion.

If the district (school) has not adhered to due process requirements, the student shall be returned to school immediately.

If the Discipline Review Panel meets to consider a matter other than an expulsion, it shall provide its best judgment as to an effective alternative program or plan to action.

The recommendation of the Discipline Review Panel shall be forwarded to the Director, Office of Student Services, who shall then review the facts, concur, veto or modify the recommendation.

4. That an expulsion panel be convened.

At the time a recommendation for expulsion is submitted, a hearing shall be scheduled by the Superintendent or designee to determine whether the suspension shall be extended. If the decision is to extend the suspension, the period of time shall be until the Board has rendered a decision or until the expulsion process is otherwise terminated.

The extension of suspension shall be based upon determination by the Superintendent or designee that the presence of the student at the school or in an alternative school placement would cause a danger to persons or property or a threat of disrupting the instructional process. This extension shall be imposed only after the student and the parent/guardian have been given the opportunity to be present at a hearing conducted by the Superintendent or designee. At this time, the student and parent/guardian shall be given the opportunity to be heard and present any information that might bear upon the decision.

Materials which support the decision of the person recommending the expulsion shall be prepared and submitted to the Office of Student Services. The departments of Attendance, Guidance, Special Education and/or Health may be requested to assist in the preparation of this material.

#### Student's Right to Expulsion Hearing

The student is entitled to a hearing to determine whether the student should be expelled. The hearing shall be held within 30 school days after the principal or Superintendent or designee determines that one of the acts listed under "Grounds for Suspension and Expulsion" has occurred. (Education Code 48918 (a))

The student is entitled to one postponement of an expulsion hearing for a period of not more than 30 calendar days. The request for postponement shall be in writing. Any subsequent postponement may be granted at the Board's discretion. (Education Code 48918(a))

If the Board finds it impractical during the school year to comply with these time requirements for conducting an expulsion hearing, the Superintendent or designee may, for good cause, extend the time period by an additional five school days. Reasons for the extension shall be included as a part of the record when the expulsion hearing is held. (Education Code 48918(a))

If the Board finds it impractical to comply with the time requirements of the expulsion hearing due to summer recess of Board meetings of more than two weeks, the days during the recess shall not be counted as school days. The days not counted during the recess may not exceed 20 school days as defined in Education Code 48925. Unless the student requests in writing that the expulsion hearing be postponed, the hearing shall be held no later than 20 calendar days prior to the first day of the next school year. (Education Code 48918(a))

Once the hearing starts, all matters shall be pursued with reasonable diligence and concluded without unnecessary delay. (Education Code 48918(a))

#### Waiver of Hearing (Default Proceedings)

If the parent/guardian agrees that their son/daughter behaved essentially in the manner stated in the principals letter recommending expulsion and that such behavior constitutes a violation of the California Education Code, Section 48900, 48900.2, 48900.3, 48900.4, 48900.7 and/or 48915 a suspendable/expellable offense, the parent/guardian may request to waive the Administrative Hearing Panel.

When the parent/guardian agrees to waive the Administrative Hearing Panel, they also waive all notification and timelines related to the expulsion hearing process, along with their rights to appeal the determination of the Board.

The signed affidavit and findings of fact will be submitted to the Board for their approval. The Board has the discretionary power to accept, reject, or modify all recommendations.

#### Rights of Complaining Witness

An expulsion hearing involving allegations of sexual assault or sexual battery may be postponed for one school day in order to accommodate the special physical, mental or emotional needs of a student who is the complaining witness. (Education Code 48918.5)

Whenever the Superintendent or designee recommends an expulsion hearing that addresses allegations of sexual assault or sexual battery, he/she shall give the complaining witness a copy of the district's suspension and expulsion policy and regulation and shall advise the witness of his/her right to all the following: (Education Code 48918.5)

1. Receive five days' notice of his/her scheduled testimony at the hearing.
2. Have up to two adult support persons of his/her choosing present in the hearing at the time he/she testifies.
3. Have a closed hearing during the time he/she testifies.

Whenever any allegation of sexual assault or sexual battery is made, the Superintendent or designee shall immediately advise complaining witnesses and accused students to refrain from personal or telephone contact with each other during the time when an expulsion process is pending. (Education Code 48918.5)

## Written Notice of the Expulsion Hearing (Education Code 48918(b))

Written notice of the hearing shall be forwarded to the student and the student's parent/guardian at least 10 calendar days before the date of the hearing. The notice shall include: (Education Code 48900.8, 48918 (b))

1. The date and place of the hearing.
2. A statement of the specific facts, charges and offense upon which the proposed expulsion is based.
3. A copy of district disciplinary rules which relate to the alleged violation.
4. Notification of the student's or parent/guardian's obligation, pursuant to Education Code 48915.1, to provide information about the student's status in the district to any other district in which the student seeks enrollment. This obligation applies when a student is expelled for acts other than those described in Education Code 48915 (a) or (c).  
(cf. 5119 - Students Expelled from other Districts)

5. The opportunity for the student or the student's parent/guardian to appear in person and/or be represented by legal counsel or by a non-attorney advisor.

Legal counsel means an attorney or lawyer who is admitted to the practice of law in California and is an active member of the State Bar of California.

Non-attorney advisor means an individual who is not an attorney or lawyer, but who is familiar with the facts of the case, and has been selected by the student or student's parent/guardian to provide assistance at the hearing.

6. The right to inspect and obtain copies of all documents to be used at the hearing.
7. The opportunity to confront and question all witnesses who testify at the hearing.
8. The opportunity to question all evidence presented and to present oral and documentary evidence on the student's behalf, including witnesses.

### Conduct of Expulsion Hearing

1. Closed Session: Notwithstanding the provisions of Government Code 54953 and Education Code 35145, the Board shall conduct a hearing to consider the expulsion of the student in a session closed to the public unless the student requests in writing at least five days prior to the hearing that the hearing be a public meeting. If such request is made, the meeting shall be public, unless another student's privacy rights would be violated.

Whether the expulsion hearing is held in closed or public session, the Board may meet in closed session to determine if the student should be expelled. If the Board admits any other person to the closed session, the parent/guardian, the student, and the counsel of the student, shall also be allowed to attend the closed session. (Education Code 48918(c))

If a hearing that involves a charge of sexual assault or sexual battery is to be conducted in public, a complaining witness shall have the right to have his/her testimony heard in closed session when testifying in public would threaten serious psychological harm to the witness and when there are no alternative procedures to avoid the threatened harm, including but not limited to videotaped deposition or contemporaneous examination in another place communicated to the hearing room by closed-circuit television. (Education Code 48918(c))

2. Record of Hearing: A record of the hearing shall be made and may be maintained by any means, including electronic recording, as long as a reasonably accurate written and complete transcription of the proceedings can be made. (Education Code 48918(g))

3. Subpoenas: Before commencing a student expulsion hearing, the Board may issue subpoenas, at the request of either the student or the Superintendent or designee, for the personal appearance at the hearing of any person who actually witnessed the action that gave rise to the recommendation for expulsion. After the hearing has commenced, the Board or the hearing officer or administrative panel may issue such subpoenas at the request of the student or the County Superintendent of Schools or designee. All subpoenas shall be issued in accordance with the Code of Civil Procedure 1985-1985.2 and enforced in accordance with Government Code 11455.20, formerly 11525. (Education Code 48918(i))

Any objection raised by the student or the Superintendent or designee to the issuance of subpoenas may be considered by the Board in closed session, or in open session if so requested by the student, before the meeting. The Board's decision in response to such an objection shall be final and binding. (Education Code 48918(i))

If the Board determines, or if the hearing officer or administrative panel finds and submits to the Board, that a witness would be subject to unreasonable risk of harm by testifying at the hearing, a subpoena shall not be issued to compel the personal attendance of that witness at the hearing. However, that witness may be compelled to testify by means of a sworn declaration as described in item #4 below. (Education Code 48918(i))

4. Presentation of Evidence: While technical rules of evidence do not apply to expulsion hearings, evidence may be admitted and used as proof only if it is the kind of evidence on which reasonable persons can rely in the conduct of serious affairs. The decision of the Board to expel must be supported by substantial evidence that the student committed any of the acts listed in "Grounds for Suspension and Expulsion" above.

Findings of fact shall be based solely on the evidence at the hearing. While no evidence shall be based solely on hearsay, sworn declarations may be admitted as testimony from witnesses whose disclosure of their identity or testimony at the hearing may subject them to an unreasonable risk of physical or psychological harm. (Education Code 48918 (f) and (h))

In cases where a search of a student's person or property has occurred, evidence describing the reasonableness of the search shall be included in the hearing record.

5. Testimony by Complaining Witnesses: The following procedures shall be observed when hearings involve allegations of sexual assault or sexual battery by a student: (Education Code 48918)

- a. Any complaining witness shall be given five days' notice before being called to testify.
- b. Any complaining witness shall be entitled to have up to two adult support persons, including but not limited to a parent/guardian or legal counsel, present during his/her testimony.
- c. Before a complaining witness testifies, support persons shall be admonished that the hearing is confidential.
- d. The person presiding over the hearing may remove a support person whom he/she finds is disrupting the hearing.
- e. If one or both support persons are also witnesses, the hearing shall be conducted according to Penal Code 868.5.
- f. Evidence of specific instances of prior sexual conduct of a complaining witness shall be presumed inadmissible and shall not be heard unless the person conducting the hearing determines that extraordinary circumstances require the evidence to be heard. Before such a determination is made, the complaining witness shall be given notice and an opportunity to oppose the introduction of this evidence. In the hearing on the admissibility of this evidence, the complaining witness shall be entitled to be represented by a parent/guardian, legal counsel or other support person. Reputation or opinion evidence regarding the sexual behavior of a complaining witness shall not be admissible for any purpose.
- g. In order to facilitate a free and accurate statement of the experiences of the complaining witness and to prevent discouragement of complaints, the district shall provide a nonthreatening environment.
  - (1) The district shall provide a room separate from the hearing room for the use of the complaining witness before and during breaks in testimony.
  - (2) At the discretion of the person conducting the hearing, the complaining witness shall be allowed reasonable periods of relief from examination and cross-examination during which he/she may leave the hearing room.
  - (3) The person conducting the hearing may:
    - (a) Arrange the seating within the hearing room so as to facilitate a less intimidating environment for the complaining witness.
    - (b) Limit the time for taking the testimony of a complaining witness to the hours he/she is normally in school, if there is no good cause to take the testimony during other hours.
    - (c) Permit one of the support persons to accompany the complaining witness to the witness stand.

6. Decision Within 10 Days: The Board's decision on whether to expel a student shall be made within 10 school days after the conclusion of the hearing, unless the student requests in writing that the decision be postponed. (Education Code 48918(a))

7. Decision Within 40 Days: If the Board does not meet on a weekly basis, its decision on whether to expel a student shall be made within 40 school days after the student is removed from his/her school of attendance, unless the student requests in writing that the decision be postponed. (Education Code 48918(a))

Alternative Expulsion Hearing: Hearing Officer or Administrative Panel

Instead of conducting an expulsion hearing itself, the Board may contract with the county hearing officer or with the Office of Administrative Hearings of the State of California for a hearing officer. Alternatively, the Board may appoint an impartial administrative panel composed of three or more certificated personnel, none of whom shall be members of the Board or on the staff of the school in which the student is enrolled. (Education Code 48918(d))

A hearing conducted by the hearing officer or administrative panel shall conform to the same procedures as apply to a hearing conducted by the Board as specified in "Conduct of Expulsion Hearing."

The hearing officer or administrative panel shall, within three school days after the hearing, determine whether to recommend expulsion of the student to the Board. If expulsion is not recommended, the student shall be immediately reinstated. (See "Reinstatement.") The Superintendent or designee shall place the student in a classroom instructional program, any other instructional program, a rehabilitation program, or any combination of these programs after consulting with district staff, including the student's teachers, and with the student's parent/guardian. (Education Code 48918(e))

If expulsion is recommended, findings of fact in support of the recommendation shall be prepared and submitted to the Board. All findings of fact and recommendations shall be based solely on the evidence presented at the hearing. The Board may accept the recommendation based either upon a review of the findings of fact and recommendations submitted or upon the results of any supplementary hearing the Board may order. (Education Code 48918(f))

In accordance with Board policy, the hearing officer or administrative panel may recommend that the Board suspend the enforcement of the expulsion for a period of one year. (See "Decision Not to Enforce Expulsion Order" below.)

The Board shall make its decision about the student's expulsion within 40 school days after the date of the student's removal from school unless the student requests in writing that the decision be postponed. (Education Code 48918(a))

#### The Discipline Review Panel

The Discipline Review Panel will consist of elementary educators when a review is being made of an elementary student and of secondary educators when a review is being made of secondary student.

1. The Discipline Review Panel shall hear the following types of disciplinary cases:
  - a. Requests for expulsion from site principals or the Superintendent.
  - b. School site administrative requests for assistance (non-expulsion situations).
2. Each discipline review panel shall consist of three certificated persons plus a chairperson and shall consist of elementary educators when a review is being made of an elementary student and of secondary educators when a review is being made of a secondary student. A panelist may not serve on any panel involving a student who is currently attending the school in which he/she is assigned. A representative from Student Services shall be a nonvoting member of each panel.

A chairperson and assistant chairperson, to serve when the chairperson is unable to serve, shall be appointed by the Superintendent or designee and shall serve at his/her pleasure. Neither shall be a member of the Student Services staff.

A pool of panelists shall be established which shall be composed of personnel who have served or are currently serving as members of administrative expulsion panels. The committee chairman shall select members to serve on individual panels.

The meetings of the discipline review panel are open to school district personnel only.

The duties of the Discipline Review Panel are as follows:

1. The chairperson shall call a meeting of the panel as soon as possible, but no later than 10 school days after the receipt of notice of a pending case.
2. A recommendation must be forwarded to the Director, Office of Student Services, within three days of the review hearing.
3. In the event a member of the committee cannot be present at a meeting, the Director, Office of Student Services, will appoint an alternate from the pool to attend.

#### Final Action by the Board

Whether the expulsion hearing is conducted in closed or public session by the Board, a hearing officer, or an administrative panel, the final action to expel shall be taken by the Board at a public meeting. (Education Code 48918(j))

(cf. 9321.1 - Closed Session Actions and Reports)

If the Board conducts the hearing and reaches a decision not to expel, this decision shall be final and the student shall be reinstated immediately.

Upon ordering an expulsion, the Board shall set a date when the student shall be reviewed for readmission to a school within the district. For a student expelled for an act listed under “Mandatory Recommendation and Mandatory Expulsion” above, this date shall be one year from the date the expulsion occurred, except that the Board may set an earlier date on a case-by-case basis. For a student expelled for other acts, this date shall be no later than the last day of the semester following the semester in which the expulsion occurred. (Education Code 48916)

At the time of the expulsion order, the Board shall recommend a plan for the student’s rehabilitation, which may include: (Education Code 48916)

1. Periodic review as well as assessment of the student at the time of review for readmission.
2. Recommendations for improved academic performance, tutoring, special education assessments, job training, counseling, employment, community service and other rehabilitative programs.

With parental consent, students who have been expelled for reasons relating to controlled substances or alcohol may be required to enroll in a county-sponsored drug rehabilitation program before returning to school. (Education Code 48916.5)

**Written Notice to Expel**

The Superintendent or designee shall send written notice of the decision to expel the student or parent/guardian. This notice shall include the following:

1. The specific offense committed by the student for any of the causes for suspension or expulsion listed in Education Code 48900 (a)-(o), Education Code 48900.2-48900.4, Education Code 48915 (c) and (Education Code 48900.8).
2. The fact that a description of readmission procedures will be made available to the student and his/her parent/guardian. (Education Code 48916)
3. Notice of the right to appeal the expulsion to the County Governing Board. (Education Code 48918)
4. Notice of the alternative educational placements to be provided to the student during the time of expulsion. (Education Code 48918)
5. Notice of the student’s or parent/guardian’s obligation to inform any new district in which the student seeks to enroll of the student’s status with the expelling district, pursuant to Education Code 48915.1 (Education Code 48918).

**Decision Not to Enforce Expulsion Order**

In accordance with Board policy, when deciding whether to suspend the enforcement of an expulsion, the Board shall take into account the following criteria:

1. The student’s pattern of behavior.
2. The seriousness of the misconduct.
3. The student’s attitude toward the misconduct and his/her willingness to follow a rehabilitation program.

The suspension of the enforcement of an expulsion shall be governed by the following: (Education Code 48917)

1. The Board may, as a condition of the suspension of enforcement, assign the student to a school, class or program appropriate for the student’s rehabilitation. This rehabilitation program may provide for the involvement of the student’s parent/guardian in the student’s education. However, a parent/guardian’s refusal to participate in the rehabilitation program shall not be considered in the Board’s determination as to whether the student has satisfactorily completed the rehabilitation program.
2. During the period when enforcement of the expulsion order is suspended, the student shall be on probationary status.
3. The suspension of the enforcement of an expulsion order may be revoked by the Board if the student commits any of the acts listed under “Grounds for Suspension and Expulsion” above or violates any of the district’s rules and regulations governing student conduct.
4. When the suspension of the enforcement of an expulsion order is revoked, a student may be expelled under the terms of the original expulsion order.
5. Upon satisfactory completion of the rehabilitation assignment, the Board shall reinstate the student in a district school. Upon reinstatement, the Board may order the expunging of any or all records of the expulsion proceedings.
6. Suspension of the enforcement of an expulsion order shall not affect the time period and requirements for the filing of an appeal of the expulsion order with County Board of Education.

7. The Superintendent or designee shall send written notice of any decision to suspend the enforcement of an expulsion order during a period of probation to the student or parent/guardian. The notice shall also inform the parent/guardian of the right to appeal the expulsion to the County Board of Education. (Education Code 48918 (j))

#### Right to Appeal

The student or parent/guardian is entitled to file an appeal of the Board's decision to the County Board of Education. The appeal must be filed within 30 days of the Board's decision to expel, even if the expulsion action is suspended and the student is placed on probation. (Education Code 48919)

#### Post-Expulsion Placements

The Board shall refer expelled students to a program of study that is: (Education Code 48915, 48915.01)

1. Appropriately prepared to accommodate students who exhibit discipline problems.
2. Not provided at a comprehensive middle, junior or senior high school or at any elementary school, unless the program is offered at a community day school established at such a site.
3. Not housed at the school site attended by the student at the time of suspension.

(cf. 6185 - Community Day School)

When the placement described above is not available, and when the County Superintendent of Schools so certifies, students expelled for acts described in items #6 through #13 and #17 through #19 under "Grounds for Suspension and Expulsion" may be instead referred to a program of study that is provided at another comprehensive middle, junior, or senior high school, or at an elementary school. (Education Code 48915)

The program for a student expelled from any of grades K-6 shall not be combined or merged with programs offered to students in any of grades 7-12. (Education Code 48916.1)

#### Readmission After Expulsion

Readmission procedures shall be as follows:

1. On the date set by the Board when it ordered the expulsion, the district shall consider readmission of the student. (Education Code 48916)
2. The Superintendent or designee shall hold a conference with the parent/guardian and the student. At the conference the student's rehabilitation plan shall be reviewed and the Superintendent or designee shall verify that the provisions of this plan have been met. School regulations shall be reviewed and the student and parent/guardian shall be asked to indicate in writing their willingness to comply with these regulations.
3. The Superintendent or designee shall transmit to the Board his/her recommendation regarding readmission. The Board shall consider this recommendation in closed session if information would be disclosed in violation of Education Code 49073-49079. If a written request for open session is received from the parent/guardian or adult student, it shall be honored.
4. If the readmission is granted, the Superintendent or designee shall notify the student and parent/guardian, by registered mail, of the Board's decision regarding readmission.
5. The Board may deny readmission only if it finds that the student has not satisfied the conditions of the rehabilitation plan or that the student continues to pose a danger to campus safety or to other district students or employees. (Education Code 48916)
6. If the Board denies the readmission of a student, the Board shall determine either to continue the student's placement in the alternative educational program initially selected or to place the student in another program that serves expelled students, including placement in a county community school. (Education Code 48916)
7. The Board shall provide written notice to the expelled student and parent/guardian describing the reasons for denying readmittance into the regular program. This notice shall indicate the Board's determination of the educational program which the Board has chosen. The student shall enroll in that program unless the parent/guardian chooses to enroll the student in another school district. (Education Code 48916)

#### Maintenance of Records

The Board shall maintain a record of each expulsion, including the specific cause of the expulsion. The expulsion record shall be maintained in the student's mandatory interim record and sent to any school in which the student subsequently enrolls, within five days of a written request by the admitting school. (Education Code 48900.8, 48918(k))

The Superintendent or designee shall, within five working days, honor any other district's request for information about an expulsion from this district. (Education Code 48915.1)

(cf. 5119 - Students Expelled from Other Districts)

(cf. 5125 - Student Records)

#### Notifications to Law Enforcement Authorities

Prior to the suspension or expulsion of any student, the principal or designee shall notify appropriate city or county law enforcement authorities of any student acts of assault which may have violated Penal Code 245. (Education Code 48902)

The principal or designee also shall notify appropriate city or county law enforcement authorities of any student acts which may involve the possession or sale of narcotics or of a controlled substance or possession of weapons or firearms in violation of Penal Code 626.9 and 626.10. (Education Code 48902)

Within one school day after a student's suspension or expulsion, the principal or designee shall notify appropriate city or county law enforcement authorities, by telephone or other appropriate means, of any student acts which may violate Education Code 48900(c) or (d), relating to the possession, use, offering or sale of controlled substances, alcohol, or intoxicants of any kind. (Education Code 48902)

#### Ouome Data

The Superintendent or designee shall maintain the following data and report such data annually to the California Department of Education, using forms supplied by the California Department of Education: (Education Code 48900.8, 48916.1)

1. The number of students recommended for expulsion.
2. The grounds for each recommended expulsion.
3. Whether the student was subsequently expelled.
4. Whether the expulsion order was suspended.
5. The type of referral made after the expulsion.
6. The disposition of the student after the end of the expulsion period.

Regulation: REDLANDS UNIFIED SCHOOL DISTRICT

Approved: June 27, 1995, Redlands, California

#### **(D) Procedures to Notify Teachers of Dangerous Pupils (EC 49079)**

Teachers are notified every year per EC 49079 of previous 3 years of any suspension, expulsion, or probation notification of students. Teachers of record are notified of student suspension on the date of suspension. Teachers are notified of any new student enrolled who has previous suspension, expulsion, or probation.

**(E) Sexual Harassment Policies (EC 212.6 [b])**

## Policy 4119.11: Sex Discrimination and Sex-Based Harassment

The Governing Board is committed to providing a safe work environment that is free of harassment and intimidation. The Board prohibits sexual harassment against district employees by anyone, in any manner, and prohibits retaliatory action or behavior against any persons who complains, testifies, or otherwise participates in the complaint process established pursuant to this policy and accompanying administrative regulation. This policy shall apply to all district employees, interns, volunteers, contractors, job applicants, and other persons with an employment relationship with the district.

(cf. 0410 - Nondiscrimination in District Programs and Activities) (cf. 4030 - Nondiscrimination in Employment)

Sexual harassment includes, but is not limited to, harassment that is based on the sex, gender, gender identity, gender expression, or sexual orientation of the victim and harassment based on pregnancy, childbirth, or related medical conditions.

The Superintendent or designee shall take all actions necessary to ensure the prevention, investigation, and correction of sexual harassment, including but not limited to:

1. Providing training to all staff in accordance with law and administrative regulation.
2. Publicizing and disseminating the district's sexual harassment policy to staff.
3. Ensuring prompt, thorough, equitable, and fair investigation of complaints
4. Taking timely and appropriate corrective/remedial actions which may require interim separation of the complainant and the alleged harasser and subsequent monitoring of developments.

The Superintendent or designee shall periodically evaluate the effectiveness of the district's strategies to prevent and address harassment. Such evaluation may involve conducting regular anonymous employee surveys to assess whether harassment is occurring or is perceived to be tolerated, partnering with researchers or other agencies with the needed expertise to evaluate the district's prevention strategies, and using any other effective tool for receiving feedback on systems and/or processes. As necessary, changes shall be made to the harassment policy, complaint procedures, or training.

### Sexual Harassment Reports and Complaints

Any district employee who feels that he/she has been sexually harassed in the performance of their district responsibilities or who has knowledge of any incident of sexual harassment by or against another employee shall immediately report the incident to his/her supervisor, the principal, other district administrator, or the district's Title IX Coordinator. However, an employee may bypass his/her supervisor in filing a complaint if the supervisor is the subject of the complaint. A supervisor, principal, or district administrator who receives a harassment complaint shall promptly notify the Title IX Coordinator.

Once notified, the Title IX Coordinator shall ensure the complaint or allegation is addressed through AR 4119.12/4219.12/4319.12 – Title IX Sexual Harassment Complaint Procedures or AR 4030- Nondiscrimination in Employment, as applicable. Because a complaint or allegation that is dismissed or denied under the Title IX complaint procedure may still be subject to consideration under state law, the Title IX Coordinator shall ensure that any implementation of AR 4119.12/4219.12/4319.12 concurrently meets the requirements of AR 4030.

Notwithstanding the above, BP/AR 4119.12/4219.12/4319.12 and 4030 shall under no circumstances be used to resolve complaints brought by, on behalf of, or against students. All complaints brought by, on behalf of, or against students that allege “sexual harassment” as that term is defined in the federal regulations implementing Title IX of the Education Amendments of 1972 (see 34 C.F.R. § 106, et seq.) shall be investigated and resolved under BP/AR 5145.71. All complaints brought by, on behalf of, or against students that do not meet the definition of “sexual harassment” as set forth in the Title IX implementing regulations shall be investigated and resolved under BP/AR 1312.3.

(cf. 4119.12/4219.12/4319.12 - Title IX Sexual Harassment Complaints)

The Title IX Coordinator shall offer supportive measures to the complainant and respondent, as deemed appropriate under the circumstances.

Upon investigation of a sexual harassment complaint, any district employee who engages, or participates in sexual harassment, or who aids, abets, incites, compels, or coerces another to commit sexual harassment in violation of this policy is subject to disciplinary action, up to and including dismissal, in accordance with law and the applicable collective bargaining agreement.

(cf. 4117.7/4317.7 - Employment Status Reports) (cf. 4118 - Dismissal/Suspension/Disciplinary Action) (cf. 4218 -

Dismissal/Suspension/Disciplinary Action)

#### Regulation 4119.12: Title IX Sex Discrimination and Sex-Based Harassment Complaint Procedures

The complaint procedures described in this administrative regulation shall be used to address any complaint governed by Title IX of the Education Amendments of 1972 alleging that a district employee, while in an education program or activity in which a district school exercises substantial control over the context and respondent, was subjected to one or more of the following forms of sexual harassment: (34 CFR 106.30, 106.44)

1. A district employee conditioning the provision of a district aid, benefit, or service on a person's participation in unwelcome sexual conduct
2. Unwelcome conduct determined by a reasonable person to be so severe, pervasive, and objectively offensive that it effectively denies a person equal access to the district's education program or activity
3. Sexual assault, dating violence, domestic violence, or stalking as defined in 20 USC 1092 or 34 USC 12291 (cf. 4119.11/4219.11/4319.11 - Sexual Harassment)

All other sexual harassment complaints or allegations shall be investigated and resolved in accordance with AR 4030

- Nondiscrimination in Employment. The determination of whether the allegations meet the definition of sexual harassment under Title IX shall be made by the district's Title IX Coordinator.

(cf. 4030 - Nondiscrimination in Employment)

Because the complainant has a right to pursue a complaint under AR 4030 for any allegation that is dismissed or denied under the Title IX complaint procedure, the Title IX Coordinator shall ensure that all requirements and timelines for AR 4030 are concurrently met while implementing the Title IX procedure.

#### Reporting Allegations/Filing a Formal Complaint

An employee who is the alleged victim of sexual harassment may submit a report of sexual harassment to the district's Title IX Coordinator using the contact information listed in AR 4119.11/4219.11/4319.11 - Sexual Harassment or to the employee's direct supervisor or other district administrator, who shall forward the report to the Title IX Coordinator within one day of receiving the report. Upon receiving such a report, the Title IX Coordinator shall inform the complainant of the right to file a formal complaint and the process for filing a formal complaint.

A formal complaint, with the complainant's physical or digital signature, may be filed with the Title IX Coordinator in person, by mail, by email, or by any other method authorized by the district. (34 CFR 106.30)

Even if the alleged victim chooses not to file a formal complaint, the Title IX Coordinator shall file a formal complaint in situations when a safety threat exists. In addition, the Title IX Coordinator may file a formal complaint in other situations as permitted under the Title IX regulations, including as part of the district's obligation to not be deliberately indifferent to known allegations of sexual harassment. In such cases, the Title IX Coordinator shall provide the alleged victim notices as required by the Title IX regulations at specific points in the complaint process.

The Title IX Coordinator, investigator, decision-maker, or a facilitator of an informal resolution process shall not have a conflict of interest or bias for or against complainants or respondents generally or an individual complainant or respondent. Such persons shall receive training in accordance with 34 CFR 106.45. (34 CFR 106.45)

#### Supportive Measures

Upon receipt of a report of Title IX sexual harassment, the Title IX Coordinator shall promptly contact the complainant to discuss the availability of supportive measures and shall consider the complainant's wishes with respect to the supportive measures implemented. Supportive measures shall be offered as appropriate, as reasonably available, and without charge to the complainant or the respondent before or after the filing of a formal complaint or where no formal complaint has been filed. Such measures shall be nondisciplinary, nonpunitive, and not unreasonably burden the other party, including measures designed to protect the safety of all parties or the district's educational environment or to deter sexual harassment. Supportive measures may include, but are not limited to, counseling, extensions of deadlines, modifications of work schedules, mutual restrictions on contact, changes in work locations, leaves of absence, increased security, and monitoring of certain areas of the campus. (34 CFR 106.30, 106.44)

The district shall maintain as confidential any supportive measures provided to the complainant or respondent, to the extent that maintaining such confidentiality would not impair the district's ability to provide the supportive measures. (34 CFR 106.30)

#### Emergency Removal

If a district employee is the respondent, the employee may be placed on administrative leave during the pendency of the formal complaint process. (34 CFR 106.44)

If the respondent is a student, the district may, on an emergency basis, remove the student from the district's education program or activity, provided that the district conducts an individualized safety and risk analysis, determines that removal is justified due to an immediate threat to the physical health or safety of any student or other individual arising from the allegations, and provides the student with notice and an opportunity to challenge the decision immediately following the removal. This authority to remove a student does not modify a student's rights under the Individuals with Disabilities Education Act or Section 504 of the Rehabilitation Act of 1973. (34 CFR 106.44)

#### Dismissal of Complaint

The Title IX Coordinator shall dismiss a formal complaint if the alleged conduct would not constitute sexual harassment as defined in

34 CFR 106.30 even if proved. The Title IX Coordinator shall also dismiss any complaint in which the alleged conduct did not occur in the district's education program or activity or did not occur against a person in the United States, and may dismiss a formal complaint if the complainant notifies the district in writing that the complainant would like to withdraw the complaint or any allegations in the complaint, the respondent is no longer employed by the district, or sufficient circumstances prevent the district from gathering evidence sufficient to reach a determination with regard to the complaint. (34 CFR 106.45)

Upon dismissal, the Title IX Coordinator shall promptly send written notice of the dismissal and the reasons for the dismissal simultaneously to the parties and shall inform them of their right to appeal the dismissal of a formal complaint or any allegation in the complaint in accordance with the appeal procedures described in the section "Appeals" below. (34 CFR 106.45)

If a complaint is dismissed, the conduct may still be addressed pursuant to AR 4030 - Nondiscrimination in Employment as applicable.

#### Informal Resolution Process

When a formal complaint of sexual harassment is filed, the district may offer an informal resolution process, such as mediation, at any time prior to reaching a determination regarding responsibility. The district shall not require a party to participate in the informal resolution process or to waive the right to an investigation and adjudication of a formal complaint. (34 CFR 106.45)

The district may facilitate an informal resolution process provided that the district: (34 CFR 106.45)

1. Provides the parties with written notice disclosing the allegations, the requirements of the informal resolution process, the right to withdraw from the informal process and resume the formal complaint process, and any consequences resulting from participating in the informal resolution process, including that records will be maintained or could be shared.
2. Obtains the parties' voluntary, written consent to the informal resolution process

#### Written Notice

If a formal complaint is filed, the Title IX Coordinator shall provide the known parties with written notice of the following: (34 CFR 106.45)

1. The district's complaint process, including any informal resolution process
2. The allegations potentially constituting sexual harassment with sufficient details known at the time, including the identity of parties involved in the incident if known, the conduct allegedly constituting sexual harassment, and the date and location of the alleged incident if known. Such notice shall be provided with sufficient time for the parties to prepare a response before any initial interview. If, during the course of the investigation, new Title IX allegations arise about the complainant or respondent that are not included in the initial notice, the Title IX Coordinator shall provide notice of the additional allegations to the parties.
3. A statement that the respondent is presumed not responsible for the alleged conduct and that a determination regarding responsibility is made at the conclusion of the complaint process
4. The opportunity for the parties to have an advisor of their choice who may be, but is not required to be, an attorney, and the ability to inspect and review evidence
5. The prohibition against knowingly making false statements or knowingly submitting false information during the complaint process

The above notice shall also include the name of the investigator, facilitator of an informal process, and decision-maker and shall inform the parties that, if at any time a party has concerns regarding conflict of interest or bias regarding any of these persons, the party should immediately notify the Title IX Coordinator.

#### Investigation Procedures

During the investigation process, the district's designated investigator shall: (34 CFR 106.45)

1. Provide an equal opportunity for the parties to present witnesses, including fact and expert witnesses, and other inculpatory and

exculpatory evidence

2. Not restrict the ability of either party to discuss the allegations under investigation or to gather and present relevant evidence
3. Provide the parties with the same opportunities to have others present during any grievance proceeding, including the opportunity to be accompanied to any related meeting or proceeding by the advisor of their choice, who may be, but is not required to be, an attorney
4. Not limit the choice or presence of an advisor for either the complainant or respondent in any meeting or grievance proceeding, although the district may establish restrictions regarding the extent to which the advisor may participate in the proceedings as long as the restrictions apply equally to both parties
5. Provide, to a party whose participation is invited or expected, written notice of the date, time, location, participants, and purpose of all investigative interviews or other meetings, with sufficient time for the party to prepare to participate
6. Send in an electronic format or hard copy to both parties and their advisors, if any, the evidence obtained as part of the investigation that is directly related to the allegations raised in the complaint, and provide the parties at least 10 days to submit a written response for the investigator to consider prior to the completion of the investigative report
7. Objectively evaluate all relevant evidence, including both inculpatory and exculpatory evidence, and determine credibility in a manner that is not based on a person's status as a complainant, respondent, or witness
8. Create an investigative report that fairly summarizes relevant evidence and, at least 10 days prior to the determination of responsibility, send to the parties and their advisors, if any, the investigative report in an electronic format or a hard copy, for their review and written response

Questions and evidence about the complainant's sexual predisposition or prior sexual behavior are not relevant, unless such questions and evidence are offered to prove that someone other than the respondent committed the conduct alleged by the complainant or if the questions and evidence concern specific incidents of the complainant's prior sexual behavior with respect to the respondent and are offered to prove consent. (34 CFR 106.45)

Privacy rights of all parties to the complaint shall be maintained in accordance with applicable state and federal laws.

If the complaint is against an employee, rights conferred under an applicable collective bargaining agreement shall be applied to the extent they do not conflict with the Title IX requirements.

#### Written Decision

The Superintendent shall designate an employee as the decision-maker to determine responsibility for the alleged conduct, who shall not be the Title IX Coordinator or a person involved in the investigation of the matter. (34 CFR 106.45)

After the investigative report has been sent to the parties but before reaching a determination regarding responsibility, the decision-maker shall afford each party the opportunity to submit written, relevant questions that the party wants asked of any party or witness, provide each party with the answers, and allow for additional, limited follow-up questions from each party.

The decision-maker shall issue, and simultaneously provide to both parties, a written decision as to whether the respondent is responsible for the alleged conduct. (34 CFR 106.45)

The written decision shall be issued within 60 calendar days of the receipt of the complaint.

The timeline may be temporarily extended for good cause with written notice to the complainant and respondent of the extension and the reasons for the action. (34 CFR 106.45)

3. Findings of fact supporting the determination
4. Conclusions regarding the application of the district's code of conduct or policies to the facts

6. The district's procedures and permissible bases for the complainant and respondent to appeal

## Appeals

Either party may appeal the district's decision or dismissal of a formal complaint or any allegation in the complaint, if the party believes that a procedural irregularity affected the outcome, new evidence is available that could affect the outcome, or a conflict of interest or bias by the Title IX Coordinator, investigator(s), or decision-maker(s) affected the outcome. If an appeal is filed, the district shall: (34 CFR 106.45)

1. Notify the other party in writing when an appeal is filed and implement appeal procedures equally for both parties
2. Ensure that the decision-maker(s) for the appeal is trained in accordance with 34 CFR 106.45 and is not the same decision-maker(s) who reached the determination regarding responsibility or dismissal, the investigator(s), or the Title IX Coordinator
3. Give both parties a reasonable, equal opportunity to submit a written statement in support of, or challenging, the outcome
4. Issue a written decision describing the result of the appeal and the rationale for the result
5. Provide the written decision simultaneously to both parties

An appeal must be filed in writing within 10 calendar days of receiving the notice of the decision or dismissal, stating the grounds for the appeal and including any relevant documentation in support of the appeal. Appeals submitted after this deadline are not timely and shall not be considered.

A written decision shall be provided to the parties within 20 calendar days from the receipt of the appeal.

Either party has the right to file a complaint with the U.S. Department of Education's Office for Civil Rights within 180 days of the date of the most recently alleged misconduct.

The complainant shall be advised of any civil law remedies, including, but not limited to, injunctions, restraining orders, or other remedies or orders that may be available under state or federal antidiscrimination laws, if applicable.

## Remedies

When a determination of responsibility for sexual harassment has been made against the respondent, the district shall provide remedies to the complainant. Such remedies may include the same individualized services described above in the section "Supportive Measures," but need not be nondisciplinary or nonpunitive and need not avoid burdening the respondent. (34 CFR 106.45)

## Disciplinary Actions

The district shall not impose any disciplinary sanctions or other actions against a respondent, other than supportive measures as described above in the section "Supportive Measures," until the complaint procedure has been completed and a determination of responsibility has been made. (34 CFR 106.44)

When an employee is found to have committed sexual harassment or retaliation, the district shall take appropriate disciplinary action, up to and including dismissal, in accordance with applicable law and collective bargaining agreement.

(cf. 4117.7/4317.7 - Employment Status Report)

(cf. 4118 - Dismissal/Suspension/Disciplinary Action) (cf. 4119.11/4219.11/4319.11 - Sexual Harassment) (cf. 4218 - Dismissal/Suspension/Disciplinary Action)

## Record-Keeping

The Superintendent or designee shall maintain, for a period of seven years: (34 CFR 106.45)

1. A record of all reported cases and Title IX investigations of sexual harassment, any determinations of responsibility, any audio or audiovisual recording and transcript if applicable, any disciplinary sanctions imposed, any remedies provided to the complainant, and any appeal or informal resolution and the results therefrom.
2. A record of any actions, including supportive measures, taken in response to a report or formal complaint of sexual harassment, including the district's basis for its conclusion that its response was not deliberately indifferent, the measures taken that were designed to restore or preserve equal access to the education program or activity, and, if no supportive measures were provided to the complainant, the reasons that such a response was not unreasonable in light of the known circumstances.
3. All materials used to train the Title IX Coordinator, investigator(s), decision-maker(s), and any person who facilitates an informal resolution process. The district shall make such training materials publicly available on its web site, or if the district does not maintain a web site, available upon request by members of the public.

#### **(F) School-wide Dress Code Relating to Gang-Related Apparel (EC 35183)**

Policy 5132.16: Student Dress Guidelines

The Governing Board believes that appropriate dress and grooming contribute to a productive learning environment. The Board expects students to give proper attention to personal cleanliness and to wear clothes that are suitable for the school activities in which they participate. Students' clothing must not present a health or safety hazard or a distraction which would interfere with the educational process.

Students and parents/guardians shall be informed about dress and grooming standards at the beginning of the school year and whenever these standards are revised. A student who violates these standards shall be subject to appropriate disciplinary action.

##### **Gang-Related Apparel**

The principal, staff and parents/guardians at a school may establish a reasonable dress code that prohibits students from wearing gang-related apparel when there is evidence of a gang presence that disrupts or threatens to disrupt the school's activities. Such a dress code may be included as part of the school safety plan and must be presented to the Board for approval. The Board shall approve the plan upon determining that it is necessary to protect the health and safety of the school's students.

##### **Uniforms**

The Board recognizes that, in order to promote student safety and discourage peer rivalry and/or gang activity, the principal, staff and parent/guardian at a school site may wish to establish a reasonable dress code, which may include voluntary school uniforms.

Dress codes, which include voluntary school uniforms, may be included as part of the school safety plan submitted as required.

The Superintendent or designee shall establish procedures that schools, parents and guardians will follow if they decide to participate with the voluntary school uniform policy. Students shall not be penalized academically, otherwise discriminated against or denied attendance to school if their parents/guardian decide not to participate.

The Governing Board feels that there is nothing inherently wrong with dress or color of dress, but when student's dress serves to intimidate or impede the rights of other students it will be determined that dress is in violation of this policy. A student may not remain at school dressed in a manner which (1) creates a safety hazard for said student or for other students at school, and/or (2) when the dress constitutes a serious and unnecessary distraction to the learning process or tends to disrupt campus order

When the site administrator/designee determines that a student's attire is in violation of this policy, the student will be required to modify his/her clothing and/or apparel in such a manner that it no longer violates this policy. If necessary, the student may be taken or sent home with parental permission to modify unacceptable dress and return to school. Refusal to take steps as described in this policy shall be cause for disciplinary action against the student. Any such disciplinary action shall be handled pursuant to existing student disciplinary policy

Parents/guardians have primary responsibility to see that students are properly attired for school. School district personnel have the responsibility for maintaining proper and appropriate conditions conducive to learning. Hence, the following guidelines will be implemented in all district schools.

1. Shoes will be worn at all times. A substantial sole is required and enclosed toe and heel footwear are highly encouraged.
2. Extremely brief garments that are distracting to the educational environment are not appropriate. Clothing shall be sufficient to conceal undergarments at all times.
3. Clothing or accessories shall be free of writing, pictures or any other insignia which are crude, violent, obscene or sexually suggestive or which advocate racial, ethnic or religious prejudice or the use of tobacco, drugs or alcohol.
4. Earrings, jewelry, or accessories which present a safety hazard to the wearer or others are not suitable for school wear.
5. Only prescription sunglasses may be worn in class. Other types of sunglasses may be worn on campus outside of class.
6. Identified gang attire such as bandannas, haircuts or hair rollers, or any gang paraphernalia are prohibited.

Students are allowed to wear sun protective clothing, including hats, while outdoors during the school day. Each school site will develop a policy indicating the type of sun protective hats that are permitted.

No grade of a student participating in a physical education class shall be adversely affected if the student does not wear standardized physical education apparel because of circumstances beyond the student's control. (Education Code 49066) All clothing worn during physical education shall meet reasonable safety standards.

The purpose of adopting these Student Dress Guidelines is not to infringe on any individual student's rights to freedom of expression, but rather to encourage students to dress appropriately and come to school properly prepared for participating in the educational process.

#### Gang-Related Apparel

Because gang-related symbols are constantly changing, definitions of gang-related apparel shall be reviewed as needed and updated as necessary.

#### Uniforms

In schools where a majority of parents respond and indicate on a survey that they desire to establish a voluntary school-wide uniform dress code, the principal, staff and the parents/guardians of the individual school site shall:

1. Jointly select the specific uniform to be worn. (Education Code 35183)
2. Describe the uniform parts and identify local vendors who sell those pieces of clothing. A description of the implementation of the voluntary uniform dress code will be submitted to the superintendent's designee including:
  - a. The process for parent notification
  - b. Positive procedures that will be used to encourage students to participate with the voluntary uniform dress code
3. A description of the uniform and a list of costs for each competitively priced item of clothing as provided by a variety of vendors will be sent to parents.
4. Parents will be notified that this is a voluntary uniform dress code and that students not participating shall not be penalized academically, otherwise discriminated against or denied attendance to school if their parents/guardians so decide.

#### Parent Notification

The principal shall give parents/guardian at least six months notice before a school site implements a voluntary school uniform dress code. (Education Code 35183)

## (I) School Discipline Rules and Consequences (EC 35291 and EC 35291.5)

### Citrus Valley High School Student Conduct Code

Procedures to Ensure a Safe and Orderly Environment

#### Rules and Procedures on School Discipline

#### Philosophy of Discipline

- Behavior expectations and the consequences for not meeting expectations must be clearly communicated to all students and their parents (in writing as well as verbally).
- The severity of consequences for violating behavior expectations increases with each incident of inappropriate behavior.
- The consequences for violating behavior expectations should be severe enough to discourage students from making poor behavior decisions.
- Expectations and consequences should permit students an opportunity to eliminate inappropriate behavior.

Additionally, the school staff recognizes that the middle school years are a transition time from adolescence to young adulthood. As a part of this transition, the student is given greater opportunities to be responsible and demonstrate independence and good judgment. The structure of our behavior expectations (in the classroom as well as school wide) is meant to encourage students to be responsible. The first step in many instances of inappropriate behavior (those considered to be "minor") is a simple warning ("Your behavior is unacceptable. Please stop such behavior"). It is only when a student ignores such warnings and continues to choose to act irresponsibly (like a child rather than an emerging adult) that we involve parents and implement consequences.

#### Elements of a Good Discipline Program

1. The program is focused upon making the entire campus, especially the classroom, a safe, supportive and orderly environment for learning for students and staff.
2. Classroom authority is retained by the classroom teacher. (Administration's role is to support, not to replace.)
3. Rules and procedures are clearly understood by staff and students.
4. All staff members will acknowledge and take appropriate action on any minor or major infraction of the school rules.
5. Rules and procedures comply with State Law and District policies.
6. The program recognizes the responsibilities and the rights of students and staff.
7. Program is structured to keep students in class and engaged in the educational process.
8. Rules are enforced:
  - A. by all staff members at all times.
  - B. strictly, but not rigidly (beware of "automatics").
  - C. in substantial part by adult modeling.
  - D. using techniques that promote the growth of positive self-esteem.
  - E. as close to the source as is possible.
  - F. by keeping parents informed.
9. The discipline program is understood, endorsed, and supported by staff, parents, and students.

#### PRINCIPAL'S STATEMENT TO EDMS STAFF

##### Expectations in Developing & Maintaining Discipline

As Principal of our school, I will expect;

Each teacher to have a defined system of classroom management. A written description of this system, including representative examples of the progressive interventions you intend to employ, will be approved and filed by me. Whenever possible and appropriate, teachers are encouraged to use standards and systems that are consistent with other village/department members.

You can expect

Each administrator to assist and support you in every reasonable way in developing, implementing, and refining that system as needed.

I will expect

That when you refer a student for discipline:

1. The student has been made fully aware of classroom and school rules and knows what rules he/she has violated.
2. Teachers within a village will discuss any continuing behavior problems and schedule a team conference with the student and parents when appropriate.
3. That information will be provided on the referral regarding previous actions you have taken regarding this specific issue.
4. You have exhausted the interventions at your disposal (i.e., you have done everything you can do) and you have followed the guidelines established by the administration and staff on what constitutes an appropriate behavior referral.
5. The behavior was so serious or so blatant as to make immediate removal from the classroom necessary.
6. The written referral will be explicit in stating the offense(s).
7. You will send the student out of class with a referral only if his/her continued presence in the class would disrupt or prevent teaching and/or learning.
8. If necessary, the referral will be delivered to the office at a time convenient to the staff member so that the issue may be handled most efficiently, causing a minimum of lost class time.

You can expect

1. Each administrator to support your position in every reasonable way.
2. A response time on your referral of one, or at most, two days.

3. The availability of an administrator to discuss unresolved referrals after school on any given day.
4. That the administrator will exercise independent judgment regarding disposition of referrals.

I will expect

1. That each teacher will go to the doorway of his/her classroom after each class period as often as possible and assume control of student behavior in the corridor.
2. That each staff member will hold students accountable for their behavior on the school grounds at all times.

You can expect

1. Administrator support, investigation, and follow-through as indicated.
2. A response to referrals from incidents outside the classroom to be the same as to those within.

#### WHAT TO DO WHEN PROBLEMS APPEAR

Both behavioral and academic problems are present in some of our students. Teachers often ask for guidelines for dealing with these problems. Here they are:

1. Talk to the administrator assigned to your grade level.
2. Call parents at first sign of concern. Inform the parents of your observations, ask for their ideas, assistance, and support in serving the student. Keep a log of your calls.
3. If possible, talk privately to the student about your concerns.
4. Behavior concerns—look through students' CUM file. Any official suspensions will be in file, also look for teacher comments on report cards. Look for patterns of behavior. We use In-House Suspension whenever possible, as it is preferable to having students at home unattended—and it saves the district money. Serious infractions (fighting, threats, etc.) do result in official suspension. Unresponsive students can be moved to other schools or expelled.
5. Referrals—please remember if you write a student referral, you are required to call the parents. You are writing the referral and can answer the parents' questions firsthand. Administrators will also call parents, but we can only give secondhand information on the incident.
6. Academic Concerns—again, look through student CUM. This will contain test scores, report cards, and a student history. You may want to ask the grade level administrator to schedule a Student Study Team (SST). This will involve a meeting with the student, parents, administrators, students' teachers, and perhaps the psychologist

#### Conduct Code Procedures

CVHS uses progressive discipline to enforce infractions of the educational code and/or school policies. Other means of correction are used when appropriate. Other means of correction include but are not limited to restorative practices, alternative drug/substance abuse counseling, conflict mediation, peer to peer mentoring, and alternatives to suspension.

#### (K) Hate Crime Reporting Procedures and Policies

Use Sprigeo, or Bullying/Title IX Harassment Submission form on the Redlands Unified School District website for anonymous reporting of any incident including but not limited to bullying, harassment, or discrimination. See Something Say Something, Title IX, UCP postings in every classroom and student-used areas.

#### (J) Procedures to Prepare for Active Shooters

Lockdown Drill Practiced annually and documented in Raptor Emergency Management System.

#### Procedures for Preventing Acts of Bullying and Cyber-bullying

Modelling of C.L.A.S.S. tenants to create a positive, safe culture on campus. Bully Prevention Week held in October annually. Sprigeo and Bullying/Title IX database available to all stakeholders, appointment of Assistant Superintendent of Compliance and Title IX, for anonymous reporting of acts of bullying.

## **Emergency Response Guidelines**

### **Step One: Identify the Type of Emergency**

### **Step Two: Identify the Level of Emergency**

### **Step Three: Determine the Immediate Response Action**

### **Step Four: Communicate the Appropriate Response Action**

## **Types of Emergencies & Specific Procedures**

### **Earthquake**

Earthquakes generally occur without warning and may cause minor to serious ground shaking, damage to buildings, and injuries. It is important to note that even a mild tremor can create a potentially hazardous situation and the following procedures should be implemented in response to all earthquakes regardless of magnitude.

#### **Procedure**

Note: Keep calm and remain where you are. Assess the situation, and then act. Remember, most injuries or deaths are the direct cause of falling or flying debris.

1. Upon the first indication of an earthquake, teachers should direct students to DUCK AND COVER
2. Move away from windows and overhead hazards to avoid glass and falling objects.
3. When the shaking stops, the School Administrator will initiate the EVACUATE BUILDING action. Staff and students will evacuate the buildings using prescribed routes or other safe routes to the Assembly Area.
4. In the event of an evacuation, Teachers will bring their student roster and take attendance at the Assembly Area to account for students. Teachers will notify the Assembly Area Team of missing students.
5. The School Administrator will direct the Security/Utilities Team to post guards a safe distance away from building entrances to prevent access.
6. The Security/Utilities Team will notify school personnel of fallen electrical wires and instruct them to avoid touching the fallen wires.
7. The First Aid/Medical Team will check for injuries and provide appropriate first aid.
8. The School Administrator will direct the Security/Utilities Team to notify the appropriate utility company of damages (e.g., gas, power, water, or sewer).
9. If the area appears safe, the Search and Rescue Team will make an initial inspection of school buildings to identify any injured or trapped students or staff.

10. The School Administrator will contact the Local District Superintendent to determine additional actions that may be necessary. In turn, the actions will be communicated to the District's Office of Communications.
11. The School Administrator will contact the Local District Facilities Director to ensure buildings are safe for re-occupancy. When safe to do so, the Fire Suppression and HazMat Team will conduct an inspection of school buildings. The Fire Suppression and HazMat Team will maintain a log of their findings, by building, and provide a periodic report to the Incident Commander.
12. Any affected areas will not be reopened until the Local District Facilities provides clearance and the School Administrator gives authorization to do so.
13. The School Administrator will initiate an OFF-SITE EVACUATION, if warranted by changes in conditions at the school.

In the event an earthquake occurs during non-school hours:

1. The School Administrator and the Plant Manager will assess damages to determine any necessary corrective actions. The School Administrator may direct the Fire Suppression and HazMat Team to participate in the assessment.
2. The School Administrator should confer with the Local District Superintendent on identified damages to determine if the school should be closed.
3. If the school must be closed, the School Administrator will activate Parent Alert System and School Personnel Alert System as referenced in Section 5.0.

#### **Fire in Surrounding Area**

This procedure addresses the situation where a fire is discovered in an area adjoining the school. The initiated response actions should take into consideration the location and size of the fire, its proximity to the school and the likelihood that the fire may affect the school.

#### **Procedure**

1. The School Administrator will initiate the appropriate Immediate Response Actions, which may include SHELTER-IN-PLACE, LOCK DOWN, EVACUATE BUILDING or OFF-SITE EVACUATION.
2. The School Administrator will notify "911" and Redlands PD, the school's local law enforcement agency, at (909) 798-7681 and Redlands Fire Department [909-798-7600] and will provide the location and nature of emergency.
3. The School Administrator will instruct the Security/Utilities Team to prevent students from approaching the fire and keep routes open for emergency vehicles.
4. The Agency Liaison will contact the local fire department and will work with the fire department to determine if school grounds are threatened by the fire, smoke, or other hazardous conditions.
5. If the School Administrator issues the EVACUATE BUILDING action, staff and student will evacuate the affected building(s) using prescribed routes or other safe routes to the Assembly Area.
6. In the event of an evacuation, Teachers will bring their student roster and take attendance at the Assembly Area to account for students. Teachers will notify the Assembly Area Team of missing students.
7. The School Administrator will keep a battery-powered radio tuned to a local radio station for emergency information.
8. As appropriate, the School Administrator will activate Parent Alert System.
9. The School Administrator will notify the Local District Superintendent of the emergency situation. A member of this group will call the Office of Communications with information of this situation.

10. If needed, the School Administrator will notify Bus Dispatch to request busses for staff and student evacuation.
11. The School Administrator will initiate an OFF-SITE EVACUATION, if warranted by changes in conditions.

### **Fire on School Grounds**

This procedure addresses situations where a fire is discovered on school grounds. A quick response to this situation is very important to prevent injuries and further property damage.

#### **Procedure**

1. Upon discovery of a fire, Teachers or staff will direct all occupants out of the building, signal the fire alarm, and report the fire to the School Administrator.
2. The School Administrator will immediately initiate the EVACUATE BUILDING action. Staff and students will evacuate buildings using the prescribed routes or other safe routes to the Assembly Area.
3. In the event of an evacuation, Teachers will bring their student roster and take attendance at the Assembly Area to account for students. Teachers will notify the Assembly Area Team of missing students.
4. The School Administrator will call "911" and Redlands PD, the school's local law enforcement agency, at (909) 798-7681 and Redlands Fire Department [909-798-7600] and will provide the exact location (e.g., building, room, area) of the fire.
5. The Fire Suppression and HazMat Team will suppress fires and initiate rescue procedures until the local fire department arrives.
6. The Security/Utilities Team will secure the area to prevent unauthorized entry and keep access roads clear for emergency vehicles.
7. The Agency Liaison will direct the fire department to the fire and brief fire department official on the situation.
8. The Security/Utilities Team will notify the appropriate utility company of damages.
9. The School Administrator will notify the Local District Superintendent of the fire. A member of this group will call the Office of Communications with information on this situation.
10. If needed, the School Administrator will notify Bus Dispatch to request busses for staff and student evacuation.
11. Any affected areas will not be reopened until the Redlands City Fire Department or appropriate agency provides clearance and the School Administrator issues authorization to do so.
12. For fires during non-school hours, the School Administrator and the Local District Superintendent will determine if the school will open the following day.
13. All fires, regardless of their size, which are extinguished by school personnel, require a call to the Fire Department to indicate "fire is out."

Blood Borne Pathogen Incident Reporting Form and Exposure Control Plan

Policy 5141.22: Infectious Diseases

The Governing Board desires to protect students from risks posed by exposure to infectious diseases while providing an appropriate education for all students.

The Superintendent or designee shall determine whether to admit a student with an infectious disease, and shall exclude students only in accordance with law. In making this determination, he/she shall consult the student's parents/guardians, the student's physician and/or the county health department, in accordance with law and consistent with confidentiality provisions. Because bloodborne pathogens such as hepatitis B virus, hepatitis C virus and human immunodeficiency virus (HIV) are not casually transmitted, the sole presence of bloodborne pathogens is not sufficient reason to exclude students from attending school.

cf. 5112.2 - Exclusions from Attendance)  
(cf. 5141.26 - Tuberculosis Testing)  
(cf. 5141.3 - Health Examinations)  
(cf. 6158 - Independent Study)  
(cf. 6159 - Individualized Education Program)  
(cf. 6183 - Home/Hospital Instruction)

Parents/guardians are encouraged to inform the Superintendent or designee if their child has an infectious disease so that school staff may work cooperatively with the student's parents/guardians to minimize the child's exposure to other diseases in the school setting. The Superintendent or designee shall ensure that student confidentiality rights are strictly observed in accordance with law. No district employee shall release medical information, including knowledge of a bloodborne pathogen infection, without written consent from the parent/guardian or adult student. Such information shall be shared only with those persons specifically named in the written permission.

(cf. 5125 - Student Records)  
(cf. 5022 - Student and Family Privacy Rights)

The Board requires students and staff to routinely observe universal precautions to prevent exposure to bloodborne pathogens and to prevent the spread of all infectious disease.

(cf. 4119.43/4219.43/4319.43 - Universal Precautions)  
(cf. 5141.23 - Infectious Disease Prevention)

The Superintendent or designee shall ensure that the district's health education program provides information about the nature of bloodborne pathogens and their transmission.

#### Blood Borne Pathogens - Safety Practices

#### Procedures and Regulations

##### 1. General

1.1 While recognizing that both students and employees diagnosed with an infectious blood borne disease are entitled to a confidential relationship between themselves, the medical community and/or other agencies, the Board of School Trustees encourages these individuals to meet with the School Principal and/or Superintendent of Schools to discuss their disease and immediate and future needs.

##### 1.2 Assessment

##### 2. Students:

2.1. The Superintendent (or designate) will be informed, by the school principal as soon as is known, of any student infected with an infectious blood borne disease.

2.2. A Risk Assessment will be conducted using a team approach including the personal physician, public health personnel, the parent or guardian, and school district personnel as appropriate and will make recommendations about the type of educational and care setting based on the following:

- a. Behavior, neurological development and physical condition of the child;
- b. Type of interaction expected with others.
- c. What the potential is for exposure
- d. Areas for potential for exposure
- e. How exposure may happen
- f. Who needs to know?
- g. What will happen if there is a risk of exposure?

2.3. The team will consider the risk to others in the workplace, whether or not the individual is healthy enough to continue to attend school, and what precautions should be taken to ensure the safety and health of others.

a. The identity of infected students will remain confidential and restricted to those who need to know or are required to be informed.

2.4. Decisions on attendance at school are dependent on the circumstances of each individual case. Regular evaluation of the appropriateness of attendance will be conducted.

2.5. The Board will be notified immediately when the team considers the health condition of a student to be a danger to the immediate health and welfare of a school, its students or employees of the Board.

a. Upon being notified of the team's concern, the Board will refer the matter to the Medical Health Officer in accordance with the procedures outlined in the School Act.

### 3. Employees

3.1. The Superintendent will be informed, by district staff as soon as is known, of any employee infected with an infectious blood borne disease.

3.2. Employees with an infectious blood borne disease, who are able to carry out the essential duties of their jobs in a satisfactory manner without posing a health or safety risk to themselves or others, will be entitled to continue their work.

3.3. Decisions regarding potential health or safety hazards will be made on a case-by-case basis in consultation with the employee, the personal physician and district personnel as appropriate.

3.4. The identity of infected employees will remain confidential and restricted to those who need to know or are required to be informed.

3.5. The Board will be notified immediately if the Superintendent considers the health condition of an employee to be a danger to the immediate health and welfare of a school, its students or other employees of the Board.

a. Upon being notified of the Superintendent's concern, the Board will refer the matter to the Medical Health Officer in accordance with the procedures outlined in the School Act.

### 4. Hygienic Safety Practices

4.1. All employees will follow "Universal Infection Control Precautions" by assuming that blood and other body fluids from all individuals are potentially infectious. These precautions include:

- a. Routinely using gloves when anticipating contact with blood
- b. Immediately washing hands and other skin surfaces after removal of gloves and/or contact with blood

4.2. Schools will be provided with appropriate protective equipment including disposable waterproof gloves (natural rubber latex, neoprene, nitrile, or vinyl), tongs or pliers and proper sharps containers.

4.3. Schools' medical room mattresses will be either vinyl-coated beds or cloth mattress with a protective vinyl (plastic) covering so that they can be cleaned as needed with a bleach solution.

4.4. Blankets can be cleaned as needed by forwarding them, in a clearly labeled plastic bag, to the Assistant Supervisor Operations at the Facilities Office.

## 5. Universal Precautions

5.1. Universal Precautions to prevent transmission of blood-borne disease will be followed. Universal Precautions is the term for infection control measures endorsed by the Canadian Centre for Occupational Health and Safety for workers who might come into contact with blood and other body fluids. In summary they include:

- a. Wash hands for 30 seconds after contact with blood and other body fluids contaminated with blood.
- b. Wear disposable latex gloves when you encounter blood, body fluids, or when cleaning cuts, scrapes or wounds. Wash your hands as soon as you remove your gloves. Dispose gloves in a plastic bag.
- c. Use disposable absorbent material like paper towels to stop bleeding.
- d. Discard bloodstained material in a sealed plastic bag and deposit in the garbage. Label as containing blood-tainted material.
- e. Cover cuts or scrapes with a bandage until healed.
- f. Immediately protect staff and students from coming in contact with blood-soiled surfaces. The area must be disinfected with a fresh solution of one part bleach and nine-parts water (10% bleach solution).

Mops or brushes used for cleaning should be soaked in a bleach solution for 20 minutes.

(Note: The custodial department will provide each school with the product for dissolving in water to provide the bleach solution.)

## 6. Identification of Risks of Occupational Exposure

6.1. In accordance with the Occupational Health and Safety Regulations (section 6.35), the district's Health & Safety Coordinator will develop and maintain a list of positions and/or tasks and procedures where there is a potential for occupational exposure to a blood borne pathogen.

6.2. Employees who have, or may have, occupational exposure to the hepatitis B virus, will upon request, receive a hepatitis B vaccination (section 6.39, OH&S Regs).

6.3. Employees who may have been exposed to a blood borne pathogen in an exposure incident will be advised to immediately seek medical attention

Blood Borne Pathogen Incident Reporting Form and Exposure Control Plan .....68

Blood Borne Pathogens - Safety Practices .....69

## Comprehensive School Safety Plan Purpose

Effective January 1, 2019, Assembly Bill 1747 (Rodriguez), School Safety Plans, became law. This bill requires that during the writing and development of the comprehensive school safety plan (CSSP), the school site council or safety committee consult with a fire department and other first responder entities in addition to currently required entities. It requires the CSSP and any updates made to the plan to be shared with the law enforcement agency, the fire department, and the other first responder entities.

The California Education Code (sections 32280-32288) outlines the requirements of all schools operating any kindergarten and any grades 1 to 12, inclusive, to write and develop a school safety plan relevant to the needs and resources of that particular school.

In 2004, the Legislature and Governor recast and renumbered the Comprehensive School Safety Plan provisions in SB 719 and AB 115. It is the intent of the Legislature in enacting the provisions to support California public schools as they develop their mandated comprehensive safety plans that are the result of a systematic planning process, that include strategies aimed at the prevention of, and education about, potential incidents involving crime and violence on school campuses.

The historical requirement of the Comprehensive School Safety Plan was presented in Senate Bill 187, which was approved by the Governor and chaptered in 1997. This legislation contained a sunset clause that stated that this legislation would remain in effect only until January 1, 2000. Senate Bill 334 was approved and chaptered in 1999 and perpetuated this legislation under the requirement of the initial legislation.

Comprehensive School Safety Plans are required under SB 719 & AB 115 and contains the following elements:

Assessment of school crime committed on school campuses and at school-related functions

- Child abuse reporting procedures
- Disaster procedures
- Suspension and expulsion policies
- Procedures to notify teachers of dangerous pupils
- Discrimination and harassment policies
- School wide dress code policies
- Procedures for safe ingress and egress
- Policies enacted to maintain a safe and orderly environment
- Rules and procedures on school discipline
- Hate crime reporting procedures

The Comprehensive School Safety Plan will be reviewed and updated by March 1st every year. In July of every year, the school will report on the status of its school safety plan including a description of its key elements in the annual school accountability report card.

A copy of the Comprehensive School Safety Plan is available for review at Orangewood High School and eAcademy.

## Safety Plan Vision

Orangewood Continuation High School and eAcademy will:

- provide a safe, orderly, and secure environment conducive to learning.
- create a school in which pupils will attend regularly and be safe from both physical and social-psychological harm.
- work collaboratively with the district office and school board to identify, establish and use strategies and programs to comply with school safety laws.
- develop a plan to work cooperatively and collaboratively with caregivers, pupils, teachers, administrators, counselors, and community agencies, including law enforcement, to provide a safe and orderly school community.
- work collaboratively with other elementary, middle, and high schools to assist in a smooth transition from one school level to another.
- solicit the participation, views, and advice of teachers, caregivers, school administrators, and community members and use this information to promote the safety of our pupils, staff, and community.
- utilize the district adopted tiered support plan for emergencies.

## Components of the Comprehensive School Safety Plan (EC 32281)

### Orangewood High School and eAcademy Safety Committee

#### Assessment of School Safety

Orangewood High School and eAcademy administration and safety officers work collaboratively with the Redlands Police Department and local county law enforcement agencies to problem solve, investigate school safety issues and report findings to child protective services, as needed. OHS/eAcademy does not have a dedicated school resource officer. The SROs from the comprehensive high schools are available for all inquiries, questions, and investigative purposes. All staff members are regularly trained in safety measures and the reporting of issues to administration and law enforcement.

#### Strategies and Programs to Provide and Maintain a High Level of Safety (EC 32281(a)1, items A-J)

Ensuring a high level of safety on a high school campus is paramount to fostering a conducive learning environment. To achieve this, a multifaceted approach comprising various strategies and programs is essential. First and foremost, the school conducts comprehensive risk assessments to identify potential hazards and vulnerabilities on campus. These assessments inform the development of emergency response plans that are regularly reviewed and practiced. Additionally, safety education and training initiatives are integral, with students and staff receiving training on topics ranging from fire drills and first aid to anti-bullying and mental health support. The campus is equipped with security technology, including surveillance cameras, to monitor and control access. A strong emphasis is placed on fostering a culture of safety through awareness campaigns, encouraging students and staff to actively participate in maintaining a safe environment. Finally, the school maintains collaborative partnerships with local law enforcement and emergency services to ensure a swift and coordinated response to any potential threats or emergencies, reinforcing the commitment to a high level of safety on the high school campus.

**(A) Child Abuse Reporting Procedures (EC 35294.2 [a] [2]; PC 11166)**

#### Policy 5141.4: Child Abuse Prevention and Reporting

The Governing Board recognizes that the district has a responsibility to facilitate the prompt reporting of incidents of child abuse and neglect. The Superintendent or designee shall ensure that parents/guardians have access to procedures whereby they can report suspected child abuse at a school site to appropriate child protective agencies

The Superintendent or designee shall develop and implement regulations for use by employees in identifying and reporting child abuse

District employees shall report known or suspected incidents of child abuse in accordance with district regulations and state law. Employees shall cooperate with the child protective agencies responsible for reporting, investigating and prosecuting cases of child abuse.

(cf. 4112.9 - Signed Statements/Child Abuse Reporting Statements)

The Superintendent or designee shall provide training in child abuse identification and reporting for all certificated and classified personnel. (Penal Code 11165.7)

All employees trained in child abuse identification and reporting shall be given, as a part of that training, written notice of the child abuse reporting requirements and the employees' confidentiality rights. (Penal Code 11165.7)

In order to reduce or eliminate unfounded child abuse accusations directed at school employees, child abuse in service training shall include guidance in disciplining students and maintaining ethical relationships with them.

(cf. 3514 - Safety)

(cf. 5142 - Safety)

#### Duty to Report

Certificated employees and classified employees trained in child abuse identification and reporting shall report known or suspected child abuse to a child protective agency by telephone immediately or as soon as practically possible and in writing within 36 hours. The reporting duties are individual and cannot be delegated to another individual except under circumstances set forth in Penal Code 11166.

#### Definitions

Child Abuse includes the following:

1. A physical injury inflicted by other than accidental means on a child by another person.
2. Willful cruelty or unjustifiable punishment of a child, or willfully inflicting unjustifiable physical pain or mental suffering, or failure to safeguard a child from these injuries when the child is under a person's care or custody
3. Sexual abuse of a child
4. Neglect of a child or abuse in out-of-home care
5. Unlawful corporal punishment or injury resulting in a traumatic condition

Mandated Reporters are those people defined by law as child care custodians, health practitioners, child visitation monitors and employees of a child protective agency. Mandated reporters include virtually all school employees. The following school personnel are required to report:

Teachers, administrators, supervisors of child welfare and attendance, certificated student personnel employees, employees of care institutions, Headstart teachers, school psychologists, licensed nurses, counselors, presenters of child abuse prevention programs and those instructional aides or other classified employees trained in child abuse reporting.

Child Protective Agencies are those law enforcement and child protective services responsible for investigating child abuse reports, including the local police or sheriff department, county welfare or juvenile probation department and child protective services.

