### AGENDA ITEM DESCRIPTION

In November 1988, California voters passed Proposition 98, also known as The Classroom Instructional Improvement and Accountability Act. This ballot initiative provides California's public schools with a stable source of funding. In return, all public schools in California are required prepare annual School Accountability Report Cards (SARCs) and disseminate them to the public. SARCs are intended to provide the public with important information about each public school and to communicate a school's progress in achieving its goals.

In the years since the passage of Proposition 98, additional requirements for school accountability reporting and dissemination have been established through legislation. Most SARC requirements are codified in California Education Code (EC) Sections 33126 and 33126.1. In addition, similar requirements are contained in the federal Elementary and Secondary Education Act (ESEA) legislation. Pursuant to Chapter 914, Statutes of 2004 (Assembly Bill 1858), all nonpublic, nonsectarian schools are required to prepare a SARC in accordance with EC Section 33126. This requirement applies to nonpublic, nonsectarian schools but does not apply to nonpublic, nonsectarian agencies.

Pursuant to EC Section 35256, The governing board of each school district maintaining an elementary or secondary school shall develop and cause to be implemented for each school in the school district a School Accountability Report Card.
