

December 16, 2024

To the Governing Board
Redlands Unified School District
Redlands, California

We have audited the financial statements of Redlands Unified School District (the District) as of and for the year ended June 30, 2024, and have issued our report thereon dated December 16, 2024. Professional standards require that we advise you of the following matters relating to our audit.

Our Responsibility in Relation to the Financial Statement Audit under Generally Accepted Auditing Standards and *Government Auditing Standards* and our Compliance Audit under the Uniform Guidance

As communicated in our letter dated June 1, 2024, our responsibility, as described by professional standards, is to form and express an opinion about whether the financial statements that have been prepared by management with your oversight are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America and to express an opinion on whether the District complied with the types of compliance requirements described in the OMB *Compliance Supplement* that could have a direct and material effect on each of the District's major federal programs. Our audit of the financial statements and major program compliance does not relieve you or management of its respective responsibilities.

Our responsibility, as prescribed by professional standards, is to plan and perform our audit to obtain reasonable, rather than absolute, assurance about whether the financial statements are free of material misstatement. An audit of financial statements includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control over financial reporting. Accordingly, as part of our audit, we considered the internal control of the District solely for the purpose of determining our audit procedures and not to provide any assurance concerning such internal control.

Our responsibility, as prescribed by professional standards as it relates to the audit of the District's major federal program compliance, is to express an opinion on the compliance for each of District's major federal programs based on our audit of the types of compliance requirements referred to above. An audit of major program compliance includes consideration of internal control over compliance with the types of compliance requirements referred to above as a basis for designing audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, as a part of our major program compliance audit, we considered internal control over compliance for these purposes and not to provide any assurance on the effectiveness of the District's internal control over compliance.

We are also responsible for communicating significant matters related to the audit that are, in our professional judgment, relevant to your responsibilities in overseeing the financial reporting process. However, we are not required to design procedures for the purpose of identifying other matters to communicate to you.

We have provided our comments regarding internal controls during our audit in our Independent Auditor's Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards* dated December 16, 2024. We have also provided our comments regarding compliance with the types of compliance requirements referred to above and internal controls over compliance during our audit in our Independent Auditor's Report on Compliance with Each Major Federal Program and Report on Internal Control Over Compliance Required by the Uniform Guidance dated December 16, 2024.

Planned Scope and Timing of the Audit

We conducted our audit consistent with the planned scope and timing we previously communicated to you.

Compliance with All Ethics Requirements Regarding Independence

The engagement team, others in our firm, as appropriate, our firm, and other firms utilized in the engagement, if applicable, have complied with all relevant ethical requirements regarding independence.

Significant Risks Identified

As stated in our auditor's report, professional standards require us to design our audit to provide reasonable assurance that the financial statements are free of material misstatement whether caused by fraud or error. In designing our audit procedures, professional standards require us to evaluate the financial statements and assess the risk that a material misstatement could occur. Areas that are potentially more susceptible to misstatements, and thereby require special audit considerations, are designated as "significant risks". We have identified the following as significant risks:

- Management Override of Controls – Professional standards require auditors to address the possibility of management overriding controls. Accordingly, we identified as a significant risk that management of the District may have the ability to override controls that the District has implemented. Management may override the District's controls in order to modify the financial records with the intent of manipulating the financial statements to overstate the District's financial performance or with the intent of concealing fraudulent transactions.
- Revenue Recognition – We identified revenue recognition as a significant risk due to financial and operational incentives for the District to overstate revenues.
- Capital Assets – We identified capital assets as a significant risk due potential material misstatements to the financial statements as result of internal control deficiencies.
- Pension Liability – We have identified the valuation of pension liability related to GASB 68 as a significant risk due to the amounts reported by the District being based on the District's proportionate share of the California State Teachers' Retirement System (CalSTRS) and the California Public Employees' Retirement System (CalPERS) estimated net pension liability and related deferred outflows and inflows, which is derived by utilizing projections of future contributions and future earnings and various actuarially determined assumptions.
- OPEB Liability – We have identified the valuation of OPEB liability related to GASB 75 as a significant risk due to the amounts reported by the District being based on estimated net OPEB liability and related deferred outflows and inflows resources, which is derived by utilizing projections of future contributions and various actuarially determined assumptions.

Qualitative Aspects of the Entity's Significant Accounting Practices

Significant Accounting Policies

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by the District are described in Note 1 to the financial statements. There have been no initial selection of accounting policies and no changes in significant accounting policies or their application during the year ended June 30, 2024. No matters have come to our attention that would require us, under professional standards, to inform you about (1) the methods used to account for significant unusual transactions and (2) the effect of significant accounting policies in controversial or emerging areas for which there is a lack of authoritative guidance or consensus.

Significant Accounting Estimates

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's current judgments. Those judgments are normally based on knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ markedly from management's current judgments.