Reasonable Suspicion means that it is objectively reasonable for a person to entertain such a suspicion, based upon facts that could cause a reasonable person in a like position, drawing when appropriate on his/her training and experience, to suspect child abuse. (Penal Code 11166)

#### Reporting Procedures

To report known or suspects child abuse, any employee (as defined above) shall report by telephone to the local child protective agency immediately. (Child Protective Services 921 County Center, 3 Court, Modesto, CA phone # 525- 6641)

The following information shall be given:

1. The name of the person making the report
2. The name of the child
3. The present location of the child
4. The nature and extent of any injury

Any other information requested by the child protective agency, including the information that led the mandated reporter to suspect child abuse.

When the verbal report is made, the mandated reporter shall note the name of the official contacted, the date and time contacted, and any instructions or advice received.

Within 36 hours of making the telephone report, the mandated reporter shall complete and mail to the local child protective agency a written report which includes a completed Department of Justice form (DOJ SS 8572).

Mandated reports may obtain copies of the above form either from the district or local child protective agency.

Instructions are included on the form, and reporters may ask the site administrator for help in completing and mailing it; however, the mandated reporter is personally responsible for ensuring that the written report is correctly filed.

Employees reporting child abuse to a child protective agency are encouraged, but not required, to notify the site administrator or designee as soon as possible after the initial verbal report by telephone. When so notified, the site administrator shall inform the Superintendent or designee.

Administrators so notified shall provide the mandated reporter any assistance necessary to ensure that reporting procedures are carried out in accordance with law and district regulations. At the mandated reporter's request, the principal may assist in completing and filing the form.

If the mandated reporter does not disclose his/her identity to a district administrator, he/she shall at least provide or mail a copy of the written report to the site administrator and the district without his/her signature or name.

#### Legal Responsibility and Liability

Mandated reporters have absolute immunity. School employees required to report are not civilly or criminally liable for filing a required or authorized report of known or suspected child abuse.

A mandated reporter who fails to report an instance of child abuse, which he/she knows to exist or reasonably should know to exist, is guilty of a misdemeanor and is punishable by confinement in jail for a term not to exceed six months or by a fine of not more than \$1,000 or both. The mandated reporter may also be held civilly liable for damages for any injury to the child after a failure to report

When two or more persons who are required to report have joint knowledge of suspected instance of child abuse, and when they so agree, the telephone report may be made by either of them and a single report made and signed by that person.

However, if any person who knows or should know that the person designated failed to make the report, that person then has a duty to make the report.

The duty to report child abuse is an individual duty and no supervisor or administrator may impede or inhibit such reporting duties. Furthermore, no person making such a report shall be subject to any sanction.

#### Victim Interview

Upon request, a child protective agency representative may upon request interview a suspected victim of child abuse during school hours, on school premises, concerning a report of suspected child abuse that occurred within the child's home. The child shall be given the choice of being interviewed in private or in the presence of any adult school employee or volunteer aide selected by the child. (Penal Code 11174.3)

A staff member or volunteer aide selected by a child may decline to be present at the interview. If the selected person accepts, the principal or designee shall inform him/her, before the interview takes place, of the following legal requirements:

1. The purpose of the selected person's presence at the interview is to lend support to the child and enable him/her to be as comfortable as possible.
2. The selected person shall not participate in the interview.
3. The selected person shall not discuss the facts or circumstances of the case with the child.
4. The selected person is subject to the confidentiality requirements of the Child Abuse and Reporting Act, a violation of which is punishable as specified by Penal Code 11167.5.
5. If a staff member agrees to be present, the interview shall be held at a time during school hours when it does not involve an expense to the school. (Penal Code 11174.3)

#### Release of Child to Peace Officer or Child Protective Services Agent

When a child is released to a peace officer or child protective agency and taken into custody as a victim of suspected child abuse, the Superintendent and/or principal shall not notify the parent/guardian as required in other instances of removal of a child from school, but rather shall provide the protective agency with the address and telephone number of the child's parent/guardian. It is the responsibility of the peace officer or agent to notify the parent/guardian of the situation. (Education Code 48906)

Peace officer and child protective services agents will be asked to sign an appropriate release or acceptance of responsibility form.

(cf. 5145.11 - Questioning and Apprehension)

#### When School Employees are Accused of Child Abuse

Regardless of who child abusers may be, the major responsibilities of mandated reports are to 1) identify incidents of suspected child abuse, and 2) comply with laws requiring the reporting of suspected abuse to proper authorities. Determining whether or not the suspected abuse actually occurred is not the responsibility of the school employee. Such determination and follow-up investigation will be made by a child protective agency.

Pending outcome of an investigation by a child protective agency and before formal charges are filed, the employee may be subject to reassignment or a paid leave of absence.

Upon filing formal charges or upon conviction, the district may take disciplinary action in accordance with law, district policies, regulations and/or collective bargaining agreements. The Superintendent or designee shall seek legal counsel in connection with either the suspension or dismissal of the employee.

(cf. 4117.4 - Dismissal)  
(cf. 4118 - Suspension/Disciplinary Action (Certificated))  
(cf. 4218 - Suspension/Disciplinary Action (Classified))

## **(B) Disaster Procedures (EC 35295-35297; GC 8607 and 3100)**

### **Disaster Plan (See Appendix C-F)**

Each classroom, office, library and room on campus has a posting of the emergency procedures near the exit door. Emergency procedures are also posted in each classroom disaster bag which is reviewed at the beginning of the school year for updates. Fire Drills are practiced regularly during the school year. Earthquake drills are practiced two times a year and Lock Down drills are practiced yearly. Additionally, safe and secure, lockdown and critical incident procedures are specifically outlined district wide. All information is shared with staff and community members.

### **Public Agency Use of School Buildings for Emergency Shelters**

OHS/eAcademy are designated as a shelter location during a natural disaster. The site will be used to house community members or those that are in need of shelter. PE and CNS facilities may be used for housekeeping, food storage and sleeping. The District Office works with the Red Cross and the City of Redlands for all notifications and accommodations.

## **(C) School Suspension, Expulsion and Mandatory Expulsion Guidelines**

Policy 5144.1: Suspension And Expulsion/Due Process

### **Suspension and Expulsion**

The Governing Board recognizes that maintaining an environment which promotes learning and protects the health, safety, and welfare of all students may require the suspension or expulsion of a student from regular classroom instruction. District policies and school site rules shall clearly identify district behavior standards

(cf. 5144 - Discipline)

Except in cases where suspension for a first time offense is warranted in accordance with law, suspension shall be imposed only when other means of correction fail to bring about proper conduct. (Education Code 48900.5)

Expulsion is an action taken by the Board for severe or prolonged breaches of discipline by a student. Except for single acts of a grave nature, expulsion is usually used only when there is a history of misconduct, when other forms of discipline, including suspension, have failed to bring about proper conduct, or when the student's presence causes a continuing danger to other students. (Education Code 48915)

The grounds for suspension and expulsion and the procedures for considering, recommending and/or implementing suspension and expulsion shall be specified in Administrative Regulation.

Each principal shall annually inform all students and parents/guardians of the school's discipline rules and procedures and of the availability of all district policies and regulations dealing with student discipline, suspension and expulsion. (Education Code 35291, 35291.5)

(cf. 5145.6 - Parental Notifications)

Suspended or expelled students shall be excluded from all school-related extracurricular activities during the suspension or expulsion.

cf. 6145 - Extracurricular and Cocurricular Activities)

### **Zero Tolerance**

The Board supports a zero tolerance approach to serious offenses in accordance with state and federal law. This approach makes the removal of potentially dangerous students from the classroom a top priority and ensures the standardized treatment of all students. Staff shall immediately report to the Superintendent/ designee any incidence of offenses specified in law, Board policy, and administrative regulation as cause for suspension or expulsion.

### **Student Due Process**

The Board shall provide for the fair treatment of students facing suspension and expulsion by affording them their due process rights under the law. The administration and staff shall comply with procedures for notices and appeals as specified in regulation. Procedures governing student due process shall conform in all aspects to provisions in law. (Education Codes 48911, 48915 and 48915.5)

Whenever a student is suspended, school officials may (but are not required to) meet with the parent/guardian to discuss the causes and duration of the suspension, the school policy involved, and any other pertinent matters. (Education Code 48914)

cf. 5119 - Students Expelled from Other Districts

(cf. 5144.2 - Suspension and Expulsion/Due Process - Individuals with Exceptional Needs)

#### Rights of Complaining Witness

An expulsion hearing involving allegations of sexual assault or sexual battery may be postponed for one school day in order to accommodate the special physical, mental or emotional needs of a student who is the complaining witness. (Education Code 48918.5)

Whenever the Superintendent or designee recommends an expulsion hearing that addresses allegations of sexual assault or sexual battery, he/she shall give the complaining witness a copy of the district's suspension and expulsion policy and regulation and shall advise the witness of his/her right to: (Educational Code 48918.5)

1. Receive five days' notice of his/her scheduled testimony at the hearing
2. Have up to two adult support persons of his/her choosing present in the hearing at the time he/she testifies
3. Have a closed hearing during the time he/she testifies

Whenever any allegation of sexual assault or sexual battery is made, the Superintendent or designee shall immediately advise complaining witnesses and accused students to refrain from personal or telephone contact with each other during the time when an expulsion process is pending. (Education Code 48918.5)

#### On-Campus Suspension Program

The Board recognizes that students who are suspended from school frequently have no supervision or guidance during the school hours when they are off campus. The Board believes that in many cases, instead of sending the student off campus, it would be better to address the student's misconduct by keeping the student at school and providing him/her with supervision that is separated from the regular classroom.

The Superintendent or designee shall examine alternatives to off-campus suspension and may establish a suspension program which involves progressive discipline during the school day on campus; using conferences between staff, parents/guardians and students; detention; student study teams or other assessment-related teams; and/or referral to school support services staff.

#### Required Parental Attendance

The Board believes that parental involvement plays an important role in the resolution of classroom behavior problems. The Board expects that teachers will communicate with parents/guardians when behavior problems arise

Whenever a student is suspended from a class because he/she committed an obscene act, engaged in habitual profanity or vulgarity, disrupted school activities or otherwise willfully defied valid staff authority, the teacher of the class from which the student was suspended may require the student's parent/guardian to attend a portion of a school day in that class. After completing the classroom visit and before leaving school premises, the parent/guardian also shall meet with the principal or designee. (Education Code 48900.1)

The Board encourages teachers, before requiring parental attendance, to make reasonable efforts to have the parent/guardian visit the class voluntarily. The teacher also may consider informing the parent/guardian about available resources which may provide help in the development of parenting skills. Teachers should reserve the option of required parental attendance for cases in which they have determined that it is the best strategy to promote positive interaction between the student and the parent/guardian and to improve classroom behavior.

Parental attendance may be required on the day the student returns to class or within one week thereafter. The principal or designee shall contact any parents/guardians who do not respond to the request to attend school. The Board recognizes that parental compliance with this policy may be delayed, modified or prevented by serious illness/injury/disability, absence from town, or inability to get certain release time from work.

The teacher shall apply this policy uniformly to all students within the classroom. This policy shall apply only to a parent/guardian who actually lives with the student. (Education Code 48900.1)

District regulations and school-site rules for student discipline shall include procedures for implementing parental attendance requirements.

Parents/guardians shall be notified of this policy before it is implemented and at the beginning of each subsequent school year. (Education Code 48900.1, 35291, 48980)

#### Decision Not to Enforce Expulsion Order

In cases where expulsion is mandatory pursuant to Education Code 48915(c), the enforcement of an expulsion order shall not be suspended by the Board. In all other cases of expulsion, the order for expulsion may be suspended by the Board, on a case-by-case basis, pursuant to the requirements of law.

#### Suspension from Class by a Teacher/Parental Attendance

A teacher may suspend any student from the teacher's class for any of the acts listed under "Grounds for Suspension and Expulsion" above for the day of the suspension and the day following. (Education Code 48910)

Suspension from class means the removal of a student from class by a teacher for the day of the suspension and the next day. A teacher may suspend a student from class and may also refer a student for consideration of suspension from school for any act listed in "Grounds for Suspension and Expulsion" above. (Education Code 48910)

When suspending a student from his/her class, the teacher shall immediately report this action to the principal and send the student to the principal for appropriate action. The student shall be appropriately supervised during the class periods from which he/she has been suspended.

As soon as possible, the teacher shall ask the student's parent/guardian to attend a parent-teacher conference regarding the suspension. A counselor or psychologist should attend the conference if it is practicable, and a school administrator may attend if either the parent/guardian or teacher so request.

A suspended student shall not be returned to class during the period of suspension without the approval of the teacher of the class and the principal. (Education Code 48910)

A student suspended from class shall not be placed in another regular class during the period of suspension. However, if a student is assigned to more than one class per day, he/she may be placed in any other regular classes except those held at the same time as the class from which the student was suspended. (Education Code 48910)

The teacher of any class from which a student is suspended may require the suspended student to complete any assignments and tests missed during the suspension. (Education Code 48913)

When a teacher requires a parent/guardian to attend school in accordance with Board Policy, the principal shall send the parent/guardian a written notice that the parent/guardian's attendance is required pursuant to law. (Education Code 48900.1)

1. This notice shall also tell the parent/guardian when his/her presence is expected and by what means he/she may arrange any necessary change.
2. The notice shall describe the protections afforded to the parent/guardian as an employee by Labor Code 230.7.
3. The notice shall state that if the parent/guardian does not have a means of transportation to school, he/she may ride the school bus with the student.

The teacher shall remind the parent/guardian to meet with the principal or designee after completing the classroom visit and before leaving school premises.

#### Suspension By Superintendent, Principal Or Principal's Designee

A Superintendent, principal, or principal's designee may suspend a student from a school for any of the acts listed under "Grounds for Suspension and Expulsion" above for not more than five consecutive school days unless the suspension is extended pending expulsion. (Education Code 48911)

The Superintendent or designee shall immediately suspend any student found at school or at a school activity to be: (Education Code 48915)

1. Possessing, as verified by a district employee, or selling or otherwise furnishing a firearm, unless the student had obtained prior written permission to possess the item from a certificated school employee, with the principal or designee's concurrence.
2. Brandishing a knife, as defined in Education Code 48915(g), at another person.
3. Unlawfully selling a controlled substance listed in Health and Safety Code 11053-11058.
4. Committing or attempting to commit a sexual assault or committing a sexual battery as defined in item 414 under "Grounds for Suspension and Expulsion" above.
5. Possession of an explosive as defined in 18 USC 921.

Suspension may be imposed upon a first offense if the Superintendent, principal or designee determines the student violated items (i) - (v) listed in "Grounds For Suspension and Expulsion" above or if the student's presence causes a danger to persons or property or threatens to disrupt the instructional process. (Education Code 48900.5)

A student may be suspended from school for not more than 20 school days in any school year, unless for purposes of adjustment a student enrolls in or is transferred to another regular school, an opportunity school, or continuation school or class, in which case suspension shall not exceed 30 days in any school year. However, this restriction on the number of days of suspension does not apply when the suspension is extended pending an expulsion. (Education Code 48903 and 48912)

#### Suspension Procedures

1. Informal Conference: Suspension shall be preceded by an informal conference conducted by the principal or designee or the Superintendent or designee between the student, and whenever practicable, the teacher, supervisor or school employee who referred the student to the principal. At the conference, the student shall be informed of the reason for the disciplinary action and the evidence against him/her and shall be given the opportunity to present his/her version and evidence in support of his/her defense. (Education Code 48911(b))

This conference may be omitted if the principal, designee or the Superintendent or designee determines that an emergency situation exists. An "emergency situation" involves a clear and present danger to the lives, safety or health of students or school personnel. If the pre-suspension conference is not held, both the parent/guardian and student shall be notified of the student's right to return to school for the purpose of a conference. The conference shall be held within two school days, unless the student waives his/her right to it or is physically unable to attend for any reason. In such case, the conference will be held as soon as the student is physically able to return to school. (Education Code 48911(c))

2. Administrative Actions: All requests for student suspension are to be processed by the principal or designee of the school in which the student is enrolled at the time of the misbehavior

A school employee shall report the suspension, including the name of the student and the cause for the suspension, to the Superintendent or designee, who in turn will inform the Board.

3. Notice to Parents/Guardians: At the time of the suspension, a school employee shall make a reasonable effort to contact the parent/guardian by telephone or in person. Whenever a student is suspended, the parent/guardian shall be notified in writing of the suspension. (Education Code 48911)

This notice shall state the specific offense committed by the student. (Education Code 48900.8)

In addition, the notice may also state the date and time when the student may return to school.

Should school officials wish to ask the parent/guardian to confer regarding matters pertinent to the suspension, the notice may also add that state law requires the parent/guardian to respond to such request without delay.

4. Parent/Guardian Conference: Whenever a student is suspended, school officials may meet with the parent/guardian to discuss the causes and duration of the suspension, the school policy involved, and any other pertinent matters. (Education Code 48914)

While the parent/guardian is required to respond without delay to a request for a conference about a student's behavior, no penalties may be imposed on the student for the failure of the parent/guardian to attend such conference. The student may not be denied readmission solely because the parent/guardian failed to attend. (Education Code 48911)

5. Extension of Suspension: If the expulsion of a suspended student is being considered by the Board, the Superintendent or designee may, in writing, extend the suspension until such time as the Board has made a decision. (Education Code 48911(g))

Any extension of the original period of suspension shall be preceded by notice of such extension with an offer to hold a conference concerning the extension, giving the student an opportunity to be heard. This conference may be held in conjunction with a meeting requested by the student or parent/guardian to challenge the original suspension. Extension of the suspension may be made only if the Superintendent or designee determines, following a meeting in which the student and the student's parent/guardian were invited to participate, that the student's presence at the school or at an alternative school would endanger persons or property or threaten to disrupt the instructional process. (Education Code 48911(g))

#### Suspension by the Board

The Board may suspend a student for any of the acts listed in "Grounds for Suspension and Expulsion" above and within the limits specified in "Suspension by Superintendent, Principal or Principal's Designee" above. (Education Code 48912)

The Board may suspend a student enrolled in a continuation school or class for a period not longer than the remainder of the semester if any of the acts listed in "Grounds for Suspension and Expulsion" occurred. The suspension shall meet the requirements of Education Code 48915. (Education Code 48912.5)

When the Board is considering a suspension, disciplinary action, or any other action (except expulsion) against any student, it may hold closed sessions if a public hearing would lead to disclosure of information which would violate a student's right to privacy under Education Code 49073-49079.

(cf. 9321 -Closed Session Purposes and Agendas)

The Board shall provide the student with written notice of the closed session by registered or certified mail. Upon receiving this notice the student may request a public meeting, and this request shall be granted if made in writing (within 48 hours after receipt of the Board's notice). However, any discussion that conflicts with any other student's right to privacy shall be in closed session. (Education Codes 48912)

#### Authority to Expel

A student may be expelled only by the Board. The Board shall expel, as required by law, any student found to have committed certain offenses listed below under "Mandatory Recommendation and Mandatory Expulsion."

The Board may also order a student expelled for any of the acts listed above under "Grounds for Suspension and Expulsion" upon recommendation by the principal, Superintendent, hearing officer or administrative panel, based on finding either or both of the following: (Education Code 48915(b) and (e))

1. That other means of correction are not feasible
2. That due to the nature of the violation, the presence of the student causes a continuing danger to the physical safety of the student or others

#### Mandatory Recommendation For Expulsion

The principal, Superintendent or designee shall recommend a student's expulsion for any of the following acts, unless the principal or Superintendent or designee finds, and reports in writing to the Board, that expulsion is inappropriate due to particular circumstances which shall be set out in the report of the incident:

1. Causing serious physical injury to another person, except in self-defense.
2. Possession of any knife as defined in Education Code 48915(g), explosive or other dangerous object of no reasonable use to the student.
3. Unlawful possession of any controlled substance, as listed in Health and Safety Code 11053-11058, except for the first offense for the possession of not more than one ounce of marijuana, other than concentrated cannabis.
4. Robbery or extortion.
5. Assault or battery, as defined in Penal Code 240 and 242, upon any school employee.

#### Mandatory Recommendation And Mandatory Expulsion

The principal, Superintendent or designee shall recommend that the Board expel any student found at school or at a school activity off school grounds to be: (Education Code 48915(c))

1. Possessing, as verified by a district employee, or selling or otherwise furnishing a firearm, unless the student had obtained prior written permission to possess the item from a certificated school employee, with the principal or designee's concurrence. (Education Code 48915(c).1)
2. Brandishing a knife as defined in Education Code 48915(g) at another person. (Education Code 48915(c).2)
3. Unlawfully selling a controlled substance listed in Health and Safety Code 11053-11058. (Education Code 48915(c).3)

5. Possessing an explosive as defined in 18 USC 921.

Upon finding that the student committed any of the above acts, the Board shall expel the student. (Education Code 48915)

#### Student's Right to Expulsion Hearing

The student is entitled to a hearing to determine whether the student should be expelled. The hearing shall be held within 30 school days after the principal or Superintendent or designee determines that one of the acts listed under "Grounds for Suspension and Expulsion" has occurred. (Education Code 48918(a))

The student is entitled to one postponement of an expulsion hearing for a period of not more than 30 calendar days. The request for postponement shall be in writing. Any subsequent postponement may be granted at the district's discretion. (Education Code 48918(a))

If the district finds it impracticable to comply with these time requirements for conducting an expulsion hearing, the Superintendent or designee may, for good cause, extend the time period by an additional five school days. Reasons for the extension shall be included as a part of the record when the expulsion hearing is held. (Education Code 48918(a))

Once the hearing starts, all matters shall be pursued with reasonable diligence and concluded without unnecessary delay. (Education Code 48918(a))

#### Rights of Complaining Witness

An expulsion hearing involving allegations of sexual assault or sexual battery may be postponed for one school day in order to accommodate the special physical, mental or emotional needs of a student who is the complaining witness. (Education Code 48915.5)

Whenever the Superintendent or designee recommends an expulsion hearing that addresses allegations of sexual assault or sexual battery, he/she shall give the complaining witness a copy of the district's suspension and expulsion policy and regulation and shall advise the witness of his/her right to: (Education Code 48915.5)

1. Receive five days' notice of his/her scheduled testimony at the hearing.
2. Have up to two adult support persons of his/her choosing present in the hearing at the time he/she testifies.

(Education Code 48915.5)

#### Written Notice of the Expulsion Hearing

Written notice of the hearing shall be forwarded to the student and the student's parent/guardian at least ten calendar days before the date of the hearing. The notice shall include: (Education Code 48900.8, 48918(b))

#### Conduct of Expulsion Hearing

1. Closed Session: Notwithstanding the provisions of Government Code 54953 and Education Code 35145, the Board shall conduct the hearing or arrange for an alternative hearing to consider the expulsion of the student in a session closed to the public unless the student requests in writing at least five days prior to the hearing that the hearing be a public meeting. If such request is made, the meeting shall be public

Whether the expulsion hearing is held in closed or public session, the Board may meet in closed session to deliberate and determine if the student should be expelled. If the Board admits any other person to the closed session, the parent/guardian, the student, counsel of the student and counsel of the parent/guardian shall also be allowed to attend the closed session. (Education Code 48918(c))

If a hearing that involves a charge of sexual assault or sexual battery is to be conducted in public, a complaining witness shall have the right to have his/her testimony heard in closed session when testifying in public would threaten serious psychological harm to the witness and when there are no alternative procedures to avoid the threatened harm, including but not limited to videotaped deposition or contemporaneous examination in another place communicated to the hearing room by closed-circuit television. (Education Code 48918(c))

2. Record of Hearing: A record of the hearing shall be made and may be maintained by any means, including electronic recording, so long as a reasonably accurate written and complete transcription of the proceedings can be made. (Education Code 48918(g))

3. Presentation of Evidence: While technical rules of evidence do not apply to such hearings, evidence may be admitted and used as proof only if it is the kind of evidence on which reasonable persons can rely in the conduct of serious affairs. The decision of the Board to expel must be supported by substantial evidence that the student committed any of the above acts listed under "Grounds for Suspension and Expulsion" above. Findings of fact shall be based solely on the evidence at the hearing.

While no evidence shall be based solely on hearsay, sworn declarations may be admitted as testimony from witnesses whose disclosure of their identity or testimony at the hearing may subject them to an unreasonable risk of physical or psychological harm. (Education Code 48918 (f) and

In cases where a search of a student's person or property has occurred, evidence describing the reasonableness of the search shall be included in the hearing record.

4. Testimony by Complaining Witness: The following procedures shall be observed when hearings involve allegations of sexual assault or sexual battery by a student: (Education Code 48918)

- a. Any complaining witness shall be given five days' notice before being called to testify.
- b. Any complaining witness shall be entitled to have up to two adult support persons, including but not limited to a parent/guardian or legal counsel, present during his/her testimony.
- c. Before a complaining witness testifies, support persons shall be admonished that the hearing is confidential.
- d. The person presiding over the hearing may remove a support person whom he/she finds is disrupting the hearing.
- e. If one or both support persons are also witnesses, the hearing shall be conducted according to Penal Code 868.5.
- f. Evidence of specific instances of prior sexual conduct of a complaining witness shall be presumed inadmissible and shall not be heard unless the person conducting the hearing determines that extraordinary circumstances require the evidence to be heard.

Before such a determination is made, the complaining witness shall be given notice and an opportunity to oppose the introduction of this evidence. In the hearing on the admissibility of this evidence, the complaining witness shall be entitled to be represented by a parent/guardian, legal counsel or other support person. Reputation or opinion evidence regarding the sexual behavior of a complaining witness shall not be admissible for any purpose.

g. In order to facilitate a free and accurate statement of the experiences of the complaining witness and to prevent discouragement of complaints, the district shall provide a nonthreatening environment.

(1) The district shall provide a room separate from the hearing room for the use of the complaining witness before and during breaks in testimony.

(2) At the discretion of the person conducting the hearing, the complaining witness shall be allowed reasonable periods of relief from examination and cross-examination during which he/she may leave the hearing room.

(3) The person conducting the hearing may:

(a) Arrange the seating within the hearing room so as to facilitate a less intimidating environment for the complaining witness.

(b) Limit the time for taking the testimony of a complaining witness to the hours he/she is normally in school, if there is no good cause to take the testimony during other hours.

(c) Permit one of the support persons to accompany the complaining witness to the witness stand.

6. Decision Within Ten Days: The Board's decision on whether to expel a student shall be made within ten school days after the conclusion of the hearing, unless the student requests in writing that the decision be postponed. (Education Code 48918(a))

7. Decision Within 40 Days: If the Board does not meet on a weekly basis, its decision on whether to expel a student shall be made within 40 school days after the student is removed from his/her school of attendance, unless the student requests in writing that the decision be postponed. (Education Code 48918(a))

#### Alternative Hearing: Hearing Officer or Administrative Panel

Instead of conducting an expulsion hearing itself, the Board may contract with the county hearing officer or with the Office of Administrative Hearings of the State of California for a hearing officer. Alternatively, the Board may appoint an impartial administrative panel composed of three or more certificated personnel, none of whom shall be members of the Board or on the staff of the school in which the student is enrolled. (Education Code 48918(d))

A hearing conducted by the hearing officer or administrative panel shall conform to the same procedures as apply to a hearing conducted by the Board as specified in "Conduct of Expulsion Hearing" above.

The hearing officer or administrative panel shall, within three school days after the hearing, determine whether to recommend expulsion of the student to the Board. If expulsion is not recommended, the student shall be immediately reinstated. (See "Reinstatement" below.) The Superintendent or designee shall place the student in a classroom instructional program, any other instructional program, a rehabilitation program, or any combination of these programs after consulting with district staff, including the student's teachers and with the student's parent/guardian. (Education Code 48918(e))

If expulsion is recommended, findings of fact in support of the recommendation shall be prepared and submitted to the Board. All findings of fact and recommendations shall be based solely on the evidence presented at the hearing. The Board may accept the recommendation based either upon a review of the findings of fact and recommendations submitted or upon the results of any supplementary hearing the Board may order. (Education Code 48918(f))

The hearing officer or administrative panel may recommend that the Board suspend the expulsion for a period of one year. (See "Suspension of Expulsion" below.)

The Board shall make its decision about the student's expulsion within 40 school days after the date of the student's removal from school unless the student requests in writing that the decision be postponed. (Education Code 48918(a))

#### Stipulated Expulsions

It is the policy of the Redlands Unified School District that, where approved by the Superintendent or designee, parents/guardians may agree to the expulsion of their pupil by stipulation without necessity of a hearing. This process will expedite the pupil's school placement and may expedite the rehabilitation process.

A stipulated expulsion must be purely voluntary. No district administrator or staff member may coerce a pupil, parent or guardian into entering into such a stipulation. Parents/guardians will be given three calendar days to decide on a stipulated expulsion agreement.

If the parent/guardian requests a stipulated expulsion, the Superintendent or designee will promulgate the stipulated agreement. If at any time the parent/guardian decides not to pursue a stipulated agreement, the expulsion proceedings and timelines, extended by the length of the period for consideration of the stipulation, will be reinstated. The stipulated agreement will be presented to the Board for final consideration.

The stipulated agreement will include the terms and conditions of the expulsion order, including alternative placement and a rehabilitation plan to be completed before the student can be re-admitted to the district.

## Final Action by the Board

Whether the expulsion hearing is conducted in closed or public session by the Board, a hearing officer, or an administrative panel, the final action to expel must be taken by the Board at a public meeting. (Education Code 489180)) The Board shall maintain a record of each expulsion, including its cause. Expulsion records shall be non- privileged, disclosable public records.

(cf. 9321.1 - Closed Session Actions and Reports)

If the Board conducts the hearing and reaches a decision not to expel, this decision shall be final and the student shall be reinstated immediately.

Upon ordering the expulsion, the Board shall set a date when the student shall be reviewed for readmission to a school within the district. For a student expelled for an act listed under "Mandatory Recommendation and Mandatory Expulsion" above, this date shall be one year from the date the expulsion occurred, except that the Board may set an earlier date on a case-by-case basis. For a student expelled for other acts, this date shall be no later than the last day of the semester following the semester in which the expulsion occurred. (Education Code 48916)

At the time of the expulsion order, the Board shall recommend a plan for the student's rehabilitation, which may include: (Education Code 48916)

1. Periodic review as well as assessment of the student at the time of review for readmission.
2. Recommendations for improved academic performance, tutoring, special education assessments, job training, counseling, employment, community service and other rehabilitative programs.
3. Such other recommendations as the Board approves.

With parental consent, students who have been expelled for reasons relating to controlled substances or alcohol may be required to enroll in a county-sponsored drug rehabilitation program before returning to school. (Education Code 48916.5)

Upon expulsion, a copy of readmission procedures will be made available to the student and his/her parent/guardian.

## Written Notice to Expel

The Superintendent or designee shall send written notice of the decision to expel to the student or parent/guardian. The notice shall include the following:

1. The specific offense committed by the student for any of the causes for suspension or expulsion listed in Education Code 48900(a)-(o), Education Code 48900.2-48900.4 and Education Code 48915(c). (Education Code 48900.8)
2. The fact that a description of readmission procedures will be made available to the student and his/her parent/guardian. (Education Code 48916)
3. Notice of the right to appeal such expulsion to the County Board of Education. (Education Code 48918)
4. Notice of the alternative educational placement to be provided to the student during the time of expulsion. (Education Code 48918)
5. The notice also shall inform the student or parent/guardian of his/her obligation to inform any new district in which the student seeks to enroll of the student's status with the expelling district, pursuant to Education Code 48915.1. (Education Code 48918)

## Suspension of Expulsion

The Board, upon voting to expel a student, may suspend the enforcement of the expulsion order for not more than one calendar year. When deciding whether to suspend an expulsion, the Board shall take into account the following criteria:

1. The student's previous behavior.
2. The seriousness of the misconduct.
3. The student's attitude toward the misconduct and his/her willingness to follow a rehabilitation program.

The suspension of the enforcement of an expulsion shall be governed by the following: (Education Code 48917

1. The Board may, as a condition of the suspension of enforcement, assign the student to a school, class or program appropriate for the student's rehabilitation. This rehabilitation program may provide for the involvement of the student's parent/guardian in the student's education. However, a parent/guardian's refusal to participate in the rehabilitation program shall not be considered in the Board's determination as to whether the student has satisfactorily completed the rehabilitation program.
2. During the period when enforcement of the expulsion order is suspended, the student shall be on probationary status.
3. The suspension of expulsion order may be revoked by the Board if the student commits any of the acts listed under "Grounds for Suspension and Expulsion" above or violates any of the district's rules and regulations governing student conduct.
4. When suspension of expulsion order is revoked, a student may be expelled under the terms of the original expulsion order
5. Upon satisfactory completion of the rehabilitation assignment, the Board shall reinstate the student in a district school. Upon reinstatement, the Board may order the expungement of any or all records of the expulsion proceedings.
6. Suspension of an expulsion order shall not affect the time period and requirements for the filing of an appeal of the expulsion order with the County Board of Education.
7. The Superintendent or designee shall send written notice of any decision to suspend the enforcement of an expulsion order during a period of probation to the student or parent/guardian. The notice shall also inform the parent/guardian of the right to appeal the expulsion to the County Board of Education. (Education Code 48918(i))

#### Right to Appeal

The student or parent/guardian is entitled to file an appeal of the Board's decision to the County Board of Education.

The appeal must be filed within 30 days of the Board's decision to expel, even if the expulsion action is suspended and the student is placed on probation. (Education Code 48919)

#### Post-Expulsion Placements

The Board shall refer expelled students to a program of study that is: (Education Code 48915, 48915.01)

1. Appropriately prepared to accommodate students who exhibit discipline problems.
2. Not provided at a comprehensive middle, junior or senior high school or at any elementary school, unless the program is offered at a community day school established at such a site.
3. Not housed at the school site attended by the student at the time of suspension.

(cf. 6185 - Community Day School)

When the placement described above is not available, and when the County Superintendent of Schools so certifies, students expelled for acts described in items #6 through # 13 and # 17 through # 19 under "Grounds for Suspension and Expulsion" above may be instead referred to a program of study that is provided at another comprehensive middle, junior, or senior high school, or at an elementary school.

The program for a student expelled from any of grades K-6 shall not be combined or merged with programs offered to students in any of grades 7-12. (Education Code 48916.1)

#### Reinstatement

When the Board accepts a recommendation against expulsion or makes its own decision after the hearing not to expel, the decision is final and the student shall be reinstated immediately. The Superintendent or designee shall place the student in any classroom program, other instructional program, rehabilitation program, or any combination of such programs following consultation with district personnel, including the teacher involved, and with the student's parent/guardian. (Education Code 48918(e))

#### Readmission

An expulsion order shall remain in effect until the Board may order the readmission of the student.

Readmission procedures shall be as follows:

1. A written request for review of expulsion action and request for readmission shall be submitted by the parent/guardian to the Superintendent or designee.
2. The Superintendent or designee will hold a conference with the parent/guardian and the student.
3. At the conference the conditions for readmission will be reviewed. The Superintendent or designee shall verify that the rehabilitation plan has been met.
4. School regulations will be reviewed and the student and parent/guardian will be asked to indicate in writing their willingness to comply with these regulations.
5. The Superintendent or designee will transmit the request for readmission to the Board, along with his/her recommendation. The Board shall consider the request in closed session if the information would be disclosed in violation of Education Code 49073-49079. If a written request for open session is received from the parent/guardian or adult student, it will be honored.
6. The Superintendent or designee will notify the student or parent/guardian, by registered mail, of the district's decision regarding readmission.
7. The Board may deny readmission only if it finds that the student has not satisfied the conditions of the rehabilitation plan or that the student continues to pose a danger to campus safety or to other district students or employees. (Education Code 48916)
8. If the Board denies the readmission of a student, the Board shall determine either to continue the student's placement in the alternative educational program initially selected or to place the student in another program that serves expelled students, including placement in a county community school. (Education Code 48916)
9. The Board shall provide written notice to the expelled student and parent/guardian describing the reasons for denying readmittance into the regular program. This notice shall indicate the Board's determination of the educational program which the Board has chosen. The student shall enroll in that program unless the parent/guardian chooses to enroll the student in another school district. (Education Code 48916)

#### Maintenance of Records

The Board will maintain a record of each expulsion, including the specific cause of the expulsion. The expulsion record shall be maintained in the student's mandatory interim record and sent to any school in which the student subsequently enrolls, within five days of a written request by the admitting school. (Education Code 48900.8, 48918(k))

The Superintendent or designee shall, within five working days, honor any other district's request for information about an expulsion from this district. (Education Code 48915.1)

cf. 5119 - Students Expelled from Other Districts)

(cf. 5125 - Student Records)

#### Notifications and Reports

Within one school day after a student's suspension or expulsion, the principal or designee shall notify appropriate city or county law enforcement authorities, by telephone or other appropriate means, of any student acts which may violate Education Code 48900(c) or (d), relating to the possession, use, offering or sale of controlled substances, alcohol, or intoxicants of any kind.

Prior to the suspension or expulsion of any student, the principal or designee shall notify appropriate city or county law enforcement authorities of any student acts of assault which may have violated Penal Code 245. (Education Code 48902)

The principal or designee also shall notify appropriate city or county law enforcement authorities of any student acts which may involve the possession or sale of narcotics or of a controlled substance or possession of weapons or firearms in violation of Penal Code 626.9 and 626.10. (Education Code 48902)

#### Outcome Data

The Superintendent or designee shall maintain the following data and report such data annually to the California Department of Education, using forms supplied by the California Department of Education: (Education Code 48900.8, 48916.1)

1. The number of students recommended for expulsion.
2. The specific grounds for each recommended expulsion.
3. Whether the student was subsequently expelled.
4. Whether the expulsion order was suspended.
5. The type of referral made after the expulsion.
6. The disposition of the student after the end of the expulsion period.

17. Committed sexual harassment as defined in Education Code 212.5. (Education Code 48900.2)

Pursuant to Education Code 48900.2 the conduct constitutes harassment when considered from the perspective of a reasonable person of the same gender as the victim to be sufficiently severe or pervasive as to have a negative impact upon the victim's academic performance or to create an intimidating, hostile or offensive educational environment.

Alternatives to suspension or expulsion will be used with students who are truant, tardy, or otherwise absent from assigned school activities.

(cf. 5113 - Absences and Excuses)

(cf. 5113.1 - Truancy)

#### Removal from Class by a Teacher/Parental Attendance

A teacher may suspend any student from his/her class for the remainder of the day and the following day for any act listed in "Grounds for Suspension and Expulsion" above. (Education Code 48910)

A teacher also may refer a student to the principal or designee for consideration of suspension from school. (Education Code 48910)

When removing a student from his/her class, the teacher shall immediately report this action to the principal and send the student to the principal for appropriate action. The student shall be appropriately supervised during the class periods from which he/she has been removed.

As soon as possible, the teacher shall ask the student's parent/guardian to attend a parent-teacher conference regarding the removal. A counselor or psychologist should attend the conference if it is practicable, and a school administrator may attend if either the parent/guardian or teacher so requests.

A student removed from class shall not be returned to class during the period of removal without the approval of the teacher of the class and the principal. (Education Code 48910)

A student removed from class shall not be placed in another regular class during the period of removal. However, if a student is assigned to more than one class per day, he/she may be placed in any other regular classes except those held at the same time as the class from which the student was removed. (Education Code 48910)

The teacher of any class from which a student is removed may require the student to complete any assignments and tests missed during the removal. (Education Code 48913)

Pursuant to Board policy, a teacher may provide that the parent/guardian of a student whom the teacher has removed attend a portion of a school day in his/her child's classroom. When a teacher makes this request, the principal shall send the parent/guardian a written notice that the parent/guardian's attendance is requested pursuant to law. (Education Code 48900.1)

This notice shall also:

1. Inform the parent/guardian when his/her presence is expected and by what means he/she may arrange an alternate date.
2. Describe the legal protections afforded to the parent/guardian as an employee under Labor Code 230.7.
3. State that if the parent/guardian does not have a means of transportation to school, he/she may ride the school bus with the student.
4. Ask the parent/guardian to meet with the principal after the visit and before leaving school, as required by Education Code 48900.1.

#### Suspension by Superintendent, Principal or Principal's Designee

The Superintendent, principal or principal's designee may suspend a student from a school for not more than five consecutive school days unless the suspension is extended pending expulsion. (Education Code 48911)

The Superintendent or designee shall immediately suspend any student found at school or at a school activity to be: (Education Code 48915)

1. Possessing, as verified by a district employee, or selling or otherwise furnishing a firearm, unless the student had obtained prior written permission to possess the item from a certificated school employee, with the principal or designee's concurrence.
2. Brandishing a knife, as defined in Education Code 48915(g), at another person.
3. Unlawfully selling a controlled substance listed in Health and Safety Code 11053-11058.
4. Committing or attempting to commit a sexual assault or committing a sexual battery as defined in item #14 under "Grounds for Suspension and Expulsion".
5. Possession of an explosive as defined in 18 USC 921.

Suspension also may be imposed upon a first offense if the Superintendent, principal or designee determines the student violated items #1-5 listed in "Grounds for Suspension and Expulsion" above or if the student's presence causes a danger to persons or property or threatens to disrupt the instructional process. (Education Code 48900.5)

A student may be suspended from school for not more than 20 school days in any school year, unless for purposes of adjustment a student enrolls in or is transferred to another regular school, an opportunity school, or continuation school or class, in which case suspension shall not exceed 30 days in any school year. However, this restriction on the number of days of suspension does not apply when the suspension is extended pending an expulsion. (Education Code 48903, 48912)

The Superintendent or designee may count suspensions that occur while a student is enrolled in another school district toward the maximum number of days for which a student may be suspended in any school year. (Education Code 48903)

Suspensions shall be initiated according to the following procedures:

1. Informal Conference: Suspension shall be preceded by an informal conference conducted by the principal, designee or the Superintendent with the student and whenever practicable, the teacher, supervisor or school employee who referred the student to the principal. At the conference, the student shall be informed of the reason for the disciplinary action and the evidence against him/her; the student shall be given the opportunity to present his/her version and evidence in support of his/her defense. (Education Code 48911(b))

This conference may be omitted if the principal, designee or the Superintendent determines that an emergency situation exists. An "emergency situation" involves a clear and present danger to the lives, safety or health of students or school personnel. If a student is suspended without this conference, both the parent/guardian and student shall be notified of the student's right to return to school for the purpose of a conference. The conference shall be held within two school days, unless the student waives his/her right to it or is physically unable to attend for any reason. In such case, the conference will be held as soon as the student is physically able to return to school. (Education Code 48911(c))

2. Administrative Actions: All requests for student suspension are to be processed by the principal or designee of the school in which the student is enrolled at the time of the misbehavior. A school employee shall report the suspension, including the name of the student and the cause for the suspension, to the Superintendent or designee.

3. Notice to Parents/Guardians: At the time of the suspension, a school employee shall make a reasonable effort to contact the parent/guardian by telephone or in person. Whenever a student is suspended, the parent/guardian shall be notified in writing of the suspension. (Education Code 48911)

This notice shall state the specific offense committed by the student. (Education Code 48900.8).

In addition, the notice may also state the date and time when the student may return to school. If school officials wish to ask the parent/guardian to confer regarding matters pertinent to the suspension, the notice may add that state law requires the parent/guardian to respond to such requests without delay.

4. Parent/Guardian Conference: Whenever a student is suspended, school officials may meet with the parent/guardian to discuss the causes and duration of the suspension, the school policy involved, and any other pertinent matters. (Education Code 48914)

While the parent/guardian is required to respond without delay to a request for a conference about a student's behavior, no penalties may be imposed on the student for the failure of the parent/guardian to attend such conference. The student may not be denied readmission solely because the parent/guardian failed to attend. (Education Code 48911)

5. Extension of Suspension: If the Board is considering the expulsion of a suspended student from any school or the suspension of a student for the balance of the semester from continuation school, the Superintendent or designee may, in writing, extend the suspension until such time as the Board has made a decision. (Education Code 48911(g))

Any extension of the original period of suspension shall be preceded by notice of such extension with an offer to hold a conference concerning the extension, giving the student an opportunity to be heard. This conference may be held in conjunction with a meeting requested by the student or parent/guardian to challenge the original suspension. Extension of the suspension may be made only if the Superintendent or designee determines, following a meeting in which the student and the student's parent/guardian were invited to participate, that the student's presence at the school or at an alternative school would endanger persons or property or threaten to disrupt the instructional process. (Education Code 48911)

#### Suspension by the Board

The Board may suspend a student for any of the acts listed in "Grounds for Suspension and Expulsion" above and within the limits specified in "Suspension by Superintendent, Principal or Principal's Designee" above. (Education Code 48912)

The Board may suspend a student enrolled in a continuation school or class for a period not longer than the remainder of the semester if any of the acts listed in "Grounds for Suspension and Expulsion" occurred. The suspension shall meet the requirements of Education Code 48915. (Education Code 48912.5)

When the Board is considering a suspension, disciplinary action, or any other action (except expulsion) against any student, it shall hold closed sessions if a public hearing would lead to disclosure of information violating a student's right privacy under Education Code 49073-49079.

(cf. 9321 - Closed Session Purposes and Agendas)

The Board shall provide the student and his/her parent/guardian with written notice of the closed session by or certified mail. Upon receiving this notice, the student or parent/guardian may request a public meeting, and this request shall be granted if made in writing within 48 hours after receipt of the Board's notice. However, any discussion that conflicts with any other student's right to privacy still shall be held in closed session. (Education Codes 35146, 48912)

#### On-Campus Suspension Program

Students for whom an expulsion action has not been initiated and who pose no imminent danger or threat to the school may be assigned to a separate, supervised suspension classroom for the entire period of suspension. The following conditions shall apply: (Education Code 48911.1)

1. The supervised suspension classroom shall be staffed in accordance with law.
2. The student shall have access to appropriate counseling services.
3. The supervised suspension classroom shall promote completion of schoolwork and tests missed by the student during the suspension.
4. Each student shall be responsible for contacting his/her teacher(s) to receive assignments to be completed in the supervised suspension classroom. The teacher shall provide all assignments and tests that the student will miss while suspended. If no such work is assigned, the person supervising the suspension classroom shall assign schoolwork.

At the time a student is assigned to a supervised suspension classroom, the principal or designee shall notify the student's parent/guardian in person or by telephone. When the assignment is for longer than one class period, this notification shall be made in writing. (Education Code 48911.1)

#### Authority to Expel

A student may be expelled only by the Board. The Board shall expel, as required by law, any student found to have committed certain offenses listed below under "Mandatory Recommendation and Mandatory Expulsion."

The Board also may order a student expelled for any of the acts listed under "Grounds for Suspension and Expulsion" upon recommendation by the principal, Superintendent, hearing officer or administrative panel, based on finding either or both of the following: (Education Code 48915 (b) and (e))

1. That other means of correction are not feasible or have repeatedly failed to bring about proper conduct.
2. That due to the nature of the violation, the presence of the student causes a continuing danger to the physical safety of the student or others.

#### Mandatory Recommendation for Expulsion

Unless the principal, Superintendent or designee finds that expulsion is inappropriate due to particular circumstances, the principal, Superintendent or designee shall recommend a student's expulsion for any of the following acts: (Education Code 48915 (a))

1. Causing serious physical injury to another person, except in self-defense.
2. Possession of any knife as defined in Education Code 48915(g), explosive or other dangerous object of no reasonable use to the student.
3. Unlawful possession of any controlled substance, as listed in the Health and Safety Code 11053-11058, except for the first offense for the possession of not more than one ounce of marijuana, other than concentrated cannabis.
4. Robbery or extortion.
5. Assault or battery, as defined in Penal Code 240 and 242, upon any school employee.

#### Mandatory Recommendation and Mandatory Expulsion

Note: The Attorney General has determined, in 80 Ops.Cal. Atty. Gen. 347 (1997), that a district may not adopt a zero tolerance policy mandating expulsion of a student for a first offense of possession of a controlled substance or alcohol.

The principal, Superintendent or designee shall recommend that the Board expel any student found at school or at a school activity to be: (Education Code 48915(c))

1. Possessing, as verified by a district employee, or selling or otherwise furnishing a firearm, unless the student had obtained prior written permission to possess the item from a certificated school employee, with the principal or designee's concurrence.
2. Brandishing a knife as defined in Education Code 48915(g) at another person.
3. Unlawfully selling a controlled substance listed in Health and Safety Code 11053-11058
4. Committing or attempting to commit a sexual assault or committing a sexual battery as defined in item #14 under "Grounds for Suspension and Expulsion" above.
5. Possessing an explosive as defined in 18 USC 921.

Upon finding that the student committed any of the above acts, the Board shall expel the student. (Education Code 48915)

The initial recommendation for consideration of expulsion is that of the school principal or the Superintendent. Designees may not make this type of recommendation.

The recommendation for consideration of expulsion shall be submitted to the Director, Office of Student Services, who will review the material and recommend:

1. Reassignment to appropriate regular education program.
2. Refer student to Alternative Program; i.e., Community School, Independent Study, Continuation or Opportunity School, or other district programs.
3. Refer the matter to the Discipline Review Panel for further consideration.

When a case is referred to the discipline Review Panel, the panel shall question school personnel who have information on the incident and the behavior record of the student charged and weighs the evidence presented.

The panel shall, in the case of an expulsion consideration, weigh information presented to determine:

- a. Is the evidence sufficient to support consideration by the expulsion panel?
- b. Has the district, through the schools involved, considered or utilized alternatives to expulsion when possible?
- c. Have due process procedures been adhered to?

The recommendation shall be either to proceed with the expulsion or to utilize an existing practical alternative in lieu of expulsion.

If the district (school) has not adhered to due process requirements, the student shall be returned to school immediately.

If the Discipline Review Panel meets to consider a matter other than an expulsion, it shall provide its best judgment as to an effective alternative program or plan to action.

The recommendation of the Discipline Review Panel shall be forwarded to the Director, Office of Student Services, who shall then review the facts, concur, veto or modify the recommendation.

4. That an expulsion panel be convened.

At the time a recommendation for expulsion is submitted, a hearing shall be scheduled by the Superintendent or designee to determine whether the suspension shall be extended. If the decision is to extend the suspension, the period of time shall be until the Board has rendered a decision or until the expulsion process is otherwise terminated.

The extension of suspension shall be based upon determination by the Superintendent or designee that the presence of the student at the school or in an alternative school placement would cause a danger to persons or property or a threat of disrupting the instructional process. This extension shall be imposed only after the student and the parent/guardian have been given the opportunity to be present at a hearing conducted by the Superintendent or designee. At this time, the student and parent/guardian shall be given the opportunity to be heard and present any information that might bear upon the decision.

Materials which support the decision of the person recommending the expulsion shall be prepared and submitted to the Office of Student Services. The departments of Attendance, Guidance, Special Education and/or Health may be requested to assist in the preparation of this material.

#### Student's Right to Expulsion Hearing

The student is entitled to a hearing to determine whether the student should be expelled. The hearing shall be held within 30 school days after the principal or Superintendent or designee determines that one of the acts listed under "Grounds for Suspension and Expulsion" has occurred. (Education Code 48918 (a))

The student is entitled to one postponement of an expulsion hearing for a period of not more than 30 calendar days. The request for postponement shall be in writing. Any subsequent postponement may be granted at the Board's discretion. (Education Code 48918(a))

If the Board finds it impractical during the school year to comply with these time requirements for conducting an expulsion hearing, the Superintendent or designee may, for good cause, extend the time period by an additional five school days. Reasons for the extension shall be included as a part of the record when the expulsion hearing is held. (Education Code 48918(a))

If the Board finds it impractical to comply with the time requirements of the expulsion hearing due to summer recess of Board meetings of more than two weeks, the days during the recess shall not be counted as school days. The days not counted during the recess may not exceed 20 school days as defined in Education Code 48925. Unless the student requests in writing that the expulsion hearing be postponed, the hearing shall be held no later than 20 calendar days prior to the first day of the next school year. (Education Code 48918(a))

Once the hearing starts, all matters shall be pursued with reasonable diligence and concluded without unnecessary delay. (Education Code 48918(a))

#### Waiver of Hearing (Default Proceedings)

If the parent/guardian agrees that their son/daughter behaved essentially in the manner stated in the principals letter recommending expulsion and that such behavior constitutes a violation of the California Education Code, Section 48900, 48900.2, 48900.3, 48900.4, 48900.7 and/or 48915 a suspendable/expellable offense, the parent/guardian may request to waive the Administrative Hearing Panel.

When the parent/guardian agrees to waive the Administrative Hearing Panel, they also waive all notification and timelines related to the expulsion hearing process, along with their rights to appeal the determination of the Board.

The signed affidavit and findings of fact will be submitted to the Board for their approval. The Board has the discretionary power to accept, reject, or modify all recommendations.

#### Rights of Complaining Witness

An expulsion hearing involving allegations of sexual assault or sexual battery may be postponed for one school day in order to accommodate the special physical, mental or emotional needs of a student who is the complaining witness. (Education Code 48918.5)

Whenever the Superintendent or designee recommends an expulsion hearing that addresses allegations of sexual assault or sexual battery, he/she shall give the complaining witness a copy of the district's suspension and expulsion policy and regulation and shall advise the witness of his/her right to all the following: (Education Code 48918.5)

1. Receive five days' notice of his/her scheduled testimony at the hearing.
2. Have up to two adult support persons of his/her choosing present in the hearing at the time he/she testifies.
3. Have a closed hearing during the time he/she testifies.

Whenever any allegation of sexual assault or sexual battery is made, the Superintendent or designee shall immediately advise complaining witnesses and accused students to refrain from personal or telephone contact with each other during the time when an expulsion process is pending. (Education Code 48918.5)

#### Written Notice of the Expulsion Hearing (Education Code 48918(b))

Written notice of the hearing shall be forwarded to the student and the student's parent/guardian at least 10 calendar days before the date of the hearing. The notice shall include: (Education Code 48900.8, 48918 (b))

1. The date and place of the hearing.
2. A statement of the specific facts, charges and offense upon which the proposed expulsion is based.
3. A copy of district disciplinary rules which relate to the alleged violation.
4. Notification of the student's or parent/guardian's obligation, pursuant to Education Code 48915.1, to provide information about the student's status in the district to any other district in which the student seeks enrollment. This obligation applies when a student is expelled for acts other than those described in Education Code 48915 (a) or (c).  
(cf. 5119 - Students Expelled from other Districts)

5. The opportunity for the student or the student's parent/guardian to appear in person and/or be represented by legal counsel or by a non-attorney advisor.

Legal counsel means an attorney or lawyer who is admitted to the practice of law in California and is an active member of the State Bar of California.

Non-attorney advisor means an individual who is not an attorney or lawyer, but who is familiar with the facts of the case, and has been selected by the student or student's parent/guardian to provide assistance at the hearing.

6. The right to inspect and obtain copies of all documents to be used at the hearing.
7. The opportunity to confront and question all witnesses who testify at the hearing.
8. The opportunity to question all evidence presented and to present oral and documentary evidence on the student's behalf, including witnesses.

#### Conduct of Expulsion Hearing

1. Closed Session: Notwithstanding the provisions of Government Code 54953 and Education Code 35145, the Board shall conduct a hearing to consider the expulsion of the student in a session closed to the public unless the student requests in writing at least five days prior to the hearing that the hearing be a public meeting. If such request is made, the meeting shall be public, unless another student's privacy rights would be violated.

Whether the expulsion hearing is held in closed or public session, the Board may meet in closed session to determine if the student should be expelled. If the Board admits any other person to the closed session, the parent/guardian, the student, and the counsel of the student, shall also be allowed to attend the closed session. (Education Code 48918(c))

If a hearing that involves a charge of sexual assault or sexual battery is to be conducted in public, a complaining witness shall have the right to have his/her testimony heard in closed session when testifying in public would threaten serious psychological harm to the witness and when there are no alternative procedures to avoid the threatened harm, including but not limited to videotaped deposition or contemporaneous examination in another place communicated to the hearing room by closed-circuit television. (Education Code 48918(c))

2. Record of Hearing: A record of the hearing shall be made and may be maintained by any means, including electronic recording, as long as a reasonably accurate written and complete transcription of the proceedings can be made. (Education Code 48918(g))

3. Subpoenas: Before commencing a student expulsion hearing, the Board may issue subpoenas, at the request of either the student or the Superintendent or designee, for the personal appearance at the hearing of any person who actually witnessed the action that gave rise to the recommendation for expulsion. After the hearing has commenced, the Board or the hearing officer or administrative panel may issue such subpoenas at the request of the student or the County Superintendent of Schools or designee. All subpoenas shall be issued in accordance with the Code of Civil Procedure 1985-1985.2 and enforced in accordance with Government Code 11455.20, formerly 11525. (Education Code 48918(i))

Any objection raised by the student or the Superintendent or designee to the issuance of subpoenas may be considered by the Board in closed session, or in open session if so requested by the student, before the meeting. The Board's decision in response to such an objection shall be final and binding. (Education Code 48918(i))

If the Board determines, or if the hearing officer or administrative panel finds and submits to the Board, that a witness would be subject to unreasonable risk of harm by testifying at the hearing, a subpoena shall not be issued to compel the personal attendance of that witness at the hearing. However, that witness may be compelled to testify by means of a sworn declaration as described in item #4 below. (Education Code 48918(ii))

4. Presentation of Evidence: While technical rules of evidence do not apply to expulsion hearings, evidence may be admitted and used as proof only if it is the kind of evidence on which reasonable persons can rely in the conduct of serious affairs. The decision of the Board to expel must be supported by substantial evidence that the student committed any of the acts listed in "Grounds for Suspension and Expulsion" above.

Findings of fact shall be based solely on the evidence at the hearing. While no evidence shall be based solely on hearsay, sworn declarations may be admitted as testimony from witnesses whose disclosure of their identity or testimony at the hearing may subject them to an unreasonable risk of physical or psychological harm. (Education Code 48918 (f) and (h))

In cases where a search of a student's person or property has occurred, evidence describing the reasonableness of the search shall be included in the hearing record.

5. Testimony by Complaining Witnesses: The following procedures shall be observed when hearings involve allegations of sexual assault or sexual battery by a student: (Education Code 48918)

- a. Any complaining witness shall be given five days' notice before being called to testify.
- b. Any complaining witness shall be entitled to have up to two adult support persons, including but not limited to a parent/guardian or legal counsel, present during his/her testimony.
- c. Before a complaining witness testifies, support persons shall be admonished that the hearing is confidential.
- d. The person presiding over the hearing may remove a support person whom he/she finds is disrupting the hearing.
- e. If one or both support persons are also witnesses, the hearing shall be conducted according to Penal Code 868.5.
- f. Evidence of specific instances of prior sexual conduct of a complaining witness shall be presumed inadmissible and shall not be heard unless the person conducting the hearing determines that extraordinary circumstances require the evidence to be heard. Before such a determination is made, the complaining witness shall be given notice and an opportunity to oppose the introduction of this evidence. In the hearing on the admissibility of this evidence, the complaining witness shall be entitled to be represented by a parent/guardian, legal counsel or other support person. Reputation or opinion evidence regarding the sexual behavior of a complaining witness shall not be admissible for any purpose.
- g. In order to facilitate a free and accurate statement of the experiences of the complaining witness and to prevent discouragement of complaints, the district shall provide a nonthreatening environment.
  - (1) The district shall provide a room separate from the hearing room for the use of the complaining witness before and during breaks in testimony.
  - (2) At the discretion of the person conducting the hearing, the complaining witness shall be allowed reasonable periods of relief from examination and cross-examination during which he/she may leave the hearing room.
  - (3) The person conducting the hearing may:
    - (a) Arrange the seating within the hearing room so as to facilitate a less intimidating environment for the complaining witness.
    - (b) Limit the time for taking the testimony of a complaining witness to the hours he/she is normally in school, if there is no good cause to take the testimony during other hours.

(c) Permit one of the support persons to accompany the complaining witness to the witness stand.

6. Decision Within 10 Days: The Board's decision on whether to expel a student shall be made within 10 school days after the conclusion of the hearing, unless the student requests in writing that the decision be postponed. (Education Code 48918(a))

7. Decision Within 40 Days: If the Board does not meet on a weekly basis, its decision on whether to expel a student shall be made within 40 school days after the student is removed from his/her school of attendance, unless the student requests in writing that the decision be postponed. (Education Code 48918(a))

#### Alternative Expulsion Hearing: Hearing Officer or Administrative Panel

Instead of conducting an expulsion hearing itself, the Board may contract with the county hearing officer or with the Office of Administrative Hearings of the State of California for a hearing officer. Alternatively, the Board may appoint an impartial administrative panel composed of three or more certificated personnel, none of whom shall be members of the Board or on the staff of the school in which the student is enrolled. (Education Code 48918(d))

A hearing conducted by the hearing officer or administrative panel shall conform to the same procedures as apply to a hearing conducted by the Board as specified in "Conduct of Expulsion Hearing."

The hearing officer or administrative panel shall, within three school days after the hearing, determine whether to recommend expulsion of the student to the Board. If expulsion is not recommended, the student shall be immediately reinstated. (See "Reinstatement.") The Superintendent or designee shall place the student in a classroom instructional program, any other instructional program, a rehabilitation program, or any combination of these programs after consulting with district staff, including the student's teachers, and with the student's parent/guardian. (Education Code 48918(e))

If expulsion is recommended, findings of fact in support of the recommendation shall be prepared and submitted to the Board. All findings of fact and recommendations shall be based solely on the evidence presented at the hearing. The Board may accept the recommendation based either upon a review of the findings of fact and recommendations submitted or upon the results of any supplementary hearing the Board may order. (Education Code 48918(f))

In accordance with Board policy, the hearing officer or administrative panel may recommend that the Board suspend the enforcement of the expulsion for a period of one year. (See "Decision Not to Enforce Expulsion Order" below.)

The Board shall make its decision about the student's expulsion within 40 school days after the date of the student's removal from school unless the student requests in writing that the decision be postponed. (Education Code 48918(a))

#### The Discipline Review Panel

The Discipline Review Panel will consist of elementary educators when a review is being made of an elementary student and of secondary educators when a review is being made of secondary student.

1. The Discipline Review Panel shall hear the following types of disciplinary cases:

- a. Requests for expulsion from site principals or the Superintendent.
- b. School site administrative requests for assistance (non-expulsion situations).

2. Each discipline review panel shall consist of three certificated persons plus a chairperson and shall consist of elementary educators when a review is being made of an elementary student and of secondary educators when a review is being made of a secondary student. A panelist may not serve on any panel involving a student who is currently attending the school in which he/she is assigned. A representative from Student Services shall be a nonvoting member of each panel.

A chairperson and assistant chairperson, to serve when the chairperson is unable to serve, shall be appointed by the Superintendent or designee and shall serve at his/her pleasure. Neither shall be a member of the Student Services staff.

A pool of panelists shall be established which shall be composed of personnel who have served or are currently serving as members of administrative expulsion panels. The committee chairman shall select members to serve on individual panels.

The meetings of the discipline review panel are open to school district personnel only.

The duties of the Discipline Review Panel are as follows:

1. The chairperson shall call a meeting of the panel as soon as possible, but no later than 10 school days after the receipt of notice of a pending case.

2. A recommendation must be forwarded to the Director, Office of Student Services, within three days of the review hearing.
3. In the event a member of the committee cannot be present at a meeting, the Director, Office of Student Services, will appoint an alternate from the pool to attend.

#### Final Action by the Board

Whether the expulsion hearing is conducted in closed or public session by the Board, a hearing officer, or an administrative panel, the final action to expel shall be taken by the Board at a public meeting. (Education Code 48918(j))

(cf. 9321.1 - Closed Session Actions and Reports)

If the Board conducts the hearing and reaches a decision not to expel, this decision shall be final and the student shall be reinstated immediately.

Upon ordering an expulsion, the Board shall set a date when the student shall be reviewed for readmission to a school within the district. For a student expelled for an act listed under "Mandatory Recommendation and Mandatory Expulsion" above, this date shall be one year from the date the expulsion occurred, except that the Board may set an earlier date on a case-by-case basis. For a student expelled for other acts, this date shall be no later than the last day of the semester following the semester in which the expulsion occurred. (Education Code 48916)

At the time of the expulsion order, the Board shall recommend a plan for the student's rehabilitation, which may include: (Education Code 48916)

1. Periodic review as well as assessment of the student at the time of review for readmission.
2. Recommendations for improved academic performance, tutoring, special education assessments, job training, counseling, employment, community service and other rehabilitative programs.

With parental consent, students who have been expelled for reasons relating to controlled substances or alcohol may be required to enroll in a county-sponsored drug rehabilitation program before returning to school. (Education Code 48916.5)

#### Written Notice to Expel

The Superintendent or designee shall send written notice of the decision to expel the student or parent/guardian. This notice shall include the following:

1. The specific offense committed by the student for any of the causes for suspension or expulsion listed in Education Code 48900 (a)-(o), Education Code 48900.2-48900.4, Education Code 48915 (c) and (Education Code 48900.8).
2. The fact that a description of readmission procedures will be made available to the student and his/her parent/guardian. (Education Code 48916)
3. Notice of the right to appeal the expulsion to the County Governing Board. (Education Code 48918)
4. Notice of the alternative educational placements to be provided to the student during the time of expulsion. (Education Code 48918)
5. Notice of the student's or parent/guardian's obligation to inform any new district in which the student seeks to enroll of the student's status with the expelling district, pursuant to Education Code 48915.1 (Education Code 48918).

#### Decision Not to Enforce Expulsion Order

In accordance with Board policy, when deciding whether to suspend the enforcement of an expulsion, the Board shall take into account the following criteria:

1. The student's pattern of behavior.
2. The seriousness of the misconduct.
3. The student's attitude toward the misconduct and his/her willingness to follow a rehabilitation program.

The suspension of the enforcement of an expulsion shall be governed by the following: (Education Code 48917)

1. The Board may, as a condition of the suspension of enforcement, assign the student to a school, class or program appropriate for the student's rehabilitation. This rehabilitation program may provide for the involvement of the student's parent/guardian in the student's education. However, a parent/guardian's refusal to participate in the rehabilitation program shall not be considered in the Board's determination as to whether the student has satisfactorily completed the rehabilitation program.
2. During the period when enforcement of the expulsion order is suspended, the student shall be on probationary status.

3. The suspension of the enforcement of an expulsion order may be revoked by the Board if the student commits any of the acts listed under "Grounds for Suspension and Expulsion" above or violates any of the district's rules and regulations governing student conduct.
4. When the suspension of the enforcement of an expulsion order is revoked, a student may be expelled under the terms of the original expulsion order.
5. Upon satisfactory completion of the rehabilitation assignment, the Board shall reinstate the student in a district school. Upon reinstatement, the Board may order the expunging of any or all records of the expulsion proceedings.
6. Suspension of the enforcement of an expulsion order shall not affect the time period and requirements for the filing of an appeal of the expulsion order with County Board of Education.
7. The Superintendent or designee shall send written notice of any decision to suspend the enforcement of an expulsion order during a period of probation to the student or parent/guardian. The notice shall also inform the parent/guardian of the right to appeal the expulsion to the County Board of Education. (Education Code 48918 (j))

#### Right to Appeal

The student or parent/guardian is entitled to file an appeal of the Board's decision to the County Board of Education. The appeal must be filed within 30 days of the Board's decision to expel, even if the expulsion action is suspended and the student is placed on probation. (Education Code 48919)

#### Post-Expulsion Placements

The Board shall refer expelled students to a program of study that is: (Education Code 48915, 48915.01)

1. Appropriately prepared to accommodate students who exhibit discipline problems.
2. Not provided at a comprehensive middle, junior or senior high school or at any elementary school, unless the program is offered at a community day school established at such a site.
3. Not housed at the school site attended by the student at the time of suspension.

(cf. 6185 - Community Day School)

When the placement described above is not available, and when the County Superintendent of Schools so certifies, students expelled for acts described in items #6 through #13 and #17 through #19 under "Grounds for Suspension and Expulsion" may be instead referred to a program of study that is provided at another comprehensive middle, junior, or senior high school, or at an elementary school. (Education Code 48915)

The program for a student expelled from any of grades K-6 shall not be combined or merged with programs offered to students in any of grades 7-12. (Education Code 48916.1)

#### Readmission After Expulsion

Readmission procedures shall be as follows:

1. On the date set by the Board when it ordered the expulsion, the district shall consider readmission of the student. (Education Code 48916)
2. The Superintendent or designee shall hold a conference with the parent/guardian and the student. At the conference the student's rehabilitation plan shall be reviewed and the Superintendent or designee shall verify that the provisions of this plan have been met. School regulations shall be reviewed and the student and parent/guardian shall be asked to indicate in writing their willingness to comply with these regulations.
3. The Superintendent or designee shall transmit to the Board his/her recommendation regarding readmission. The Board shall consider this recommendation in closed session if information would be disclosed in violation of Education Code 49073-49079. If a written request for open session is received from the parent/guardian or adult student, it shall be honored.
4. If the readmission is granted, the Superintendent or designee shall notify the student and parent/guardian, by registered mail, of the Board's decision regarding readmission.
5. The Board may deny readmission only if it finds that the student has not satisfied the conditions of the rehabilitation plan or that the student continues to pose a danger to campus safety or to other district students or employees. (Education Code 48916)
6. If the Board denies the readmission of a student, the Board shall determine either to continue the student's placement in the alternative educational program initially selected or to place the student in another program that serves expelled students, including placement in a county community school. (Education Code 48916)

7. The Board shall provide written notice to the expelled student and parent/guardian describing the reasons for denying readmittance into the regular program. This notice shall indicate the Board's determination of the educational program which the Board has chosen. The student shall enroll in that program unless the parent/guardian chooses to enroll the student in another school district. (Education Code 48916)

#### Maintenance of Records

The Board shall maintain a record of each expulsion, including the specific cause of the expulsion. The expulsion record shall be maintained in the student's mandatory interim record and sent to any school in which the student subsequently enrolls, within five days of a written request by the admitting school. (Education Code 48900.8, 48918(k))

The Superintendent or designee shall, within five working days, honor any other district's request for information about an expulsion from this district. (Education Code 48915.1)

(cf. 5119 - Students Expelled from Other Districts)

(cf. 5125 - Student Records)

#### Notifications to Law Enforcement Authorities

Prior to the suspension or expulsion of any student, the principal or designee shall notify appropriate city or county law enforcement authorities of any student acts of assault which may have violated Penal Code 245. (Education Code 48902)

The principal or designee also shall notify appropriate city or county law enforcement authorities of any student acts which may involve the possession or sale of narcotics or of a controlled substance or possession of weapons or firearms in violation of Penal Code 626.9 and 626.10. (Education Code 48902)

Within one school day after a student's suspension or expulsion, the principal or designee shall notify appropriate city or county law enforcement authorities, by telephone or other appropriate means, of any student acts which may violate Education Code 48900(c) or (d), relating to the possession, use, offering or sale of controlled substances, alcohol, or intoxicants of any kind. (Education Code 48902)

#### Outcome Data

The Superintendent or designee shall maintain the following data and report such data annually to the California Department of Education, using forms supplied by the California Department of Education: (Education Code 48900.8, 48916.1)

1. The number of students recommended for expulsion.
2. The grounds for each recommended expulsion.
3. Whether the student was subsequently expelled.
4. Whether the expulsion order was suspended.
5. The type of referral made after the expulsion.
6. The disposition of the student after the end of the expulsion period.

Regulation: REDLANDS UNIFIED SCHOOL DISTRICT

Approved: June 27, 1995, Redlands, California

#### **(D) Procedures to Notify Teachers of Dangerous Pupils (EC 49079)**

All student records are queried at the District level. Student offender information is shared with all current teachers. Teachers are notified of student discipline incidents via email.

**(E) Sexual Harassment Policies (EC 212.6 [b])**

## Policy 4119.11: Sex Discrimination and Sex-Based Harassment

The Governing Board is committed to providing a safe work environment that is free of harassment and intimidation. The Board prohibits sexual harassment against district employees by anyone, in any manner, and prohibits retaliatory action or behavior against any persons who complains, testifies, or otherwise participates in the complaint process established pursuant to this policy and accompanying administrative regulation. This policy shall apply to all district employees, interns, volunteers, contractors, job applicants, and other persons with an employment relationship with the district.

(cf. 0410 - Nondiscrimination in District Programs and Activities) (cf. 4030 - Nondiscrimination in Employment)

Sexual harassment includes, but is not limited to, harassment that is based on the sex, gender, gender identity, gender expression, or sexual orientation of the victim and harassment based on pregnancy, childbirth, or related medical conditions.

The Superintendent or designee shall take all actions necessary to ensure the prevention, investigation, and correction of sexual harassment, including but not limited to:

1. Providing training to all staff in accordance with law and administrative regulation.
2. Publicizing and disseminating the district's sexual harassment policy to staff.
3. Ensuring prompt, thorough, equitable, and fair investigation of complaints
4. Taking timely and appropriate corrective/remedial actions which may require interim separation of the complainant and the alleged harasser and subsequent monitoring of developments.

The Superintendent or designee shall periodically evaluate the effectiveness of the district's strategies to prevent and address harassment. Such evaluation may involve conducting regular anonymous employee surveys to assess whether harassment is occurring or is perceived to be tolerated, partnering with researchers or other agencies with the needed expertise to evaluate the district's prevention strategies, and using any other effective tool for receiving feedback on systems and/or processes. As necessary, changes shall be made to the harassment policy, complaint procedures, or training.

### Sexual Harassment Reports and Complaints

Any district employee who feels that he/she has been sexually harassed in the performance of their district responsibilities or who has knowledge of any incident of sexual harassment by or against another employee shall immediately report the incident to his/her supervisor, the principal, other district administrator, or the district's Title IX Coordinator. However, an employee may bypass his/her supervisor in filing a complaint if the supervisor is the subject of the complaint. A supervisor, principal, or district administrator who receives a harassment complaint shall promptly notify the Title IX Coordinator.

Once notified, the Title IX Coordinator shall ensure the complaint or allegation is addressed through AR 4119.12/4219.12/4319.12 – Title IX Sexual Harassment Complaint Procedures or AR 4030- Nondiscrimination in Employment, as applicable. Because a complaint or allegation that is dismissed or denied under the Title IX complaint procedure may still be subject to consideration under state law, the Title IX Coordinator shall ensure that any implementation of AR 4119.12/4219.12/4319.12 concurrently meets the requirements of AR 4030.

Notwithstanding the above, BP/AR 4119.12/4219.12/4319.12 and 4030 shall under no circumstances be used to resolve complaints brought by, on behalf of, or against students. All complaints brought by, on behalf of, or against students that allege "sexual harassment" as that term is defined in the federal regulations implementing Title IX of the Education Amendments of 1972 (see 34 C.F.R. § 106, et seq.) shall be investigated and resolved under BP/AR 5145.71. All complaints brought by, on behalf of, or against students that do not meet the definition of "sexual harassment" as set forth in the Title IX implementing regulations shall be investigated and resolved under BP/AR 1312.3.

(cf. 4119.12/4219.12/4319.12 - Title IX Sexual Harassment Complaints)

The Title IX Coordinator shall offer supportive measures to the complainant and respondent, as deemed appropriate under the circumstances.

Upon investigation of a sexual harassment complaint, any district employee who engages, or participates in sexual harassment, or who aids, abets, incites, compels, or coerces another to commit sexual harassment in violation of this policy is subject to disciplinary action, up to and including dismissal, in accordance with law and the applicable collective bargaining agreement.

(cf. 4117.7/4317.7 - Employment Status Reports) (cf. 4118 - Dismissal/Suspension/Disciplinary Action) (cf. 4218 -

Dismissal/Suspension/Disciplinary Action)

#### Regulation 4119.12: Title IX Sex Discrimination and Sex-Based Harassment Complaint Procedures

The complaint procedures described in this administrative regulation shall be used to address any complaint governed by Title IX of the Education Amendments of 1972 alleging that a district employee, while in an education program or activity in which a district school exercises substantial control over the context and respondent, was subjected to one or more of the following forms of sexual harassment: (34 CFR 106.30, 106.44)

1. A district employee conditioning the provision of a district aid, benefit, or service on a person's participation in unwelcome sexual conduct
2. Unwelcome conduct determined by a reasonable person to be so severe, pervasive, and objectively offensive that it effectively denies a person equal access to the district's education program or activity
3. Sexual assault, dating violence, domestic violence, or stalking as defined in 20 USC 1092 or 34 USC 12291 (cf. 4119.11/4219.11/4319.11 - Sexual Harassment)

All other sexual harassment complaints or allegations shall be investigated and resolved in accordance with AR 4030

- Nondiscrimination in Employment. The determination of whether the allegations meet the definition of sexual harassment under Title IX shall be made by the district's Title IX Coordinator.

(cf. 4030 - Nondiscrimination in Employment)

Because the complainant has a right to pursue a complaint under AR 4030 for any allegation that is dismissed or denied under the Title IX complaint procedure, the Title IX Coordinator shall ensure that all requirements and timelines for AR 4030 are concurrently met while implementing the Title IX procedure.

#### Reporting Allegations/Filing a Formal Complaint

An employee who is the alleged victim of sexual harassment may submit a report of sexual harassment to the district's Title IX Coordinator using the contact information listed in AR 4119.11/4219.11/4319.11 - Sexual Harassment or to the employee's direct supervisor or other district administrator, who shall forward the report to the Title IX Coordinator within one day of receiving the report. Upon receiving such a report, the Title IX Coordinator shall inform the complainant of the right to file a formal complaint and the process for filing a formal complaint.

A formal complaint, with the complainant's physical or digital signature, may be filed with the Title IX Coordinator in person, by mail, by email, or by any other method authorized by the district. (34 CFR 106.30)

Even if the alleged victim chooses not to file a formal complaint, the Title IX Coordinator shall file a formal complaint in situations when a safety threat exists. In addition, the Title IX Coordinator may file a formal complaint in other situations as permitted under the Title IX regulations, including as part of the district's obligation to not be deliberately indifferent to known allegations of sexual harassment. In such cases, the Title IX Coordinator shall provide the alleged victim notices as required by the Title IX regulations at specific points in the complaint process.

The Title IX Coordinator, investigator, decision-maker, or a facilitator of an informal resolution process shall not have a conflict of interest or bias for or against complainants or respondents generally or an individual complainant or respondent. Such persons shall receive training in accordance with 34 CFR 106.45. (34 CFR 106.45)

#### Supportive Measures

Upon receipt of a report of Title IX sexual harassment, the Title IX Coordinator shall promptly contact the complainant to discuss the availability of supportive measures and shall consider the complainant's wishes with respect to the supportive measures implemented. Supportive measures shall be offered as appropriate, as reasonably available, and without charge to the complainant or the respondent before or after the filing of a formal complaint or where no formal complaint has been filed. Such measures shall be nondisciplinary, nonpunitive, and not unreasonably burden the other party, including measures designed to protect the safety of all parties or the district's educational environment or to deter sexual harassment. Supportive measures may include, but are not limited to, counseling, extensions of deadlines, modifications of work schedules, mutual restrictions on contact, changes in work locations, leaves of absence, increased security, and monitoring of certain areas of the campus. (34 CFR 106.30, 106.44)

The district shall maintain as confidential any supportive measures provided to the complainant or respondent, to the extent that maintaining such confidentiality would not impair the district's ability to provide the supportive measures. (34 CFR 106.30)

#### Emergency Removal

If a district employee is the respondent, the employee may be placed on administrative leave during the pendency of the formal complaint process. (34 CFR 106.44)

If the respondent is a student, the district may, on an emergency basis, remove the student from the district's education program or activity, provided that the district conducts an individualized safety and risk analysis, determines that removal is justified due to an immediate threat to the physical health or safety of any student or other individual arising from the allegations, and provides the student with notice and an opportunity to challenge the decision immediately following the removal. This authority to remove a student does not modify a student's rights under the Individuals with Disabilities Education Act or Section 504 of the Rehabilitation Act of 1973. (34 CFR 106.44)

#### Dismissal of Complaint

The Title IX Coordinator shall dismiss a formal complaint if the alleged conduct would not constitute sexual harassment as defined in

34 CFR 106.30 even if proved. The Title IX Coordinator shall also dismiss any complaint in which the alleged conduct did not occur in the district's education program or activity or did not occur against a person in the United States, and may dismiss a formal complaint if the complainant notifies the district in writing that the complainant would like to withdraw the complaint or any allegations in the complaint, the respondent is no longer employed by the district, or sufficient circumstances prevent the district from gathering evidence sufficient to reach a determination with regard to the complaint. (34 CFR 106.45)

Upon dismissal, the Title IX Coordinator shall promptly send written notice of the dismissal and the reasons for the dismissal simultaneously to the parties and shall inform them of their right to appeal the dismissal of a formal complaint or any allegation in the complaint in accordance with the appeal procedures described in the section "Appeals" below. (34 CFR 106.45)

If a complaint is dismissed, the conduct may still be addressed pursuant to AR 4030 - Nondiscrimination in Employment as applicable.

#### Informal Resolution Process

When a formal complaint of sexual harassment is filed, the district may offer an informal resolution process, such as mediation, at any time prior to reaching a determination regarding responsibility. The district shall not require a party to participate in the informal resolution process or to waive the right to an investigation and adjudication of a formal complaint. (34 CFR 106.45)

The district may facilitate an informal resolution process provided that the district: (34 CFR 106.45)

1. Provides the parties with written notice disclosing the allegations, the requirements of the informal resolution process, the right to withdraw from the informal process and resume the formal complaint process, and any consequences resulting from participating in the informal resolution process, including that records will be maintained or could be shared.
2. Obtains the parties' voluntary, written consent to the informal resolution process

#### Written Notice

If a formal complaint is filed, the Title IX Coordinator shall provide the known parties with written notice of the following: (34 CFR 106.45)

1. The district's complaint process, including any informal resolution process
2. The allegations potentially constituting sexual harassment with sufficient details known at the time, including the identity of parties involved in the incident if known, the conduct allegedly constituting sexual harassment, and the date and location of the alleged incident if known. Such notice shall be provided with sufficient time for the parties to prepare a response before any initial interview. If, during the course of the investigation, new Title IX allegations arise about the complainant or respondent that are not included in the initial notice, the Title IX Coordinator shall provide notice of the additional allegations to the parties.
3. A statement that the respondent is presumed not responsible for the alleged conduct and that a determination regarding responsibility is made at the conclusion of the complaint process
4. The opportunity for the parties to have an advisor of their choice who may be, but is not required to be, an attorney, and the ability to inspect and review evidence
5. The prohibition against knowingly making false statements or knowingly submitting false information during the complaint process

The above notice shall also include the name of the investigator, facilitator of an informal process, and decision-maker and shall inform the parties that, if at any time a party has concerns regarding conflict of interest or bias regarding any of these persons, the party should immediately notify the Title IX Coordinator.

#### Investigation Procedures

During the investigation process, the district's designated investigator shall: (34 CFR 106.45)

1. Provide an equal opportunity for the parties to present witnesses, including fact and expert witnesses, and other inculpatory and

exculpatory evidence

2. Not restrict the ability of either party to discuss the allegations under investigation or to gather and present relevant evidence
3. Provide the parties with the same opportunities to have others present during any grievance proceeding, including the opportunity to be accompanied to any related meeting or proceeding by the advisor of their choice, who may be, but is not required to be, an attorney
4. Not limit the choice or presence of an advisor for either the complainant or respondent in any meeting or grievance proceeding, although the district may establish restrictions regarding the extent to which the advisor may participate in the proceedings as long as the restrictions apply equally to both parties
5. Provide, to a party whose participation is invited or expected, written notice of the date, time, location, participants, and purpose of all investigative interviews or other meetings, with sufficient time for the party to prepare to participate
6. Send in an electronic format or hard copy to both parties and their advisors, if any, the evidence obtained as part of the investigation that is directly related to the allegations raised in the complaint, and provide the parties at least 10 days to submit a written response for the investigator to consider prior to the completion of the investigative report
7. Objectively evaluate all relevant evidence, including both inculpatory and exculpatory evidence, and determine credibility in a manner that is not based on a person's status as a complainant, respondent, or witness
8. Create an investigative report that fairly summarizes relevant evidence and, at least 10 days prior to the determination of responsibility, send to the parties and their advisors, if any, the investigative report in an electronic format or a hard copy, for their review and written response

Questions and evidence about the complainant's sexual predisposition or prior sexual behavior are not relevant, unless such questions and evidence are offered to prove that someone other than the respondent committed the conduct alleged by the complainant or if the questions and evidence concern specific incidents of the complainant's prior sexual behavior with respect to the respondent and are offered to prove consent. (34 CFR 106.45)

Privacy rights of all parties to the complaint shall be maintained in accordance with applicable state and federal laws.

If the complaint is against an employee, rights conferred under an applicable collective bargaining agreement shall be applied to the extent they do not conflict with the Title IX requirements.

#### Written Decision

The Superintendent shall designate an employee as the decision-maker to determine responsibility for the alleged conduct, who shall not be the Title IX Coordinator or a person involved in the investigation of the matter. (34 CFR 106.45)

After the investigative report has been sent to the parties but before reaching a determination regarding responsibility, the decision-maker shall afford each party the opportunity to submit written, relevant questions that the party wants asked of any party or witness, provide each party with the answers, and allow for additional, limited follow-up questions from each party.

The decision-maker shall issue, and simultaneously provide to both parties, a written decision as to whether the respondent is responsible for the alleged conduct. (34 CFR 106.45)

The written decision shall be issued within 60 calendar days of the receipt of the complaint.

The timeline may be temporarily extended for good cause with written notice to the complainant and respondent of the extension and the reasons for the action. (34 CFR 106.45)

In making this determination, the decision-maker shall use the "preponderance of the evidence" standard for all formal complaints of sexual harassment. (34 CFR 106.45)

The written decision shall include the following: (34 CFR 106.45)

1. Identification of the allegations potentially constituting sexual harassment as defined in 34 CFR 106.30

2. A description of the procedural steps taken from receipt of the formal complaint through the written decision, including any notifications to the parties, interviews with parties and witnesses, site visits, methods used to gather other evidence, and hearings held if the district includes hearings as part of the grievance process
3. Findings of fact supporting the determination
4. Conclusions regarding the application of the district's code of conduct or policies to the facts
5. A statement of, and rationale for, the result as to each allegation, including a decision regarding responsibility, any disciplinary sanctions the district imposes on the respondent, and whether remedies designed to restore or preserve equal access to the district's educational program or activity will be provided by the district to the complainant
6. The district's procedures and permissible bases for the complainant and respondent to appeal

## Appeals

Either party may appeal the district's decision or dismissal of a formal complaint or any allegation in the complaint, if the party believes that a procedural irregularity affected the outcome, new evidence is available that could affect the outcome, or a conflict of interest or bias by the Title IX Coordinator, investigator(s), or decision-maker(s) affected the outcome. If an appeal is filed, the district shall: (34 CFR 106.45)

1. Notify the other party in writing when an appeal is filed and implement appeal procedures equally for both parties
2. Ensure that the decision-maker(s) for the appeal is trained in accordance with 34 CFR 106.45 and is not the same decision-maker(s) who reached the determination regarding responsibility or dismissal, the investigator(s), or the Title IX Coordinator
3. Give both parties a reasonable, equal opportunity to submit a written statement in support of, or challenging, the outcome
4. Issue a written decision describing the result of the appeal and the rationale for the result
5. Provide the written decision simultaneously to both parties

An appeal must be filed in writing within 10 calendar days of receiving the notice of the decision or dismissal, stating the grounds for the appeal and including any relevant documentation in support of the appeal. Appeals submitted after this deadline are not timely and shall not be considered.

A written decision shall be provided to the parties within 20 calendar days from the receipt of the appeal.

Either party has the right to file a complaint with the U.S. Department of Education's Office for Civil Rights within 180 days of the date of the most recently alleged misconduct.

The complainant shall be advised of any civil law remedies, including, but not limited to, injunctions, restraining orders, or other remedies or orders that may be available under state or federal antidiscrimination laws, if applicable.

## Remedies

When a determination of responsibility for sexual harassment has been made against the respondent, the district shall provide remedies to the complainant. Such remedies may include the same individualized services described above in the section "Supportive Measures," but need not be nondisciplinary or nonpunitive and need not avoid burdening the respondent. (34 CFR 106.45)

## Disciplinary Actions

The district shall not impose any disciplinary sanctions or other actions against a respondent, other than supportive measures as described above in the section "Supportive Measures," until the complaint procedure has been completed and a determination of responsibility has been made. (34 CFR 106.44)

When an employee is found to have committed sexual harassment or retaliation, the district shall take appropriate disciplinary action, up to and including dismissal, in accordance with applicable law and collective bargaining agreement.

(cf. 4117.7/4317.7 - Employment Status Report)

(cf. 4118 - Dismissal/Suspension/Disciplinary Action) (cf. 4119.11/4219.11/4319.11 - Sexual Harassment) (cf. 4218 - Dismissal/Suspension/Disciplinary Action)

## Record-Keeping

The Superintendent or designee shall maintain, for a period of seven years: (34 CFR 106.45)

1. A record of all reported cases and Title IX investigations of sexual harassment, any determinations of responsibility, any audio or audiovisual recording and transcript if applicable, any disciplinary sanctions imposed, any remedies provided to the complainant, and any appeal or informal resolution and the results therefrom.

2. A record of any actions, including supportive measures, taken in response to a report or formal complaint of sexual harassment, including the district's basis for its conclusion that its response was not deliberately indifferent, the measures taken that were designed to restore or preserve equal access to the education program or activity, and, if no supportive measures were provided to the complainant, the reasons that such a response was not unreasonable in light of the known circumstances.

3. All materials used to train the Title IX Coordinator, investigator(s), decision-maker(s), and any person who facilitates an informal resolution process. The district shall make such training materials publicly available on its web site, or if the district does not maintain a web site, available upon request by members of the public.

(cf. 1113 - District and School Web Sites) (cf. 3580 - District Records)

#### **(F) School-wide Dress Code Relating to Gang-Related Apparel (EC 35183)**

Policy 5132.16: Student Dress Guidelines

The Governing Board believes that appropriate dress and grooming contribute to a productive learning environment. The Board expects students to give proper attention to personal cleanliness and to wear clothes that are suitable for the school activities in which they participate. Students' clothing must not present a health or safety hazard or a distraction which would interfere with the educational process.

Students and parents/guardians shall be informed about dress and grooming standards at the beginning of the school year and whenever these standards are revised. A student who violates these standards shall be subject to appropriate disciplinary action.

##### **Gang-Related Apparel**

The principal, staff and parents/guardians at a school may establish a reasonable dress code that prohibits students from wearing gang-related apparel when there is evidence of a gang presence that disrupts or threatens to disrupt the school's activities. Such a dress code may be included as part of the school safety plan and must be presented to the Board for approval. The Board shall approve the plan upon determining that it is necessary to protect the health and safety of the school's students.

##### **Uniforms**

The Board recognizes that, in order to promote student safety and discourage peer rivalry and/or gang activity, the principal, staff and parent/guardian at a school site may wish to establish a reasonable dress code, which may include voluntary school uniforms.

Dress codes, which include voluntary school uniforms, may be included as part of the school safety plan submitted as required.

The Superintendent or designee shall establish procedures that schools, parents and guardians will follow if they decide to participate with the voluntary school uniform policy. Students shall not be penalized academically, otherwise discriminated against or denied attendance to school if their parents/guardian decide not to participate.

The Governing Board feels that there is nothing inherently wrong with dress or color of dress, but when student's dress serves to intimidate or impede the rights of other students it will be determined that dress is in violation of this policy. A student may not remain at school dressed in a manner which (1) creates a safety hazard for said student or for other students at school, and/or (2) when the dress constitutes a serious and unnecessary distraction to the learning process or tends to disrupt campus order

When the site administrator/designee determines that a student's attire is in violation of this policy, the student will be required to modify his/her clothing and/or apparel in such a manner that it no longer violates this policy. If necessary, the student may be taken or sent home with parental permission to modify unacceptable dress and return to school. Refusal to take steps as described in this policy shall be cause for disciplinary action against the student. Any such disciplinary action shall be handled pursuant to existing student disciplinary policy

Parents/guardians have primary responsibility to see that students are properly attired for school. School district personnel have the responsibility for maintaining proper and appropriate conditions conducive to learning. Hence, the following guidelines will be implemented in all district schools.

1. Shoes will be worn at all times. A substantial sole is required and enclosed toe and heel footwear are highly encouraged.
2. Extremely brief garments that are distracting to the educational environment are not appropriate. Clothing shall be sufficient to conceal undergarments at all times.
3. Clothing or accessories shall be free of writing, pictures or any other insignia which are crude, violent, obscene or sexually suggestive or which advocate racial, ethnic or religious prejudice or the use of tobacco, drugs or alcohol.
4. Earrings, jewelry, or accessories which present a safety hazard to the wearer or others are not suitable for school wear.
5. Only prescription sunglasses may be worn in class. Other types of sunglasses may be worn on campus outside of class.
6. Identified gang attire such as bandannas, haircuts or hair rollers, or any gang paraphernalia are prohibited.

Students are allowed to wear sun protective clothing, including hats, while outdoors during the school day. Each school site will develop a policy indicating the type of sun protective hats that are permitted.

No grade of a student participating in a physical education class shall be adversely affected if the student does not wear standardized physical education apparel because of circumstances beyond the student's control. (Education Code 49066) All clothing worn during physical education shall meet reasonable safety standards.

The purpose of adopting these Student Dress Guidelines is not to infringe on any individual student's rights to freedom of expression, but rather to encourage students to dress appropriately and come to school properly prepared for participating in the educational process.

#### Gang-Related Apparel

Because gang-related symbols are constantly changing, definitions of gang-related apparel shall be reviewed as needed and updated as necessary.

#### Uniforms

In schools where a majority of parents respond and indicate on a survey that they desire to establish a voluntary school-wide uniform dress code, the principal, staff and the parents/guardians of the individual school site shall:

1. Jointly select the specific uniform to be worn. (Education Code 35183)
2. Describe the uniform parts and identify local vendors who sell those pieces of clothing. A description of the implementation of the voluntary uniform dress code will be submitted to the superintendent's designee including:
  - a. The process for parent notification
  - b. Positive procedures that will be used to encourage students to participate with the voluntary uniform dress code
3. A description of the uniform and a list of costs for each competitively priced item of clothing as provided by a variety of vendors will be sent to parents.
4. Parents will be notified that this is a voluntary uniform dress code and that students not participating shall not be penalized academically, otherwise discriminated against or denied attendance to school if their parents/guardians so decide.

#### Parent Notification

The principal shall give parents/guardian at least six months notice before a school site implements a voluntary school uniform dress code. (Education Code 35183)

## **(H) A Safe and Orderly School Environment Conducive to Learning (EC 35294.2)**

### **Component:**

#### **Physical Environment**

##### **The Schools' Location and Physical Environment**

Orangewood High School/Elementary eAcademy is located in the Redlands area of San Bernardino County which has an average crime rate and high poverty level. The immediate area around the school includes both residential and commercial properties. Present safety hazards include a busy freeway at one end of the campus and a newly operational railroad on the other. Additionally, the school is located in a neighborhood that has a high crime rate and a large transient population. OHS also shares a campus with the RUSD alternative elementary campus (eAcademy). This accounts for an additional student population, and shared student spaces, and facilities.

##### **Description of School Grounds**

The school site encompasses 5 acres. The grounds are grass, concrete, and asphalt and include basketball and volleyball courts, baseball diamonds, and a lined track. There are several wings and/or clusters of classrooms including 12 classrooms and 6 re-locatable classrooms. Other ancillary structures include a multipurpose room, an athletics facility, a library/career center, and office buildings for both the high school and the elementary independent study program (5 classrooms, a teacher workroom, an administrative office and teacher workspaces for virtual instruction.

During the school day, staff members and administrators shall provide campus supervision. Identified problem areas receive increased supervision to reduce discipline, crime, or other school safety concerns.

It shall be the practice of Orangewood High School to remove all graffiti from school property before pupils arrive to begin their school day. Other acts of vandalism are promptly addressed.

##### **Maintenance of School Buildings/Classrooms**

The school's physical facility is well-maintained and looks neat and clean. The school was most recently painted in 2013 and renovated during the 2003 year and the 2019 school year added an updated Library and Career Center. A wellness center was added in 2024 and two mental health specialists occupy the space. District personnel periodically examine the school's physical facility and help eliminate obstacles to school safety. Additionally, health and fire department inspectors contribute to school safety.

##### **Internal Security Procedures**

Orangewood High School has established procedures in the following areas: California Safe School Assessment (CSSA) reporting procedures, suspension and expulsion procedures, inventory system, clear student discipline procedures, alternative to suspension protocols, and ongoing safety/security evaluations. All staff procedural handbooks are regularly updated and contain all district safety protocols and procedures.

Orangewood High School crime statistics reflect a total of 0 crimes reported during the 2023-2024 school year.

Keeping reportable crimes at a minimum requires constant vigilance. The following strategies will be utilized in achieving this goal MTSS systems and practices to reduce suspensions and address behavior gaps. Staff and student-appropriate relationships assist with creating a trusting environment that encourages students to notify a trusted adult of issues on campus. If a student chooses anonymity, they may use the Sprigeo anonymous reporting system. Cameras and constant supervision by administration and campus safety officers also provide consistent coverage on campus.

Orangewood High School maintains a copy of the district's sexual harassment policy in the main office/principal's office and the policy is available on request. The District's Sexual Harassment Policy contains dissemination plans, applicable definitions, reporting requirements, investigation procedures, enforcement regulations, and information related to suspension and/or expulsion for sexual harassment of or by pupils. All policies were updated according to specifications from the Department of Justice. Additionally, a notice summarizing this sexual harassment policy appears in the Parent & Student Handbook, The parent-student handbook is distributed at the beginning of each school year to all parents and pupils.

To ensure the safety of pupils and staff, all visitors to the campus, except pupils of the school and staff members, shall register via Raptor immediately upon entering any school building or grounds when school is in session. District employees, not assigned to Orangewood High School shall wear appropriate identification badges while on campus conducting business.

Discipline procedures shall focus on finding the cause of problems and working with all concerned to reach the proper, lawful solutions. The school's discipline plan begins at the classroom level. Teachers shall use a visible classroom management plan to communicate classroom rules, promote positive pupil conduct, and reduce unacceptable conduct. Appropriate consequences are administered based on the seriousness of the pupil's misbehavior.

Pupil conduct standards and consequences for Orangewood High School are specifically described in this Comprehensive Schools Safety Plan including: (a) the adopted school discipline rules and procedures, (b) District Disciplinary Guidelines, and (c) the adopted school-wide dress code.

Pupils may be suspended, transferred to another school, or recommended for expulsion or for certain acts. For specific student violations, a mandatory expulsion recommendation shall be submitted by the administration of Orangewood High School.

Site administrators contribute to a positive school climate, promote positive pupil behavior, and help reduce inappropriate conduct. The principal/designee uses available district and other appropriate records to inform teachers of each pupil identified under E.C. 49079.

Law enforcement is contacted and consulted to help maintain and to promote a safe and orderly school environment. Orangewood High School employees comply with all legal mandates, regulations, and reporting requirements for all instances of suspected child abuse.

If appropriate, additional internal security procedures affecting the integrity of the school facility include security cameras, Raptor safety drills, a single point of entry, perimeter fencing, closing and locking all gates during school hours, radio communications between safety officers, administration, and local law enforcement, daily safety checks by security officers and administration, and consistent collaboration between all staff safety members. Additionally, OHS and eAcademy work closely to ensure constant collaboration and communication regarding facility usage, safety, and security.

Community involvement is encouraged to help increase school safety.

RPD officers are briefed on the safety plans of the school.

RPD provides in-service to school staff on active shooter protocols, gang activity, and drug use.

OHS staff can contact RPD directly in the event of an emergency so that RPD can respond as quickly as possible.

Parents and families are encouraged to attend district-sponsored safety meetings.

Family and Community members participate regularly in SSC meetings.

Monthly Security/Police liaison meetings.

Inventory System - Engraved ID, Security Storage

Most school-site equipment has a metal ID tag or a bar code sticker adhered to its surface. These items are inventoried annually and there is an established accountability system. Office and classroom supplies are secured.

The school site's organizational structure is open and flexible contributing to sensitivity concerning school safety issues and promoting a safe, orderly school environment conducive to learning.

#### Disaster Procedures, Routine and Emergency

A contingency plan for emergencies is contained in a handbook available to each staff member. The District's Emergency Response Plan - (ERP Plan) is listed at the last section of this plan. The plan is reviewed at the beginning of each school year. This plan also contains available district and outside agency resources, emergency disaster procedures and information on Standardized Emergency Management System (SEMS).

### Classroom Organization and Structure

## **(I) School Discipline Rules and Consequences (EC 35291 and EC 35291.5)**

### **Orangewood High School and eAcademy Student Conduct Code**

#### Procedures to Ensure a Safe and Orderly Environment

##### Rules and Procedures on School Discipline

##### Philosophy of Discipline

- Behavior expectations and the consequences for not meeting expectations must be clearly communicated to all students and their parents (in writing as well as verbally).
- The severity of consequences for violating behavior expectations increases with each incident of inappropriate behavior.
- The consequences for violating behavior expectations should be severe enough to discourage students from making poor behavior decisions.
- Expectations and consequences should permit students an opportunity to eliminate inappropriate behavior.

Additionally, the school staff recognizes that the middle school years are a transition time from adolescence to young adulthood. As a part of this transition, the student is given greater opportunities to be responsible and demonstrate independence and good judgment. The structure of our behavior expectations (in the classroom as well as school wide) is meant to encourage students to be responsible. The first step in many instances of inappropriate behavior (those considered to be "minor") is a simple warning ("Your behavior is unacceptable. Please stop such behavior"). It is only when a student ignores such warnings and continues to choose to act irresponsibly (like a child rather than an emerging adult) that we involve parents and implement consequences.

#### Elements of a Good Discipline Program

1. The program is focused upon making the entire campus, especially the classroom, a safe, supportive and orderly environment for learning for students and staff.
2. Classroom authority is retained by the classroom teacher. (Administration's role is to support, not to replace.)
3. Rules and procedures are clearly understood by staff and students.
4. All staff members will acknowledge and take appropriate action on any minor or major infraction of the school rules.
5. Rules and procedures comply with State Law and District policies.
6. The program recognizes the responsibilities and the rights of students and staff.
7. Program is structured to keep students in class and engaged in the educational process.
8. Rules are enforced:
  - A. by all staff members at all times.
  - B. strictly, but not rigidly (beware of "automatics").
  - C. in substantial part by adult modeling.
  - D. using techniques that promote the growth of positive self-esteem.
  - E. as close to the source as is possible.
  - F. by keeping parents informed.
9. The discipline program is understood, endorsed, and supported by staff, parents, and students.

#### PRINCIPAL'S STATEMENT TO STAFF

##### Expectations in Developing & Maintaining Discipline

As Principal of our school, I will expect;

Each teacher to have a defined system of classroom management. A written description of this system, including representative examples of the progressive interventions you intend to employ, will be approved and filed by me. Whenever possible and appropriate, teachers are encouraged to use standards and systems that are consistent with other village/department members.

You can expect

Each administrator to assist and support you in every reasonable way in developing, implementing, and refining that system as needed.

I will expect

That when you refer a student for discipline:

1. The student has been made fully aware of classroom and school rules and knows what rules he/she has violated.
2. Teachers within a village will discuss any continuing behavior problems and schedule a team conference with the student and parents when appropriate.
3. That information will be provided on the referral regarding previous actions you have taken regarding this specific issue.
4. You have exhausted the interventions at your disposal (i.e., you have done everything you can do) and you have followed the guidelines established by the administration and staff on what constitutes an appropriate behavior referral.
5. The behavior was so serious or so blatant as to make immediate removal from the classroom necessary.
6. The written referral will be explicit in stating the offense(s).
7. You will send the student out of class with a referral only if his/her continued presence in the class would disrupt or prevent teaching and/or learning.
8. If necessary, the referral will be delivered to the office at a time convenient to the staff member so that the issue may be handled most efficiently, causing a minimum of lost class time.

You can expect

1. Each administrator to support your position in every reasonable way.
2. A response time on your referral of one, or at most, two days.

3. The availability of an administrator to discuss unresolved referrals after school on any given day.
4. That the administrator will exercise independent judgment regarding disposition of referrals.

I will expect

1. That each teacher will go to the doorway of his/her classroom after each class period as often as possible and assume control of student behavior in the corridor.
2. That each staff member will hold students accountable for their behavior on the school grounds at all times.

You can expect

1. Administrator support, investigation, and follow-through as indicated.
2. A response to referrals from incidents outside the classroom to be the same as to those within.

### **Conduct Code Procedures**

#### **WHAT TO DO WHEN PROBLEMS APPEAR**

Both behavioral and academic problems are present in some of our students. Teachers often ask for guidelines for dealing with these problems. Here they are:

1. Talk to the administrator assigned to your grade level.
2. Call parents at first sign of concern. Inform the parents of your observations, ask for their ideas, assistance, and support in serving the student. Keep a log of your calls.
3. If possible, talk privately to the student about your concerns.
4. Behavior concerns—look through students' CUM file. Any official suspensions will be in file, also look for teacher comments on report cards. Look for patterns of behavior. We use In-House Suspension whenever possible, as it is preferable to having students at home unattended—and it saves the district money. Serious infractions (fighting, threats, etc.) do result in official suspension. Unresponsive students can be moved to other schools or expelled.
5. Referrals—please remember if you write a student referral, you are required to call the parents. You are writing the referral and can answer the parents' questions firsthand. Administrators will also call parents, but we can only give secondhand information on the incident.
6. Academic Concerns—again, look through student CUM. This will contain test scores, report cards, and a student history. You may want to ask the grade level administrator to schedule a Student Study Team (SST). This will involve a meeting with the student, parents, administrators, students' teachers, and perhaps the psychologist

### **(K) Hate Crime Reporting Procedures and Policies**

#### **1. Recognizing Hate Crimes:**

Ensure that all members of the school community, including students, staff, and parents, are educated on what constitutes a hate crime or incident. This includes any action, behavior, or expression that targets an individual or group based on their race, ethnicity, religion, gender, sexual orientation, disability, or other protected characteristic. Work to prevent hate crimes with MTSS measures.

#### **2. Multiple Reporting Channels:**

Provide multiple channels for reporting hate crimes or incidents to encourage students, staff, and parents to come forward without fear of retaliation. These channels may include:

In-person reporting to trusted staff members (e.g., teachers, counselors, administrators).

Anonymous reporting through Sprigeo or WeTip

Reporting to trusted adults outside of the school community (e.g., parents, guardians).

Immediately stop and/or remove hate language and victim (if needed).

#### **3. Reporting to Designated Staff:**

Ensure that these staff members are trained in sensitivity, confidentiality, and the proper handling of hate crime reports.

#### **4. Immediate Response:**

Treat all reports seriously and respond promptly.

If an incident is ongoing or poses an immediate threat, contact law enforcement or emergency services if necessary. Contact Rudy Wilson and use the online reporting system.

**5. Confidentiality:**

Maintain the confidentiality of the reporter to the greatest extent possible, consistent with the need to investigate and address the incident.

**6. Investigation:**

Conduct a thorough and impartial investigation into the reported hate crime or incident.

Involve relevant stakeholders, such as school security, compliance assistant superintendent, Title IX coordinator, safety manager, counselors, and administrators, in the investigation.

**7. Support for Victims:**

Ensure that victims of hate crimes or incidents receive appropriate support, including counseling and resources to address emotional and psychological distress.

**8. Disciplinary Action:**

# Blood Borne Pathogen Incident Reporting Form and Exposure Control Plan

## Policy 5141.22: Infectious Diseases

The Governing Board desires to protect students from risks posed by exposure to infectious diseases while providing an appropriate education for all students.

The Superintendent or designee shall determine whether to admit a student with an infectious disease, and shall exclude students only in accordance with law. In making this determination, he/she shall consult the student's parents/guardians, the student's physician and/or the county health department, in accordance with law and consistent with confidentiality provisions. Because bloodborne pathogens such as hepatitis B virus, hepatitis C virus and human immunodeficiency virus (HIV) are not casually transmitted, the sole presence of bloodborne pathogens is not sufficient reason to exclude students from attending school.

(cf. 5112.2 - Exclusions from Attendance)  
(cf. 5141.26 - Tuberculosis Testing)  
(cf. 5141.3 - Health Examinations)  
(cf. 6158 - Independent Study)  
(cf. 6159 - Individualized Education Program)  
(cf. 6183 - Home/Hospital Instruction)

Parents/guardians are encouraged to inform the Superintendent or designee if their child has an infectious disease so that school staff may work cooperatively with the student's parents/guardians to minimize the child's exposure to other diseases in the school setting. The Superintendent or designee shall ensure that student confidentiality rights are strictly observed in accordance with law. No district employee shall release medical information, including knowledge of a bloodborne pathogen infection, without written consent from the parent/guardian or adult student. Such information shall be shared only with those persons specifically named in the written permission.

(cf. 5125 - Student Records)  
(cf. 5022 - Student and Family Privacy Rights)

The Board requires students and staff to routinely observe universal precautions to prevent exposure to bloodborne pathogens and to prevent the spread of all infectious disease.

(cf. 4119.42/4219.42/4319.42 - Exposure Control Plan for Bloodborne Pathogens)  
(cf. 4119.43/4219.43/4319.43 - Universal Precautions)  
(cf. 5141.23 - Infectious Disease Prevention)

The Superintendent or designee shall ensure that the district's health education program provides information about the nature of bloodborne pathogens and their transmission.

(cf. 5141.6 - Student Health and Social Services)  
(cf. 6142.2 - Sexual Health and HIV/AIDS Prevention Instruction)  
(cf. 6142.8 - Comprehensive Health Education)

# Blood Borne Pathogens - Safety Practices

## Procedures and Regulations

### 1. General

1.1 While recognizing that both students and employees diagnosed with an infectious blood borne disease are entitled to a confidential relationship between themselves, the medical community and/or other agencies, the Board of School Trustees encourages these individuals to meet with the School Principal and/or Superintendent of Schools to discuss their disease and immediate and future needs.

1.2 Assessment

### 2. Students:

2.1. The Superintendent (or designate) will be informed, by the school principal as soon as is known, of any student infected with an infectious blood borne disease.

2.2. A Risk Assessment will be conducted using a team approach including the personal physician, public health personnel, the parent or guardian, and school district personnel as appropriate and will make recommendations about the type of educational and care setting based on the following:

- a. Behavior, neurological development and physical condition of the child;
- b. Type of interaction expected with others.
- c. What the potential is for exposure
- d. Areas for potential for exposure
- e. How exposure may happen
- f. Who needs to know?
- g. What will happen if there is a risk of exposure?

2.3. The team will consider the risk to others in the workplace, whether or not the individual is healthy enough to continue to attend school, and what precautions should be taken to ensure the safety and health of others.

- a. The identity of infected students will remain confidential and restricted to those who need to know or are required to be informed.

2.4. Decisions on attendance at school are dependent on the circumstances of each individual case. Regular evaluation of the appropriateness of attendance will be conducted.

2.5. The Board will be notified immediately when the team considers the health condition of a student to be a danger to the immediate health and welfare of a school, its students or employees of the Board.

- a. Upon being notified of the team's concern, the Board will refer the matter to the Medical Health Officer in accordance with the procedures outlined in the School Act.

### 3. Employees

3.1. The Superintendent will be informed, by district staff as soon as is known, of any employee infected with an infectious blood borne disease.

3.2. Employees with an infectious blood borne disease, who are able to carry out the essential duties of their jobs in a satisfactory manner without posing a health or safety risk to themselves or others, will be entitled to continue their work.

3.3. Decisions regarding potential health or safety hazards will be made on a case-by-case basis in consultation with the employee, the personal physician and district personnel as appropriate.

3.4. The identity of infected employees will remain confidential and restricted to those who need to know or are required to be informed.

- 3.5. The Board will be notified immediately if the Superintendent considers the health condition of an employee to be a danger to the immediate health and welfare of a school, its students or other employees of the Board.
- Upon being notified of the Superintendent's concern, the Board will refer the matter to the Medical Health Officer in accordance with the procedures outlined in the School Act.

#### 4. Hygienic Safety Practices

- 4.1. All employees will follow "Universal Infection Control Precautions" by assuming that blood and other body fluids from all individuals are potentially infectious. These precautions include:
- Routinely using gloves when anticipating contact with blood
  - Immediately washing hands and other skin surfaces after removal of gloves and/or contact with blood
- 4.2. Schools will be provided with appropriate protective equipment including disposable waterproof gloves (natural rubber latex, neoprene, nitrile, or vinyl), tongs or pliers and proper sharps containers.
- 4.3. Schools' medical room mattresses will be either vinyl-coated beds or cloth mattress with a protective vinyl (plastic) covering so that they can be cleaned as needed with a bleach solution.
- 4.4. Blankets can be cleaned as needed by forwarding them, in a clearly labeled plastic bag, to the Assistant Supervisor Operations at the Facilities Office.

#### 5. Universal Precautions

- 5.1. Universal Precautions to prevent transmission of blood-borne disease will be followed. *Universal Precautions* is the term for infection control measures endorsed by the Canadian Centre for Occupational Health and Safety for workers who might come into contact with blood and other body fluids. In summary they include:
- Wash hands for 30 seconds after contact with blood and other body fluids contaminated with blood.
  - Wear disposable latex gloves when you encounter blood, body fluids, or when cleaning cuts, scrapes or wounds. Wash your hands as soon as you remove your gloves. Dispose gloves in a plastic bag.
  - Use disposable absorbent material like paper towels to stop bleeding.
  - Discard bloodstained material in a sealed plastic bag and deposit in the garbage. Label as containing blood-tainted material.
  - Cover cuts or scrapes with a bandage until healed.
  - Immediately protect staff and students from coming in contact with blood-soiled surfaces. The area must be disinfected with a fresh solution of one part bleach and nine-parts water (10% bleach solution).

Mops or brushes used for cleaning should be soaked in a bleach solution for 20 minutes.

(Note: The custodial department will provide each school with the product for dissolving in water to provide the bleach solution.)

#### 6. Identification of Risks of Occupational Exposure

- 6.1. In accordance with the Occupational Health and Safety Regulations (section 6.35), the district's Health & Safety Coordinator will develop and maintain a list of positions and/or tasks and procedures where there is a potential for occupational exposure to a blood borne pathogen.
- 6.2. Employees who have, or may have, occupational exposure to the hepatitis B virus, will upon request, receive a hepatitis B vaccination (section 6.39, OH&S Regs).
- 6.3. Employees who may have been exposed to a blood borne pathogen in an exposure incident will be advised to immediately seek medical attention

Blood Borne Pathogen Incident Reporting Form and Exposure Control Plan .....75

Blood Borne Pathogens - Safety Practices .....76

## Comprehensive School Safety Plan Purpose

Effective January 1, 2019, Assembly Bill 1747 (Rodriguez), School Safety Plans, became law. This bill requires that during the writing and development of the comprehensive school safety plan (CSSP), the school site council or safety committee consult with a fire department and other first responder entities in addition to currently required entities. It requires the CSSP and any updates made to the plan to be shared with the law enforcement agency, the fire department, and the other first responder entities.

The California Education Code (sections 32280-32288) outlines the requirements of all schools operating any kindergarten and any grades 1 to 12, inclusive, to write and develop a school safety plan relevant to the needs and resources of that particular school.

In 2004, the Legislature and Governor recast and renumbered the Comprehensive School Safety Plan provisions in SB 719 and AB 115. It is the intent of the Legislature in enacting the provisions to support California public schools as they develop their mandated comprehensive safety plans that are the result of a systematic planning process, that include strategies aimed at the prevention of, and education about, potential incidents involving crime and violence on school campuses.

The historical requirement of the Comprehensive School Safety Plan was presented in Senate Bill 187, which was approved by the Governor and chaptered in 1997. This legislation contained a sunset clause that stated that this legislation would remain in effect only until January 1, 2000. Senate Bill 334 was approved and chaptered in 1999 and perpetuated this legislation under the requirement of the initial legislation.

Comprehensive School Safety Plans are required under SB 719 & AB 115 and contains the following elements:

Assessment of school crime committed on school campuses and at school-related functions

- Child abuse reporting procedures
- Disaster procedures
- Suspension and expulsion policies
- Procedures to notify teachers of dangerous pupils
- Discrimination and harassment policies
- School wide dress code policies
- Procedures for safe ingress and egress
- Policies enacted to maintain a safe and orderly environment
- Rules and procedures on school discipline
- Hate crime reporting procedures

The Comprehensive School Safety Plan will be reviewed and updated by March 1st every year. In July of every year, the school will report on the status of its school safety plan including a description of its key elements in the annual school accountability report card.

A copy of the Comprehensive School Safety Plan is available for review at the Redlands East Valley High School office..

#### Policy 5141.4: Child Abuse Prevention and Reporting

The Governing Board recognizes that the district has a responsibility to facilitate the prompt reporting of incidents of child abuse and neglect. The Superintendent or designee shall ensure that parents/guardians have access to procedures whereby they can report suspected child abuse at a school site to appropriate child protective agencies

The Superintendent or designee shall develop and implement regulations for use by employees in identifying and reporting child abuse

District employees shall report known or suspected incidents of child abuse in accordance with district regulations and state law. Employees shall cooperate with the child protective agencies responsible for reporting, investigating and prosecuting cases of child abuse.

(cf. 4112.9 - Signed Statements/Child Abuse Reporting Statements)

The Superintendent or designee shall provide training in child abuse identification and reporting for all certificated and classified personnel. (Penal Code 11165.7)

All employees trained in child abuse identification and reporting shall be given, as a part of that training, written notice of the child abuse reporting requirements and the employees' confidentiality rights. (Penal Code 11165.7)

In order to reduce or eliminate unfounded child abuse accusations directed at school employees, child abuse in service training shall include guidance in disciplining students and maintaining ethical relationships with them.

(cf. 3514 - Safety)

(cf. 5142 - Safety)

#### Duty to Report

Certificated employees and classified employees trained in child abuse identification and reporting shall report known or suspected child abuse to a child protective agency by telephone immediately or as soon as practically possible and in writing within 36 hours. The reporting duties are individual and cannot be delegated to another individual except under circumstances set forth in Penal Code 11166.

#### Definitions

Child Abuse includes the following:

1. A physical injury inflicted by other than accidental means on a child by another person.
2. Willful cruelty or unjustifiable punishment of a child, or willfully inflicting unjustifiable physical pain or mental suffering, or failure to safeguard a child from these injuries when the child is under a person's care or custody
3. Sexual abuse of a child
4. Neglect of a child or abuse in out-of-home care
5. Unlawful corporal punishment or injury resulting in a traumatic condition

Mandated Reporters are those people defined by law as child care custodians, health practitioners, child visitation monitors and employees of a child protective agency. Mandated reporters include virtually all school employees. The following school personnel are required to report:

Teachers, administrators, supervisors of child welfare and attendance, certificated student personnel employees, employees of care institutions, Headstart teachers, school psychologists, licensed nurses, counselors, presenters of child abuse prevention programs and those instructional aides or other classified employees trained in child abuse reporting.

Child Protective Agencies are those law enforcement and child protective services responsible for investigating child abuse reports, including the local police or sheriff department, county welfare or juvenile probation department and child protective services.

Reasonable Suspicion means that it is objectively reasonable for a person to entertain such a suspicion, based upon facts that could cause a reasonable person in a like position, drawing when appropriate on his/her training and experience, to suspect child abuse. (Penal Code 11166)

#### Reporting Procedures

To report known or suspects child abuse, any employee (as defined above) shall report by telephone to the local child protective agency immediately. (Child Protective Services 921 County Center, 3 Court, Modesto, CA phone # 525- 6641)

The following information shall be given:

1. The name of the person making the report
2. The name of the child
3. The present location of the child
4. The nature and extent of any injury

Any other information requested by the child protective agency, including the information that led the mandated reporter to suspect child abuse.

When the verbal report is made, the mandated reporter shall note the name of the official contacted, the date and time contacted, and any instructions or advice received.

Within 36 hours of making the telephone report, the mandated reporter shall complete and mail to the local child protective agency a written report which includes a completed Department of Justice form (DOJ SS 8572).

Mandated reports may obtain copies of the above form either from the district or local child protective agency.

Instructions are included on the form, and reporters may ask the site administrator for help in completing and mailing it; however, the mandated reporter is personally responsible for ensuring that the written report is correctly filed.

Employees reporting child abuse to a child protective agency are encouraged, but not required, to notify the site administrator or designee as soon as possible after the initial verbal report by telephone. When so notified, the site administrator shall inform the Superintendent or designee.

Administrators so notified shall provide the mandated reporter any assistance necessary to ensure that reporting procedures are carried out in accordance with law and district regulations. At the mandated reporter's request, the principal may assist in completing and filing the form.

If the mandated reporter does not disclose his/her identity to a district administrator, he/she shall at least provide or mail a copy of the written report to the site administrator and the district without his/her signature or name.

#### Legal Responsibility and Liability

Mandated reporters have absolute immunity. School employees required to report are not civilly or criminally liable for filing a required or authorized report of known or suspected child abuse.

A mandated reporter who fails to report an instance of child abuse, which he/she knows to exist or reasonably should know to exist, is guilty of a misdemeanor and is punishable by confinement in jail for a term not to exceed six months or by a fine of not more than \$1,000 or both. The mandated reporter may also be held civilly liable for damages for any injury to the child after a failure to report

When two or more persons who are required to report have joint knowledge of suspected instance of child abuse, and when they so agree, the telephone report may be made by either of them and a single report made and signed by that person.

However, if any person who knows or should know that the person designated failed to make the report, that person then has a duty to make the report.

The duty to report child abuse is an individual duty and no supervisor or administrator may impede or inhibit such reporting duties. Furthermore, no person making such a report shall be subject to any sanction.

#### Victim Interview

Upon request, a child protective agency representative may upon request interview a suspected victim of child abuse during school hours, on school premises, concerning a report of suspected child abuse that occurred within the child's home. The child shall be given the choice of being interviewed in private or in the presence of any adult school employee or volunteer aide selected by the child. (Penal Code 11174.3)

A staff member or volunteer aide selected by a child may decline to be present at the interview. If the selected person accepts, the principal or designee shall inform him/her, before the interview takes place, of the following legal requirements:

1. The purpose of the selected person's presence at the interview is to lend support to the child and enable him/her to be as comfortable as possible.
2. The selected person shall not participate in the interview.
3. The selected person shall not discuss the facts or circumstances of the case with the child.
4. The selected person is subject to the confidentiality requirements of the Child Abuse and Reporting Act, a violation of which is punishable as specified by Penal Code 11167.5.
5. If a staff member agrees to be present, the interview shall be held at a time during school hours when it does not involve an expense to the school. (Penal Code 11174.3)

#### Release of Child to Peace Officer or Child Protective Services Agent

When a child is released to a peace officer or child protective agency and taken into custody as a victim of suspected child abuse, the Superintendent and/or principal shall not notify the parent/guardian as required in other instances of removal of a child from school, but rather shall provide the protective agency with the address and telephone number of the child's parent/guardian. It is the responsibility of the peace officer or agent to notify the parent/guardian of the situation. (Education Code 48906)

Peace officer and child protective services agents will be asked to sign an appropriate release or acceptance of responsibility form.

(cf. 5145.11 - Questioning and Apprehension)

#### When School Employees are Accused of Child Abuse

Regardless of who child abusers may be, the major responsibilities of mandated reports are to 1) identify incidents of suspected child abuse, and 2) comply with laws requiring the reporting of suspected abuse to proper authorities. Determining whether or not the suspected abuse actually occurred is not the responsibility of the school employee. Such determination and follow-up investigation will be made by a child protective agency.

Pending outcome of an investigation by a child protective agency and before formal charges are filed, the employee may be subject to reassignment or a paid leave of absence.

Upon filing formal charges or upon conviction, the district may take disciplinary action in accordance with law, district policies, regulations and/or collective bargaining agreements. The Superintendent or designee shall seek legal counsel in connection with either the suspension or dismissal of the employee.

Whenever the Superintendent or designee recommends an expulsion hearing that addresses allegations of sexual assault or sexual battery, he/she shall give the complaining witness a copy of the district's suspension and expulsion policy and regulation and shall advise the witness of his/her right to: (Educational Code 48918.5)

1. Receive five days' notice of his/her scheduled testimony at the hearing
2. Have up to two adult support persons of his/her choosing present in the hearing at the time he/she testifies
3. Have a closed hearing during the time he/she testifies

Whenever any allegation of sexual assault or sexual battery is made, the Superintendent or designee shall immediately advise complaining witnesses and accused students to refrain from personal or telephone contact with each other during the time when an expulsion process is pending. (Education Code 48918.5)

#### On-Campus Suspension Program

The Board recognizes that students who are suspended from school frequently have no supervision or guidance during the school hours when they are off campus. The Board believes that in many cases, instead of sending the student off campus, it would be better to address the student's misconduct by keeping the student at school and providing him/her with supervision that is separated from the regular classroom.

The Superintendent or designee shall examine alternatives to off-campus suspension and may establish a suspension program which involves progressive discipline during the school day on campus; using conferences between staff, parents/guardians and students; detention; student study teams or other assessment-related teams; and/or referral to school support services staff.

#### Required Parental Attendance

The Board believes that parental involvement plays an important role in the resolution of classroom behavior problems. The Board expects that teachers will communicate with parents/guardians when behavior problems arise

Whenever a student is suspended from a class because he/she committed an obscene act, engaged in habitual profanity or vulgarity, disrupted school activities or otherwise willfully defied valid staff authority, the teacher of the class from which the student was suspended may require the student's parent/guardian to attend a portion of a school day in that class. After completing the classroom visit and before leaving school premises, the parent/guardian also shall meet with the principal or designee. (Education Code 48900.1)

The Board encourages teachers, before requiring parental attendance, to make reasonable efforts to have the parent/guardian visit the class voluntarily. The teacher also may consider informing the parent/guardian about available resources which may provide help in the development of parenting skills. Teachers should reserve the option of required parental attendance for cases in which they have determined that it is the best strategy to promote positive interaction between the student and the parent/guardian and to improve classroom behavior.

Parental attendance may be required on the day the student returns to class or within one week thereafter. The principal or designee shall contact any parents/guardians who do not respond to the request to attend school. The Board recognizes that parental compliance with this policy may be delayed, modified or prevented by serious illness/injury/disability, absence from town, or inability to get certain release time from work.

The teacher shall apply this policy uniformly to all students within the classroom. This policy shall apply only to a parent/guardian who actually lives with the student. (Education Code 48900.1)

District regulations and school-site rules for student discipline shall include procedures for implementing parental attendance requirements.

Parents/guardians shall be notified of this policy before it is implemented and at the beginning of each subsequent school year. (Education Code 48900.1, 35291, 48980)

#### Decision Not to Enforce Expulsion Order

In cases where expulsion is mandatory pursuant to Education Code 48915(c), the enforcement of an expulsion order shall not be suspended by the Board. In all other cases of expulsion, the order for expulsion may be suspended by the Board, on a case-by-case basis, pursuant to the requirements of law.

#### Suspension from Class by a Teacher/Parental Attendance

A teacher may suspend any student from the teacher's class for any of the acts listed under "Grounds for Suspension and Expulsion" above for the day of the suspension and the day following. (Education Code 48910)

Suspension from class means the removal of a student from class by a teacher for the day of the suspension and the next day. A teacher may suspend a student from class and may also refer a student for consideration of suspension from school for any act listed in "Grounds for Suspension and Expulsion" above. (Education Code 48910)

When suspending a student from his/her class, the teacher shall immediately report this action to the principal and send the student to the principal for appropriate action. The student shall be appropriately supervised during the class periods from which he/she has been suspended.

As soon as possible, the teacher shall ask the student's parent/guardian to attend a parent-teacher conference regarding the suspension. A counselor or psychologist should attend the conference if it is practicable, and a school administrator may attend if either the parent/guardian or teacher so request.

A suspended student shall not be returned to class during the period of suspension without the approval of the teacher of the class and the principal. (Education Code 48910)

A student suspended from class shall not be placed in another regular class during the period of suspension. However, if a student is assigned to more than one class per day, he/she may be placed in any other regular classes except those held at the same time as the class from which the student was suspended. (Education Code 48910)

The teacher of any class from which a student is suspended may require the suspended student to complete any assignments and tests missed during the suspension. (Education Code 48913)

When a teacher requires a parent/guardian to attend school in accordance with Board Policy, the principal shall send the parent/guardian a written notice that the parent/guardian's attendance is required pursuant to law. (Education Code 48900.1)

1. This notice shall also tell the parent/guardian when his/her presence is expected and by what means he/she may arrange any necessary change.
2. The notice shall describe the protections afforded to the parent/guardian as an employee by Labor Code 230.7.
3. The notice shall state that if the parent/guardian does not have a means of transportation to school, he/she may ride the school bus with the student.

The teacher shall remind the parent/guardian to meet with the principal or designee after completing the classroom visit and before leaving school premises.

#### Suspension By Superintendent, Principal Or Principal's Designee

A Superintendent, principal, or principal's designee may suspend a student from a school for any of the acts listed under "Grounds for Suspension and Expulsion" above for not more than five consecutive school days unless the suspension is extended pending expulsion. (Education Code 48911)

The Superintendent or designee shall immediately suspend any student found at school or at a school activity to be: (Education Code 48915)

1. Possessing, as verified by a district employee, or selling or otherwise furnishing a firearm, unless the student had obtained prior written permission to possess the item from a certificated school employee, with the principal or designee's concurrence.
2. Brandishing a knife, as defined in Education Code 48915(g), at another person.

3. Unlawfully selling a controlled substance listed in Health and Safety Code 11053-11058.

4. Committing or attempting to commit a sexual assault or committing a sexual battery as defined in item 414 under "Grounds for Suspension and Expulsion" above.

5. Possession of an explosive as defined in 18 USC 921.

Suspension may be imposed upon a first offense if the Superintendent, principal or designee determines the student violated items (i) - (v) listed in "Grounds For Suspension and Expulsion" above or if the student's presence causes a danger to persons or property or threatens to disrupt the instructional process. (Education Code 48900.5)

A student may be suspended from school for not more than 20 school days in any school year, unless for purposes of adjustment a student enrolls in or is transferred to another regular school, an opportunity school, or continuation school or class, in which case suspension shall not exceed 30 days in any school year. However, this restriction on the number of days of suspension does not apply when the suspension is extended pending an expulsion. (Education Code 48903 and 48912)

#### Suspension Procedures

1. Informal Conference: Suspension shall be preceded by an informal conference conducted by the principal or designee or the Superintendent or designee between the student, and whenever practicable, the teacher, supervisor or school employee who referred the student to the principal. At the conference, the student shall be informed of the reason for the disciplinary action and the evidence against him/her and shall be given the opportunity to present his/her version and evidence in support of his/her defense. (Education Code 48911(b))

This conference may be omitted if the principal, designee or the Superintendent or designee determines that an emergency situation exists. An "emergency situation" involves a clear and present danger to the lives, safety or health of students or school personnel. If the pre-suspension conference is not held, both the parent/guardian and student shall be notified of the student's right to return to school for the purpose of a conference. The conference shall be held within two school days, unless the student waives his/her right to it or is physically unable to attend for any reason. In such case, the conference will be held as soon as the student is physically able to return to school. (Education Code 48911(c))

2. Administrative Actions: All requests for student suspension are to be processed by the principal or designee of the school in which the student is enrolled at the time of the misbehavior

A school employee shall report the suspension, including the name of the student and the cause for the suspension, to the Superintendent or designee, who in turn will inform the Board.

3. Notice to Parents/Guardians: At the time of the suspension, a school employee shall make a reasonable effort to contact the parent/guardian by telephone or in person. Whenever a student is suspended, the parent/guardian shall be notified in writing of the suspension. (Education Code 48911)

This notice shall state the specific offense committed by the student. (Education Code 48900.8)

In addition, the notice may also state the date and time when the student may return to school.

Should school officials wish to ask the parent/guardian to confer regarding matters pertinent to the suspension, the notice may also add that state law requires the parent/guardian to respond to such request without delay.

4. Parent/Guardian Conference: Whenever a student is suspended, school officials may meet with the parent/guardian to discuss the causes and duration of the suspension, the school policy involved, and any other pertinent matters. (Education Code 48914)

While the parent/guardian is required to respond without delay to a request for a conference about a student's behavior, no penalties may be imposed on the student for the failure of the parent/guardian to attend such conference. The student may not be denied readmission solely because the parent/guardian failed to attend. (Education Code 48911)

5. Extension of Suspension: If the expulsion of a suspended student is being considered by the Board, the Superintendent or designee may, in writing, extend the suspension until such time as the Board has made a decision. (Education Code 48911(g))

Any extension of the original period of suspension shall be preceded by notice of such extension with an offer to hold a conference concerning the extension, giving the student an opportunity to be heard. This conference may be held in conjunction with a meeting requested by the student or parent/guardian to challenge the original suspension. Extension of the suspension may be made only if the Superintendent or designee determines, following a meeting in which the student and the student's parent/guardian were invited to participate, that the student's presence at the school or at an alternative school would endanger persons or property or threaten to disrupt the instructional process. (Education Code 48911(g))

#### Suspension by the Board

The Board may suspend a student for any of the acts listed in "Grounds for Suspension and Expulsion" above and within the limits specified in "Suspension by Superintendent, Principal or Principal's Designee" above. (Education Code 48912)

The Board may suspend a student enrolled in a continuation school or class for a period not longer than the remainder of the semester if any of the acts listed in "Grounds for Suspension and Expulsion" occurred. The suspension shall meet the requirements of Education Code 48915. (Education Code 48912.5)

When the Board is considering a suspension, disciplinary action, or any other action (except expulsion) against any student, it may hold closed sessions if a public hearing would lead to disclosure of information which would violate a student's right to privacy under Education Code 49073-49079.

(cf. 9321 -Closed Session Purposes and Agendas)

The Board shall provide the student with written notice of the closed session by registered or certified mail. Upon receiving this notice the student may request a public meeting, and this request shall be granted if made in writing (within 48 hours after receipt of the Board's notice). However, any discussion that conflicts with any other student's right to privacy shall be in closed session. (Education Codes 48912)

#### Authority to Expel

A student may be expelled only by the Board. The Board shall expel, as required by law, any student found to have committed certain offenses listed below under "Mandatory Recommendation and Mandatory Expulsion."

The Board may also order a student expelled for any of the acts listed above under "Grounds for Suspension and Expulsion" upon recommendation by the principal, Superintendent, hearing officer or administrative panel, based on finding either or both of the following: (Education Code 48915(b) and (e))

1. That other means of correction are not feasible
2. That due to the nature of the violation, the presence of the student causes a continuing danger to the physical safety of the student or others

#### Mandatory Recommendation For Expulsion

The principal, Superintendent or designee shall recommend a student's expulsion for any of the following acts, unless the principal or Superintendent or designee finds, and reports in writing to the Board, that expulsion is inappropriate due to particular circumstances which shall be set out in the report of the incident:

1. Causing serious physical injury to another person, except in self-defense.
2. Possession of any knife as defined in Education Code 48915(g), explosive or other dangerous object of no reasonable use to the student.

4. Robbery or extortion.
5. Assault or battery, as defined in Penal Code 240 and 242, upon any school employee.

#### Mandatory Recommendation And Mandatory Expulsion

The principal, Superintendent or designee shall recommend that the Board expel any student found at school or at a school activity off school grounds to be: (Education Code 48915(c))

1. Possessing, as verified by a district employee, or selling or otherwise furnishing a firearm, unless the student had obtained prior written permission to possess the item from a certificated school employee, with the principal or designee's concurrence. (Education Code 48915(c).1)
2. Brandishing a knife as defined in Education Code 48915(g) at another person. (Education Code 48915(c).2)

Upon finding that the student committed any of the above acts, the Board shall expel the student. (Education Code 48915)

#### Student's Right to Expulsion Hearing

The student is entitled to a hearing to determine whether the student should be expelled. The hearing shall be held within 30 school days after the principal or Superintendent or designee determines that one of the acts listed under "Grounds for Suspension and Expulsion" has occurred. (Education Code 48918(a))

The student is entitled to one postponement of an expulsion hearing for a period of not more than 30 calendar days. The request for postponement shall be in writing. Any subsequent postponement may be granted at the district's discretion. (Education Code 48918(a))

If the district finds it impracticable to comply with these time requirements for conducting an expulsion hearing, the Superintendent or designee may, for good cause, extend the time period by an additional five school days. Reasons for the extension shall be included as a part of the record when the expulsion hearing is held. (Education Code 48918(a))

Once the hearing starts, all matters shall be pursued with reasonable diligence and concluded without unnecessary delay. (Education Code 48918(a))

#### Rights of Complaining Witness

An expulsion hearing involving allegations of sexual assault or sexual battery may be postponed for one school day in order to accommodate the special physical, mental or emotional needs of a student who is the complaining witness. (Education Code 48915.5)

Whenever the Superintendent or designee recommends an expulsion hearing that addresses allegations of sexual assault or sexual battery, he/she shall give the complaining witness a copy of the district's suspension and expulsion policy and regulation and shall advise the witness of his/her right to: (Education Code 48915.5)

1. Receive five days' notice of his/her scheduled testimony at the hearing.

2. Have up to two adult support persons of his/her choosing present in the hearing at the time he/she testifies.

1. Closed Session: Notwithstanding the provisions of Government Code 54953 and Education Code 35145, the Board shall conduct the hearing or arrange for an alternative hearing to consider the expulsion of the student in a session closed to the public unless the student requests in writing at least five days prior to the hearing that the hearing be a public meeting. If such request is made, the meeting shall be public

Whether the expulsion hearing is held in closed or public session, the Board may meet in closed session to deliberate and determine if the student should be expelled. If the Board admits any other person to the closed session, the parent/guardian, the student, counsel of the student and counsel of the parent/guardian shall also be allowed to attend the closed session. (Education Code 48918(c))

If a hearing that involves a charge of sexual assault or sexual battery is to be conducted in public, a complaining witness shall have the right to have his/her testimony heard in closed session when testifying in public would threaten serious psychological harm to the witness and when there are no alternative procedures to avoid the threatened harm, including but not limited to videotaped deposition or contemporaneous examination in another place communicated to the hearing room by closed-circuit television. (Education Code 48918(c))

2. Record of Hearing: A record of the hearing shall be made and may be maintained by any means, including electronic recording, so long as a reasonably accurate written and complete transcription of the proceedings can be made. (Education Code 48918(g))

3. Presentation of Evidence: While technical rules of evidence do not apply to such hearings, evidence may be admitted and used as proof only if it is the kind of evidence on which reasonable persons can rely in the conduct of serious affairs. The decision of the Board to expel must be supported by substantial evidence that the student committed any of the above acts listed under "Grounds for Suspension and Expulsion" above. Findings of fact shall be based solely on the evidence at the hearing.

While no evidence shall be based solely on hearsay, sworn declarations may be admitted as testimony from witnesses whose disclosure of their identity or testimony at the hearing may subject them to an unreasonable risk of physical or psychological harm. (Education Code 48918 (f) and

In cases where a search of a student's person or property has occurred, evidence describing the reasonableness of the search shall be included in the hearing record.

4. Testimony by Complaining Witness: The following procedures shall be observed when hearings involve allegations of sexual assault or sexual battery by a student: (Education Code 48918)

- a. Any complaining witness shall be given five days' notice before being called to testify.
- b. Any complaining witness shall be entitled to have up to two adult support persons, including but not limited to a parent/guardian or legal counsel, present during his/her testimony.
- c. Before a complaining witness testifies, support persons shall be admonished that the hearing is confidential.
- d. The person presiding over the hearing may remove a support person whom he/she finds is disrupting the hearing.
- e. If one or both support persons are also witnesses, the hearing shall be conducted according to Penal Code 868.5.
- f. Evidence of specific instances of prior sexual conduct of a complaining witness shall be presumed inadmissible and shall not be heard unless the person conducting the hearing determines that extraordinary circumstances require the evidence to be heard.

Before such a determination is made, the complaining witness shall be given notice and an opportunity to oppose the introduction of this evidence. In the hearing on the admissibility of this evidence, the complaining witness shall be entitled to be represented by a parent/guardian, legal counsel or other support person. Reputation or opinion evidence regarding the sexual behavior of a complaining witness shall not be admissible for any purpose.

g. In order to facilitate a free and accurate statement of the experiences of the complaining witness and to prevent discouragement of complaints, the district shall provide a nonthreatening environment.

(1) The district shall provide a room separate from the hearing room for the use of the complaining witness before and during breaks in testimony.

(2) At the discretion of the person conducting the hearing, the complaining witness shall be allowed reasonable periods of relief from examination and cross-examination during which he/she may leave the hearing room.

(3) The person conducting the hearing may:

- (a) Arrange the seating within the hearing room so as to facilitate a less intimidating environment for the complaining witness.
- (b) Limit the time for taking the testimony of a complaining witness to the hours he/she is normally in school, if there is no good cause to take the testimony during other hours.
- (c) Permit one of the support persons to accompany the complaining witness to the witness stand.

6. Decision Within Ten Days: The Board's decision on whether to expel a student shall be made within ten school days after the conclusion of the hearing, unless the student requests in writing that the decision be postponed. (Education Code 48918(a))

7. Decision Within 40 Days: If the Board does not meet on a weekly basis, its decision on whether to expel a student shall be made within 40 school days after the student is removed from his/her school of attendance, unless the student requests in writing that the decision be postponed. (Education Code 48918(a))

#### Alternative Hearing: Hearing Officer or Administrative Panel

Instead of conducting an expulsion hearing itself, the Board may contract with the county hearing officer or with the Office of Administrative Hearings of the State of California for a hearing officer. Alternatively, the Board may appoint an impartial administrative panel composed of three or more certificated personnel, none of whom shall be members of the Board or on the staff of the school in which the student is enrolled. (Education Code 48918(d))

A hearing conducted by the hearing officer or administrative panel shall conform to the same procedures as apply to a hearing conducted by the Board as specified in "Conduct of Expulsion Hearing" above.