The most sensitive accounting estimates affecting the financial statements are:

Governmental Accounting Standards Board (GASB) requires the District to calculate, recognize, and report the costs and obligations associated with pensions in their financial statements. These amounts were all determined based on the District's proportionate share of the California State Teachers' Retirement System (CalSTRS) and the California Public Employees' Retirement System (CalPERS) estimated net pension liability, deferred outflows of resources, deferred inflows of resources, and pension expense, which utilized projections of future contributions and future earnings, actuarial assumptions such as inflation, salary increases, mortality rates, and investment rate of return and discount rates in the determination of the final balances reported in the CalSTRS and CalPERS audited financial statements. The District's proportionate share was determined by calculating the District's share of contributions to the pension plan relative to the contributions of all participating entities in the plan.

Management's estimate of the total other postemployment benefit (OPEB) liability related deferred outflows of resources, deferred inflows of resources, and OPEB expense are based on a calculation of actuarially determined contributions for health insurance benefits.

Financial Statement Disclosures

Certain financial statement disclosures involve significant judgment and are particularly sensitive because of their significance to financial statement users. The most sensitive disclosures affecting the District's financial statements relate to Other Postemployment Benefits (OPEB) Liability (Note 9) and Employee Retirement Systems (Note 13).

Significant Difficulties Encountered during the Audit

We encountered no significant difficulties in dealing with management relating to the performance of the audit.

Uncorrected and Corrected Misstatements

For purposes of this communication, professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that we believe are trivial, and communicate them to the appropriate level of management. Further, professional standards require us to also communicate the effect of uncorrected misstatements related to prior periods on the relevant classes of transactions, account balances or disclosures, and the financial statements as a whole. Uncorrected misstatements or matters underlying those uncorrected misstatements could potentially cause future-period financial statements to be materially misstated, even though the uncorrected misstatements are immaterial to the financial statements currently under audit.

The following misstatements that we identified as a result of our audit procedures were brought to the attention of, and corrected by, management:

• Student Activity Fund	
○ Overstatement of cash in banks	\$74,179
▪ Net overstatement of ending fund balance	\$74,179
• Special Reserve Fund for Capital Outlay Projects	
○ Understatement of investments	\$2,217,653
▪ Net understatement of ending fund balance	\$2,217,653
• Capital Projects Fund for Blended Component Units	
○ Understatement of investments	\$364,677
○ Overstatement of cash in county	\$3,000
▪ Net understatement of ending fund balance	\$361,677
• Bond Interest and Redemption Fund	
○ Understatement of accounts receivables	\$33,571
▪ Net understatement of ending fund balance	\$33,571

The following summarizes uncorrected financial statement misstatements whose effects in the current and prior periods, as determined by management, are immaterial, both individually and in the aggregate, to the financial statements taken as a whole and each applicable opinion unit.

• Cafeteria Fund	
○ Understatement of beginning fund balance (PY reversal)	\$109,511
• Aggregate Remaining Funds	
○ Understatement beginning fund balance (PY reversal)	\$132,037
• Government-Wide	
○ Understatement of long-term liability	\$2,000,000
▪ Net overstatement of ending net position	\$2,000,000

Disagreements with Management

For purposes of this letter, professional standards define a disagreement with management as a matter, whether or not resolved to our satisfaction, concerning a financial accounting, reporting, or auditing matter, which could be significant to the financial statements or the auditor's report. No such disagreements arose during the course of the audit.

Circumstances that Affect the Form and Content of the Auditor's Report

For purposes of this letter, professional standards require that we communicate any circumstances that affect the form and content of our auditor's report. We did not identify any circumstances that affect the form and content of the auditor's report.

Representations Requested from Management

We have requested certain written representations from management which are included in the management representation letter dated December 16, 2024.

Management's Consultations with Other Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters. Management informed us that, and to our knowledge, there were no consultations with other accountants regarding auditing and accounting matters.

Other Significant Matters, Findings, or Issues

In the normal course of our professional association with the District, we generally discuss a variety of matters, including the application of accounting principles and auditing standards, significant events or transactions that occurred during the year, operating conditions affecting the entity, and operating plans and strategies that may affect the risks of material misstatement. None of the matters discussed resulted in a condition to our retention as the District's auditors.

The financial statements include the financial activities of Redlands Unified School District School Facilities Corporation (the Corporation), a component unit of Redlands Unified School District. For the purposes of our audit, we consider Redlands Unified School District to be a significant component of the financial statements; however, we do not consider the Corporation to be a significant component of the financial statements. Consistent with the audit of the consolidated financial statements as a whole, our audit included obtaining an understanding of the Corporation and their environment, including internal control, sufficient to assess the risks of material misstatement of the financial statements of the Corporation and completion of further audit procedures.

This report is intended solely for the information and use of the governing board, and management of the District and is not intended to be, and should not be, used by anyone other than these specified parties.