The hearing officer or administrative panel shall, within three school days after the hearing, determine whether to recommend expulsion of the student to the Board. If expulsion is not recommended, the student shall be immediately reinstated. (See "Reinstatement" below.) The Superintendent or designee shall place the student in a classroom instructional program, any other instructional program, a rehabilitation program, or any combination of these programs after consulting with district staff, including the student's teachers and with the student's parent/guardian. (Education Code 48918(e))

If expulsion is recommended, findings of fact in support of the recommendation shall be prepared and submitted to the Board. All findings of fact and recommendations shall be based solely on the evidence presented at the hearing. The Board may accept the recommendation based either upon a review of the findings of fact and recommendations submitted or upon the results of any supplementary hearing the Board may order. (Education Code 48918(f))

The hearing officer or administrative panel may recommend that the Board suspend the expulsion for a period of one year. (See "Suspension of Expulsion" below.)

The Board shall make its decision about the student's expulsion within 40 school days after the date of the student's removal from school unless the student requests in writing that the decision be postponed. (Education Code 48918(a))

#### Stipulated Expulsions

It is the policy of the Redlands Unified School District that, where approved by the Superintendent or designee, parents/guardians may agree to the expulsion of their pupil by stipulation without necessity of a hearing. This process will expedite the pupil's school placement and may expedite the rehabilitation process.

A stipulated expulsion must be purely voluntary. No district administrator or staff member may coerce a pupil, parent or guardian into entering into such a stipulation. Parents/guardians will be given three calendar days to decide on a stipulated expulsion agreement.

If the parent/guardian requests a stipulated expulsion, the Superintendent or designee will promulgate the stipulated agreement. If at any time the parent/guardian decides not to pursue a stipulated agreement, the expulsion proceedings and timelines, extended by the length of the period for consideration of the stipulation, will be reinstated. The stipulated agreement will be presented to the Board for final consideration.

The stipulated agreement will include the terms and conditions of the expulsion order, including alternative placement and a rehabilitation plan to be completed before the student can be re-admitted to the district.

#### Final Action by the Board

Whether the expulsion hearing is conducted in closed or public session by the Board, a hearing officer, or an administrative panel, the final action to expel must be taken by the Board at a public meeting. (Education Code 48918(f)) The Board shall maintain a record of each expulsion, including its cause. Expulsion records shall be non-privileged, disclosable public records.

(cf. 9321.1 - Closed Session Actions and Reports)

If the Board conducts the hearing and reaches a decision not to expel, this decision shall be final and the student shall be reinstated immediately.

Upon ordering the expulsion, the Board shall set a date when the student shall be reviewed for readmission to a school within the district. For a student expelled for an act listed under "Mandatory Recommendation and Mandatory Expulsion" above, this date shall be one year from the date the expulsion occurred, except that the Board may set an earlier date on a case-by-case basis. For a student expelled for other acts, this date shall be no later than the last day of the semester following the semester in which the expulsion occurred. (Education Code 48916)

At the time of the expulsion order, the Board shall recommend a plan for the student's rehabilitation, which may include: (Education Code 48916)

1. Periodic review as well as assessment of the student at the time of review for readmission.
2. Recommendations for improved academic performance, tutoring, special education assessments, job training, counseling, employment, community service and other rehabilitative programs.
3. Such other recommendations as the Board approves.

With parental consent, students who have been expelled for reasons relating to controlled substances or alcohol may be required to enroll in a county-sponsored drug rehabilitation program before returning to school. (Education Code 48916.5)

Upon expulsion, a copy of readmission procedures will be made available to the student and his/her parent/guardian.

#### Written Notice to Expel

The Superintendent or designee shall send written notice of the decision to expel to the student or parent/guardian. The notice shall include the following:

1. The specific offense committed by the student for any of the causes for suspension or expulsion listed in Education Code 48900(a)-(o), Education Code 48900.2-48900.4 and Education Code 48915(c). (Education Code 48900.8)
2. The fact that a description of readmission procedures will be made available to the student and his/her parent/guardian. (Education Code 48916)
3. Notice of the right to appeal such expulsion to the County Board of Education. (Education Code 48918)
4. Notice of the alternative educational placement to be provided to the student during the time of expulsion. (Education Code 48918)
5. The notice also shall inform the student or parent/guardian of his/her obligation to inform any new district in which the student seeks to enroll of the student's status with the expelling district, pursuant to Education Code 48915.1. (Education Code 48918)

#### Suspension of Expulsion

The Board, upon voting to expel a student, may suspend the enforcement of the expulsion order for not more than one calendar year. When deciding whether to suspend an expulsion, the Board shall take into account the following criteria:

1. The student's previous behavior.
2. The seriousness of the misconduct.
3. The student's attitude toward the misconduct and his/her willingness to follow a rehabilitation program.

The suspension of the enforcement of an expulsion shall be governed by the following: (Education Code 48917)

1. The Board may, as a condition of the suspension of enforcement, assign the student to a school, class or program appropriate for the student's rehabilitation. This rehabilitation program may provide for the involvement of the student's parent/guardian in the student's education. However, a parent/guardian's refusal to participate in the rehabilitation program shall not be considered in the Board's determination as to whether the student has satisfactorily completed the rehabilitation program.
2. During the period when enforcement of the expulsion order is suspended, the student shall be on probationary status.
3. The suspension of expulsion order may be revoked by the Board if the student commits any of the acts listed under "Grounds for Suspension and Expulsion" above or violates any of the district's rules and regulations governing student conduct.
4. When suspension of expulsion order is revoked, a student may be expelled under the terms of the original expulsion order
5. Upon satisfactory completion of the rehabilitation assignment, the Board shall reinstate the student in a district school. Upon reinstatement, the Board may order the expungement of any or all records of the expulsion proceedings.
6. Suspension of an expulsion order shall not affect the time period and requirements for the filing of an appeal of the expulsion order with the County Board of Education.
7. The Superintendent or designee shall send written notice of any decision to suspend the enforcement of an expulsion order during a period of probation to the student or parent/guardian. The notice shall also inform the parent/guardian of the right to appeal the expulsion to the County Board of Education. (Education Code 48918(i))

#### Right to Appeal

The student or parent/guardian is entitled to file an appeal of the Board's decision to the County Board of Education.

The appeal must be filed within 30 days of the Board's decision to expel, even if the expulsion action is suspended and the student is placed on probation. (Education Code 48919)

#### Post-Expulsion Placements

The Board shall refer expelled students to a program of study that is: (Education Code 48915, 48915.01)

1. Appropriately prepared to accommodate students who exhibit discipline problems.
2. Not provided at a comprehensive middle, junior or senior high school or at any elementary school, unless the program is offered at a community day school established at such a site.
3. Not housed at the school site attended by the student at the time of suspension.

(cf. 6185 - Community Day School)

When the placement described above is not available, and when the County Superintendent of Schools so certifies, students expelled for acts described in items #6 through # 13 and # 17 through # 19 under "Grounds for Suspension and Expulsion" above may be instead referred to a program of study that is provided at another comprehensive middle, junior, or senior high school, or at an elementary school.

The program for a student expelled from any of grades K-6 shall not be combined or merged with programs offered to students in any of grades 7-12. (Education Code 48916.1)

#### Reinstatement

When the Board accepts a recommendation against expulsion or makes its own decision after the hearing not to expel, the decision is final and the student shall be reinstated immediately. The Superintendent or designee shall place the student in any classroom program, other instructional program, rehabilitation program, or any combination of such programs following consultation with district personnel, including the teacher involved, and with the student's parent/guardian. (Education Code 48918(e))

## Readmission

An expulsion order shall remain in effect until the Board may order the readmission of the student.

Readmission procedures shall be as follows:

1. A written request for review of expulsion action and request for readmission shall be submitted by the parent/guardian to the Superintendent or designee.
2. The Superintendent or designee will hold a conference with the parent/guardian and the student.
3. At the conference the conditions for readmission will be reviewed. The Superintendent or designee shall verify that the rehabilitation plan has been met.
4. School regulations will be reviewed and the student and parent/guardian will be asked to indicate in writing their willingness to comply with these regulations.
5. The Superintendent or designee will transmit the request for readmission to the Board, along with his/her recommendation. The Board shall consider the request in closed session if the information would be disclosed in violation of Education Code 49073-49079. If a written request for open session is received from the parent/guardian or adult student, it will be honored.
6. The Superintendent or designee will notify the student or parent/guardian, by registered mail, of the district's decision regarding readmission.
7. The Board may deny readmission only if it finds that the student has not satisfied the conditions of the rehabilitation plan or that the student continues to pose a danger to campus safety or to other district students or employees. (Education Code 48916)
8. If the Board denies the readmission of a student, the Board shall determine either to continue the student's placement in the alternative educational program initially selected or to place the student in another program that serves expelled students, including placement in a county community school. (Education Code 48916)
9. The Board shall provide written notice to the expelled student and parent/guardian describing the reasons for denying readmittance into the regular program. This notice shall indicate the Board's determination of the educational program which the Board has chosen. The student shall enroll in that program unless the parent/guardian chooses to enroll the student in another school district. (Education Code 48916)

## Maintenance of Records

The Board will maintain a record of each expulsion, including the specific cause of the expulsion. The expulsion record shall be maintained in the student's mandatory interim record and sent to any school in which the student subsequently enrolls, within five days of a written request by the admitting school. (Education Code 48900.8, 48918(k))

The Superintendent or designee shall, within five working days, honor any other district's request for information about an expulsion from this district. (Education Code 48915.1)

cf. 5119 - Students Expelled from Other Districts)

(cf. 5125 - Student Records)

## Notifications and Reports

Within one school day after a student's suspension or expulsion, the principal or designee shall notify appropriate city or county law enforcement authorities, by telephone or other appropriate means, of any student acts which may violate Education Code 48900(c) or (d), relating to the possession, use, offering or sale of controlled substances, alcohol, or intoxicants of any kind.

Prior to the suspension or expulsion of any student, the principal or designee shall notify appropriate city or county law enforcement authorities of any student acts of assault which may have violated Penal Code 245. (Education Code 48902)

The principal or designee also shall notify appropriate city or county law enforcement authorities of any student acts which may involve the possession or sale of narcotics or of a controlled substance or possession of weapons or firearms in violation of Penal Code 626.9 and 626.10. (Education Code 48902)

#### Outcome Data

The Superintendent or designee shall maintain the following data and report such data annually to the California Department of Education, using forms supplied by the California Department of Education: (Education Code 48900.8, 48916.1)

1. The number of students recommended for expulsion.
2. The specific grounds for each recommended expulsion.
3. Whether the student was subsequently expelled.
4. Whether the expulsion order was suspended.
5. The type of referral made after the expulsion.
6. The disposition of the student after the end of the expulsion period.

A student in grades 4 through 12 is also subject to suspension or recommendation for expulsion when it is determined that he/she:

17. Committed sexual harassment as defined in Education Code 212.5. (Education Code 48900.2)

Pursuant to Education Code 48900.2 the conduct constitutes harassment when considered from the perspective of a reasonable person of the same gender as the victim to be sufficiently severe or pervasive as to have a negative impact upon the victim's academic performance or to create an intimidating, hostile or offensive educational environment.

(Education Code 48900.4)

(cf. 5145.3 - Nondiscrimination/Harassment)

A student may be suspended or expelled for any of the acts listed above if the act is related to school activity or school attendance occurring at any district school under the jurisdiction of the Superintendent or principal or within any other school district, including but not limited to the following circumstances: (Education Code 48900)

Alternatives to suspension or expulsion will be used with students who are truant, tardy, or otherwise absent from assigned school activities.

(cf. 5113 - Absences and Excuses)

(cf. 5113.1 - Truancy)

#### Removal from Class by a Teacher/Parental Attendance

A teacher may suspend any student from his/her class for the remainder of the day and the following day for any act listed in "Grounds for Suspension and Expulsion" above. (Education Code 48910)

A teacher also may refer a student to the principal or designee for consideration of suspension from school. (Education Code 48910)

When removing a student from his/her class, the teacher shall immediately report this action to the principal and send the student to the principal for appropriate action. The student shall be appropriately supervised during the class periods from which he/she has been removed.

As soon as possible, the teacher shall ask the student's parent/guardian to attend a parent-teacher conference regarding the removal. A counselor or psychologist should attend the conference if it is practicable, and a school administrator may attend if either the parent/guardian or teacher so requests.

A student removed from class shall not be returned to class during the period of removal without the approval of the teacher of the class and the principal. (Education Code 48910)

A student removed from class shall not be placed in another regular class during the period of removal. However, if a student is assigned to more than one class per day, he/she may be placed in any other regular classes except those held at the same time as the class from which the student was removed. (Education Code 48910)

The teacher of any class from which a student is removed may require the student to complete any assignments and tests missed during the removal. (Education Code 48913)

Pursuant to Board policy, a teacher may provide that the parent/guardian of a student whom the teacher has removed attend a portion of a school day in his/her child's classroom. When a teacher makes this request, the principal shall send the parent/guardian a written notice that the parent/guardian's attendance is requested pursuant to law. (Education Code 48900.1)

This notice shall also:

1. Inform the parent/guardian when his/her presence is expected and by what means he/she may arrange an alternate date.
2. Describe the legal protections afforded to the parent/guardian as an employee under Labor Code 230.7.
3. State that if the parent/guardian does not have a means of transportation to school, he/she may ride the school bus with the student.
4. Ask the parent/guardian to meet with the principal after the visit and before leaving school, as required by Education Code 48900.1.

Suspension by Superintendent, Principal or Principal's Designee

The Superintendent, principal or principal's designee may suspend a student from a school for not more than five consecutive school days unless the suspension is extended pending expulsion. (Education Code 48911)

The Superintendent or designee shall immediately suspend any student found at school or at a school activity to be: (Education Code 48915)

1. Possessing, as verified by a district employee, or selling or otherwise furnishing a firearm, unless the student had obtained prior written permission to possess the item from a certificated school employee, with the principal or designee's concurrence.
2. Brandishing a knife, as defined in Education Code 48915(g), at another person.
3. Unlawfully selling a controlled substance listed in Health and Safety Code 11053-11058.
4. Committing or attempting to commit a sexual assault or committing a sexual battery as defined in item #14 under "Grounds for Suspension and Expulsion".
5. Possession of an explosive as defined in 18 USC 921.

Suspension also may be imposed upon a first offense if the Superintendent, principal or designee determines the student violated items #1-5 listed in "Grounds for Suspension and Expulsion" above or if the student's presence causes a danger to persons or property or threatens to disrupt the instructional process. (Education Code 48900.5)

A student may be suspended from school for not more than 20 school days in any school year, unless for purposes of adjustment a student enrolls in or is transferred to another regular school, an opportunity school, or continuation school or class, in which case suspension shall not exceed 30 days in any school year. However, this restriction on the number of days of suspension does not apply when the suspension is extended pending an expulsion. (Education Code 48903, 48912)

The Superintendent or designee may count suspensions that occur while a student is enrolled in another school district toward the maximum number of days for which a student may be suspended in any school year. (Education Code 48903)

Suspensions shall be initiated according to the following procedures:

1. Informal Conference: Suspension shall be preceded by an informal conference conducted by the principal, designee or the Superintendent with the student and whenever practicable, the teacher, supervisor or school employee who referred the student to the principal. At the conference, the student shall be informed of the reason for the disciplinary action and the evidence against him/her; the student shall be given the opportunity to present his/her version and evidence in support of his/her defense. (Education Code 48911(b))

This conference may be omitted if the principal, designee or the Superintendent determines that an emergency situation exists. An "emergency situation" involves a clear and present danger to the lives, safety or health of students or school personnel. If a student is suspended without this conference, both the parent/guardian and student shall be notified of the student's right to return to school for the purpose of a conference. The conference shall be held within two school days, unless the student waives his/her right to it or is physically unable to attend for any reason. In such case, the conference will be held as soon as the student is physically able to return to school. (Education Code 48911(c))

2. Administrative Actions: All requests for student suspension are to be processed by the principal or designee of the school in which the student is enrolled at the time of the misbehavior. A school employee shall report the suspension, including the name of the student and the cause for the suspension, to the Superintendent or designee.

3. Notice to Parents/Guardians: At the time of the suspension, a school employee shall make a reasonable effort to contact the parent/guardian by telephone or in person. Whenever a student is suspended, the parent/guardian shall be notified in writing of the suspension. (Education Code 48911)

This notice shall state the specific offense committed by the student. (Education Code 48900.8).

In addition, the notice may also state the date and time when the student may return to school. If school officials wish to ask the parent/guardian to confer regarding matters pertinent to the suspension, the notice may add that state law requires the parent/guardian to respond to such requests without delay.

4. Parent/Guardian Conference: Whenever a student is suspended, school officials may meet with the parent/guardian to discuss the causes and duration of the suspension, the school policy involved, and any other pertinent matters. (Education Code 48914)

While the parent/guardian is required to respond without delay to a request for a conference about a student's behavior, no penalties may be imposed on the student for the failure of the parent/guardian to attend such conference. The student may not be denied readmission solely because the parent/guardian failed to attend. (Education Code 48911)

5. Extension of Suspension: If the Board is considering the expulsion of a suspended student from any school or the suspension of a student for the balance of the semester from continuation school, the Superintendent or designee may, in writing, extend the suspension until such time as the Board has made a decision. (Education Code 48911(g))

Any extension of the original period of suspension shall be preceded by notice of such extension with an offer to hold a conference concerning the extension, giving the student an opportunity to be heard. This conference may be held in conjunction with a meeting requested by the student or parent/guardian to challenge the original suspension. Extension of the suspension may be made only if the Superintendent or designee determines, following a meeting in which the student and the student's parent/guardian were invited to participate, that the student's presence at the school or at an alternative school would endanger persons or property or threaten to disrupt the instructional process. (Education Code 48911)

#### Suspension by the Board

The Board may suspend a student for any of the acts listed in "Grounds for Suspension and Expulsion" above and within the limits specified in "Suspension by Superintendent, Principal or Principal's Designee" above. (Education Code 48912)

The Board may suspend a student enrolled in a continuation school or class for a period not longer than the remainder of the semester if any of the acts listed in “Grounds for Suspension and Expulsion” occurred. The suspension shall meet the requirements of Education Code 48915. (Education Code 48912.5)

When the Board is considering a suspension, disciplinary action, or any other action (except expulsion) against any student, it shall hold closed sessions if a public hearing would lead to disclosure of information violating a student’s right privacy under Education Code 49073-49079.

(cf. 9321 - Closed Session Purposes and Agendas)

The Board shall provide the student and his/her parent/guardian with written notice of the closed session by or certified mail. Upon receiving this notice, the student or parent/guardian may request a public meeting, and this request shall be granted if made in writing within 48 hours after receipt of the Board's notice. However, any discussion that conflicts with any other student's right to privacy still shall be held in closed session. (Education Codes 35146, 48912)

#### On-Campus Suspension Program

Students for whom an expulsion action has not been initiated and who pose no imminent danger or threat to the school may be assigned to a separate, supervised suspension classroom for the entire period of suspension. The following conditions shall apply: (Education Code 48911.1)

1. The supervised suspension classroom shall be staffed in accordance with law.
2. The student shall have access to appropriate counseling services.
3. The supervised suspension classroom shall promote completion of schoolwork and tests missed by the student during the suspension.
4. Each student shall be responsible for contacting his/her teacher(s) to receive assignments to be completed in the supervised suspension classroom. The teacher shall provide all assignments and tests that the student will miss while suspended. If no such work is assigned, the person supervising the suspension classroom shall assign schoolwork.

At the time a student is assigned to a supervised suspension classroom, the principal or designee shall notify the student’s parent/guardian in person or by telephone. When the assignment is for longer than one class period, this notification shall be made in writing. (Education Code 48911.1)

#### Authority to Expel

A student may be expelled only by the Board. The Board shall expel, as required by law, any student found to have committed certain offenses listed below under “Mandatory Recommendation and Mandatory Expulsion.”

The Board also may order a student expelled for any of the acts listed under “Grounds for Suspension and Expulsion” upon recommendation by the principal, Superintendent, hearing officer or administrative panel, based on finding either or both of the following: (Education Code 48915 (b) and (e))

1. That other means of correction are not feasible or have repeatedly failed to bring about proper conduct.
2. That due to the nature of the violation, the presence of the student causes a continuing danger to the physical safety of the student or others.

#### Mandatory Recommendation for Expulsion

Unless the principal, Superintendent or designee finds that expulsion is inappropriate due to particular circumstances, the principal, Superintendent or designee shall recommend a student’s expulsion for any of the following acts: (Education Code 48915 (a))

1. Causing serious physical injury to another person, except in self-defense.
2. Possession of any knife as defined in Education Code 48915(g), explosive or other dangerous object of no reasonable use to the student.
3. Unlawful possession of any controlled substance, as listed in the Health and Safety Code 11053-11058, except for the first offense for the possession of not more than one ounce of marijuana, other than concentrated cannabis.
4. Robbery or extortion.
5. Assault or battery, as defined in Penal Code 240 and 242, upon any school employee.

#### Mandatory Recommendation and Mandatory Expulsion

Note: The Attorney General has determined, in 80 Ops.Cal. Atty. Gen. 347 (1997), that a district may not adopt a zero tolerance policy mandating expulsion of a student for a first offense of possession of a controlled substance or alcohol.

The principal, Superintendent or designee shall recommend that the Board expel any student found at school or at a school activity to be: (Education Code 48915(c))

1. Possessing, as verified by a district employee, or selling or otherwise furnishing a firearm, unless the student had obtained prior written permission to possess the item from a certificated school employee, with the principal or designee's concurrence.
2. Brandishing a knife as defined in Education Code 48915(g) at another person.
3. Unlawfully selling a controlled substance listed in Health and Safety Code 11053-11058
4. Committing or attempting to commit a sexual assault or committing a sexual battery as defined in item #14 under "Grounds for Suspension and Expulsion" above.
5. Possessing an explosive as defined in 18 USC 921.

Upon finding that the student committed any of the above acts, the Board shall expel the student. (Education Code 48915)

The initial recommendation for consideration of expulsion is that of the school principal or the Superintendent. Designees may not make this type of recommendation.

The recommendation for consideration of expulsion shall be submitted to the Director, Office of Student Services, who will review the material and recommend:

1. Reassignment to appropriate regular education program.
2. Refer student to Alternative Program; i.e., Community School, Independent Study, Continuation or Opportunity School, or other district programs.
3. Refer the matter to the Discipline Review Panel for further consideration.

When a case is referred to the discipline Review Panel, the panel shall question school personnel who have information on the incident and the behavior record of the student charged and weighs the evidence presented.

The panel shall, in the case of an expulsion consideration, weigh information presented to determine:

- a. Is the evidence sufficient to support consideration by the expulsion panel?
- b. Has the district, through the schools involved, considered or utilized alternatives to expulsion when possible?
- c. Have due process procedures been adhered to?

The recommendation shall be either to proceed with the expulsion or to utilize an existing practical alternative in lieu of expulsion.

If the district (school) has not adhered to due process requirements, the student shall be returned to school immediately.

If the Discipline Review Panel meets to consider a matter other than an expulsion, it shall provide its best judgment as to an effective alternative program or plan to action.

The recommendation of the Discipline Review Panel shall be forwarded to the Director, Office of Student Services, who shall then review the facts, concur, veto or modify the recommendation.

4. That an expulsion panel be convened.

At the time a recommendation for expulsion is submitted, a hearing shall be scheduled by the Superintendent or designee to determine whether the suspension shall be extended. If the decision is to extend the suspension, the period of time shall be until the Board has rendered a decision or until the expulsion process is otherwise terminated.

The extension of suspension shall be based upon determination by the Superintendent or designee that the presence of the student at the school or in an alternative school placement would cause a danger to persons or property or a threat of disrupting the instructional process. This extension shall be imposed only after the student and the parent/guardian have been given the opportunity to be present at a hearing conducted by the Superintendent or designee. At this time, the student and parent/guardian shall be given the opportunity to be heard and present any information that might bear upon the decision.

Materials which support the decision of the person recommending the expulsion shall be prepared and submitted to the Office of Student Services. The departments of Attendance, Guidance, Special Education and/or Health may be requested to assist in the preparation of this material.

#### Student's Right to Expulsion Hearing

The student is entitled to a hearing to determine whether the student should be expelled. The hearing shall be held within 30 school days after the principal or Superintendent or designee determines that one of the acts listed under "Grounds for Suspension and Expulsion" has occurred. (Education Code 48918 (a))

The student is entitled to one postponement of an expulsion hearing for a period of not more than 30 calendar days. The request for postponement shall be in writing. Any subsequent postponement may be granted at the Board's discretion. (Education Code 48918(a))

If the Board finds it impractical during the school year to comply with these time requirements for conducting an expulsion hearing, the Superintendent or designee may, for good cause, extend the time period by an additional five school days. Reasons for the extension shall be included as a part of the record when the expulsion hearing is held. (Education Code 48918(a))

If the Board finds it impractical to comply with the time requirements of the expulsion hearing due to summer recess of Board meetings of more than two weeks, the days during the recess shall not be counted as school days. The days not counted during the recess may not exceed 20 school days as defined in Education Code 48925. Unless the student requests in writing that the expulsion hearing be postponed, the hearing shall be held no later than 20 calendar days prior to the first day of the next school year. (Education Code 48918(a))

Once the hearing starts, all matters shall be pursued with reasonable diligence and concluded without unnecessary delay. (Education Code 48918(a))

#### Waiver of Hearing (Default Proceedings)

If the parent/guardian agrees that their son/daughter behaved essentially in the manner stated in the principals letter recommending expulsion and that such behavior constitutes a violation of the California Education Code, Section 48900, 48900.2, 48900.3, 48900.4, 48900.7 and/or 48915 a suspendable/expellable offense, the parent/guardian may request to waive the Administrative Hearing Panel.

When the parent/guardian agrees to waive the Administrative Hearing Panel, they also waive all notification and timelines related to the expulsion hearing process, along with their rights to appeal the determination of the Board.

The signed affidavit and findings of fact will be submitted to the Board for their approval. The Board has the discretionary power to accept, reject, or modify all recommendations.

#### Rights of Complaining Witness

An expulsion hearing involving allegations of sexual assault or sexual battery may be postponed for one school day in order to accommodate the special physical, mental or emotional needs of a student who is the complaining witness. (Education Code 48918.5)

Whenever the Superintendent or designee recommends an expulsion hearing that addresses allegations of sexual assault or sexual battery, he/she shall give the complaining witness a copy of the district's suspension and expulsion policy and regulation and shall advise the witness of his/her right to all the following: (Education Code 48918.5)

1. Receive five days' notice of his/her scheduled testimony at the hearing.
2. Have up to two adult support persons of his/her choosing present in the hearing at the time he/she testifies.
3. Have a closed hearing during the time he/she testifies.

Whenever any allegation of sexual assault or sexual battery is made, the Superintendent or designee shall immediately advise complaining witnesses and accused students to refrain from personal or telephone contact with each other during the time when an expulsion process is pending. (Education Code 48918.5)

## Written Notice of the Expulsion Hearing (Education Code 48918(b))

Written notice of the hearing shall be forwarded to the student and the student's parent/guardian at least 10 calendar days before the date of the hearing. The notice shall include: (Education Code 48900.8, 48918 (b))

1. The date and place of the hearing.
2. A statement of the specific facts, charges and offense upon which the proposed expulsion is based.
3. A copy of district disciplinary rules which relate to the alleged violation.
4. Notification of the student's or parent/guardian's obligation, pursuant to Education Code 48915.1, to provide information about the student's status in the district to any other district in which the student seeks enrollment. This obligation applies when a student is expelled for acts other than those described in Education Code 48915 (a) or (c).  
(cf. 5119 - Students Expelled from other Districts)

5. The opportunity for the student or the student's parent/guardian to appear in person and/or be represented by legal counsel or by a non-attorney advisor.

Legal counsel means an attorney or lawyer who is admitted to the practice of law in California and is an active member of the State Bar of California.

Non-attorney advisor means an individual who is not an attorney or lawyer, but who is familiar with the facts of the case, and has been selected by the student or student's parent/guardian to provide assistance at the hearing.

6. The right to inspect and obtain copies of all documents to be used at the hearing.
7. The opportunity to confront and question all witnesses who testify at the hearing.
8. The opportunity to question all evidence presented and to present oral and documentary evidence on the student's behalf, including witnesses.

### Conduct of Expulsion Hearing

1. Closed Session: Notwithstanding the provisions of Government Code 54953 and Education Code 35145, the Board shall conduct a hearing to consider the expulsion of the student in a session closed to the public unless the student requests in writing at least five days prior to the hearing that the hearing be a public meeting. If such request is made, the meeting shall be public, unless another student's privacy rights would be violated.

Whether the expulsion hearing is held in closed or public session, the Board may meet in closed session to determine if the student should be expelled. If the Board admits any other person to the closed session, the parent/guardian, the student, and the counsel of the student, shall also be allowed to attend the closed session. (Education Code 48918(c))

If a hearing that involves a charge of sexual assault or sexual battery is to be conducted in public, a complaining witness shall have the right to have his/her testimony heard in closed session when testifying in public would threaten serious psychological harm to the witness and when there are no alternative procedures to avoid the threatened harm, including but not limited to videotaped deposition or contemporaneous examination in another place communicated to the hearing room by closed-circuit television. (Education Code 48918(c))

2. Record of Hearing: A record of the hearing shall be made and may be maintained by any means, including electronic recording, as long as a reasonably accurate written and complete transcription of the proceedings can be made. (Education Code 48918(g))

3. Subpoenas: Before commencing a student expulsion hearing, the Board may issue subpoenas, at the request of either the student or the Superintendent or designee, for the personal appearance at the hearing of any person who actually witnessed the action that gave rise to the recommendation for expulsion. After the hearing has commenced, the Board or the hearing officer or administrative panel may issue such subpoenas at the request of the student or the County Superintendent of Schools or designee. All subpoenas shall be issued in accordance with the Code of Civil Procedure 1985-1985.2 and enforced in accordance with Government Code 11455.20, formerly 11525. (Education Code 48918(i))

Any objection raised by the student or the Superintendent or designee to the issuance of subpoenas may be considered by the Board in closed session, or in open session if so requested by the student, before the meeting. The Board's decision in response to such an objection shall be final and binding. (Education Code 48918(i))

If the Board determines, or if the hearing officer or administrative panel finds and submits to the Board, that a witness would be subject to unreasonable risk of harm by testifying at the hearing, a subpoena shall not be issued to compel the personal attendance of that witness at the hearing. However, that witness may be compelled to testify by means of a sworn declaration as described in item #4 below. (Education Code 48918(i))

4. Presentation of Evidence: While technical rules of evidence do not apply to expulsion hearings, evidence may be admitted and used as proof only if it is the kind of evidence on which reasonable persons can rely in the conduct of serious affairs. The decision of the Board to expel must be supported by substantial evidence that the student committed any of the acts listed in "Grounds for Suspension and Expulsion" above.

Findings of fact shall be based solely on the evidence at the hearing. While no evidence shall be based solely on hearsay, sworn declarations may be admitted as testimony from witnesses whose disclosure of their identity or testimony at the hearing may subject them to an unreasonable risk of physical or psychological harm. (Education Code 48918 (f) and (h))

In cases where a search of a student's person or property has occurred, evidence describing the reasonableness of the search shall be included in the hearing record.

5. Testimony by Complaining Witnesses: The following procedures shall be observed when hearings involve allegations of sexual assault or sexual battery by a student: (Education Code 48918)

- a. Any complaining witness shall be given five days' notice before being called to testify.
- b. Any complaining witness shall be entitled to have up to two adult support persons, including but not limited to a parent/guardian or legal counsel, present during his/her testimony.
- c. Before a complaining witness testifies, support persons shall be admonished that the hearing is confidential.
- d. The person presiding over the hearing may remove a support person whom he/she finds is disrupting the hearing.
- e. If one or both support persons are also witnesses, the hearing shall be conducted according to Penal Code 868.5.
- f. Evidence of specific instances of prior sexual conduct of a complaining witness shall be presumed inadmissible and shall not be heard unless the person conducting the hearing determines that extraordinary circumstances require the evidence to be heard. Before such a determination is made, the complaining witness shall be given notice and an opportunity to oppose the introduction of this evidence. In the hearing on the admissibility of this evidence, the complaining witness shall be entitled to be represented by a parent/guardian, legal counsel or other support person. Reputation or opinion evidence regarding the sexual behavior of a complaining witness shall not be admissible for any purpose.
- g. In order to facilitate a free and accurate statement of the experiences of the complaining witness and to prevent discouragement of complaints, the district shall provide a nonthreatening environment.
  - (1) The district shall provide a room separate from the hearing room for the use of the complaining witness before and during breaks in testimony.
  - (2) At the discretion of the person conducting the hearing, the complaining witness shall be allowed reasonable periods of relief from examination and cross-examination during which he/she may leave the hearing room.
  - (3) The person conducting the hearing may:
    - (a) Arrange the seating within the hearing room so as to facilitate a less intimidating environment for the complaining witness.
    - (b) Limit the time for taking the testimony of a complaining witness to the hours he/she is normally in school, if there is no good cause to take the testimony during other hours.
    - (c) Permit one of the support persons to accompany the complaining witness to the witness stand.

6. Decision Within 10 Days: The Board's decision on whether to expel a student shall be made within 10 school days after the conclusion of the hearing, unless the student requests in writing that the decision be postponed. (Education Code 48918(a))

7. Decision Within 40 Days: If the Board does not meet on a weekly basis, its decision on whether to expel a student shall be made within 40 school days after the student is removed from his/her school of attendance, unless the student requests in writing that the decision be postponed. (Education Code 48918(a))

Alternative Expulsion Hearing: Hearing Officer or Administrative Panel

Instead of conducting an expulsion hearing itself, the Board may contract with the county hearing officer or with the Office of Administrative Hearings of the State of California for a hearing officer. Alternatively, the Board may appoint an impartial administrative panel composed of three or more certificated personnel, none of whom shall be members of the Board or on the staff of the school in which the student is enrolled. (Education Code 48918(d))

A hearing conducted by the hearing officer or administrative panel shall conform to the same procedures as apply to a hearing conducted by the Board as specified in "Conduct of Expulsion Hearing."

The hearing officer or administrative panel shall, within three school days after the hearing, determine whether to recommend expulsion of the student to the Board. If expulsion is not recommended, the student shall be immediately reinstated. (See "Reinstatement.") The Superintendent or designee shall place the student in a classroom instructional program, any other instructional program, a rehabilitation program, or any combination of these programs after consulting with district staff, including the student's teachers, and with the student's parent/guardian. (Education Code 48918(e))

If expulsion is recommended, findings of fact in support of the recommendation shall be prepared and submitted to the Board. All findings of fact and recommendations shall be based solely on the evidence presented at the hearing. The Board may accept the recommendation based either upon a review of the findings of fact and recommendations submitted or upon the results of any supplementary hearing the Board may order. (Education Code 48918(f))

In accordance with Board policy, the hearing officer or administrative panel may recommend that the Board suspend the enforcement of the expulsion for a period of one year. (See "Decision Not to Enforce Expulsion Order" below.)

The Board shall make its decision about the student's expulsion within 40 school days after the date of the student's removal from school unless the student requests in writing that the decision be postponed. (Education Code 48918(a))

#### The Discipline Review Panel

The Discipline Review Panel will consist of elementary educators when a review is being made of an elementary student and of secondary educators when a review is being made of secondary student.

1. The Discipline Review Panel shall hear the following types of disciplinary cases:
  - a. Requests for expulsion from site principals or the Superintendent.
  - b. School site administrative requests for assistance (non-expulsion situations).
2. Each discipline review panel shall consist of three certificated persons plus a chairperson and shall consist of elementary educators when a review is being made of an elementary student and of secondary educators when a review is being made of a secondary student. A panelist may not serve on any panel involving a student who is currently attending the school in which he/she is assigned. A representative from Student Services shall be a nonvoting member of each panel.

A chairperson and assistant chairperson, to serve when the chairperson is unable to serve, shall be appointed by the Superintendent or designee and shall serve at his/her pleasure. Neither shall be a member of the Student Services staff.

A pool of panelists shall be established which shall be composed of personnel who have served or are currently serving as members of administrative expulsion panels. The committee chairman shall select members to serve on individual panels.

The meetings of the discipline review panel are open to school district personnel only.

The duties of the Discipline Review Panel are as follows:

1. The chairperson shall call a meeting of the panel as soon as possible, but no later than 10 school days after the receipt of notice of a pending case.
2. A recommendation must be forwarded to the Director, Office of Student Services, within three days of the review hearing.
3. In the event a member of the committee cannot be present at a meeting, the Director, Office of Student Services, will appoint an alternate from the pool to attend.

#### Final Action by the Board

Whether the expulsion hearing is conducted in closed or public session by the Board, a hearing officer, or an administrative panel, the final action to expel shall be taken by the Board at a public meeting. (Education Code 48918(j))

(cf. 9321.1 - Closed Session Actions and Reports)

If the Board conducts the hearing and reaches a decision not to expel, this decision shall be final and the student shall be reinstated immediately.

Upon ordering an expulsion, the Board shall set a date when the student shall be reviewed for readmission to a school within the district. For a student expelled for an act listed under “Mandatory Recommendation and Mandatory Expulsion” above, this date shall be one year from the date the expulsion occurred, except that the Board may set an earlier date on a case-by-case basis. For a student expelled for other acts, this date shall be no later than the last day of the semester following the semester in which the expulsion occurred. (Education Code 48916)

At the time of the expulsion order, the Board shall recommend a plan for the student’s rehabilitation, which may include: (Education Code 48916)

1. Periodic review as well as assessment of the student at the time of review for readmission.
2. Recommendations for improved academic performance, tutoring, special education assessments, job training, counseling, employment, community service and other rehabilitative programs.

With parental consent, students who have been expelled for reasons relating to controlled substances or alcohol may be required to enroll in a county-sponsored drug rehabilitation program before returning to school. (Education Code 48916.5)

**Written Notice to Expel**

The Superintendent or designee shall send written notice of the decision to expel the student or parent/guardian. This notice shall include the following:

1. The specific offense committed by the student for any of the causes for suspension or expulsion listed in Education Code 48900 (a)-(o), Education Code 48900.2-48900.4, Education Code 48915 (c) and (Education Code 48900.8).
2. The fact that a description of readmission procedures will be made available to the student and his/her parent/guardian. (Education Code 48916)
3. Notice of the right to appeal the expulsion to the County Governing Board. (Education Code 48918)
4. Notice of the alternative educational placements to be provided to the student during the time of expulsion. (Education Code 48918)
5. Notice of the student’s or parent/guardian’s obligation to inform any new district in which the student seeks to enroll of the student’s status with the expelling district, pursuant to Education Code 48915.1 (Education Code 48918).

**Decision Not to Enforce Expulsion Order**

In accordance with Board policy, when deciding whether to suspend the enforcement of an expulsion, the Board shall take into account the following criteria:

1. The student’s pattern of behavior.
2. The seriousness of the misconduct.
3. The student’s attitude toward the misconduct and his/her willingness to follow a rehabilitation program.

The suspension of the enforcement of an expulsion shall be governed by the following: (Education Code 48917)

1. The Board may, as a condition of the suspension of enforcement, assign the student to a school, class or program appropriate for the student’s rehabilitation. This rehabilitation program may provide for the involvement of the student’s parent/guardian in the student’s education. However, a parent/guardian’s refusal to participate in the rehabilitation program shall not be considered in the Board’s determination as to whether the student has satisfactorily completed the rehabilitation program.
2. During the period when enforcement of the expulsion order is suspended, the student shall be on probationary status.
3. The suspension of the enforcement of an expulsion order may be revoked by the Board if the student commits any of the acts listed under “Grounds for Suspension and Expulsion” above or violates any of the district’s rules and regulations governing student conduct.
4. When the suspension of the enforcement of an expulsion order is revoked, a student may be expelled under the terms of the original expulsion order.
5. Upon satisfactory completion of the rehabilitation assignment, the Board shall reinstate the student in a district school. Upon reinstatement, the Board may order the expunging of any or all records of the expulsion proceedings.
6. Suspension of the enforcement of an expulsion order shall not affect the time period and requirements for the filing of an appeal of the expulsion order with County Board of Education.

7. The Superintendent or designee shall send written notice of any decision to suspend the enforcement of an expulsion order during a period of probation to the student or parent/guardian. The notice shall also inform the parent/guardian of the right to appeal the expulsion to the County Board of Education. (Education Code 48918 (j))

#### Right to Appeal

The student or parent/guardian is entitled to file an appeal of the Board's decision to the County Board of Education. The appeal must be filed within 30 days of the Board's decision to expel, even if the expulsion action is suspended and the student is placed on probation. (Education Code 48919)

#### Post-Expulsion Placements

The Board shall refer expelled students to a program of study that is: (Education Code 48915, 48915.01)

1. Appropriately prepared to accommodate students who exhibit discipline problems.
2. Not provided at a comprehensive middle, junior or senior high school or at any elementary school, unless the program is offered at a community day school established at such a site.
3. Not housed at the school site attended by the student at the time of suspension.

(cf. 6185 - Community Day School)

When the placement described above is not available, and when the County Superintendent of Schools so certifies, students expelled for acts described in items #6 through #13 and #17 through #19 under "Grounds for Suspension and Expulsion" may be instead referred to a program of study that is provided at another comprehensive middle, junior, or senior high school, or at an elementary school. (Education Code 48915)

The program for a student expelled from any of grades K-6 shall not be combined or merged with programs offered to students in any of grades 7-12. (Education Code 48916.1)

#### Readmission After Expulsion

Readmission procedures shall be as follows:

1. On the date set by the Board when it ordered the expulsion, the district shall consider readmission of the student. (Education Code 48916)
2. The Superintendent or designee shall hold a conference with the parent/guardian and the student. At the conference the student's rehabilitation plan shall be reviewed and the Superintendent or designee shall verify that the provisions of this plan have been met. School regulations shall be reviewed and the student and parent/guardian shall be asked to indicate in writing their willingness to comply with these regulations.
3. The Superintendent or designee shall transmit to the Board his/her recommendation regarding readmission. The Board shall consider this recommendation in closed session if information would be disclosed in violation of Education Code 49073-49079. If a written request for open session is received from the parent/guardian or adult student, it shall be honored.
4. If the readmission is granted, the Superintendent or designee shall notify the student and parent/guardian, by registered mail, of the Board's decision regarding readmission.
5. The Board may deny readmission only if it finds that the student has not satisfied the conditions of the rehabilitation plan or that the student continues to pose a danger to campus safety or to other district students or employees. (Education Code 48916)
6. If the Board denies the readmission of a student, the Board shall determine either to continue the student's placement in the alternative educational program initially selected or to place the student in another program that serves expelled students, including placement in a county community school. (Education Code 48916)
7. The Board shall provide written notice to the expelled student and parent/guardian describing the reasons for denying readmittance into the regular program. This notice shall indicate the Board's determination of the educational program which the Board has chosen. The student shall enroll in that program unless the parent/guardian chooses to enroll the student in another school district. (Education Code 48916)

#### Maintenance of Records

The Board shall maintain a record of each expulsion, including the specific cause of the expulsion. The expulsion record shall be maintained in the student's mandatory interim record and sent to any school in which the student subsequently enrolls, within five days of a written request by the admitting school. (Education Code 48900.8, 48918(k))

The Superintendent or designee shall, within five working days, honor any other district's request for information about an expulsion from this district. (Education Code 48915.1)

(cf. 5119 - Students Expelled from Other Districts)

(cf. 5125 - Student Records)

#### Notifications to Law Enforcement Authorities

Prior to the suspension or expulsion of any student, the principal or designee shall notify appropriate city or county law enforcement authorities of any student acts of assault which may have violated Penal Code 245. (Education Code 48902)

The principal or designee also shall notify appropriate city or county law enforcement authorities of any student acts which may involve the possession or sale of narcotics or of a controlled substance or possession of weapons or firearms in violation of Penal Code 626.9 and 626.10. (Education Code 48902)

Within one school day after a student's suspension or expulsion, the principal or designee shall notify appropriate city or county law enforcement authorities, by telephone or other appropriate means, of any student acts which may violate Education Code 48900(c) or (d), relating to the possession, use, offering or sale of controlled substances, alcohol, or intoxicants of any kind. (Education Code 48902)

#### Ouome Data

The Superintendent or designee shall maintain the following data and report such data annually to the California Department of Education, using forms supplied by the California Department of Education: (Education Code 48900.8, 48916.1)

1. The number of students recommended for expulsion.
2. The grounds for each recommended expulsion.
3. Whether the student was subsequently expelled.
4. Whether the expulsion order was suspended.
5. The type of referral made after the expulsion.
6. The disposition of the student after the end of the expulsion period.

Regulation: REDLANDS UNIFIED SCHOOL DISTRICT

Approved: June 27, 1995, Redlands, California

#### **(D) Procedures to Notify Teachers of Dangerous Pupils (EC 49079)**

Teachers are notified of any student(s) on their rosters who have been suspended per Ed Code 49079. Teachers are also advised of the pupils who are currently on probation.

**(E) Sexual Harassment Policies (EC 212.6 [b])**

## Policy 4119.11: Sex Discrimination and Sex-Based Harassment

The Governing Board is committed to providing a safe work environment that is free of harassment and intimidation. The Board prohibits sexual harassment against district employees by anyone, in any manner, and prohibits retaliatory action or behavior against any persons who complains, testifies, or otherwise participates in the complaint process established pursuant to this policy and accompanying administrative regulation. This policy shall apply to all district employees, interns, volunteers, contractors, job applicants, and other persons with an employment relationship with the district.

(cf. 0410 - Nondiscrimination in District Programs and Activities) (cf. 4030 - Nondiscrimination in Employment)

Sexual harassment includes, but is not limited to, harassment that is based on the sex, gender, gender identity, gender expression, or sexual orientation of the victim and harassment based on pregnancy, childbirth, or related medical conditions.

The Superintendent or designee shall take all actions necessary to ensure the prevention, investigation, and correction of sexual harassment, including but not limited to:

1. Providing training to all staff in accordance with law and administrative regulation.
2. Publicizing and disseminating the district's sexual harassment policy to staff.
3. Ensuring prompt, thorough, equitable, and fair investigation of complaints
4. Taking timely and appropriate corrective/remedial actions which may require interim separation of the complainant and the alleged harasser and subsequent monitoring of developments.

The Superintendent or designee shall periodically evaluate the effectiveness of the district's strategies to prevent and address harassment. Such evaluation may involve conducting regular anonymous employee surveys to assess whether harassment is occurring or is perceived to be tolerated, partnering with researchers or other agencies with the needed expertise to evaluate the district's prevention strategies, and using any other effective tool for receiving feedback on systems and/or processes. As necessary, changes shall be made to the harassment policy, complaint procedures, or training.

### Sexual Harassment Reports and Complaints

Any district employee who feels that he/she has been sexually harassed in the performance of their district responsibilities or who has knowledge of any incident of sexual harassment by or against another employee shall immediately report the incident to his/her supervisor, the principal, other district administrator, or the district's Title IX Coordinator. However, an employee may bypass his/her supervisor in filing a complaint if the supervisor is the subject of the complaint. A supervisor, principal, or district administrator who receives a harassment complaint shall promptly notify the Title IX Coordinator.

Once notified, the Title IX Coordinator shall ensure the complaint or allegation is addressed through AR 4119.12/4219.12/4319.12 – Title IX Sexual Harassment Complaint Procedures or AR 4030- Nondiscrimination in Employment, as applicable. Because a complaint or allegation that is dismissed or denied under the Title IX complaint procedure may still be subject to consideration under state law, the Title IX Coordinator shall ensure that any implementation of AR 4119.12/4219.12/4319.12 concurrently meets the requirements of AR 4030.

Notwithstanding the above, BP/AR 4119.12/4219.12/4319.12 and 4030 shall under no circumstances be used to resolve complaints brought by, on behalf of, or against students. All complaints brought by, on behalf of, or against students that allege “sexual harassment” as that term is defined in the federal regulations implementing Title IX of the Education Amendments of 1972 (see 34 C.F.R. § 106, et seq.) shall be investigated and resolved under BP/AR 5145.71. All complaints brought by, on behalf of, or against students that do not meet the definition of “sexual harassment” as set forth in the Title IX implementing regulations shall be investigated and resolved under BP/AR 1312.3.

(cf. 4119.12/4219.12/4319.12 - Title IX Sexual Harassment Complaints)

The Title IX Coordinator shall offer supportive measures to the complainant and respondent, as deemed appropriate under the circumstances.

Upon investigation of a sexual harassment complaint, any district employee who engages, or participates in sexual harassment, or who aids, abets, incites, compels, or coerces another to commit sexual harassment in violation of this policy is subject to disciplinary action, up to and including dismissal, in accordance with law and the applicable collective bargaining agreement.

(cf. 4117.7/4317.7 - Employment Status Reports) (cf. 4118 - Dismissal/Suspension/Disciplinary Action) (cf. 4218 -

Dismissal/Suspension/Disciplinary Action)

#### Regulation 4119.12: Title IX Sex Discrimination and Sex-Based Harassment Complaint Procedures

The complaint procedures described in this administrative regulation shall be used to address any complaint governed by Title IX of the Education Amendments of 1972 alleging that a district employee, while in an education program or activity in which a district school exercises substantial control over the context and respondent, was subjected to one or more of the following forms of sexual harassment: (34 CFR 106.30, 106.44)

1. A district employee conditioning the provision of a district aid, benefit, or service on a person's participation in unwelcome sexual conduct
2. Unwelcome conduct determined by a reasonable person to be so severe, pervasive, and objectively offensive that it effectively denies a person equal access to the district's education program or activity
3. Sexual assault, dating violence, domestic violence, or stalking as defined in 20 USC 1092 or 34 USC 12291 (cf. 4119.11/4219.11/4319.11 - Sexual Harassment)

All other sexual harassment complaints or allegations shall be investigated and resolved in accordance with AR 4030

- Nondiscrimination in Employment. The determination of whether the allegations meet the definition of sexual harassment under Title IX shall be made by the district's Title IX Coordinator.

(cf. 4030 - Nondiscrimination in Employment)

Because the complainant has a right to pursue a complaint under AR 4030 for any allegation that is dismissed or denied under the Title IX complaint procedure, the Title IX Coordinator shall ensure that all requirements and timelines for AR 4030 are concurrently met while implementing the Title IX procedure.

#### Reporting Allegations/Filing a Formal Complaint

An employee who is the alleged victim of sexual harassment may submit a report of sexual harassment to the district's Title IX Coordinator using the contact information listed in AR 4119.11/4219.11/4319.11 - Sexual Harassment or to the employee's direct supervisor or other district administrator, who shall forward the report to the Title IX Coordinator within one day of receiving the report. Upon receiving such a report, the Title IX Coordinator shall inform the complainant of the right to file a formal complaint and the process for filing a formal complaint.

A formal complaint, with the complainant's physical or digital signature, may be filed with the Title IX Coordinator in person, by mail, by email, or by any other method authorized by the district. (34 CFR 106.30)

Even if the alleged victim chooses not to file a formal complaint, the Title IX Coordinator shall file a formal complaint in situations when a safety threat exists. In addition, the Title IX Coordinator may file a formal complaint in other situations as permitted under the Title IX regulations, including as part of the district's obligation to not be deliberately indifferent to known allegations of sexual harassment. In such cases, the Title IX Coordinator shall provide the alleged victim notices as required by the Title IX regulations at specific points in the complaint process.

The Title IX Coordinator, investigator, decision-maker, or a facilitator of an informal resolution process shall not have a conflict of interest or bias for or against complainants or respondents generally or an individual complainant or respondent. Such persons shall receive training in accordance with 34 CFR 106.45. (34 CFR 106.45)

#### Supportive Measures

Upon receipt of a report of Title IX sexual harassment, the Title IX Coordinator shall promptly contact the complainant to discuss the availability of supportive measures and shall consider the complainant's wishes with respect to the supportive measures implemented. Supportive measures shall be offered as appropriate, as reasonably available, and without charge to the complainant or the respondent before or after the filing of a formal complaint or where no formal complaint has been filed. Such measures shall be nondisciplinary, nonpunitive, and not unreasonably burden the other party, including measures designed to protect the safety of all parties or the district's educational environment or to deter sexual harassment. Supportive measures may include, but are not limited to, counseling, extensions of deadlines, modifications of work schedules, mutual restrictions on contact, changes in work locations, leaves of absence, increased security, and monitoring of certain areas of the campus. (34 CFR 106.30, 106.44)

The district shall maintain as confidential any supportive measures provided to the complainant or respondent, to the extent that maintaining such confidentiality would not impair the district's ability to provide the supportive measures. (34 CFR 106.30)

#### Emergency Removal

If a district employee is the respondent, the employee may be placed on administrative leave during the pendency of the formal complaint process. (34 CFR 106.44)

If the respondent is a student, the district may, on an emergency basis, remove the student from the district's education program or activity, provided that the district conducts an individualized safety and risk analysis, determines that removal is justified due to an immediate threat to the physical health or safety of any student or other individual arising from the allegations, and provides the student with notice and an opportunity to challenge the decision immediately following the removal. This authority to remove a student does not modify a student's rights under the Individuals with Disabilities Education Act or Section 504 of the Rehabilitation Act of 1973. (34 CFR 106.44)

#### Dismissal of Complaint

The Title IX Coordinator shall dismiss a formal complaint if the alleged conduct would not constitute sexual harassment as defined in

34 CFR 106.30 even if proved. The Title IX Coordinator shall also dismiss any complaint in which the alleged conduct did not occur in the district's education program or activity or did not occur against a person in the United States, and may dismiss a formal complaint if the complainant notifies the district in writing that the complainant would like to withdraw the complaint or any allegations in the complaint, the respondent is no longer employed by the district, or sufficient circumstances prevent the district from gathering evidence sufficient to reach a determination with regard to the complaint. (34 CFR 106.45)

Upon dismissal, the Title IX Coordinator shall promptly send written notice of the dismissal and the reasons for the dismissal simultaneously to the parties and shall inform them of their right to appeal the dismissal of a formal complaint or any allegation in the complaint in accordance with the appeal procedures described in the section "Appeals" below. (34 CFR 106.45)

If a complaint is dismissed, the conduct may still be addressed pursuant to AR 4030 - Nondiscrimination in Employment as applicable.

#### Informal Resolution Process

When a formal complaint of sexual harassment is filed, the district may offer an informal resolution process, such as mediation, at any time prior to reaching a determination regarding responsibility. The district shall not require a party to participate in the informal resolution process or to waive the right to an investigation and adjudication of a formal complaint. (34 CFR 106.45)

The district may facilitate an informal resolution process provided that the district: (34 CFR 106.45)

1. Provides the parties with written notice disclosing the allegations, the requirements of the informal resolution process, the right to withdraw from the informal process and resume the formal complaint process, and any consequences resulting from participating in the informal resolution process, including that records will be maintained or could be shared.
2. Obtains the parties' voluntary, written consent to the informal resolution process

#### Written Notice

If a formal complaint is filed, the Title IX Coordinator shall provide the known parties with written notice of the following: (34 CFR 106.45)

1. The district's complaint process, including any informal resolution process
2. The allegations potentially constituting sexual harassment with sufficient details known at the time, including the identity of parties involved in the incident if known, the conduct allegedly constituting sexual harassment, and the date and location of the alleged incident if known. Such notice shall be provided with sufficient time for the parties to prepare a response before any initial interview. If, during the course of the investigation, new Title IX allegations arise about the complainant or respondent that are not included in the initial notice, the Title IX Coordinator shall provide notice of the additional allegations to the parties.
3. A statement that the respondent is presumed not responsible for the alleged conduct and that a determination regarding responsibility is made at the conclusion of the complaint process
4. The opportunity for the parties to have an advisor of their choice who may be, but is not required to be, an attorney, and the ability to inspect and review evidence
5. The prohibition against knowingly making false statements or knowingly submitting false information during the complaint process

The above notice shall also include the name of the investigator, facilitator of an informal process, and decision-maker and shall inform the parties that, if at any time a party has concerns regarding conflict of interest or bias regarding any of these persons, the party should immediately notify the Title IX Coordinator.

#### Investigation Procedures

During the investigation process, the district's designated investigator shall: (34 CFR 106.45)

1. Provide an equal opportunity for the parties to present witnesses, including fact and expert witnesses, and other inculpatory and

exculpatory evidence

2. Not restrict the ability of either party to discuss the allegations under investigation or to gather and present relevant evidence
3. Provide the parties with the same opportunities to have others present during any grievance proceeding, including the opportunity to be accompanied to any related meeting or proceeding by the advisor of their choice, who may be, but is not required to be, an attorney
4. Not limit the choice or presence of an advisor for either the complainant or respondent in any meeting or grievance proceeding, although the district may establish restrictions regarding the extent to which the advisor may participate in the proceedings as long as the restrictions apply equally to both parties
5. Provide, to a party whose participation is invited or expected, written notice of the date, time, location, participants, and purpose of all investigative interviews or other meetings, with sufficient time for the party to prepare to participate
6. Send in an electronic format or hard copy to both parties and their advisors, if any, the evidence obtained as part of the investigation that is directly related to the allegations raised in the complaint, and provide the parties at least 10 days to submit a written response for the investigator to consider prior to the completion of the investigative report
7. Objectively evaluate all relevant evidence, including both inculpatory and exculpatory evidence, and determine credibility in a manner that is not based on a person's status as a complainant, respondent, or witness
8. Create an investigative report that fairly summarizes relevant evidence and, at least 10 days prior to the determination of responsibility, send to the parties and their advisors, if any, the investigative report in an electronic format or a hard copy, for their review and written response

Questions and evidence about the complainant's sexual predisposition or prior sexual behavior are not relevant, unless such questions and evidence are offered to prove that someone other than the respondent committed the conduct alleged by the complainant or if the questions and evidence concern specific incidents of the complainant's prior sexual behavior with respect to the respondent and are offered to prove consent. (34 CFR 106.45)

Privacy rights of all parties to the complaint shall be maintained in accordance with applicable state and federal laws.

If the complaint is against an employee, rights conferred under an applicable collective bargaining agreement shall be applied to the extent they do not conflict with the Title IX requirements.

#### Written Decision

The Superintendent shall designate an employee as the decision-maker to determine responsibility for the alleged conduct, who shall not be the Title IX Coordinator or a person involved in the investigation of the matter. (34 CFR 106.45)

After the investigative report has been sent to the parties but before reaching a determination regarding responsibility, the decision-maker shall afford each party the opportunity to submit written, relevant questions that the party wants asked of any party or witness, provide each party with the answers, and allow for additional, limited follow-up questions from each party.

The decision-maker shall issue, and simultaneously provide to both parties, a written decision as to whether the respondent is responsible for the alleged conduct. (34 CFR 106.45)

The written decision shall be issued within 60 calendar days of the receipt of the complaint.

The timeline may be temporarily extended for good cause with written notice to the complainant and respondent of the extension and the reasons for the action. (34 CFR 106.45)

In making this determination, the decision-maker shall use the "preponderance of the evidence" standard for all formal complaints of sexual harassment. (34 CFR 106.45)

The written decision shall include the following: (34 CFR 106.45)

1. Identification of the allegations potentially constituting sexual harassment as defined in 34 CFR 106.30

2. A description of the procedural steps taken from receipt of the formal complaint through the written decision, including any notifications to the parties, interviews with parties and witnesses, site visits, methods used to gather other evidence, and hearings held if the district includes hearings as part of the grievance process
3. Findings of fact supporting the determination
4. Conclusions regarding the application of the district's code of conduct or policies to the facts
5. A statement of, and rationale for, the result as to each allegation, including a decision regarding responsibility, any disciplinary sanctions the district imposes on the respondent, and whether remedies designed to restore or preserve equal access to the district's educational program or activity will be provided by the district to the complainant
6. The district's procedures and permissible bases for the complainant and respondent to appeal

## Appeals

Either party may appeal the district's decision or dismissal of a formal complaint or any allegation in the complaint, if the party believes that a procedural irregularity affected the outcome, new evidence is available that could affect the outcome, or a conflict of interest or bias by the Title IX Coordinator, investigator(s), or decision-maker(s) affected the outcome. If an appeal is filed, the district shall: (34 CFR 106.45)

1. Notify the other party in writing when an appeal is filed and implement appeal procedures equally for both parties
2. Ensure that the decision-maker(s) for the appeal is trained in accordance with 34 CFR 106.45 and is not the same decision-maker(s) who reached the determination regarding responsibility or dismissal, the investigator(s), or the Title IX Coordinator
3. Give both parties a reasonable, equal opportunity to submit a written statement in support of, or challenging, the outcome
4. Issue a written decision describing the result of the appeal and the rationale for the result
5. Provide the written decision simultaneously to both parties

An appeal must be filed in writing within 10 calendar days of receiving the notice of the decision or dismissal, stating the grounds for the appeal and including any relevant documentation in support of the appeal. Appeals submitted after this deadline are not timely and shall not be considered.

A written decision shall be provided to the parties within 20 calendar days from the receipt of the appeal.

Either party has the right to file a complaint with the U.S. Department of Education's Office for Civil Rights within 180 days of the date of the most recently alleged misconduct.

The complainant shall be advised of any civil law remedies, including, but not limited to, injunctions, restraining orders, or other remedies or orders that may be available under state or federal antidiscrimination laws, if applicable.

## Remedies

When a determination of responsibility for sexual harassment has been made against the respondent, the district shall provide remedies to the complainant. Such remedies may include the same individualized services described above in the section "Supportive Measures," but need not be nondisciplinary or nonpunitive and need not avoid burdening the respondent. (34 CFR 106.45)

## Disciplinary Actions

The district shall not impose any disciplinary sanctions or other actions against a respondent, other than supportive measures as described above in the section "Supportive Measures," until the complaint procedure has been completed and a determination of responsibility has been made. (34 CFR 106.44)

When an employee is found to have committed sexual harassment or retaliation, the district shall take appropriate disciplinary action, up to and including dismissal, in accordance with applicable law and collective bargaining agreement.

(cf. 4117.7/4317.7 - Employment Status Report)

(cf. 4118 - Dismissal/Suspension/Disciplinary Action) (cf. 4119.11/4219.11/4319.11 - Sexual Harassment) (cf. 4218 - Dismissal/Suspension/Disciplinary Action)

## Record-Keeping

The Superintendent or designee shall maintain, for a period of seven years: (34 CFR 106.45)

1. A record of all reported cases and Title IX investigations of sexual harassment, any determinations of responsibility, any audio or audiovisual recording and transcript if applicable, any disciplinary sanctions imposed, any remedies provided to the complainant, and any appeal or informal resolution and the results therefrom.
2. A record of any actions, including supportive measures, taken in response to a report or formal complaint of sexual harassment, including the district's basis for its conclusion that its response was not deliberately indifferent, the measures taken that were designed to restore or preserve equal access to the education program or activity, and, if no supportive measures were provided to the complainant, the reasons that such a response was not unreasonable in light of the known circumstances.
3. All materials used to train the Title IX Coordinator, investigator(s), decision-maker(s), and any person who facilitates an informal resolution process. The district shall make such training materials publicly available on its web site, or if the district does not maintain a web site, available upon request by members of the public.

#### **(F) School-wide Dress Code Relating to Gang-Related Apparel (EC 35183)**

Policy 5132.16: Student Dress Guidelines

The Governing Board believes that appropriate dress and grooming contribute to a productive learning environment. The Board expects students to give proper attention to personal cleanliness and to wear clothes that are suitable for the school activities in which they participate. Students' clothing must not present a health or safety hazard or a distraction which would interfere with the educational process.

Students and parents/guardians shall be informed about dress and grooming standards at the beginning of the school year and whenever these standards are revised. A student who violates these standards shall be subject to appropriate disciplinary action.

##### **Gang-Related Apparel**

The principal, staff and parents/guardians at a school may establish a reasonable dress code that prohibits students from wearing gang-related apparel when there is evidence of a gang presence that disrupts or threatens to disrupt the school's activities. Such a dress code may be included as part of the school safety plan and must be presented to the Board for approval. The Board shall approve the plan upon determining that it is necessary to protect the health and safety of the school's students.

##### **Uniforms**

The Board recognizes that, in order to promote student safety and discourage peer rivalry and/or gang activity, the principal, staff and parent/guardian at a school site may wish to establish a reasonable dress code, which may include voluntary school uniforms.

Dress codes, which include voluntary school uniforms, may be included as part of the school safety plan submitted as required.

The Superintendent or designee shall establish procedures that schools, parents and guardians will follow if they decide to participate with the voluntary school uniform policy. Students shall not be penalized academically, otherwise discriminated against or denied attendance to school if their parents/guardian decide not to participate.

The Governing Board feels that there is nothing inherently wrong with dress or color of dress, but when student's dress serves to intimidate or impede the rights of other students it will be determined that dress is in violation of this policy. A student may not remain at school dressed in a manner which (1) creates a safety hazard for said student or for other students at school, and/or (2) when the dress constitutes a serious and unnecessary distraction to the learning process or tends to disrupt campus order

When the site administrator/designee determines that a student's attire is in violation of this policy, the student will be required to modify his/her clothing and/or apparel in such a manner that it no longer violates this policy. If necessary, the student may be taken or sent home with parental permission to modify unacceptable dress and return to school. Refusal to take steps as described in this policy shall be cause for disciplinary action against the student. Any such disciplinary action shall be handled pursuant to existing student disciplinary policy

Parents/guardians have primary responsibility to see that students are properly attired for school. School district personnel have the responsibility for maintaining proper and appropriate conditions conducive to learning. Hence, the following guidelines will be implemented in all district schools.

1. Shoes will be worn at all times. A substantial sole is required and enclosed toe and heel footwear are highly encouraged.
2. Extremely brief garments that are distracting to the educational environment are not appropriate. Clothing shall be sufficient to conceal undergarments at all times.
3. Clothing or accessories shall be free of writing, pictures or any other insignia which are crude, violent, obscene or sexually suggestive or which advocate racial, ethnic or religious prejudice or the use of tobacco, drugs or alcohol.
4. Earrings, jewelry, or accessories which present a safety hazard to the wearer or others are not suitable for school wear.
5. Only prescription sunglasses may be worn in class. Other types of sunglasses may be worn on campus outside of class.
6. Identified gang attire such as bandannas, haircuts or hair rollers, or any gang paraphernalia are prohibited.

Students are allowed to wear sun protective clothing, including hats, while outdoors during the school day. Each school site will develop a policy indicating the type of sun protective hats that are permitted.

No grade of a student participating in a physical education class shall be adversely affected if the student does not wear standardized physical education apparel because of circumstances beyond the student's control. (Education Code 49066) All clothing worn during physical education shall meet reasonable safety standards.

The purpose of adopting these Student Dress Guidelines is not to infringe on any individual student's rights to freedom of expression, but rather to encourage students to dress appropriately and come to school properly prepared for participating in the educational process.

#### Gang-Related Apparel

Because gang-related symbols are constantly changing, definitions of gang-related apparel shall be reviewed as needed and updated as necessary.

#### Uniforms

In schools where a majority of parents respond and indicate on a survey that they desire to establish a voluntary school-wide uniform dress code, the principal, staff and the parents/guardians of the individual school site shall:

1. Jointly select the specific uniform to be worn. (Education Code 35183)
2. Describe the uniform parts and identify local vendors who sell those pieces of clothing. A description of the implementation of the voluntary uniform dress code will be submitted to the superintendent's designee including:
  - a. The process for parent notification
  - b. Positive procedures that will be used to encourage students to participate with the voluntary uniform dress code
3. A description of the uniform and a list of costs for each competitively priced item of clothing as provided by a variety of vendors will be sent to parents.
4. Parents will be notified that this is a voluntary uniform dress code and that students not participating shall not be penalized academically, otherwise discriminated against or denied attendance to school if their parents/guardians so decide.

#### Parent Notification

The principal shall give parents/guardian at least six months notice before a school site implements a voluntary school uniform dress code. (Education Code 35183)

### (I) School Discipline Rules and Consequences (EC 35291 and EC 35291.5)

#### Redlands East Valley High School Student Conduct Code

Procedures to Ensure a Safe and Orderly Environment

#### Rules and Procedures on School Discipline

##### Philosophy of Discipline

- Behavior expectations and the consequences for not meeting expectations must be clearly communicated to all students and their parents (in writing as well as verbally).
- The severity of consequences for violating behavior expectations increases with each incident of inappropriate behavior.
- The consequences for violating behavior expectations should be severe enough to discourage students from making poor behavior decisions.

- Expectations and consequences should permit students an opportunity to eliminate inappropriate behavior.

Additionally, the school staff recognizes that the middle school years are a transition time from adolescence to young adulthood. As a part of this transition, the student is given greater opportunities to be responsible and demonstrate independence and good judgment. The structure of our behavior expectations (in the classroom as well as school wide) is meant to encourage students to be responsible. The first step in many instances of inappropriate behavior (those considered to be "minor") is a simple warning ("Your behavior is unacceptable. Please stop such behavior"). It is only when a student ignores such warnings and continues to choose to act irresponsibly (like a child rather than an emerging adult) that we involve parents and implement consequences.

#### Elements of a Good Discipline Program

1. The program is focused upon making the entire campus, especially the classroom, a safe, supportive and orderly environment for learning for students and staff.
2. Classroom authority is retained by the classroom teacher. (Administration's role is to support, not to replace.)
3. Rules and procedures are clearly understood by staff and students.
4. All staff members will acknowledge and take appropriate action on any minor or major infraction of the school rules.
5. Rules and procedures comply with State Law and District policies.
6. The program recognizes the responsibilities and the rights of students and staff.
7. Program is structured to keep students in class and engaged in the educational process.
8. Rules are enforced:
  - A. by all staff members at all times.
  - B. strictly, but not rigidly (beware of "automatics").
  - C. in substantial part by adult modeling.
  - D. using techniques that promote the growth of positive self-esteem.
  - E. as close to the source as is possible.
  - F. by keeping parents informed.
9. The discipline program is understood, endorsed, and supported by staff, parents, and students.

#### PRINCIPAL'S STATEMENT TO EDMS STAFF

##### Expectations in Developing & Maintaining Discipline

As Principal of our school, I will expect;

Each teacher to have a defined system of classroom management. A written description of this system, including representative examples of the progressive interventions you intend to employ, will be approved and filed by me. Whenever possible and appropriate, teachers are encouraged to use standards and systems that are consistent with other village/departments members.

You can expect

Each administrator to assist and support you in every reasonable way in developing, implementing, and refining that system as needed.

I will expect

That when you refer a student for discipline:

1. The student has been made fully aware of classroom and school rules and knows what rules he/she has violated.
2. Teachers will discuss any continuing behavior problems and schedule a team conference with the student and parents when appropriate.
3. That information will be provided on the referral regarding previous actions you have taken regarding this specific issue.
4. You have exhausted the interventions at your disposal (i.e., you have done everything you can do) and you have followed the guidelines established by the administration and staff on what constitutes an appropriate behavior referral.
5. The behavior was so serious or so blatant as to make immediate removal from the classroom necessary.
6. The written referral will be explicit in stating the offense(s).
7. You will send the student out of class with a referral only if his/her continued presence in the class would disrupt or prevent teaching and/or learning.
8. If necessary, the referral will be delivered to the office at a time convenient to the staff member so that the issue may be handled most efficiently, causing a minimum of lost class time.

You can expect

1. Each administrator to support your position in every reasonable way.
2. A response time on your referral of one, or at most, two days.

3. The availability of an administrator to discuss unresolved referrals after school on any given day.
4. That the administrator will exercise independent judgment regarding disposition of referrals.

I will expect

1. That each teacher will go to the doorway of his/her classroom after each class period as often as possible and assume control of student behavior in the corridor.
2. That each staff member will hold students accountable for their behavior on the school grounds at all times.

You can expect

1. Administrator support, investigation, and follow-through as indicated.
2. A response to referrals from incidents outside the classroom to be the same as to those within.

#### WHAT TO DO WHEN PROBLEMS APPEAR

Both behavioral and academic problems are present in some of our students. Teachers often ask for guidelines for dealing with these problems. Here they are:

1. Talk to the administrator assigned to your grade level.
2. Call parents at first sign of concern. Inform the parents of your observations, ask for their ideas, assistance, and support in serving the student. Keep a log of your calls.
3. If possible, talk privately to the student about your concerns.
4. Behavior concerns—look through students' CUM file. Any official suspensions will be in file, also look for teacher comments on report cards. Look for patterns of behavior. We use In-House Suspension whenever possible, as it is preferable to having students at home unattended—and it saves the district money. Serious infractions (fighting, threats, etc.) do result in official suspension. Unresponsive students can be moved to other schools or expelled.
5. Referrals—please remember if you write a student referral, you are required to call the parents. You are writing the referral and can answer the parents' questions firsthand. Administrators will also call parents, but we can only give secondhand information on the incident.
6. Academic Concerns—again, look through student CUM. This will contain test scores, report cards, and a student history. You may want to ask the grade level administrator to schedule a Student Study Team (SST). This will involve a meeting with the student, parents, administrators, students' teachers, and perhaps the psychologist

#### **(J) Procedures to Prepare for Active Shooters**

##### Active Shooter

Redlands East Valley High School utilizes a Safe & Secure Mode is a security procedure used to reduce student and staff movement outside school buildings. This may be due to a medical emergency, area disturbance, active shooter etc. It is designed to allow for school to carry forward but have the ability to move to Lockdown quickly if needed. During the Safe & Secure mode, there is heightened vigilance on campus by all school staff. Generally, recesses and outdoor activities are reduced. Parents/guardians can have access to their student(s) and may check them out of school if they see fit to do so.

- o Teachers should continue teaching as normal
- o Allow students restroom use with clear administrator/ teacher direction
- o Increased available staff presence during passing periods and student dismissal
- o Lunch/activities in more secure area, unless site admin decides otherwise
- o Standard inclement weather schedule/routine in place, unless site administrator/designee decides otherwise
- o Perimeter gates, where applicable, will be locked and monitored by available staff, allowing for central access points
- o PE classes will be moved off all fields into more secure locations (e.g., gym, class, & Cafe)

Lock Down is called when a law enforcement event is happening in the vicinity of a school. The law enforcement agency generally, but not always, contacts the school/district to encourage the school site to Lock Down as a precautionary measure. All Administrators are expected to place their school in Lock Down in this scenario.

- o Take a look outside your classroom and gather up any stray students in the hallways
- o Ensure that your door is locked
- o If windows are open, close them
- o Project a calm demeanor to help students remain calm. Reassure students that they are safe
- o Do not allow anyone to leave the classroom
- o Frequently check your emails for possible updates from your site administrators
- o If students are out on the playground or athletic fields, quickly move them to a secure classroom, locker room, or multi-purpose room

Critical Alert is called when a significant, threatening event is happening on campus or adjacent to campus that creates a potential danger to students and staff. While this may be communicated to the school by law enforcement, it may also be determined by school officials on the scene. Critical Alert assumes that everyone is prepared for a potential significant threat/event on campus.

- o Implement all items from Lock Down list above
- o Turn off or reduce lighting, so it will appear that the room is vacant
- o Keep all students sitting on the floor, away from the door or windows
- o Do not look out the windows
- o Cover window on the door (if one exists)
- o Advise the students that there is a serious situation, but you don't know what it is. Project a calm demeanor to help students remain calm. Reassure students that they are safe
- o Ensure that everyone in the room turns the ringer off on their cell phones
- o Do not allow students to talk on their cell phones (keep room as quiet as possible)
- o Do not call the office. They are in the midst of a problem and will not be able to answer all the calls which may tie up the phone system
- o Quietly take roll and make a list of missing students and any extra students that are in your room. Email this list to your administrators and school site secretaries
- o Do not evacuate students until you are told to, even if the fire bells go off. If, in fact, there is a need for a fire evacuation, you will be notified via the PA system, email, or phone call
- o Do not open the door, even if someone knocks and claims to be a staff member (Administrator/custodian will have a master key)
- o If students are out on the PE field, do not return them to the locker room. Move them to a safe place (the farthest part of the campus)

## **Procedures for Preventing Acts of Bullying and Cyber-bullying**

### **Policy 5131.2: Bullying**

The Governing Board recognizes the harmful effects of bullying on student well-being, student learning and school attendance and desires to provide a safe school environment that protects students from physical and emotional harm. No individual or group shall, through physical, written, verbal, or other means, harass, sexually harass, threaten, intimidate, cyberbully, cause bodily injury to, or commit hate violence against any other student or school personnel, or retaliate against them for filing a complaint or participating in the complaint resolution process.

The Superintendent or designee shall develop strategies for addressing bullying in district schools with the involvement of students, parents/guardians, and staff. As appropriate, the Superintendent or designee may also collaborate with social services, mental health services, law enforcement, courts, and other agencies and community organizations in the development and implementation of effective strategies to promote safety in schools and the community.

Such strategies shall be incorporated into the comprehensive safety plan and, to the extent possible, into the local control and accountability plan and other applicable district and school plans.

Any complaint of bullying shall be investigated and, if determined to be discriminating, resolved in accordance with law and the district's uniform complaint procedures specified in AR 1312.3 - Uniform Complaint Procedures. If, during the investigation, it is determined that a complaint is about nondiscriminatory bullying, the principal or designee shall inform the complainant and shall take all necessary actions to resolve the complaint.

Any employee who permits or engages in bullying or retaliation related to bullying shall be subject to disciplinary action, up to and including dismissal.

At Redlands East Valley High School, the Redlands Unified School District Bullying/Harassment Reporting Form (linked on school and district website and located in the REV Administration Office) is utilized to report a possible incident of bullying/harassment as defined in the Redlands Unified School District's Policy Prohibiting Bullying /Harassment. Any student/adult can report bullying/harassment by talking to an administrator and/or completing the form and returning it to a principal, assistant principal, campus safety officer, counselor or other adult staff member on campus. Any allegation of any type of bullying is immediately investigated with a notification made to the reporting party within ten school days of making the report.

## **Safety Plan Review, Evaluation and Amendment Procedures**

Site administrators review and make any necessary changes to the safety plan annually. The safety plan is reviewed and approved by School Site Council annually.

## **Emergency Response Guidelines**

### **Step One: Identify the Type of Emergency**

Determining the type of emergency will assist the commander/administrator in making the appropriate decisions to keep the campus safe.

### **Step Two: Identify the Level of Emergency**

Determine the size and immediacy of the emergency to determine the level of the emergency. The site commander will decide if the emergency is it a classroom issue, a whole building, entire campus, community-wide etc.

### **Step Three: Determine the Immediate Response Action**

With safety of students, staff, and visitors at the forefront, site administrators/commander will determine immediate response based on site protocols (reference sections about specific emergencies for more information).

### **Step Four: Communicate the Appropriate Response Action**

Administrators/Commander will communicate to the necessary emergency responders via phone. Administrators/Commander will utilize a variety of communication tools to notify staff and emergency participants such as: Bell system, phone, intercom systems, emails, Remind app messages, and/or Raptor alerts. In addition the Administrator/Commander will communicate with the district office via emergency radio. Lastly, a community communication plan will be created to notify families of incident, pick-up procedures, or next steps through one or several methods. ## **Types of Emergencies & Specific Procedures**

### **Earthquake**

#### **5.8 Earthquake**

Earthquakes generally occur without warning and may cause minor to serious ground shaking, damage to buildings, and injuries. It is important to note that even a mild tremor can create a potentially hazardous situation and the following procedures should be implemented in response to all earthquakes regardless of magnitude.

#### **Procedure**

Note: Keep calm and remain where you are. Assess the situation, and then act. Remember, most injuries or deaths are the direct cause of falling or flying debris.

1. Upon the first indication of an earthquake, teachers should direct students to DUCK AND COVER as described in Section 4.0.
2. Move away from windows and overhead hazards to avoid glass and falling objects.
3. When the shaking stops, the School Administrator will initiate the EVACUATE BUILDING action as described in Section 4.0. Staff and students will evacuate the buildings using prescribed routes or other safe routes to the Assembly Area.

4. In the event of an evacuation, Teachers will bring their student roster and take attendance at the Assembly Area to account for students. Teachers will notify the Assembly Area Team of missing students.
5. The School Administrator will direct the Security/Utilities Team to post guards a safe distance away from building entrances to prevent access.
6. The Security/Utilities Team will notify school personnel of fallen electrical wires and instruct them to avoid touching the fallen wires.
7. The First Aid/Medical Team will check for injuries and provide appropriate first aid.
8. The School Administrator will direct the Security/Utilities Team to notify the appropriate utility company of damages (e.g., gas, power, water, or sewer).
9. If the area appears safe, the Search and Rescue Team will make an initial inspection of school buildings to identify any injured or trapped students or staff.
10. The School Administrator will contact the Local District Superintendent to determine additional actions that may be necessary. In turn, the actions will be communicated to the District's Office of Communications.
11. The School Administrator will contact the Local District Facilities Director to ensure buildings are safe for re-occupancy. When safe to do so, the Fire Suppression and HazMat Team will conduct an inspection of school buildings. The Fire Suppression and HazMat Team will maintain a log of their findings, by building, and provide a periodic report to the Incident Commander.
12. Any affected areas will not be reopened until the Local District Facilities provides clearance and the School Administrator gives authorization to do so.
13. The School Administrator will initiate an OFF-SITE EVACUATION, as described in Section 4.0, if warranted by changes in conditions at the school.

In the event an earthquake occurs during non- school hours:

1. The School Administrator and the Plant Manager will assess damages to determine any necessary corrective actions. The School Administrator may direct the Fire Suppression and HazMat Team to participate in the assessment.

2. The School Administrator should confer with the Local District Superintendent on identified damages to determine if the school should be closed.

3. If the school must be closed, the School Administrator will activate Parent Alert System and School Personnel Alert System as referenced in Section 5.0.

## **Fire in Surrounding Area**

### **5.10 Fire In Surrounding Area**

This procedure addresses the situation where a fire is discovered in an area adjoining the school. The initiated response actions should take into consideration the location and size of the fire, its proximity to the school and the likelihood that the fire may affect the school.

#### **Procedure**

1. The School Administrator will initiate the appropriate Immediate Response Actions, which may include SHELTER-IN-PLACE, LOCK DOWN, EVACUATE BUILDING or OFF-SITE EVACUATION as described in Section 4.0.

2. The School Administrator will notify “911” and San Bernardino Sheriff, the school’s local law enforcement agency, at 911 and Redlands Fire Department [909-798-7600] and will provide the location and nature of emergency.

3. The School Administrator will instruct the Security/Utilities Team to prevent students from approaching the fire and keep routes open for emergency vehicles.

4. The Agency Liaison will contact the local fire department and will work with the fire department to determine if school grounds are threatened by the fire, smoke, or other hazardous conditions.

5. If the School Administrator issues the EVACUATE BUILDING action, staff and student will evacuate the affected building(s) using prescribed routes or other safe routes to the Assembly Area.

6. In the event of an evacuation, Teachers will bring their student roster and take attendance at the Assembly Area to account for students. Teachers will notify the Assembly Area Team of missing students.

7. The School Administrator will keep a battery-powered radio tuned to a local radio station for emergency information.
8. As appropriate, the School Administrator will activate Parent Alert System.
9. The School Administrator will notify the Local District Superintendent of the emergency situation. A member of this group will call the Office of Communications with information of this situation.
10. If needed, the School Administrator will notify Bus Dispatch to request busses for staff and student evacuation.
11. The School Administrator will initiate an OFF-SITE EVACUATION, as described in Section 4.0 if warranted by changes in conditions.

### **Fire on School Grounds**

#### **5.11 Fire On School Grounds**

This procedure addresses situations where a fire is discovered on school grounds. A quick response to this situation is very important to prevent injuries and further property damage.

#### **Procedure**

1. Upon discovery of a fire, Teachers or staff will direct all occupants out of the building, signal the fire alarm, and report the fire to the School Administrator.
2. The School Administrator will immediately initiate the EVACUATE BUILDING action as described in Section 4.0. Staff and students will evacuate buildings using the prescribed routes or other safe routes to the Assembly Area.
3. In the event of an evacuation, Teachers will bring their student roster and take attendance at the Assembly Area to account for students. Teachers will notify the Assembly Area Team of missing students.
4. The School Administrator will call "911" and San Bernardino Sheriff, the school's local law enforcement agency, at 911 and Redlands Fire Department [909-798-7600] and will provide the exact location (e.g., building, room, area) of the fire.
5. The Fire Suppression and HazMat Team will suppress fires and initiate rescue procedures until the local fire department arrives.

6. The Security/Utilities Team will secure the area to prevent unauthorized entry and keep access roads clear for emergency vehicles.
7. The Agency Liaison will direct the fire department to the fire and brief fire department official on the situation.
8. The Security/Utilities Team will notify the appropriate utility company of damages.
9. The School Administrator will notify the Local District Superintendent of the fire. A member of this group will call the Office of Communications with information on this situation.
10. If needed, the School Administrator will notify Bus Dispatch to request busses for staff and student evacuation.
11. Any affected areas will not be reopened until the Redlands City Fire Department or appropriate agency provides clearance and the School Administrator issues authorization to do so.
12. For fires during non-school hours, the School Administrator and the Local District Superintendent will determine if the school will open the following day.
13. All fires, regardless of their size, which are extinguished by school personnel, require a call to the Fire Department to indicate "fire is out."

### **Blood Borne Pathogen Incident Reporting Form and Exposure Control Plan**

#### **Policy 5141.22: Infectious Diseases**

The Governing Board desires to protect students from risks posed by exposure to infectious diseases while providing an appropriate education for all students.

The Superintendent or designee shall determine whether to admit a student with an infectious disease, and shall exclude students only in accordance with law. In making this determination, he/she shall consult the student's parents/guardians, the student's physician and/or the county health department, in accordance with law and consistent with confidentiality provisions. Because bloodborne pathogens such as hepatitis B virus, hepatitis C virus and human immunodeficiency virus (HIV) are not casually transmitted, the sole presence of bloodborne pathogens is not sufficient reason to exclude students from attending school.

(cf. 5141.26 - Tuberculosis Testing)  
(cf. 5141.3 - Health Examinations)  
(cf. 6158 - Independent Study)  
(cf. 6159 -Individualized Education Program)  
(cf. 6183 - Home/Hospital Instruction)

Parents/guardians are encouraged to inform the Superintendent or designee if their child has an infectious disease so that school staff may work cooperatively with the student's parents/guardians to minimize the child's exposure to other diseases in the school setting. The Superintendent or designee shall ensure that student confidentiality rights are strictly observed in accordance with law. No district employee shall release medical information, including knowledge of a bloodborne pathogen infection, without written consent from the parent/guardian or adult student. Such information shall be shared only with those persons specifically named in the written permission.

(cf. 5125 - Student Records)

(cf. 5022 -Student and Family Privacy Rights)

The Board requires students and staff to routinely observe universal precautions to prevent exposure to bloodborne pathogens and to prevent the spread of all infectious disease.

(cf. 4119.43/4219.43/4319.43 - Universal Precautions)

(cf. 5141.23 - Infectious Disease Prevention)

The Superintendent or designee shall ensure that the district's health education program provides information about the nature of bloodborne pathogens and their transmission.

## Blood Borne Pathogens - Safety Practices

### Procedures and Regulations

#### 1. General

1.1 While recognizing that both students and employees diagnosed with an infectious blood borne disease are entitled to a confidential relationship between themselves, the medical community and/or other agencies, the Board of School Trustees encourages these individuals to meet with the School Principal and/or Superintendent of Schools to discuss their disease and immediate and future needs.

#### 1.2 Assessment

#### 2. Students:

2.1. The Superintendent (or designate) will be informed, by the school principal as soon as is known, of any student infected with an infectious blood borne disease.

2.2. A Risk Assessment will be conducted using a team approach including the personal physician, public health personnel, the parent or guardian, and school district personnel as appropriate and will make recommendations about the type of educational and care setting based on the following:

- a. Behavior, neurological development and physical condition of the child;
- b. Type of interaction expected with others.
- c. What the potential is for exposure
- d. Areas for potential for exposure
- e. How exposure may happen
- f. Who needs to know?
- g. What will happen if there is a risk of exposure?

2.3. The team will consider the risk to others in the workplace, whether or not the individual is healthy enough to continue to attend school, and what precautions should be taken to ensure the safety and health of others.

a. The identity of infected students will remain confidential and restricted to those who need to know or are required to be informed.

2.4. Decisions on attendance at school are dependent on the circumstances of each individual case. Regular evaluation of the appropriateness of attendance will be conducted.

2.5. The Board will be notified immediately when the team considers the health condition of a student to be a danger to the immediate health and welfare of a school, its students or employees of the Board.

a. Upon being notified of the team's concern, the Board will refer the matter to the Medical Health Officer in accordance with the procedures outlined in the School Act.

### 3. Employees

3.1. The Superintendent will be informed, by district staff as soon as is known, of any employee infected with an infectious blood borne disease.

3.2. Employees with an infectious blood borne disease, who are able to carry out the essential duties of their jobs in a satisfactory manner without posing a health or safety risk to themselves or others, will be entitled to continue their work.

3.3. Decisions regarding potential health or safety hazards will be made on a case-by-case basis in consultation with the employee, the personal physician and district personnel as appropriate.

3.4. The identity of infected employees will remain confidential and restricted to those who need to know or are required to be informed.

3.5. The Board will be notified immediately if the Superintendent considers the health condition of an employee to be a danger to the immediate health and welfare of a school, its students or other employees of the Board.

a. Upon being notified of the Superintendent's concern, the Board will refer the matter to the Medical Health Officer in accordance with the procedures outlined in the School Act.

### 4. Hygienic Safety Practices

4.1. All employees will follow "Universal Infection Control Precautions" by assuming that blood and other body fluids from all individuals are potentially infectious. These precautions include:

- a. Routinely using gloves when anticipating contact with blood
- b. Immediately washing hands and other skin surfaces after removal of gloves and/or contact with blood

4.2. Schools will be provided with appropriate protective equipment including disposable waterproof gloves (natural rubber latex, neoprene, nitrile, or vinyl), tongs or pliers and proper sharps containers.

4.3. Schools' medical room mattresses will be either vinyl-coated beds or cloth mattress with a protective vinyl (plastic) covering so that they can be cleaned as needed with a bleach solution.

4.4. Blankets can be cleaned as needed by forwarding them, in a clearly labeled plastic bag, to the Assistant Supervisor Operations at the Facilities Office.

### 5. Universal Precautions

5.1. Universal Precautions to prevent transmission of blood-borne disease will be followed. Universal Precautions is the term for infection control measures endorsed by the Canadian Centre for Occupational Health and Safety for workers who might come into contact with blood and other body fluids. In summary they include:

- a. Wash hands for 30 seconds after contact with blood and other body fluids contaminated with blood.
- b. Wear disposable latex gloves when you encounter blood, body fluids, or when cleaning cuts, scrapes or wounds. Wash your hands as soon as you remove your gloves. Dispose gloves in a plastic bag.
- c. Use disposable absorbent material like paper towels to stop bleeding.
- d. Discard bloodstained material in a sealed plastic bag and deposit in the garbage. Label as containing blood-tainted material.
- e. Cover cuts or scrapes with a bandage until healed.
- f. Immediately protect staff and students from coming in contact with blood-soiled surfaces. The area must be disinfected with a fresh solution of one part bleach and nine-parts water (10% bleach solution).

Mops or brushes used for cleaning should be soaked in a bleach solution for 20 minutes.

(Note: The custodial department will provide each school with the product for dissolving in water to provide the bleach solution.)

#### 6. Identification of Risks of Occupational Exposure

6.1. In accordance with the Occupational Health and Safety Regulations (section 6.35), the district's Health & Safety Coordinator will develop and maintain a list of positions and/or tasks and procedures where there is a potential for occupational exposure to a blood borne pathogen.

6.2. Employees who have, or may have, occupational exposure to the hepatitis B virus, will upon request, receive a hepatitis B vaccination (section 6.39, OH&S Regs).

6.3. Employees who may have been exposed to a blood borne pathogen in an exposure incident will be advised to immediately seek medical attention

- d. Areas for potential for exposure
- e. How exposure may happen
- f. Who needs to know?
- g. What will happen if there is a risk of exposure?

2.3. The team will consider the risk to others in the workplace, whether or not the individual is healthy enough to continue to attend school, and what precautions should be taken to ensure the safety and health of others.

- a. The identity of infected students will remain confidential and restricted to those who need to know or are required to be informed.

2.4. Decisions on attendance at school are dependent on the circumstances of each individual case. Regular evaluation of the appropriateness of attendance will be conducted.

2.5. The Board will be notified immediately when the team considers the health condition of a student to be a danger to the immediate health and welfare of a school, its students or employees of the Board.

- a. Routinely using gloves when anticipating contact with blood
  - b. Immediately washing hands and other skin surfaces after removal of gloves and/or contact with blood
- 4.2. Schools will be provided with appropriate protective equipment including disposable waterproof gloves (natural rubber latex, neoprene, nitrile, or vinyl), tongs or pliers and proper sharps containers.

Blood Borne Pathogen Incident Reporting Form and Exposure Control Plan .....75

Blood Borne Pathogens - Safety Practices .....76

## Comprehensive School Safety Plan Purpose

Effective January 1, 2019, Assembly Bill 1747 (Rodriguez), School Safety Plans, became law. This bill requires that during the writing and development of the comprehensive school safety plan (CSSP), the school site council or safety committee consult with a fire department and other first responder entities in addition to currently required entities. It requires the CSSP and any updates made to the plan to be shared with the law enforcement agency, the fire department, and the other first responder entities.

The California Education Code (sections 32280-32288) outlines the requirements of all schools operating any kindergarten and any grades 1 to 12, inclusive, to write and develop a school safety plan relevant to the needs and resources of that particular school.

In 2004, the Legislature and Governor recast and renumbered the Comprehensive School Safety Plan provisions in SB 719 and AB 115. It is the intent of the Legislature in enacting the provisions to support California public schools as they develop their mandated comprehensive safety plans that are the result of a systematic planning process, that include strategies aimed at the prevention of, and education about, potential incidents involving crime and violence on school campuses.

The historical requirement of the Comprehensive School Safety Plan was presented in Senate Bill 187, which was approved by the Governor and chaptered in 1997. This legislation contained a sunset clause that stated that this legislation would remain in effect only until January 1, 2000. Senate Bill 334 was approved and chaptered in 1999 and perpetuated this legislation under the requirement of the initial legislation.

Comprehensive School Safety Plans are required under SB 719 & AB 115 and contains the following elements:

Assessment of school crime committed on school campuses and at school-related functions

- Child abuse reporting procedures
- Disaster procedures
- Suspension and expulsion policies
- Procedures to notify teachers of dangerous pupils
- Discrimination and harassment policies
- School wide dress code policies
- Procedures for safe ingress and egress
- Policies enacted to maintain a safe and orderly environment
- Rules and procedures on school discipline
- Hate crime reporting procedures

The Comprehensive School Safety Plan will be reviewed and updated by March 1st every year. In July of every year, the school will report on the status of its school safety plan including a description of its key elements in the annual school accountability report card.

A copy of the Comprehensive School Safety Plan is available for review at Redlands High School.

## **Components of the Comprehensive School Safety Plan (EC 32281)**

### **Redlands Senior High School Safety Committee**

#### **Assessment of School Safety**

Redlands High School utilizes data from monthly suspension/expulsion reports and the Student Services year end report to evaluate the current status of school crime. A Safe School Plan is updated each school year and is reflective of the school's safety needs.

School crime is reported annually to the State of California. Redlands Senior High School works closely with Student Services, and the Redlands Police Department to ensure compliance with all reporting, laws, and penal codes. During the 2023-24 school year, 413 students were chronically absent and 52 students were suspended.

The key components of the Redlands High School's Safe School Plan include a description of school discipline policies and procedures, ensuring a safe and orderly environment, dress code guidelines, suspension and expulsion policies, sexual harassment and bullying policies, child abuse reporting procedures, dangerous pupil notification, and disaster response procedures.

Seven full-time security officers and four part-time campus monitors work with students to provide for a safe campus. Additionally, the school has one school resource, a Redlands Police, officer assigned solely to the school.

To ensure student safety before school, during passing periods, during lunch and after school, school security and administrators supervise the school grounds. All visitors must report to the administration office and may not be on school grounds unless they have clearance and have obtained a visitor's pass that is cleared through the Raptor System that searches data bases, including Megan's Law, to insure that the visitor is cleared to be on campus. All staff members are required to wear their district issued identification card at all times while on campus.

The staff has developed a comprehensive disaster readiness plan. The plan covers emergencies such as fires, earthquakes, power blackouts, lock downs and emergency situations where we would have to close the facilities or keep the students in class. Disaster (fire/earthquake/lockdown) drills are held at a minimum of six times each year so the students are aware of the various procedures to be followed in case of a disaster. This plan will enable staff and students to remain calm and follow safety procedures if an actual event occurs.

The school site is inspected for safety issues each year. Safety Committee meetings are held quarterly.

#### **Child Abuse Prevention**

The district's instructional program may provide age-appropriate and culturally sensitive child abuse prevention curriculum which explains students' right to live free of abuse, includes instruction in the skills and techniques needed to identify unsafe situations and react appropriately and promptly, informs students of available support resources, and teaches students how to obtain help and disclose incidents of abuse.

The district's program also may include age-appropriate curriculum in sexual abuse and sexual assault awareness and prevention. Upon written request of a student's parent/guardian, the student shall be excused from taking such instruction. (Education Code 51900.6)

The Superintendent or designee may display posters, in areas on campus where students frequently congregate, notifying students of the appropriate telephone number to call to report child abuse or neglect. (Education Code 33133.5)

In addition, student identification cards for students in grades 7-12 shall include the National Domestic Violence Hotline telephone number. (Education Code 215.5)

The Superintendent or designee shall, to the extent feasible, seek to incorporate community resources into the district's child abuse prevention programs and may use these resources to provide parents/guardians with instruction in parenting skills and child abuse prevention.

#### **Child Abuse Reporting**

The Superintendent or designee shall establish procedures for the identification and reporting of known and suspected child abuse and neglect in accordance with law.

Procedures for reporting child abuse shall be included in the district and/or school comprehensive safety plan. (Education Code 32282)

District employees who are mandated reporters, as defined by law and administrative regulation, are obligated to report all known or suspected incidents of child abuse and neglect.

The Superintendent or designee shall provide training regarding the duties of mandated reporters as required by law and as specified in the accompanying administrative regulation. (Education Code 44691; Penal Code 11165.7)

Reasonable Suspicion means that it is objectively reasonable for a person to entertain a suspicion, based upon facts that could cause a reasonable person in a like position, drawing when appropriate on his/her training and experience, to suspect child abuse or neglect. However, reasonable suspicion does not require certainty that child abuse or neglect has occurred, nor does it require a specific medical indication of child abuse or neglect. (Penal Code 11166)

### Reportable Offenses

A mandated reporter shall make a report using the procedures provided below whenever, acting in a professional capacity or within the scope of employment, the mandated reporter has knowledge of or observes a child whom the mandated reporter knows or reasonably suspects has been the victim of child abuse or neglect. (Penal Code 11166)

(Penal Code 11165.9, 11166.05, 11167)

Any district employee who reasonably believes to have observed the commission of a murder, rape, or lewd or lascivious act by use of force, violence, duress, menace, or fear of immediate and unlawful bodily injury against a victim who is a child under age 14 shall notify a peace officer. ## Responsibility and Liability

The reporting duties of mandated reporters are individual and cannot be delegated to another person. (Penal Code 11166)

When two or more mandated reporters jointly have knowledge of a known or suspected instance of child abuse or neglect, the report may be made by a member of the team selected by mutual agreement and a single report made and signed by that person. Any person who knows that the person designated to report failed to make the report shall thereafter make the report. (Penal Code 11166)

The duty to report child abuse is an individual duty and no supervisor or administrator may impede or inhibit a mandated reporter from making a report. (Penal Code 11166)

## Reporting Procedures

### 1. Initial Telephone Report

Immediately or as soon as practicable after knowing or observing suspected child abuse or neglect, a mandated reporter shall make an initial report by telephone to any police department (excluding a school district police/security department), sheriff's department, county probation department if designated by the county to receive such reports, or county welfare department. - b. The child's name and address, present location, and, where applicable, school, grade, and class
- c. The name(s), address(es), and telephone number(s) of the child's parent(s)/guardian(s)

The mandated reporter shall not be required to disclose the mandated reporter's identity to a supervisor, the principal, or the Superintendent or designee. (Penal Code 11166)

However, employees reporting child abuse or neglect to an appropriate agency are encouraged, but not required, to notify the site administrator or designee as soon as possible after the initial verbal report by telephone. When so notified, the site administrator shall inform the Superintendent or designee.

Administrators so notified shall provide the mandated reporter any assistance necessary to ensure that reporting procedures are carried out in accordance with law, Board policy, and administrative regulation. At the mandated reporter's request, the principal may assist in completing and filing the necessary forms.

Reporting the information to an employer, supervisor, principal, school counselor, co-worker, or other person shall not be a substitute for making a mandated report to the appropriate agency. (Penal Code 11166)

### Training

Within the first six weeks of each school year, or within the first six weeks of employment if hired during the school year, the Superintendent or designee shall provide training on mandated reporting requirements to district employees and persons working on their behalf who are mandated reporters. (Education Code 44691; Penal Code 11165.7)

The Superintendent or designee shall use the online training module provided by the California Department of Social Services (CDSS). (Education Code 44691)

The training shall include, but not necessarily be limited to, training in identification and reporting of child abuse and neglect. In addition, the training shall include information that failure to report an incident of known or reasonably suspected child abuse or neglect as required by law is a misdemeanor punishable by imprisonment and/or a fine as specified. (Education Code 44691; Penal Code 11165.7)

The Superintendent or designee shall obtain and retain proof of each mandated reporter's completion of the training. (Education Code 44691)

## Victim Interviews by Social Services

Whenever CDSS or another government agency is investigating suspected child abuse or neglect that occurred within the child's home or out-of-home care facility, the student may be interviewed by an agency representative during school hours, on school premises. The student shall be given the choice of being interviewed in private or in the presence of any adult school employee or volunteer aide selected by the student. (Penal Code 11174.3)

A staff member or volunteer aide selected by a child may decline to be present at the interview. If the selected person accepts, the principal or designee shall inform the person of the following requirements prior to the interview: (Penal Code 11174.3)

1. The purpose of the selected person's presence at the interview is to lend support to the student and enable him/her to be as comfortable as possible.
2. The selected person shall not participate in the interview.
3. The selected person shall not discuss the facts or circumstances of the case with the student.
4. The selected person is subject to the confidentiality requirements of the Child Abuse and Neglect Reporting Act, a violation of which is punishable as specified in Penal Code 11167.5.

If a staff member agrees to be present, the interview shall be held at a time during school hours when it does not involve an expense to the school. (Penal Code 11174.3)

## Release of Child to Peace Officer

When a child is released to a peace officer and taken into custody as a victim of suspected child abuse or neglect, the Superintendent or designee and/or principal shall not notify the parent/guardian, but rather shall provide the peace officer with the address and telephone number of the child's parent/guardian. (Education Code 48906)

## Parent/Guardian Complaints

Upon request, the Superintendent or designee shall provide parents/guardians with procedures for reporting suspected child abuse occurring at a school site to appropriate agencies. For parents/guardians whose primary language is not English, such procedures shall be in their primary language and, when communicating orally regarding those guidelines and/or procedures, an interpreter shall be provided.

To file a complaint against a district employee or other person suspected of child abuse or neglect at a school site, parents/guardians may file a report by telephone, in person, or in writing with any appropriate agency identified above under "Reporting Procedures." If a parent/guardian makes a complaint about an employee to any other employee, the employee receiving the information shall notify the parent/guardian of procedures for filing a complaint with the appropriate agency. The employee shall also file a report when obligated to do so pursuant to Penal Code 11166 using the procedures described above for mandated reporters.

In addition, if the child is enrolled in special education, a separate complaint may be filed with the California Department of Education pursuant to 5 CCR 3200-3205.

## Notifications

The Superintendent or designee shall provide to all new employees who are mandated reporters a statement that informs them of their status as mandated reporters, their reporting obligations under Penal Code 11166, and their confidentiality rights under Penal Code 11167. The district also shall provide these new employees with a copy of Penal Code 11165.7, 11166, and 11167. (Penal Code 11165.7, 11166.5)

The signed statement shall be retained by the Superintendent or designee. (Penal Code 11166.5)

Employees who work with dependent adults shall be notified of legal responsibilities and reporting procedures pursuant to Welfare and Institutions Code 15630-15637.

The Superintendent or designee also shall notify all employees that:

1. A mandated reporter who reports a known or suspected instance of child abuse or neglect shall not be held civilly or criminally liable for making a report and this immunity shall apply even if the mandated reporter acquired the knowledge or reasonable suspicion of child abuse or neglect outside of the mandated reporter's professional capacity or outside the scope of employment. Any other person making a report shall not incur civil or criminal liability unless it can be proven that the person knowingly made a false report or made a report with reckless disregard of the truth or falsity of the report. (Penal Code 11172)

2. If a mandated reporter fails to timely report an incident of known or reasonably suspected child abuse or neglect, the mandated reporter may be guilty of a crime punishable by imprisonment or a fine. (Penal Code 11166) No employee shall be subject to any sanction by the district for making a report unless it can be shown that the employee knowingly made a false report or made a report with reckless disregard of the truth or falsity of the report. (Penal Code 11166, 11172)

## **(B) Disaster Procedures (EC 35295-35297; GC 8607 and 3100)**

### **Disaster Plan (See Appendix C-F)**

#### **SAFETY PROTOCOLS & PROCEDURES**

Staff Members as Emergency Workers: In the event of an emergency incident on campus, ALL STAFF will receive a Raptor Alert/Aeries Communication/Email/PA Announcement to go to Minga and join an Emergency Check-In event. This will provide the Incident Commander with real-time information about who is available to activate and assist, identify those who can't respond and need assistance, and to know who is safe both on and off campus.

#### **Stage 1 Protocols & Procedures:**

##### **Fire Emergency**

You should follow the evacuation routes as described on the RHS Fire Evacuation map below.

Signal: Fire alarm will sound in all classrooms

Repeated horn sound in rapid succession

##### **Freeway Chemical Spill or Power Outage Emergency**

You should follow the closest evacuation routes and proceed to Terrier Gym as quickly as possible. Please refer to the RHS North Campus Evacuation to Terrier Gym document below for more details.

Signal: You will be notified via the campus speaker system and email.

#### **What to Do:**

- 1) Explain - Explain to your students what the horn or announcement means.
- 2) Line Up - Ask your students to walk to the door to form an orderly line for evacuation purposes.
- 3) Evacuate - Students should move to the designated evacuation area in a silent, straight line.

When you leave your classroom, please follow these steps:

Bring your attendance roster and emergency backpack.

Shut your classroom door.

Evacuate to the appropriate Stage 1 evacuation area.

Take attendance using the Emergency Status Report once you are safely away from the building. Please include your name and include whether the missing students were absent that day, or did not arrive at the evacuation site.

Hold your attendance form until it is picked-up by a student runner.

4) All Clear - The "All Clear" notification will be given by an RHS administrator via the school PA system, Raptor Alert, and RUSD email, and will include instructions on how/where teachers and their students should proceed next.

Stage 2 Protocols & Procedures:

Earthquake Emergency

You should follow the evacuation routes as described on the RHS Earthquake Evacuation map below.

In the event of an earthquake, you will need to declare a Stage 2 Emergency within your classroom and implement the following procedures.

What to Do:

1) Drop, Cover, and Hold - Please be sure to discuss this with your students before drills in anticipation of a major earthquake. You can use the flyers below to model appropriate technique.

2) Line Up - When the tremors subside and you believe it is safe to begin the evacuation process, ask your students to walk to the door to form an orderly line for evacuation purposes.

3) Evacuate - Do not wait for an all-call system, as we will likely have lost power. Use your own judgment or listen for directions. Students should move to the designated Earthquake Emergency Evacuation Area in a silent, straight line.

When you leave your classroom, please follow these steps:

Bring your attendance roster, emergency backpack, and bucket.

Leave your classroom door OPEN.

Take attendance using the Emergency Status Report form once you are safely away from the building.

Hold your Emergency Status Report form until it is picked-up by a student runner.

4) All Clear - The "All Clear" notification will be given by an RHS administrator via bullhorn/portable speaker or student runners, and will include instructions on how/where teachers and their students should proceed next.

Stage 3 Protocols & Procedures: Please review all three closely.

Level 1 Safe & Secure Emergency

Will be called to reduce student and staff movement outside school buildings.

It is designed to allow for school to carry forward but have the ability to move to Lockdown quickly if needed.

During the Safe & Secure mode, there is heightened vigilance on campus by all school staff.

Signal: You will be notified via the campus PA system, Raptor Alert, and RUSD email.

What to Do:

Teachers should continue teaching as normal.

Allow students to use the restroom only if it is an emergency and is allowed within the incident directions given by RHS administration and security.

All students who are given permission to leave to use the restroom MUST HAVE a pass from the teacher. No Exceptions!  
Increased staff presence during passing periods and student dismissal if directed to do so and available.  
Lunch/activities in a more secure area if directed to do so by administration or security.  
Perimeter gates, where applicable, will be locked and monitored by available staff, allowing for central access points.  
PE classes will be moved off all fields into more secure locations.

All Clear: The release and all clear will be given via the campus PA system, Raptor Alert, and RUSD email with instructions to release students to their next period as necessary.

Missing Student Emergency

Power Outage Emergency

Level 2 Lockdown Emergency

Will be called when a law enforcement event is happening in the vicinity of the RHS campus.

The law enforcement agency generally, but not always, contacts the school/district to encourage the school site to lock down as a precautionary measure.

Signal: You will be notified via the campus PA system, Raptor Alert, and RUSD email.

What to Do:

Take a look outside of your classroom or office and gather up any stray students in the hallways.

If students are outside of the classroom with a teacher or staff member, quickly move them to a nearby secure building and follow the same procedures as those in classrooms or offices.

Ensure that your door is locked.

If windows and/or window coverings are open, close them.

Project a calm demeanor to help students remain calm.

Reassure students that they are safe.

Do not allow anyone to leave the classroom.

Frequently check your emails for possible updates from site administrators.

These will be given as soon as possible.

Please do not call the switchboard or office to ask for an update. Phones must be kept free for emergency communication.

Have all students immediately silence all cell phones, and cease using all social media applications, recording devices, and online communication platforms. Students may only use their cell phones to quietly text parents/guardians if it is deemed safe to do so by the teacher.

Students and staff must understand that unnecessary noise, distractions, or posting of information of any kind on social media could further escalate the danger of the situation and lead to individuals being harmed and/or loss of life.

All Clear: DO NOT OPEN CLASSROOM OR OFFICE DOORS, OR EXIT A SAFE LOCATION UNDER ANY CIRCUMSTANCES. The release and all clear will happen as follows: A security officer or administrator will physically unlock your door and give you a verbal all clear. All students will continue to remain in class until ALL classes are given the all clear by a security officer or administrator. The release and all clear will then be given via the campus PA system, Raptor Alert, and RUSD email and will include instructions to release students to their next period or location as necessary.

Incident Examples:

Campus Intruder Emergency

Off-Campus Emergency

Critical Alert Emergency

Will be called when a significant, threatening event is happening on campus or adjacent to campus that creates a potential danger to students and staff.

While this may be communicated to the school by law enforcement, it may also be determined by school officials on the scene.

Critical Alert Lockdown assumes that everyone is prepared for a potential significant threat/event on campus.

#### What To Do:

Implement all items from the Lockdown Emergency list above.

Turn off all lights so it will appear that the room is vacant.

Keep all students sitting on the floor, away from the door or windows.

Close/cover ALL windows.

Advise the students that there is a serious situation, but you don't know what it is.

Project a calm demeanor to help students remain calm and reassure students that they are safe.

Have all students/staff immediately silence all cell phones, and cease using all social media applications, recording devices, and online communication platforms. Students/staff may only use their cell phones to quietly text parents/guardians if it is deemed safe to do so by the teacher.

Students and staff must understand that unnecessary noise, distractions, or posting of information of any kind on social media could further escalate the danger of the situation and lead to individuals being harmed and/or loss of life.

Keep the room as quiet as possible for the duration of the incident.

Do not call the office. Everyone on campus will be dealing with the incident in a similar manner and will not be able to answer calls.

Doing so may put them at risk of harm.

Deal with all emergencies at your location to the best of your ability.

Utilize emergency supplies in your Emergency Backpack as needed.

Quietly take roll and make a list of missing students/staff and add any extra students that are in your room.

Email this list to your administrators and school site secretaries.

Include information about any serious injuries sustained by students/staff.

Do not open the door, even if someone knocks and claims to be an administrator, security office, or first responder.

Do not evacuate students, even if the fire alarm goes off.

If students are out on the athletic fields, do not have them return to the locker room. Move them to a safe place using your best judgment (ex: the farthest corner of the campus).

All Clear: DO NOT OPEN CLASSROOM OR OFFICE DOORS, OR EXIT A SAFE LOCATION UNDER ANY CIRCUMSTANCES. The release and all clear will happen as follows: A law enforcement officer, RHS/RUSD security officer, or RHS/RUSD administrator will physically unlock your door and give you a verbal all clear. All students and staff will then proceed as directed by the same official.

#### EMERGENCY PROCEDURES FOR SPECIFIC SITUATIONS:

#### Fire In the Classroom: Stage 1 Emergency Protocols and Procedures

In the event of an actual fire in a classroom or workspace, the following should be accomplished:

Pull the fire alarm in your building to institute a Stage 1 evacuation.

Evacuate the classroom or workspace (and concurrently report if safe to do so via the Raptor Alert app to notify RHS Administration, the RHS Safety team and RHS staff).

Call 911 and report the emergency. Be sure to include accurate information about location on campus.

All staff should follow the evacuation routes as described on the RHS Fire Evacuation map.

If the fire continues to grow despite best efforts, get as far away as possible, even if that means exiting campus.

Stay aware and alert for further instruction via school PA system, the Raptor Alert app, or RUSD email.

What to Do In The Presence of Students:

1) Explain - Explain to students what the horn or announcement means.

2) Line Up - Ask students to walk to the door to form an orderly line for evacuation purposes.

3) Evacuate - Students should move to the designated evacuation area in a silent, straight line.

When leaving the classroom/workspace, please follow these steps:

Bring attendance roster and emergency backpack.

Shut classroom/workspace door.

Evacuate to the appropriate Stage 1 evacuation area.

Take attendance using the Emergency Status Report once safely away from the building. Please include name and include whether the missing students were absent that day, or did not arrive at the evacuation site.

Hold attendance form until it is picked-up by a student runner.

4) All Clear - The "All Clear" notification will be given by an RHS administrator via the school PA system, the Raptor Alert app, or RUSD email, and will include instructions on how/where teachers, staff and students should proceed next.

Small fires can be put out with the fire extinguisher. Use the PASS method.

Pull the pin to activate the extinguisher.

Aim at the base of the fire.

Squeeze the trigger to discharge.

Sweep the extinguisher from side to side.

Armed Subject (Stage 3 Emergency - Lock Down):

If you know or suspect that a student or anyone on campus is carrying a weapon, please take one or more of the following steps to get assistance:

Initiate a Team Assist request on Raptor Alert and include the following information:

Your Name

Your location

Type of weapon

Name of individual suspected of having a weapon, their location, where they are seated if in your classroom, and clothing description.

Any situational details that will be helpful to security or law enforcement.

Email [rhs31911@redlands.k12.ca.us](mailto:rhs31911@redlands.k12.ca.us) and include the following information:

Your Name

Your location

Type of weapon

Name of individual suspected of having a weapon, their location, where they are seated if in your classroom, and clothing description.

Any situational details that will be helpful to security or law enforcement.

Flag the email as High Importance.  
Please include 911 in the subject line.  
Ex: "911 in R-22"

Call 31911 and share the following information:

Your Name

Your location

Type of weapon

Name of individual suspected of having a weapon, their location, where they are seated if in your classroom, and clothing description.

Any situational details that will be helpful to security or law enforcement.

If the person is threatening or brandishing the weapon, call 911 immediately and then call 31911 or email [rhs31911@redlands.k12.ca.us](mailto:rhs31911@redlands.k12.ca.us) to notify RHS administration and security.

Never attempt to restrain an armed student even if the weapon is not exposed.

If the student leaves your room, LET THEM GO!

Advise security of location and direction the student was going.

Maintain the safety of students and staff that are at your location.

If the SRO and or RHS Security enter your classroom or office to investigate a report of a weapon, please give them as much space as possible to investigate and be prepared to follow all instructions as they work to remove the student or students from your space. If the student(s) resist the instructions of the SRO and or RHS Security, please be ready to evacuate yourself and all others in the space as instructed. This will help to ensure the safety of all involved.

#### Shooting (Stage 3 Emergency):

Your first indication of a dangerous situation may be a Lockdown signal. On the other hand, your first indication of a shooting might be popping, cracking or banging noises. Different calibers of weapons have completely different sounds. You might hear breaking glass, windows exploding, or bullets ricocheting. If this situation occurs, do the following:

Call 911 and report the situation and any injuries.

Then call 31911, email [rhs31911@redlands.k12.ca.us](mailto:rhs31911@redlands.k12.ca.us) or initiate an alert on Raptor Alert to report the situation to RHS administration and security.

Implement Stage 3: Critical Alert Emergency Lockdown procedures.

#### Unarmed or Violent Mentally Unstable Subjects (Stage 3 Emergency):

Even if a student does not have a weapon, he/she can still be a danger to him/herself or others. Whether it is psychological disorders or chemical induced reactions, a student can behave violently or bizarrely to the point where he/she can overcome an adult. If you find yourself in a situation where you or your students feel threatened by the actions of another, do the following:

Dial 31911, email [rhs31911@redlands.k12.ca.us](mailto:rhs31911@redlands.k12.ca.us) or initiate a Team Assist request on Raptor Alerts to report the situation and request assistance. Be sure to note the student's location and/or direction of travel.

Try de-escalation strategies to calm the subject until help arrives. However, the use of physical force is appropriate to prevent injury to yourself or others.

If the subject leaves the room – LET THEM GO!

#### Bomb Threats (Stage 1 Emergency):

The responsibility for determining the exact course of action in a bomb threat remains with the RHS administration and security.

Anyone receiving information regarding a bomb threat must immediately report the information to 31911 or [rhs31911@redlands.k12.ca.us](mailto:rhs31911@redlands.k12.ca.us) Please remember to use the RHS Threat Response Procedures & Checklist if you receive a bomb threat. Do not ignore a threat. Carefully review the information presented here.

If you receive a bomb threat, use the RHS Threat Response Procedures & Checklist (see Supplemental Materials below) to get as much information as possible.

Anyone who receives a written bomb threat shall place it in an envelope and take note of where and when it was found.

Immediately call 31911, email [rhs31911@redlands.k12.ca.us](mailto:rhs31911@redlands.k12.ca.us) and or initiate a Team Assist request on Raptor Alert to report the threat. Use a different phone if necessary.

The Incident Commander will determine the next course of action. It may include lockdown, stage one, or stage two evacuation.

#### Major Fight/Riot (Stage 2 or 3 Emergency):

Fights or riots can occur with students on campus, strangers on campus, or in the surrounding community. Regardless, your first action is to contact campus security.

Dial 31911, email [rhs31911@redlands.k12.ca.us](mailto:rhs31911@redlands.k12.ca.us) or initiate a Team Assist request on Raptor Alert to report the disturbance.

Once the emergency has been called in, the Incident Commander will determine the next course of action. This could include lockdown or evacuation.

Do not get involved with the altercation unless it is deemed necessary to prevent injury to yourself or others.

#### Additional Information:

##### Evacuation During Non-Class Times:

In the event of a Stage 1 or Stage 2 Emergency (Ex: Earthquake or Fire On Campus) when class is not in session, students and staff should safely proceed to the appropriate evacuation area for their Period 4 class. In the event of a Stage 3 Emergency (Lockdown), students and staff should quickly go to a nearby secure building and follow the same procedures as those in classrooms or offices.

##### Emergency messages:

Anytime an important message needs to reach staff, an announcement will be made, "All staff, please check your email." All staff will be expected to read their email immediately and listen for further instructions. Additionally, in the event of an emergency incident on campus, you will receive an Aeries Communication/Email/PA Announcement to go to Minga and join an Emergency Check In event.

##### Emergency Supervision:

Student tensions on campus can be a problem. Volunteer teachers are recruited each year to serve as emergency supervisors on campus. If problems are anticipated in advance, emergency supervisors are notified by administration.

##### Media:

Staff members are not to communicate with TV or Print Media. Staff members are not to post on Social Media until the resolution of the emergency. Refer any inquiries to the Incident Commander or Public Information Officer at the Command Post. It is critical that only full and factual information is provided to our families and community.

##### Check-In and Check-Out Procedures for Outside Contractors at RHS:

Any contractor conducting work at RHS must visit the South Campus Switchboard on their first day to complete the RAPTOR check-in process.

If contractors are working on campus for consecutive days, after the first day, they may use the RHS Outside Contractor Check-In QR Code that will be given to them at the time of their initial RAPTOR check-in.

If a new contractor joins an existing team, they will need to complete the RAPTOR check-in process on their first day.

At the end of each workday, contractors will need to use the same RHS Outside Contractor Check-In QR Code to document that they are leaving campus for the day. Checking out assists school and emergency services in an evacuation event. If you have not checked out, you are assumed to still be onsite, and will need to be contacted to verify your location.

(cf. 5145.3 -Nondiscrimination/Harassment)

#### Additional Grounds for Suspension and Expulsion: Grades 9-12

Any student in grades 9-12 may be suspended, but not expelled, for disrupting school activities or otherwise willfully defying the valid authority of supervisors, teachers, administrators, other school officials, or other school personnel engaged in the performance of their duties. (Education Code 48900(k))

(cf. 5131.4 - Student Disturbances)

#### Suspension from Class by a Teacher

A teacher may suspend a student from class for the remainder of the day and the following day for any of the acts specified in Education Code 48900 and listed as items #1-18 under "Grounds for Suspension and Expulsion: Grades K-12" above or for disruption or willful defiance at any grade level, including grades K-8. (Education Code 48910)

When suspending a student from class, the teacher shall immediately report this action to the principal or designee and send the student to the principal or designee for appropriate action. If that action requires the continuing presence of the student at school, the student shall be appropriately supervised during the class periods from which the student has been suspended. (Education Code 48910)

As soon as possible after the teacher decides to suspend the student, the teacher shall ask the student's parent/guardian to attend a parent-teacher conference regarding the suspension. A counselor or psychologist may attend the conference if it is practicable, and a school administrator shall attend if either the parent/guardian or teacher so requests. (Education Code 48910)

A student suspended from class shall not be returned to class during the period of the suspension without the approval of the teacher of the class and the principal or designee. (Education Code 48910)

A student suspended from class shall not be placed in another regular class during the period of suspension. However, a student assigned to more than one class per day, may continue to attend other regular classes except those held at the same time as the class from which the student was suspended. (Education Code 48910)

The teacher of any class from which a student is suspended may require the student to complete any assignments and tests missed during the removal. (Education Code 48913)

#### Suspension By Superintendent, Principal Or Principal's Designee

To implement disciplinary procedures at a school site, the principal may, in writing, designate as the principal's designee another administrator or, if the principal is the only administrator at the school site, a certificated employee. As necessary, the principal may, in writing, also designate another administrator or certificated employee as the secondary designee to assist with disciplinary procedures when the principal and the principal's primary designee are absent from the school site.

The Superintendent or designee shall immediately suspend any student found at school or at a school activity to have committed any of the acts listed in the Board policy under "Authority to Expel" for which a recommendation of expulsion is required. (Education Code 48915(c))

The Superintendent, principal, or designee may impose a suspension for a first offense if it is determined that the student violated any of items #1-5 listed under "Grounds For Suspension and Expulsion: Grades K-12" above or if the student's presence causes a danger to persons. (Education Code 48900.5)

For all other offenses, a student may be suspended only when the Superintendent or principal has determined that other means of correction have failed to bring about proper conduct. (Education Code 48900.5)

When other means of correction are implemented prior to imposing suspension or supervised suspension upon a student, the Superintendent, principal, or designee shall document the other means of correction used and retain the documentation in the student's record. (Education Code 48900.5)

(cf. 5125 - Student Records)

#### Length of Suspension

The Superintendent, principal, or designee may suspend a student from school for not more than five consecutive school days. (Education Code 48911)

A student may be suspended from school for not more than 20 school days in any school year. However, if a student enrolls in or is transferred to another regular school, an opportunity school, or continuation school or class for the purpose of adjustment, the student may be suspended for not more than 30 days in a school year. The district may count suspensions that occur while a student is enrolled in another school district toward the maximum number of days for which the student may be suspended in any school year. (Education Code 48903, 48911, 48912)

(cf. 6184 - Continuation Education)

These restrictions on the number of days of suspension shall not apply when the suspension is extended pending an expulsion. (Education Code 48911)

#### Due Process Procedures for Suspension

Suspensions shall be imposed in accordance with the following procedures:

1. Informal Conference: Suspension shall be preceded by an informal conference conducted by the principal, Superintendent or designee with the student, and whenever practicable, the teacher, supervisor or school employee who referred the student to the principal. At the conference, the student shall be informed of the reason for the disciplinary action, including the other means of correction that were attempted before the suspension as required pursuant to Education Code 48900.5, and the evidence against the student, and shall be given the opportunity to present the student's version and evidence. (Education Code 48911(b))

This conference may be omitted if the principal, designee or the Superintendent or designee determines that an emergency situation exists. An "emergency situation" involves a clear and present danger to the lives, safety or health of students or school personnel. If a student is suspended without this conference, both the parent/guardian and student shall be notified of the student's right to return to school for the purpose of the conference. The conference shall be held within two school days, unless the student waives his/her right to it or is physically unable to attend for any reason. In such case, the conference shall be held as soon as the student is physically able to return to school. (Education Code 48911)

2. Administrative Actions: All requests for student suspension are to be processed by the principal or designee.

A school employee shall report the suspension, including the name of the student and the cause for the suspension, to the Superintendent or designee. (Education Code 48911)

3. Notice to Parents/Guardians: At the time of the suspension, a school employee shall make a reasonable effort to contact the parent/guardian by telephone or in person. Whenever a student is suspended, the parent/guardian shall also be notified in writing of the suspension. (Education Code 48911)

This notice shall state the specific offense committed by the student. (Education Code 48900.8)

In addition, the notice may also state the date and time when the student may return to school.

4. Parent/Guardian Conference: Whenever a student is suspended, school officials may request a meeting with the parent/guardian to discuss the cause(s) and duration of the suspension, the school policy involved, and any other pertinent matters. (Education Code 48914)

Should school officials request to meet with the parent/guardian, the notice may state that the law requires the parent/guardian to respond to such requests without delay. However, no penalties may be imposed on the student for the failure of the parent/guardian to attend such a conference. The student may not be denied reinstatement solely because the parent/guardian failed to attend the conference. (Education Code 48911)

5. Extension of Suspension: If the Board is considering the expulsion of a suspended student from any school or the suspension of a student for the balance of the semester from continuation school, the Superintendent or designee may, in writing, extend the suspension until such time as the Board has made a decision provided the following requirements are followed: (Education Code 48911)

The extension of the original period of suspension is preceded by notice of such extension with an offer to hold a conference concerning the extension, giving the student an opportunity to be heard. This conference may be held in conjunction with a meeting requested by the student or parent/guardian to challenge the original suspension

The Superintendent or designee determines, following a meeting in which the student and the student's parent/guardian were invited to participate, that the student's presence at the school or at an alternative school would endanger persons or property or threaten to disrupt the instructional process. (Education Code 48911)

If the student involved is a foster youth, the Superintendent or designee shall notify the district liaison for foster youth of the need to invite the student's attorney and a representative of the appropriate county child welfare agency to attend the meeting. (Education Code 48853.5, 48911, 48918.1)

(cf. 6173.1 - Education for Foster Youth)

d. If the student involved is a homeless child or youth, the Superintendent or designee shall notify the district liaison for homeless students. (Education Code 48918.1)

(cf. 6173 - Education for Homeless Children)

In lieu of or in addition to suspending a student, the Superintendent, principal, or designee may provide services or require the student to participate in an alternative disciplinary program designed to correct the behavior and keep the student in school.

#### Suspension by the Board

The Board may suspend a student for any of the acts listed under "Grounds for Suspension and Expulsion: Grades K-12," "Additional Grounds for Suspension and Expulsion: Grades 4-12," and "Additional Grounds for Suspension and Expulsion: Grades 9-12" above and within the limits specified under "Suspension by Superintendent, Principal or Designee" above. (Education Code 48912)

The Board may suspend a student enrolled in a continuation school or class for a period not longer than the remainder of the semester. The suspension shall meet the requirements of Education Code 48915. (Education Code 48912.5)

When the Board is considering a suspension, disciplinary action, or any other action (except expulsion) against any student, it may hold a closed session if a public hearing would lead to disclosure of information which would violate a student's right to privacy under Education Code 49073-49079. (Education Code 35146, 48912)

(cf. 9321 Closed Session)

The Board shall provide the student and parent/guardian with written notice of the closed session by registered or certified mail or personal service. Upon receiving this notice, the student or parent/guardian may request a public meeting, and this request shall be granted if made in writing within 48 hours after receipt of the Board's notice. However, any discussion that conflicts with any other student's right to privacy still shall be held in closed session. (Education Codes 35146, 48912)

#### Superintendent or Principal's Authority to Recommend Expulsion

Unless the principal or Superintendent determines that expulsion should not be recommended under the circumstances or that an alternative means of correction would address the conduct, the Superintendent or principal shall recommend a student's expulsion for any of the following acts: (Education Code 48915)

1. Causing serious physical injury to another person, except in self-defense.
2. Possession of any knife or other dangerous object of no reasonable use to the student.
3. Unlawful possession of any controlled substance, as listed in Health and Safety Code 11053-11058, except for (a) the first offense for the possession of not more than one ounce of marijuana, other than concentrated cannabis, or (b) the student's possession of over-the-counter medication or other medication prescribed by a physician.
4. Robbery or extortion.
5. Assault or battery, as defined in Penal Code 240 and 242, upon any school employee.

In determining whether or not to recommend the expulsion of a student, the Superintendent, principal, or designee shall act as quickly as possible to ensure that the student does not lose instructional time. (Education Code 48915)

#### Student's Right to Expulsion Hearing

Any student recommended for expulsion shall be entitled to a hearing to determine whether the student should be expelled. The hearing shall be held within 30 school days after the principal or Superintendent or designee determines that the student has committed the act(s) that form the basis for the expulsion recommendation. (Education Code 48918(a))

The student is entitled to at least one postponement of an expulsion hearing for a period of not more than 30 calendar days. The request for postponement shall be in writing. Any subsequent postponement may be granted at the Board's discretion. (Education Code 48918(a))

If the Board finds it impracticable during the regular school year to comply with these time requirements for conducting an expulsion hearing, the Superintendent or designee may, for good cause, extend the time period by an additional five school days. Reasons for the extension shall be included as a part of the record when the expulsion hearing is held. (Education Code 48918(a))

If the Board finds it impractical to comply with the time requirements of the expulsion hearing due to a summer recess of Board meetings of more than two weeks, the days during the recess shall not be counted as school days. The days not counted during the recess may not exceed 20 school days, as defined in Education Code 48925. Unless the student requests in writing that the expulsion hearing be postponed, the hearing shall be held not later than 20 calendar days prior to the first day of the next school year. (Education Code 48918(a))

Once the hearing starts, all matters shall be pursued with reasonable diligence and concluded without unnecessary delay. (Education Code 48918(a))

#### Stipulated Expulsions

After a determination that a student has committed an expellable offense, the Superintendent, principal, or designee shall offer the student and parent/guardian the option to waive a hearing and stipulate to the expulsion or to a suspension of the expulsion under certain conditions. The offer shall be made only after the student or parent/guardian has been given written notice of the expulsion hearing pursuant to Education Code 48918.

The stipulation agreement shall be in writing and shall be signed by the student and parent/guardian. The stipulation agreement shall include notice of all the rights that the student is waiving, including the waiving of the right to have a full hearing, to appeal the expulsion to the County Board of Education, and to consult legal counsel.

A stipulated expulsion agreed to by the student and parent/guardian shall be effective upon approval by the Board.

#### Rights of Complaining Witness

An expulsion hearing involving allegations of sexual assault or sexual battery may be postponed for one school day in order to accommodate the special physical, mental or emotional needs of a student who is the complaining witness. (Education Code 48915.5)

Whenever the Superintendent or designee recommends an expulsion hearing that addresses allegations of sexual assault or sexual battery, the Superintendent or designee shall give the complaining witness a copy of the district's suspension and expulsion policy and regulation and shall advise the witness of his/her right to: (Education Code 48915.5)

1. Receive five days' notice of his/her scheduled testimony at the hearing.
2. Have up to two adult support persons of his/her choosing present at the hearing at the time he/she testifies.
3. Have a closed hearing during the time he/she testifies.

Whenever any allegation of sexual assault or sexual battery is made, the Superintendent or designee shall immediately advise complaining witnesses and accused students to refrain from personal or telephone contact with each other during the time when an expulsion process is pending. (Education Code 48915.5)

#### Written Notice of the Expulsion Hearing

Written notice of the expulsion hearing shall be forwarded to the student and the student's parent/guardian at least ten (10) calendar days before the date of the hearing. The notice shall include: (Education Code 48900.8, 48918(b))

1. The date and place of the hearing.

2. A statement of the specific facts, charges and offense upon which the proposed expulsion is based.
3. A copy of district disciplinary rules which relate to the alleged violation.
4. Notification of the student's parent/guardian's obligation pursuant to Education Code 48915.1, to provide information about the student's status in the district to any other district in which the student seeks enrollment.

This obligation applies when a student is expelled for acts other than those described in Education Code 48915(a) or (c).

(cf. 5119 -Students Expelled from Other Districts)

5. The opportunity for the student or the student's parent/guardian to appear in person or be represented by legal counsel or by a non-attorney adviser.

Legal counsel means an attorney or lawyer who is admitted to the practice of law in California and is an active member of the State Bar of California.

Non-attorney adviser means an individual who is not an attorney or lawyer, but who is familiar with the facts of the case and has been selected by the student or student's parent/guardian to provide assistance at the hearing.

6. The right to inspect and obtain copies of all documents to be used at the hearing.
7. The opportunity to confront and question all witnesses who testify at the hearing.
8. The opportunity to question all evidence presented and to present oral and documentary evidence on the student's behalf, including witnesses.

#### Additional Notice of Expulsion Hearing for Foster Youth and Homeless Students

If the student facing expulsion is a foster student, the Superintendent or designee shall also send notice of the hearing to the student's attorney and a representative of an appropriate child welfare agency at least 10 days prior to the hearing. (Education Code 48918.1)

If the student facing expulsion is a homeless student, the Superintendent or designee shall also send notice of the hearing to the district liaison for homeless students at least 10 days prior to the hearing. (Education Code 48918.1)

Any notice for these purposes may be provided by the most cost-effective method possible, including by email or a telephone call. (Education Code 48918.1)

#### Conduct of Expulsion Hearing

1. Closed Session: Notwithstanding Education Code 35145, the Board shall conduct a hearing to consider the expulsion of the student in a session closed to the public unless the student requests in writing at least five days prior to the hearing that the hearing be a public meeting. If such request is made, the meeting shall be public to the extent that privacy rights of other students are not violated. (Education Code 48918)

Whether the expulsion hearing is held in closed or public session, the Board may meet in closed session to deliberate and determine if the student should be expelled. If the Board admits any other person to the closed session, the parent/guardian, the student, and the counsel of the student shall also be allowed to attend the closed session. (Education Code 48918(c))

If a hearing that involves a charge of sexual assault or sexual battery is to be conducted in public, a complaining witness shall have the right to testify in closed session when testifying in public would threaten serious psychological harm to the witness and when there are no alternative procedures to avoid the threatened harm, including, but not limited to, a videotaped deposition or contemporaneous examination in another place communicated to the hearing room by closed-circuit television. (Education Code 48918(c))

2. Record of Hearing: A record of the hearing shall be made and may be maintained by any means, including electronic recording, so long as a reasonably accurate written and complete written transcription of the proceedings can be made. (Education Code 48918(g))

3. Subpoenas: Before commencing a student expulsion hearing, the Board may issue subpoenas, at the request of either the student or the Superintendent or designee, for the personal appearance at the hearing of any person who actually witnessed the action that gave rise to the recommendation for expulsion. After the hearing has commenced, the Board or the hearing officer or administrative panel may issue such subpoenas at the request of the student or the County Superintendent of Schools or designee. All subpoenas shall be issued in accordance with Code of Civil Procedure 1985-1985.2 and enforced in accordance with Government Code 11455.20. (Education Code 48918(i))

Any objection raised by the student or the Superintendent or designee to the issuance of subpoenas may be considered by the Board in closed session, or in open session if so requested by the student, before the meeting. The Board's decision in response to such an objection shall be final and binding. (Education Code 48918(i))

If the Board determines, or if the hearing officer or administrative panel finds and submits to the Board, that a witness would be subject to unreasonable risk of harm by testifying at the hearing, a subpoena shall not be issued to compel the personal attendance of that witness at the hearing. However, that witness may be compelled to testify by means of a sworn declaration as described in item #4 below. (Education Code 48918(i))

4. Presentation of Evidence: Technical rules of evidence shall not apply to the expulsion hearings, but relevant evidence may be admitted and used as proof only if it is the kind of evidence on which reasonable persons can rely in the conduct of serious affairs. The decision of the Board to expel shall be supported by substantial evidence that the student committed any of the acts pursuant to Education Code 48900 and listed in "Grounds for Suspension and Expulsion: Grades K-12," "Additional Grounds for Suspension and Expulsion: Grades 4-12," and "Additional Grounds for Suspension and Expulsion: Grades 9-12" above. (Education Code 48918(h))

Findings of fact shall be based solely on the evidence at the hearing. Although no finding shall be based solely on hearsay, sworn declarations may be admitted as testimony from witnesses whose disclosure of their identity or testimony at the hearing may subject them to an unreasonable risk of physical or psychological harm. (Education Code 48918 (f))

In cases where a search of a student's person or property has occurred, evidence describing the reasonableness of the search shall be included in the hearing record.

5. Testimony By Complaining Witness: The following procedures shall be observed when a hearing involves allegations of sexual assault or sexual battery by a student: (Education Code 48918, 48918.5)

a. Any complaining witness shall be given five days' notice before being called to testify.

b. Any complaining witness shall be entitled to have up to two adult support persons, including, but not limited to, a parent/guardian or legal counsel, present during the testimony.

c. Before a complaining witness testifies, support persons shall be admonished that the hearing is confidential.

d. The person presiding over the hearing may remove a support person who is disrupting the hearing.

e. If one or both support persons are also witnesses, the hearing shall be conducted in accordance with Penal Code 868.5.

f. Evidence of specific instances of prior sexual conduct of a complaining witness shall be presumed inadmissible and shall not be heard unless the person conducting the hearing determines that extraordinary circumstances require the evidence to be heard. Before such a determination is made, the complaining witness shall be given notice and an opportunity to oppose the introduction of this evidence. In the hearing on the admissibility of this evidence, the complaining witness shall be entitled to be represented by a parent/guardian, legal counsel or other support person. Reputation or opinion evidence regarding the sexual behavior of a complaining witness shall not be admissible for any purpose.

g. In order to facilitate a free and accurate statement of the experiences of the complaining witness and to prevent discouragement of complaints, the district shall provide a nonthreatening environment.

(1) The district shall provide a room separate from the hearing room for the use of the complaining witness before and during breaks in testimony.

(2) At the discretion of the person conducting the hearing, the complaining witness shall be allowed reasonable periods of relief from examination and cross-examination during which the complaining witness may leave the hearing room.

(3) The person conducting the hearing may:

(a) Arrange the seating within the hearing room so as to facilitate a less intimidating environment for the complaining witness.

(b) Limit the time for taking the testimony of a complaining witness to normal school hours, if there is no good cause to take the testimony during other hours.

(c) Permit one of the support persons to accompany the complaining witness to the witness stand.

6. Decision: The Board's decision on whether to expel a student shall be made within 40 school days after the student is removed from school, unless the student requests in writing that the decision be postponed. (Education Code 48918(a))

#### Alternative Expulsion Hearing: Hearing Officer or Administrative Panel

Instead of conducting an expulsion hearing itself, the Board may contract with the county hearing officer or with the Office of Administrative Hearings of the State of California for a hearing officer. Alternatively, the Board may appoint an impartial administrative panel composed of three or more certificated personnel, none of whom shall be members of the Board or on the staff of the school in which the student is enrolled. (Education Code 48918(d))

A hearing conducted by the hearing officer or administrative panel shall conform to the same procedures as apply to a hearing conducted by the Board as specified in "Conduct of Expulsion Hearing" above, including the requirement to issue a decision within 40 school days of the student's removal from school, unless the student requests that the decision be postponed. (Education Code 48918(a) and (d))

The hearing officer or administrative panel shall, within three school days after the hearing, determine whether to recommend expulsion of the student to the Board. If expulsion is not recommended, the expulsion proceeding shall be terminated and the student shall be immediately reinstated and permitted to return to the classroom instructional program from which the referral was made, unless another placement is requested in writing by the student's parent/guardian. Before the student's placement decision is made by the student's parent/guardian, the Superintendent or designee shall consult with the parent/guardian and district staff, including the student's teachers, regarding other placement options for the student in addition to the option to return to the classroom instructional program from which the student's expulsion referral was made. The decision to not recommend expulsion shall be final. (Education Code 48918(e))

If expulsion is recommended, findings of fact in support of the recommendation shall be prepared and submitted to the Board. All findings of fact and recommendations shall be based solely on the evidence presented at the hearing. The Board may accept the recommendation based either upon a review of the findings of fact and recommendations submitted or upon the results of any supplementary hearing the Board may order. (Education Code 48918(f))

In accordance with Board policy, the hearing officer or administrative panel may recommend that the Board suspend the enforcement of the expulsion. If the hearing officer or administrative panel recommends that the Board expel a student but suspend the enforcement of the expulsion, the student shall not be reinstated and permitted to return to the classroom instructional program from which the referral was made until the Board has ruled on the recommendation. (Education Code 48917, 48918)

#### Final Action by the Board

Whether the expulsion hearing is conducted in closed or open session by the Board, a hearing officer, or an administrative panel, or is waived through the signing of a stipulated expulsion agreement, the final action to expel shall be taken by the Board at a public meeting. (Education Code 48918(j))

The Board's decision is final. If the decision is not to expel, the student shall be reinstated immediately. If the decision is to suspend the enforcement of the expulsion, the student shall be reinstated under the conditions of the suspended expulsion.

Upon ordering an expulsion, the Board shall set a date when the student shall be reviewed for readmission to a school within the district. For a student expelled for an act listed under "Mandatory Recommendation and Mandatory Expulsion" listed in the section "Authority to Expel" in the accompanying Board policy, this date shall be one year from the date the expulsion occurred, except that the Board may set an earlier date on a case-by-case basis. For a student expelled for other acts, this date shall be no later than the last day of the semester following the semester in which the expulsion occurred. If an expulsion is ordered during summer session or the intersession period of a year-round program, the Board shall set a date when the student shall be reviewed for readmission not later than the last day of the semester following the summer session or intersession period in which the expulsion occurred. (Education Code 48916)

At the time of the expulsion order, the Board shall recommend a plan for the student's rehabilitation, which may include: (Education Code 48916)

1. Periodic review as well as assessment at the time of review, for readmission.
2. Recommendations for improved academic performance, tutoring, special education assessments, job training, counseling, employment, community service, or other rehabilitative programs.

With parent/guardian consent, students who have been expelled for reasons relating to controlled substances or alcohol may be required to enroll in a county-sponsored drug rehabilitation program before returning to school. (Education Code 48916.5)

#### Written Notice to Expel

The Superintendent or designee shall send written notice of the decision to expel to the student or parent/guardian. The notice shall include the following:

1. The specific offense committed by the student for any of the causes for suspension or expulsion listed above under "Grounds for Suspension and Expulsion: Grades K-12," "Additional Grounds for Suspension and Expulsion: Grades 4-12," or "Additional Grounds for Suspension and Expulsion: Grades 9-12". (Education Code 48900.8)
2. The fact that a description of readmission procedures will be made available to the student and his/her parent/guardian. (Education Code 48916)
3. Notice of the right to appeal the expulsion to the County Board of Education. (Education Code 48918)
4. Notice of the alternative educational placement to be provided to the student during the time of expulsion. (Education Code 48918)
5. Notice of the student's or parent/guardian's obligation to inform any new district in which the student seeks to enroll of the student's status with the expelling district, pursuant to Education Code 48915.1. (Education Code 48918)

#### Decision to Suspend Expulsion Order

In accordance with Board policy, when deciding whether to suspend the enforcement of an expulsion order, the Board shall take into account the following criteria:

1. The student's pattern of behavior.
2. The seriousness of the misconduct.
3. The student's attitude toward the misconduct and his/her willingness to follow a rehabilitation program.

The suspension of the enforcement of an expulsion shall be governed by the following:

1. The Board may, as a condition of the suspension of enforcement, assign the student to a school, class or program appropriate for the student's rehabilitation. This rehabilitation program may provide for the involvement of the student's parent/guardian in the student's education. However, a parent/guardian's refusal to participate in the rehabilitation program shall not be considered in the Board's determination as to whether the student has satisfactorily completed the rehabilitation program. (Education Code 48917)
2. During the period when enforcement of the expulsion order is suspended, the student shall be on probationary status. (Education Code 48917)
3. The suspension of the enforcement of an expulsion order may be revoked by the Board if the student commits any of the acts listed under "Grounds for Suspension and Expulsion: Grades K-12," "Additional Grounds for Suspension and Expulsion: Grades 4-12," or "Additional Grounds for Suspension and Expulsion: Grades 9-12" above or violates any of the district's rules and regulations governing student conduct. (Education Code 48917)
4. When suspension of enforcement of an expulsion order is revoked, a student may be expelled under the terms of the original expulsion order. (Education Code 48917)
5. Upon satisfactory completion of the rehabilitation assignment, the Board shall reinstate the student in a district school. Upon reinstatement, the Board may order the expunging of any or all records of the expulsion proceedings. (Education Code 48917)
6. Suspension of the enforcement of an expulsion order shall not affect the time period and requirements for the filing of an appeal of the expulsion order with the County Board of Education. (Education Code 48917)
7. The Superintendent or designee shall send written notice of any decision to suspend the enforcement of an expulsion order during a period of probation to the student or parent/guardian. The notice shall also inform the parent/guardian of the right to appeal the expulsion to the County Board of Education, the alternative educational placement to be provided to the student during the period of expulsion, and the student's or parent/guardian's obligation to inform any new district in which the student seeks to enroll of the student's status with the expelling district, pursuant to Education Code 48915.1(b). (Education Code 48918(ij))

## Appeal

The student or parent/guardian is entitled to file an appeal of the Board's decision with the County Board of Education. The appeal must be filed within 30 days of the Board's decision to expel, even if the expulsion order is suspended and the student is placed on probation. (Education Code 48919)

If the student submits a written request for a copy of the written transcripts and supporting documents from the district simultaneously with the filing of the notice of appeal with the County Board, the district shall provide the student with these documents within 10 school days following the student's written request. (Education Code 48919)

## Notifications To Law Enforcement Authorities

Prior to the suspension or expulsion of any student, the principal or designee shall notify appropriate city or county law enforcement authorities of any student acts of assault which may have violated Penal Code 245. (Education Code 48902)

The principal or designee also shall notify appropriate city or county law enforcement authorities of any student acts which may involve the possession or sale of narcotics or of a controlled substance, or of any student acts involving the possession, sale, or furnishing of firearms, explosives, or other dangerous weapons in violation of Education Code 48915(c)(1) or (5) or Penal Code 626.9 and 626.10. (Education Code 48902)

Within one school day after a student's suspension or expulsion, the principal or designee shall notify appropriate district or county law enforcement authorities, by telephone or other appropriate means, of any student acts which may violate Education Code 48900(c) or (d), relating to the possession, use, offering or sale of controlled substances, alcohol, or intoxicants of any kind. (Education Code 48902)

## Placement During Expulsion

The Board shall refer expelled students to a program of study that is: (Education Code 48915, 48915.01)

1. Appropriately prepared to accommodate students who exhibit discipline problems.
2. Not provided at a comprehensive middle, junior or senior high school or at any elementary school, unless the program is offered at a community day school established at any of these.
3. Not housed at the school site attended by the student at the time of suspension.

(cf. 6158 - Independent Study)

(cf. 6185 - Community Day School)

When the placement described above is not available, and when the County Superintendent of Schools so certifies, students expelled for only acts described in items #6 through #12 under "Grounds for Suspension and Expulsion: Grades K-12" and items #1-3 under "Additional Grounds for Suspension and Expulsion: Grades 4-12" above may be referred to a program of study that is provided at another comprehensive middle, junior, or senior high school, or at an elementary school. (Education Code 48915)

The program for a student expelled from any of grades K-6 shall not be combined or merged with programs offered to students in any of grades 7-12. (Education Code 48916.1)

#### Readmission After Expulsion

Prior to the date set by the Board for the student's readmission:

1. The Superintendent or designee shall hold a conference with the parent/guardian and the student. At the conference the student's rehabilitation plan shall be reviewed and the Superintendent or designee shall verify that the provisions of this plan have been met. School regulations shall be reviewed and the student and parent/guardian shall be asked to indicate in writing their willingness to comply with these regulations.
2. The Superintendent or designee shall transmit to the Board a request for recommendation regarding readmission. The Board shall consider this recommendation in closed session. If a written request for open session is received from the parent/guardian or adult student, it shall be honored to the extent that privacy rights of other students are not violated.
3. If the readmission is granted, the Superintendent or designee shall notify the student and parent/guardian, by registered mail, of the Board's decision regarding readmission.
4. The Board may deny readmission only if it finds that the student has not satisfied the conditions of the rehabilitation plan or that the student continues to pose a danger to campus safety or to other district students or employees. (Education Code 48916)
5. If the Board denies the readmission of a student, the Board shall determine either to continue the student's placement in the alternative educational program initially selected or to place the student in another program that serves expelled students, including placement in a county community school.
6. The Board shall provide written notice to the expelled student and parent/guardian describing the reasons for denying readmittance into the regular program. This notice shall indicate the Board's determination of the educational program which the Board has chosen. The student shall enroll in that program unless the parent/guardian chooses to enroll the student in another school district. (Education Code 48916)

No student shall be denied readmission into the district based solely on the student's arrest, adjudication by a juvenile court, formal or informal supervision by a probation officer, detention in a juvenile facility, enrollment in a juvenile court school, or other such contact with the juvenile justice system. (Education Code 48645.5)

#### Maintenance of Records

The district shall maintain a record of each suspension and expulsion, including its specific cause(s). (Education Code 48900.8)

Expulsion records of any student shall be maintained in the student's mandatory interim record and sent to any school in which the student subsequently enrolls upon written request by that school. (Education Code 48918(k))

The Superintendent or designee shall, within five working days, honor any other district's request for information about an expulsion from this district. (Education Code 48915.1)

#### **(D) Procedures to Notify Teachers of Dangerous Pupils (EC 49079)**

To fulfill the requirements made by Education Code 49079 that states teachers must be notified of the reason(s) a student has been suspended, Redlands High School has incorporated this notification into the existing "Attendance" screen in Aeries. On the attendance screen, when a student is suspended, an "S" will be indicated for the suspension dates. To notify teachers of suspensions as they occur during the school year, the teacher is notified of the specific education code violation (not details of the particular incident) on the same day via email. The information provided is for the student's current teachers only. All information regarding suspension and expulsion is confidential and will not be shared with any other staff, student(s), or parent(s).

Redlands Unified School District will annually and dutifully notify teachers of students who are identified as dangerous in accordance with California Education Code 49079:

(a) A school district shall inform the teacher of each pupil who has engaged in, or is reasonably suspected to have engaged in, any of the acts described in any of the subdivisions, except subdivision (h) of Section 48900 or in Section 48900.2, 48900.3, 48900.4, or 48900.7, or Section 48915, that the pupil engaged in, or is reasonably suspected to have engaged in, those acts. The district shall provide the information to the teacher based on any records that the district maintains in its ordinary course of business, or receives from a law enforcement agency regarding a pupil described in this section.

(b) A school district, or school district officer or employee, is not civilly or criminally liable for providing information under this section unless it is proven that the information was false and that the district or district officer or employee knew or should have known that the information was false, or the information was provided with a reckless disregard for its truth or falsity.

(c) An officer or employee of a school district who knowingly fails to provide information about a pupil who has engaged in, or who is reasonably suspected to have engaged in, the acts referred to in subdivision a is guilty of a misdemeanor, which is punishable by confinement in the county jail for a period not to exceed six months, or by a fine not to exceed one thousand dollars (\$1,000), or both.

(d) For the 1994-95 school year, the information provided shall be from the previous two school years. For the 1996-97 school year and each school year thereafter, the information provided shall be from the previous three school years.

(e) Any information received by a teacher pursuant to this section shall be received in confidence for the limited purpose for which it was provided and shall not be further disseminated by the teacher.

At Redlands High School, at the beginning of each school year, teachers are required to meet with an administrator to sign a document for each of their students who fall under EC 49079. The teacher can sign either that they want/do not want the administrator to divulge the disciplinary information regarding their student(s). The forms are kept on file at the school.

**(E) Sexual Harassment Policies (EC 212.6 [b])**

## Policy 4119.11: Sex Discrimination and Sex-Based Harassment

The Governing Board is committed to providing a safe work environment that is free of harassment and intimidation. The Board prohibits sexual harassment against district employees by anyone, in any manner, and prohibits retaliatory action or behavior against any persons who complains, testifies, or otherwise participates in the complaint process established pursuant to this policy and accompanying administrative regulation. This policy shall apply to all district employees, interns, volunteers, contractors, job applicants, and other persons with an employment relationship with the district.

(cf. 0410 - Nondiscrimination in District Programs and Activities) (cf. 4030 - Nondiscrimination in Employment)

Sexual harassment includes, but is not limited to, harassment that is based on the sex, gender, gender identity, gender expression, or sexual orientation of the victim and harassment based on pregnancy, childbirth, or related medical conditions.

The Superintendent or designee shall take all actions necessary to ensure the prevention, investigation, and correction of sexual harassment, including but not limited to:

1. Providing training to all staff in accordance with law and administrative regulation.
2. Publicizing and disseminating the district's sexual harassment policy to staff.
3. Ensuring prompt, thorough, equitable, and fair investigation of complaints
4. Taking timely and appropriate corrective/remedial actions which may require interim separation of the complainant and the alleged harasser and subsequent monitoring of developments.

The Superintendent or designee shall periodically evaluate the effectiveness of the district's strategies to prevent and address harassment. Such evaluation may involve conducting regular anonymous employee surveys to assess whether harassment is occurring or is perceived to be tolerated, partnering with researchers or other agencies with the needed expertise to evaluate the district's prevention strategies, and using any other effective tool for receiving feedback on systems and/or processes. As necessary, changes shall be made to the harassment policy, complaint procedures, or training.

### Sexual Harassment Reports and Complaints

Any district employee who feels that he/she has been sexually harassed in the performance of their district responsibilities or who has knowledge of any incident of sexual harassment by or against another employee shall immediately report the incident to his/her supervisor, the principal, other district administrator, or the district's Title IX Coordinator. However, an employee may bypass his/her supervisor in filing a complaint if the supervisor is the subject of the complaint. A supervisor, principal, or district administrator who receives a harassment complaint shall promptly notify the Title IX Coordinator.

Once notified, the Title IX Coordinator shall ensure the complaint or allegation is addressed through AR 4119.12/4219.12/4319.12 – Title IX Sexual Harassment Complaint Procedures or AR 4030- Nondiscrimination in Employment, as applicable. Because a complaint or allegation that is dismissed or denied under the Title IX complaint procedure may still be subject to consideration under state law, the Title IX Coordinator shall ensure that any implementation of AR 4119.12/4219.12/4319.12 concurrently meets the requirements of AR 4030.

Notwithstanding the above, BP/AR 4119.12/4219.12/4319.12 and 4030 shall under no circumstances be used to resolve complaints brought by, on behalf of, or against students. All complaints brought by, on behalf of, or against students that allege “sexual harassment” as that term is defined in the federal regulations implementing Title IX of the Education Amendments of 1972 (see 34 C.F.R. § 106, et seq.) shall be investigated and resolved under BP/AR 5145.71. All complaints brought by, on behalf of, or against students that do not meet the definition of “sexual harassment” as set forth in the Title IX implementing regulations shall be investigated and resolved under BP/AR 1312.3.

(cf. 4119.12/4219.12/4319.12 - Title IX Sexual Harassment Complaints)

The Title IX Coordinator shall offer supportive measures to the complainant and respondent, as deemed appropriate under the circumstances.

Upon investigation of a sexual harassment complaint, any district employee who engages, or participates in sexual harassment, or who aids, abets, incites, compels, or coerces another to commit sexual harassment in violation of this policy is subject to disciplinary action, up to and including dismissal, in accordance with law and the applicable collective bargaining agreement.

(cf. 4117.7/4317.7 - Employment Status Reports) (cf. 4118 - Dismissal/Suspension/Disciplinary Action) (cf. 4218 -

Dismissal/Suspension/Disciplinary Action)

#### Regulation 4119.12: Title IX Sex Discrimination and Sex-Based Harassment Complaint Procedures

The complaint procedures described in this administrative regulation shall be used to address any complaint governed by Title IX of the Education Amendments of 1972 alleging that a district employee, while in an education program or activity in which a district school exercises substantial control over the context and respondent, was subjected to one or more of the following forms of sexual harassment: (34 CFR 106.30, 106.44)

1. A district employee conditioning the provision of a district aid, benefit, or service on a person's participation in unwelcome sexual conduct
2. Unwelcome conduct determined by a reasonable person to be so severe, pervasive, and objectively offensive that it effectively denies a person equal access to the district's education program or activity
3. Sexual assault, dating violence, domestic violence, or stalking as defined in 20 USC 1092 or 34 USC 12291 (cf. 4119.11/4219.11/4319.11 - Sexual Harassment)

All other sexual harassment complaints or allegations shall be investigated and resolved in accordance with AR 4030

- Nondiscrimination in Employment. The determination of whether the allegations meet the definition of sexual harassment under Title IX shall be made by the district's Title IX Coordinator.

(cf. 4030 - Nondiscrimination in Employment)

Because the complainant has a right to pursue a complaint under AR 4030 for any allegation that is dismissed or denied under the Title IX complaint procedure, the Title IX Coordinator shall ensure that all requirements and timelines for AR 4030 are concurrently met while implementing the Title IX procedure.

#### Reporting Allegations/Filing a Formal Complaint

An employee who is the alleged victim of sexual harassment may submit a report of sexual harassment to the district's Title IX Coordinator using the contact information listed in AR 4119.11/4219.11/4319.11 - Sexual Harassment or to the employee's direct supervisor or other district administrator, who shall forward the report to the Title IX Coordinator within one day of receiving the report. Upon receiving such a report, the Title IX Coordinator shall inform the complainant of the right to file a formal complaint and the process for filing a formal complaint.

A formal complaint, with the complainant's physical or digital signature, may be filed with the Title IX Coordinator in person, by mail, by email, or by any other method authorized by the district. (34 CFR 106.30)

Even if the alleged victim chooses not to file a formal complaint, the Title IX Coordinator shall file a formal complaint in situations when a safety threat exists. In addition, the Title IX Coordinator may file a formal complaint in other situations as permitted under the Title IX regulations, including as part of the district's obligation to not be deliberately indifferent to known allegations of sexual harassment. In such cases, the Title IX Coordinator shall provide the alleged victim notices as required by the Title IX regulations at specific points in the complaint process.

The Title IX Coordinator, investigator, decision-maker, or a facilitator of an informal resolution process shall not have a conflict of interest or bias for or against complainants or respondents generally or an individual complainant or respondent. Such persons shall receive training in accordance with 34 CFR 106.45. (34 CFR 106.45)

#### Supportive Measures

Upon receipt of a report of Title IX sexual harassment, the Title IX Coordinator shall promptly contact the complainant to discuss the availability of supportive measures and shall consider the complainant's wishes with respect to the supportive measures implemented. Supportive measures shall be offered as appropriate, as reasonably available, and without charge to the complainant or the respondent before or after the filing of a formal complaint or where no formal complaint has been filed. Such measures shall be nondisciplinary, nonpunitive, and not unreasonably burden the other party, including measures designed to protect the safety of all parties or the district's educational environment or to deter sexual harassment. Supportive measures may include, but are not limited to, counseling, extensions of deadlines, modifications of work schedules, mutual restrictions on contact, changes in work locations, leaves of absence, increased security, and monitoring of certain areas of the campus. (34 CFR 106.30, 106.44)

The district shall maintain as confidential any supportive measures provided to the complainant or respondent, to the extent that maintaining such confidentiality would not impair the district's ability to provide the supportive measures. (34 CFR 106.30)

#### Emergency Removal

If a district employee is the respondent, the employee may be placed on administrative leave during the pendency of the formal complaint process. (34 CFR 106.44)

If the respondent is a student, the district may, on an emergency basis, remove the student from the district's education program or activity, provided that the district conducts an individualized safety and risk analysis, determines that removal is justified due to an immediate threat to the physical health or safety of any student or other individual arising from the allegations, and provides the student with notice and an opportunity to challenge the decision immediately following the removal. This authority to remove a student does not modify a student's rights under the Individuals with Disabilities Education Act or Section 504 of the Rehabilitation Act of 1973. (34 CFR 106.44)

#### Dismissal of Complaint

The Title IX Coordinator shall dismiss a formal complaint if the alleged conduct would not constitute sexual harassment as defined in

34 CFR 106.30 even if proved. The Title IX Coordinator shall also dismiss any complaint in which the alleged conduct did not occur in the district's education program or activity or did not occur against a person in the United States, and may dismiss a formal complaint if the complainant notifies the district in writing that the complainant would like to withdraw the complaint or any allegations in the complaint, the respondent is no longer employed by the district, or sufficient circumstances prevent the district from gathering evidence sufficient to reach a determination with regard to the complaint. (34 CFR 106.45)

Upon dismissal, the Title IX Coordinator shall promptly send written notice of the dismissal and the reasons for the dismissal simultaneously to the parties and shall inform them of their right to appeal the dismissal of a formal complaint or any allegation in the complaint in accordance with the appeal procedures described in the section "Appeals" below. (34 CFR 106.45)

If a complaint is dismissed, the conduct may still be addressed pursuant to AR 4030 - Nondiscrimination in Employment as applicable.

#### Informal Resolution Process

When a formal complaint of sexual harassment is filed, the district may offer an informal resolution process, such as mediation, at any time prior to reaching a determination regarding responsibility. The district shall not require a party to participate in the informal resolution process or to waive the right to an investigation and adjudication of a formal complaint. (34 CFR 106.45)

The district may facilitate an informal resolution process provided that the district: (34 CFR 106.45)

1. Provides the parties with written notice disclosing the allegations, the requirements of the informal resolution process, the right to withdraw from the informal process and resume the formal complaint process, and any consequences resulting from participating in the informal resolution process, including that records will be maintained or could be shared.
2. Obtains the parties' voluntary, written consent to the informal resolution process

#### Written Notice

If a formal complaint is filed, the Title IX Coordinator shall provide the known parties with written notice of the following: (34 CFR 106.45)

1. The district's complaint process, including any informal resolution process
2. The allegations potentially constituting sexual harassment with sufficient details known at the time, including the identity of parties involved in the incident if known, the conduct allegedly constituting sexual harassment, and the date and location of the alleged incident if known. Such notice shall be provided with sufficient time for the parties to prepare a response before any initial interview. If, during the course of the investigation, new Title IX allegations arise about the complainant or respondent that are not included in the initial notice, the Title IX Coordinator shall provide notice of the additional allegations to the parties.
3. A statement that the respondent is presumed not responsible for the alleged conduct and that a determination regarding responsibility is made at the conclusion of the complaint process
4. The opportunity for the parties to have an advisor of their choice who may be, but is not required to be, an attorney, and the ability to inspect and review evidence
5. The prohibition against knowingly making false statements or knowingly submitting false information during the complaint process

The above notice shall also include the name of the investigator, facilitator of an informal process, and decision-maker and shall inform the parties that, if at any time a party has concerns regarding conflict of interest or bias regarding any of these persons, the party should immediately notify the Title IX Coordinator.

#### Investigation Procedures

During the investigation process, the district's designated investigator shall: (34 CFR 106.45)

1. Provide an equal opportunity for the parties to present witnesses, including fact and expert witnesses, and other inculpatory and

exculpatory evidence

2. Not restrict the ability of either party to discuss the allegations under investigation or to gather and present relevant evidence
3. Provide the parties with the same opportunities to have others present during any grievance proceeding, including the opportunity to be accompanied to any related meeting or proceeding by the advisor of their choice, who may be, but is not required to be, an attorney
4. Not limit the choice or presence of an advisor for either the complainant or respondent in any meeting or grievance proceeding, although the district may establish restrictions regarding the extent to which the advisor may participate in the proceedings as long as the restrictions apply equally to both parties
5. Provide, to a party whose participation is invited or expected, written notice of the date, time, location, participants, and purpose of all investigative interviews or other meetings, with sufficient time for the party to prepare to participate
6. Send in an electronic format or hard copy to both parties and their advisors, if any, the evidence obtained as part of the investigation that is directly related to the allegations raised in the complaint, and provide the parties at least 10 days to submit a written response for the investigator to consider prior to the completion of the investigative report
7. Objectively evaluate all relevant evidence, including both inculpatory and exculpatory evidence, and determine credibility in a manner that is not based on a person's status as a complainant, respondent, or witness
8. Create an investigative report that fairly summarizes relevant evidence and, at least 10 days prior to the determination of responsibility, send to the parties and their advisors, if any, the investigative report in an electronic format or a hard copy, for their review and written response

Questions and evidence about the complainant's sexual predisposition or prior sexual behavior are not relevant, unless such questions and evidence are offered to prove that someone other than the respondent committed the conduct alleged by the complainant or if the questions and evidence concern specific incidents of the complainant's prior sexual behavior with respect to the respondent and are offered to prove consent. (34 CFR 106.45)

Privacy rights of all parties to the complaint shall be maintained in accordance with applicable state and federal laws.

If the complaint is against an employee, rights conferred under an applicable collective bargaining agreement shall be applied to the extent they do not conflict with the Title IX requirements.

#### Written Decision

The Superintendent shall designate an employee as the decision-maker to determine responsibility for the alleged conduct, who shall not be the Title IX Coordinator or a person involved in the investigation of the matter. (34 CFR 106.45)

After the investigative report has been sent to the parties but before reaching a determination regarding responsibility, the decision-maker shall afford each party the opportunity to submit written, relevant questions that the party wants asked of any party or witness, provide each party with the answers, and allow for additional, limited follow-up questions from each party.

The decision-maker shall issue, and simultaneously provide to both parties, a written decision as to whether the respondent is responsible for the alleged conduct. (34 CFR 106.45)

The written decision shall be issued within 60 calendar days of the receipt of the complaint.

The timeline may be temporarily extended for good cause with written notice to the complainant and respondent of the extension and the reasons for the action. (34 CFR 106.45)

In making this determination, the decision-maker shall use the "preponderance of the evidence" standard for all formal complaints of sexual harassment. (34 CFR 106.45)

The written decision shall include the following: (34 CFR 106.45)

1. Identification of the allegations potentially constituting sexual harassment as defined in 34 CFR 106.30

2. A description of the procedural steps taken from receipt of the formal complaint through the written decision, including any notifications to the parties, interviews with parties and witnesses, site visits, methods used to gather other evidence, and hearings held if the district includes hearings as part of the grievance process
3. Findings of fact supporting the determination
4. Conclusions regarding the application of the district's code of conduct or policies to the facts
5. A statement of, and rationale for, the result as to each allegation, including a decision regarding responsibility, any disciplinary sanctions the district imposes on the respondent, and whether remedies designed to restore or preserve equal access to the district's educational program or activity will be provided by the district to the complainant
6. The district's procedures and permissible bases for the complainant and respondent to appeal

## Appeals

Either party may appeal the district's decision or dismissal of a formal complaint or any allegation in the complaint, if the party believes that a procedural irregularity affected the outcome, new evidence is available that could affect the outcome, or a conflict of interest or bias by the Title IX Coordinator, investigator(s), or decision-maker(s) affected the outcome. If an appeal is filed, the district shall: (34 CFR 106.45)

1. Notify the other party in writing when an appeal is filed and implement appeal procedures equally for both parties
2. Ensure that the decision-maker(s) for the appeal is trained in accordance with 34 CFR 106.45 and is not the same decision-maker(s) who reached the determination regarding responsibility or dismissal, the investigator(s), or the Title IX Coordinator
3. Give both parties a reasonable, equal opportunity to submit a written statement in support of, or challenging, the outcome
4. Issue a written decision describing the result of the appeal and the rationale for the result
5. Provide the written decision simultaneously to both parties

An appeal must be filed in writing within 10 calendar days of receiving the notice of the decision or dismissal, stating the grounds for the appeal and including any relevant documentation in support of the appeal. Appeals submitted after this deadline are not timely and shall not be considered.

A written decision shall be provided to the parties within 20 calendar days from the receipt of the appeal.

Either party has the right to file a complaint with the U.S. Department of Education's Office for Civil Rights within 180 days of the date of the most recently alleged misconduct.

The complainant shall be advised of any civil law remedies, including, but not limited to, injunctions, restraining orders, or other remedies or orders that may be available under state or federal antidiscrimination laws, if applicable.

## Remedies

When a determination of responsibility for sexual harassment has been made against the respondent, the district shall provide remedies to the complainant. Such remedies may include the same individualized services described above in the section "Supportive Measures," but need not be nondisciplinary or nonpunitive and need not avoid burdening the respondent. (34 CFR 106.45)

## Disciplinary Actions

The district shall not impose any disciplinary sanctions or other actions against a respondent, other than supportive measures as described above in the section "Supportive Measures," until the complaint procedure has been completed and a determination of responsibility has been made. (34 CFR 106.44)

When an employee is found to have committed sexual harassment or retaliation, the district shall take appropriate disciplinary action, up to and including dismissal, in accordance with applicable law and collective bargaining agreement.

(cf. 4117.7/4317.7 - Employment Status Report)

(cf. 4118 - Dismissal/Suspension/Disciplinary Action) (cf. 4119.11/4219.11/4319.11 - Sexual Harassment) (cf. 4218 - Dismissal/Suspension/Disciplinary Action)

## Record-Keeping

The Superintendent or designee shall maintain, for a period of seven years: (34 CFR 106.45)

1. A record of all reported cases and Title IX investigations of sexual harassment, any determinations of responsibility, any audio or audiovisual recording and transcript if applicable, any disciplinary sanctions imposed, any remedies provided to the complainant, and any appeal or informal resolution and the results therefrom.
2. A record of any actions, including supportive measures, taken in response to a report or formal complaint of sexual harassment, including the district's basis for its conclusion that its response was not deliberately indifferent, the measures taken that were designed to restore or preserve equal access to the education program or activity, and, if no supportive measures were provided to the complainant, the reasons that such a response was not unreasonable in light of the known circumstances.
3. All materials used to train the Title IX Coordinator, investigator(s), decision-maker(s), and any person who facilitates an informal resolution process. The district shall make such training materials publicly available on its web site, or if the district does not maintain a web site, available upon request by members of the public.

#### **(F) School-wide Dress Code Relating to Gang-Related Apparel (EC 35183)**

Regulation 5132.16: Student Dress Guidelines

Original Adopted Date: 06/27/1995 | Last Revised Date: 01/29/2002 | Last Reviewed Date: 01/29/2002

The Governing Board feels that there is nothing inherently wrong with dress or color of dress, but when student's dress serves to intimidate or impede the rights of other students it will be determined that dress is in violation of this policy. A student may not remain at school dressed in a manner which (1) creates a safety hazard for said student or for other students at school, and/or (2) when the dress constitutes a serious and unnecessary distraction to the learning process or tends to disrupt campus order.

When the site administrator/designee determines that a student's attire is in violation of this policy, the student will be required to modify his/her clothing and/or apparel in such a manner that it no longer violates this policy. If necessary, the student may be taken or sent home with parental permission to modify unacceptable dress and return to school. Refusal to take steps as described in this policy shall be cause for disciplinary action against the student. Any such disciplinary action shall be handled pursuant to existing student disciplinary policy.

Parents/guardians have primary responsibility to see that students are properly attired for school. School district personnel have the responsibility for maintaining proper and appropriate conditions conducive to learning. Hence, the following guidelines will be implemented in all district schools.

Shoes will be worn at all times. A substantial sole is required and enclosed toe and heel footwear are highly encouraged.

Extremely brief garments that are distracting to the educational environment are not appropriate. Clothing shall be sufficient to conceal undergarments at all times.

Clothing or accessories shall be free of writing, pictures or any other insignia which are crude, violent, obscene or sexually suggestive or which advocate racial, ethnic or religious prejudice or the use of tobacco, drugs or alcohol.

Earrings, jewelry, or accessories which present a safety hazard to the wearer or others are not suitable for school wear.

Only prescription sunglasses may be worn in class. Other types of sunglasses may be worn on campus outside of class.

Identified gang attire such as bandannas, haircuts or hair rollers, or any gang paraphernalia are prohibited.

Students are allowed to wear sun protective clothing, including hats, while outdoors during the school day.

The purpose of adopting these Student Dress Guidelines is not to infringe on any individual student's rights to freedom of expression, but rather to encourage students to dress appropriately and come to school properly prepared for participating in the educational process.

#### **Gang-Related Apparel**

Because gang-related symbols are constantly changing, definitions of gang-related apparel shall be reviewed as needed and updated as necessary.

**(G) Procedure for Safe Ingress and Egress of Pupils, Parents, and Staff to and from School (EC 35294.2)**

The immediate area around the school includes residential areas, as well as small businesses, fast food restaurants, retail stores and the downtown commerce area. Although the campus has fences and gates surrounding and throughout, plus safety protocols in place for visitors, present safety hazards include a relatively open campus with easy access to enter and exit the campus. In addition, Citrus Avenue is a thoroughfare for traffic which divides our campus into north and south quadrants, requiring hundreds of students to cross the street throughout the day in order to get to and from class. Student drop-off and pick-up are officially at the Citrus Avenue bus loop or the Terrier Gym Parking Lot however pick-up and drop-off is largely all around the perimeter of the school.

Upon arrival to school, students are to immediately come onto the campus through the designated entrances, and proceed to designated supervised areas. Under no circumstances are students to leave the closed campus to pick up friends, go to locations or businesses not affiliated with the school campus, or to loiter at the local fast food restaurants. Students who do not participate in after-school activities are to leave campus immediately. Students waiting for rides home or district/city busses should wait in the designated pickup areas located on both north and south campuses. Walkers are encouraged to head home immediately after their last class of the day, and not loiter on campus or at the local fast food restaurants.

Parents are not allowed to enter the staff parking lots to drop off or pick up students.

Redlands High School is a closed campus. Students must stay on campus from the time of arrival in the morning, during lunch, and after school while waiting for the bus/parent. Students may leave campus during school hours if a written request from a parent or guardian has been approved through the attendance office. The request must state time, date and the reason for leaving campus. An attendance clerk or other staff member will issue an OFF-CAMPUS PASS once a request is approved by the principal or principal designee. Off-campus passes are not issued to students so that they can leave for lunch downtown. Under no circumstances should a student leave campus without written permission from the principal or principal designee. Parents and guardians must check in at the office in order to pick up students who are leaving campus. Only parents and guardians and those persons listed on a student's emergency contact information in Aeries and with a valid ID can sign for a student leaving campus. Siblings under 18 years of age may not sign a student out.

**(H) A Safe and Orderly School Environment Conducive to Learning (EC 35294.2)**

## Physical Environment

### The Schools' Location and Physical Environment

Redlands Senior High School is located in the Redlands area of San Bernardino County that has an average crime rate and 11.9% poverty level. The immediate area round the school includes residential areas, as well as, small businesses, fast food restaurants and retail stores. Present safety hazards include an open campus with easy access to enter and exit the campus. In addition, Citrus Avenue is a thoroughfare for traffic which divides our campus, requiring students to cross the street throughout the day in order to get to class and a parking lot on the North side of Central Avenue which the students must also cross..

### Description of School Grounds

The school site encompasses sixty-five acres. The grounds are grass, concrete and asphalt and includes basketball and volleyball courts, baseball diamonds and a lined track. There are several wings and/or clusters of classrooms including 124 classrooms and 17 re-locatable classrooms. Other ancillary structures include two large auditoriums, a football stadium, two swimming pools, three locker rooms, two gyms, and Terrier Hall cafeteria.

Upon arrival to school, students are to immediately come onto the campus through the designated entrances, and proceed to designated supervised areas. Under no circumstances are students to leave the closed campus to pick up friends, go to locations or businesses not affiliated with the school campus, or to loiter at the local fast food restaurants. Students who do not participate in after-school activities are to leave campus immediately. Students waiting for rides home or district/city busses should wait in the designated pickup areas located on both north and south campuses. Walkers are encouraged to head home immediately after their last class of the day, and not loiter on campus or at the local fast food restaurants.

Parents are not allowed to enter the staff parking lots to drop off or pick up students.

During the school day, staff members and administrators shall provide campus supervision. Identified problem areas receive increased supervision to reduce discipline, crime, or other school safety concerns.

It shall be the practice of Redlands High School to remove all graffiti from school property before pupils arrive to begin their school day. Other acts of vandalism are promptly addressed.

### Maintenance of School Buildings/Classrooms

The school's physical facility is well maintained and generally looks neat and clean. It was most recently painted beginning in 2003, and this is an ongoing process, as needed. Following a modernization project, the site was mostly renovated during the 2003-2004 year. District personnel periodically examine the school's physical facility and help eliminate obstacles to school safety. Additionally, health and fire department inspectors contribute to school safety.

The library recently received a complete modernization and is now the hub of technology, innovation, and discovery at Redlands High School.

### Internal Security Procedures

Redlands High School has established procedures in the following areas: California Safe School Assessment (CSSA) reporting procedures, suspension and expulsion procedures, inventory system, and the development and yearly update of a Disaster Readiness Plan. Regularly scheduled fire drills, lockdown drills, and disaster drills are conducted during each school year. For the past five years, Redlands High School, as well as Redlands Unified School District, has participated in the county-wide/state-wide Great California Shake Out.

Redlands High School crime statistics reflect the total number of crimes reported yearly. Redlands High School engages in the

following mitigating measures to support decreasing crime rates on campus:

- supervising of students by security officers and administration before school, during passing periods, during lunch, and after school
- responding to student reports regarding any criminal activity
- mediating with students
- contacting of parents
- utilizing disciplinary procedures
- working with Student Services and following the pre-expulsion and expulsion process
- working with the Redlands Police Department, specifically the RHS School Resource Officer
- meeting with Police Liaison
- utilizing surveillance cameras on campus

Redlands High School maintains a copy of the district's sexual harassment policy in the main office/principal's office, which is available upon request. The District's Sexual Harassment Policy contains dissemination plans, applicable definitions, reporting requirements, investigation procedures, enforcement regulations, and information about suspension and/or expulsion for sexual harassment of or by pupils. Additionally, a notice summarizing this sexual harassment policy appears in the Parent & Student Handbook. The parent student handbook is distributed at the beginning of each school year to all parents and pupils.

To ensure the safety of pupils and staff, all visitors to the campus, except pupils of the school and staff members, shall register immediately upon entering any school building or grounds when school is in session. District employees not assigned to Redlands High School shall wear appropriate identification badges while conducting business on campus.

Discipline procedures shall focus on finding the cause of problems and working with all concerned to reach the proper, lawful solutions. The school's discipline plan begins at the classroom level. Teachers shall use a visible classroom management plan to communicate classroom rules, promote positive pupil conduct, and reduce unacceptable conduct. Appropriate consequences are administered based on the seriousness of the pupil's misbehavior.

Pupil conduct standards and consequences for Redlands High School are described explicitly in this Comprehensive Schools Safety Plan, including (a) the adopted school discipline rules and procedures, (b) District Disciplinary Guidelines, and (c) the adopted school-wide dress code.

Pupils may be suspended, transferred to another school, or recommended for expulsion for certain acts. For specific student violations, the administration of Redlands High School shall submit a mandatory expulsion recommendation.

Site administrators contribute to a positive school climate, promote positive pupil behavior, and help reduce inappropriate conduct. The principal/designee uses available district and other appropriate records to inform teachers of each pupil identified under E.C. 49079.

Law enforcement is contacted and consulted to help maintain and promote a safe and orderly school environment. Redlands High School employees comply with all legal mandates, regulations, and reporting requirements for all instances of suspected child abuse.

If appropriate, additional internal security procedures affecting the integrity of the school facility include:

- working with staff regarding student conduct
- notifying teachers regarding student discipline and consequences
- yearly updating of Discipline and Attendance Handbook
- notifying Redlands Police Department of school crime such as controlled substance and weapons

Community involvement is encouraged to help increase school safety. Parents and students are informed of and encouraged to use the Sprigeo Hotline program, which allows anonymous reporting of crime.

#### Inventory System - Engraved ID, Security Storage

Most school-site equipment has a metal ID tag or a bar code sticker adhered to its surface. These items are inventoried annually, and an accountability system has been established. Office and classroom supplies are secured.

#### **Element:**

##### Goal 1:

Redlands High School will maintain a clean, safe and orderly environment.

#### **Opportunity for Improvement:**

##### I. Areas of Pride and Desired Improvements

###### a. Pride

1. RHS has put consistent and fair school discipline policies and procedures in place. This year, the Minga digital hall pass system has been implemented, to reduce the number of instructional minutes that students are missing when they leave class on a pass. This system allows the school to track which students are on passes, and to where, at any given time, should vandalism or an emergency take place in a restroom on campus. During the first week of school, students were trained on all school policies and procedures, including the Tardy Policy, the Hall Pass Policy, RUSD Sexual Harassment Policy, Dress Code, Academic Integrity Policy, and Minga Hall Pass.

2. Redlands High School has worked diligently to improve the physical plant by working to have the exterior portions of the campus painted, instituting plans to re-carpet several classrooms, rekeying all 1148 doors, and adding a fence with automatic rolling gates in order to add security to campus. In addition, the landscaping to the entire campus has been re-done, as well as the school library.

###### b. Areas of Desired Improvement

1. Disaster readiness procedures in place and improving disaster supplies including food and water.

2. To continue to work with students who feel bullied and use the RUSD forms and reporting system to work with these students and investigate reported incidents.

| Objectives                                                                                                                     | Action Steps                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                         | Resources                                                                                                                                                                                                                                                                                                                                                               | Lead Person                                                                                                                                                                                                                                                                                                                                                                            | Evaluation                                                                                                                                                                                                                                                                                                                                      |

School Climate

Comprehensive School Safety Plan

### The School's Social Environment

Leadership at Redlands Senior High School is a shared process. A proactive role is assumed in all phases of the school operation. The current management team is committed to developing Redlands High School toward excellence in the areas of academic and social behavior.

The principal sets a positive tone for the school, guides the staff, and works closely with them on curriculum and school safety issues. The school site's organizational structure is open and flexible, contributing to sensitivity concerning school safety issues and promoting a safe, orderly school environment conducive to learning.

### Disaster Readiness Procedures, Routine and Emergency

A contingency plan for emergencies is contained in a handbook available to each staff member. The District's Emergency Response Plan (ERP Plan) is listed in the last section of this plan. The plan is reviewed at the beginning of each school year. This plan also contains available district and outside agency resources, emergency disaster procedures, and information on the Standardized Emergency Management System (SEMS).

### Classroom Organization and Structure

Redlands High School teachers provide a varied learning environment in their classrooms. Teachers use a variety of teaching strategies, including research-based instruction, positive connections with students, positive classroom management strategies, content literacy, AVID strategies, processing strategies, comprehension checks, the use of graphic organizers, structured group work, advance organizers, articulation of clear expectations and feedback, bell to bell instruction, engaging and supporting students in their learning, and adhering to the California Standards for the Teaching Profession. The third period is five minutes longer than other periods, Tuesday-Friday every week, allowing all students to be kept informed about important RHS information and provide mini-instruction to students on a variety of topics, varying from learning the RUSD Sexual Harassment policy to being provided video presentations from our local police department on the dangers of fentanyl, to See Something, Say Something education.

The teachers at Redlands Senior High School are highly qualified, with many holding advanced degrees. The staff is united in their desire to provide quality education for all pupils. Classrooms and teachers provide a safe, orderly learning environment, enhance the learning experience, and promote positive interactions among pupils and staff. Instructional time is maximized, and disruptions are minimized.

### The School's Cultural Environment

There is a high level of cohesiveness among the staff members at Redlands Senior High School. Cooperation and support between teachers and the administration are evident. The administration and staff make efforts to show concern for all pupils.

All pupils are expected to behave in a manner that promotes safety and order. Pupils are encouraged to bring problems to the principal, assistant principal, counselor, teacher, or other staff members. The staff's goal is to be proactive rather than reactive in all situations of concern.

The academic and behavioral efforts of pupils are recognized and rewarded.

Cultural diversity is celebrated throughout the year by providing students with the opportunity to join or participate in organized clubs on campus, such as Mecha, Desi Club, Femme Club, Anime Club, Black Student Union, Filipino American Society, Gay-Straight Alliance Club, Spanish Club, the French Club, Middle Eastern Club, the International Club, and the Spanish Club.

**Redlands Senior High School Student Conduct Code**

Procedures to Ensure a Safe and Orderly Environment

Rules and Procedures on School Discipline

Philosophy of Discipline

- Behavior expectations and the consequences for not meeting expectations must be clearly communicated to all students and their parents (in writing as well as verbally).
- The severity of consequences for violating behavior expectations increases with each incident of inappropriate behavior.
- The consequences for violating behavior expectations should be severe enough to discourage students from making poor behavior decisions.
- Expectations and consequences should permit students an opportunity to eliminate inappropriate behavior.

## Conduct Code Procedures

### **(K) Hate Crime Reporting Procedures and Policies**

#### Policy 5145.3: Nondiscrimination/Harassment

The Governing Board desires to provide a safe school environment that allows all students equal access to and opportunities in the district's academic, extracurricular, and other educational support programs, services, and activities. The Board prohibits, at any district school or school activity, unlawful discrimination, including discriminatory harassment, intimidation, and bullying targeted at any student, by anyone, based on the student's actual or perceived race, color, ancestry, nationality, national origin, immigration status, ethnic group identification, ethnicity, age, religion, marital or parental status, pregnancy, physical or mental disability, medical condition, sex, sexual orientation, gender, gender identity, gender expression or genetic information; or association with a person or group with one or more of these actual or perceived characteristics.

(cf. 5145.9 - Hate-Motivated Behavior)

(cf. 5146 - Married/Pregnant/Parenting Students)

(cf. 6164.6 - Identification and Education Under Section 504)

This policy shall apply to all acts constituting unlawful discrimination or harassment related to school activity or to school attendance occurring within a district school, and to acts which occur off campus or outside of school-related or school-sponsored activities, but which may have an impact or create a hostile environment at school.

Unlawful discrimination, including discriminatory harassment, intimidation, or bullying, may result from physical, verbal, nonverbal, or written conduct based on one of the categories listed above. Unlawful discrimination also occurs when prohibited conduct is so severe, persistent, or pervasive that it affects a student's ability to participate in or benefit from an educational program or activity; creates an intimidating, threatening, hostile, or offensive educational environment; has the effect of substantially or unreasonably interfering with a student's academic performance; or otherwise adversely affects a student's educational opportunities.

Unlawful discrimination also includes disparate treatment of students based on one of the categories above with respect to the provision of opportunities to participate in school programs or activities or the provision or receipt of educational benefits or services.

The Board also prohibits any form of retaliation against any individual who reports or participates in the reporting of unlawful discrimination, files or participates in the filing of a complaint, or investigates or participates in the investigation of a complaint or report alleging unlawful discrimination. Retaliation complaints shall be investigated and resolved in the same manner as a discrimination complaint.

The Superintendent or designee shall facilitate students' access to the educational program by publicizing the district's nondiscrimination policy and related complaint procedures to students, parents/guardians, and employees. In addition, the Superintendent or designee shall post the district's policies prohibiting discrimination, harassment, intimidation, and bullying and other required information on the district's web site in a manner that is easily accessible to parents/guardians and students, in accordance with law and the accompanying administrative regulation.

The Superintendent or designee shall provide training and/or information on the scope and use of the policy and complaint procedures and take other measures designed to increase the school community's understanding of the requirements of law related to discrimination. The Superintendent or designee shall regularly review the implementation of the district's nondiscrimination policies and practices and, as necessary, shall take action to remove any identified barrier to student access to or participation in the district's educational program. The Superintendent or designee shall report the findings and recommendations to the Board after each review.

Students who engage in unlawful discrimination, including discriminatory harassment, intimidation, bullying, or retaliation, in violation of law, Board policy, or administrative regulation, shall be subject to appropriate consequence or discipline, which may include suspension or expulsion when the behavior is severe or pervasive as defined in Education Code 48900.4. #### **(J) Procedures to Prepare for Active Shooters**

Stage 3 Protocols and Procedures:

**Level 1 Safe & Secure Emergency:** A security procedure used to reduce student and staff movement outside school buildings. This may be due to a medical emergency, area disturbance, missing student, etc. It is designed to allow for school to carry forward but have the ability to move to Lockdown quickly if needed. During the Safe & Secure mode, there is heightened vigilance on campus by all school staff. Outdoor student activities will be ended, and students will be moved inside. Parents/guardians can have access to their student(s) and may check them out of school if they see fit to do so.

**Signal:** Staff will be notified via the campus PA system, Raptor Alert, and RUSD email.

#### **What To Do:**

Staff/Teachers should ensure that the door to their workspace/classroom is locked and windows are closed and locked. Teachers should continue teaching as normal.

Allow students restroom use with clear administrator/ teacher direction on how to do so safely.  
Increased available staff presence during passing periods and student dismissal  
Lunch/activities in more secure area, unless site admin decides otherwise  
Standard inclement weather schedule/routine in place, unless site administrator/designee decides otherwise  
Perimeter gates, where applicable, will be locked and monitored by available staff, allowing for central access points  
PE classes will be moved off all fields into more secure locations (e.g., gym, class, & MPR)

All Clear: The release and all clear will be given via the campus PA system, Raptor Alert, and RUSD email with instructions to release students to their next period/class as necessary.

Level 2 Lockdown Emergency: Is called when a law enforcement event is happening in the vicinity of a school or there is a campus intruder. The law enforcement agency generally, but not always, contacts the school/district to encourage the school site to Lock Down as a precautionary measure. All Administrators are expected to place their school in Lockdown in this scenario.

Signal: Staff will be notified via the campus PA system, Raptor Alert, and RUSD email.

What to Do:

Take a look outside of the classroom or workspace and gather up any stray students in the hallways.  
If students are outside of the classroom with a teacher or staff member, quickly move them to a nearby secure building and follow the same procedures as those in classrooms or workspaces.  
Staff/Teachers should ensure that the door to their workspace/classroom is locked and windows are closed, locked and blinds are closed (if available).  
Project a calm demeanor to help students remain calm.  
Reassure students that they are safe.  
Do not allow anyone to leave the classroom or workspace.  
Frequently check your Raptor Alert app and RUSD email for possible updates from site administrators. These will be given as soon as possible. Please do not call the switchboard or office to ask for an update. Phones must be kept free for emergency communication.  
Have all students immediately silence all cell phones, and cease using all social media applications, recording devices, and online communication platforms. Students may only use their cell phones to quietly text parents/guardians if it is deemed safe to do so by the teacher.  
Students and staff must understand that unnecessary noise, distractions, or posting of information of any kind on social media could further escalate the danger of the situation and lead to individuals being harmed and/or loss of life.

All Clear: DO NOT OPEN CLASSROOM OR WORKSPACE DOORS, OR EXIT A SAFE LOCATION UNDER ANY CIRCUMSTANCES. The release and all clear will happen as follows: A security officer or administrator will physically unlock your door and give you a verbal all clear. All students will continue to remain in class until ALL classes are given the all clear by a security officer or administrator. An all call, Raptor Alert notification, and email will then follow to release students to their next period or location as necessary.

Level 3 Critical Alert Emergency: is called when a significant, threatening event is happening on campus or adjacent to campus that creates a potential danger to students and staff. While this may be communicated to the school by law enforcement, it may also be determined by school officials on the scene. Critical Alert assumes that everyone is prepared for a potential significant threat/event on campus.

Signal: Staff may be notified by the sounds associated with the incident itself, or they may be notified via the campus PA system or Raptor Alert.

What To Do:

Implement all items from the Lockdown Emergency listed above.  
Turn off all lights so it will appear that the room is vacant.  
Keep all students sitting on the floor, away from the door or windows.  
Close/cover ALL windows.  
Advise the students that there is a serious situation, but you don't know what it is.

Project a calm demeanor to help students remain calm and reassure students that they are safe.  
Have all students/staff immediately silence all cell phones, and cease using all social media applications, recording devices, and online communication platforms. Students/staff may only use their cell phones to quietly text parents/guardians if it is deemed safe to do so by the teacher.  
Students and staff must understand that unnecessary noise, distractions, or posting of information of any kind on social media could further escalate the danger of the situation and lead to individuals being harmed and/or loss of life.  
Keep the room as quiet as possible for the duration of the incident.  
Do not call the office. Everyone on campus will be dealing with the incident in a similar manner and will not be able to answer calls. Doing so may put them at risk of harm.  
Deal with all emergencies at your location to the best of your ability.  
Utilize emergency supplies in your Emergency Backpack as needed.  
Quietly take roll and make a list of missing students/staff and add any extra students that are in your room.  
Email or send via Raptor the list above to your administrators and school site secretaries.  
Include information about any serious injuries sustained by students/staff.  
Do not open the door, even if someone knocks and claims to be an administrator, security office, or first responder.  
Do not evacuate students, even if the fire alarm goes off.  
If students are out on the athletic fields, do not have them return to the locker room. Move them to a safe place using your best judgment (ex: the farthest corner of the campus).

All Clear: DO NOT OPEN CLASSROOM OR OFFICE DOORS, OR EXIT A SAFE LOCATION UNDER ANY CIRCUMSTANCES. The release and all clear will happen as follows: A law enforcement officer, RHS/RUSD security officer, or RHS/RUSD administrator will physically unlock your door and give you a verbal all clear. All students and staff will then proceed as directed by the same official.

### **Procedures for Preventing Acts of Bullying and Cyber-bullying**

Policy 5131.2: Bullying

Original Adopted Date: 12/10/2019 | Last Reviewed Date: 12/10/2019

The Governing Board recognizes the harmful effects of bullying on student well-being, student learning and school attendance and desires to provide a safe school environment that protects students from physical and emotional harm. No individual or group shall, through physical, written, verbal, or other means, harass, sexually harass, threaten, intimidate, cyberbully, cause bodily injury to, or commit hate violence against any other student or school personnel, or retaliate against them for filing a complaint or participating in the complaint resolution process.

The Superintendent or designee shall develop strategies for addressing bullying in district schools with the involvement of students, parents/guardians, and staff. As appropriate, the Superintendent or designee may also collaborate with social services, mental health services, law enforcement, courts, and other agencies and community organizations in the development and implementation of effective strategies to promote safety in schools and the community.

Such strategies shall be incorporated into the comprehensive safety plan and, to the extent possible, into the local control and accountability plan and other applicable district and school plans.

Any complaint of bullying shall be investigated and, if determined to be discriminating, resolved in accordance with law and the district's uniform complaint procedures specified in AR 1312.3 - Uniform Complaint Procedures. If, during the investigation, it is determined that a complaint is about nondiscriminatory bullying, the principal or designee shall inform the complainant and shall take all necessary actions to resolve the complaint.

Any employee who permits or engages in bullying or retaliation related to bullying shall be subject to disciplinary action, up to and including dismissal.

### **Definitions**

Bullying is an unwanted, aggressive behavior that involves a real or perceived imbalance of power between individuals with the intent to cause emotional or physical harm. Bullying can be physically, verbally, or socially/relationally harmful and involves repetition or potential repetition of a deliberate act. Bullying can involve intimidation and coercion.

Cyberbullying includes the electronic creation or transmission of harassing communications, direct threats, or other harmful texts, sounds, or images. Cyberbullying also includes breaking into another person's electronic account or assuming that person's online identity in order to damage that person's reputation. Cyberbullying can be harmful to the online reputations of everyone involved, including the person who is cyberbullying and those participating in it.

Examples of the types of conduct that may constitute bullying and are prohibited by the district include, but are not limited to: Physical bullying that inflicts harm upon a person's body or possessions, such as hitting, kicking, pinching, spitting, tripping, pushing, taking or breaking someone's possessions, or making cruel or rude hand gestures

Verbal bullying that includes saying or writing hurtful things, such as teasing, name-calling, inappropriate sexual comments, taunting, or threats to cause harm

Social/relational bullying that harms a person's reputation or relationships, such as leaving a person out of an activity on purpose, influencing others not to be friends with someone, spreading rumors, or embarrassing someone in public

Cyberbullying, such as sending demeaning or hateful text messages or emails, sending or spreading online rumors by email or by posting them on social networking sites or apps, posting embarrassing or explicit photos or videos online or on apps, or creating fake profiles can also be considered cyberbullying.  
Measures to Prevent Bullying

The Superintendent or designee shall implement measures to prevent bullying in district schools, including, but not limited to, the following:

Ensuring that each school establishes clear rules for student conduct and implements strategies to promote a positive, collaborative school climate

Providing to students, through student handbooks and other age-appropriate means, information about district and school rules related to bullying, mechanisms available for reporting incidents or threats, and the consequences for engaging in bullying

Encouraging students to notify school staff when they are being bullied or when they suspect that another student is being bullied, and providing means by which students may report threats or incidents confidentially and anonymously

Annually notifying district employees that, pursuant to Education Code 234.1, any school staff who witnesses an act of bullying against a student has a responsibility to immediately intervene to stop the incident when it is safe to do so  
Staff Development

The Superintendent or designee shall make the California Department of Education's online training module on the dynamics of bullying and cyberbullying, which includes the identification of bullying and cyberbullying and the implementation of strategies to address bullying, available annually to all certificated staff and to other employees who have regular interaction with students. (Education Code 32283.5)

The Superintendent or designee shall provide training to teachers and other school staff to raise their awareness about the legal obligation of the district and its employees to prevent discrimination, harassment, intimidation, and bullying of district students. Such training shall be designed to provide staff with the skills to:

Discuss the diversity of the student body and school community, including their varying immigration experiences

Discuss bullying prevention strategies with students, and teach students to recognize the behavior and characteristics of bullying perpetrators and victims

Identify the signs of bullying or harassing behavior

Take immediate corrective action when bullying is observed

Report incidents to the appropriate authorities, including law enforcement in instances of criminal behavior  
Student Instruction

As appropriate, the district shall provide students with instruction, in the classroom or other educational settings, that promotes social-emotional learning, effective communication and conflict resolution skills, character/values education, respect for cultural and individual differences, self-esteem development, assertiveness skills, and appropriate online behavior.

The district shall also educate students about the negative impact of bullying, discrimination, intimidation, and harassment based on actual or perceived immigration status, religious beliefs and customs, or any other individual bias or prejudice.

Students should be taught the difference between appropriate and inappropriate behaviors, how to advocate for themselves, how to help another student who is being bullied, and when to seek assistance from a trusted adult. As role models for students, staff shall be expected to demonstrate effective problem-solving and anger management skills.

To discourage cyberbullying, teachers may advise students to be cautious about sharing passwords, personal data, or private photos online and to consider the consequences of making negative comments about others online.

#### Reporting and Filing of Complaints

Any student, parent/guardian, or other individual who believes that a student has been subjected to bullying or who has witnessed bullying may report the incident to a teacher, the principal, a compliance officer, or any other available school employee.

When a report of bullying is submitted, the principal or a district compliance officer shall inform the student or parent/guardian of the right to file a formal written complaint in accordance with AR 1312.3 - Uniform Complaint Procedures. The student who is the alleged victim of the bullying shall be given an opportunity to describe the incident, identify witnesses who may have relevant information, and provide other evidence of bullying.

Within one business day of receiving such a report, a staff member shall notify the principal of the report, whether or not a uniform complaint is filed. In addition, any school employee who observes an incident of bullying involving a student shall, within one business day, report such observation to the principal or a district compliance officer, whether or not the alleged victim files a complaint.

Within two business days of receiving a report of bullying, the principal or designee shall notify the district compliance officer identified in AR 1312.3.

When the circumstances involve cyberbullying, individuals with information about the activity shall be encouraged to save and print any electronic or digital messages that they feel constitute cyberbullying and to notify a teacher, the principal, or other employee so that the matter may be investigated. When a student uses a social networking site or service to bully or harass another student, the Superintendent or designee may file a request with the networking site or service to suspend the privileges of the student and to have the material removed.

#### Discipline/Corrective Actions

Corrective actions for a student who commits an act of bullying of any type may include counseling, behavioral intervention and education, and, if the behavior is severe or pervasive as defined in Education Code 48900, may include suspension or expulsion in accordance with district policies and regulations.

When appropriate based on the severity or pervasiveness of the bullying, the Superintendent or designee shall notify the parents/guardians of victims and perpetrators and may contact law enforcement.

The Superintendent, principal, or principal's designee may refer a victim, witness, perpetrator, or other student affected by an act of bullying to a school counselor, school psychologist, social worker, child welfare attendance personnel, school nurse, or other school support service personnel for case management, counseling, and/or participation in a restorative justice program as appropriate. (Education Code 48900.9)

If any student involved in bullying exhibits warning signs of suicidal thought or intention or of intent to harm another person, the Superintendent or designee shall, as appropriate, implement district intervention protocols which may include, but are not limited to, referral to district or community mental health services, other health professionals, and/or law enforcement.

## **Emergency Response Guidelines**

### **Step One: Identify the Type of Emergency**

All steps are outlined by type of emergency in the Redlands High School Emergency Readiness Guide.

### **Step Two: Identify the Level of Emergency**

### **Step Three: Determine the Immediate Response Action**

### **Step Four: Communicate the Appropriate Response Action**

## **Types of Emergencies & Specific Procedures**

### **Earthquake**

#### **Earthquake Emergency**

Staff should follow the evacuation routes as described on the RHS Earthquake Evacuation maps provided in each classroom and office.

In the event of an earthquake, the school will need to declare a Stage 2 Emergency and implement the following procedures:

What to Do:

- 1) Drop, Cover, and Hold - Teachers should discuss this with their students before drills in anticipation of a major earthquake. Flyers are provided to demonstrate appropriate technique.
- 2) Line Up - When the tremors subside and the staff member believes it is safe to begin the evacuation process, they should direct their students to walk to the door to form an orderly line for evacuation purposes.
- 3) Evacuate - Do not wait for an all-call system, as the school will likely have lost power. Staff should use their own judgment or listen for directions. Students should move to the designated Earthquake Emergency Evacuation Area in a silent, straight line.

When leaving their classroom, staff should follow these steps:

Bring their attendance roster, emergency backpack, and bucket.

Leave your classroom door OPEN.

Take attendance using the Emergency Status Report form once they are safely away from the building.

Hold their Emergency Status Report form until it is picked-up by a student runner.

- 4) All Clear - The "All Clear" notification will be given by an RHS administrator via bullhorn/portable speaker or student runners, and will include instructions on how/where teachers and their students should proceed next.

### **Fire in Surrounding Area**

#### **Fire In Surrounding Area: Stage 1 Emergency Protocols and Procedures**

In the event of an actual fire near a classroom or workspace, the following should be accomplished:

Pull the fire alarm in your building to institute a Stage 1 evacuation.

Evacuate the classroom or workspace (and concurrently report if safe to do so via the Raptor Alert app to notify RHS Administration, the RHS Safety team and RHS staff).

Call 911 and report the emergency. Be sure to include accurate information about location on campus.

All staff should follow the evacuation routes as described on the RHS Fire Evacuation map.

If the fire continues to grow despite best efforts, get as far away as possible, even if that means exiting campus.

Stay aware and alert for further instruction via school PA system, the Raptor Alert app, or RUSD email.

What to Do In The Presence of Students:

- 1) Explain - Explain to students what the horn or announcement means.
- 2) Line Up - Ask students to walk to the door to form an orderly line for evacuation purposes.
- 3) Evacuate - Students should move to the designated evacuation area in a silent, straight line.

When leaving the classroom/workspace, please follow these steps:

Bring attendance roster and emergency backpack.

Shut classroom/workspace door.

Evacuate to the appropriate Stage 1 evacuation area.

Take attendance using the Emergency Status Report once safely away from the building. Please include name and include whether the missing students were absent that day, or did not arrive at the evacuation site.

Hold attendance form until it is picked-up by a student runner.

- 4) All Clear - The "All Clear" notification will be given by an RHS administrator via the school PA system, the Raptor Alert app, or RUSD email, and will include instructions on how/where teachers, staff and students should proceed next.

Small fires can be put out with the fire extinguisher. Use the PASS method.

Pull the pin to activate the extinguisher.

Aim at the base of the fire.

Squeeze the trigger to discharge.

Sweep the extinguisher from side to side.

## **Fire on School Grounds**

Call 911 and report the emergency. Be sure to include accurate information about location on campus.

All staff should follow the evacuation routes as described on the RHS Fire Evacuation map.

If the fire continues to grow despite best efforts, get as far away as possible, even if that means exiting campus.

What to Do In The Presence of Students:

- 1) Explain - Explain to students what the horn or announcement means.
- 2) Line Up - Ask students to walk to the door to form an orderly line for evacuation purposes.
- 3) Evacuate - Students should move to the designated evacuation area in a silent, straight line.

When leaving the classroom/workspace, please follow these steps:

Bring attendance roster and emergency backpack.

Shut classroom/workspace door.

Evacuate to the appropriate Stage 1 evacuation area.

Take attendance using the Emergency Status Report once safely away from the building. Please include name and include whether the missing students were absent that day, or did not arrive at the evacuation site.

Hold attendance form until it is picked-up by a student runner.

- 4) All Clear - The "All Clear" notification will be given by an RHS administrator via the school PA system, the Raptor Alert app, or RUSD email, and will include instructions on how/where teachers, staff and students should proceed next.

Small fires can be put out with the fire extinguisher. Use the PASS method.

Pull the pin to activate the extinguisher.

Aim at the base of the fire.

Sweep the extinguisher from side to side.

## **Pandemic**

### Infectious Disease Education

#### Policy 4119.51:

The Board is committed to maintaining a safe, healthful environment for all employees. The Superintendent or designee shall provide district staff with information responding to concerns about workplace safety and explaining the ways by which various infectious diseases are known to be transmitted.

In keeping with the Health and Safety Code, the district shall distribute to its employees information about AIDS, AIDS-related conditions, and Hepatitis B as such information is compiled and updated by the State Department of Education. This information shall include methods of preventing exposure to AIDS and Hepatitis B, including information about the availability of a vaccine to prevent contraction of Hepatitis B. Employees shall be informed as to whether the cost of vaccination is covered by their health plan. (Health and Safety Codes 199.81-199.82)

Dissemination of the information as required by law is prepared by the State Department of Education.

Because medical knowledge about infectious diseases is continually growing, this policy shall be reviewed annually and updated when necessary.

### Blood Borne Pathogen Incident Reporting Form and Exposure Control Plan

#### Policy 5141.22: Infectious Diseases

The Governing Board desires to protect students from risks posed by exposure to infectious diseases while providing an appropriate education for all students.

The Superintendent or designee shall determine whether to admit a student with an infectious disease, and shall exclude students only in accordance with law. In making this determination, he/she shall consult the student's parents/guardians, the student's physician and/or the county health department, in accordance with law and consistent with confidentiality provisions. Because bloodborne pathogens such as hepatitis B virus, hepatitis C virus and human immunodeficiency virus (HIV) are not casually transmitted, the sole presence of bloodborne pathogens is not sufficient reason to exclude students from attending school.

cf. 5112.2 - Exclusions from Attendance)

(cf. 5141.26 - Tuberculosis Testing)

(cf. 5141.3 - Health Examinations)

(cf. 6158 - Independent Study)

(cf. 6159 -Individualized Education Program)

(cf. 6183 - Home/Hospital Instruction)

Parents/guardians are encouraged to inform the Superintendent or designee if their child has an infectious disease so that school staff may work cooperatively with the student's parents/guardians to minimize the child's exposure to other diseases in the school setting. The Superintendent or designee shall ensure that student confidentiality rights are strictly observed in accordance with law. No district employee shall release medical information, including knowledge of a bloodborne pathogen infection, without written consent from the parent/guardian or adult student. Such information shall be shared only with those persons specifically named in the written permission.

## Blood Borne Pathogens - Safety Practices

### Procedures and Regulations

#### 1. General

1.1 While recognizing that both students and employees diagnosed with an infectious blood borne disease are entitled to a confidential relationship between themselves, the medical community and/or other agencies, the Board of School Trustees encourages these individuals to meet with the School Principal and/or Superintendent of Schools to discuss their disease and immediate and future needs.

#### 1.2 Assessment

#### 2. Students:

2.1. The Superintendent (or designate) will be informed, by the school principal as soon as is known, of any student infected with an infectious blood borne disease.

2.2. A Risk Assessment will be conducted using a team approach including the personal physician, public health personnel, the parent or guardian, and school district personnel as appropriate and will make recommendations about the type of educational and care setting based on the following:

- a. Behavior, neurological development and physical condition of the child;
- b. Type of interaction expected with others.
- c. What the potential is for exposure
- d. Areas for potential for exposure
- e. How exposure may happen
- f. Who needs to know?
- g. What will happen if there is a risk of exposure?

2.3. The team will consider the risk to others in the workplace, whether or not the individual is healthy enough to continue to attend school, and what precautions should be taken to ensure the safety and health of others.

a. The identity of infected students will remain confidential and restricted to those who need to know or are required to be informed.

2.4. Decisions on attendance at school are dependent on the circumstances of each individual case. Regular evaluation of the appropriateness of attendance will be conducted.

2.5. The Board will be notified immediately when the team considers the health condition of a student to be a danger to the immediate health and welfare of a school, its students or employees of the Board.

a. Upon being notified of the team's concern, the Board will refer the matter to the Medical Health Officer in accordance with the procedures outlined in the School Act.

### 3. Employees

3.1. The Superintendent will be informed, by district staff as soon as is known, of any employee infected with an infectious blood borne disease.

3.2. Employees with an infectious blood borne disease, who are able to carry out the essential duties of their jobs in a satisfactory manner without posing a health or safety risk to themselves or others, will be entitled to continue their work.

3.3. Decisions regarding potential health or safety hazards will be made on a case-by-case basis in consultation with the employee, the personal physician and district personnel as appropriate.

3.4. The identity of infected employees will remain confidential and restricted to those who need to know or are required to be informed.

3.5. The Board will be notified immediately if the Superintendent considers the health condition of an employee to be a danger to the immediate health and welfare of a school, its students or other employees of the Board.

a. Upon being notified of the Superintendent's concern, the Board will refer the matter to the Medical Health Officer in accordance with the procedures outlined in the School Act.

### 4. Hygienic Safety Practices

4.1. All employees will follow "Universal Infection Control Precautions" by assuming that blood and other body fluids from all individuals are potentially infectious. These precautions include:

a. Routinely using gloves when anticipating contact with blood

b. Immediately washing hands and other skin surfaces after removal of gloves and/or contact with blood

4.2. Schools will be provided with appropriate protective equipment including disposable waterproof gloves (natural rubber latex, neoprene, nitrile, or vinyl), tongs or pliers and proper sharps containers.

4.3. Schools' medical room mattresses will be either vinyl-coated beds or cloth mattress with a protective vinyl (plastic) covering so that they can be cleaned as needed with a bleach solution.

4.4. Blankets can be cleaned as needed by forwarding them, in a clearly labeled plastic bag, to the Assistant Supervisor Operations at the Facilities Office.

### 5. Universal Precautions

5.1. Universal Precautions to prevent transmission of blood-borne disease will be followed. Universal Precautions is the term for infection control measures endorsed by the Canadian Centre for Occupational Health and Safety for workers who might come into contact with blood and other body fluids. In summary they include:

- a. Wash hands for 30 seconds after contact with blood and other body fluids contaminated with blood.
- b. Wear disposable latex gloves when you encounter blood, body fluids, or when cleaning cuts, scrapes or wounds. Wash your hands as soon as you remove your gloves. Dispose gloves in a plastic bag.
- c. Use disposable absorbent material like paper towels to stop bleeding.
- d. Discard bloodstained material in a sealed plastic bag and deposit in the garbage. Label as containing blood-tainted material.
- e. Cover cuts or scrapes with a bandage until healed.
- f. Immediately protect staff and students from coming in contact with blood-soiled surfaces. The area must be disinfected with a fresh solution of one part bleach and nine-parts water (10% bleach solution).

Mops or brushes used for cleaning should be soaked in a bleach solution for 20 minutes.

(Note: The custodial department will provide each school with the product for dissolving in water to provide the bleach solution.)

## 6. Identification of Risks of Occupational Exposure

6.1. In accordance with the Occupational Health and Safety Regulations (section 6.35), the district's Health & Safety Coordinator will develop and maintain a list of positions and/or tasks and procedures where there is a potential for occupational exposure to a blood borne pathogen.

6.2. Employees who have, or may have, occupational exposure to the hepatitis B virus, will upon request, receive a hepatitis B vaccination (section 6.39, OH&S Regs).

6.3. Employees who may have been exposed to a blood borne pathogen in an exposure incident will be advised to immediately seek medical attention

### **Policy 5141.22: Infectious Diseases**

The Governing Board desires to protect students from risks posed by exposure to infectious diseases while providing an appropriate education for all students.

The Superintendent or designee shall determine whether to admit a student with an infectious disease, and shall exclude students only in accordance with law. In making this determination, he/she shall consult the student's parents/guardians, the student's physician and/or the county health department, in accordance with law and consistent with confidentiality provisions. Because bloodborne pathogens such as hepatitis B virus, hepatitis C virus and human immunodeficiency virus (HIV) are not casually transmitted, the sole presence of bloodborne pathogens is not sufficient reason to exclude students from attending school.

## Comprehensive School Safety Plan Purpose

Effective January 1, 2019, Assembly Bill 1747 (Rodriguez), School Safety Plans, became law. This bill requires that during the writing and development of the comprehensive school safety plan (CSSP), the school site council or safety committee consult with a fire department and other first responder entities in addition to currently required entities. It requires the CSSP and any updates made to the plan to be shared with the law enforcement agency, the fire department, and the other first responder entities.

The California Education Code (sections 32280-32288) outlines the requirements of all schools operating any kindergarten and any grades 1 to 12, inclusive, to write and develop a school safety plan relevant to the needs and resources of that particular school.

In 2004, the Legislature and Governor recast and renumbered the Comprehensive School Safety Plan provisions in SB 719 and AB 115. It is the intent of the Legislature in enacting the provisions to support California public schools as they develop their mandated comprehensive safety plans that are the result of a systematic planning process, that include strategies aimed at the prevention of, and education about, potential incidents involving crime and violence on school campuses.

The historical requirement of the Comprehensive School Safety Plan was presented in Senate Bill 187, which was approved by the Governor and chaptered in 1997. This legislation contained a sunset clause that stated that this legislation would remain in effect only until January 1, 2000. Senate Bill 334 was approved and chaptered in 1999 and perpetuated this legislation under the requirement of the initial legislation.

Comprehensive School Safety Plans are required under SB 719 & AB 115 and contains the following elements:

Assessment of school crime committed on school campuses and at school-related functions

- Child abuse reporting procedures
- Disaster procedures
- Suspension and expulsion policies
- Procedures to notify teachers of dangerous pupils
- Discrimination and harassment policies
- School wide dress code policies
- Procedures for safe ingress and egress
- Policies enacted to maintain a safe and orderly environment
- Rules and procedures on school discipline
- Hate crime reporting procedures

The Comprehensive School Safety Plan will be reviewed and updated by March 1st every year. In July of every year, the school will report on the status of its school safety plan including a description of its key elements in the annual school accountability report card.

A copy of the Comprehensive School Safety Plan is available for review at the school site and District Office..

#### **Assessment of School Safety**

ADD -- office referrals, attendance, student feedback through Kelvin, and parent feedback through survey results.

#### **Strategies and Programs to Provide and Maintain a High Level of Safety (EC 32281(a)1, items A-J)**

##### **Introduction - School Profile**

The Redlands eAcademy is one of twenty-five schools in the Redlands Unified School District with traditions dating back to 1965. The Redlands eAcademy, in partnership with families, provides a rigorous and relevant alternative K-12 educational program in a safe and supportive environment that combines standards based curriculum with digital and small group instruction.

Redlands eAcademy faces challenges in maintaining a safe school. This section of the Comprehensive School Safety Plan will describe programs in place at our school as well as strategies and programs of our school site council for continued improvement in providing a safe, orderly, school environment conducive to learning.

##### **School Crime Status and Reporting**

eAcademy administration and safety officers work collaboratively with the Redlands Police department and local county law enforcement agencies to problem solve, investigate school safety issues and report findings to child protective services, as needed. eAcademy does not have a dedicated school resource officer. The SROs from the comprehensive high schools are available for all inquiries, questions, and investigative purposes. All staff members are regularly trained in the safety measures and the reporting of issues to administration and law enforcement.

##### **Personal Characteristics of Pupil & Staff**

(Additional Health and Welfare Data available from ICOE aggregated DAT surveys)

Redlands eAcademy has an enrollment of approximately 152 pupils in grades K-12 across two RUSD campuses - Orangewood campus (K-5 eAcademy students) and Redlands East Valley campus (eAcademy gr. 6-12 students). Pupils from this school come from families with family mobility. Approximately 59% of the pupils are in families receiving Aid to Families with Dependent Children that are eligible for free/reduce lunches. The ethnic makeup of the pupil population is 44.7% Hispanic, 3.3% Black, 36.8% Caucasian, 5.3% Asian, and 7.9% two or more races. Our pupils have a variety of life experiences. Some pupils have recently arrived from foreign countries while others have never left their neighborhood.

##### **Curriculum and Educational Activities**

The Redlands eAcademy offers a blended learning program to students in grades K through 12.

The Redlands eAcademy is excited to offer a blended learning program designed. Elementary students attend class in small groups with a teacher for 8 hours per week, including enrichment (PE, etc.) and optional tutoring. Elementary Parents (with their student) also meet bi-weekly with the teacher (via Zoom) to "check-in" on ongoing student progress and allow time for parent questions and support. At home, the parent is expected to read with their child, help with assignments and projects and ensure that learning activities take place daily. Middle school students attend 2-3 days per week and receive 90 minutes of interactive instruction each week per core class with up to 12 peers and a teacher. Students work independently on non-attending days and on mornings/afternoons before or after class time. Parents help ensure daily work is accomplished using easy-to-track curriculum. The student (and parent if they wish) meets weekly one-on-one with a supervising teacher via Zoom (or on campus) to review progress and set weekly personal goals. home, the parent is expected to review completed work with their child, help with assignments and projects and ensure that learning activities take place daily. High school students are required to attend "block time" appointments with their teachers and other students in small group settings. Each core class has 90 minutes weekly of interactive instruction. Students are required to attend all state testing sessions and district assessments. The eAcademy does not offer a high school sports program, but many of our students participate in club sports or other team activities. eAcademy students fulfill the same graduation requirements as those attending any RUSD high school, satisfying both UC and CSU entrance requirements. College preparatory core classes are available to all students. Students complete a course of study based on their grade level and interest. Our counselors are available to develop a plan of study tailored to meet the students' goals and needs.

Teachers, administrators, supervisors of child welfare and attendance, certificated student personnel employees, employees of care institutions, Headstart teachers, school psychologists, licensed nurses, counselors, presenters of child abuse prevention programs and those instructional aides or other classified employees trained in child abuse reporting.

Child Protective Agencies are those law enforcement and child protective services responsible for investigating child abuse reports, including the local police or sheriff department, county welfare or juvenile probation department and child protective services.

Reasonable Suspicion means that it is objectively reasonable for a person to entertain such a suspicion, based upon facts that could cause a reasonable person in a like position, drawing when appropriate on his/her training and experience, to suspect child abuse. (Penal Code 11166)

#### Reporting Procedures

To report known or suspects child abuse, any employee (as defined above) shall report by telephone to the local child protective agency immediately. (Child Protective Services 921 County Center, 3 Court, Modesto, CA phone # 525- 6641)

The following information shall be given:

1. The name of the person making the report
2. The name of the child
3. The present location of the child
4. The nature and extent of any injury

Any other information requested by the child protective agency, including the information that led the mandated reporter to suspect child abuse.

When the verbal report is made, the mandated reporter shall note the name of the official contacted, the date and time contacted, and any instructions or advice received.

Within 36 hours of making the telephone report, the mandated reporter shall complete and mail to the local child protective agency a written report which includes a completed Department of Justice form (DOJ SS 8572).

Mandated reports may obtain copies of the above form either from the district or local child protective agency.

Instructions are included on the form, and reporters may ask the site administrator for help in completing and mailing it; however, the mandated reporter is personally responsible for ensuring that the written report is correctly filed.

Employees reporting child abuse to a child protective agency are encouraged, but not required, to notify the site administrator or designee as soon as possible after the initial verbal report by telephone. When so notified, the site administrator shall inform the Superintendent or designee.

Administrators so notified shall provide the mandated reporter any assistance necessary to ensure that reporting procedures are carried out in accordance with law and district regulations. At the mandated reporter's request, the principal may assist in completing and filing the form.

If the mandated reporter does not disclose his/her identity to a district administrator, he/she shall at least provide or mail a copy of the written report to the site administrator and the district without his/her signature or name.

#### Legal Responsibility and Liability

Mandated reporters have absolute immunity. School employees required to report are not civilly or criminally liable for filing a required or authorized report of known or suspected child abuse.

A mandated reporter who fails to report an instance of child abuse, which he/she knows to exist or reasonably should know to exist, is guilty of a misdemeanor and is punishable by confinement in jail for a term not to exceed six months or by a fine of not more than \$1,000 or both. The mandated reporter may also be held civilly liable for damages for any injury to the child after a failure to report

When two or more persons who are required to report have joint knowledge of suspected instance of child abuse, and when they so agree, the telephone report may be made by either of them and a single report made and signed by that person.

However, if any person who knows or should know that the person designated failed to make the report, that person then has a duty to make the report.

The duty to report child abuse is an individual duty and no supervisor or administrator may impede or inhibit such reporting duties. Furthermore, no person making such a report shall be subject to any sanction.

#### Victim Interview

Upon request, a child protective agency representative may upon request interview a suspected victim of child abuse during school hours, on school premises, concerning a report of suspected child abuse that occurred within the child's home. The child shall be given the choice of being interviewed in private or in the presence of any adult school employee or volunteer aide selected by the child. (Penal Code 11174.3)

A staff member or volunteer aide selected by a child may decline to be present at the interview. If the selected person accepts, the principal or designee shall inform him/her, before the interview takes place, of the following legal requirements:

1. The purpose of the selected person's presence at the interview is to lend support to the child and enable him/her to be as comfortable as possible.
2. The selected person shall not participate in the interview.
3. The selected person shall not discuss the facts or circumstances of the case with the child.
4. The selected person is subject to the confidentiality requirements of the Child Abuse and Reporting Act, a violation of which is punishable as specified by Penal Code 11167.5.
5. If a staff member agrees to be present, the interview shall be held at a time during school hours when it does not involve an expense to the school. (Penal Code 11174.3)

#### Release of Child to Peace Officer or Child Protective Services Agent

When a child is released to a peace officer or child protective agency and taken into custody as a victim of suspected child abuse, the Superintendent and/or principal shall not notify the parent/guardian as required in other instances of removal of a child from school, but rather shall provide the protective agency with the address and telephone number of the child's parent/guardian. It is the responsibility of the peace officer or agent to notify the parent/guardian of the situation. (Education Code 48906)

Peace officer and child protective services agents will be asked to sign an appropriate release or acceptance of responsibility form.

(cf. 5145.11 - Questioning and Apprehension)

#### When School Employees are Accused of Child Abuse

Regardless of who child abusers may be, the major responsibilities of mandated reports are to 1) identify incidents of suspected child abuse, and 2) comply with laws requiring the reporting of suspected abuse to proper authorities. Determining whether or not the suspected abuse actually occurred is not the responsibility of the school employee. Such determination and follow-up investigation will be made by a child protective agency.

Pending outcome of an investigation by a child protective agency and before formal charges are filed, the employee may be subject to reassignment or a paid leave of absence.

Upon filing formal charges or upon conviction, the district may take disciplinary action in accordance with law, district policies, regulations and/or collective bargaining agreements. The Superintendent or designee shall seek legal counsel in connection with either the suspension or dismissal of the employee.

(cf. 4117.4 - Dismissal)  
(cf. 4118 - Suspension/Disciplinary Action (Certificated))  
(cf. 4218 - Suspension/Disciplinary Action (Classified))

## **(B) Disaster Procedures (EC 35295-35297; GC 8607 and 3100)**

### **Disaster Plan (See Appendix C-F)**

Each classroom, office, library and room on campus has a posting of the emergency procedures near the exit door. Emergency procedures are also posted in each classroom notebook which is reviewed at the beginning of the school year for updates. Fire Drills are practiced twice during the school year. Earthquake drills are practiced two times a year and Lock Down drills are practiced annually.

### **3 Levels of Student Safety in a Crisis Across the District**

#### **1. Safe and Secure Mode (Limit outside movement) "Yellow"**

Safe and Secure Mode is a security procedure used to reduce student and staff movement outside school buildings. This may be due to a medical emergency, area disturbance, isolated site disturbance, etc. It is designed to allow for school to carry forward but have the ability to move to Lockdown quickly if needed. During the Safe and Secure mode, there is heightened vigilance on campus by all school staff.

Generally, recesses and outdoor activities are reduced. Parents/guardians can have access to their student(s) and may check them out of school if they see fit to do so.

? Teachers should continue teaching as normal

? Allow students restroom use with clear administrator/ teacher direction

? Increased available staff presence during passing periods and student dismissal

? Lunch/activities monitored more closely for movement outside of lunch area, unless site admin decides otherwise

? Standard inclement weather schedule/routine in place, unless site administrator/designee decides otherwise

? Perimeter gates, where applicable, will be locked and monitored by available staff, allowing for central access points

? PE classes will be monitored more closely for movement outside of PE area; classes may be moved off all fields into more secure locations (e.g., gym, class, & MPR)

#### **2. Lock Down (Prevent All Outside Movement) "Orange"**

Lock Down is called when a law enforcement event is happening in the vicinity of a school or on campus. With the support of law enforcement, a school site will call a Lock Down as a precautionary measure. This means all students and staff must stay inside behind locked doors; however, it does not mean that there is an active threat occurring on campus.

? Take a look outside your classroom and gather up any stray students in the hallways

? Ensure that your door is locked

? Project a calm demeanor to help students remain calm; reassure students that they are safe

? Do not allow anyone to leave the classroom

? Staff and parents/guardians frequently check their emails for updates from their site administrators

? If students are out on the playground or athletic fields, quickly move them to a secure classroom, locker room, or multi-purpose room

? Teachers continue to keep students engaged in learning

#### **3. Critical Alert (Locks, Lifts, Out of Sight) "Red"**

Critical Alert is called when a significant, threatening event is happening on campus or adjacent to campus that creates a potential danger to students and staff. While this may be communicated to the school by law enforcement, it may also be determined by school officials on the scene. Critical Alert assumes that everyone is prepared for a potential significant threat/event on campus.

? Turn off or reduce lighting, so it will appear that the room is vacant

? Keep all students sitting on the floor, away from the door or windows

? Do not look out the windows

? Advise the students that there is a serious situation; project a calm demeanor and reassure students that you are taking steps to keep them safe

? Ensure that everyone in the room turns the ringer off on their cell phones

? Do not allow students to talk on their cell phones (keep room as quiet as possible)

? Limit calls to the school office; phones are being used to communicate with parents/guardians and first responders

? Quietly take roll and make a list of missing students and any extra students that are in your room. Email this list to your administrators and school site secretaries

? When staff determines, they will direct the evacuation of students they oversee to the designated area; each staff will make this determination based on their specific situation

- ? Do not open the door, even if someone knocks and claims to be a staff member (administrator/custodian will have a master key)
- ? If students are out on the PE field, do not return them to the locker room. Move them to a safe place (this may be the farthest part of the campus or off campus); Staff must remain with students until reunification

## **Public Agency Use of School Buildings for Emergency Shelters**

### **(C) School Suspension, Expulsion and Mandatory Expulsion Guidelines**

#### **Policy 5144.1: Suspension And Expulsion/Due Process**

##### **Suspension and Expulsion**

The Governing Board recognizes that maintaining an environment which promotes learning and protects the health, safety, and welfare of all students may require the suspension or expulsion of a student from regular classroom instruction. District policies and school site rules shall clearly identify district behavior standards

(cf. 5144 - Discipline)

Except in cases where suspension for a first time offense is warranted in accordance with law, suspension shall be imposed only when other means of correction fail to bring about proper conduct. (Education Code 48900.5)

Expulsion is an action taken by the Board for severe or prolonged breaches of discipline by a student. Except for single acts of a grave nature, expulsion is usually used only when there is a history of misconduct, when other forms of discipline, including suspension, have failed to bring about proper conduct, or when the student's presence causes a continuing danger to other students. (Education Code 48915)

The grounds for suspension and expulsion and the procedures for considering, recommending and/or implementing suspension and expulsion shall be specified in Administrative Regulation.

Each principal shall annually inform all students and parents/guardians of the school's discipline rules and procedures and of the availability of all district policies and regulations dealing with student discipline, suspension and expulsion. (Education Code 35291, 35291.5)

(cf. 5145.6 - Parental Notifications)

Suspended or expelled students shall be excluded from all school-related extracurricular activities during the suspension or expulsion.

cf. 6145 - Extracurricular and Cocurricular Activities)

##### **Zero Tolerance**

The Board supports a zero tolerance approach to serious offenses in accordance with state and federal law. This approach makes the removal of potentially dangerous students from the classroom a top priority and ensures the standardized treatment of all students. Staff shall immediately report to the Superintendent/ designee any incidence of offenses specified in law, Board policy, and administrative regulation as cause for suspension or expulsion.

##### **Student Due Process**

The Board shall provide for the fair treatment of students facing suspension and expulsion by affording them their due process rights under the law. The administration and staff shall comply with procedures for notices and appeals as specified in regulation. Procedures governing student due process shall conform in all aspects to provisions in law. (Education Codes 48911, 48915 and 48915.5)

Whenever a student is suspended, school officials may (but are not required to) meet with the parent/guardian to discuss the causes and duration of the suspension, the school policy involved, and any other pertinent matters. (Education Code 48914)

cf. 5119 - Students Expelled from Other Districts

(cf. 5144.2 - Suspension and Expulsion/Due Process - Individuals with Exceptional Needs)

#### Rights of Complaining Witness

An expulsion hearing involving allegations of sexual assault or sexual battery may be postponed for one school day in order to accommodate the special physical, mental or emotional needs of a student who is the complaining witness. (Education Code 48918.5)

Whenever the Superintendent or designee recommends an expulsion hearing that addresses allegations of sexual assault or sexual battery, he/she shall give the complaining witness a copy of the district's suspension and expulsion policy and regulation and shall advise the witness of his/her right to: (Educational Code 48918.5)

1. Receive five days' notice of his/her scheduled testimony at the hearing
2. Have up to two adult support persons of his/her choosing present in the hearing at the time he/she testifies
3. Have a closed hearing during the time he/she testifies

Whenever any allegation of sexual assault or sexual battery is made, the Superintendent or designee shall immediately advise complaining witnesses and accused students to refrain from personal or telephone contact with each other during the time when an expulsion process is pending. (Education Code 48918.5)

#### On-Campus Suspension Program

The Board recognizes that students who are suspended from school frequently have no supervision or guidance during the school hours when they are off campus. The Board believes that in many cases, instead of sending the student off campus, it would be better to address the student's misconduct by keeping the student at school and providing him/her with supervision that is separated from the regular classroom.

The Superintendent or designee shall examine alternatives to off-campus suspension and may establish a suspension program which involves progressive discipline during the school day on campus; using conferences between staff, parents/guardians and students; detention; student study teams or other assessment-related teams; and/or referral to school support services staff.

#### Required Parental Attendance

The Board believes that parental involvement plays an important role in the resolution of classroom behavior problems. The Board expects that teachers will communicate with parents/guardians when behavior problems arise

Whenever a student is suspended from a class because he/she committed an obscene act, engaged in habitual profanity or vulgarity, disrupted school activities or otherwise willfully defied valid staff authority, the teacher of the class from which the student was suspended may require the student's parent/guardian to attend a portion of a school day in that class. After completing the classroom visit and before leaving school premises, the parent/guardian also shall meet with the principal or designee. (Education Code 48900.1)

The Board encourages teachers, before requiring parental attendance, to make reasonable efforts to have the parent/guardian visit the class voluntarily. The teacher also may consider informing the parent/guardian about available resources which may provide help in the development of parenting skills. Teachers should reserve the option of required parental attendance for cases in which they have determined that it is the best strategy to promote positive interaction between the student and the parent/guardian and to improve classroom behavior.

Parental attendance may be required on the day the student returns to class or within one week thereafter. The principal or designee shall contact any parents/guardians who do not respond to the request to attend school. The Board recognizes that parental compliance with this policy may be delayed, modified or prevented by serious illness/injury/disability, absence from town, or inability to get certain release time from work.

The teacher shall apply this policy uniformly to all students within the classroom. This policy shall apply only to a parent/guardian who actually lives with the student. (Education Code 48900.1)

District regulations and school-site rules for student discipline shall include procedures for implementing parental attendance requirements.

Parents/guardians shall be notified of this policy before it is implemented and at the beginning of each subsequent school year. (Education Code 48900.1, 35291, 48980)

#### Decision Not to Enforce Expulsion Order

In cases where expulsion is mandatory pursuant to Education Code 48915(c), the enforcement of an expulsion order shall not be suspended by the Board. In all other cases of expulsion, the order for expulsion may be suspended by the Board, on a case-by-case basis, pursuant to the requirements of law.

#### Suspension from Class by a Teacher/Parental Attendance

A teacher may suspend any student from the teacher's class for any of the acts listed under "Grounds for Suspension and Expulsion" above for the day of the suspension and the day following. (Education Code 48910)

Suspension from class means the removal of a student from class by a teacher for the day of the suspension and the next day. A teacher may suspend a student from class and may also refer a student for consideration of suspension from school for any act listed in "Grounds for Suspension and Expulsion" above. (Education Code 48910)

When suspending a student from his/her class, the teacher shall immediately report this action to the principal and send the student to the principal for appropriate action. The student shall be appropriately supervised during the class periods from which he/she has been suspended.

As soon as possible, the teacher shall ask the student's parent/guardian to attend a parent-teacher conference regarding the suspension. A counselor or psychologist should attend the conference if it is practicable, and a school administrator may attend if either the parent/guardian or teacher so request.

A suspended student shall not be returned to class during the period of suspension without the approval of the teacher of the class and the principal. (Education Code 48910)

A student suspended from class shall not be placed in another regular class during the period of suspension. However, if a student is assigned to more than one class per day, he/she may be placed in any other regular classes except those held at the same time as the class from which the student was suspended. (Education Code 48910)

The teacher of any class from which a student is suspended may require the suspended student to complete any assignments and tests missed during the suspension. (Education Code 48913)

When a teacher requires a parent/guardian to attend school in accordance with Board Policy, the principal shall send the parent/guardian a written notice that the parent/guardian's attendance is required pursuant to law. (Education Code 48900.1)

1. This notice shall also tell the parent/guardian when his/her presence is expected and by what means he/she may arrange any necessary change.

(Education Code 48900.5)

A student may be suspended from school for not more than 20 school days in any school year, unless for purposes of adjustment a student enrolls in or is transferred to another regular school, an opportunity school, or continuation school or class, in which case suspension shall not exceed 30 days in any school year. However, this restriction on the number of days of suspension does not apply when the suspension is extended pending an expulsion. (Education Code 48903 and 48912)

#### Suspension Procedures

1. Informal Conference: Suspension shall be preceded by an informal conference conducted by the principal or designee or the Superintendent or designee between the student, and whenever practicable, the teacher, supervisor or school employee who referred the student to the principal. At the conference, the student shall be informed of the reason for the disciplinary action and the evidence against him/her and shall be given the opportunity to present his/her version and evidence in support of his/her defense. (Education Code 48911(b))

This conference may be omitted if the principal, designee or the Superintendent or designee determines that an emergency situation exists. An "emergency situation" involves a clear and present danger to the lives, safety or health of students or school personnel. If the pre-suspension conference is not held, both the parent/guardian and student shall be notified of the student's right to return to school for the purpose of a conference. The conference shall be held within two school days, unless the student waives his/her right to it or is physically unable to attend for any reason. In such case, the conference will be held as soon as the student is physically able to return to school. (Education Code 48911(c))

2. Administrative Actions: All requests for student suspension are to be processed by the principal or designee of the school in which the student is enrolled at the time of the misbehavior

A school employee shall report the suspension, including the name of the student and the cause for the suspension, to the Superintendent or designee, who in turn will inform the Board.

3. Notice to Parents/Guardians: At the time of the suspension, a school employee shall make a reasonable effort to contact the parent/guardian by telephone or in person. Whenever a student is suspended, the parent/guardian shall be notified in writing of the suspension. (Education Code 48911)

This notice shall state the specific offense committed by the student. (Education Code 48900.8)

In addition, the notice may also state the date and time when the student may return to school.

Should school officials wish to ask the parent/guardian to confer regarding matters pertinent to the suspension, the notice may also add that state law requires the parent/guardian to respond to such request without delay.

4. Parent/Guardian Conference: Whenever a student is suspended, school officials may meet with the parent/guardian to discuss the causes and duration of the suspension, the school policy involved, and any other pertinent matters. (Education Code 48914)

While the parent/guardian is required to respond without delay to a request for a conference about a student's behavior, no penalties may be imposed on the student for the failure of the parent/guardian to attend such conference. The student may not be denied readmission solely because the parent/guardian failed to attend. (Education Code 48911)

5. Extension of Suspension: If the expulsion of a suspended student is being considered by the Board, the Superintendent or designee may, in writing, extend the suspension until such time as the Board has made a decision. (Education Code 48911(g))

Any extension of the original period of suspension shall be preceded by notice of such extension with an offer to hold a conference concerning the extension, giving the student an opportunity to be heard. This conference may be held in conjunction with a meeting requested by the student or parent/guardian to challenge the original suspension. Extension of the suspension may be made only if the Superintendent or designee determines, following a meeting in which the student and the student's parent/guardian were invited to participate, that the student's presence at the school or at an alternative school would endanger persons or property or threaten to disrupt the instructional process. (Education Code 48911(g))

#### Suspension by the Board

The Board may suspend a student for any of the acts listed in "Grounds for Suspension and Expulsion" above and within the limits specified in "Suspension by Superintendent, Principal or Principal's Designee" above. (Education Code 48912)

The Board may suspend a student enrolled in a continuation school or class for a period not longer than the remainder of the semester if any of the acts listed in "Grounds for Suspension and Expulsion" occurred. The suspension shall meet the requirements of Education Code 48915. (Education Code 48912.5)

When the Board is considering a suspension, disciplinary action, or any other action (except expulsion) against any student, it may hold closed sessions if a public hearing would lead to disclosure of information which would violate a student's right to privacy under Education Code 49073-49079.

(cf. 9321 -Closed Session Purposes and Agendas)

The Board shall provide the student with written notice of the closed session by registered or certified mail. Upon receiving this notice the student may request a public meeting, and this request shall be granted if made in writing (within 48 hours after receipt of the Board's notice). However, any discussion that conflicts with any other student's right to privacy shall be in closed session. (Education Codes 48912)

#### Authority to Expel

A student may be expelled only by the Board. The Board shall expel, as required by law, any student found to have committed certain offenses listed below under "Mandatory Recommendation and Mandatory Expulsion."

The Board may also order a student expelled for any of the acts listed above under "Grounds for Suspension and Expulsion" upon recommendation by the principal, Superintendent, hearing officer or administrative panel, based on finding either or both of the following: (Education Code 48915(b) and (e))

1. That other means of correction are not feasible
2. That due to the nature of the violation, the presence of the student causes a continuing danger to the physical safety of the student or others

#### Mandatory Recommendation For Expulsion

The principal, Superintendent or designee shall recommend a student's expulsion for any of the following acts, unless the principal or Superintendent or designee finds, and reports in writing to the Board, that expulsion is inappropriate due to particular circumstances which shall be set out in the report of the incident:

1. Causing serious physical injury to another person, except in self-defense.
2. Possession of any knife as defined in Education Code 48915(g), explosive or other dangerous object of no reasonable use to the student.

3. Unlawful possession of any controlled substance, as listed in Health and Safety Code 11053-11058, except for the first offense for the possession of not more than one ounce of marijuana, other than concentrated cannabis.
4. Robbery or extortion.
5. Assault or battery, as defined in Penal Code 240 and 242, upon any school employee.

#### Mandatory Recommendation And Mandatory Expulsion

The principal, Superintendent or designee shall recommend that the Board expel any student found at school or at a school activity off school grounds to be: (Education Code 48915(c))

1. Possessing, as verified by a district employee, or selling or otherwise furnishing a firearm, unless the student had obtained prior written permission to possess the item from a certificated school employee, with the principal or designee's concurrence. (Education Code 48915(c).1)
2. Brandishing a knife as defined in Education Code 48915(g) at another person. (Education Code 48915(c).2)
3. Unlawfully selling a controlled substance listed in Health and Safety Code 11053-11058. (Education Code 48915(c).3)
4. Committing or attempting to commit a sexual assault or committing a sexual battery as defined in item #14 under "Grounds for Suspension and Expulsion" above. (Education Code 48915(c).4)
5. Possessing an explosive as defined in 18 USC 921.

Upon finding that the student committed any of the above acts, the Board shall expel the student. (Education Code 48915)

#### Student's Right to Expulsion Hearing

The student is entitled to a hearing to determine whether the student should be expelled. The hearing shall be held within 30 school days after the principal or Superintendent or designee determines that one of the acts listed under "Grounds for Suspension and Expulsion" has occurred. (Education Code 48918(a))

The student is entitled to one postponement of an expulsion hearing for a period of not more than 30 calendar days. The request for postponement shall be in writing. Any subsequent postponement may be granted at the district's discretion. (Education Code 48918(a))

If the district finds it impracticable to comply with these time requirements for conducting an expulsion hearing, the Superintendent or designee may, for good cause, extend the time period by an additional five school days. Reasons for the extension shall be included as a part of the record when the expulsion hearing is held. (Education Code 48918(a))

Once the hearing starts, all matters shall be pursued with reasonable diligence and concluded without unnecessary delay. (Education Code 48918(a))

#### Rights of Complaining Witness

An expulsion hearing involving allegations of sexual assault or sexual battery may be postponed for one school day in order to accommodate the special physical, mental or emotional needs of a student who is the complaining witness. (Education Code 48915.5)

Whenever the Superintendent or designee recommends an expulsion hearing that addresses allegations of sexual assault or sexual battery, he/she shall give the complaining witness a copy of the district's suspension and expulsion policy and regulation and shall advise the witness of his/her right to: (Education Code 48915.5)

1. Receive five days' notice of his/her scheduled testimony at the hearing.

2. Have up to two adult support persons of his/her choosing present in the hearing at the time he/she testifies.
3. Have a closed hearing during the time he/she testifies

Whenever any allegation of sexual assault or sexual battery is made, the Superintendent or designee shall immediately advise complaining witnesses and accused students to refrain from personal or telephone contact with each other during the time when an expulsion process is pending. (Education Code 48915.5)

#### Written Notice of the Expulsion Hearing

Written notice of the hearing shall be forwarded to the student and the student's parent/guardian at least ten calendar days before the date of the hearing. The notice shall include: (Education Code 48900.8, 48918(b))

1. The date and place of the hearing.
2. A statement of the specific facts, charges and offense upon which the proposed expulsion is based.
3. A copy of district disciplinary rules which relate to the alleged violation.
4. A parent/guardian of a student expelled for acts described in paragraphs through 4 of Education Code 48915(a), seeks enrollment in another district they must inform the new district of the student's status with the expelling district, pursuant to Education Code 48915.1.

(cf. 5119 -Students Expelled from Other Districts)

5. The opportunity for the student or the student's parent/guardian to appear in person or to employ and be represented by counsel.
6. The right to inspect and obtain copies of all documents to be used at the hearing.
7. The opportunity to confront and question all witnesses who testify at the hearing.
8. The opportunity to question all evidence presented and to present oral and documentary evidence on the student's behalf, including witnesses.

#### Conduct of Expulsion Hearing

1. Closed Session: Notwithstanding the provisions of Government Code 54953 and Education Code 35145, the Board shall conduct the hearing or arrange for an alternative hearing to consider the expulsion of the student in a session closed to the public unless the student requests in writing at least five days prior to the hearing that the hearing be a public meeting. If such request is made, the meeting shall be public

Whether the expulsion hearing is held in closed or public session, the Board may meet in closed session to deliberate and determine if the student should be expelled. If the Board admits any other person to the closed session, the parent/guardian, the student, counsel of the student and counsel of the parent/guardian shall also be allowed to attend the closed session. (Education Code 48918(c))

If a hearing that involves a charge of sexual assault or sexual battery is to be conducted in public, a complaining witness shall have the right to have his/her testimony heard in closed session when testifying in public would threaten serious psychological harm to the witness and when there are no alternative procedures to avoid the threatened harm, including but not limited to videotaped deposition or contemporaneous examination in another place communicated to the hearing room by closed-circuit television. (Education Code 48918(c))

2. Record of Hearing: A record of the hearing shall be made and may be maintained by any means, including electronic recording, so long as a reasonably accurate written and complete transcription of the proceedings can be made. (Education Code 48918(g))

3. Presentation of Evidence: While technical rules of evidence do not apply to such hearings, evidence may be admitted and used as proof only if it is the kind of evidence on which reasonable persons can rely in the conduct of serious affairs. The decision of the Board to expel must be supported by substantial evidence that the student committed any of the above acts listed under "Grounds for Suspension and Expulsion" above. Findings of fact shall be based solely on the evidence at the hearing.

While no evidence shall be based solely on hearsay, sworn declarations may be admitted as testimony from witnesses whose disclosure of their identity or testimony at the hearing may subject them to an unreasonable risk of physical or psychological harm. (Education Code 48918 (f) and

In cases where a search of a student's person or property has occurred, evidence describing the reasonableness of the search shall be included in the hearing record.

4. Testimony by Complaining Witness: The following procedures shall be observed when hearings involve allegations of sexual assault or sexual battery by a student: (Education Code 48918)

- a. Any complaining witness shall be given five days' notice before being called to testify.
- b. Any complaining witness shall be entitled to have up to two adult support persons, including but not limited to a parent/guardian or legal counsel, present during his/her testimony.
- c. Before a complaining witness testifies, support persons shall be admonished that the hearing is confidential.
- d. The person presiding over the hearing may remove a support person whom he/she finds is disrupting the hearing.
- e. If one or both support persons are also witnesses, the hearing shall be conducted according to Penal Code 868.5.
- f. Evidence of specific instances of prior sexual conduct of a complaining witness shall be presumed inadmissible and shall not be heard unless the person conducting the hearing determines that extraordinary circumstances require the evidence to be heard.

Before such a determination is made, the complaining witness shall be given notice and an opportunity to oppose the introduction of this evidence. In the hearing on the admissibility of this evidence, the complaining witness shall be entitled to be represented by a parent/guardian, legal counsel or other support person. Reputation or opinion evidence regarding the sexual behavior of a complaining witness shall not be admissible for any purpose.

g. In order to facilitate a free and accurate statement of the experiences of the complaining witness and to prevent discouragement of complaints, the district shall provide a nonthreatening environment.

(1) The district shall provide a room separate from the hearing room for the use of the complaining witness before and during breaks in testimony.

(2) At the discretion of the person conducting the hearing, the complaining witness shall be allowed reasonable periods of relief from examination and cross-examination during which he/she may leave the hearing room.

(3) The person conducting the hearing may:

- (a) Arrange the seating within the hearing room so as to facilitate a less intimidating environment for the complaining witness.
- (b) Limit the time for taking the testimony of a complaining witness to the hours he/she is normally in school, if there is no good cause to take the testimony during other hours.
- (c) Permit one of the support persons to accompany the complaining witness to the witness stand.

6. Decision Within Ten Days: The Board's decision on whether to expel a student shall be made within ten school days after the conclusion of the hearing, unless the student requests in writing that the decision be postponed. (Education Code 48918(a))

7. Decision Within 40 Days: If the Board does not meet on a weekly basis, its decision on whether to expel a student shall be made within 40 school days after the student is removed from his/her school of attendance, unless the student requests in writing that the decision be postponed. (Education Code 48918(a))

#### Alternative Hearing: Hearing Officer or Administrative Panel

Instead of conducting an expulsion hearing itself, the Board may contract with the county hearing officer or with the Office of Administrative Hearings of the State of California for a hearing officer. Alternatively, the Board may appoint an impartial administrative panel composed of three or more certificated personnel, none of whom shall be members of the Board or on the staff of the school in which the student is enrolled. (Education Code 48918(d))

A hearing conducted by the hearing officer or administrative panel shall conform to the same procedures as apply to a hearing conducted by the Board as specified in "Conduct of Expulsion Hearing" above.

The hearing officer or administrative panel shall, within three school days after the hearing, determine whether to recommend expulsion of the student to the Board. If expulsion is not recommended, the student shall be immediately reinstated. (See "Reinstatement" below.) The Superintendent or designee shall place the student in a classroom instructional program, any other instructional program, a rehabilitation program, or any combination of these programs after consulting with district staff, including the student's teachers and with the student's parent/guardian. (Education Code 48918(e))

If expulsion is recommended, findings of fact in support of the recommendation shall be prepared and submitted to the Board. All findings of fact and recommendations shall be based solely on the evidence presented at the hearing. The Board may accept the recommendation based either upon a review of the findings of fact and recommendations submitted or upon the results of any supplementary hearing the Board may order. (Education Code 48918(f))

The hearing officer or administrative panel may recommend that the Board suspend the expulsion for a period of one year. (See "Suspension of Expulsion" below.)

The Board shall make its decision about the student's expulsion within 40 school days after the date of the student's removal from school unless the student requests in writing that the decision be postponed. (Education Code 48918(a))

#### Stipulated Expulsions

It is the policy of the Redlands Unified School District that, where approved by the Superintendent or designee, parents/guardians may agree to the expulsion of their pupil by stipulation without necessity of a hearing. This process will expedite the pupil's school placement and may expedite the rehabilitation process.

A stipulated expulsion must be purely voluntary. No district administrator or staff member may coerce a pupil, parent or guardian into entering into such a stipulation. Parents/guardians will be given three calendar days to decide on a stipulated expulsion agreement.

If the parent/guardian requests a stipulated expulsion, the Superintendent or designee will promulgate the stipulated agreement. If at any time the parent/guardian decides not to pursue a stipulated agreement, the expulsion proceedings and timelines, extended by the length of the period for consideration of the stipulation, will be reinstated. The stipulated agreement will be presented to the Board for final consideration.

The stipulated agreement will include the terms and conditions of the expulsion order, including alternative placement and a rehabilitation plan to be completed before the student can be re-admitted to the district.

#### Final Action by the Board

Whether the expulsion hearing is conducted in closed or public session by the Board, a hearing officer, or an administrative panel, the final action to expel must be taken by the Board at a public meeting. (Education Code 48918(f)) The Board shall maintain a record of each expulsion, including its cause. Expulsion records shall be non-privileged, disclosable public records.

(cf. 9321.1 - Closed Session Actions and Reports)

If the Board conducts the hearing and reaches a decision not to expel, this decision shall be final and the student shall be reinstated immediately.

Upon ordering the expulsion, the Board shall set a date when the student shall be reviewed for readmission to a school within the district. For a student expelled for an act listed under "Mandatory Recommendation and Mandatory Expulsion" above, this date shall be one year from the date the expulsion occurred, except that the Board may set an earlier date on a case-by-case basis. For a student expelled for other acts, this date shall be no later than the last day of the semester following the semester in which the expulsion occurred. (Education Code 48916)

At the time of the expulsion order, the Board shall recommend a plan for the student's rehabilitation, which may include: (Education Code 48916)

1. Periodic review as well as assessment of the student at the time of review for readmission.
2. Recommendations for improved academic performance, tutoring, special education assessments, job training, counseling, employment, community service and other rehabilitative programs.
3. Such other recommendations as the Board approves.

With parental consent, students who have been expelled for reasons relating to controlled substances or alcohol may be required to enroll in a county-sponsored drug rehabilitation program before returning to school. (Education Code 48916.5)

Upon expulsion, a copy of readmission procedures will be made available to the student and his/her parent/guardian.

#### Written Notice to Expel

The Superintendent or designee shall send written notice of the decision to expel to the student or parent/guardian. The notice shall include the following:

1. The specific offense committed by the student for any of the causes for suspension or expulsion listed in Education Code 48900(a)-(o), Education Code 48900.2-48900.4 and Education Code 48915(c). (Education Code 48900.8)
2. The fact that a description of readmission procedures will be made available to the student and his/her parent/guardian. (Education Code 48916)
3. Notice of the right to appeal such expulsion to the County Board of Education. (Education Code 48918)
4. Notice of the alternative educational placement to be provided to the student during the time of expulsion. (Education Code 48918)
5. The notice also shall inform the student or parent/guardian of his/her obligation to inform any new district in which the student seeks to enroll of the student's status with the expelling district, pursuant to Education Code 48915.1. (Education Code 48918)

#### Suspension of Expulsion

The Board, upon voting to expel a student, may suspend the enforcement of the expulsion order for not more than one calendar year. When deciding whether to suspend an expulsion, the Board shall take into account the following criteria:

1. The student's previous behavior.
2. The seriousness of the misconduct.
3. The student's attitude toward the misconduct and his/her willingness to follow a rehabilitation program.

The suspension of the enforcement of an expulsion shall be governed by the following: (Education Code 48917)

1. The Board may, as a condition of the suspension of enforcement, assign the student to a school, class or program appropriate for the student's rehabilitation. This rehabilitation program may provide for the involvement of the student's parent/guardian in the student's education. However, a parent/guardian's refusal to participate in the rehabilitation program shall not be considered in the Board's determination as to whether the student has satisfactorily completed the rehabilitation program.
2. During the period when enforcement of the expulsion order is suspended, the student shall be on probationary status.
3. The suspension of expulsion order may be revoked by the Board if the student commits any of the acts listed under "Grounds for Suspension and Expulsion" above or violates any of the district's rules and regulations governing student conduct.
4. When suspension of expulsion order is revoked, a student may be expelled under the terms of the original expulsion order
5. Upon satisfactory completion of the rehabilitation assignment, the Board shall reinstate the student in a district school. Upon reinstatement, the Board may order the expungement of any or all records of the expulsion proceedings.
6. Suspension of an expulsion order shall not affect the time period and requirements for the filing of an appeal of the expulsion order with the County Board of Education.
7. The Superintendent or designee shall send written notice of any decision to suspend the enforcement of an expulsion order during a period of probation to the student or parent/guardian. The notice shall also inform the parent/guardian of the right to appeal the expulsion to the County Board of Education. (Education Code 48918(i))

#### Right to Appeal

The student or parent/guardian is entitled to file an appeal of the Board's decision to the County Board of Education.

The appeal must be filed within 30 days of the Board's decision to expel, even if the expulsion action is suspended and the student is placed on probation. (Education Code 48919)

#### Post-Expulsion Placements

The Board shall refer expelled students to a program of study that is: (Education Code 48915, 48915.01)

1. Appropriately prepared to accommodate students who exhibit discipline problems.
2. Not provided at a comprehensive middle, junior or senior high school or at any elementary school, unless the program is offered at a community day school established at such a site.
3. Not housed at the school site attended by the student at the time of suspension.

(cf. 6185 - Community Day School)

When the placement described above is not available, and when the County Superintendent of Schools so certifies, students expelled for acts described in items #6 through # 13 and # 17 through # 19 under "Grounds for Suspension and Expulsion" above may be instead referred to a program of study that is provided at another comprehensive middle, junior, or senior high school, or at an elementary school.

The program for a student expelled from any of grades K-6 shall not be combined or merged with programs offered to students in any of grades 7-12. (Education Code 48916.1)

#### Reinstatement

When the Board accepts a recommendation against expulsion or makes its own decision after the hearing not to expel, the decision is final and the student shall be reinstated immediately. The Superintendent or designee shall place the student in any classroom program, other instructional program, rehabilitation program, or any combination of such programs following consultation with district personnel, including the teacher involved, and with the student's parent/guardian. (Education Code 48918(e))

## Readmission

An expulsion order shall remain in effect until the Board may order the readmission of the student.

Readmission procedures shall be as follows:

1. A written request for review of expulsion action and request for readmission shall be submitted by the parent/guardian to the Superintendent or designee.
2. The Superintendent or designee will hold a conference with the parent/guardian and the student.
3. At the conference the conditions for readmission will be reviewed. The Superintendent or designee shall verify that the rehabilitation plan has been met.
4. School regulations will be reviewed and the student and parent/guardian will be asked to indicate in writing their willingness to comply with these regulations.
5. The Superintendent or designee will transmit the request for readmission to the Board, along with his/her recommendation. The Board shall consider the request in closed session if the information would be disclosed in violation of Education Code 49073-49079. If a written request for open session is received from the parent/guardian or adult student, it will be honored.
6. The Superintendent or designee will notify the student or parent/guardian, by registered mail, of the district's decision regarding readmission.
7. The Board may deny readmission only if it finds that the student has not satisfied the conditions of the rehabilitation plan or that the student continues to pose a danger to campus safety or to other district students or employees. (Education Code 48916)
8. If the Board denies the readmission of a student, the Board shall determine either to continue the student's placement in the alternative educational program initially selected or to place the student in another program that serves expelled students, including placement in a county community school. (Education Code 48916)
9. The Board shall provide written notice to the expelled student and parent/guardian describing the reasons for denying readmittance into the regular program. This notice shall indicate the Board's determination of the educational program which the Board has chosen. The student shall enroll in that program unless the parent/guardian chooses to enroll the student in another school district. (Education Code 48916)

## Maintenance of Records

The Board will maintain a record of each expulsion, including the specific cause of the expulsion. The expulsion record shall be maintained in the student's mandatory interim record and sent to any school in which the student subsequently enrolls, within five days of a written request by the admitting school. (Education Code 48900.8, 48918(k))

The Superintendent or designee shall, within five working days, honor any other district's request for information about an expulsion from this district. (Education Code 48915.1)

cf. 5119 - Students Expelled from Other Districts)

(cf. 5125 - Student Records)

## Notifications and Reports

Within one school day after a student's suspension or expulsion, the principal or designee shall notify appropriate city or county law enforcement authorities, by telephone or other appropriate means, of any student acts which may violate Education Code 48900(c) or (d), relating to the possession, use, offering or sale of controlled substances, alcohol, or intoxicants of any kind.

Prior to the suspension or expulsion of any student, the principal or designee shall notify appropriate city or county law enforcement authorities of any student acts of assault which may have violated Penal Code 245. (Education Code 48902)

The principal or designee also shall notify appropriate city or county law enforcement authorities of any student acts which may involve the possession or sale of narcotics or of a controlled substance or possession of weapons or firearms in violation of Penal Code 626.9 and 626.10. (Education Code 48902)

#### Outcome Data

The Superintendent or designee shall maintain the following data and report such data annually to the California Department of Education, using forms supplied by the California Department of Education: (Education Code 48900.8, 48916.1)

1. The number of students recommended for expulsion.
2. The specific grounds for each recommended expulsion.
3. Whether the student was subsequently expelled.
4. Whether the expulsion order was suspended.
5. The type of referral made after the expulsion.
6. The disposition of the student after the end of the expulsion period.

(Education Code 48900(s))

2. Possessed, sold, or otherwise furnished any firearm. Pursuant to Education Code 48900.7, the making of a terrorist threat includes any written or oral statement by a person who willfully threatens to commit a crime which will result in death, great bodily injury to another person or property damage in excess of \$1,000.00, with the specific intent that the statement is to be taken as a threat, even if there is no intent of actually carrying it out.

A student in grades 4 through 12 is also subject to suspension or recommendation for expulsion when it is determined that he/she:

17. Committed sexual harassment as defined in Education Code 212.5. (Education Code 48900.2)

Pursuant to Education Code 48900.2 the conduct constitutes harassment when considered from the perspective of a reasonable person of the same gender as the victim to be sufficiently severe or pervasive as to have a negative impact upon the victim's academic performance or to create an intimidating, hostile or offensive educational environment.

(cf. 5145.7 - Sexual Harassment)

18. Caused, attempted to cause, threatened to cause, or participated in an act of hate violence as defined in Education Code 233. (Education Code 48900.3)

(cf. 5145.9 - Hate-Motivated Behavior)

Such acts include injuring or intimidating another person, interfering with the exercise of a person's civil rights, or damaging a person's property because of the person's race, color, religion, ancestry, national origin, disability, gender or sexual orientation.

19. Intentionally harassed, threatened or intimidated a student or group of students to the extent of having the actual and reasonably expected effect of materially disrupting class work, creating substantial disorder, and invading student rights by creating an intimidating or hostile educational environment. (Education Code 48900.4)

(cf. 5145.3 - Nondiscrimination/Harassment)

A student may be suspended or expelled for any of the acts listed above if the act is related to school activity or school attendance occurring at any district school under the jurisdiction of the Superintendent or principal or within any other school district, including but not limited to the following circumstances: (Education Code 48900)

1. While on school grounds.
2. While going to or coming from school.
3. During the lunch period, whether on or off the school campus.
4. During, going to, or coming from a school-sponsored activity.

The Superintendent or principal may use his/her discretion to provide alternative to suspension or expulsion for a student subject to discipline under this administrative regulation, including, but not limited to, counseling and an anger management program. (Education Code 48900(r))

Alternatives to suspension or expulsion will be used with students who are truant, tardy, or otherwise absent from assigned school activities.

(cf. 5113 - Absences and Excuses)

(cf. 5113.1 - Truancy)

#### Removal from Class by a Teacher/Parental Attendance

A teacher may suspend any student from his/her class for the remainder of the day and the following day for any act listed in "Grounds for Suspension and Expulsion" above. (Education Code 48910)

A teacher also may refer a student to the principal or designee for consideration of suspension from school. (Education Code 48910)

When removing a student from his/her class, the teacher shall immediately report this action to the principal and send the student to the principal for appropriate action. The student shall be appropriately supervised during the class periods from which he/she has been removed.

As soon as possible, the teacher shall ask the student's parent/guardian to attend a parent-teacher conference regarding the removal. A counselor or psychologist should attend the conference if it is practicable, and a school administrator may attend if either the parent/guardian or teacher so requests.

A student removed from class shall not be returned to class during the period of removal without the approval of the teacher of the class and the principal. (Education Code 48910)

A student removed from class shall not be placed in another regular class during the period of removal. However, if a student is assigned to more than one class per day, he/she may be placed in any other regular classes except those held at the same time as the class from which the student was removed. (Education Code 48910)

The teacher of any class from which a student is removed may require the student to complete any assignments and tests missed during the removal. (Education Code 48913)

Pursuant to Board policy, a teacher may provide that the parent/guardian of a student whom the teacher has removed attend a portion of a school day in his/her child's classroom. When a teacher makes this request, the principal shall send the parent/guardian a written notice that the parent/guardian's attendance is requested pursuant to law. (Education Code 48900.1)

This notice shall also:

1. Inform the parent/guardian when his/her presence is expected and by what means he/she may arrange an alternate date.
2. Describe the legal protections afforded to the parent/guardian as an employee under Labor Code 230.7.
3. State that if the parent/guardian does not have a means of transportation to school, he/she may ride the school bus with the student.
4. Ask the parent/guardian to meet with the principal after the visit and before leaving school, as required by Education Code 48900.1.

Suspension by Superintendent, Principal or Principal's Designee

The Superintendent, principal or principal's designee may suspend a student from a school for not more than five consecutive school days unless the suspension is extended pending expulsion. (Education Code 48911)

The Superintendent or designee shall immediately suspend any student found at school or at a school activity to be: (Education Code 48915)

1. Possessing, as verified by a district employee, or selling or otherwise furnishing a firearm, unless the student had obtained prior written permission to possess the item from a certificated school employee, with the principal or designee's concurrence.
2. Brandishing a knife, as defined in Education Code 48915(g), at another person.
3. Unlawfully selling a controlled substance listed in Health and Safety Code 11053-11058.
4. Committing or attempting to commit a sexual assault or committing a sexual battery as defined in item #14 under "Grounds for Suspension and Expulsion".
5. Possession of an explosive as defined in 18 USC 921.

Suspension also may be imposed upon a first offense if the Superintendent, principal or designee determines the student violated items #1-5 listed in "Grounds for Suspension and Expulsion" above or if the student's presence causes a danger to persons or property or threatens to disrupt the instructional process. (Education Code 48900.5)

A student may be suspended from school for not more than 20 school days in any school year, unless for purposes of adjustment a student enrolls in or is transferred to another regular school, an opportunity school, or continuation school or class, in which case suspension shall not exceed 30 days in any school year. However, this restriction on the number of days of suspension does not apply when the suspension is extended pending an expulsion. (Education Code 48903, 48912)

The Superintendent or designee may count suspensions that occur while a student is enrolled in another school district toward the maximum number of days for which a student may be suspended in any school year. (Education Code 48903)

Suspensions shall be initiated according to the following procedures:

1. Informal Conference: Suspension shall be preceded by an informal conference conducted by the principal, designee or the Superintendent with the student and whenever practicable, the teacher, supervisor or school employee who referred the student to the principal. At the conference, the student shall be informed of the reason for the disciplinary action and the evidence against him/her; the student shall be given the opportunity to present his/her version and evidence in support of his/her defense. (Education Code 48911(b))

This conference may be omitted if the principal, designee or the Superintendent determines that an emergency situation exists. An "emergency situation" involves a clear and present danger to the lives, safety or health of students or school personnel. If a student is suspended without this conference, both the parent/guardian and student shall be notified of the student's right to return to school for the purpose of a conference. The conference shall be held within two school days, unless the student waives his/her right to it or is physically unable to attend for any reason. In such case, the conference will be held as soon as the student is physically able to return to school. (Education Code 48911(c))

2. Administrative Actions: All requests for student suspension are to be processed by the principal or designee of the school in which the student is enrolled at the time of the misbehavior. A school employee shall report the suspension, including the name of the student and the cause for the suspension, to the Superintendent or designee.

3. Notice to Parents/Guardians: At the time of the suspension, a school employee shall make a reasonable effort to contact the parent/guardian by telephone or in person. Whenever a student is suspended, the parent/guardian shall be notified in writing of the suspension. (Education Code 48911)

This notice shall state the specific offense committed by the student. (Education Code 48900.8).

In addition, the notice may also state the date and time when the student may return to school. If school officials wish to ask the parent/guardian to confer regarding matters pertinent to the suspension, the notice may add that state law requires the parent/guardian to respond to such requests without delay.

4. Parent/Guardian Conference: Whenever a student is suspended, school officials may meet with the parent/guardian to discuss the causes and duration of the suspension, the school policy involved, and any other pertinent matters. (Education Code 48914)

While the parent/guardian is required to respond without delay to a request for a conference about a student's behavior, no penalties may be imposed on the student for the failure of the parent/guardian to attend such conference. The student may not be denied readmission solely because the parent/guardian failed to attend. (Education Code 48911)

5. Extension of Suspension: If the Board is considering the expulsion of a suspended student from any school or the suspension of a student for the balance of the semester from continuation school, the Superintendent or designee may, in writing, extend the suspension until such time as the Board has made a decision. (Education Code 48911(g))

Any extension of the original period of suspension shall be preceded by notice of such extension with an offer to hold a conference concerning the extension, giving the student an opportunity to be heard. This conference may be held in conjunction with a meeting requested by the student or parent/guardian to challenge the original suspension. Extension of the suspension may be made only if the Superintendent or designee determines, following a meeting in which the student and the student's parent/guardian were invited to participate, that the student's presence at the school or at an alternative school would endanger persons or property or threaten to disrupt the instructional process. (Education Code 48911)

#### Suspension by the Board

The Board may suspend a student for any of the acts listed in "Grounds for Suspension and Expulsion" above and within the limits specified in "Suspension by Superintendent, Principal or Principal's Designee" above. (Education Code 48912)

The Board may suspend a student enrolled in a continuation school or class for a period not longer than the remainder of the semester if any of the acts listed in “Grounds for Suspension and Expulsion” occurred. The suspension shall meet the requirements of Education Code 48915. (Education Code 48912.5)

When the Board is considering a suspension, disciplinary action, or any other action (except expulsion) against any student, it shall hold closed sessions if a public hearing would lead to disclosure of information violating a student’s right privacy under Education Code 49073-49079.

(cf. 9321 - Closed Session Purposes and Agendas)

The Board shall provide the student and his/her parent/guardian with written notice of the closed session by or certified mail. Upon receiving this notice, the student or parent/guardian may request a public meeting, and this request shall be granted if made in writing within 48 hours after receipt of the Board's notice. However, any discussion that conflicts with any other student's right to privacy still shall be held in closed session. (Education Codes 35146, 48912)

#### On-Campus Suspension Program

Students for whom an expulsion action has not been initiated and who pose no imminent danger or threat to the school may be assigned to a separate, supervised suspension classroom for the entire period of suspension. The following conditions shall apply: (Education Code 48911.1)

1. The supervised suspension classroom shall be staffed in accordance with law.
2. The student shall have access to appropriate counseling services.
3. The supervised suspension classroom shall promote completion of schoolwork and tests missed by the student during the suspension.
4. Each student shall be responsible for contacting his/her teacher(s) to receive assignments to be completed in the supervised suspension classroom. The teacher shall provide all assignments and tests that the student will miss while suspended. If no such work is assigned, the person supervising the suspension classroom shall assign schoolwork.

At the time a student is assigned to a supervised suspension classroom, the principal or designee shall notify the student’s parent/guardian in person or by telephone. When the assignment is for longer than one class period, this notification shall be made in writing. (Education Code 48911.1)

#### Authority to Expel

A student may be expelled only by the Board. The Board shall expel, as required by law, any student found to have committed certain offenses listed below under “Mandatory Recommendation and Mandatory Expulsion.”

The Board also may order a student expelled for any of the acts listed under “Grounds for Suspension and Expulsion” upon recommendation by the principal, Superintendent, hearing officer or administrative panel, based on finding either or both of the following: (Education Code 48915 (b) and (e))

1. That other means of correction are not feasible or have repeatedly failed to bring about proper conduct.
2. That due to the nature of the violation, the presence of the student causes a continuing danger to the physical safety of the student or others.

#### Mandatory Recommendation for Expulsion

Unless the principal, Superintendent or designee finds that expulsion is inappropriate due to particular circumstances, the principal, Superintendent or designee shall recommend a student’s expulsion for any of the following acts: (Education Code 48915 (a))

1. Causing serious physical injury to another person, except in self-defense.
2. Possession of any knife as defined in Education Code 48915(g), explosive or other dangerous object of no reasonable use to the student.
3. Unlawful possession of any controlled substance, as listed in the Health and Safety Code 11053-11058, except for the first offense for the possession of not more than one ounce of marijuana, other than concentrated cannabis.
4. Robbery or extortion.
5. Assault or battery, as defined in Penal Code 240 and 242, upon any school employee.

#### Mandatory Recommendation and Mandatory Expulsion

Note: The Attorney General has determined, in 80 Ops.Cal. Atty. Gen. 347 (1997), that a district may not adopt a zero tolerance policy mandating expulsion of a student for a first offense of possession of a controlled substance or alcohol.

The principal, Superintendent or designee shall recommend that the Board expel any student found at school or at a school activity to be: (Education Code 48915(c))

1. Possessing, as verified by a district employee, or selling or otherwise furnishing a firearm, unless the student had obtained prior written permission to possess the item from a certificated school employee, with the principal or designee's concurrence.
2. Brandishing a knife as defined in Education Code 48915(g) at another person.
3. Unlawfully selling a controlled substance listed in Health and Safety Code 11053-11058
4. Committing or attempting to commit a sexual assault or committing a sexual battery as defined in item #14 under "Grounds for Suspension and Expulsion" above.
5. Possessing an explosive as defined in 18 USC 921.

Upon finding that the student committed any of the above acts, the Board shall expel the student. (Education Code 48915)

The initial recommendation for consideration of expulsion is that of the school principal or the Superintendent. Designees may not make this type of recommendation.

The recommendation for consideration of expulsion shall be submitted to the Director, Office of Student Services, who will review the material and recommend:

1. Reassignment to appropriate regular education program.
2. Refer student to Alternative Program; i.e., Community School, Independent Study, Continuation or Opportunity School, or other district programs.
3. Refer the matter to the Discipline Review Panel for further consideration.

When a case is referred to the discipline Review Panel, the panel shall question school personnel who have information on the incident and the behavior record of the student charged and weighs the evidence presented.

The panel shall, in the case of an expulsion consideration, weigh information presented to determine:

- a. Is the evidence sufficient to support consideration by the expulsion panel?
- b. Has the district, through the schools involved, considered or utilized alternatives to expulsion when possible?
- c. Have due process procedures been adhered to?

The recommendation shall be either to proceed with the expulsion or to utilize an existing practical alternative in lieu of expulsion.

If the district (school) has not adhered to due process requirements, the student shall be returned to school immediately.

If the Discipline Review Panel meets to consider a matter other than an expulsion, it shall provide its best judgment as to an effective alternative program or plan to action.

The recommendation of the Discipline Review Panel shall be forwarded to the Director, Office of Student Services, who shall then review the facts, concur, veto or modify the recommendation.

4. That an expulsion panel be convened.

At the time a recommendation for expulsion is submitted, a hearing shall be scheduled by the Superintendent or designee to determine whether the suspension shall be extended. If the decision is to extend the suspension, the period of time shall be until the Board has rendered a decision or until the expulsion process is otherwise terminated.

The extension of suspension shall be based upon determination by the Superintendent or designee that the presence of the student at the school or in an alternative school placement would cause a danger to persons or property or a threat of disrupting the instructional process. This extension shall be imposed only after the student and the parent/guardian have been given the opportunity to be present at a hearing conducted by the Superintendent or designee. At this time, the student and parent/guardian shall be given the opportunity to be heard and present any information that might bear upon the decision.

Materials which support the decision of the person recommending the expulsion shall be prepared and submitted to the Office of Student Services. The departments of Attendance, Guidance, Special Education and/or Health may be requested to assist in the preparation of this material.

#### Student's Right to Expulsion Hearing

The student is entitled to a hearing to determine whether the student should be expelled. The hearing shall be held within 30 school days after the principal or Superintendent or designee determines that one of the acts listed under "Grounds for Suspension and Expulsion" has occurred. (Education Code 48918 (a))

The student is entitled to one postponement of an expulsion hearing for a period of not more than 30 calendar days. The request for postponement shall be in writing. Any subsequent postponement may be granted at the Board's discretion. (Education Code 48918(a))

If the Board finds it impractical during the school year to comply with these time requirements for conducting an expulsion hearing, the Superintendent or designee may, for good cause, extend the time period by an additional five school days. Reasons for the extension shall be included as a part of the record when the expulsion hearing is held. (Education Code 48918(a))

If the Board finds it impractical to comply with the time requirements of the expulsion hearing due to summer recess of Board meetings of more than two weeks, the days during the recess shall not be counted as school days. The days not counted during the recess may not exceed 20 school days as defined in Education Code 48925. Unless the student requests in writing that the expulsion hearing be postponed, the hearing shall be held no later than 20 calendar days prior to the first day of the next school year. (Education Code 48918(a))

Once the hearing starts, all matters shall be pursued with reasonable diligence and concluded without unnecessary delay. (Education Code 48918(a))

#### Waiver of Hearing (Default Proceedings)

If the parent/guardian agrees that their son/daughter behaved essentially in the manner stated in the principals letter recommending expulsion and that such behavior constitutes a violation of the California Education Code, Section 48900, 48900.2, 48900.3, 48900.4, 48900.7 and/or 48915 a suspendable/expellable offense, the parent/guardian may request to waive the Administrative Hearing Panel.

When the parent/guardian agrees to waive the Administrative Hearing Panel, they also waive all notification and timelines related to the expulsion hearing process, along with their rights to appeal the determination of the Board.

The signed affidavit and findings of fact will be submitted to the Board for their approval. The Board has the discretionary power to accept, reject, or modify all recommendations.

#### Rights of Complaining Witness

An expulsion hearing involving allegations of sexual assault or sexual battery may be postponed for one school day in order to accommodate the special physical, mental or emotional needs of a student who is the complaining witness. (Education Code 48918.5)

Whenever the Superintendent or designee recommends an expulsion hearing that addresses allegations of sexual assault or sexual battery, he/she shall give the complaining witness a copy of the district's suspension and expulsion policy and regulation and shall advise the witness of his/her right to all the following: (Education Code 48918.5)

1. Receive five days' notice of his/her scheduled testimony at the hearing.
2. Have up to two adult support persons of his/her choosing present in the hearing at the time he/she testifies.
3. Have a closed hearing during the time he/she testifies.

Whenever any allegation of sexual assault or sexual battery is made, the Superintendent or designee shall immediately advise complaining witnesses and accused students to refrain from personal or telephone contact with each other during the time when an expulsion process is pending. (Education Code 48918.5)

## Written Notice of the Expulsion Hearing (Education Code 48918(b))

Written notice of the hearing shall be forwarded to the student and the student's parent/guardian at least 10 calendar days before the date of the hearing. The notice shall include: (Education Code 48900.8, 48918 (b))

1. The date and place of the hearing.
2. A statement of the specific facts, charges and offense upon which the proposed expulsion is based.
3. A copy of district disciplinary rules which relate to the alleged violation.
4. Notification of the student's or parent/guardian's obligation, pursuant to Education Code 48915.1, to provide information about the student's status in the district to any other district in which the student seeks enrollment. This obligation applies when a student is expelled for acts other than those described in Education Code 48915 (a) or (c).  
(cf. 5119 - Students Expelled from other Districts)

5. The opportunity for the student or the student's parent/guardian to appear in person and/or be represented by legal counsel or by a non-attorney advisor.

Legal counsel means an attorney or lawyer who is admitted to the practice of law in California and is an active member of the State Bar of California.

Non-attorney advisor means an individual who is not an attorney or lawyer, but who is familiar with the facts of the case, and has been selected by the student or student's parent/guardian to provide assistance at the hearing.

6. The right to inspect and obtain copies of all documents to be used at the hearing.
7. The opportunity to confront and question all witnesses who testify at the hearing.
8. The opportunity to question all evidence presented and to present oral and documentary evidence on the student's behalf, including witnesses.

### Conduct of Expulsion Hearing

1. Closed Session: Notwithstanding the provisions of Government Code 54953 and Education Code 35145, the Board shall conduct a hearing to consider the expulsion of the student in a session closed to the public unless the student requests in writing at least five days prior to the hearing that the hearing be a public meeting. If such request is made, the meeting shall be public, unless another student's privacy rights would be violated.

Whether the expulsion hearing is held in closed or public session, the Board may meet in closed session to determine if the student should be expelled. If the Board admits any other person to the closed session, the parent/guardian, the student, and the counsel of the student, shall also be allowed to attend the closed session. (Education Code 48918(c))

If a hearing that involves a charge of sexual assault or sexual battery is to be conducted in public, a complaining witness shall have the right to have his/her testimony heard in closed session when testifying in public would threaten serious psychological harm to the witness and when there are no alternative procedures to avoid the threatened harm, including but not limited to videotaped deposition or contemporaneous examination in another place communicated to the hearing room by closed-circuit television. (Education Code 48918(c))

2. Record of Hearing: A record of the hearing shall be made and may be maintained by any means, including electronic recording, as long as a reasonably accurate written and complete transcription of the proceedings can be made. (Education Code 48918(g))

3. Subpoenas: Before commencing a student expulsion hearing, the Board may issue subpoenas, at the request of either the student or the Superintendent or designee, for the personal appearance at the hearing of any person who actually witnessed the action that gave rise to the recommendation for expulsion. After the hearing has commenced, the Board or the hearing officer or administrative panel may issue such subpoenas at the request of the student or the County Superintendent of Schools or designee. All subpoenas shall be issued in accordance with the Code of Civil Procedure 1985-1985.2 and enforced in accordance with Government Code 11455.20, formerly 11525. (Education Code 48918(i))

Any objection raised by the student or the Superintendent or designee to the issuance of subpoenas may be considered by the Board in closed session, or in open session if so requested by the student, before the meeting. The Board's decision in response to such an objection shall be final and binding. (Education Code 48918(i))

If the Board determines, or if the hearing officer or administrative panel finds and submits to the Board, that a witness would be subject to unreasonable risk of harm by testifying at the hearing, a subpoena shall not be issued to compel the personal attendance of that witness at the hearing. However, that witness may be compelled to testify by means of a sworn declaration as described in item #4 below. (Education Code 48918(i))

4. Presentation of Evidence: While technical rules of evidence do not apply to expulsion hearings, evidence may be admitted and used as proof only if it is the kind of evidence on which reasonable persons can rely in the conduct of serious affairs. The decision of the Board to expel must be supported by substantial evidence that the student committed any of the acts listed in "Grounds for Suspension and Expulsion" above.

Findings of fact shall be based solely on the evidence at the hearing. While no evidence shall be based solely on hearsay, sworn declarations may be admitted as testimony from witnesses whose disclosure of their identity or testimony at the hearing may subject them to an unreasonable risk of physical or psychological harm. (Education Code 48918 (f) and (h))

In cases where a search of a student's person or property has occurred, evidence describing the reasonableness of the search shall be included in the hearing record.

5. Testimony by Complaining Witnesses: The following procedures shall be observed when hearings involve allegations of sexual assault or sexual battery by a student: (Education Code 48918)

- a. Any complaining witness shall be given five days' notice before being called to testify.
- b. Any complaining witness shall be entitled to have up to two adult support persons, including but not limited to a parent/guardian or legal counsel, present during his/her testimony.
- c. Before a complaining witness testifies, support persons shall be admonished that the hearing is confidential.
- d. The person presiding over the hearing may remove a support person whom he/she finds is disrupting the hearing.
- e. If one or both support persons are also witnesses, the hearing shall be conducted according to Penal Code 868.5.
- f. Evidence of specific instances of prior sexual conduct of a complaining witness shall be presumed inadmissible and shall not be heard unless the person conducting the hearing determines that extraordinary circumstances require the evidence to be heard. Before such a determination is made, the complaining witness shall be given notice and an opportunity to oppose the introduction of this evidence. In the hearing on the admissibility of this evidence, the complaining witness shall be entitled to be represented by a parent/guardian, legal counsel or other support person. Reputation or opinion evidence regarding the sexual behavior of a complaining witness shall not be admissible for any purpose.
- g. In order to facilitate a free and accurate statement of the experiences of the complaining witness and to prevent discouragement of complaints, the district shall provide a nonthreatening environment.
  - (1) The district shall provide a room separate from the hearing room for the use of the complaining witness before and during breaks in testimony.
  - (2) At the discretion of the person conducting the hearing, the complaining witness shall be allowed reasonable periods of relief from examination and cross-examination during which he/she may leave the hearing room.
  - (3) The person conducting the hearing may:
    - (a) Arrange the seating within the hearing room so as to facilitate a less intimidating environment for the complaining witness.
    - (b) Limit the time for taking the testimony of a complaining witness to the hours he/she is normally in school, if there is no good cause to take the testimony during other hours.
    - (c) Permit one of the support persons to accompany the complaining witness to the witness stand.

6. Decision Within 10 Days: The Board's decision on whether to expel a student shall be made within 10 school days after the conclusion of the hearing, unless the student requests in writing that the decision be postponed. (Education Code 48918(a))

7. Decision Within 40 Days: If the Board does not meet on a weekly basis, its decision on whether to expel a student shall be made within 40 school days after the student is removed from his/her school of attendance, unless the student requests in writing that the decision be postponed. (Education Code 48918(a))

Alternative Expulsion Hearing: Hearing Officer or Administrative Panel

Instead of conducting an expulsion hearing itself, the Board may contract with the county hearing officer or with the Office of Administrative Hearings of the State of California for a hearing officer. Alternatively, the Board may appoint an impartial administrative panel composed of three or more certificated personnel, none of whom shall be members of the Board or on the staff of the school in which the student is enrolled. (Education Code 48918(d))

A hearing conducted by the hearing officer or administrative panel shall conform to the same procedures as apply to a hearing conducted by the Board as specified in "Conduct of Expulsion Hearing."

The hearing officer or administrative panel shall, within three school days after the hearing, determine whether to recommend expulsion of the student to the Board. If expulsion is not recommended, the student shall be immediately reinstated. (See "Reinstatement.") The Superintendent or designee shall place the student in a classroom instructional program, any other instructional program, a rehabilitation program, or any combination of these programs after consulting with district staff, including the student's teachers, and with the student's parent/guardian. (Education Code 48918(e))

If expulsion is recommended, findings of fact in support of the recommendation shall be prepared and submitted to the Board. All findings of fact and recommendations shall be based solely on the evidence presented at the hearing. The Board may accept the recommendation based either upon a review of the findings of fact and recommendations submitted or upon the results of any supplementary hearing the Board may order. (Education Code 48918(f))

In accordance with Board policy, the hearing officer or administrative panel may recommend that the Board suspend the enforcement of the expulsion for a period of one year. (See "Decision Not to Enforce Expulsion Order" below.)

The Board shall make its decision about the student's expulsion within 40 school days after the date of the student's removal from school unless the student requests in writing that the decision be postponed. (Education Code 48918(a))

#### The Discipline Review Panel

The Discipline Review Panel will consist of elementary educators when a review is being made of an elementary student and of secondary educators when a review is being made of secondary student.

1. The Discipline Review Panel shall hear the following types of disciplinary cases:
  - a. Requests for expulsion from site principals or the Superintendent.
  - b. School site administrative requests for assistance (non-expulsion situations).
2. Each discipline review panel shall consist of three certificated persons plus a chairperson and shall consist of elementary educators when a review is being made of an elementary student and of secondary educators when a review is being made of a secondary student. A panelist may not serve on any panel involving a student who is currently attending the school in which he/she is assigned. A representative from Student Services shall be a nonvoting member of each panel.

A chairperson and assistant chairperson, to serve when the chairperson is unable to serve, shall be appointed by the Superintendent or designee and shall serve at his/her pleasure. Neither shall be a member of the Student Services staff.

A pool of panelists shall be established which shall be composed of personnel who have served or are currently serving as members of administrative expulsion panels. The committee chairman shall select members to serve on individual panels.

The meetings of the discipline review panel are open to school district personnel only.

The duties of the Discipline Review Panel are as follows:

1. The chairperson shall call a meeting of the panel as soon as possible, but no later than 10 school days after the receipt of notice of a pending case.
2. A recommendation must be forwarded to the Director, Office of Student Services, within three days of the review hearing.
3. In the event a member of the committee cannot be present at a meeting, the Director, Office of Student Services, will appoint an alternate from the pool to attend.

#### Final Action by the Board

Whether the expulsion hearing is conducted in closed or public session by the Board, a hearing officer, or an administrative panel, the final action to expel shall be taken by the Board at a public meeting. (Education Code 48918(j))

(cf. 9321.1 - Closed Session Actions and Reports)

If the Board conducts the hearing and reaches a decision not to expel, this decision shall be final and the student shall be reinstated immediately.

Upon ordering an expulsion, the Board shall set a date when the student shall be reviewed for readmission to a school within the district. For a student expelled for an act listed under “Mandatory Recommendation and Mandatory Expulsion” above, this date shall be one year from the date the expulsion occurred, except that the Board may set an earlier date on a case-by-case basis. For a student expelled for other acts, this date shall be no later than the last day of the semester following the semester in which the expulsion occurred. (Education Code 48916)

At the time of the expulsion order, the Board shall recommend a plan for the student’s rehabilitation, which may include: (Education Code 48916)

1. Periodic review as well as assessment of the student at the time of review for readmission.
2. Recommendations for improved academic performance, tutoring, special education assessments, job training, counseling, employment, community service and other rehabilitative programs.

With parental consent, students who have been expelled for reasons relating to controlled substances or alcohol may be required to enroll in a county-sponsored drug rehabilitation program before returning to school. (Education Code 48916.5)

**Written Notice to Expel**

The Superintendent or designee shall send written notice of the decision to expel the student or parent/guardian. This notice shall include the following:

1. The specific offense committed by the student for any of the causes for suspension or expulsion listed in Education Code 48900 (a)-(o), Education Code 48900.2-48900.4, Education Code 48915 (c) and (Education Code 48900.8).
2. The fact that a description of readmission procedures will be made available to the student and his/her parent/guardian. (Education Code 48916)
3. Notice of the right to appeal the expulsion to the County Governing Board. (Education Code 48918)
4. Notice of the alternative educational placements to be provided to the student during the time of expulsion. (Education Code 48918)
5. Notice of the student’s or parent/guardian’s obligation to inform any new district in which the student seeks to enroll of the student’s status with the expelling district, pursuant to Education Code 48915.1 (Education Code 48918).

**Decision Not to Enforce Expulsion Order**

In accordance with Board policy, when deciding whether to suspend the enforcement of an expulsion, the Board shall take into account the following criteria:

1. The student’s pattern of behavior.
2. The seriousness of the misconduct.
3. The student’s attitude toward the misconduct and his/her willingness to follow a rehabilitation program.

The suspension of the enforcement of an expulsion shall be governed by the following: (Education Code 48917)

1. The Board may, as a condition of the suspension of enforcement, assign the student to a school, class or program appropriate for the student’s rehabilitation. This rehabilitation program may provide for the involvement of the student’s parent/guardian in the student’s education. However, a parent/guardian’s refusal to participate in the rehabilitation program shall not be considered in the Board’s determination as to whether the student has satisfactorily completed the rehabilitation program.
2. During the period when enforcement of the expulsion order is suspended, the student shall be on probationary status.
3. The suspension of the enforcement of an expulsion order may be revoked by the Board if the student commits any of the acts listed under “Grounds for Suspension and Expulsion” above or violates any of the district’s rules and regulations governing student conduct.
4. When the suspension of the enforcement of an expulsion order is revoked, a student may be expelled under the terms of the original expulsion order.
5. Upon satisfactory completion of the rehabilitation assignment, the Board shall reinstate the student in a district school. Upon reinstatement, the Board may order the expunging of any or all records of the expulsion proceedings.
6. Suspension of the enforcement of an expulsion order shall not affect the time period and requirements for the filing of an appeal of the expulsion order with County Board of Education.

7. The Superintendent or designee shall send written notice of any decision to suspend the enforcement of an expulsion order during a period of probation to the student or parent/guardian. The notice shall also inform the parent/guardian of the right to appeal the expulsion to the County Board of Education. (Education Code 48918 (j))

#### Right to Appeal

The student or parent/guardian is entitled to file an appeal of the Board's decision to the County Board of Education. The appeal must be filed within 30 days of the Board's decision to expel, even if the expulsion action is suspended and the student is placed on probation. (Education Code 48919)

#### Post-Expulsion Placements

The Board shall refer expelled students to a program of study that is: (Education Code 48915, 48915.01)

1. Appropriately prepared to accommodate students who exhibit discipline problems.
2. Not provided at a comprehensive middle, junior or senior high school or at any elementary school, unless the program is offered at a community day school established at such a site.
3. Not housed at the school site attended by the student at the time of suspension.

(cf. 6185 - Community Day School)

When the placement described above is not available, and when the County Superintendent of Schools so certifies, students expelled for acts described in items #6 through #13 and #17 through #19 under "Grounds for Suspension and Expulsion" may be instead referred to a program of study that is provided at another comprehensive middle, junior, or senior high school, or at an elementary school. (Education Code 48915)

The program for a student expelled from any of grades K-6 shall not be combined or merged with programs offered to students in any of grades 7-12. (Education Code 48916.1)

#### Readmission After Expulsion

Readmission procedures shall be as follows:

1. On the date set by the Board when it ordered the expulsion, the district shall consider readmission of the student. (Education Code 48916)
2. The Superintendent or designee shall hold a conference with the parent/guardian and the student. At the conference the student's rehabilitation plan shall be reviewed and the Superintendent or designee shall verify that the provisions of this plan have been met. School regulations shall be reviewed and the student and parent/guardian shall be asked to indicate in writing their willingness to comply with these regulations.
3. The Superintendent or designee shall transmit to the Board his/her recommendation regarding readmission. The Board shall consider this recommendation in closed session if information would be disclosed in violation of Education Code 49073-49079. If a written request for open session is received from the parent/guardian or adult student, it shall be honored.
4. If the readmission is granted, the Superintendent or designee shall notify the student and parent/guardian, by registered mail, of the Board's decision regarding readmission.
5. The Board may deny readmission only if it finds that the student has not satisfied the conditions of the rehabilitation plan or that the student continues to pose a danger to campus safety or to other district students or employees. (Education Code 48916)
6. If the Board denies the readmission of a student, the Board shall determine either to continue the student's placement in the alternative educational program initially selected or to place the student in another program that serves expelled students, including placement in a county community school. (Education Code 48916)
7. The Board shall provide written notice to the expelled student and parent/guardian describing the reasons for denying readmittance into the regular program. This notice shall indicate the Board's determination of the educational program which the Board has chosen. The student shall enroll in that program unless the parent/guardian chooses to enroll the student in another school district. (Education Code 48916)

#### Maintenance of Records

The Board shall maintain a record of each expulsion, including the specific cause of the expulsion. The expulsion record shall be maintained in the student's mandatory interim record and sent to any school in which the student subsequently enrolls, within five days of a written request by the admitting school. (Education Code 48900.8, 48918(k))

The Superintendent or designee shall, within five working days, honor any other district's request for information about an expulsion from this district. (Education Code 48915.1)

(cf. 5119 - Students Expelled from Other Districts)

(cf. 5125 - Student Records)

#### Notifications to Law Enforcement Authorities

Prior to the suspension or expulsion of any student, the principal or designee shall notify appropriate city or county law enforcement authorities of any student acts of assault which may have violated Penal Code 245. (Education Code 48902)

The principal or designee also shall notify appropriate city or county law enforcement authorities of any student acts which may involve the possession or sale of narcotics or of a controlled substance or possession of weapons or firearms in violation of Penal Code 626.9 and 626.10. (Education Code 48902)

Within one school day after a student's suspension or expulsion, the principal or designee shall notify appropriate city or county law enforcement authorities, by telephone or other appropriate means, of any student acts which may violate Education Code 48900(c) or (d), relating to the possession, use, offering or sale of controlled substances, alcohol, or intoxicants of any kind. (Education Code 48902)

#### Ouome Data

The Superintendent or designee shall maintain the following data and report such data annually to the California Department of Education, using forms supplied by the California Department of Education: (Education Code 48900.8, 48916.1)

1. The number of students recommended for expulsion.
2. The grounds for each recommended expulsion.
3. Whether the student was subsequently expelled.
4. Whether the expulsion order was suspended.
5. The type of referral made after the expulsion.
6. The disposition of the student after the end of the expulsion period.

Regulation: REDLANDS UNIFIED SCHOOL DISTRICT

Approved: June 27, 1995, Redlands, California

#### **(D) Procedures to Notify Teachers of Dangerous Pupils (EC 49079)**

Each year and when new students enroll at eAcademy - any student that was suspended in the last three years will be provided written notice and that they can request to receive more information regarding the suspension. This documented and kept with the student file annually.

**(E) Sexual Harassment Policies (EC 212.6 [b])**

## Policy 4119.11: Sex Discrimination and Sex-Based Harassment

The Governing Board is committed to providing a safe work environment that is free of harassment and intimidation. The Board prohibits sexual harassment against district employees by anyone, in any manner, and prohibits retaliatory action or behavior against any persons who complains, testifies, or otherwise participates in the complaint process established pursuant to this policy and accompanying administrative regulation. This policy shall apply to all district employees, interns, volunteers, contractors, job applicants, and other persons with an employment relationship with the district.

(cf. 0410 - Nondiscrimination in District Programs and Activities) (cf. 4030 - Nondiscrimination in Employment)

Sexual harassment includes, but is not limited to, harassment that is based on the sex, gender, gender identity, gender expression, or sexual orientation of the victim and harassment based on pregnancy, childbirth, or related medical conditions.

The Superintendent or designee shall take all actions necessary to ensure the prevention, investigation, and correction of sexual harassment, including but not limited to:

1. Providing training to all staff in accordance with law and administrative regulation.
2. Publicizing and disseminating the district's sexual harassment policy to staff.
3. Ensuring prompt, thorough, equitable, and fair investigation of complaints
4. Taking timely and appropriate corrective/remedial actions which may require interim separation of the complainant and the alleged harasser and subsequent monitoring of developments.

The Superintendent or designee shall periodically evaluate the effectiveness of the district's strategies to prevent and address harassment. Such evaluation may involve conducting regular anonymous employee surveys to assess whether harassment is occurring or is perceived to be tolerated, partnering with researchers or other agencies with the needed expertise to evaluate the district's prevention strategies, and using any other effective tool for receiving feedback on systems and/or processes. As necessary, changes shall be made to the harassment policy, complaint procedures, or training.

### Sexual Harassment Reports and Complaints

Any district employee who feels that he/she has been sexually harassed in the performance of their district responsibilities or who has knowledge of any incident of sexual harassment by or against another employee shall immediately report the incident to his/her supervisor, the principal, other district administrator, or the district's Title IX Coordinator. However, an employee may bypass his/her supervisor in filing a complaint if the supervisor is the subject of the complaint. A supervisor, principal, or district administrator who receives a harassment complaint shall promptly notify the Title IX Coordinator.

Once notified, the Title IX Coordinator shall ensure the complaint or allegation is addressed through AR 4119.12/4219.12/4319.12 – Title IX Sexual Harassment Complaint Procedures or AR 4030- Nondiscrimination in Employment, as applicable. Because a complaint or allegation that is dismissed or denied under the Title IX complaint procedure may still be subject to consideration under state law, the Title IX Coordinator shall ensure that any implementation of AR 4119.12/4219.12/4319.12 concurrently meets the requirements of AR 4030.

Notwithstanding the above, BP/AR 4119.12/4219.12/4319.12 and 4030 shall under no circumstances be used to resolve complaints brought by, on behalf of, or against students. All complaints brought by, on behalf of, or against students that allege “sexual harassment” as that term is defined in the federal regulations implementing Title IX of the Education Amendments of 1972 (see 34 C.F.R. § 106, et seq.) shall be investigated and resolved under BP/AR 5145.71. All complaints brought by, on behalf of, or against students that do not meet the definition of “sexual harassment” as set forth in the Title IX implementing regulations shall be investigated and resolved under BP/AR 1312.3.

(cf. 4119.12/4219.12/4319.12 - Title IX Sexual Harassment Complaints)

The Title IX Coordinator shall offer supportive measures to the complainant and respondent, as deemed appropriate under the circumstances.

Upon investigation of a sexual harassment complaint, any district employee who engages, or participates in sexual harassment, or who aids, abets, incites, compels, or coerces another to commit sexual harassment in violation of this policy is subject to disciplinary action, up to and including dismissal, in accordance with law and the applicable collective bargaining agreement.

(cf. 4117.7/4317.7 - Employment Status Reports) (cf. 4118 - Dismissal/Suspension/Disciplinary Action) (cf. 4218 -

Dismissal/Suspension/Disciplinary Action)

#### Regulation 4119.12: Title IX Sex Discrimination and Sex-Based Harassment Complaint Procedures

The complaint procedures described in this administrative regulation shall be used to address any complaint governed by Title IX of the Education Amendments of 1972 alleging that a district employee, while in an education program or activity in which a district school exercises substantial control over the context and respondent, was subjected to one or more of the following forms of sexual harassment: (34 CFR 106.30, 106.44)

1. A district employee conditioning the provision of a district aid, benefit, or service on a person's participation in unwelcome sexual conduct
2. Unwelcome conduct determined by a reasonable person to be so severe, pervasive, and objectively offensive that it effectively denies a person equal access to the district's education program or activity
3. Sexual assault, dating violence, domestic violence, or stalking as defined in 20 USC 1092 or 34 USC 12291 (cf. 4119.11/4219.11/4319.11 - Sexual Harassment)

All other sexual harassment complaints or allegations shall be investigated and resolved in accordance with AR 4030

- Nondiscrimination in Employment. The determination of whether the allegations meet the definition of sexual harassment under Title IX shall be made by the district's Title IX Coordinator.

(cf. 4030 - Nondiscrimination in Employment)

Because the complainant has a right to pursue a complaint under AR 4030 for any allegation that is dismissed or denied under the Title IX complaint procedure, the Title IX Coordinator shall ensure that all requirements and timelines for AR 4030 are concurrently met while implementing the Title IX procedure.

#### Reporting Allegations/Filing a Formal Complaint

An employee who is the alleged victim of sexual harassment may submit a report of sexual harassment to the district's Title IX Coordinator using the contact information listed in AR 4119.11/4219.11/4319.11 - Sexual Harassment or to the employee's direct supervisor or other district administrator, who shall forward the report to the Title IX Coordinator within one day of receiving the report. Upon receiving such a report, the Title IX Coordinator shall inform the complainant of the right to file a formal complaint and the process for filing a formal complaint.

A formal complaint, with the complainant's physical or digital signature, may be filed with the Title IX Coordinator in person, by mail, by email, or by any other method authorized by the district. (34 CFR 106.30)

Even if the alleged victim chooses not to file a formal complaint, the Title IX Coordinator shall file a formal complaint in situations when a safety threat exists. In addition, the Title IX Coordinator may file a formal complaint in other situations as permitted under the Title IX regulations, including as part of the district's obligation to not be deliberately indifferent to known allegations of sexual harassment. In such cases, the Title IX Coordinator shall provide the alleged victim notices as required by the Title IX regulations at specific points in the complaint process.

The Title IX Coordinator, investigator, decision-maker, or a facilitator of an informal resolution process shall not have a conflict of interest or bias for or against complainants or respondents generally or an individual complainant or respondent. Such persons shall receive training in accordance with 34 CFR 106.45. (34 CFR 106.45)

#### Supportive Measures

Upon receipt of a report of Title IX sexual harassment, the Title IX Coordinator shall promptly contact the complainant to discuss the availability of supportive measures and shall consider the complainant's wishes with respect to the supportive measures implemented. Supportive measures shall be offered as appropriate, as reasonably available, and without charge to the complainant or the respondent before or after the filing of a formal complaint or where no formal complaint has been filed. Such measures shall be nondisciplinary, nonpunitive, and not unreasonably burden the other party, including measures designed to protect the safety of all parties or the district's educational environment or to deter sexual harassment. Supportive measures may include, but are not limited to, counseling, extensions of deadlines, modifications of work schedules, mutual restrictions on contact, changes in work locations, leaves of absence, increased security, and monitoring of certain areas of the campus. (34 CFR 106.30, 106.44)

The district shall maintain as confidential any supportive measures provided to the complainant or respondent, to the extent that maintaining such confidentiality would not impair the district's ability to provide the supportive measures. (34 CFR 106.30)

#### Emergency Removal

If a district employee is the respondent, the employee may be placed on administrative leave during the pendency of the formal complaint process. (34 CFR 106.44)

If the respondent is a student, the district may, on an emergency basis, remove the student from the district's education program or activity, provided that the district conducts an individualized safety and risk analysis, determines that removal is justified due to an immediate threat to the physical health or safety of any student or other individual arising from the allegations, and provides the student with notice and an opportunity to challenge the decision immediately following the removal. This authority to remove a student does not modify a student's rights under the Individuals with Disabilities Education Act or Section 504 of the Rehabilitation Act of 1973. (34 CFR 106.44)

#### Dismissal of Complaint

The Title IX Coordinator shall dismiss a formal complaint if the alleged conduct would not constitute sexual harassment as defined in

34 CFR 106.30 even if proved. The Title IX Coordinator shall also dismiss any complaint in which the alleged conduct did not occur in the district's education program or activity or did not occur against a person in the United States, and may dismiss a formal complaint if the complainant notifies the district in writing that the complainant would like to withdraw the complaint or any allegations in the complaint, the respondent is no longer employed by the district, or sufficient circumstances prevent the district from gathering evidence sufficient to reach a determination with regard to the complaint. (34 CFR 106.45)

Upon dismissal, the Title IX Coordinator shall promptly send written notice of the dismissal and the reasons for the dismissal simultaneously to the parties and shall inform them of their right to appeal the dismissal of a formal complaint or any allegation in the complaint in accordance with the appeal procedures described in the section "Appeals" below. (34 CFR 106.45)

If a complaint is dismissed, the conduct may still be addressed pursuant to AR 4030 - Nondiscrimination in Employment as applicable.

#### Informal Resolution Process

When a formal complaint of sexual harassment is filed, the district may offer an informal resolution process, such as mediation, at any time prior to reaching a determination regarding responsibility. The district shall not require a party to participate in the informal resolution process or to waive the right to an investigation and adjudication of a formal complaint. (34 CFR 106.45)

The district may facilitate an informal resolution process provided that the district: (34 CFR 106.45)

1. Provides the parties with written notice disclosing the allegations, the requirements of the informal resolution process, the right to withdraw from the informal process and resume the formal complaint process, and any consequences resulting from participating in the informal resolution process, including that records will be maintained or could be shared.
2. Obtains the parties' voluntary, written consent to the informal resolution process

#### Written Notice

If a formal complaint is filed, the Title IX Coordinator shall provide the known parties with written notice of the following: (34 CFR 106.45)

1. The district's complaint process, including any informal resolution process
2. The allegations potentially constituting sexual harassment with sufficient details known at the time, including the identity of parties involved in the incident if known, the conduct allegedly constituting sexual harassment, and the date and location of the alleged incident if known. Such notice shall be provided with sufficient time for the parties to prepare a response before any initial interview. If, during the course of the investigation, new Title IX allegations arise about the complainant or respondent that are not included in the initial notice, the Title IX Coordinator shall provide notice of the additional allegations to the parties.
3. A statement that the respondent is presumed not responsible for the alleged conduct and that a determination regarding responsibility is made at the conclusion of the complaint process
4. The opportunity for the parties to have an advisor of their choice who may be, but is not required to be, an attorney, and the ability to inspect and review evidence
5. The prohibition against knowingly making false statements or knowingly submitting false information during the complaint process

The above notice shall also include the name of the investigator, facilitator of an informal process, and decision-maker and shall inform the parties that, if at any time a party has concerns regarding conflict of interest or bias regarding any of these persons, the party should immediately notify the Title IX Coordinator.

#### Investigation Procedures

During the investigation process, the district's designated investigator shall: (34 CFR 106.45)

1. Provide an equal opportunity for the parties to present witnesses, including fact and expert witnesses, and other inculpatory and

exculpatory evidence

2. Not restrict the ability of either party to discuss the allegations under investigation or to gather and present relevant evidence
3. Provide the parties with the same opportunities to have others present during any grievance proceeding, including the opportunity to be accompanied to any related meeting or proceeding by the advisor of their choice, who may be, but is not required to be, an attorney
4. Not limit the choice or presence of an advisor for either the complainant or respondent in any meeting or grievance proceeding, although the district may establish restrictions regarding the extent to which the advisor may participate in the proceedings as long as the restrictions apply equally to both parties
5. Provide, to a party whose participation is invited or expected, written notice of the date, time, location, participants, and purpose of all investigative interviews or other meetings, with sufficient time for the party to prepare to participate
6. Send in an electronic format or hard copy to both parties and their advisors, if any, the evidence obtained as part of the investigation that is directly related to the allegations raised in the complaint, and provide the parties at least 10 days to submit a written response for the investigator to consider prior to the completion of the investigative report
7. Objectively evaluate all relevant evidence, including both inculpatory and exculpatory evidence, and determine credibility in a manner that is not based on a person's status as a complainant, respondent, or witness
8. Create an investigative report that fairly summarizes relevant evidence and, at least 10 days prior to the determination of responsibility, send to the parties and their advisors, if any, the investigative report in an electronic format or a hard copy, for their review and written response

Questions and evidence about the complainant's sexual predisposition or prior sexual behavior are not relevant, unless such questions and evidence are offered to prove that someone other than the respondent committed the conduct alleged by the complainant or if the questions and evidence concern specific incidents of the complainant's prior sexual behavior with respect to the respondent and are offered to prove consent. (34 CFR 106.45)

Privacy rights of all parties to the complaint shall be maintained in accordance with applicable state and federal laws.

If the complaint is against an employee, rights conferred under an applicable collective bargaining agreement shall be applied to the extent they do not conflict with the Title IX requirements.

#### Written Decision

The Superintendent shall designate an employee as the decision-maker to determine responsibility for the alleged conduct, who shall not be the Title IX Coordinator or a person involved in the investigation of the matter. (34 CFR 106.45)

After the investigative report has been sent to the parties but before reaching a determination regarding responsibility, the decision-maker shall afford each party the opportunity to submit written, relevant questions that the party wants asked of any party or witness, provide each party with the answers, and allow for additional, limited follow-up questions from each party.

The decision-maker shall issue, and simultaneously provide to both parties, a written decision as to whether the respondent is responsible for the alleged conduct. (34 CFR 106.45)

The written decision shall be issued within 60 calendar days of the receipt of the complaint.

The timeline may be temporarily extended for good cause with written notice to the complainant and respondent of the extension and the reasons for the action. (34 CFR 106.45)

In making this determination, the decision-maker shall use the "preponderance of the evidence" standard for all formal complaints of sexual harassment. (34 CFR 106.45)

The written decision shall include the following: (34 CFR 106.45)

1. Identification of the allegations potentially constituting sexual harassment as defined in 34 CFR 106.30

2. A description of the procedural steps taken from receipt of the formal complaint through the written decision, including any notifications to the parties, interviews with parties and witnesses, site visits, methods used to gather other evidence, and hearings held if the district includes hearings as part of the grievance process
3. Findings of fact supporting the determination
4. Conclusions regarding the application of the district's code of conduct or policies to the facts
5. A statement of, and rationale for, the result as to each allegation, including a decision regarding responsibility, any disciplinary sanctions the district imposes on the respondent, and whether remedies designed to restore or preserve equal access to the district's educational program or activity will be provided by the district to the complainant
6. The district's procedures and permissible bases for the complainant and respondent to appeal

## Appeals

Either party may appeal the district's decision or dismissal of a formal complaint or any allegation in the complaint, if the party believes that a procedural irregularity affected the outcome, new evidence is available that could affect the outcome, or a conflict of interest or bias by the Title IX Coordinator, investigator(s), or decision-maker(s) affected the outcome. If an appeal is filed, the district shall: (34 CFR 106.45)

1. Notify the other party in writing when an appeal is filed and implement appeal procedures equally for both parties
2. Ensure that the decision-maker(s) for the appeal is trained in accordance with 34 CFR 106.45 and is not the same decision-maker(s) who reached the determination regarding responsibility or dismissal, the investigator(s), or the Title IX Coordinator
3. Give both parties a reasonable, equal opportunity to submit a written statement in support of, or challenging, the outcome
4. Issue a written decision describing the result of the appeal and the rationale for the result
5. Provide the written decision simultaneously to both parties

An appeal must be filed in writing within 10 calendar days of receiving the notice of the decision or dismissal, stating the grounds for the appeal and including any relevant documentation in support of the appeal. Appeals submitted after this deadline are not timely and shall not be considered.

A written decision shall be provided to the parties within 20 calendar days from the receipt of the appeal.

Either party has the right to file a complaint with the U.S. Department of Education's Office for Civil Rights within 180 days of the date of the most recently alleged misconduct.

The complainant shall be advised of any civil law remedies, including, but not limited to, injunctions, restraining orders, or other remedies or orders that may be available under state or federal antidiscrimination laws, if applicable.

## Remedies

When a determination of responsibility for sexual harassment has been made against the respondent, the district shall provide remedies to the complainant. Such remedies may include the same individualized services described above in the section "Supportive Measures," but need not be nondisciplinary or nonpunitive and need not avoid burdening the respondent. (34 CFR 106.45)

## Disciplinary Actions

2. A record of any actions, including supportive measures, taken in response to a report or formal complaint of sexual harassment, including the district's basis for its conclusion that its response was not deliberately indifferent, the measures taken that were designed to restore or preserve equal access to the education program or activity, and, if no supportive measures were provided to the complainant, the reasons that such a response was not unreasonable in light of the known circumstances.
3. All materials used to train the Title IX Coordinator, investigator(s), decision-maker(s), and any person who facilitates an informal resolution process. #### **(F) School-wide Dress Code Relating to Gang-Related Apparel (EC 35183)**

Policy 5132.16: Student Dress Guidelines

The Governing Board believes that appropriate dress and grooming contribute to a productive learning environment. The Board expects students to give proper attention to personal cleanliness and to wear clothes that are suitable for the school activities in which they participate. Students' clothing must not present a health or safety hazard or a distraction which would interfere with the educational process.

Students and parents/guardians shall be informed about dress and grooming standards at the beginning of the school year and whenever these standards are revised. A student who violates these standards shall be subject to appropriate disciplinary action.

##### **Gang-Related Apparel**

The principal, staff and parents/guardians at a school may establish a reasonable dress code that prohibits students from wearing gang-related apparel when there is evidence of a gang presence that disrupts or threatens to disrupt the school's activities. Such a dress code may be included as part of the school safety plan and must be presented to the Board for approval. The Board shall approve the plan upon determining that it is necessary to protect the health and safety of the school's students.

##### **Uniforms**

The Board recognizes that, in order to promote student safety and discourage peer rivalry and/or gang activity, the principal, staff and parent/guardian at a school site may wish to establish a reasonable dress code, which may include voluntary school uniforms.

Dress codes, which include voluntary school uniforms, may be included as part of the school safety plan submitted as required.

The Superintendent or designee shall establish procedures that schools, parents and guardians will follow if they decide to participate with the voluntary school uniform policy. Students shall not be penalized academically, otherwise discriminated against or denied attendance to school if their parents/guardian decide not to participate.

The Governing Board feels that there is nothing inherently wrong with dress or color of dress, but when student's dress serves to intimidate or impede the rights of other students it will be determined that dress is in violation of this policy. A student may not remain at school dressed in a manner which (1) creates a safety hazard for said student or for other students at school, and/or (2) when the dress constitutes a serious and unnecessary distraction to the learning process or tends to disrupt campus order

When the site administrator/designee determines that a student's attire is in violation of this policy, the student will be required to modify his/her clothing and/or apparel in such a manner that it no longer violates this policy. If necessary, the student may be taken or sent home with parental permission to modify unacceptable dress and return to school. Refusal to take steps as described in this policy shall be cause for disciplinary action against the student. Any such disciplinary action shall be handled pursuant to existing student disciplinary policy

Parents/guardians have primary responsibility to see that students are properly attired for school. School district personnel have the responsibility for maintaining proper and appropriate conditions conducive to learning. Hence, the following guidelines will be implemented in all district schools.

1. Shoes will be worn at all times. A substantial sole is required and enclosed toe and heel footwear are highly encouraged.
2. Extremely brief garments that are distracting to the educational environment are not appropriate. Clothing shall be sufficient to conceal undergarments at all times.
3. Clothing or accessories shall be free of writing, pictures or any other insignia which are crude, violent, obscene or sexually suggestive or which advocate racial, ethnic or religious prejudice or the use of tobacco, drugs or alcohol.
4. Earrings, jewelry, or accessories which present a safety hazard to the wearer or others are not suitable for school wear.
5. Only prescription sunglasses may be worn in class. Other types of sunglasses may be worn on campus outside of class.
6. Identified gang attire such as bandannas, haircuts or hair rollers, or any gang paraphernalia are prohibited.

Students are allowed to wear sun protective clothing, including hats, while outdoors during the school day. Each school site will develop a policy indicating the type of sun protective hats that are permitted.

No grade of a student participating in a physical education class shall be adversely affected if the student does not wear standardized physical education apparel because of circumstances beyond the student's control. (Education Code 49066) All clothing worn during physical education shall meet reasonable safety standards.

The purpose of adopting these Student Dress Guidelines is not to infringe on any individual student's rights to freedom of expression, but rather to encourage students to dress appropriately and come to school properly prepared for participating in the educational process.

#### Gang-Related Apparel

Because gang-related symbols are constantly changing, definitions of gang-related apparel shall be reviewed as needed and updated as necessary.

#### Uniforms

In schools where a majority of parents respond and indicate on a survey that they desire to establish a voluntary school-wide uniform dress code, the principal, staff and the parents/guardians of the individual school site shall:

1. Jointly select the specific uniform to be worn. (Education Code 35183)
2. Describe the uniform parts and identify local vendors who sell those pieces of clothing. A description of the implementation of the voluntary uniform dress code will be submitted to the superintendent's designee including:
  - a. The process for parent notification
  - b. Positive procedures that will be used to encourage students to participate with the voluntary uniform dress code
3. A description of the uniform and a list of costs for each competitively priced item of clothing as provided by a variety of vendors will be sent to parents.
4. Parents will be notified that this is a voluntary uniform dress code and that students not participating shall not be penalized academically, otherwise discriminated against or denied attendance to school if their parents/guardians so decide.

#### Parent Notification

The principal shall give parents/guardian at least six months notice before a school site implements a voluntary school uniform dress code. (Education Code 35183)

(I) School Discipline Rules and Consequences (EC 35291 and EC 35291.5)

Redlands eAcademy Student Conduct Code

Procedures to Ensure a Safe and Orderly Environment

Rules and Procedures on School Discipline

Philosophy of Discipline

- Behavior expectations and the consequences for not meeting expectations must be clearly communicated to all students and their parents (in writing as well as verbally).
- The severity of consequences for violating behavior expectations increases with each incident of inappropriate behavior.
- The consequences for violating behavior expectations should be severe enough to discourage students from making poor behavior decisions.
- Expectations and consequences should permit students an opportunity to eliminate inappropriate behavior.

Additionally, the school staff recognizes that the middle school years are a transition time from adolescence to young adulthood. As a part of this transition, the student is given greater opportunities to be responsible and demonstrate independence and good judgment. The structure of our behavior expectations (in the classroom as well as school wide) is meant to encourage students to be responsible. The first step in many instances of inappropriate behavior (those considered to be "minor") is a simple warning ("Your behavior is unacceptable. Please stop such behavior"). It is only when a student ignores such warnings and continues to choose to act irresponsibly (like a child rather than an emerging adult) that we involve parents and implement consequences.

#### Elements of a Good Discipline Program

1. The program is focused upon making the entire campus, especially the classroom, a safe, supportive and orderly environment for learning for students and staff.
2. Classroom authority is retained by the classroom teacher. (Administration's role is to support, not to replace.)
3. Rules and procedures are clearly understood by staff and students.
4. All staff members will acknowledge and take appropriate action on any minor or major infraction of the school rules.
5. Rules and procedures comply with State Law and District policies.
6. The program recognizes the responsibilities and the rights of students and staff.
7. Program is structured to keep students in class and engaged in the educational process.
8. Rules are enforced:
  - A. by all staff members at all times.
  - B. strictly, but not rigidly (beware of "automatics").
  - C. in substantial part by adult modeling.
  - D. using techniques that promote the growth of positive self-esteem.
  - E. as close to the source as is possible.
  - F. by keeping parents informed.
9. The discipline program is understood, endorsed, and supported by staff, parents, and students.

#### PRINCIPAL'S STATEMENT TO EDMS STAFF

##### Expectations in Developing & Maintaining Discipline

As Principal of our school, I will expect;

Each teacher to have a defined system of classroom management. A written description of this system, including representative examples of the progressive interventions you intend to employ, will be approved and filed by me. Whenever possible and appropriate, teachers are encouraged to use standards and systems that are consistent with other village/department members.

You can expect

Each administrator to assist and support you in every reasonable way in developing, implementing, and refining that system as needed.

I will expect

That when you refer a student for discipline:

1. The student has been made fully aware of classroom and school rules and knows what rules he/she has violated.
2. Teachers within a village will discuss any continuing behavior problems and schedule a team conference with the student and parents when appropriate.
3. That information will be provided on the referral regarding previous actions you have taken regarding this specific issue.
4. You have exhausted the interventions at your disposal (i.e., you have done everything you can do) and you have followed the guidelines established by the administration and staff on what constitutes an appropriate behavior referral.
5. The behavior was so serious or so blatant as to make immediate removal from the classroom necessary.
6. The written referral will be explicit in stating the offense(s).
7. You will send the student out of class with a referral only if his/her continued presence in the class would disrupt or prevent teaching and/or learning.
8. If necessary, the referral will be delivered to the office at a time convenient to the staff member so that the issue may be handled most efficiently, causing a minimum of lost class time.

You can expect

1. Each administrator to support your position in every reasonable way.
2. A response time on your referral of one, or at most, two days.

3. The availability of an administrator to discuss unresolved referrals after school on any given day.
4. That the administrator will exercise independent judgment regarding disposition of referrals.

I will expect

1. That each teacher will go to the doorway of his/her classroom after each class period as often as possible and assume control of student behavior in the corridor.
2. That each staff member will hold students accountable for their behavior on the school grounds at all times.

You can expect

1. Administrator support, investigation, and follow-through as indicated.
2. A response to referrals from incidents outside the classroom to be the same as to those within.

Jeffrey Im  
Principal

#### WHAT TO DO WHEN PROBLEMS APPEAR

Both behavioral and academic problems are present in some of our students. Teachers often ask for guidelines for dealing with these problems. Here they are:

1. Talk to the administrator assigned to your grade level.
2. Call parents at first sign of concern. Inform the parents of your observations, ask for their ideas, assistance, and support in serving the student. Keep a log of your calls.
3. If possible, talk privately to the student about your concerns.
4. Behavior concerns—look through students' CUM file. Any official suspensions will be in file, also look for teacher comments on report cards. Look for patterns of behavior. We use In-House Suspension whenever possible, as it is preferable to having students at home unattended—and it saves the district money. Serious infractions (fighting, threats, etc.) do result in official suspension. Unresponsive students can be moved to other schools or expelled.
5. Referrals—please remember if you write a student referral, you are required to call the parents. You are writing the referral and can answer the parents' questions firsthand. Administrators will also call parents, but we can only give secondhand information on the incident.
6. Academic Concerns—again, look through student CUM. This will contain test scores, report cards, and a student history. You may want to ask the grade level administrator to schedule a Student Study Team (SST). This will involve a meeting with the student, parents, administrators, students' teachers, and perhaps the psychologist

### Policy 5145.3: Nondiscrimination/Harassment

The Governing Board desires to provide a safe school environment that allows all students equal access to and opportunities in the district's academic, extracurricular, and other educational support programs, services, and activities. The Board prohibits unlawful discrimination in any education program or activity, at or on the way to and from any district school or school activity, related to school activity or school attendance occurring within a district school, and which occurs off campus or outside of school-related or school-sponsored activities, but which may have an impact or create a hostile environment at school. Unlawful discrimination includes discriminatory harassment, intimidation, and bullying targeted at any student, by anyone, based on the student's actual or perceived race, color, ancestry, nationality, national origin, immigration status, ethnic group identification, ethnicity, age, religion, marital or parental status, pregnancy, physical or mental disability, medical condition, sex, sexual orientation, gender, gender identity, gender expression or genetic information; or association with a person or group with one or more of these actual or perceived characteristics.

Title IX of the Education Amendments of 1972 is a source of the obligation not to discriminate on the basis of sex, including gender, pregnancy and related conditions, sex stereotypes, gender identity, transgender status, sexual orientation, and parental status. Complaints alleging unlawful discrimination on the basis of race, color, national origin, sex, age, or disability or for retaliation for the purpose of interfering with any right or privilege protected by the laws enforced by the Office for Civil Rights can be filed directly with the Assistant Secretary for the Office for Civil Rights at OCR@ed.gov or <https://ocrcas.ed.gov>.

(cf. 5146 - Married/Pregnant/Parenting Students)  
(cf. 6164.6 - Identification and Education Under Section 504)

This policy shall apply to all acts constituting unlawful discrimination or harassment related to school activity or to school attendance occurring within a district school, and to acts which occur off campus or outside of school-related or school-sponsored activities, but which may have an impact or create a hostile environment at school.

Unlawful discrimination, including discriminatory harassment, intimidation, or bullying, may result from physical, verbal, nonverbal, or written conduct based on one of the categories listed above. Unlawful discrimination also occurs when prohibited conduct is so severe, persistent, or pervasive that it affects a student's ability to participate in or benefit from an educational program or activity; creates an intimidating, threatening, hostile, or offensive educational environment; has the effect or purpose of substantially or unreasonably interfering with a student's academic performance; or otherwise adversely or negatively affects a student's educational opportunities, or academic performance.

Unlawful discrimination also includes disparate treatment of students based on one of the categories above with respect to the provision of opportunities to participate in school programs or activities or the provision or receipt of educational benefits or services.

The Board also prohibits any form of retaliation against any individual who reports or participates in the reporting of unlawful discrimination, files or participates in the filing of a complaint, or investigates or participates in the investigation of a complaint or report alleging unlawful discrimination. Retaliation complaints shall be investigated and resolved in the same manner as a discrimination complaint.

The Superintendent or designee shall facilitate students' access to the educational program by publicizing the district's nondiscrimination policy and related complaint procedures to students, parents/guardians, and employees. In addition, the Superintendent or designee shall post the district's policies prohibiting discrimination, harassment, intimidation, and bullying and other required information on the district's web site in a manner that is easily accessible to parents/guardians and students, in accordance with law and the accompanying administrative regulation.

The Superintendent or designee shall provide training and/or information on the scope and use of the policy and complaint procedures and take other measures designed to increase the school community's understanding of the requirements of law related to discrimination. The Superintendent or designee shall regularly review the implementation of the district's nondiscrimination policies and practices and, as necessary, shall take action to remove any identified barrier to student access to or participation in the district's educational program. The Superintendent or designee shall report the findings and recommendations to the Board after each review.

(cf. 6164.2 - Guidance/Counseling Services)

Regardless of whether a complainant complies with the writing, timeline, and/or other formal filing requirements, all complaints alleging unlawful discrimination, including discriminatory harassment, intimidation, or bullying, shall be investigated and prompt action taken to stop the discrimination, prevent recurrence, and address any continuing effect on students.

Students who engage in unlawful discrimination, including discriminatory harassment, intimidation, bullying, or retaliation, in violation of law, Board policy, or administrative regulation, shall be subject to appropriate consequence or discipline, which may include suspension or expulsion when the behavior is severe or pervasive as defined in Education Code 48900.4. School personnel shall take immediate steps to intervene, when safe to do so, whenever site personnel witness an act of discrimination, harassment, intimidation, or bullying. #### Process for Initiating and Responding to Complaints

Any student who feels that he/she has been subjected to unlawful discrimination described above or in district policy is strongly encouraged to immediately contact the Assistant Superintendent of Compliance, the principal, or any other staff member. In addition, any student who observes any such incident is strongly encouraged to report the incident to the Assistant Superintendent of Compliance or principal, whether or not the alleged victim files a complaint.

Any school employee who observes an incident of unlawful discrimination, including discriminatory harassment, intimidation, retaliation, or bullying, or to whom such an incident is reported, shall report the incident to the Assistant Superintendent of Compliance and the principal, within one school day, whether or not the alleged victim files a complaint.

Any school employee who witnesses an incident of unlawful discrimination, including discriminatory harassment, intimidation, retaliation, or bullying, shall immediately intervene to stop the incident when it is safe to do so. (Education Code 234.1)

When a report of unlawful discrimination, including discriminatory harassment, intimidation, retaliation, or bullying, is made to or received by the principal or Assistant Superintendent of Compliance, the principal or Assistant Superintendent of Compliance shall notify the student or parent/guardian of the right to file a formal complaint in accordance with AR 1312.3 - Uniform Complaint Procedures, or, for complaints of sexual harassment that meet the federal Title IX definition, AR 5145.71 - Title IX Sexual Harassment Complaint Procedures. Once notified verbally or in writing, the Assistant Superintendent of Compliance shall begin the investigation and shall implement immediate measures necessary to stop the discrimination and ensure that all students have access to the educational program and a safe school environment. Any interim measures adopted to address unlawful discrimination shall, to the extent possible, not disadvantage the complainant or a student who is the victim of the alleged unlawful discrimination.

Any report or complaint alleging unlawful discrimination by the principal, Assistant Superintendent of Compliance, or any other person to whom a report would ordinarily be made or complaint filed shall instead be made to or filed with

the Superintendent or designee who shall determine how the complaint will be investigated.

(cf. 5141.4 - Child Abuse Prevention and Reporting) Transgender and Gender-Nonconforming Students

Gender identity of a student means the student's gender-related identity, appearance, or behavior, as determined from the student's internal sense whether or not that gender-related identity, appearance, or behavior is different from that traditionally associated with the student's physiology or assigned sex at birth.

Gender expression means a student's gender-related appearance and behavior, whether or not stereotypically associated with the student's assigned sex at birth. (Education Code 210.7)

Gender transition refers to the process in which a student changes from living and identifying as the sex assigned to the student at birth to living and identifying as the sex that corresponds to the student's gender identity.

Transgender student means a student whose gender identity is different from the gender assigned at birth.

Gender-nonconforming student means a student whose gender expression differs from stereotypical expectations.

The district prohibits acts of verbal, nonverbal, or physical aggression, intimidation, or hostility that are based on sex, gender identity, or gender expression, or that have the purpose or effect of producing a negative impact on the student's academic performance or of creating an intimidating, hostile, or offensive educational environment regardless of whether the acts are sexual in nature. Examples of the types of conduct which are prohibited in the district and which may constitute gender-based harassment include, but are not limited to:

1. Refusing to address a student by a name and the pronouns consistent with the student's gender identity

2. Disciplining or disparaging a student or excluding the student from participating in activities for behavior or appearance that is consistent with the student's gender identity or that does not conform to stereotypical notions of masculinity or femininity, as applicable
3. Blocking a student's entry to the restroom that corresponds to the student's gender identity
4. Taunting a student because the student participates in an athletic activity more typically favored by a student of the other sex
5. Revealing a student's transgender status to individuals who do not have a legitimate need for the information, without the student's consent or when doing so would place the student at risk of physical, emotional, or psychological harm
6. Using gender-specific slurs
7. Physically assaulting a student motivated by hostility toward the student because of the student's gender, gender identity, or gender expression

The district's uniform complaint procedures (AR 1312.3), or Title IX sexual harassment procedures (AR 5145.71), as applicable, shall be used to report and resolve complaints alleging discrimination against transgender and gender- nonconforming students.

Examples of bases for complaints include, but are not limited to, the above list, as well as improper rejection by the district of a student's asserted gender identity, denial of access to facilities that correspond with a student's gender identity, improper disclosure of a student's transgender status, discriminatory enforcement of a dress code, and other instances of gender-based harassment.

To ensure that transgender and gender-nonconforming students are afforded the same rights, benefits, and protections provided to all students by law and Board policy, the district shall address each situation on a case-by- case basis, in accordance with the following guidelines:

1. Right to privacy: A student's transgender or gender-nonconforming status is the student's private information and the district will only disclose the information to others with the student's prior written consent, except when the disclosure is otherwise required by law or when the district has compelling evidence that disclosure is necessary to preserve the student's physical or mental well-being. In any case, the district shall only allow disclosure of a student's personally identifiable information to employees with a legitimate educational interest as determined by the district pursuant to 34 CFR 99.31. Any district employee to whom a student's transgender or gender- nonconforming status is disclosed shall keep the student's information confidential. When disclosure of a student's gender identity is made to a district employee by a student, the employee shall seek the student's permission to notify the Assistant Superintendent of Compliance . If the student refuses to give permission, the employee shall keep the student's information confidential, unless he/she is required to disclose or report the student's information pursuant to this administrative regulation, and shall inform the student that honoring the student's request may limit the district's ability to meet the student's needs related to the student's status as a transgender or gender-nonconforming student. If the student permits the employee to notify the Assistant Superintendent of Compliance , the employee shall do so within three school days.

As appropriate, given the student's need for support, the Assistant Superintendent of Compliance may discuss with the student any need to disclose the student's transgender or gender-nonconformity status or gender identity or gender expression to the student's parents/guardians and/or others, including other students, teacher(s), or other adults on campus.

The district shall offer support services, such as counseling, to students who wish to inform their parents/guardians of their status and desire assistance in doing so.

(cf. 1340 - Access to District Records) (cf. 3580 - District Records)

2. Determining a Student's Gender Identity: The Assistant Superintendent of Compliance shall accept the student's assertion of gender identity and begin to treat the student consistent with that gender identity unless district personnel present a credible and supportable basis for believing that the student's assertion is for an improper purpose

3. Addressing a Student's Transition Needs: The Assistant Superintendent of Compliance shall arrange a meeting with the student and, if appropriate, the student's parents/guardians to identify and develop strategies for ensuring that the student's access to

educational programs and activities is maintained. The meeting shall discuss the transgender or gender- nonconforming student's rights and how those rights may affect and be affected by the rights of other students and shall address specific subjects related to the student's access to facilities and to academic or educational support programs, services, or activities, including, but not limited to, sports and other competitive endeavors. In addition, the Assistant Superintendent of Compliance shall identify specific school site employee(s) to whom the student may report any problem related to the student's status as a transgender or gender-nonconforming individual, so that prompt action can be taken to address it. Alternatively, if appropriate and desired by the student, the school may form a support team for the student that will meet periodically to assess whether the arrangements for the student are meeting his/her educational needs and providing equal access to programs and activities, educate appropriate staff about the student's transition, and serve as a resource to the student to better protect the student from gender-based discrimination.

4. Accessibility to Sex-segregated Facilities, Programs, and Activities: When the district maintains sex- segregated facilities, such as restrooms and locker rooms, or offers sex-segregated programs and activities, such as physical education classes, intramural sports, and interscholastic athletic programs, students shall be permitted to access facilities and participate in programs and activities consistent with their gender identity. To address any student's privacy concerns in using sex-segregated facilities, the district shall offer available options such as a gender-neutral or single-use restroom or changing area, a bathroom stall with a door, an area in the locker room separated by a curtain or screen, or use of the locker room before or after the other students. However, the district shall not require a student to utilize these options because the student is transgender or gender-nonconforming. In addition, a student shall be permitted to participate in accordance with the student's gender identity in other circumstances where students are separated by gender, such as for class discussions, yearbook pictures, and field trips. A student's right to participate in a sex-segregated activity in accordance with the student's gender identity shall not render invalid or inapplicable any other eligibility rule established for participation in the activity.

(cf. 6145 - Extracurricular and Co-curricular Activities) (cf. 6145.2 - Athletic Competition) (cf. 6153 - School-Sponsored Trips)

(cf. 7110 - Facilities Master Plan)

5. Student Records: A student's legal name or gender as entered on the mandatory student record required pursuant to 5 CCR 432 shall only be changed with proper documentation. When a student presents government- issued documentation of a name and/or gender change or submits a request for a name and/or gender change

through the process specified in Education Code 49070, the district shall update the student's records. (Education Code 49062.5, 49070)

(cf. 5125 - Student Records)

(cf. 5125.1 - Release of Directory Information) (cf. 5125.3 - Challenging Student Records)

6. Names and Pronouns: If a student so chooses, district personnel shall be required to address the student by a name and the pronouns consistent with the student's gender identity, without the necessity of a court order or a change to the student's official district record. However, inadvertent slips or honest mistakes by district personnel in the use of the student's name and/or consistent pronouns will, in general, not constitute a violation of this administrative regulation or the accompanying district policy.

7. Uniforms/Dress Code: A student has the right to dress in a manner consistent with the student's gender identity, subject to any dress code adopted on a school site.

(cf. 5132 – Student Dress Guidelines)

#### **(J) Procedures to Prepare for Active Shooters**

Safe and Secure Mode YELLOW (Limit Outside Movement)

Safe and Secure Mode is a security procedure used to reduce student and staff movement outside school buildings. This may be due to a medical emergency, area disturbance, isolated site disturbance, etc. It is designed to allow for school to carry forward but have the ability to move to Lockdown quickly if needed. During the Safe and Secure mode, there is heightened vigilance on campus by all school staff.

Generally, recesses and outdoor activities are reduced. Parents/guardians can have access to their student(s) and may check them out of school if they see fit to do so.

- ? Teachers should continue teaching as normal
- ? Allow students restroom use with clear administrator/ teacher direction
- ? Increased available staff presence during passing periods and student dismissal
- ? Lunch/activities monitored more closely for movement outside of lunch area, unless site admin decides otherwise
- ? Standard inclement weather schedule/routine in place, unless site administrator/designee decides otherwise
- ? Perimeter gates, where applicable, will be locked and monitored by available staff, allowing for central access points
- ? PE classes will be monitored more closely for movement outside of PE area; classes may be moved off all fields into more secure locations (e.g., gym, class, & MPR)

#### Lock Down ORANGE (Prevent All Outside Movement)

Lock Down is called when a law enforcement event is happening in the vicinity of a school or on campus. With the support of law enforcement, a school site will call a Lock Down as a precautionary measure. This means all students and staff must stay inside behind locked doors; however, it does not mean that there is an active threat occurring on campus.

- ? Take a look outside your classroom and gather up any stray students in the hallways
- ? Ensure that your door is locked
- ? Project a calm demeanor to help students remain calm; reassure students that they are safe
- ? Do not allow anyone to leave the classroom
- ? Staff and parents/guardians frequently check their emails for updates from their site administrators
- ? If students are out on the playground or athletic fields, quickly move them to a secure classroom, locker room, or multi-purpose room
- ? Teachers continue to keep students engaged in learning

#### Critical Alert RED (Locks, Lights, Out of Sight)

Critical Alert is called when a significant, threatening event is happening on campus or adjacent to campus that creates a potential danger to students and staff. While this may be communicated to the school by law enforcement, it may also be determined by school officials on the scene. Critical Alert assumes that everyone is prepared for a potential significant threat/event on campus.

- ? Turn off or reduce lighting, so it will appear that the room is vacant
- ? Keep all students sitting on the floor, away from the door or windows
- ? Do not look out the windows
- ? Advise the students that there is a serious situation; project a calm demeanor and reassure students that you are taking steps to keep them safe
- ? Ensure that everyone in the room turns the ringer off on their cell phones
- ? Do not allow students to talk on their cell phones (keep room as quiet as possible)
- ? Limit calls to the school office; phones are being used to communicate with parents/guardians and first responders
- ? Quietly take roll and make a list of missing students and any extra students that are in your room. Email this list to your administrators and school site secretaries
- ? When staff determines, they will direct the evacuation of students they oversee to the designated area; each staff will make this determination based on their specific situation
- ? Do not open the door, even if someone knocks and claims to be a staff member (administrator/custodian will have a master key)
- ? If students are out on the PE field, do not return them to the locker room. Move them to a safe place (this may be the farthest part of the campus or off campus); Staff must remain with students until reunification

#### **Procedures for Preventing Acts of Bullying and Cyber-bullying**

Regulation 5131.2: Bullying

## Definitions

Bullying is an unwanted, aggressive behavior that involves a real or perceived imbalance of power between individuals with the intent to cause emotional or physical harm. Bullying can be physically, verbally, or socially/relationally harmful and involves repetition or potential repetition of a deliberate act. Bullying can involve intimidation and coercion.

Cyberbullying includes the electronic creation or transmission of harassing communications, direct threats, or other harmful texts, sounds, or images. Cyberbullying also includes breaking into another person's electronic account or assuming that person's online identity in order to damage that person's reputation. Cyberbullying can be harmful to the online reputations of everyone involved, including the person who is cyberbullying and those participating in it.

Examples of the types of conduct that may constitute bullying and are prohibited by the district include, but are not limited to:

1. Physical bullying that inflicts harm upon a person's body or possessions, such as hitting, kicking, pinching, spitting, tripping, pushing, taking or breaking someone's possessions, or making cruel or rude hand gestures
2. Verbal bullying that includes saying or writing hurtful things, such as teasing, name-calling, inappropriate sexual comments, taunting, or threats to cause harm
3. Social/relational bullying that harms a person's reputation or relationships, such as leaving a person out of an activity on purpose, influencing others not to be friends with someone, spreading rumors, or embarrassing someone in public
4. Cyberbullying, such as sending demeaning or hateful text messages or emails, sending or spreading online rumors by email or by posting them on social networking sites or apps, posting embarrassing or explicit photos or videos online or on apps, or creating fake profiles can also be considered cyberbullying.

The Superintendent or designee shall implement measures to prevent bullying in district schools, including, but not limited to, the following:

1. Ensuring that each school establishes clear rules for student conduct and implements strategies to promote a positive, collaborative school climate
2. Providing to students, through student handbooks and other age-appropriate means, information about district and school rules related to bullying, mechanisms available for reporting incidents or threats, and the consequences for engaging in bullying
3. Encouraging students to notify school staff when they are being bullied or when they suspect that another student is being bullied, and providing means by which students may report threats or incidents confidentially and anonymously
4. Annually notifying district employees that, pursuant to Education Code 234.1, any school staff who witnesses an act of bullying against a student has a responsibility to immediately intervene to stop the incident when it is safe to do so

## Staff Development

(Education Code 32283.5)

The Superintendent or designee shall provide training to teachers and other school staff to raise their awareness about the legal obligation of the district and its employees to prevent discrimination, harassment, intimidation, and

bullying of district students. Such training shall be designed to provide staff with the skills to:

#### Student Instruction

As appropriate, the district shall provide students with instruction, in the classroom or other educational settings, that promotes social-emotional learning, effective communication and conflict resolution skills, character/values education, respect for cultural and individual differences, self-esteem development, assertiveness skills, and appropriate online behavior.

The district shall also educate students about the negative impact of bullying, discrimination, intimidation, and harassment based on actual or perceived immigration status, religious beliefs and customs, or any other individual bias or prejudice.

Students should be taught the difference between appropriate and inappropriate behaviors, how to advocate for themselves, how to help another student who is being bullied, and when to seek assistance from a trusted adult. As role models for students, staff shall be expected to demonstrate effective problem-solving and anger management skills.

To discourage cyberbullying, teachers may advise students to be cautious about sharing passwords, personal data, or private photos online and to consider the consequences of making negative comments about others online.

#### Reporting and Filing of Complaints

Any student, parent/guardian, or other individual who believes that a student has been subjected to bullying or who has witnessed bullying may report the incident to a teacher, the principal, a compliance officer, or any other available school employee.

When a report of bullying is submitted, the principal or a district compliance officer shall inform the student or parent/guardian of the right to file a formal written complaint in accordance with AR 1312.3 - Uniform Complaint Procedures. The student who is the alleged victim of the bullying shall be given an opportunity to describe the incident, identify witnesses who may have relevant information, and provide other evidence of bullying.

Within one business day of receiving such a report, a staff member shall notify the principal of the report, whether or not a uniform complaint is filed. In addition, any school employee who observes an incident of bullying involving a student shall, within one business day, report such observation to the principal or a district compliance officer, whether or not the alleged victim files a complaint.

Within two business days of receiving a report of bullying, the principal or designee shall notify the district compliance officer identified in AR 1312.3.

When the circumstances involve cyberbullying, individuals with information about the activity shall be encouraged to save and print any electronic or digital messages that they feel constitute cyberbullying and to notify a teacher, the principal, or other employee so that the matter may be investigated. When a student uses a social networking site or service to bully or harass another student, the Superintendent or designee may file a request with the networking site or service to suspend the privileges of the student and to have the material removed.

#### Discipline/Corrective Actions

Corrective actions for a student who commits an act of bullying of any type may include counseling, behavioral intervention and education, and, if the behavior is severe or pervasive as defined in Education Code 48900, may

include suspension or expulsion in accordance with district policies and regulations.

When appropriate based on the severity or pervasiveness of the bullying, the Superintendent or designee shall notify the parents/guardians of victims and perpetrators and may contact law enforcement.

The Superintendent, principal, or principal's designee may refer a victim, witness, perpetrator, or other student affected by an act of bullying to a school counselor, school psychologist, social worker, child welfare attendance personnel, school nurse, or other school support service personnel for case management, counseling, and/or participation in a restorative justice program as appropriate. (Education Code 48900.9)

If any student involved in bullying exhibits warning signs of suicidal thought or intention or of intent to harm another person, the Superintendent or designee shall, as appropriate, implement district intervention protocols which may include, but are not limited to, referral to district or community mental health services, other health professionals, and/or law enforcement.

## **Safety Plan Review, Evaluation and Amendment Procedures**

The Safety Plan Review, Evaluation, and Amendment Procedure will involve a comprehensive assessment of the existing safety protocols at least once a year, with input from staff, students, and community educational partners. During each review, we will analyze incident reports, feedback from safety drills, and relevant district, state or federal guidelines to identify areas for improvement. All amendments will be approved by the safety committee and documented and communicated to all staff, students, and families, ensuring everyone is informed of updates. Additionally, a dedicated safety committee will convene biannually to discuss findings and recommend changes, fostering a proactive approach to maintaining a safe school environment.

## **Pandemic**

### **Blood Borne Pathogen Incident Reporting Form and Exposure Control Plan**

#### **Policy 5141.22: Infectious Diseases**

The Governing Board desires to protect students from risks posed by exposure to infectious diseases while providing an appropriate education for all students.

The Superintendent or designee shall determine whether to admit a student with an infectious disease, and shall exclude students only in accordance with law. In making this determination, he/she shall consult the student's parents/guardians, the student's physician and/or the county health department, in accordance with law and consistent with confidentiality provisions. Because bloodborne pathogens such as hepatitis B virus, hepatitis C virus and human immunodeficiency virus (HIV) are not casually transmitted, the sole presence of bloodborne pathogens is not sufficient reason to exclude students from attending school.

cf. 5112.2 - Exclusions from Attendance)

(cf. 5141.26 - Tuberculosis Testing)

(cf. 5141.3 - Health Examinations)

(cf. 6158 - Independent Study)

(cf. 6159 - Individualized Education Program)

(cf. 6183 - Home/Hospital Instruction)

Parents/guardians are encouraged to inform the Superintendent or designee if their child has an infectious disease so that school staff may work cooperatively with the student's parents/guardians to minimize the child's exposure to other diseases in the school setting. The Superintendent or designee shall ensure that student confidentiality rights are strictly observed in accordance with law. No district employee shall release medical information, including knowledge of a bloodborne pathogen infection, without written consent from the parent/guardian or adult student. Such information shall be shared only with those persons specifically named in the written permission.

(cf. 5125 - Student Records)

(cf. 5022 - Student and Family Privacy Rights)

The Board requires students and staff to routinely observe universal precautions to prevent exposure to bloodborne pathogens and to prevent the spread of all infectious disease.

## Procedures and Regulations

### 1. General

1.1 While recognizing that both students and employees diagnosed with an infectious blood borne disease are entitled to a confidential relationship between themselves, the medical community and/or other agencies, the Board of School Trustees encourages these individuals to meet with the School Principal and/or Superintendent of Schools to discuss their disease and immediate and future needs.

### 1.2 Assessment

### 2. Students:

2.1. The Superintendent (or designate) will be informed, by the school principal as soon as is known, of any student infected with an infectious blood borne disease.

2.2. A Risk Assessment will be conducted using a team approach including the personal physician, public health personnel, the parent or guardian, and school district personnel as appropriate and will make recommendations about the type of educational and care setting based on the following:

- a. Behavior, neurological development and physical condition of the child;
- b. Type of interaction expected with others.
- c. What the potential is for exposure
- d. Areas for potential for exposure
- e. How exposure may happen
- f. Who needs to know?
- g. What will happen if there is a risk of exposure?

2.3. The team will consider the risk to others in the workplace, whether or not the individual is healthy enough to continue to attend school, and what precautions should be taken to ensure the safety and health of others.

a. The identity of infected students will remain confidential and restricted to those who need to know or are required to be informed.

2.4. Decisions on attendance at school are dependent on the circumstances of each individual case. Regular evaluation of the appropriateness of attendance will be conducted.

2.5. The Board will be notified immediately when the team considers the health condition of a student to be a danger to the immediate health and welfare of a school, its students or employees of the Board.

a. Upon being notified of the team's concern, the Board will refer the matter to the Medical Health Officer in accordance with the procedures outlined in the School Act.

### 3. Employees

3.1. The Superintendent will be informed, by district staff as soon as is known, of any employee infected with an infectious blood borne disease.

3.2. Employees with an infectious blood borne disease, who are able to carry out the essential duties of their jobs in a satisfactory manner without posing a health or safety risk to themselves or others, will be entitled to continue their work.

3.3. Decisions regarding potential health or safety hazards will be made on a case-by-case basis in consultation with the employee, the personal physician and district personnel as appropriate.

3.4. The identity of infected employees will remain confidential and restricted to those who need to know or are required to be informed.

3.5. The Board will be notified immediately if the Superintendent considers the health condition of an employee to be a danger to the immediate health and welfare of a school, its students or other employees of the Board.

a. Upon being notified of the Superintendent's concern, the Board will refer the matter to the Medical Health Officer in accordance with the procedures outlined in the School Act.

#### 4. Hygienic Safety Practices

4.1. All employees will follow "Universal Infection Control Precautions" by assuming that blood and other body fluids from all individuals are potentially infectious. These precautions include:

- a. Routinely using gloves when anticipating contact with blood
- b. Immediately washing hands and other skin surfaces after removal of gloves and/or contact with blood

4.2. Schools will be provided with appropriate protective equipment including disposable waterproof gloves (natural rubber latex, neoprene, nitrile, or vinyl), tongs or pliers and proper sharps containers.

4.3. Schools' medical room mattresses will be either vinyl-coated beds or cloth mattress with a protective vinyl (plastic) covering so that they can be cleaned as needed with a bleach solution.

4.4. Blankets can be cleaned as needed by forwarding them, in a clearly labeled plastic bag, to the Assistant Supervisor Operations at the Facilities Office.

#### 5. Universal Precautions

5.1. Universal Precautions to prevent transmission of blood-borne disease will be followed. Universal Precautions is the term for infection control measures endorsed by the Canadian Centre for Occupational Health and Safety for workers who might come into contact with blood and other body fluids. In summary they include:

- a. Wash hands for 30 seconds after contact with blood and other body fluids contaminated with blood.
- b. Wear disposable latex gloves when you encounter blood, body fluids, or when cleaning cuts, scrapes or wounds. Wash your hands as soon as you remove your gloves. Dispose gloves in a plastic bag.
- c. Use disposable absorbent material like paper towels to stop bleeding.
- d. Discard bloodstained material in a sealed plastic bag and deposit in the garbage. Label as containing blood-tainted material.
- e. Cover cuts or scrapes with a bandage until healed.
- f. Immediately protect staff and students from coming in contact with blood-soiled surfaces. The area must be disinfected with a fresh solution of one part bleach and nine-parts water (10% bleach solution).

Mops or brushes used for cleaning should be soaked in a bleach solution for 20 minutes.

(Note: The custodial department will provide each school with the product for dissolving in water to provide the bleach solution.)

#### 6. Identification of Risks of Occupational Exposure

6.1. In accordance with the Occupational Health and Safety Regulations (section 6.35), the district's Health & Safety Coordinator will develop and maintain a list of positions and/or tasks and procedures where there is a potential for occupational exposure to a blood borne pathogen.

6.2. Employees who have, or may have, occupational exposure to the hepatitis B virus, will upon request, receive a hepatitis B vaccination (section 6.39, OH&S Regs).

6.3. Employees who may have been exposed to a blood borne pathogen in an exposure incident will be advised to immediately seek medical attention

## **Blood Borne Pathogen Incident Reporting Form and Exposure Control Plan**

### **Policy 5141.22: Infectious Diseases**

The Governing Board desires to protect students from risks posed by exposure to infectious diseases while providing an appropriate education for all students.

The Superintendent or designee shall determine whether to admit a student with an infectious disease, and shall exclude students only in accordance with law. In making this determination, he/she shall consult the student's parents/guardians, the student's physician and/or the county health department, in accordance with law and consistent with confidentiality provisions. Because bloodborne pathogens such as hepatitis B virus, hepatitis C virus and human immunodeficiency virus (HIV) are not casually transmitted, the sole presence of bloodborne pathogens is not sufficient reason to exclude students from attending school.

(cf. 5112.2 - Exclusions from Attendance)  
(cf. 5141.26 - Tuberculosis Testing)  
(cf. 5141.3 - Health Examinations)  
(cf. 6158 - Independent Study)  
(cf. 6159 - Individualized Education Program)  
(cf. 6183 - Home/Hospital Instruction)

Parents/guardians are encouraged to inform the Superintendent or designee if their child has an infectious disease so that school staff may work cooperatively with the student's parents/guardians to minimize the child's exposure to other diseases in the school setting. The Superintendent or designee shall ensure that student confidentiality rights are strictly observed in accordance with law. No district employee shall release medical information, including knowledge of a bloodborne pathogen infection, without written consent from the parent/guardian or adult student. Such information shall be shared only with those persons specifically named in the written permission.

(cf. 5125 - Student Records)  
(cf. 5022 - Student and Family Privacy Rights)

The Board requires students and staff to routinely observe universal precautions to prevent exposure to bloodborne pathogens and to prevent the spread of all infectious disease.

(cf. 4119.42/4219.42/4319.42 - Exposure Control Plan for Bloodborne Pathogens)  
(cf. 4119.43/4219.43/4319.43 - Universal Precautions)  
(cf. 5141.23 - Infectious Disease Prevention)

The Superintendent or designee shall ensure that the district's health education program provides information about the nature of bloodborne pathogens and their transmission.
